

The Baird Star

Our Motto—"Tis Neither Birth, Nor Wealth, Nor State, But The Get-Up-And-Get That Makes Men Great."

FIFTY-SECOND YEAR

BAIRD, CALLAHAN COUNTY, TEXAS, FRIDAY, JULY 7, 1939

NUMBER THIRTY

\$28,000.00 At Disposal Of County Farmers

mately \$28,000.00 at the disposal of Callahan County farmers, to assist them in carrying out practices such as terracing, seeding legumes, establishing pastures and planting green manure and cover crops—that is, practices which conserve or build up the soil.

That is the maximum that can be earned by farmers of this county by carrying out soil-building practices in 1939.

The soil-building payment is made in addition to the regular conservation payment for planting within acreage allotments, and is separate, also from the price adjustment, or parity payment.

Wallis H. Airhart, Secretary of the Callahan County Agricultural Conservation Committee, makes the following explanation of how the soil-building payment is earned.

A mixture soil building allowance is set up for each farm, and is figured as the sum of the following items:

- (1) 50 cents per acre of cropland in excess of the total soil-depleting allotment for the farm
- (2) \$1.50 per acre of commercial orchards on the farm January 1, 1939.
- (3) 2 cents per acre of non-crop open pasture land plus \$1 per animal unit of grazing capacity.

To show how this maximum assistance for soil-building practices is figured, take a farm with 200 acres of tilled land, a cotton allotment of 60 acres, 3 acres of commercial orchards, 150 acres of noncrop open pastures land with a grazing capacity of 8 animal units and a total soil-depleting allotment of 135 acres.

The rate of 50 cents an acre of cropland applies to 65 acres acreage of cropland in excess of the total soil-depleting allotment; the rate of \$1.50 per acre of commercial orchards applies to 3 acres; the rate of 2 cents per acre of pasture land applies to 150 acres, and the rate of \$1.00 per animal unit of grazing capacity applies to 8 units. To get the maximum (Continued On Last Page)

Griggs Hospital News

Mr. and Mrs. Loyd Ugray of Dallas are medical patients for treatment of injuries received Sunday morning in a car wreck east of Baird. Mr. Ugray suffered a dislocated hip and lacerated left hand. Mrs. Ugray received severe bruises and lacerations about the head and arms.

Mrs. J. L. Hutchings and William Porter of Dallas were with Mr. and Mrs. Ugray were given first aid treatment for minor injuries and returned to Dallas.

J. D. Cox of Fort Worth was a patient Sunday for treatment of injuries received west of Baird when he stopped on the highway and got out of his car to look for his son following in a car behind him, who suddenly drove up and accidentally caught him between the two cars. He received some severe bruises but was able to continue his trip to Fort Worth in the afternoon.

Tommy, son of Dorse Odom of Denton underwent an appendix operation last Thursday. He will return to his home this afternoon.

Ralph Barton of Clyde, Rt. 2, was a surgery patient for appendicitis last Friday. He was able to return home Monday afternoon.

Maxine Blackwood was able to return home last Monday following surgery for appendicitis.

Mrs. W. T. Paulk of Clyde was a surgery patient last Monday. She is doing nicely.

Mrs. Frank Bearden is visiting her parents Mr. and Mrs. C. B. Holmes in Austin.

Luncheon Club Will Sponsor City Park And Play Ground

Acting president, Bob Norrell at the Callahan County Luncheon Club Met Thursday noon and appointed a committee to investigate the possibilities of securing for Baird a City Park and Play Ground. The committee consists of E. L. Woodley, Ashby White, and Hamilton Wright.

Taylor County Pioneers Reunion

The Old Settlers Reunion Association of Taylor County, will hold their annual home coming reunion at Buffalo Gap, Texas July 21, 1939. All Old Settlers and Ex-Taylor County Residents are invited to come and meet their friends and be with their friends.

The largest gathering in the history of the association is expected. A full day interesting program has been prepared. Speakers of note, old time songs range songs, specialty numbers old fashion dances, and old fiddlers contests, etc. Good shade under oak groves and ice water.

Gas Company Passes Thirtieth Mileston

Thirty years ago at Austin, the Secretary of State authorized incorporation of Lone Star Gas Company for the purpose of producing and transporting natural gas from distant fields to towns and cities miles away. At that time this was considered a hazardous undertaking. Fortunes, business reputations, and even lives were at stake on that bet against failure.

The charter for this company was obtained by L. B. Denning, now president of the company, and his associates. They built the first long distance pipe line in Texas, from Petrolia in Clay County to Fort Worth and Dallas, and despite the misgivings of many people the first delivery of gas through this pipe line became an accomplished fact when natural gas was turned into the mains at Fort Worth in February, 1910, and in Dallas two months later.

That was the origin of the Lone Star Gas System which today serves 299 towns in Texas and Oklahoma and this year celebrates its thirtieth anniversary. The 126 mile pipe line has increased to 4,700 miles of pipe and where once there were only 15 to 25 employees, today there are more than 3,000 watching over the gas service.

Mr. Denning however, can still recall the struggles of the little company during its early years. He remembers particularly the dark days of the World War, when new sources of supply were unobtainable and customers complained each winter about the lack of pressure in their stoves.

With pride he recalls the days in 1924 when experiments conducted by company engineers developed a successful method of utilizing gas from oil wells. This with the company's ceaseless prospecting for new fields, has increased supplies from the single Petrolia field to 46 fields located in the Panhandle, Southern Oklahoma, West Texas and East Texas. Twenty-one compressor stations keep constant watch over the pressures which insure dependable gas service in more than a quarter million Texas and Oklahoma homes.

Methodist Church

HAMILTON WRIGHT, Pastor Sunday School at 10 a. m. Two preaching hours—11 A. M. and 8:15 P. M. Intermediate and Senior Leagues Meet at 7:45.

Despite warm weather attendance was good Sunday. Come to the church with the comfortable seats and the electric fans. You're welcome. We have two special messages for you Sunday.

TEXANS TODAY

OUTSTANDING LEADERS ACTIVELY ENGAGED IN THE CONSTRUCTIVE DEVELOPMENT AND BUILDING OF "THE LONE STAR STATE"

John Bowyer Died In Abilene

John Bowyer, Jr., 56 died at his home in Abilene Sunday morning at 12:20; his death occurring in the same house in which he was born. Deceased was the son of the late Mr. and Mrs. John Bowyer of Abilene and a nephew of Judge Otis Bowyer of Baird. He was married July 15, 1908 to Miss Lovie Favor, who with two children survive him. His daughter Elizabeth is a teacher in the Abilene public schools and a son Donald Bowyer and a grandson, Jimmy McDonald Bowyer born ten days ago, also three brothers, H. T. Bowyer, Robin Bowyer and Courtney Bowyer.

Funeral services were held at the home Monday morning at 10 o'clock the services being conducted by Rev. J. T. Hamblen, pastor of the First Methodist church of which deceased was a member and Rev. Willis P. Gerhart, rector of the Episcopal Church. Burial was made in the Masonic cemetery.

Mr. Bowyer spent his entire life in Abilene where he was a landowner and engaged in the dairy business.

CHURCH OF CHRIST MEETING

M. Lloyd Smith is to begin our summer meeting Sunday, July 9th This meeting is to continue until the 20th. Services will be held only at night, time 8:30 o'clock.

Evangelist Smith has had wide experience over the Western part of the country. Many years were spent in the Pacific Northwest. He is now giving his time entirely to evangelistic work and reports many successful meetings.

One of the best meetings in history of our local congregations was conducted by this man last February. We can see many good results from that winter meeting.

We trust that the people of Baird will hear Brother Smith in his soul stirring messages each night until the 20th. He promises brief services and no collections.

PARALYSIS VICTIMS IMPROVING

Allen, 2 year old son of Mr. and Mrs. Deatherage of Baird and Eugene Warren, 15 year old son of Mr. and Mrs. I. E. Warren of Belle Plain who have been ill with infantile paralysis, according to attending physicians, are both reported as improving.

Mrs. Ferguson Honor Guest At Bridge Luncheon

Mrs. Fred Heyser was hostess to a number of her friends last week with a bridge luncheon given in honor of Mrs. W. D. Ferguson of San Benita, Texas, who is visiting her parents Mr. and Mrs. W. D. Boydston.

The house was decorated in shasta daisies with an unusual table center piece of colorful fruit arranged on a tray.

Those present were: Mrs. Carroll McGowan, Mrs. Nat Williams, Mrs. Carl Lahm, Mrs. E. G. Post, Mrs. Harold Ray, Mrs. Lonnie Ray, Mrs. Woodfin Ray of El Paso, Mrs. Pat Haley, Mrs. Bueford Misenhymer, Mrs. James Ross, Mrs. Hugh Ross, Mrs. Ben L. Russell Jr., Mrs. Irvyn Corn, Mrs. Ashby White, Mrs. Sidney Foy, Miss Doris Foy, Mrs. C. B. Snyder Jr., Mrs. Ray Cockrell, Mrs. Haynie Gilliland, Mrs. C. H. Siodous, Mrs. S. L. McElroy, Mrs. Jack Schwobe, Mrs. Lucille Hall, Mrs. Howard Farmer and Mrs. W. D. Ferguson.

A gift of a copy of Mrs. Roberta Warren Mayes recently published book "Wings Or Though" was presented to the honoree, Mrs. Ferguson.

Married

Miss Frances Clark of Baird and L. W. Lindsey of Abilene were married in Abilene Saturday evening July 1st, Rev. Frank Reynolds officiating. They will make their home in Abilene.

The couple were accompanied by the brides mother and sister Mrs. Emily Clark and Louise Clark and the grooms sister and husband, Mr. and Mrs. Henderson

Firemen Met In Colorado City

The first regular meeting of the Mid-West Texas Firemen's Association met in Colorado City yesterday.

Firemen from Merkel, Snyder Baird, Colorado City, Cisco and Albany attended. The association was organized at Albany a few months ago with James Asbury of Baird as president, Dick DeLaney of Colorado City as vice president, and P. H. King of Baird as secretary.

James C. Asbury, Percy King, Jack Jarvis, Otis Coats Conley Pruitt and perhaps others from Baird attended the meeting.

Flower Show And Game Tournament

The public is invited to attend a Flower Show and Game Tournament in the outdoor living room of Mrs. Ace Hickman on Thursday evening, July 13th at 8 o'clock. Admission 25 cents.

Money received will be used in caring for the shrubs which the Garden Club recently planted at the cemetery. Please come and thus help to beautify our cemetery.

EASTERN STAR MEETING

The Eastern Star Chapter will meet in regular monthly session Tuesday night, July 11th. All members urged to attend.

Mrs. J. R. Price has returned to her home in Van Horn after a visit with the home folks.

T. H. Webb of Austin was a recent visitor in Baird. Mr. Webb who is assistant State Highway Engineer had been out at San Angelo on business and came back by Baird for a short visit with old friends. Mr. Webb was engineer in charge of the construction of highway 80 through Callahan county. In company with Judge B. L. Russell and Mr. B. C. Chrisman Mr. Webb drove over highway 191 to the Coleman county line.

Dr. and Mrs. Ray Cockrell and two little daughters have returned home from Houston where Dr. Cockrell attended the State Medical Association.

Neal Stanley Joyce Terry Married Sunday

Miss Joyce Terry, daughter of Mr. and Mrs. J. L. Terry, and Neal Stanley, son of Mr. and Mrs. F. E. Stanley of Baird, Texas, were married at 9 o'clock Sunday morning in the home of J. L. Terry. The Rev. J. O. Haymes, pastor of the First Methodist church, read the single ring ceremony.

The bride wore a teal blue crepe dress with salmon pink accessories. Her hat of salmon pink had a nose length veil. Her shoulder corsage was of salmon carnations, babies breath and teal blue delphinium. For something old she carried a white satin Bible belonging to her great grandmother. Something borrowed was a gold cross belonging to Kawana Smith. The Bible was decorated with teal blue delphinium and white satin streamers.

Miss Undene Bradley of Bangs, Tex. was maid of honor and wore a navy blue crepe dress with white trim and matching accessories. Her corsage was of babies breath and rose carnations. Frank Stanley of Baird, brother of the bridegroom was best man. The bridegroom and attendant wore white boutonnieres.

De Alva McAlister sang "Oh Promise Me" and Mrs. Bruce Frazier played piano accompaniments. "The Wedding March" from "Lohengrin" was played by Mrs. Frazier. The rooms were decorated in peach gladiolus mixed with blue delphinium.

Floor baskets of the two flowers were on either side of the doorway of the room where the ceremony was held.

After an informal reception held at the home the couple left for a 10-day trip to Hot Springs, Ark. with a stop at high noon at Baird where the bridegroom's family held a reception.

Mrs. Stanley wore for her going away costume a dark green dress with japonica accessories. On their return the couple will be at home at 607 Scurry.

The bride attended Big Spring high school and the bridegroom attended Baird high school. He later attended Texas University and was graduated from the Dallas School of Embalming. He has been associated with Eberley's Funeral home for the past three years.

Approximately 35 relatives and friends attended the reception and the lace-laid table was centered with a three tiered white wedding cake. The cake was decorated with a miniature bride and bridegroom with the names "Neal" and "Joyce" iced in green. Punch was served from a cut glass punch bowl—Big Spring Herald.

Mrs. Roberta Mayes Tea Guest

Mrs. Roberta Warren Mayes whose first book, "Wings of Thought", has just been published was presented at a tea Thursday afternoon June 29 given in her honor by Mrs. L. L. Blackburn.

The house was decorated in vari colored calendulas and Shasta daisies with the refreshment room featuring a motif of green and white. Tapers banked with fern was centerpiece for the lace covered table.

Music was furnished by Mrs. W. O. Wylie Jr. and C. B. Snyder Jr., Sidney Foy, Haynie Gilliland, and Frank Bearden.

Mrs. Carroll McGowan who contributed a number of poems to the book, was present.

Family Reunion

The Kendrick-Williams and Scott families held a reunion at the Kendrick Park Sunday. Some 65 members of the three families being present. Among them being H. B. Williams, of Parsian Gulf, Arabia, who is home for a short time. Mr. and Mrs. A. L. Gollyghly of Dallas, Harmon Williams of Lubbock, Mrs. L. C. Whitehead of Lubbock.

This is a DAY of MIRACLES

... and though it has been remarked before, we call it to your attention again because the scientists and the engineers have made the miraculous so commonplace that maybe we have ceased a little to wonder at the marvels all about us. The world progresses at such an accelerated pace that what another day would have hailed as revolutionary progress, we accept today as a matter of course. . . . So it behooves us now and again to take stock of the progress we are making, to call a momentary halt and consciously to wonder at the miracles of our age, to drift back in time to their beginnings and note how far they've come. . . . Do you remember when they called automobiles "horseless carriages"? When one of the hit tunes was "Get Out and Get Under"? When 20 miles an hour was reckless speed and 40 suicidal? When carriage and wagon roads made every journey by automobile a thrilling adventure? When the first mile-a-minute stock car was put on the market? When the town dude "cadillacked" down Main Street? . . . It's a far cry from those early days to these: we've come a long way. And we're going farther. The engineers are going to build—are building!—better cars every year; 10 years from now today's automotive marvels may well be yesterday's jalepies. . . . In the service of the automotive industry and its customers, car of whom, if you please, is you, we, too, keep step with the times. From day to day, Humble technicians are seeking new ways to improve the performance of Humble motor fuels, Humble motor oils; they operate under a policy of continuous improvement of all Humble products. . . . And when this day of miracles passes into the next, Humble products will still be second to none!

AROUND TOWN

With Otto B. Grate

Two years ago a maverick, an honory lookin' cuss, strayed onto the range of The Baird Star. The range boss, for some reason or other, gave it The Star Brand and pasture. That was two years ago and your kindness and help has made the stray a "fixture". "Around Town", laying no claims to Journalism correctness, nor per taining to be anything above the ordinary, started out as just a bit of fun. The author had a high heeled good time rubbing elbows with the town folks, getting at the humorous side and broadcasting the little things which really did print, and he took a long shot that you would like to take these trips with him. In the past two years, "Around Town" hasn't changed—it was then and is now, just "play" and I only hope that you readers (that means all three of you) have just half as much fun on these Friday romps as I do.

This second Jubilee is a good time to toss a few posies to my poor "Secretary" who sees that the column comes out on time and helps keeps notes separate and just generally stands more strain than you'd believe any human capable taking.

Wow! Did you get a load of the display in the Holmes Drug Store window? Beside the layout of the china-ware, and directly by the rolling pin, someone has placed a medicine advertisement and it reads, "Dead-Shot for Screw Worms."

Have you seen the card table in the window of Lawrence Bowlus's store? It was made entirely by hand by the ingenious Mr. Bowlus, whose hobby is wood and wood work. From the pasture, wood piles, and creek bottoms, throughout the state, Mr. Bowlus collected small bits of wood—forty varieties of which went into the making of the table. Most of the wood is native of Texas and a great deal of it came from Callahan County. There are 196 blocks of wood in the table and 3 months was required for construction. We could repeat the fancy name Mr. Bowlus gave the table during one of the particularly tedious miments of its making, but (unfortunately) there are certain congor rules newspapers must comply with.

Among friendly smiles to remember is the one belonging to Mr. and Mrs. Otto Schaffrina's youngest daughter, Dorthy. She'd take anyone's eye. And speaking of cute youngsters, there's Elva Smith's niece, Margo whose nothing short of cherbie.

Busiest person in town these days is Mr. R. F. Mayfield whose broiler factory is making a name for itself. They tell me Mr. Mayfield has brooders which accommodate around eleven hundred chicks. The Graduation class of '37 will hold it's annual reoonion July 26th, or at least that's the statement given out by the committee. Allus like to make mention of ye pleasn't clerks in the town which make shopping pleasant—Mr. Robert Walls and Clyde Yarborough Jr. are 'specially on the friendly side.

Spotlight of the week goes to well, all of you, because you've been so darned nice to me. Of course I realize you do it to be polite and through courtesy, but I appreciate it. When one of you takes the time to say you read this chatter, it just naturally makes the old ticker step up a coupla' notches. I've always believed that Callahan County has the finest people in the world, and now I'm convinced.

FOR SALE—Good Jersey Milk Cows, fresh. Spencer Price, 1 1-2 miles north of Baird. 28-2tp.

County Agent News

ROSS BRISON, Agent

4-H CLUB ENCAMPMENT

The first annual encampment for 4-H club boys and their fathers has been planned for July 20 at Ace Hickman's lake about 7 miles S. E. of Baird on the Admiral road. Boys from all over the county are expected and invited to attend along with their fathers. It is planned for the group to meet at Baird July 20th at 11 A. M. and go to the lake for the first meal. Swimming, baseball, games, and demonstrations will be in order until Friday afternoon when the group will break camp and return to their homes. Club leaders will be in charge of the groups from their communities and will assist in conducting the camp as well as encouraging a delegation from the community to attend. Club leaders and the community they represent are: Blain Odem, Bayou; H. L. Boring, Denton; R. W. Robinson and Earl C. Hays, Clyde; Jim Faircloth, Midway; R. L. Payne, Eula; Chas. D. Straley, Oplin; H. S. Varner, Cottonwood; D. C. Foster Atwell; The Putnam Club has no leader, and it is hoped some adult will assist the boys to go to the camp.

CLUB TOUR

A club tour sponsored by the Callahan County Club and the Clyde Truck Growers Association has been planned for the afternoon of July 18. This tour is for farmers and business men and some few if the demonstrators carried on in cooperation with the County Agent will be inspected. The group will meet at Baird at 1. P. M. and visit the following demonstrations: Ernest Franke cotton dusting to control boll weevil, Dewey Ennis, commercial fertilizer; R. P. Stephenson, Soil conservation; H. L. Turner, Commercial fertilizer; Morris Edwards, Trench silo; H. G. Broadfoot, barn yard manure fertilizer demonstration; and the John Robbins, Geo. Walker, Mike Pyeatt, Will Appleton, and Earl C. Hays all of Clyde are being asked to provide cars for the Clyde people who wish to come! If you would like to look at the crop on the route please see one of the men mentioned. A committee of Baird men will be appointed by the Callahan County Club this week to get cars for people around Baird and elsewhere that would like to make the route. A large group of people expected because everyone contacted has expressed a desire to go. Every one is invited.

TRENCH SILOS

New Trench Silos are planned by the following men: Clayton Estes, W. A. Young, Ray Young, Ray Jones, Clyde Eager, H. N. Sheerman, Olin Elliott, Morris Edwards, Will Barton, H. W. Plovman, Clyde M. Johnston, Nelson Estes, Jim Hughes, Joe Higgins, Dewey Ennis, and Norman Finley. There are others, no doubt but this is a good start for the 1939 season. Most peoples feel that a good feed crop will again be made and this couple on to the fact that crops planted on "Government acres" such as sudan grass and red top cane can be put up this year indicated that many more farmers this year than last year will turn to the trench silo as a means of getting the most out of this feed crop. A group of steers were fed out for 6 cents per pound at the Spur experiment Station last winter on a ration composed of 4 lbs. cottonseed meal and all the silage the steers could eat. The average gain per day was ment at 2 lbs. Many of the men mentioned above plan to use a silo for that purpose only. Others no doubt expect to store the feed away until it is needed because th silo is the only method that feed can be kept for several years without any deterioration from weather, rats, floods, insects, fire, or windstorms. Some fifty silos were dug and filled last year, in every community of the county. Farmers are urged to talk to one or more of these men in order to profit by any mistakes they might have made before actual work is started on one of their own. The list follows: Raymond Clark J. N. Williams, Evertt Williams, R. D. Williams, Wallace C. Johnson, Chas. D. Straley, Raymond Sprawls, Morris Edwards, Blain Odem, E. W. Mout-ray, Jim Hughes, Mrs. R. E. Clemmer, Frank Martin, R. H. Morriset, Nelson Estes, Dr. R. L. Griggs, Lynn Williams, Hugh Mc Dermott, J. C. Longley, I. M. Tension, Olin English, Lewis Williams, Ralph Fuller, Vollie

McDonough, Ernest Franke, Bill Shirley, H. R. Clemmer, Roy Duke Quay Johnson, S. E. Webb, Rufus Miller, Jern Jordan, and Leon Baulch 4-H club boy of Eula. Bulletins and other assistance can be gotten about trench silos at the county agent's office. County agent Brison and Scott

Hays, Marshall Jolly, and Gerald Dugan left for the short course College Station Tuesday July 4th. The club boys will return to the county Saturday, July 8. A state meeting of Extension workers will prevent your county agent from returning to the county until Thursday July 13.

"Guess Again"

(More than 5,300 homes served by this Company now are enjoying the many benefits of ELECTRIC COOKERY)

"I FOUND OUT THAT ELECTRIC COOKING COSTS ONLY 1/2 AS MUCH AS I THOUGHT"

"I am saying 'Good-bye,' once and for all, to the creaky old notion that electric cooking is costly. I am saying 'hello and welcome' to savings, cleanliness, freedom from the kitchen, and better tasting foods!"

THIS is a sample of the letters women write after trying out Electric Cookery. They learn that it costs only one-half what they thought. And they are delighted with the coolness, cleanliness, and spare time it gives them. One of your neighbors is among the 5,300 of our customers now using Electric Ranges. Ask to see her electric bill to learn about the economy of Electric Cookery. Then let us demonstrate one of the new ranges for you and tell you about the low down payment, easy terms and trade-in allowance on your old range.

"I simply must go down today and see those new Electric Ranges."

'Come Into the Kitchen', Invites Modern Woman

The kitchen today can be the loveliest room in the average home! "This is possible because time and labor saving electric servants keep it clean, cool and cozy," says Miss Eudora Hawkins (inset), home economist for the West Texas Utilities, who frequently visits in the numerous homes here which now are equipped with the electric range. "Come into the

kitchen' is a standing invitation in thousands of homes where women are proud to show the beauty of cooking equipment and the ease with which they cook," Miss Hawkins declares. She insists that the electric range is the foundation for an all-electric kitchen, supplemented by electric refrigerator, dishwasher, hot-water heater and the many smaller appliances designed to "take drudgery out of the home."

First Baptist Church

A. A. DAVIS, Pastor
We invite you to our services next Sunday. Certainly it was God's original purpose that all men should worship Him and such is His will and purpose until this very hour. How many will look for excuses to keep from going to their places of business on Monday morning? Will a slight headache, the presence of company in your home, or a golf engagement with a friend, or any of these things keep you off the job on Monday morning?

My friend, the very fact that you have abused the Lords Day in pursuit of your own selfish pleasures, and then sought to cover it up with a few custom made excuses, that lose their force and effect within 24 hours after using, is proof, within its self of your own depravity and your great need of God. Perhaps this is a bit pointed-but within a very few seconds after you have pressed the dying pillow you'll be ready to agree, such is surely true. What will be true then is true now. Time has no effect upon truth.

Men and Women why waste your lives away? Aren't you tired of the monotony of sin. Would you want your funeral held in a dance hall? Let the maids be your pall bearers, the jazz musicians the choir and the caller be your minister. Let the current songs of the world in all their ugly suggestionness be the funeral hymns; Or perhaps you'd prefer using a liquor store for your funeral services. Let the attendants be your associates at the bar. Let the bartender be your minister and let his text be from the book of Pabst of some of the other great authors in this field of human endeavor. Or perhaps you're one of millions who worship Hollywood. Then those that you worship as Lord here must be your Lord in eternity. Let those who claim the right to waste your life away here, assume responsibility for your status in eternity now. Are you willing to risk them, then? If not, why risk them now? That which will be foolish to you 100 years from now, in reality is just as foolish now. If men will not face the issue.

Jesus Christ, our Lord and Master, saves from sin and gives a joy and gladness this world can never duplicate. I have never had occasion to feel the least bit embarrassed from being on the Lord's side of the fence. Yes, we're moving along over at the the Baptist Church and the Lord is blessing the work. Our Sunday school has grown as follows: Average Attendance, January, 112; February, 131; March, 140; April, 158; May, 145; June, 154. Average attendance First Six Months of Year, 140. We need you in our Sunday School and Church Services.

Sunday morning we hope to bring a message on "Why Be A Christian", Sunday night "The Second Coming of Christ". This will be the first of a series of sermons on the Return of Our Lord.

Sunday afternoon at 3 o'clock, we will be at Midway for service there.

FOR RENT—Three room apartment with Electrolux, also two room apartment with Frigidaire, about July 15. Mrs. Harry Ebert.

Personal

James Hoyt and Linda Slatton of Cisco have been visiting their grandmother Mrs. S. P. Rumph.

Miss John Faye Hays left yesterday for Brownwood where she will attend the Texas School of Beauty Culture.

Mrs. J. W. Duffus of El Paso and John Trent of Fort Stockton are visiting their sister, Mrs. L. L. Blackburn and family.

Mr. and Mrs. Gray Powell and daughter, Gay of Beaumont, Mr. and Mrs. Carlton Powell and children of Abilene spent the July 4th holidays with Mr. and Mrs. T. E. Powell.

Miss Donna Carter who has been visiting her grandmother Mrs. H. J. Labert and family has returned to her home in Fort Worth. She will attend the summer term of NTSTC at Denton.

Mrs. Eula Lawrence Hill of Dallas and Mrs. Ernest E. Strange of Waco have been the guests this week of their mother Mrs. Mary Lawrence and brother and sister, J. T. Lawrence and Mrs. S. P. Rumph.

Mrs. Annie Grimes of Fort Worth was the guest of Mrs. J. C. Barringer the past week and accompanied by Mrs. Barringer Misses Corinne Barringer and Miss Myrtle Boydston visited the Ex-Rangers Reunion at Santa Misses Corinne Barringer and died some years ago was a Lieutenant in the Texas Ranger Co. of which the late J. C. Barringer was a member.

Mrs. W. J. Evans of Clovis, New Mexico who was operated for appendicitis in a Clovis hospital a few days ago is getting along nicely, according to reports received by her parents Mr. and Mrs. T. E. Powell. Mrs. M. A. Cooper of Keerville, another daughter of Mr. and Mrs. Powell has been a patient in a Temple hospital recently. She is convalescing.

Ernest Cooke, Bruce Bell, Mrs. R. L. Griggs and Mrs. J. H. Leache returned Wednesday evening from an auto trip to Bryan Houston and Galveston. Mr. Cooke visited his foster daughter Mrs. R. T. Mills and Mr. Mills. Mrs. Griggs visited her niece, Mrs. Juanita Fincher. Mrs. Leache, her sister, Mrs. R. B. Landrum Jr., and Bruce Bell his sister Mrs. O'Brien, all of Houston. Mrs. Leach also visited her son, Armistead at Bryan and he accompanied her on the trip to Houston and Galveston.

Mrs. John Owen of Silver City New Mexico stopped for a short time in Baird yesterday enroute home from a visit to McKinney and other points in Texas. Miss Owen is the former Maude Simmons who organized and taught the first kindergarten school in Baird. She made a brief visit to The Star office and said for us to tell all old friend "howdy" and that it would be the greatest

joy of her life to see her old Baird friends.

Mr. and Mrs. Aleck Robinson of Baird returned last week after a vacation in Mississippi. Mrs. Robinson's mother, Mrs. Louisa Box returned with them to spend the summer in Baird.

Mr. and Mrs. H.W. Caldwell of Denton were in Baird Wednesday. They were accompanied by their little nephew, Arnold K. Matthaei of San Antonio who is spending the summer with them. Arnold is a grandson of the late Mr. and Mrs. Tom Kiblinger, pioneer ranch people of Callahan county. Tom Kiblinger being among the first cowboys to ride the range in Callahan county.

Arthur Johnson pumper for the T and P Ry. here fore more than thirty years, left Monday for Van Horn where he will have charge of the T and P pump station. Mrs. Johnson and little daughter Goldie, will join Mr. Johnson in their new home about August 1st. This change was made necessary when the dam broke at the T and P lake some weeks ago, draining the lake. We regret to have Mr. and Mrs. Johnson leave Baird where they have lived so long and where both have been prominent in church and fraternal circles.

Mrs. J. E. Gilliland returned a few days ago from a visit with her son Bill Gilliland and family

GROCERY & MARKET

THE ENTIRE COST OF THE C.C.C.

COULD BE PAID FOR BY

THE TAXES OF THE BREWING INDUSTRY!

The Treasury Department shows expenditures of 326 million dollars for the Civilian Conservation Corps for the fiscal year of 1938. The brewing industry pays over a million dollars a day in taxes.

What Beer contributes to the re-building of America would fill a great volume

Over 400 million dollars in taxes every year. Over 1,000,000 jobs. A market for 3,000,000 farm acres of produce.

The brewing industry would like to preserve for itself and the people the many economic benefits it has created in the past five years. Brewers everywhere realize that this is a question bound up with the proper

distribution of their mild and wholesome beverage through retail outlets whose character will be a credit to the community. Obviously, the brewers can enforce no laws. But they can—and will—cooperate with the local law-enforcement authorities. They will cooperate with every group—friend or critic—to the end that retail beer outlets give no offense to anyone.

This Is The New "Hot Check Law"

Your attention is called to the provisions of House Bill No. 190 which passed by the Forty-sixth Legislature and which became effective upon signature by the Governor on June 22, 1939. This is the new "Hot Check Law."
 H. B. No. 190, which repeals Section 4 or Article 1546 of the Penal Code of 1925, makes it unlawful for any person, which intent to defraud, to obtain any money goods, service, labor, or other thing of value, by giving or drawing any check draft, or order when such person does not have sufficient funds with the drawee to pay the instrument and all other outstanding instruments at the time it was given. Section extends the above provisions to cover the payment for goods and services theretofore received. Section 3 makes it unlawful for a person to secure or retain possession of any personal property to which a lien has attached, by the giving or drawing of such an instrument. In all cases, the nonpayment of the instrument upon presentation is prima facie evidence that the person gave or drew it with intent to defraud.

The following chart shows the penalties prescribed for the violation of any of the above provisions of H. B. No. 190, according to the amount for which the instrument was drawn and the number of times the offender has been convicted of the same offense:

FIRST CONVICTION:
 Less than \$5.00: Confinement in county jail not exceeding two years or fine not exceeding \$200.
 \$5.00 to \$50.00: Confinement in county jail not exceeding two years, or fine not exceeding \$500.
 \$50.00 and over: Confinement in Penitentiary not less than two nor more than ten years.

SECOND CONVICTION for same offense: Confinement in jail not less than thirty days nor more than two years.

THIRD or subsequent conviction for same offense: Confinement in the penitentiary for not less than two nor more than ten years, regardless of the amount involved in the first two convictions.

Section 6 of the Act provides that any person who has filed a complaint or furnished information resulting in the acceptance of a complaint by a district or county attorney shall be guilty of a misdemeanor if he suggests or requests that the same be dismissed, and upon conviction shall be fined not less than \$100 nor more than \$500.
 In all prosecutions under the act, the issuing and service of process, either in or out of the county where the prosecution is pending, is to have the same effect as though the offense were a felony. Likewise, officers and witnesses are to be compensated in the same manner as though the offense were a felony.

\$28,000.00 FOR FARMERS—
 (Continued From First Page)

practices, add the items listed as follows:
 Cropland (65x50c).....\$32.50
 Commercial orchards.....4.50
 Pasture land (150x2c).....3.00
 Grazing capacity (8x\$1).....8.00
 Total.....\$48.00

In this example, \$48 is the largest amount available to assist the farmer in carrying out soil building practices.
 Soil-building practices are measured in terms of units. For example, construction of 200 linear feet of terrace qualifies as one unit of practices; seeding and acre of alfalfa counts as two units; an acre of green manure counts as one unit; each eight acres of contour farming with intertilled crops rates as one unit.

The payment rate, for soil-building practices, is \$1.50 a unit.
 In the foregoing example, then the farmer could earn his maximum soilbuilding allowance of \$48 by carrying out 32 units (\$48 divided by \$1.50 equals 32) of practices.
 If this farmer carries out only 10 units of practices, then he gets only \$15 as a soil-building practice payment; 15 units, \$22.50, and so on.

The program provides for a long list of soil-building practices in Tex. However not all of these are adaptable to Callahan County. Those which have been and can be carried out with success in this county are as follows:
 Construction of 200 linear feet of standard terrace.

2. Contour ridging of noncrop open pasture land, 750 linear feet of ridge terrace counting as one unit.

Construction of reservoirs and dams, 10 cubic yards of material moves in making fill or excavation as one unit.

4. Reseeding depleting pastures 10 pounds of seed counting as one unit; Eac acre of the following counts as ONE unit: (\$1.50)

1. Seeding biennial or perennial legumes, perennial grasses (other than timothy or red top), or mixtures containing perennial grasses, perennial legumes, or biennial legumes.

2. Seeding winter legumes, annual lespedeza, annual ryegrass annual sweet clover, sesbania or crotalaria.

3. Green manure crops or cover crops (excluding wheat, lespedeza, peanuts hogged off, any any crop for which credit is given any other practice of which a good stand and a good growth is (a) plowed or disked under and followed by a winter cover crop if on land subject to erosion, or (b) left on the land subject to erosion in orchards or on commercial vegetable or potato land or on cropland in a regular crop rotation.

EACH ACRE of the following counts as TWO units (\$3):

1. Seeding permanent grasses or pasture mixtures containing a full seeding of Rhodes grass, Dallas, grama, or Bermuda grass. Each TWO ACRES of the following counts as ONE unit (75

cents an acre):
 1. Summer legumes, excluding those classified as soil-depleting, interplanted or grown in combination with soil-depleting crops, provided a good stand and a good growth are obtained, the legumes are not harvested, and the summer legume occupies at least one third of the land.
 2. Seeding timothy or redtop or a mixture consisting solely of timothy and redtop.
 EACH FOUR acres of the following counts as ONE unit (37.5 cents an acre).

1. Contour listing subsoiling (chiseling), or furrowing noncrop land.
 2. Stripcropping on the contour alternating with strips of erosion-resisting crops and erosion permitting untilled crops.

Each EIGHT acres of the following counts as ONE unit (18.7 cents an acre):

1. Contour farming intertilled crops, consisting of the planting and cultivation of row crops following the contour as determined by a farm level or surveyor's instrument or following established terraces.

2. Contour listing of cropland, with a regular double moldboard lister or with a chisel of approved design, or other implement getting the same results according to specifications set out in the regulations.

Each TEN acres of the following counts as ONE unit (15 cents an acre):

1. Seeding small grain crops for harvest in 1939 on a contour dun with a farm level or surveyor's instrument or on established terraces.

CARD OF THANKS

To the many who ministered to our mother Mrs. W. B. Griggs, during her illness and death, we express our deepest gratitude, wishing we might personally thank each person. But this seems impossible. Therefore we use this means to show our appreciation for each kind service rendered during her long illness and passage.

We are mindful of the many who visited her as she lay sick of the cards, the flowers and the meals the kind and cheering words. These helped her much. For kind expressions of sympathy and condolence upon her death. These helped us bear our great loss. For ministers, singers and others who participated in the funeral and at the grave. For all those who gave floral offerings and provided meals and other conveniences.

These served well to assuage our grief, to make the trying hours less grievous, and to disclose friends who are really friends in deed. May God richly bless each one who helped us during these sad hours.

Dr. R. L. Griggs
 Dr. G. R. Griggs
 Mrs. Stella Smith
 Dr. E. H. Rasmey and family
 Mrs. R. D. Hickman
 W. B. Griggs.
