### Leggott funeral to be Saturday

Funeral services for Mrs. George N. Leggott, 81, who died at her home at 113 North Ave. M at about 3:15 a. m. Wednesday of an apparent heart attack, are to be held at 10 a. m. Saturday at the Mason Funeral Chapel.

Mrs. Leggott, who had been a resident of Garza County since 1916, had been bothered by heart trouble, but had been active up until her death, having been up and around all day Tuesday.

She was born Mary Frances Davis on Jan. 11, 1891, at Corpus Christi. Her husband and two daughters preceded her in death. Mrs. Leggott was a Baptist.

# Motorcyclists to make Post 'dirt bike' point

## 'Cycle rodeo and Enduro scheduled

Several hundred motorcyclists will make Post the "dirt bike capital of the Southwest" here Saturday night and Sunday as rider interest is reported high for both the first annual Post Motorcycle Rodeo in the Post Stampede Rodeo arena Saturday night and in the second annual Post Caprock Enduro — featuring a 100-mile cross country race for men and a 50-mile cross-country race for women Sunday.

Jack Lott reports between 250 and 300 entries already received for the Sunday Enduro which will get under way at 8 a. m. and take six or more hours to complete depending on the size of the entry list. About 375 competed in the first enduro here last year.

Cecil Foster, Jr., president of the newly organized Post Cycle Club, reports the rodeo arena is now in "perfect shape" for the six-event motorcycle rodeo, which gets under way at 6:30 p. m. Saturday.

Adult admissions will be \$1 each with youngsters under 12 admitted free. Proceeds from the rodeo will be used by the local club to finance setting up a close-to-town "driving area" for club members. Foster said that the take-off ramp has been completed at the rodeo arena and that the grounds have thoroughly dried from recent rains and have been worked up well for the bike rodeo—the first ever held in this area.

Club members were "jumping" their bikes 30 or more feet off the ramp in practice runs Tuesday afternoon to try it out. The rodeo events Saturday night will include a boot race, barrel race, flag race, key hole race, hill jump and straight line with the competition broken down into five classes: 0-70 cc for 14-year-olds and under, 6-100 cc open, 101-200 cc open, 201-250 cc open, and 251-up cc open.

The numbers refer to the cubic centimeters on the engines as a power rating for the cycles. Open means the class is open to all comers including women. In the boot race, each rider takes off one of his boots and all the boots are put in pile. Each rider then rides from the starting line to the boot pile, dismounts, finds his own boot, hops back on his bike and drives back across the finish line.

The barrel and flag races are similar to horse rodeo events. The key hole race course is laid out to resemble a key hole. Each rider is timed with his turn having to be made inside the small key circle.

The hill jump involves riders jumping their machines off a dirt ramp with the riders leaping the farthest being declared the winner.

First and second place trophies will be awarded in each event.

## Library sets new circulation mark

Sometime back last month, the Post Public Library set a new annual record for library circulation — with over two months of 1972 to go.

Entries will close after 25 entries with six entries required before trophies are given in that class. This will be the first opportunity for sport fans to see a real motorcycle rodeo and see dirt bike competition.

The local motorcycle club is hopeful of a large crowd for the

## Garza goes GOP for first time in history

Garza County voted Republican for the first time in its history in a presidential race Tuesday as 1,716 voters went to the polls to give President Nixon a smashing 72 per cent endorsement in his re-election landslide.

Nixon's coattail effects, however, were not evident as Republican Sen. John Tower edged Democratic challenger Barefoot Sanders by only a 20-vote margin, 734 to 714, and Demo Dolph Briscoe took the county handily, 903 to 585, in winning the governorship over Henry Grover, surprisingly strong Republican candidate.

The only "local race" — but one which attracted wide voter interest in "result calls" — was Sheriff J. A. (Jimmy) Holleman's 1,047 to 538 vote victory over O. G. (Junior) Shepherd, who conducted a strong write-in campaign for the law enforcement post.

## Aid to come on fund expenditures

With the announcement in last Thursday's Dispatch that Garza County and the City of Post stand to receive well over a half-million dollars the next five years from the federal government's new revenue sharing program, the question naturally arises, "Will the funds be wisely spent?"

The answer to that question is that there will, of course, be legal constraints and federal rules and regulations on how the money is spent. Nothing comes from the federal government without a lot of "red tape" attached to it.

But, to practically assure that local governments throughout Texas will use the revenue sharing funds wisely, the Texas Department of Community Affairs has been designated as the agency to provide information and aid to the counties and the cities in federal revenue sharing implementation.

Designation of the agency for liaison between state-federal and local governments was agreed on at a meeting of the new Texas Revenue Sharing Council.

Texas is expected to receive about \$245 million during 1972 under the new federal revenue sharing program. About \$163 million of that will go to local government, and \$81.5 million to state government.

Those figures are for the first year of the

program, which is projected over a five-year period.

Locally, Garza County is expected to receive \$77,895 annually and the City of Post \$34,275 annually. These figures come from a breakdown received from the Texas Municipal League.

The Texas Department of Community Affairs, said Gov. Preston Smith, is not to interfere with individual decisions of local governments. Its purpose is to assist the local units with legal constraints and federal rules and regulations.

The Department of Community Affairs also was authorized to plan a statewide workshop on revenue sharing for local officials.

Texas was termed the "best prepared" of any state to begin implementation of revenue sharing.

Over the five-year period, Garza County and the City of Post will receive over \$500,000 from the program. That's a lot of money that can, and no doubt will, be put to good use for the benefit of every man, woman and child residing in the county and city.

And by no means the least important, is the fact that the revenue sharing funds should make it possible for the county and city to reduce taxes somewhere down the line.—CD

## Indians getting restless again

Lo, the poor Indian!

Now that he appears to be making headway with the television networks in getting them to cast the Indian in a better light in TV shows, he is going after the archaeologists.

Indian protesters in Iowa have succeeded in having the remains of five Indian graves taken off public display. In doing so, the Indians suggested that the white man dig up the skeletons of Washington or Lincoln if he wants bones to put in his museums.

We can see the Indians' point, but we are also of the opinion that no disrespect to the Indian race is intended in the excavation and exhibit of these remains.

Some groups are just becoming too sensitive about such matters. If the digging up and exhibiting of Indian remains were promiscuous, we'd be inclined to go along with their feelings in the matter. But such findings are usually accidental. The bones in Iowa were excavated after being discovered at a construction site.

Indian burial remains made news in Garza County a couple of so years ago when the bones of an Indian woman were found near Post. Erosion had practically uncovered the remains and the artifacts buried with them. Outside of reburial, the excavation of these remains was the logical thing to do. Much better, it appears to us, than leaving them exposed to the elements.

As far as putting the bones on display are concerned, that's another matter, and we suppose the Indians do have a right to be against it, even in the face of the argument that the bones have both educational and historical significance.

Indian blood runs in our veins, but the archaeologists would have to go way, way back before digging up a full-blooded ancestor of ours. With the full-blooded Indians of today, it isn't a personal matter, of course, but one of pride in their race. So, on second thought, they're right. Let's let their forefathers rest in peace.—CD

## What our contemporaries are saying

Ignorance of the law is no excuse. And there are now more than two million federal, state and local laws, with more than 100,000 more being enacted. We need only ten basic laws, and Moses helped us with those. And ten federal laws, which stand as the Bill of Rights. If you must be told to keep off the grass, that's your problem.—Montrose, Calif., Ledger.

If you think the U. S. is getting tough with drinking drivers, take a look at these countries: AUSTRALIA: The names of drivers are sent to the local newspapers and are printed under the heading, "He's drunk and in jail." MALAYA: The drunk is jailed; if he's married his wife goes too. SOUTH AFRICA: The driver is given a ten-year prison sentence, a fine of \$2,800 or both. TURKEY: Drunk drivers are taken 20 miles away by police and are forced to walk back... under escort.

SAN SALVADOR: Drunk drivers are executed by firing squads.—Shakopee, Minn., Valley News.

Ever take a look at the growing list of folks on the Welfare Wagon? Who in heck is gonna pull the wagon when everyone wants to ride?—Reinbeck, Iowa, Courier.

Government could be a far worse headache than it is for those operating it. Suppose Congress passed a tax bill that included a money-back-if-not-satisfied guarantee. North Vernon, Ind., Sun.

Everywhere we hear that a dollar doesn't go very far these days. Well, actually it does. It goes to Vietnam, Formosa, Pakistan, South America, the Philippines and Outer Space.—McGregor, Iowa, North Iowa Times.

SATURDAY, NOV. 11, is Armistice Day, but it doesn't mean much anymore; whoever dreamed up all those Monday holidays has seen to that. They forgot about Armistice Day, brought along Veteran's Day, and held it on a Monday in October. Whoever is responsible for all this hasn't tinkered with Independence Day, Thanksgiving and Christmas Day, but what'll you bet they don't, if just given time.

The man up the street says some men have a reputation for truthfulness because they can't think fast enough.

LOOKING OVER the office mail this Monday morning—the day before election—I spotted a letter from Bill Hobby, candidate for lieutenant governor. In the letter, Hobby urged voters in Tuesday's general election to approve Amendment Four on the ballot. The only trouble is, the letter got here a few days too late for last Thursday's Dispatch, and it wouldn't do any good to run it in today's Dispatch, because the election is over. We get a lot of mail like that.

In fact, we just get a lot of mail, and if we set it all up in type and ran it in the paper we wouldn't have room for any local news. Instead, you'd get anywhere from a 16-page to a 32-page paper every week with no news in it except "canned" news, which is what newspaper people call prepared news releases.

SOME OF THESE news releases, thank goodness, are of interest locally, but it's a job to sift them out every week from the canned stuff that is not of sufficient interest to Dispatch readers to make the paper's news columns.

This Monday morning, for instance, in addition to the Bill Hobby letter that arrived too late, I opened a "fat" envelope from South Plains College which contained stories of the Levelland school's Parent's Day and Homecoming this Saturday. That is of interest locally, since a number of SPC alumni live here, and also because there are a number of Post students attending the college at this time. We couldn't use everything SPC sent us on this weekend's events, but we did cut it down and hang a shortened story on the copy hook, and you'll find that story in today's Dispatch—if it doesn't get crowded out.

GETTING CROWDED out of the paper sometimes even happens to local news—especially that coming in late. Then it is hard for the one who turned in the news to understand why his news didn't get in and other perhaps less important news made it. Usually what happened in such a case is that four or eight pages of the paper (we print four pages at a time) had already been run off the press before the news that got left out was turned in at the Dispatch. And that, dear reader, should explain the importance of getting your news in as early as possible.

This Monday morning, for instance, we don't have much local news on the copy hook yet, but if we wanted to go ahead and fill the paper with news, we could do it with releases already on our desk from the Texas Department of Agriculture, Texas Manufacturers Association, State Bar of Texas, and CARE, Inc.

DIGGING A LITTLE further, I also find news releases from Texas Tech, U. S. Department of Agriculture, Department of Health, Education and Welfare, Hodges Gardens (ever hear of them?), Plains Cotton Growers, Inc., and Texas Office of Economic Opportunity.

Even deeper down in the stack is canned news from Executive Services, Inc., the University of Texas, Texas Press Association, Reese Air Force Base, Texas Restaurant Association, High Plains Research Foundation, Tire Industry Safety Council, Texas Farm Bureau, Department of Public Safety, Texas Safety Association, Inc., Winston Rodeo Awards, Department of the Treasury, Houston Livestock Show and Rodeo and South Plains Council, Boy Scouts of America.

THERE ARE MANY, many more, but that's enough to give you a general idea. And while we can't begin to use near all those news releases, not even in a cut-down form, we do open all the envelopes and take a glance at their contents. Because you never know when there might be something inside concerning a Post resident, or something else of local interest.

Besides that, Publisher Jim Cornish once warned me to never throw away unopened any of the mail he piles on my desk. "The

## Funeral held for Mrs. Dillard, 77

Funeral services for Mrs. Hallie Dillard, 77, formerly of Post, who died Oct. 30 in Caprock Hospital, Floydada, apparently from a stroke, were held at 2 p. m. last Thursday at the First Baptist Church in Floydada.

Mrs. Dillard first came to Floyd County in 1915 and was married to Marion Frank Dillard, who died in 1957. Then, she resided in Post with a son, Herman Dillard, until his death this year.

Survivors include a son, Delbert Dillard of Midwest City, Okla., four grandchildren and four great grandchildren.

Burial was in Floydada Cemetery.

## Approval sought for degree in astronomy

AUSTIN — The University of Texas is seeking approval to grant a Bachelor of Arts degree in astronomy.

The proposal has been submitted to the Coordinating Board, Texas College and University System.

UT Austin has offered master's and doctoral degrees in astronomy for more than five years. Although the B. A. degree is not yet offered, the University has one of the largest undergraduate programs in astronomy in the nation.

UT observatory facilities include McDonald Observatory in West Texas which has the world's third largest reflecting telescope.

# '72 Homecoming Game

## Post Antelopes

VS

## Roosevelt Eagles

FRIDAY NIGHT, NOV. 10

7:30 P. M. KICKOFF

— COME EARLY FOR CEREMONIES —

*Homecoming Queen & Pep Squad  
Sweetheart to be Crowned in  
Ceremonies Beginning at 7:05*

Homecoming foes for Post Antelopes Friday night will be the defending district champs, the Roosevelt Eagles. But the Eagles appear out of contention this year having lost to Cooper and Tahoka while defeating Frenship and Slaton.

The 'Lopes, who turned in one of their best games in weeks in giving the Denver City Mustangs a good game last Friday night, will be out to get back into the win column again amid the queen-crowning festivities before the game and at halftime.

Since it's homecoming and a big crowd should be on hand, the 'Lopes are hoping to come up with their top performance to date.

**YOU and YOUR FAMILY** (By Thompson)

KNOWING THE FACTS ABOUT SOCIAL SECURITY BENEFITS COULD MEAN THE DIFFERENCE BETWEEN FINANCIAL SECURITY AND FINANCIAL HARDSHIP TO YOUR FAMILIES AS WELL AS TO YOURS. A RECENT STUDY OF WORKING MEN 25 TO 65 REVEALED THAT 1 OUT OF 2 HAD NO IDEA OF THE SOCIAL SECURITY BENEFITS THEY COULD HAVE BEEN RECEIVING.

**FOR INSTANCE, DID YOU KNOW THAT,**

- (1) IF THE WIDOW'S HUSBAND WAS COVERED BY SOCIAL SECURITY, SHE CAN RECEIVE MONTHLY INCOME BENEFITS FOR THE FAMILY UNTIL HER CHILDREN REACH THE AGE OF 18.
- (2) AFTER HER YOUNGEST CHILD REACHES AGE 18, THE WIDOW'S BENEFITS CEASE AND ARE NOT AGAIN AVAILABLE TO HER UNTIL SHE REACHES AGE 60.
- (3) BENEFIT PAYMENTS TO CHILDREN OF A DECEASED WORKER MAY BE EXTENDED FROM AGE 18 TO AGE 22 IF THEY QUALIFY AS UNEMPLOYED, FULL-TIME STUDENTS.
- (4) A WIDOW WHO HAS NO DEPENDENT CHILDREN AT THE TIME OF HER HUSBAND'S DEATH RECEIVES NO INCOME AT ALL UNDER HER HUSBAND'S SOCIAL SECURITY UNTIL SHE IS AGE 60.

METROPOLITAN LIFE POINTS OUT THAT SOCIAL SECURITY PROVIDES A HELPFUL BASE FOR THE FAMILY TO BUILD UPON FOR FURTHER SECURITY SHOULD THE WAGE EARNER DIE PREMATURELY, BECOME DISABLED OR RETIRE.

BY KNOWING WHAT YOU CAN COUNT ON FROM SOCIAL SECURITY, YOU WILL BE BETTER EQUIPPED TO DECIDE HOW TO COMBINE SUCH BENEFITS WITH YOUR LIFE INSURANCE AND OTHER ASSETS TO PROVIDE THE FUNDS THAT YOUR FAMILY WILL REQUIRE WHEN THE NEED ARISES. METROPOLITAN LIFE OFFERS THROUGH ITS REPRESENTATIVES AN EVALUATION WITHOUT CHARGE OF YOUR OWN SOCIAL SECURITY BENEFITS.

**Goal not near in U. S. bond sales**

According to a report received from County Bond Chairman J. B. Potts, sales of Series E and H U.S. Savings Bonds in Garza County during September totaled \$4,859. Sales for the nine-month period were \$62,891 for 48 per cent of the 1972 goal of \$130,000.

Sales in Texas during the month were \$16,357,152 compared to \$15,465,128 during September 1971. The January-September sales totaled \$159,190,679 with 81 per cent of the sales goal of \$197.5 million achieved.

Nationwide, September purchases of Series E and H Bonds amounted to \$472 million — 13.8 per cent above 1971 sales of \$415 million. Sales for the first nine months totaled \$4,774 million — 14.4 per cent above a year earlier. Exchanges of Series E for new Series H Bonds amounting to \$254 million were reported for the nine-month period — 29 per cent above the \$197 million exchanged in 1971.

The Texas Highway Patrol investigated six accidents on rural highways in Garza County during the month of September, according to Sgt. H. E. Pirtle, Highway Patrol supervisor of this area.

These accidents resulted in eight persons injured.

The rural traffic summary for this county during the first nine months of 1972 shows a total of 57 accidents resulting in four persons killed and 58 injured.

Region 5 of the Texas Department of Public Safety shows a total in September, 1972 of 561 accidents resulting in 21 persons killed and 335 persons injured as compared to the same month in 1971 with 499 accidents resulting in 33 persons killed and 268 persons injured. This was 62 more accidents, 12 less fatalities and 67 more injured in 1972 at the same period of time.

The Highway Patrol supervisor reminds you that speed is one of the main factors in accidents on the highway. Slow down a little and live a lot. Drive friendly the Texas way!

The 21 deaths for the month of September, 1972 occurred in the following counties: Oldham, Knox, Lamb, Wise, Yoakum and Young, two each; Childress, Deaf Smith, Hartley, Potter, Randall, Wheeler, Palo Pinto, Terry and Wichita, one each.

**Changes are set in Homecoming plans at college**

LUBBOCK — The announcement of the new starting time for the Texas Tech University — Texas Christian University football game in Jones Stadium Saturday has resulted in rescheduling some of the Texas Tech Homecoming events for the day.

The game will start at 11:30 a. m. so that it may be carried regionally on ABC television. Texas Tech Executive Director Wayne James announced Monday that the Saturday homecoming luncheon will become a brunch and will be served in the Municipal Coliseum from 10:30 to 11:30 a. m. so that ex-students and friends can attend, then reach the stadium for the kickoff of the traditional homecoming game.

The reception and coffee for ex-students honoring the classes of 1956-60 in the Ex-Students Building has been rescheduled for 9:30 to 10:30 a. m.

Academic colleges, departments and Greek letter organizations will be planning their activities around the new schedule, James said.

There is no change in times for Friday activities and for those which will follow the football game, he said.

# Lanita Jean Justice becomes bride here of Robert McAfee

Lanita Jean Justice became the bride of Robert McAfee on Nov. 3, at 8 p.m. in the Baptist Church of Post.

Rev. Jimmy McGuire, pastor, officiated. The bride, Lanita Jean Justice, performed a ceremony before a ring ceremony flanked by her father, Mr. Robert McAfee, and her mother, Mrs. O. L. Carlile. The bride wore a white gown with a cascade of blue carnations with white ribbons and streamers. The groom wore a tuxedo with a white shirt and a white bow tie. The ceremony was held in the Post Baptist Church.

The couple will be at home in Post where the bridegroom is assistant manager of Piggly Wiggly. The couple attended the Post schools.

Out-of-town guests were Mrs. Lena Hammet and Mrs. O. L. Carlile and Darla, all of Weatherford; Mr. and Mrs. James Hearn, Jerry Nickens, Miss Cindy Jernigan, Allen Johnson, Mr. and Mrs. Earl Wooten, Mr. and Mrs. Mike Feagin, all of Lubbock; Mr. and Mrs. Jason Justice of Petersburg and Mr. and Mrs. Glendon Washburn of Denver, Colo.

## Potluck

By ROSEMARY CHAPMAN

I'm certainly glad that I wrote a column about left-handed people last week because it gave Jim Cornish column material too, and I've also been learning the names of my real true friends — other left-handers — all week long.

Jim devoted part of his "Postings" column to the left hander in sports. It's true that southpaw pitchers once held a definite advantage in baseball, mainly because there were so many right-handed batters. I'm not so sure that they do any more. Nowadays, there's a lot more left-handed batters than there used to be, and the right-handed pitcher enjoys the advantage against them.

Southpaws still have an advantage playing first base, of course, but the right-hander generally gets the nod at second and third bases, shortstop, and catcher. The outfield seems to run about even.

Bob Macy told me that a left-handed tennis player has a distinct advantage because he or she puts a natural top spin on the ball which is hard for the right-hander to handle. The trouble is, as in baseball, there's getting to be more left-handed players around. In his autobiography, "The Education of a Tennis Player," Rod Laver remarked, "I'd rather do just about anything than play another left-hander."

I wanted to take fencing at TCU some years back, but they wouldn't let me enroll in the course because they were only equipped to teach right-handers. It was quite a consolation when the National Men and Women Fencing Champions were shown on the Today show last year — they were both left-handed.

I'm not really sure it fits in the sports category but Earl likes to tell the story of his left-handed army buddy. The poor guy kept saluting with his left hand. He took many a sharp rap across the knuckles from his sergeant before he could break himself of the habit.

Left-handers are estimated as being approximately 10 per cent of the United States population. Judging from the ones who have been introducing themselves to me this past week, that percentage must be higher in Post. I'm keeping a list of left-handers who don't mind identifying themselves so I'll know who to call on when it's time for the takeover.

It's tough to admit, but the most pitiful story of the week came from a right-hander. Patsy McCowen said that when she was growing up her left-handed sister (Toni Williams) taught her how to do a number of things left-handed. Now she's backwards half the time and it's not even her own fault.

This information came from Patsy and Toni at the Graham Harvest Festival Saturday night. The Graham ladies certainly know how to give a good dinner. Our family never misses one if we can help it.

Saturday night reminded me of the time Jeri Lott and I loaded up the kids and went to the Graham Halloween Carnival one year. I was determined to win a cake and persuaded Jeri to walk with me in the cakewalk. She wound up winning three cakes — a brown one, a pink one, and a white one — and I came home with nothing. It was all I could do to keep from smashing my fist right in the middle of each of the little Lott girl's prizes.

Actually, I've got food on the brain today. I keep thinking about the menu the Post Public Library crew is having out at the Enduro Sunday. For breakfast, there's

# Agriculture's really 'big' here in Texas, and that's no 'brag'

COLLEGE STATION — Texans have always been proud of their state, and the Texas "brag" is widely known. However, when it comes to agriculture, that "brag" is very real because agriculture is "big" in Texas.

"It's appropriate to take a look at the state's agricultural industry as we enter the month of November, the month designated as Texas Food and Fiber Abundance Month," says Charles Baker, marketing specialist with the Texas Agricultural Extension Service, Texas A&M University.

"For instance, consider that agriculture is a \$10 billion industry in Texas, second only to the oil and gas industry," points out Baker. "In addition, the agricultural industry provides employment for 35 to 40 per cent of the Texas labor force."

Of the state's approximate land area of 188 million acres, some 143 million acres are in farmland—more than any other state. Texas also boasts more and bigger farms than any other state in the nation.

And talk about diversity! Texas produces more than 200 different types of crops and livestock. "So, in many ways, the state is self-sustaining," notes Baker. "In addition, it provides food and fiber for consumers throughout this country as well as abroad. Texas is the third leading agricultural state in the nation and ranks fourth among the leading agricultural exporting states."

In the United States, Texas leads in the production of all cattle, beef cattle, rice, sheep and wool, goats and mohair, cotton and grain sorghum. It is also a lead-

ing producer of peanuts, pecans, hay, citrus and vegetables. Not to be overlooked are the dairy, poultry and egg, swine, corn, soybean, honey, wheat, timber, horse and mariculture (catfish and shrimp farming) industries.

"It's a good bet that consumers in Texas come in contact with a food or fiber product produced in the state every day," says Baker. "We're indeed fortunate to have such a wide array of high quality food and fiber products at our fingertips at reasonable prices."

"During the upcoming Thanksgiving season, it's appropriate for all of us to reflect on our good fortune of living in a state such as Texas that is overflowing with food and fiber abundance. It is indeed a time for everyone to count his blessings."

And a little Texas "bragging" might just fit in, too!

## Professorship set up for study of peace

AUSTIN — The notion that world peace is a proper field for scholarly study and research has prompted establishment of a new professorship in the Lyndon B. Johnson School of Public Affairs at The University of Texas.

A \$750,000 trust fund from the estate of the late Tom Slick of San Antonio has endowed the Distinguished Visiting Tom Slick Professorship of World Peace.

Each Slick professor, who will be a person with an international reputation in peace-related work, will spend a year in residence at the LBJ School.

## Emergency loan benefits available to disaster-hit farmers in Texas

Texas farmers and ranchers who have suffered crop, livestock, or property losses from a natural disaster since June 30, 1971, may be eligible for benefits from Public Law 92-385, J. Lynn Futch, state director of Farmers Home Administration, announced today.

Provisions of this law, signed by President Nixon on Aug. 16, 1972, are now fully operative, Futch said.

Benefits are divided into two time frames:

1. Farmers and ranchers who received loans from Farmers Home Administration as the result of losses due to a natural disaster that occurred between June 30 and Dec. 31, 1971, may be eligible for a cancellation of up to \$5,000 of the principal of the loan. Interest on the remaining loan would be three per cent.

2. Those who received loans as the result of losses from natural disaster that occurred after Dec. 31, 1971, are also eligible for a cancellation of up to \$5,000. Interest on the outstanding balance would be charged at one per cent.

Futch emphasized that it is not necessary for those who are entitled to benefits to contact the local FHA office. These are blanket provisions applicable to all who have received loans, and each will be contacted and told of the action he should take.

Futch also advises that any farmer or rancher who receives an emergency loan from Farmers Home Administration between now and June 30, 1973, may have up to the first \$5,000 of the loan cancelled, with the balance at a one per cent interest rate. The amount of cancellation is limited to the loss or damage not compensated by insurance or otherwise.

**"FAG" REVENUE RISES**  
AUSTIN—Tax revenue from cigarettes increased from \$17.1 million in October, 1971, to \$19.1 million last month.

## Welk show stars on program at Spur homecoming

SPUR — A former Spur girl, Raina English Hovis and her husband, Guy, will be featured attraction for the Spur Homecoming of high school exes here Nov. 9, 10 and 11.

Raina and her husband are stars on the nationally known Lawrence Welk show, but Raina did her first singing at Spur's First Methodist Church when she was a young girl.

Activities start Thursday evening at 6 p. m. with a downtown pep rally and crowning of the Homecoming Queen, followed by a bonfire. Registration will begin Friday and several activities are scheduled for that day, including the football game between the Spur Bulldogs and the Crosbyton Chiefs beginning with pre-game ceremonies at 7 p. m. in Jones Stadium.

On Saturday there will be a general assembly at 10 a. m. and other activities during the day with a show from 4-5 p. m. starring Raina and Guy in the East Ward Auditorium. They will sing at several of the activities including the dances on Friday and Saturday nights. They will sing at the church on Sunday morning to climax an exciting week end for Spur exes and their guests.

The Westerners Stage Band from Post will furnish music for the 9 p. m. dance Friday and Saturday in the Exposition Building in Swenson Park.

## ATTEND FUNERAL

Among the friends of the Rev. and Mrs. James A. Criswell who attended the funeral of Mrs. Criswell's mother, Mrs. Alice Smith, in Spur last week were: Mr. and Mrs. Jack Dale, Mr. and Mrs. Paul Duren Sr., and Mmes. Nora Kiker, Will Teaff, Marshall Ticer, L.O. Ticer, Clyde Knowles and Hettie Mae Robinson.

### BUT MY CAR IS STILL IN WARRANTY

The best advice and protection concerning automobile warranties is to buy from a dealer whose reputation you know and trust. It does not take much effort to determine how local auto dealers have handled warranty work for your friends and acquaintances.

Many problems which arise concerning "warranty work" are caused because the automobile owner does not read the warranty he receives at the time of purchase. Until 1971 some automobile manufacturers gave a five year or 50,000 mile warranty on the power train. Now most automobile manufacturers provide a warranty of 12 months or 12,000 miles, whichever comes first. How do you go about seeing that you get all that is coming to you under the warranty that came with your automobile?

First, you should be convinced that the work to be done is covered by the warranty. Assuming that it is covered by the warranty, it must be within the time period and amount of mileage specified in the warranty. Next, you should take your automobile to an authorized dealer. It should be remembered that most automobile warranties are valid only if the repairs are made by authorized dealers. Therefore, be sure that the repair facilities you have taken your car to are factory approved.

If an authorized dealer or repair facility informs you that the repair is not covered by the warranty, ask why. If you don't receive a satisfactory reply, ask to speak to a factory representative. Don't be afraid to speak up. All automobile manufacturers have representatives in regional centers to receive and handle complaints of owners. These people are authorized to approve questionable warranty work. Many times this complaint to the factory representative is all that is needed to get the necessary repair work done under

warranty. It should be remembered that, on occasions, the dealer probably has experienced difficulty obtaining reimbursement from the manufacturer for previous warranty repairs. If there is any question in the dealer's mind as to whether the work to be done will be covered by the warranty and paid for by the manufacturer, he usually will insist that the work be approved by a representative of the manufacturer before commencing. If the factory representatives and dealer both refuse to do the repairs under the terms of the warranty, ask for a written refusal setting forth the reasons the work will not be done.

Now is the time for a certified letter to the manufacturer's consumer relations department. Be specific and go into detail concerning your complaint. Give names and dates. Attach a copy of the written refusal by the dealer and factory representative. If you still do not get satisfaction, the 62nd Legislature passed an act creating the Texas Motor Vehicle Commission. The address of this agency is

# A Father's Prayer

By George L. Miller

Lord, I'd like to give my son the best of everything. I'd like to see him well set up in life, with all the advantages I never had. I'm trying to save for his college education, I hope I can put enough aside. I try to make him proud of himself by giving him a family that's respected. I work for peace and harmony in our nation, so that he'll have some kind of future to look forward to.

But I get scared sometimes. The news can look so bleak. It seems like no matter what I do for my son, it won't be enough. Lord, keep me from despair.

Help me, instead, to think of those things which really matter. If I can't give him anything else, Lord, show me how to give him a love for honesty. To know the truth, and live it; that is honesty. It's also freedom, the only kind of freedom that means anything in the end. Help him to be honest with himself in everything he does. Never let him slip passed honesty by wishful thinking or compromise. If he can trust himself, others will be able to trust him. There's

no greater gift.

With honesty, let him seek joy. Too many of us go daily round loaded by drudgery and necessity. Joy is frivolous, and even sinful. We feel good only when we grim. Lord, make my son hungry for the zest in living. His days be filled with rays of sunshine. Don't let duty sour him. Give him a smile that sweetens the world he in.

Most of all, Lord, give him the courage to love, to the risk of caring about others. When other people matter when their lives make a difference, he will matter too. When people love, they also can hurt. They can be disappointed and become afraid to try again. Show him it's worth it. Lord, Show him your son, and how his loving us led to worst hurt of all, death on a cross. And let him see that like that always wins in the end.

Lord, I'd like to give my son the very best. If he have these three, the rest will come.

## Antelope spirit ve and well

By ANITA CRIADO  
Friday afternoon's pep rally was a great success. There were a lot of cheerleaders and a lot of spirit. The skit pointed out that the cheerleaders led the Antelope spirit to a dead end. The cheerleaders in a few chants and the Antelope spirit rose and the Antelope spirit was full of Antelope spirit. The band played the numbers that helped raise the numbers more. We would like to thank Mr. Billy Jack for helping out in the Antelope spirit.

## Phillys' Phrases . . .

By PHILLYS ECKOLS

Well folks, maybe we didn't win the football game against Denver City, last Friday—but when Post left, Denver City knew that we'd been there. We had the first team to manage to get the first touchdown against them all season. Congratulations, boys, you did a good job.

I've noticed that everyone's getting more and more excited about Homecoming, Friday night. It should prove to be quite an affair.

The FHA has really been a versatile and busy group this year, selling Stanley products, and last week helping with the Muscular Dystrophy drive.

Thursday should be a nice day for everyone, since we're getting out of school at 2 p. m. Just think, people, that gives you even longer to ride the streets. What a thrill!

The Speech students missed their tournament Saturday, due to a mix-up in the application. But since it was after the football game at Denver City (which is on the other side of the world) maybe it's a good thing. I don't think anyone would've been too alert Saturday morning.

Our teacher of the Week is Mr. Pierce, and the Citizen of the Week is Janet Childs. Congratulations to both of you!

Saturday, I will finally be 18 years old. For years I have looked forward to being 18; I never wanted to get any older, but just stay the same forever. Now, I wonder what's so great about it. I just missed being 18 soon enough to vote in the presidential election. I'm too old to be a youth and too young to be an adult. So where am I? I guess I'll just have to be satisfied with being in-between everything and not a part of any-

thing.  
I didn't know until last Friday that a Volkswagen would fit on our high school's breezeway—but some of our "muscular" boys decided to prove that it would. I must say, the owner, Darla Baker, was somewhat shocked when she encountered her car in her way as she was walking to class. Oh well, Darla, it's a wacky world!! (But just think how boring school would be if things were routine all of the time.)

Even though I didn't hit the 18-year-old date line soon enough to vote, I have been doing a little campaigning. I was really surprised (but happy) to see how many Barefoot Sanders supporters that Post has. I was even more surprised to find out that most of the people really know what Sanders stands for and what John Tower has done. Now, if people would only do a little research about the presidential elections before they voted, instead of putting so much faith in the television commercials and the evening news programs. (If you can't tell, my pet peeve is people who vote without knowing what they're voting for—all they know is who they're voting for. They have no idea why.)

Not too long ago, I heard a little boy (probably about 10 years old) give one of the most intelligent answers to a popular question that I've ever heard. Someone asked him that all-famous question "What do you want to be when you grow up?" The little boy promptly replied, "I want to be me." When I heard that I thought to myself, "How true you are," all we can be is who we are and what we are. Many of us are made unhappy because of our failure at trying to be "what we want to be" instead of what we are. Just think how nice it would be if people would make the best of what they are—instead of falling short of what they want to be. You can't invent ability, but you can make the best of what you've got.

HINT TO THE WISE: The trouble with most people is that every time they think, they think of themselves.

THOUGHT FOR THE DAY: Success is getting what you want; happiness is wanting what you get.

## 'Citizen of Week' is Janet Childs

Janet Childs was selected "Citizen of the Week" for this week. Janet's favorite subject is typing and her favorite teacher is Mrs. Brown.

Miss Childs is the president of FHA, secretary of the student council, and is a member of the National Honor Society. Her favorite pastimes are reading, cooking, and having fun.

Janet is undecided about what she will do after she graduates from Post High School. She is thinking about going to a business college.

When asked what it meant to her to be the citizen of the week she replied, "It is a great honor, and I am really proud of it."

## George T. Pierce 'Teacher of Week'

By DEBBIE HOOD

This week's "Teacher of the Week" is George T. Pierce. He has been teaching in the Post School system for seven years. The thing he enjoys most about teaching is being able to work with so many young people.

In 1960, he graduated from Texas Tech and got a B.S. in petroleum engineering. This year he teaches chemistry, physics and math. In his spare time he works at improving his home, working at church, fishing, and watching sports. He is a member of TSTA.

When asked what being chosen "Teacher of the Week" meant to him, he replied, "I think it is a great honor."

## Homecoming at SPC Nov. 9-11

LEVELLAND — The weekend of Nov. 9-11 will be a busy one at South Plains College as the school simultaneously observes Parent's Day and Homecoming. Hundreds of visitors are expected on the campus for a variety of events which begin Thursday night and end Sunday morning.

SPC's Student Activity Office and Student Senate has finalized plans for the 1972-73 Homecoming to be observed over a three-day period Nov. 9-11. In addition to announcing the schedule of activities and events the Senate voted to dedicate this year's Homecoming to Dr. Marvin L. Baker, president of South Plains College, and to the board of regents, both present and former members.

Homecoming activities will begin with a Western Dance on Thursday, Nov. 9. The dance, which will feature the music of The Maines Brothers, will be held in the college's Student Center.

## Vacancies exist in Job Corps for area young people

LUBBOCK — There are immediate vacancies now in the Job Corps for young men and women between 16 and 22 who lack the education or training to get a good job.

"Job Corps strengthens basic educational skills and offers a wide range of vocational training in skills which are in demand today," says Bert P. Darden, Lubbock office manager of the Texas Employment Commission.

Enrollees in this residential program of training receive room and board, medical and dental care, work clothing, a nominal allowance and other benefits.

Length of training varies with the individual, some completing the training program within a year, and others taking up to two years.

Personal development is encouraged through sports, music, hobbies, student government and recreation.

Most Texas enrollees can be assigned to a Job Corps Center either at Camp Gary, San Marcos, for young men, or at McKinney, for young women.

Texas Employment Commission at 1602 16th St., Lubbock, interviews and screens applicants for Job Corps openings and send the applications to Job Corps Headquarters for selection and assignment.

### TO HONOR PARENTS

LEVELLAND — South Plains College will honor the parents of the students attending SPC at the present time on Saturday, Nov. 11. This will mark the third Parent's Day for South Plains, and this year the occasion will be combined with the college's Homecoming activities to provide for a wider variety of entertainment and activity for the visiting parents and other family members.

## Pep squad decorates halls for grid game

By GLENDA NEWDIGER  
Post High School's pep squad did a really great job of decorating the halls for the pep rally and football game. They have black and gold streamers all up and down the halls and signs to pep up the school spirit.

It is really nice to be able to walk down a hall and see something besides just a hall with lockers and classrooms.

### MAKING HOME HERE

Mr. and Mrs. Joe Cook and daughters, Becky, 7, and Jana, 3, are temporarily making their home in Post following Cook's discharge from the Navy at Fallon, Nev. Mrs. Cook is the former Beth Kemp, daughter of Mr. and Mrs. Keith Kemp. Cook served five years in the Navy.

# Eagle Roundup

**Halloween Carnival**  
SOUTHLAND'S Halloween Carnival on Saturday, Oct. 28, was attended by a large crowd. The \$500 profit made at the carnival will be divided evenly with the Booster Club. The school plans to use its share for new furniture.

**Rejoins Football Squad**  
Joe Vasquez, who broke his wrist several weeks ago, is now playing football again. The Southland Eagles travel to Hermleigh Friday, Nov. 10 for a 7:30 p. m. district contest.

**No Roundup Next Week**  
The Eagle Roundup will not be printed next week because of second six-week tests being given this week.

**KPOS Covers Game**  
A reporter from KPOS, Post's radio station, taped the Southland football game and played it at noon the next day. The First National Bank of Post and the Southland Hardware sponsored the broadcast.

**Teacher's Meeting, Workshop**  
School was turned out early Tuesday, Nov. 7 for a teachers' meeting and workshop. A teachers' meeting and workshop is scheduled for the afternoon of the first Wednesday of each month throughout the remainder of the school year.

**Pep Rally**  
The Southland High School pep rally will be held in the school gym at 3:25 p. m. Friday. So everybody come!

**New Personnel**  
Mrs. Norma Eckert, our new

menu planner at the school cafeteria, was born in Lometa, Tex. She and the late Mr. Eckert have seven children, five of whom have graduated from Southland Public Schools. Two are still in school: Joe Edd, a senior, and Paul, an eighth grader.

Mrs. Eckert, who has lived in Southland about 17 years, has had experience working in the Postex Plant in Post as a waitress.

Mrs. Seima Boreing is also a new employee in our school cafeteria. She lived in Vinson, Okla. the first ten years of her life, then in Texas for several years before moving to New Mexico. She worked as a cook in a hospital in Santa Rosa, N.M., before moving back to Texas this year. Her husband is foreman at the Sand Creek Ranch near Southland.

Mr. and Mrs. Boreing have four boys; one is married, two are in college, and Chip, 13 an eighth grader at Southland. The married son lives in Cheyenne, Wyo., and the college boys attend Eastern New Mexico University, where one is a senior, and the other is a freshman.

**Scrimmage Game**  
The high school girls' basketball team opened the season with a scrimmage game with Post Monday evening. Both the A and B teams played.

**REPAYMENT FUND**  
AUSTIN—The State Bar of Texas has proposed to establish a clients' security fund to repay people bilked by dishonest lawyers.

**TML MEETING SET**

down the alley. Most of the houses involved are rent houses and ownership of the cans would be difficult to prove, the mayor said. He added that one homeowner across the street from he ally has complained a number of times of dogs dragging trash from the alley into his yard.

The city attorney informed the council he had made a rough draft of a proposed fire zone ordinance and had sent it to the state insurance board to look over in regard as to how its various provisions would affect present fire insurance rates here.

The council authorized the city attorney to continue negotiating with General Telephone Company of the Southwest in regard to its service charges, which the city attorney termed "excessive" at the October council meeting.

The council voted to authorize Pete Maddox, superintendent of public works, to purchase and install a 1,000-gallon gasoline tank and electric pump for city use. The cost will be approximately \$425, with the city itself doing the installation work.

Maddox was also authorized by vote of the council to advertise for bids for city purchase of gasoline, oil and related products for use in its vehicles.

The mayor and some of the councilmen said they had heard complaints from a number of residents of the southwest part of town of the "noise" made by motorcycles being operated in the "canyon" near the Southwestern Public Service Co. generator.

The mayor said he had been told that at times there were from 30 to 40 motorcycles "going" at the same time in the canyon. One councilman said the noise was made "worse" by some of the motorcycle owners taking the mufflers off their machines "when they get there."

The area is within the city limits and the council agreed that "something should be done about it." The first move, it was indicated, will be to conduct the owner to see if permission to use the property has been granted the motorcycle owners.

date each employee's health certificate was issued.

"And let's tell them we want the information in front of us at the next council meeting," one councilman suggested.

In other action, the council voted to retain the firm of Parke, Hill, Smith, et al, as consulting engineers for the city, and authorized the public works superintendent to have them make a survey of a proposed sewer line route to the Western Lougher, which would also serve four other permanent establishments in addition to several trailer homes.

## Freshmen outlast Lockney, 22-14

A four-yard touchdown run by Edward Price in the fourth quarter broke a 14-14 tie and gave Coach Lane Tannehill's freshman football team a 22-14 victory over the Lockney freshmen here last Thursday.

Post jumped off to an 8-0 lead in the first quarter when quarterback Bryan Davis and Grayling Johnson hooked up on a 20-yard touchdown pass, with the same combination clicking for the extra points.

The Post team boosted its lead in the second quarter on a four-yard touchdown pass from Davis to Mike Hair, but failed on the extra points try to leave the score 14-0.

Lockney also scored in the second quarter and ran over the extra points, making the score 14-8 at halftime.

The Longhorn freshmen tied the score with a third quarter touchdown, but failed to go ahead when their extra points attempt failed.

Following Price's go-ahead touchdown in the fourth quarter, Davis passed to Hair for the extra points to make the final score 22-14.

Lockey also scored in the second quarter and ran over the extra points, making the score 14-8 at halftime.

## Oscar Crain—

Speaking of Crain, she said, "He is a man who is thoughtful in small things. He has an abiding faith in things in general and people in particular."

A note from J. E. Parker, who was to have made the principal presentation to Crain until he recently underwent surgery was read at the start of the program.

When Crain finally was given the opportunity to speak, he said simply and movingly, "You do me a great honor and I appreciate it. I am as nearly speechless as I've been in many years. In honoring me, you also honor Julian Smith and Joe Williams, (both of whom were present for the luncheon) because through their dedication and enthusiasm they have brought credit to you and your area."

Declaring, "If we don't leave our tracks, nobody knows we've come this way," Crain said the Garza Historical Survey Committee has done more than any other in the many counties in "my district."

"You are the kind of people," he said in closing, "that makes this an important day in our lives."

Mrs. Crain was a guest of honor with her husband.

## Funeral held for former resident

Funeral services for a former resident of the Close City Community, Floyd Stanley Shaw, were held Sunday in Uvalde, where Shaw lived, with burial in the cemetery there.

Shaw, who was 63, died Nov. 3 in a San Antonio hospital of a heart condition.

Surviving are his wife, Opal; three children; two brothers, T. J. Shaw of Austin and Carroll Shaw of Denison, and four sisters, Mrs. Hazel Ingle of Brownfield, Mrs. Anna Hammonds of Vega, Mrs. Ethel Blevens of Uvalde and Mrs. Blanche Lavender of Abilene.

At least the "gracious channels" of communication have remained open.

## Bible Facts

In describing the way a man should conduct himself the apostle Matthew wrote: "Love your enemies, bless them that curse you, do good to them that hate you, and pray for them which despitefully use you, and persecute you."

According to the Bible, as interpreted by famed theologian Dr. Oswald Hoffmann of radio's "The Lutheran Hour," "Prayer is an admission of weakness, and that's the first step on the road to power... Prayer does things. It works."

ordinated law agencies under one roof.

Apparently, voters in electing Holleman voiced no real opposition to the consolidation move. Shepherd had been dismissed as city police chief some months ago and many foresaw an end to the proposed consolidation efforts if he were elected sheriff.

Holleman won 11 of the 12 voting boxes and the absentee vote in his victory, with the Justiceburg box splitting its vote — as almost usual — 15 to 15. The only other box which was close was No. 11 at the Postex Plant in which Holleman edged Shepherd, 22 to 21.

Tower and Sanders split, winning six boxes each in the county, with Tower pulling through only by his big 71-25 edge in the absentee ballot count.

Grover won only the Pleasant Valley box, 24 to 23, in the county voting for governor. Briscoe took the rest easily. Ramsey Muniz, the new Raza Unida party candidate, received 51 Garza votes for governor.

Democratic Presidential Candidate George McGovern won only one of the county's 12 boxes in his bid to unseat Nixon, taking the Two Draw Box, No. 9, at the Lorenzo Alexander Community Center, 59 to 47. He tied in the Southland box with Nixon, 39 to each candidate.

The President swept the rest, his biggest margin coming at Close City where Nixon garnered 45 of the 49 votes cast for a margin of almost 92 per cent.

In the only other reason a bly close Democratic-Republican contest, State Treasurer Jesse James received 826 votes to 623 for his Republican challenger, Maurice Angly Jr. Angly captured only the Close City and Pleasant Valley boxes.

County Tax Assessor-Collector T. H. Tipton was the biggest vote getter in Garza County, picking up 1,331 votes in his unopposed race for re-election. County Attorney Preston Poole was next with 1,267 votes in his successful and unopposed re-election bid.

County Commissioners Paul H. Jones and Ben Sanchez, unopposed, were re-elected with 593 and 219 votes respectively.

The 1,716 total vote in the county was just 22 votes more than were cast in the county in the 1968 presidential election, despite the fact that 18, 19, and 20-year-olds were voting for the first time ever this year.

Library at the Enduro race site Sunday to feed both the riders and spectators. Proceeds will go to the Post Public Library's Memorial Building Fund.

Both the 100-mile men's enduro and the 50-mile powder puff affair for women will be run against time with time clocks at three check points on the course.

Purpose of the enduro is to maintain a determined speed throughout the race and penalty points will be given for passing through check points either ahead or behind the time schedule.

This is the first time for the 50-mile women's race.

The "dirt bikes" used are special machines, lighter and less powerful than regular road models. Entries for both local cycle events have been received from towns and cities throughout Texas, New Mexico, and southern Oklahoma.

The enduro events Sunday are sponsored by the Lubbock Trail Riders, Inc., a Lubbock riding club.

## 15th year reunion set by '57 grads

The senior class of 1957 will hold its 15th year class reunion this weekend during homecoming activities at Post High School.

Everyone who ever attended school with the class, whether they graduated or not, and all former teachers are invited to meet with the group at a coffee following the homecoming ball game. Coffee, Cokes, doughnuts will be served at the bank community room with a lot of visiting and remembering planned.

Also, a barbecue dinner will be served in the dining room of Jackson's Cafeteria on Saturday evening at 7:30.

Awards will be presented to the classmate traveling the longest distance to the reunion, to the one who has gained the most weight, to the one with the most children and to the one who is "most baldheaded."

## 'Lady, Take Warning!' co-ed safety program

AUSTIN — The University of Texas Police Department—as part of a continuing effort to make the campus safer for coeds—has put together a multi-media program that is now being shown in women's dormitories.

Entitled "Lady, Take Warning!" the program uses a series of specially produced color slides to inform coeds about preventive or defensive measures they can take to thwart or ward off attacks.

Since most crimes on campus involve theft, the program also illustrates methods of protecting personal property in a dormitory.

# Lopes to try for Homecoming win over Roosevelt

## Eagles come in with 4-4 record on season

Roosevelt Eagles, who were picked out of District 5AA, are looking to spoil the Post Antelope homecoming. The game will be at 7:30 p.m. following crowning of the Antelope football queen and queen bee.

Roosevelt comes into the game with a 4-4 record and is looking to spoil the Post Antelope homecoming. The game will be at 7:30 p.m. following crowning of the Antelope football queen and queen bee.

Probable starters on offense for Coach Houston Powell's Roosevelt team Friday night will be the following:

Wes Killian, 145-pound junior, right end; Roger Bruster, 205-pound senior, left tackle; Scott Holland, 180-pound senior, left guard; Buster Washington, 185-pound junior, center; Nole Gonzales, 170-pound junior, right guard; Mike Patasick, 175-pound junior, right tackle; Jimmy Maloney, 160-pound senior, split end; Hightower or Marshall, quarterback; Kenneth Roth, 185-pound junior, fullback; Keith Stone, 180-pound senior, halfback; John Blackwell, 168-pound junior, tailback.

Blackwell, a 10-second man, is the leading ball carrier for the defending district champion Eagles, who went to the regional final last season before losing to Childress, 14-4.

The Eagles have lots of speed on the ground, but also throw the ball more than most teams the Antelopes have played this season, according to scout reports.

## Roosevelt bopped by Post 8th grade team

Coach Joe Giddens' 8th grade team swept past Roosevelt, 20-0, last Tuesday evening, after Don Black's 7th graders had

against Roosevelt. Robert Mindeta and Johnny Minor are still slowed by knee injuries, with an injured ankle also adding to Minor's woes. Both probably will see action only in defense.

The Roosevelt squad, on the other hand, is reported to be in its best physical condition in several weeks, with several players who have been out because of injuries back in harness. Among these is quarterback Ricky Hightower, who suffered a broken hand early in the season. Hightower, a 150-pound senior, may get the starting nod here Friday night over Chris Marshall, 155-pound junior, who has been his replacement.

Probable starters on offense for Coach Houston Powell's Roosevelt team Friday night will be the following:

lost a high scoring 34-20 decision to the Eagle 7th graders. Post scored on its first drive in the 8th grade game, with Danny Sawyers passing eight yards to Randall Wyatt for the touchdown, and Jimmy Dorland sweeping end for the extra points to make it 8-0. Roosevelt came back to score on a 50-yard end-around run, but missed their extra points try to stay two points behind, 8-4. The 50-yard scoring play was the only time Roosevelt was able to move the ball effectively against a tough Post defense led by nose guard Florens Gonzales.

In the second quarter, Wyatt went 27 yards on an end-around for another Post touchdown, and they led 14-4 at the half.

The scoring ended in the third quarter on a nine-yard off-tackle run by Dorland to make the final score 20-4.

"Our defense played probably its best game of the season," Coach Giddens said.

In the 7th grade game, Roosevelt rolled up a 14-0 score in the first quarter, but Coach Black's grid-

# LOPES FAIL TO HOLD LEAD Post loses, 28-7, in game at Denver City

The Post Antelopes scored first, but couldn't hang on to their lead and lost to the Denver City Mustangs, 28 to 7, last Friday night at Denver City.

The game was less than three minutes old when the Lopes scored on a 27-yard end-around pass from left end Ricky Shepherd to right end Randy Kennedy, who was all by himself in the end zone.

The scoring play, which took eight of the Mustangs flat-footed, was the same one the Lopes had used two weeks before to score two extra points and spend Friendship, 8-7.

Denver City moved back with two first quarter touchdowns of their own and then, after scoreless second, and third quarters, put two more TD's in the scoreboard in the final stanza.

When the Lopes scored their seven points, it was the first time this season the Mustangs had been scored on first. Their only loss has been to Cooper, 8-1, but they had a field goal to their credit before Cooper scored their game-winning six points.

Post moved the ball well against the Mustangs, getting 221 yards rushing, but the longest single gain was for only nine yards. The Big Red, meanwhile, was rolling up 122 yards rushing, mainly on the pile-driving runs of halfback Robert Qualls and scabbard Reggie Clifton.

Each team completed but one pass and each of those for a touchdown, but Denver City intercepted three Post passes, and the Lopes also had another turnover in the form of a fumbled kickoff which set up a Mustang touchdown.

Coach Bobby Davis called the game one of the Antelopes' better efforts of the year, even though they lost by 21 points. "We were in the game all the way until that final quarter," the coach said.

Post received to open the game, but couldn't go, and Danny Lee punted 11 yards to the Denver City 28. After a five-yard offside penalty against the Lopes, Qualls went 13 yards to the 28, but on the next play, the Antelopes' Roger Pace recovered a fumble on the 38.

Sophomore Joe Moore hit the line for three yards, and the Mustangs

Qualls carried the ball on across in two plays — a yard at a time. Connally booted the extra point to make the score 14-7.

Post got a good three going after Robert Varnia returned the kickoff 15 yards to his 22. Moore made a 40-yard run and Harper five, with Tyler leaping for two and a first down on the 44. With Moore carrying twice and David Connolly once, the Lopes made another first down on the Denver City 40. Tyler leapt for three, but a 15-yard holding penalty set Post back to their 49 to hunt the drive. Tyler heaved a long pass, which Denver City intercepted, but at the same time drew a clipping penalty which set them back to their eight-yard line.

The remainder of the first half was purely defensive, with Post holding for downs on its 22 to stop the deepest thrust by either team. Penalties slowed both teams in the second quarter, with 3:19 of the Mustangs' away from the Post goal line. The Lopes kicker got off one 12-yard boomer.

Near the end of the third period, however, Denver City started a drive from its 20-yard line that ran up ground down to the two, with Shores going in for the touchdown on the third play of the fourth quarter, and Connally again kicking the extra point.

The Mustangs' final touchdown came with 3:19 left when quarterback Eddie Thorne hit and Rodney Young with a 21-yard touché with a pass, and Connally kicked on the extra point.

With sophomore Randy Jewey in at quarterback, the Lopes made it from their 43 to the Mustang 28 in the final minute of play, but Qualls intercepted a Post pass on the last play of the game.

Coach Davis used five sophomores in the game.

The Mustangs lost five yards on an offside penalty, but Clifton intercepted a Post pass and brought it back to the Post five, from where Qualls went over in two tries. Thomas Connally kicked the extra point, and Denver City 14-7 pulled up even at 7:7, with 2:12 to go in the first quarter.

Harper's fumble of the Denver City kickoff at his 27, where the Mustangs recovered, quickly put the Big Red in good field position, and they weren't long in taking advantage of it. Clifton broke through the line for 25 yards, and

## Football forecaster is 'staying' with Lopes

The Dispatch's Pigskin Peter, whose percentage keeps going up, got 12 of 14 games right last week, and of the two he missed, one was a tie — between Littlefield and Morton. The other game he missed was the Post-Denver City contest.

The 12-2 mark gives Peter 102 right and 15 wrong on the season for a 744 percentage—move over Grimsley, Harmon and Jean Dixon!

This week, the football forecaster tries to boost his average even higher with the following picks. He has capitalized the teams he thinks will win:

Roosevelt at POST. Winning this one and the next one will give the Lopes a 5-5 record.

DENVER CITY at TABOKA. Few teams beat DC two years in a row. Friendship at COOPER. Pirates appear to have it made as far as SAA championship is concerned.

Staten, open date, Tigers to tick wounds.

MORTON AT DUNSMITH. Indians proved toughness by tying Little-

## IN POLL OF COACHES

# Post rated tops in 5AA cage campaign

Coach John Alexander's Post Antelope team has been tabbed as a "runaway" favorite to win the District 5AA basketball championship this season in a poll of area Class AA coaches by the Lubbock Avalanche-Journal sports department.

The Post team, which had a 12-16 record in Coach Alexander's first year at the helm in 1971-72, drew all the first place votes possible in the poll. The Antelopes amassed 26 points in 28 for Denver City, which got the nod for the runner-up position.

Alexander has six lettersman back, including 6-7 1/2, 190-pound Reggie Moore and 6-3 1/2, 210-pound Steve Hays. Also back are Johnny Jefferson, Ricky Shepherd, Roger Pace and Danny Lee from last year's squad.

Moore, who did not become eligible until mid-term last year, played in two games. He averaged 15.2 points and 18 rebounds. Hays averaged 16.1 points and 12 rebounds a game.

Denver City has four lettersmen back, including 6-3 Lyndal Trout, 6-2 Rodney Young and 6-1 Bruce Shores.

Taboka, ranked as the district's darkhorse, was picked for a third place finish in the coaches' poll. The Bulldogs have 18 lettersmen returning.

Of the other four teams in the district, Cooper and Friendship tied for a fourth place choice, with Staton ranked sixth and Roosevelt seventh.

Morton was selected as the five writes in District 5AA, just nudging Dimmitt, while Abernathy was the choice for the title in District 4AA.

## Southland Eagles, Patton Springs in 22-22 deadlock

SOUTHLAND — The Southland Eagles, with a 3-4 record on the season and 22 in six-man district play, are in travel to Birmingham Friday night for a district game.

Last night, the Eagles and the Patton Springs Rangers fought to a 22-22 tie in an eight-man non-conference game at Patton Springs.

Patton Springs scored in the second play of the first quarter with Willie Ray passing 44 yards to Jerry Adcock. Southland went ahead later in the quarter when Steve Buakemper ran 24 yards for a TD and Joe Edd Eckert ran over the extra points to make it 8-4, Eagles.

Joe Bevers scored from one yard out in the second period, but the try for points failed, and the Rangers tied the score at 14-14 on a six-yard run by David Tarrant, with a Ray to Adcock pass tacking on the extra points.

A Bevers to Jerry Kasian pass ate up eight yards to give the Eagles another second quarter touchdown, and Bevers passed to Jerry Winterrodd for the extras to give Southland a 22-14 halftime lead.

Patton Springs made things even again in the third quarter as a 28-yard pass from Ray to Adcock, with the same combination working for the extra points. That deadlocked the count at 22-22 and also ended the scoring for the night.

Mark Bevers and Ray Garcia turned in good defensive games for Coach Dan Kennedy's Eagle eleven.

There were 55,000 state pending in district 218,000 civil cases pending in Texas at the end of 1972, former Texas Gov. Robert Calvert told the Governor's Traffic Safety Public Hearing in Austin.

Calvert said that the constitutional amendment on the Judicial Article, which is approaching a referendum, "will be quoted by the Texas members of the Texas Supreme Appeals as saying that the judicial system is approaching a crisis."

Calvert outlined problems in the judicial system in planning that they were the 1972 Chief Justice's report for Court Improvement.

Problems are (1) congestion and trial delay; (2) administration and (3) judicial quality.

For complete reorganization courts will be proposed by Texas Legislature, former Chief Justice Calvert said.

Calvert said that the opposition will come from officials who are affected by their jobs.

Calvert said that the reform is doomed for as long as the opposition is able to block changes in the Texas Constitution.

Calvert said that the conference to gain the proposed judicial reform is being held in Austin in which time specific proposals will be out to the public and press.

**Fourth quarter gains in sales and earnings reported by Burlington**

BURK, N. Y. — Burlington Industries, Inc., today reported gains in sales and earnings for the fourth quarter ended Sept. 30, 1972.

Earnings for the 1972 fiscal year were \$49,807,000 or \$1.86 per share, compared to \$46,000,000 or \$1.66 per share for the same quarter a year ago.

Earnings for the fourth fiscal quarter and the fiscal year 1972 include, respectively, about 4 1/2 cents and 22 cents per share of investment tax credits under the Revenue Act of 1971.

Results of the 1972 fiscal year are subject to confirmation by the Company's auditors.

The Board of Directors of Burlington Industries, meeting here today, declared a regular quarterly dividend of 35 cents per share, payable Dec. 1, 1972 to shareholders of record at the close of business on Nov. 3, 1972.

First National City Bank

How does business stay on top of the rapidly changing social problems that afflict big cities and small towns alike?

One way is to encourage young employees to go out into the community on a volunteer basis, track down problems and find ways to help solve them.

At Citibank, we've done just that through our Urban Affairs Advisory Group, whose 15 members have tackled the job with enthusiasm.

They've gone out into the community to probe problems affecting housing, the schools, drugs, jobs, the environment—nearly the entire spectrum of the modern scene.

They've talked with elected officials, community leaders, agency heads, teachers, students and many others, gathering fact and opinion.

Working with the people of the community is important. "We design our solutions in and with the community,"

Herman Diaz, the group's chairman, said.

The group meets regularly to review its findings and then sits down with the senior management team that directs our urban involvement, providing them with insights and recommendations.

The group is only a little over a year old but it already has made an impact in one field—the environment. It was responsible for our changing over to recycled paper for some of our publications.

brought about more efficient use of stationery, publicized neighborhood recycling centers and sponsored an ecology suggestion contest which drew over 500 replies.

It also helped develop a slide program for the volunteer speakers bureau of the Environmental Action Coalition.

The young men and women on this task force are now considering several drug prevention and rehabilitation programs as well as projects in education and minority employment. And one of their goals this year is to make more of their fellow employees aware of their projects.

For if a year of grappling with urban problems has taught them one thing it's the need for concerted effort by many people. They've also learned that the size and complexity of the problems require time to resolve them.

By SARA WHITLEY

Hi there, aren't we having beautiful weather and everyone here seems to be enjoying this wonderful sunshine.

Bera Wilson is in the hospital at this writing. She is doing as well as can be expected.

Joe Thomas is better. We are expecting her back home soon.

Mrs. Edith Inklebarger celebrated her 84th birthday Sunday the 5th. Her son, J. W. Inklebarger and wife from Tahoka, Mr. and Mrs. Hank Walker and daughter from Grassland, Mrs. Doyle Terry and Mrs. J. D. McGrew and daughters from Lamesa and sister, Mrs. O. H. Hoover of Plainview, were here to help her celebrate.

Rev. Bob Ford held services Sunday. A group from the Methodist Church came with him. We all enjoyed them very much. It is next to impossible to get everyone's name that came in a church group, but we appreciate all of them so much and hope everyone will come again.

Bro. Ramsey made his weekly visit, also Bro. Asher brought us a book of prayers. We do appreciate them and their visits.

Mr. and Mrs. Robert Golehon of Littlefield visited Bera Wilson.

Mrs. Wootton had several visitors this week. They were Mrs. Bryan J. Williams, Mrs. Jim Elliott, Mrs. Ray Hickman and Mrs. Harry Stokes of Slaton.

Mrs. Evelyn Dunlap of Slaton visited Mrs. Emma Dunlap.

Also visiting the home this week were Mr. and Mrs. Phil Rumpy and Phillis of Slaton, Mr. and Mrs. T. L. Rumpy and Brett of Slaton, Mrs. Rosa Boucher, Mattie Wright, Mrs. Bessie Ritchey, Mrs. Cameron Justice. Also visiting from Grassland for Mrs. Inklebarger's party were Miss Beulah Tew, Mrs. C. B. King, Mrs. Gus Porterfield, Mrs. W. A. Oden and Mrs. Joyce Bailey of Tahoka.

If I have missed anyone I'm sorry; I have had two inspectors here today!

**First Christian Church**

"Of This Gospel I Was Made a Minister" will be the sermon subject at the 11 a. m. worship at the First Christian Church this Sunday, Bernard S. Ramsey, minister, has announced. The Lord's Supper will also be observed.

**Cub Scouts earn Council award**

Cub Scout Pack 314, sponsored by the Post Lions Club, has earned the coveted South Plains Council Golden Anniversary Round-up Patch Award.

Fifty years ago men from Lubbock, Garza, Crosby, Floyd and surrounding counties came together and formed the local Boy Scout council. This action made it possible for thousands of boys to have a Scouting experience.

Cubmaster Bob Carpenter pledged to increase his boy membership by at least 15 boys. His award will be presented at the Comanche Trail District Banquet Dec. 2 in Ralls.

New families are always welcome. Please contact Bob Carpenter for information on how your son can be a Cub.
