Changes recommended in law merger proposal

City, County meet jointly

The Garza County Commissioners Court made 12 recommendations to the Post City Council on the proposed consolidation of the city police force with the sheriff's department in a special joint meeting held Tuesday night in the bank community room.

Mayor Giles C. McCrary told The Dispatch, which was not notified in advance of the joint session, that city councilmen present were "in general agreement" with the recommended changes in the consolidation plan recently presented by the two groups by a consultant, William Carr of Fort Worth.

The mayor termed the two-hour meeting "a work session". The county's recommendations, prepared in a four-hour special commissioners court session earlier, included:

(1) Establishment of an advisory board, composed of two members of the city council and two of the county court with the sheriff as an ex-officio member (no voting power), to establish all policies for the operation of the consolidated city-county law enforcement agency.

Such an advisory board would meet as often as necessary to advise and make recommendations to the sheriff and to carry all requests and recommendations for funding and capital expenditures, and or major policy changes to each of the local governing bodies. The board would have no authority over the constitutional duties of the sheriff and could in no way infringe on the sheriff's responsibilities in that respect.

(2) A law arm work force of six is recommended, the sheriff and five sworn deputies. This force also would operate the emergency ambulance service, if needed. Four dispatcher-clerks also were recommended for the joint department as outlined in the Carr consolidation proposal.

(3) A pay scale for the sworn deputies of \$475 to \$515 per month is proposed. The chief deputy would have a pay range

of \$500 to \$525. The sheriff's salary would remain as is (now \$547.50 a month) but he would be allowed a clothing allowance, additional compensation for supervisory duties of ambulance service (if required), and other added duties, to be paid in the form of a commission to bring the sheriff's salary up. No recommendation was made as to the

deletion or retention of the part-time city patrolman now employed.

(4) The emergency ambulance service would be run out of the law enforcement department.

(5) Reports: Recommended were an offense report, showing the offender, the offense charged, and the arresting officer. This report to go to the

advisory board and then passed to the city council and the commissioners court so that members might see how the officers are performing their duties, particularly as to arrests.

(6) Grants: Grants should be pursued in every area in which we would be eligible to receive assistance from the state and (See Changes, Page 10)

DRIVE OPENS OCT. 29

United Fund goal is set up at \$10,000

Garza County's 1974 United Fund drive will open here Monday, Oct. 29, with a \$10,000 goal — an increase of \$500 over the 1973 goal and with one new participating agency, Cystic Fibrosis.

United Fund directors, meeting in the community room late

Monday afternoon, voted the \$10,000 drive goal after receiving this recommendation from the organization's budget committee headed by Jack Alexander.

The Cystic Fibrosis Agency was included in the drive for \$300. In 1973, a separate drive

for Cystic Fibrosis was conducted here under the leadership of Mrs. Ann Tubbs. Along with other organizations conducting separate drives, Cystic Fibrosis was invited to join the United Fund agencies and accepted the invitation.

Several increases in 1974 amounts to participating agencies also were voted.

These included boosting the Girl Scouts from \$1,900 to \$2,400, a \$500 increase which all will be spent locally in the program; a \$100 increase for the Boy Scouts from \$2,300 to \$2,400; and a \$300 increase in the Red Cross from \$600 to \$900.

The Red Cross was "cut" \$300 last year due to a local fund balance, but the full request was honored this year and the participation returned to \$900 to permit better Red Cross participation in emergency situations.

The only reduction made in funding was to the Garza United Fund, cut from \$950 to \$250.

The \$250 is for campaign expenses only. Last year, for the first time, the fund's board established a \$700 emergency fund which could provide local funding through the year whenever some local emergency came up.

This fund was not used last year so directors decided to hold it available and cut back to only campaign expenses for the Garza United Fund to prevent the fund's 1974 goal from getting too high to be reachable.

Participating organizations, whose amounts remain unchanged in the 1974 budget, together with the amounts they are scheduled to receive, are:

Summer baseball, \$2,500, not reduced although boosted \$500 last year on a one-year basis for park improvements; U. S. O. \$125, Salvation Army \$1,000, Medical Research Foundation \$25, Texas Rehabilitation Center, \$50, and Texas United Fund \$50.

The United Fund will be attempting this year to "go over the top" for the fifth year in a row.

Jim Cornish again will serve as drive chairman for the fourth consecutive year. He volunteers each year for the job on the basis that he will step down whenever the United Fund fails to reach its goal.

Cornish told directors that the basic fund raising problem is simply that "of reaching everybody and giving them a chance to give." He said more campaign workers this year would make the task easier.

Annual 4-H program scheduled Saturday

The annual Garza County 4-H Achievement Program will be held at 7:30 p. m. Saturday, Oct. 20, at the 4-H building.

The banquet and awards program will climax the local observance of National 4-H Club Week, which this year "as a theme of, '4-H Gets It All Together'".

The highlight of Saturday night's program will be the presentation of the 1973 Gold Star Boy and Gold Star Girl awards.

Maybe Indians making comeback

Maybe the Indians are back. Anyway, Al's Archery Shop on North Broadway was reported burglarized Saturday night with entry gained by breaking out the glass in the front door. The loot reported taken — two bows and six arrows.

2 guilty pleas entered in auto store burglary

Five guilty pleas were received by District Judge George Hansard here Tuesday, two for the recent Western Auto

Store burglary.

Valentino Delgado of Post and Daniel Cedillo waived presentment of indictments and entered pleas of guilty to charges of breaking and entering with intent to commit theft in the Western Auto burglary, in which almost all of the loot was recovered because the burglars' automobile ran out of gas.

Each received probated four year sentences in the penitentiary, and also was ordered to pay court costs and make restitution.

The third man arrested in the holdup did not enter a guilty plea. He contends he was the innocent driver of the car and did not take part in the burglary.

The other three guilty pleas were entered by Jill Cash, Jo Beth Gandy and Karla Josey, each to a charge of possession of marijuana.

Judge Hansard made no entry of judgement of guilty but placed them on probation until Aug. 1, 1974, under Section 4.12 of the Controlled Substances Act.

Post band will hold Halloween Carnival

The Post High School band will sponsor its annual Halloween Carnival on Tuesday night, Oct. 30, in the 4-H Building from 7 to 10 p. m. It was announced this week.

Included in the evening's fun — to which the public is invited — will be a spook house, fortune telling, fishing, bingo, cake walks, plus other contests.

Meals delivery help is needed

Three new volunteers are needed to deliver meals an hour weekly in order for Post's six-month-old Meals On Wheels program to continue, Mrs. Ann Tubbs, coordinator for the federally-financed program for the elderly, announced this week.

These volunteers are needed to keep the program going at its present rate of hot noon meals for four days each week. Mrs. Tubbs said if more volunteers, however, step forward to deliver meals on Wednesdays from 11 a. m. to noon, she said the program can return to its original five-day capacity.

"We currently have space for five more homebound senior citizens desiring Meals On Wheels," Mrs. Tubbs said. Any requests received will be quickly evaluated.

Federal funding for three additional months in the amount of \$1,400 has been received here. "We need to consider plans for local funding should federal funding be discontinued after December," Mrs. Tubbs said.

Post band will hold Halloween Carnival

The Post High School band will sponsor its annual Halloween Carnival on Tuesday night, Oct. 30, in the 4-H Building from 7 to 10 p. m. It was announced this week.

Included in the evening's fun — to which the public is invited — will be a spook house, fortune telling, fishing, bingo, cake walks, plus other contests.

Rites held for W. A. Wilson

Services were held at 10 a. m. Friday at Hampton-Vaughn Funeral Home Chapel in Wichita Falls for William Allen Wilson, 81, who died Oct. 10 while on a visit here at the home of his son, C. R. Wilson.

A native of Arkadelphia, Ark., Wilson had lived in Wichita Falls since 1918.

Survivors include his wife, Joan; two sons, C. R. of Post and Gordon Wilson of Lubbock; a brother, Ike S. Wilson of Sherman; six grandchildren and seven great-grandchildren.

Burial was in Highland Cemetery at Iowa Park under the direction of Mason Funeral Home of Post and Hampton-Vaughn Funeral Home.

Area project in road program

Improvement of 4.1 miles of FM 651 from 15th street in Post northeast at a cost of \$92,000 is included in the statewide 1974 State Highway Safety and Betterment and Farm to Market Improvement Program approved by the Texas Highway Commission.

The FM 651 improvements will include reconstruction of grade, base and surface.

Also included in the program is 5.3 miles of improvements to U. S. 380 in Lynn County from 8.3 miles east of Tahoka to the Garza County line.

First service in new church

The first church service was held Sunday in the new Graham Methodist Church building, which replaces the one destroyed by fire last January.

A special service was held, with Mrs. Patsy McCowen singing, "Bless This House," and also a song by Jackie Sue Hutton.

Jamie Norman's painting of the old church building that was destroyed by fire was presented to the church by Jamie.

The Rev. J. E. Yates is pastor of the church.

RODEO MEETING SET

The annual stockholders meeting of Post Stamped, Inc., will be held at 7:30 p. m. Wednesday, Oct. 31, in the district courtroom. All stockholders are urged to attend.

HOPE FOOTBALL QUEEN — Jodi Norman, a senior student, was crowned 1973 Queen just preceding Friday night's

homecoming game with Slaton. Runners-up were Becki Dalby (left) and Sherell Guichard. — (PHS photo by Joe Craig)

The last check we made at the sheriff's office before "putting The Dispatch to bed" yesterday afternoon and writing this column was to ask if there had been any UFO's (unidentified flying objects) reported recently in the Post vicinity.

We drew a blank there. None reported. So sleep easier at nights, local readers.

The flood of UFO reports from the Deep South has brought on so many news wire stories — including two fishermen forced to board a UFO by little men with pointed heads and crab-like arms — that we know the mystery of it all is really upsetting to some.

One of the women employees of the Snyder News, which prints The Dispatch now on Wednesday nights, has become so upset by all the wire stories from the South that she is afraid to go home when her husband is working at night.

One of Shelley Camp's friends gave us a "scoop" this week. He reports the local Texaco wholesaler now in Houston for six weeks of treatments is going over to College Station twice a week because he has enrolled for a course at Texas A & M on the sly. What are you studying, Shelley, better Aggie jokes?

The Dispatch will never desert its mail subscribers. Even if we have to declare war again on the U. S. Postal Service.

Recently, we have begun to receive a growing number of complaints of either late delivery (up to eight days to get to one spot in New Mexico for example), or no delivery at all.

Here's the complaint procedure, readers. Write us. Don't call. We will check and be sure your stencil is in the current file and contains the correct address. If it is, we forward your complaint to the Postmaster A. J. McAlister who sends them in for investigation.

Hopefully, then something happens.

If it doesn't, we propose to (See Postings, Page 10)

PELOPE SQUAD BEAU — Ricky Shepherd, senior end, missed getting to play in the game because of a foot injury, but he got a lot of consolation out of being Pep Squad Beau by Kim Hester (left) pep squad sweetheart. — (PHS photo by Joe Craig)

SWEETHEART — Sherell Guichard (center) was crowned Post High Sweetheart at halftime ceremonies Friday night. Runners-up were Jodi Norman (left) and Debbie Medlin. — (PHS photo by Joe Craig)

Homecoming called 'big success' by exes

For a bomb threat that the building where the homecoming was being held to be a hoax, too, but we wouldn't afford to take chances," said McAlister.

Clary was elected president of the ex-students' association. McAlister, elected vice president.

Clary was elected president of the ex-students' association. McAlister, elected vice president. The new officers were presented the dance. The exes also attended

Big sales tax check arrives

The City of Post has received its second largest quarterly sales tax check since the sales tax was voted here some two years ago.

The sales tax check received from the state comptroller for the second quarter of 1973 was in the amount of \$13,612.01, according to City Secretary Wanda Wilkerson.

The sales tax check for the second quarter of this year is nearly \$2,500 more than the one for the second quarter of 1972, which totaled \$11,088.

Only the check for the last quarter of 1972, reflecting holiday sales, was higher than the one just received.

CofC orders 1,000 bumper stickers

Directors of the Post Chamber of Commerce authorized Secretary Kay Lamb to order 1,000 bumper stickers at their meeting Friday at Jackson's Cafeteria.

The bumper stickers will have the slogan, "Gateway to the Plains, Post, Texas," printed on a painted fence gate. The stickers are being ordered at a cost of \$110 through Don Ammons, local advertising specialties salesman.

Director Walter Didway reported that the banquet committee had set Feb. 21 as the date of the annual membership banquet, with a theme of "66 Years of Progress." The

banquet will be catered by Jackson's Cafeteria.

Silas Short was appointed chairman of the committee to select nominees for 1974 Chamber president and five new directors. Named as members of the nominating committee were Jack Alexander, Joe McCowen, Dr. William C. Wilson and Jim Wells.

The directors recommended that the auction of the Christmas Nativity plates Nos. 1 through 5 be held in conjunction with the Christmas activities planned by the Retail Promotions Committee.

The directors agreed to (See Directors, Page 18)

LOOK AT PHOTO COMPOSITION — Four visitors from Finland, in Post for a day last Thursday on a Rotary study exchange group four of this West Texas Rotary district, watch Mrs. Norma Baumann operate The Dispatch's new Compuwriter. Grouped behind her, left to right, are Mr. and Mrs. Kalervo Mustonen, Ville Paljakka, and Bjorn Ronnlöf. — (Staff Photo)

GREENHAND OFFICERS — There are six office holders in the Greenhand chapter of the Post FFA. From left, seated, are: Phyllis Kennedy, president; Sandra Dudley, sentinel, and Debbie Epley, vice president. Standing, l. to r.: Matt Allison, treasurer; Randell Wyatt, reporter, and Tracy McAlister, secretary. — (Staff Photo)

KILLED IN WRECK
COLEMAN — Jesse Smith, 66, of Novice, Tex., was killed Friday in a two-car collision 13 miles north of Coleman on U. S. 84.

RECRUIT VISITS
 Pvt. Robert Torres, who is in basic training at Ft. Polk, La., spent the weekend with home-folks Robert, a recent graduate of Post High School, has been in the Army about five weeks.

Hugo, Okla., cowboy is closing in on new mark

DENVER, Colo.—Ernie Taylor of Hugo, Okla., is close to breaking a record. And unlike Hank Aaron, he isn't about to run out of time—if everything goes right.

Taylor lacks only \$1,387 to tie the winnings record for a single rodeo event in one season, the Rodeo Cowboys Association said.

His winnings in calf roping total \$36,531. Coupled with a check of \$197 in steer wrestling, he is the sport's third biggest all-around winner with \$36,728.

The event record of \$38,118 was set by rodeo's great Dean Oliver of Boise, Ida., the last time he won the calf roping championship, which was in 1969.

The 29-year-old Taylor, enjoying his best season ever, has from now until Nov. 4, when the regular season ends, to add to his bankroll, plus whatever he wins at the National Finals Rodeo, Dec. 1-9.

Although the record seems close at hand for him it hasn't come easy. Taylor has placed at some 60 rodeos this year, and competed in about 100. To do it he has had to travel some 100,000 miles.

His biggest win, which came early in the year, amounted to \$3,413; the rest came in much smaller amounts, earned through consistency.

A professional in the sport since 1963, he is about to win his first rodeo championship.

Last year he finished seventh for the title. The year before he was fourth.

ATTEND BIG GAME
 Mr. and Mrs. Bob Collier attended the Texas-Oklahoma game Saturday afternoon in the Cotton Bowl at Dallas.

"God's Peace—Real Peace"

Perhaps the most oft-discussed subject this week—other than the World Series—is the war in the Middle East. Certainly it makes us nervous to find the "war clouds" hanging so densely over the heads of the nations of the world as a result of the current war.

Yet we find that the peace we all seek is more than the mere absence of war. Even when the military battles cease, the conflicts within our hearts continue—unless we find our peace in God through the Prince of Peace even Jesus our Lord.

The only real peace is the peace that comes from God. This is a strange peace, a peace that comes to us in all kinds of situations—even those that usually cause inner warfare. When tragedy and sorrow, disappointment and hurt become our lot,

the peace of God can settle over us if we know it in Christ.

This "strange" peace from God comes to us when we are open to it. The Apostle Paul writes to the Philippians (from the Living Bible):

"Don't worry about anything; instead, pray about everything; tell God your needs and don't forget to thank Him for His answers. If you do this you will know God's peace which is far more wonderful than the human mind can understand. His peace will keep your thoughts and your hearts quiet and at rest as your trust in Christ Jesus." (Philippians 4:6, 7)

Amen,
 Kenneth T. Metzger

Timely Tips from CHDA

MIRRORS — INSTANT DECORATING IMPACT
Have you been thinking about doing a little decorating around your home? Well, if so, mirrors create instant decorating impact. When placed on walls, they visually enlarge the size, bring in twice the sunshine and reflect the beauty of objects within a room. Mirrors are no longer confined to the square, rectangular or oval shapes carefully placed on walls. Today's free-form mirrors come in a wide variety of geometric shapes to offer unlimited decorating possibilities. Placed at angles, singularly or collectively, they have great decorating potential. Sheet mirrors, on the other hand, add an up-to-the-minute look. They can enlarge a room, make narrow areas appear wide, tall walls short and dark areas bright. So, when remodeling walls, consider using mirrors. However, mirrors aren't limited to walls. Use them on ceiling, floor, furniture and other objects in a room. For example, try a mirror-topped table to reflect the objects it displays. Remember, your decorative ability is limited only by imagination.

Meeting is held by Culture Club

"My Favorite Beauty Spot in Garza County" was the roll call response of the Woman's Culture Club when they met Oct. 10 in the home of Mrs. Lois Williams. Reports on the clubhouse and recent visit of the Culture Club to the museums in Lubbock and Crosbyton were given. The theme for the meeting was "The Beauty of West Texas." Twelve members were present for the meeting. They were: Mmes. Jack Burruss, Ira Lee Duckworth, Jack Myers, Bob Dickson, Lou Marks, Tillman Jones, Lee Davis, Donald Pennell, Ralph Welch, M. J. Malouf, Helen Richards, Doll Haire and hostess Lois Williams.

GIANTS OF FORESTS
Loggers and foresters have recorded Douglas firs 330 feet high, 45 feet around the trunk and more than 1,400 years old — each containing enough lumber to build 10 two-bedroom frame houses.

Garza agent attends young adult seminar

Approximately 35 Texas county Extension agents-home economics received training concerning young adults and their relationship to society Oct. 1-5 at Texas A&M University. The Garza County agent, Dana Feaster, was among this group. Held in the J. Earl Rudder Conference Center and sponsored by the Texas Agricultural Extension Service, Texas A&M University System, the in-service workshop featured various authorities in the field. On the first day, Mrs. Florence W. Low, assistant director for home economics, gave the seminar's welcome and challenge, followed by a talk by Dr. John T. Pelham, Extension studies and training specialist. He described demographic data and social and psychological characteristics of young adults and older teens in Texas. Over 30 per cent of the Garza County population falls into this young adult category—15 to 35 years. Mrs. Toby Schreiber, TAMU Dean of Women, moderated a

panel of adolescents and young adults discussing interests and concerns of this age group. This provided background and framework for the entire week's learning experiences and acquainted participants with the impact of young adults on contemporary society. Tuesday's conferences were highlighted by "The Self-Concept of Young Adults" and "The Relationship of Young Adults With Other Age Groups" by Dr. Millard Bienvenu. The professor and head of the Department of Sociology-Social Work, Northwestern State University, Natchitoches, La., discussed how self-concept is formed, influencing factors, if and how it changes, and age group differences. Dr. Billie Ingram, research associate with the TAMU Industrial Economic Research Division, Texas Engineering Experiment Station, discussed the changing image of work-leisure, and what will be happening in 21st century living—how we will adjust to more leisure time with shorter work weeks, shorter work periods and work periods selected by the individual. Featured Thursday, Dr. Alice Whatley talked about "Masculinity and Femininity: Perspectives of Maturity" and "Boy to Man—Girl to Woman: What is Adult?" concerning influencing factors, characteristics, how acquired and/or changed, and changing images. She is an assistant professor of home economics with the University of Texas at Austin. Workshops and group discussions followed each afternoon to reinforce what was presented that morning. Wrapping up the training on Friday, Extension family life education specialists distributed and discussed teaching materials that agents can use in their own counties.

Post Art Guild holds meeting

The Post Art Guild met at the home of Mrs. Jimmy Bird on Oct. 8 at 7:30 p.m.

Mrs. Ed Neff, president, presided at a short business meeting. The group discussed door prizes to be given at the November art sale.

The program was conducted by Mrs. Bird who displayed and discussed "Craft Ideas for Christmas."

Ada Lou Bird, hostess, served refreshments to the following members: Mrs. Lois Williams, Mrs. Helen Welch, Mrs. Inez Hartel, Mrs. Ann Bishop, Mrs. Lucille Richardson, Mrs. Evelyn Neff, Mrs. Ed Neff, Mrs. Geraldine Butler and Mrs. Polly Cravy. Visitors attending were Mrs. Mary K. Beach and Mrs. Doris Lucas.

SAME GAME COLLEGE Station — "Who's on first, what's on second?"

"Some farmers and ranchers may be in a quandry over the present state of affairs, but the ball game hasn't changed — just the rules," says Cecil Parker, economist with the Texas Agricultural Extension Service.

"For the first time in a long while, agricultural producers find themselves in a situation where both costs and prices are rising. In recent years, production costs have risen while prices received for agricultural products remained generally stable. But now prices are also moving up and producers are finally seeing the outcome of the ball game in a different light."

The Texas A&M University System economist points out that farm prices, costs and demands for farm products have reached a new plateau during the first half of 1973. But how long will this situation continue?

Parker expects present conditions in the farm economics picture to continue until at least 1975. "Record crops are expected this year and in 1974 and there should be no drastic change in domestic and foreign demands for agricultural commodities during the next two years."

According to the economist, U. S. farmers could realize a gross income of about \$85 billion this year. This would be a 23 percent, or \$19.5 billion, increase over 1972. Of course, production expenses have also

shown a record increase and could be up about \$12 billion by the end of the year.

During the first six months of 1973, costs of farm-originated production inputs — feed, seed and feeder cattle — averaged 35 percent above the first half of 1972. At the same time, production inputs of non-farm origin — fertilizer, fuel, equipment — increased only 7 percent during the first half of 1973 compared to the same period last year.

What does the coming months hold as far as farm costs are concerned?

"Record crops this fall should lower feed costs somewhat," believes Parker. "However, the prices of those input items not originating on the farm will continue at a high level and may even increase due to increased production costs."

IN THIS WORLD

MAN'S FIRST STEPS IN RUBBER FOOTWEAR

IN 1751 A FRENCH EXPEDITION IN BRAZIL, STUDYING THE SHAPE OF THE EARTH REPORTED THAT THE NATIVES USED STRANGE WATERPROOF FOOTWEAR MADE OF A CRUDE RESINOUS SUBSTANCE... EARLY TRADERS CALLED THESE PROTECTIVE SHOES "GUM BOOTS."

PRIOR TO 1844, WHEN A CHEMICAL PROCESS GIVING ELASTICITY, STRENGTH AND STABILITY TO THIS CRUDE MATERIAL WAS DISCOVERED, THE U.S. IMPORTED OVER 400,000 PAIRS OF NATIVE "GUM BOOTS" A YEAR.

THE NAME "KEDS" FOR CANVAS RUBBER-SOLED FOOTWEAR WAS FIRST USED IN 1917. IT WAS SUGGESTED BY THE LATE WORD "KED" REFERRING TO FOOT... TODAY, THERE ARE OVER 1,500 VARIETIES OF KEDS BEING WORN IN AMERICA FOR SPORT AND LEISURE WEAR.

Crusade begins at church here

Everyone is invited to attend the "Fishers of Men" evangelistic crusade at the Church of God of Prophecy, 111 East 3th St., which began Wednesday and is to continue through Sunday, Oct. 21.

Bishop Hector Ortiz, who has served eight years as a missionary in the Caribbean Islands, will do the preaching, and there will be spirit-filled singing from local and visiting singers.

The Rev. Oscar Newdiger, pastor of the church, invites everyone to attend. The services will begin at 7 o'clock each evening.

REV. HECTOR ORTIZ

Deep water in the summer may have too little oxygen for fish, causing them to come near the water's surface.

Family dinner held for George Grahams

A family dinner was held recently in the home of Mr. and Mrs. Jim R. Norman of the Graham community, honoring George Graham, his wife, Pat, and one of their two children who are moving from California to Houston. The Grahams' son, Rusty, is already in Houston going to school.

Those attending the dinner were George Graham's mother, Mrs. Travis Gilmore, and Mr. Gilmore and Jenda, Mr. and Mrs. Ed Ray Baker and sons, Mr. and Mrs. Bill Bevers and son, and Mr. and Mrs. Jim Norman and family.

Rites held Warren inf

Graveside rites for Ray Warren, infant and Mrs. Chester Warren, held at 10 a. m. at Terrace Cemetery, Rev. Leon Smith, pastor, Calvary Baptist Church officiating.

The infant was stillborn at 8:30 a. m. Monday at Memorial Hospital. Survivors other than parents include a daughter, Dawn Dewayne. Funeral arrangements in charge of Hubert Home.

Funeral held in Juarez, Mexico

Services were held in Juarez, Chihuahua, Mexico last Thursday for Ignacio Varela Dominguez, 79, who died Oct. 9 after an illness.

Survivors residing in Post include two sons, Ignacio Varela and Pedro Varela, and two daughters, Mrs. Miguel Ayala and Mrs. Antonio Rosas.

Other survivors include two sons, four daughters, 43 grandchildren and 13 great-grandchildren.

Lynn County gets landfill

TAHOKA — A new sanitary landfill for Tahoka and Lynn County has been opened east of the Wilson road, one-fourth mile south of the old dump ground.

There will be no dumping at the old dump ground. The state has demanded that it be closed, leveled and covered with 24 inches of dirt. There will be an attendant at the new landfill.

The new site was a requirement of the state and the county. Wilson, New Home and O'Donnell are all included in the project and will help with the cost.

Finnish visitors tour conservation projects

Bob Arhelger, district conservationist at Post, reports three members of the Pori Rotary Club of Finland and the wife of one of the members were

conducted on a tour of local soil and water conservation work in the Garza County area last Thursday following a luncheon with the Post Rotary Club.

Soil Conservation Service personnel from the Post field office showed the visitors modern conservation farming methods with parallel terraces and conservation cropping systems. A brief visit also was made to the ranching portion of the county where conservation problems on rangeland were discussed.

Mrs. Kalervo Mustonen, one of the visitors, commented on the rugged beauty of the scenery around the rim of the caprock, saying it was like the scenery in western movies.

Arhelger said the four visitors from Finland indicated their main farm crops were confined to small grains and sugar beets, with dairy operations for diversification. They said crops such as cotton, corn and grain sorghums could not be grown due to Finland's climate.

IMPRESSED BY SCENERY — Four Rotary visitors from Finland pause on the edge of the caprock during a tour of soil and water conservation work in Garza County. Left to right are Viljo Tapio Poljakka, Bjorn Ronnloff, Col. and Mrs. Kalervo Mustonen — (SCS photo)

The visitors had toured Burlington Industries' Postex Plant that morning where they saw the manufacturing of sheets and pillow cases. On the conservation tour, they saw the

many acres of cotton stretching across the farmland of Garza County where the Garza sheet first begins.

The Finnish visitors were given copies of the Garza Soil

and Water Conservation District Program and Plan of Work, explaining the purposes and goals of the SWCD in conserving the resources they had viewed.

Graham couples return from Weatherford visit

By MRS. GLENN DAVIS
Mr. and Mrs. Quannah Maxey and Mr. and Mrs. Bryan Maxey returned home Monday from a visit in Weatherford with Mrs. Ona Berdine and her family and in Granbury with Mrs. Pearl Graham and near Granbury with Mr. and Mrs. Richard Overton.

Mr. and Mrs. Noel White and Steve took Patricia Davis, Sue, Amy and Lisa Cowdrey to services at the Broadway Church of Christ in Lubbock last Wednesday evening. They met Stephanie Davis and a friend after services for a visit.

The Jody, Lewis and G. T. Mason families were Sunday luncheon guests of their mother Mrs. Willie Mason. Mrs. Jennie Mason was also a guest.

Jay Bruce Evans spent Saturday night with Kirk and Clay Cowdrey. His dad Dr. Bruce Evans, came for him Sunday and was a luncheon

guest of the Bobby Cowdrey family.

Mr. and Mrs. Jack Fluitt and son visited over the weekend with his parents Mr. and Mrs. Carl Fluitt. The Delwin Fluitt family were also visitors.

Mr. and Mrs. Mike Custer visited Saturday evening with Mr. and Mrs. L. H. Peel.

Mr. and Mrs. David Hooten were Sunday guests of her parents Mr. and Mrs. E. E. Peel and attended church services at the Church of Christ.

The Methodist people had Sunday services in the new church building. Funeral services were held for J. M. Bush in the new building. It is a nice building and we know they are happy to have it.

Mr. and Mrs. L. G. Thuet Jr. have returned from the visit in Korea and Japan. Mr. and Mrs. Alvin Young are visiting the Thuetts and their son, Mr. and Mrs. Tommy Young and family and other relatives.

John Johnson and Tol Thomas were home from Stephenville over the weekend for homecoming and visited with their parents.

Mr. and Mrs. Carl Fluitt visited Sunday evening with Mr. and Mrs. Theibert McBride.

Mr. and Mrs. E. E. Peel recently visited near Springtown with his parents, Mr. and Mrs. John Peel.

Recent visitors of Mr. and Mrs. Delwin Williams have been Mr. and Mrs. Donald Fortenberry on Friday, Mr. and Mrs. Floyd Morgan Sunday afternoon, Mr. and Mrs. Butch Burkett Sunday evening. The Williams family were Sunday luncheon guests of the Claud Williams family.

Mr. and Mrs. Bob Lusk attended the Dallas State Fair over the weekend.

Mr. and Mrs. Jason Justice visited a while Sunday afternoon with Mr. and Mrs. Fred Gossett.

Harlan Morris has been a recent patient in Garza Memorial Hospital. We hope he is feeling much better by now.

Mr. and Mrs. L. G. Thuet Jr. and Mrs. Alvin Young visited Monday morning with Mr. and Mrs. L. G. Thuet Sr.

Mr. and Mrs. George Tate of Abilene visited with Mr. and Mrs. Ambers Parrish, their cousins, one day last week. The two couples took off in their two campers for a sight seeing trip to Waco, Brownwood and on the Louisiana border and other places.

Mrs. Carl Fluitt visited her mother Mrs. L. W. Gandy in Tahoka Wednesday.

Mr. and Mrs. Bob Robinson and family of Springlake visited Sunday late afternoon with Mr. and Mrs. Ambers Parrish.

Mrs. Gladys Floyd and Mrs. Ethel Redman visited one afternoon last week with Mrs. Lewis Mason.

Mrs. Pearl Wallace visited over the weekend in Lubbock with Mr. and Mrs. Clovis Tucker, Bobby and Joy.

Mrs. James Stone spent a few days last week in Abilene helping make draperies for the Ed Bradys' new home.

Noel White celebrated his birthday Sunday. Those visiting in the evening, after church in the White home were Mr. and Mrs. Lou White, the Silas Short family, the Bobby Cowdrey family, the Ronnie Graves family, Debbie Ledbetter, Larry Moreman and John Gist. The group enjoyed singing and instrumental music.

HOMECOMING GUEST
Dee Justice of Sweetwater was in Post over the weekend for homecoming.

Unscratched Antelopes to face more Tigers Friday

Post looks for tough tilt on Frenship grid

The undefeated, untied Post Antelopes, who defanged the Slaton Tigers here Friday night, hope to keep the momentum going against another group of Tigers at Frenship (Wolfthor) this Friday night.

"We'll have to play a good ball game to beat Frenship," Coach Bobby Davis predicted Tuesday. "We certainly can't afford to let down, because they're big, tough and experienced."

Southland loses to Union team; Lester injured

SOUTHLAND — Scoring 30 points in the second quarter after Southland's Gregg Lester had gone out with an injury, Union-Terry defeated the Eagles, 62 to 20, in a six-man game Friday night at Union.

Lester, who has been one of the Southland team's mainstays this season, was taken to a Brownfield hospital for emergency treatment at halftime, but was dismissed later that night.

The teams were tied 6-6 at the end of the first period, with Lester's 30-yard pass to Jerry Winterrowd accounting for the Southland score.

The Eagles got six points in the third quarter on a 15-yard run by Steve Buckemper, and eight in the final quarter on a pass from Winterrowd to Mark Bevers, with Bevers kicking the extra points.

Seagraves sets Homecoming

SEAGRAVES — The Seagraves school homecoming is scheduled for Thursday and Friday, Nov. 1-2.

A bonfire at 7:30 p. m. Thursday, Nov. 1, north of the football field will get activities under way. Registration is to be held all day Friday in all school buildings.

Also scheduled for Friday is a pep rally at 1:30 p. m., a downtown parade at 2:30, an ex-students' barbecue — open to everyone — from 4:30 until 6:45 in the cafeteria, queen's coronation at 7 p. m. at the football field, the Seagraves-Plains football game at 7:30, and an ex-students' coffee in the cafeteria following the game.

Alberta James is secretary of the Seagraves Ex-Students Association.

SINGING CONVENTION
MATADOR — The semi-annual meeting of the Motley County Singing Convention will be held Sunday, Oct. 21, in the American Legion building. The program starts at 10 a. m. and continues until 4 p. m.

SHEPHERD ON LOOSE — One of the bright spots in the mid-season play of the undefeated Post Antelopes has been the performance of sophomore end and safety Mike Shepherd. Here, Shepherd heads out on a 22-yard punt return against Slaton in the Antelopes' 33-6 victory Friday night. — (PHS photo by Joe Craig)

FOLLOWS BLOCKERS — Halfback David Conoly is shown following his blockers into the line in Post's 33-6 win over Slaton here Friday night. Conoly, who gained 146 yards on 18 carries, has just taken the handoff from quarterback Bryan Davis (No. 11) — (PHS photo by Joe Craig)

Post racks Slaton, 33-6

The Post Antelopes added the icing to the homecoming cake Friday night by pinning a 33 to 6 defeat on the Slaton Tigers before a wildly cheering crowd at Antelope Stadium.

It was a big win in more ways than one for Coach Bobby Davis' hustling Antelope eleven. It stopped a string of three consecutive Slaton victories over the Lopes, brought their season record to 6-0 and their District 5AA mark to 2-0, and left them tied for the loop leadership with Denver City, which the previous Friday had settled for a 14-7 win over the same Slaton team.

There was little doubt about the outcome of the game Friday night from the time the Antelopes marched to a touchdown in 12 plays after receiving the opening kickoff. They added another touchdown in the same quarter, but had to settle for a scoreless draw in the second period before coming back for 14 points in the third quarter and seven in the fourth, with the Tigers also getting their six points in the final period.

The Antelopes, playing their best game since they won over Floydada in their third game of the season, stacked up a big statistical margin over the Tigers, rolling up 278 yards on the ground and 107 in the air for a total of 385 yards to Slaton's 64 on the ground and 56 in the air for 120 yards. The Lopes finished with 23 first downs to the Tigers' seven.

The clutch running of halfback David Conoly, which, along with quarterback Bryan Davis' passing, kept Post's touchdown drives going, was a large contribution to the victory, but it was described by the Post coaching staff as "a team victory all the way."

Conoly, rolling up a net of 146 yards in 18 carries, became the first Antelope to crack the single game 100-yard rushing mark this season, while Davis hit on seven of 10 passing attempts, with none intercepted.

Fullback Donnell Harper momentarily fumbled the opening kickoff from the toe of Slaton's Ricky Denzer, but came up with the ball on the 10 and ran it out to the Post 35. On the first play from scrimmage, Conoly broke through the left side of the Slaton line behind good blocking and went 28 yards to the Tiger 37.

Tailback Jerry Tyler got two yards at end, but a 15-yard penalty for holding set the

Lopes back to the midfield stripe. Harper gained seven with a pitchout, and Davis hit end Mike Hair with a seven-yard pass to the Slaton 36.

Conoly romped for 10 yards and Harper five to take the ball to the 21, from where Davis kept around right end for seven more to the 14. Conoly cross-bucked for five, but the gain was rubbed out by a five-yard penalty that set Post back to the 19. An interference ruling against the Tigers on a pass from Davis to Hair gave the ball to Post on the one-yard line.

The Slaton defense stiffened to hold Tyler to no gain, but Harper rammed across on the next try. A jarring tackle shook him loose from the ball, and Post center George "Shorty" Hester realized a lineman's dream by falling on the leather for the first "Lope" touchdown. Tony Conner's kick was partially blocked, and Post held a 6-0 lead with 7:27 of the first quarter remaining.

Slaton picked up a first down after returning Conner's kickoff 10 yards to their 35, but had to punt from the 50, with sophomore end Mike Shepherd making a 22-yard runback to the Post 37.

A 15-yard penalty against the Tigers took the ball to their 45, and Conoly gained six to the 41 after Davis had recovered his own fumble for a two-yard loss. Davis hit Conner with a 21-yard pass to the 20, and Harper gained six to the 14. Davis ran the option around his right end twice, getting only one yard the first time, but gaining 10 to the three on his second carry. Tyler gained one, and Davis kept to go in for the second Post TD with 49 seconds of the first quarter left. Davis' pass to Harper for the extra points failed to connect.

Slaton's hard-running tailback, 180-pound Greg Sokora, ran the kickoff back 43 yards to the Post 42 and a 15-yard personal foul penalty against

Post took the ball on down to the 27.

After two plays had gained only a yard, quarterback Gary Aycock passed 21 yards to Sokora on the Post five, and a penalty against the Lopes took the ball to the two and half-yard line. Wingback Clarence Trotty gained only a yard with a pitchout, and Sokora was held to virtually no gain on two tries, with the ball going over to Post on downs on their one.

Davis kept to run the ball out 25 yards to the 26, but a clipping penalty rubbed out 15 yards of the gain and set the Lopes back to their nine. Price gained 12 yards, but Sokora came in from his linebacking position to throw Davis for two losses totaling five yards. A Davis-to-Harper pass gained 31 yards to the Post 47, and Harper gained seven and Conoly nine to take the ball to the Tiger 37.

Tailback Edward Price lost three yards, but gained five on his next try to the 35, with a clipping penalty to the Post 45 again hampering the Antelopes. Conoly gained 19 to the Tiger 36, but another clipping penalty erased most of the gain, and Garland Dudley's punt was returned 16 yards to the Slaton 26.

Neither team made much of an offensive thrust the rest of the first half, with Randy Josey stopping a late Tiger surge by intercepting Aycock's pass on the Post 30 and running it back 33 yards to the Slaton 37.

The Antelopes got back on the scoreboard with 5:13 of the third quarter left, after a 70-yard drive, with Harper banging over from the one for his 11th TD of the season. Conoly circled Slaton's left end with a pitchout for the extra points to give Post a 20-0 lead.

A 15-yard penalty against Slaton on the extra point play gave Post the kickoff from the 50, and Conner's kick into the end zone was brought out to the Tiger 20. Slaton was unable to go, and their punt was killed on the 50.

Davis passed to Hair for 30 yards to the 20, but a penalty set Post back to the 25. Harper gained three and Conoly followed with a 13-yard burst to the nine. From there, Davis passed to Hair for a TD, with 1:38 left in the quarter, but the extra point try was fumbled.

Slaton shaved six points off the Post lead early in the fourth quarter after recovering Conoly's fumble at the Post 43.

7th and 8th grade teams lose Tuesday

The Post 7th and 8th grade football teams lost hard-fought district games at Frenship Tuesday night, the 7th grade by a score of 8 to 0, and the 8th grade, 22 to 14.

Coach Don Black's 7th grade team held Frenship scoreless until the third quarter when they scored on a 50-yard reverse.

"We came close a couple of times, but just couldn't get the ball across," Coach Black said. He commented that the squad hit the hardest they have all year in the Frenship game, and is improving in every department.

Randy Baker scored all the points for Coach Jackie Brown's 8th grade team with runs of 40 and five yards and also scored the extra points after his first touchdown.

All the boys on both the 7th and 8th grade squads got to see action, with the Post and Frenship reserve units scrimmaging before the regularly scheduled games started.

Grid guesser says Post to take Frenship game

Fourteen right and only one wrong out of 15 guesses! How's that for picking them?

The near perfect week was the best The Dispatch's pigskin prognosticator has had so far this season — or any other season, for that matter.

He missed only the Roosevelt-Littlefield outcome, having picked the District 5AA Eagles to win.

Freshmen lose to Slaton '11'

The outmanned Post freshman team put up a good fight at Slaton last Thursday before losing to the Slaton frosh, 17-0.

The Post freshmen, lacking in depth this season, drove to within striking distance four times, but were unable to push the ball across.

Slaton scored touchdowns on a run and an intercepted pass in addition to kicking a field goal.

Consolidation--

(Continued From Page 1)
 federal levels for the joint law enforcement operation.
 (7) Automobiles: We recommend a total of five vehicles, two being furnished by the city, two by the county, and a fifth vehicle to be paid for jointly by the participating governments. As to the equipment on the vehicles, we feel the advisory board should make recommendations as to the equipment for the automobiles, as well as to the specifications for each vehicle, to be approved by the city and county governmental units.

(8) Offices: As to the layout of the floor plan of the new law enforcement complex, the court feels that the Justice of Peace should be housed in the law enforcement complex, contrary to the Carr proposal.

(9) An allowance should be offered to the five sworn officers to provide for their uniform dress.

(10) We make no recommen-

dations for a retirement plan at this point. We do recommend that a separate hospitalization and life and accident insurance plan be set up specifically for the law enforcement officers and those presently on city and county policies be deleted and one uniform policy established for this branch.

(11) We would follow the recommended incentive plan for education, with an incentive pay of \$4 per college hour under 30 hours and certification incentive pay as outlined in the proposal.

(12) We would recommend a new record system as long as the implementation of the system could be funded with criminal justice commission funds. We also feel a continued training program for updating of all personnel be established as outlined in the survey proposal for consolidation.

The city council is reported to be planning a step by step study of the Carr proposal in the near future.

Mayor McCrary said the council needs to determine how the enforcement of city ordinances, basically an administrative procedure, will be handled.

The council and court Tuesday night did not get into a discussion of how they will share the cost of a combined law arm, first needing to determine together what will be included in the consolidated department's operation.

Walter Head, the criminal justice coordinator of SPAG, and Bob Mowery, the new executive director of SPAG, attended the joint meeting here.

Also present were County Judge Giles C. Dalby, County Commissioners Ben Sanchez and Ted Aten, Mayor McCrary, City Councilmen Jim Wells, Ed Sawyers and Donald Windham, Sheriff J. A. (Jimmy) Holleman, City Secretary Wanda Wilkerson, and City Supt. Pete Maddox.

County Judge Dalby told the combined meeting that a recent check with SPAG showed that criminal justice will fund:

- (1) 100 per cent of the salary for all new positions, including all of their benefits, and 50 per cent of all salary increases granted to those holding present positions.
- (2) Criminal justice will not fund the purchase of new law enforcement automobiles, but will pay 12 cents per mile for all vehicle use, or if accurate records are kept will pay entire cost of vehicle operation.
- (3) Criminal justice will pay 100 per cent for all extra equipment on new vehicles or present vehicles, such as special sirens, shotguns, spotlights, prisoner partitions.
- (4) The new radio communications will be funded for 75 per cent of its cost under the new communication plan for this area.

Agent going to state meeting

Garza County Agent Syd Conner will be in Austin on Tuesday, Oct. 23, to attend the Governor's Conference on Rural Development, the first of its kind in the state.

More than 1,500 rural community leaders in Texas are expected to attend the conference to review the state's rural resources and to lay the groundwork for developing and utilizing these resources more fully for a better Texas.

Conference theme is "Planning for a Rural-Urban Balance."

Debts of gratitude to a certain type of people is an obligation seldom liquidated.

Finchum rites in Littlefield

Mrs. Jewel Finchum, 62, of Littlefield, a former longtime resident of Post, died Tuesday afternoon in Amherst Manor Nursing Home in Amherst.

Services were held at 4 p. m. Wednesday in Littlefield, with burial in the Littlefield Cemetery.

Mrs. Finchum was a native of Caddo Mills.

She is survived by her husband, Bill; two sons, Buford of Littlefield and Kenneth of Dumas; a sister, Mrs. Pearl McCasland of Plainview; a brother, Gobel Williams of Caddo Mills; and six grandchildren.

Abilene center aided by sales

ABILENE — With three of the four benefit sales now completed, officials of the West Texas Rehabilitation Center in Abilene are expecting the 14th annual Cattleman's Round-Up for Crippled Children to be the most successful yet.

The Cattle Sale, Sept. 24th at Ranchers and Farmers Livestock Commission raised \$78,890.

The Oct. 6 Horse Sale at Abilene Auction added another \$11,000.

The Sheep and Goat Sale Oct. 8 at Coleman Livestock Auction Company raised an additional \$6,031.23.

\$21,110 in cash donations since the Sept. 24 Cattle Sale brings the grand total to date for the 1973 Round-Up to \$117,031.23.

The final sale, the auction of farm equipment, is set for Nov. 10 in Lawn, Tex.

General Round-Up chairman Charlie Morris expressed his appreciation to donors and buyers for their continued support of the program of the West Texas Rehabilitation Center, which serves the handicapped of the Southwest. Morris added that the Round-Up remains one of the chief sources of income for this private, nonprofit facility.

C-C Directors —

(Continued From Page 1)
 President J. B. Potts' recommendation that another Chamber membership breakfast be held in November.

Those present at the meeting were Potts, Earl Chapman, Didway, Bo Jackson, Ronald Simpson, Short, McCowen, Alexander, Bob Macy, Wells and Mrs. Lamb.

Food stamp program is subject of area meeting

Teaching local Food Stamp recipients "how to make the most of their stamps" was the subject of a two-day meeting in Amarillo last week attended by Mrs. Dana Feaster, Garza County Extension agent.

More than 30 county Extension agents from throughout the area heard federal and state government agency representatives discuss food buying and nutrition, according to Mrs. Feaster.

Representatives from the U. S. Department of Agriculture's Food and Nutrition Service explained how food stamp recipients can buy the nutritious foods necessary for a balanced diet without having to supplement their food stamp allotments.

"They also discussed the retailer role in the food stamp program," the agent said.

A Texas Department of Public Welfare representative told agents how the food stamp program is administered in Texas and outlined its operation as well as the requirements for obtaining food stamps.

Foods and nutrition specialists with the Texas Agricultural Extension Service, Texas A&M University System, detailed food buying principles and demonstrated preparation of nutritious, low-cost foods.

Commenting on the Food Stamp program, the agent noted that prior to a year ago, some counties in Texas did not have the program.

Efforts to convert all remaining counties from a commodity food distribution program to the Food Stamp program were begun in Texas more than a year ago and will be completed during the last part of this year.

"The Food Stamp program now under way in Garza County includes plans for the educational phase to begin during October with food buying tips in the local paper. Also a newsletter will be mailed to any person who desires it. To get on the food buying newsletter list, just contact me," the agent said. Either call 495-2050, or write Dana Feaster, Courthouse, Post, Tex. 79356.

Post FFA adds more honors

By JOE CRAIG
 Anyone who is interested in knowing what the local FFA is doing, or even if they are doing anything, read on.

We are proud of three members who have gone to participate in the State Fair of Texas in Dallas. They left Oct. 14 and are expected back on the 19th. These include Gene Thomas, the advisor; Dennis McDonald and Andy Williams entering and showing Hereford calves, and Ricky Cross showing a Duroc barrow.

The activities don't end there, however. We have a winning talent team who made it all the way to state and they entertained at the Texas Agricultural Products banquet at the State Fair. The team includes Tol Thomas, Danny Guthrie and Wesley Redman.

We have an outstanding member who is now a graduate of Post High School. He ran for a state FFA office and he was elected an officer. He has been serving at the information booth for the Children's Barnyard at the State Fair. This member's name is John Johnson, and he is in Kansas City this week representing the Texas FFA as an officer.

For one chapter of FFA, located in Post, Texas, that's doing pretty good for a three-week stretch.

Final rites for Post resident

Services for Lena Mae Scottie, 43, of 314 Jasper St., who died Monday night at Garza Memorial Hospital, were held at 3 p. m. Wednesday in Terrace Cemetery with the Rev. Vernon Milo officiating. Burial was under the direction of Mason Funeral Home.

Mrs. Scottie, a native of Corsicana, had lived in Post 12 years.

Survivors include a sister, Mrs. Alice Collins of Susanna, Calif.; and three brothers, Willie George of Dallas, Willie B. George of Waxahachie and Eugene George of Lubbock.

Postings —

(Continued From Page 1)

Oldest Green Thumb worker honored

The state of Texas' oldest Green Thumb worker, E. H. Britton of Post, was honored on his 89th birthday recently when lunch was served in his honor at the Algeria Park, where the Green Thumbers were working.

The lunch included birthday cake and punch. Those attending included Mrs. Britton, Mrs. Hazel Abernathy of Plainview, area Green Thumb supervisor, and her husband, C. L. Abernathy; Mr. and Mrs. R. B. Perrin, Mr. and Mrs. D. C. Robert; Mr. and Mrs. R. L. Reeves, J. C. Caylor and R. D. Young.

Slaton game —

(Continued From Page 8)
 three to the two, from where Harper bulled over on the final play of the game for his 12th touchdown of the season. Conner kicked the extra point to make it 33-6.

Conoly's 146 yards on 18 totes led the Post ground gainers, with Harper netting 76 on 14 tries, Davis 43 on 12, Price 25 on eight, Tyler six on four and Moore two on one.

Linebacker Sammy Gutierrez had seven unassisted tackles, with Tim Owen getting six; Jay Pollard, four, and Richie Dudley and Davis, three each.

Two more 'outstanding' students named at PHS

By MELINDA NELSON
The outstanding people at Post High School this past week were Ann Mitchell and Tony Conner. Congratulations Ann and Tony!

Ann is classified as a junior. She participates in basketball, pep squad, Science and Math Club, Top Twenty, reporter of the Student Council, president of the junior class, and a member of the National Honor Society. The most Ann likes about school is seeing her friends each day and listening to the different viewpoints of her classmates. Ann thinks the best quality a person can have is not to be a pretender. If they are a pretender you never know what the person will do. Just be yourself and not someone else!

Ann thinks the most worthwhile contribution that she can make to PHS is to give Post High School all the service she can give in the next two years. Also to promote and keep

school spirit for all sports. The person Ann admires most is Bill Russell, because he set a goal to be the "BEST" and he achieved that goal. This is what Ann wants to do with her life. Ann's future plans are to go to Tech and maybe someday be a doctor.

Tony is also classified as a junior. Tony participates on the great Antelope football team, choir, student council representative, and Fellowship of Christian Athletes.

The most Tony likes about school is sports, because you have the chance to compete with others. He thinks the best quality a person can have is his or her personality, because personality determines your friends. Tony thinks the most worthwhile contribution that he can make to PHS is to enter in everything he can and do his best to make PHS a success, such as, No. 1 in football.

The person Tony admires most is Roger Staubach of the Dallas Cowboys. Tony admires Roger because of the way he plays football. Tony thinks Staubach is great. Tony's future plans are to try and be successful in sports and maybe become a pro football player.

Inside PHS

By TONYA RUDOLPH
One of the most challenging subjects that I have taken during my high school career is typing. It takes very little coordination to be good at it, or I couldn't do it at all. (If you don't believe me ask my husband!)

Actually, once you learn the keys, all you do is practice building your accuracy and speed. It really is a lot of fun. If it wasn't fun, students wouldn't bend over backwards to get out of their classes to go to their typing. Last year, I think I spent three-fourths of my time in the typing room.

It is an enjoyable class. It is made this way by Mrs. Fleming who teaches Typing I, and Mr. King who teaches Typing II.

During your first year of typing, you develop your skills and find out how good you are. If you are good enough, you and two other students go to ULL contest. After that, you get to go back to typing your lessons and typing for teachers. You work hard in this class, but you do have a change on Friday's during football season. On these days you play football on typewriters. It is impossible to explain on paper, but it's a lot of fun.

In typing II you give up football, because on Friday's you become a reporter. The largest of the second year classes gets to find things to put in the school news. (Like I'm doing now.) Coach King invented a theory that in Typing II you don't make mistakes. The only problem with this is that he forgot to tell the typewriters about it!

There is never a dull moment in these classes. TRY IT, YOU'LL LIKE IT!

Sophomores From A to Z

- Ambitious: Edward Price
Bashful: Joe Neal Clary
Caveman: Lee Saldivar
Daring: Glenna Bevers

Pep squad assists with homecoming

By NANCY MADDOX
High school was really buzzing last week with Friday being Homecoming. Signs were made on Tuesday and then girls voted for Pep Squad beaus on Wednesday Thursday girls decorated the halls.

The girls have really worked hard trying to make this the best work they have done this year.

Go Lopes beat Frenship!

News from Post High School
The Post (Tex.) Dispatch Thursday, Oct. 18, 1973 Page 12

THEY STAY BUSY — These three Post High School seniors, David Posey (left), Jan Burkett and Joe Craig, also attend Western Texas College at Snyder, and in the article that follows have written their impressions of the college. — (High School Photo)

Three Post High seniors attend college at Snyder

The following article is dedicated to the three high school seniors who have penetrated the campus of the elite — Jan Burkett, Joe Craig, and David Posey. These three people have done what no one else has dared attempt — attend college and high school at the same time.

By DAVID POSEY
The campus of Western Texas College is a magnificent accomplishment. All of the buildings are all different sizes and designs. The campus is always clean and orderly — never littered with trash. There

7 girls are in FFA Greenhands

By RICHEL DUDLEY and CINDY BIRD
There are 37 Greenhands enrolled in FFA this year. Gene Thomas is sponsor of the Greenhands, but of the 37 Greenhands seven are girls. These girls are Phyllis Kennedy, Sandra Dudley, Lea Cross, Debbie Epley, Darla Hudgens, Teresa Murphy and Joy Strofer. These girls are all enrolled in Horticulture.

Three of the seven girls are on the Greenhand Parliamentary team. They are Phyllis Kennedy, Sandra Dudley and Debbie Epley.

Can you Imagine—

By KATHIE MORRIS and NANCY MADDOX
Nancy Maddox without Tommy Cole?
Freda Halford without a smile on her face?
Joni Huffman not being bow-legged?
Danny Windham thinking nice thoughts?
Macky Sappington talking fast?
Danny Williams without his cowboy hat?
Mr. Pierce with long hair?
Patricia Gannon without red marks on her neck?
Mrs. Fleming letting us goof off in her class?
Mrs. Wheatley with long, straight hair?
Nancy Cendalski without her cute accent?
Jan Hall ???
Susan Solis with buck-teeth?
LeeHoy Holly with shoes on?
Deborah Medlin in a 1974 Cougar?
Joan Strofer saying something intelligent?
Donnell Harper walking slumped over?
Charles Bell keeping his mouth shut?
Sharon Hoyle singing bass instead of soprano?
Phyllis Kennedy wearing a dress?
Rhonda Holly being early to Civics?
Steve Hays working for Texaco?
Jeannie Bilberry and James Wise doing the "funky chicken"?
Rodney Barner with curly, thick hair?

school students a head start in college. It will make your freshman year not as expensive and help you get an idea about college and how it works. There are also the disadvantages though. You miss most of the afternoon hours of high school and sometimes things are going on at this time and you need to be there.

Going to these college courses could not work for everybody. If you play football, basketball, track, or any other sports activities you could not make it.

Spirit with capital 'S' displayed

By DEBBIE LEDBETTER
Football fans arise and let your spirit be brought up and counted! During the week of Oct. 1-5, the high school halls were buzzing with things to do to keep up the spirit of the football boys. Everyone was making spirit tags to wear and signs to put on the walls and lockers. Even the freshman class was in the spirit, with a little help from the seniors.

The junior class was really on the ball and I'm sure the football players were uplifted by their work. The senior class was involved with getting the freshman class in the spirit, but they did their part in it, too. The sophomore class busied themselves with painting cars and windows both at school and in town. This was made known to the school later that same afternoon along with other announcements. The junior class got the spirit stick for that week and Mr. Buchanan got the faculty spirit stick with a little extra honor on it. Mr. Buchanan does it glow in the dark?

In this week of Oct. 8-12, there were some really cute signs hanging in both buildings, like the football player picture in the sophomore hall and their locker signs. The seniors' hall was decorated with scared and desirped tigers on the walls and lockers. There was also a big tiger in a cage in the middle of the hall that was guarded constantly by the boys. The freshman class has some talent in their class too and had a tiger or two in their hall. They were beautiful, freshman!

So no one can say that there is not some spirit in the school. Let's keep up the good work boys and everyone show your spirit and be at all the games. Beat Frenship!

Seniors in Spotlight

By LEE ANN HODGES
Our first Senior in the Spotlight is Jill Cash. She is the daughter of Mr. and Mrs. A. C. Cash. Jill was born April 8, 1956 and has one brother and one sister, Rex and Jodi.

Throughout high school Jill has participated in FFA, Drama Club, Student Council, Band, National Honor Society,

Honors go to Mr. Buchanan

By PAT NELSON
Sam Buchanan was selected as the "Teacher of the Week" Mr. Buchanan has been teaching for seven years. Three of these years have been in the Post school system.

He graduated from Texas Tech with a BSE and a MA. He teaches Algebra II, Advanced Math, Honors Algebra, and Plane Geometry.

In his spare time, Mr. Buchanan plays tennis and enjoys his family. He is a member of the TSTA, NEA and Knights of Columbus. He feels that being chosen "Teacher of the Week" is the right kind of honor to motivate any teacher to work just a little harder to do a good job.

electric heat

the myth of high cost doesn't have a leg to stand on.

ESTABLISHED 1905 • 50 YEARS AGO

Total ELECTRIC Heating

FOR SO MANY PEOPLE!

are numerous small trees throughout the campus which make it more "pleasing to the eye."

The Learning Resources Center is a truly enjoyable place of study and research. This building contains reference material, magazines, newspapers, and a wide selection of reading material. The atmosphere is quite different from that of other libraries. The only noise is that produced by a colorful water fountain located in the center of the building. Quite a place all in all.

The student union building is another well-used building. The structure is divided into three levels. The bottom level consists of a cafeteria and a fashionable lounge area. The second level houses the book store and a somewhat larger lounging area. The top level is the recreation level. Pool and ping pong are a favorite activity for the student.

The English course which these seniors are involved in is taught by Richard Lancaster. Mr. Lancaster creates an atmosphere you would not associate with that of an English course. He tries to get away from the traditional English compositions, themes, and study of literature. Instead, opinions and responses are voiced on subjects that come up, although the class does receive writing assignments. He is really a great person.

The other course, history, is taught by Harry Krenek. Mr. Krenek is an excellent teacher. He makes history so interesting that students take an interest in it. You will never leave his class without learning something new. He also has an interesting method of teaching. The assignment is broken into three parts with the student completing one part only. The first part deals with that of traditional subject matter—study from history books. The second part is comprised of the studying of an issue of current historical value. The third part consists of "contracted" an assignment in this part the student can choose a subject or area he or she is particularly interested in submit to the instructor a written or oral report telling of its historical significance.

By JAN BURKETT
When I found out about the "in depth" article about us going to Western Texas college, I panicked. So it made it easier when I just had to give my opinion on going to Western Texas College.

I love going. In many ways it's different from high school, but then there's lots of ways it's the same. The size of WTC is just right. It's small enough to give you a chance to get to know the kids in your classes. All of them in our classes are friendly and pretty easy to get along with. The teachers try to get to know you, too. You're not just a computer number. They are willing to help you in any way they can.

If you sat in a class at WTC you couldn't tell much difference between it and a high school class. Everything is on a level that you can understand. Of course the classroom itself is very different from that of a high school class. Gone are the "traditional" desks and in their place are a more modern type desk or tables and chairs.

The classroom atmosphere is a different one than we have been used to. It's more relaxed and enjoyable. Everyone is urged to give their opinions and comment freely.

By JOE CRAIG
I like the idea of giving high

If there ever was a time when it is dangerous "to look ahead" this is the week and the Frenship Tigers are the foe. Although Frenship has won only one game this year, over a tough Morton club, only Roosevelt has really clobbered them. Other losses to Hale Center, Lockney, Tulia, and Tahoka have been by either one touchdown or just one point (Lockney).

What's more with Denver City, Roosevelt and Tahoka looming ahead for the 'Lopes the local tendency might be to try to take this one with out getting up for it.

But with an undefeated season on the line and the Antelopes' usual bad luck in games at Wolfforth, Coach Bobby Davis and his club had best let the future take care of itself—for the present anyway—and concentrate on "holding the Tiger" for the second straight Friday night.

Dispatch Editorials

The Post (Tex.) Dispatch Thursday, Oct. 18, 1973 Page 14

4-H "gets all together"

Some 180 youngsters and 31 adult leaders throughout Garza County are helping to "get it all together" this week as they join millions of others throughout the nation in observing the 1973 National 4-H Week.

The Garza County observance will be climaxed by the annual achievement awards banquet Saturday night. This banquet, at which the Gold Star Boy and Girl are announced and numerous other awards made to members and their adult leaders, is one of the most eagerly looked forward to events on the 4-H calendar.

Ever since 1927, this traditional week has been a time for 4-H members, their leaders and friends to take stock of the year's accomplishments and achievements. It has also been a time to look to the future of 4-H in their community, state and nation.

"4-H Gets It All Together" is the theme of the 1973 National 4-H Week, and in countless ways, 4-H has "gotten it together" by involving more young people and adults than ever before. Latest available figures show some 5.1 million members and volunteer leaders.

4-H groups exist in nearly every U. S. county, and in about 85 countries throughout the world.

Commenced shortly after 1900 as an educational program for rural youths, 4-H today brings together both rural and urban boys and girls, of all racial, economic and social backgrounds. No matter where they live, city or county, 4-H is there. In fact, the ten largest cities in the U. S. all have active 4-H programs.

4-H appeals to young people whether they live on a farm, in an apartment, within the inner city, or even on an Indian reservation.

And through individual and group efforts they learn about the world around them, other people, customs, lifestyles, both alike and different from their own.

That's what the theme "4-H Gets It All Together" is all about.

Young people, of different backgrounds, getting to know each other and interacting and working together to solve mutual problems. Among the problems tackled by 4-H'ers are concerns such as energy, fuel, and electric conservation; improving health habits and standards; protecting our natural resources; and better agricultural efficiency.

Aiding them in their efforts are personnel of the Cooperative Extension Service, which supervises 4-H activities.

Helping the youngsters to observe National 4-H Week are some 60 businesses, corporations and foundations that support the 4-H program through the national service committee.

In 1973, this committee during its 52nd year committed more than \$3 million to aid the national 4-H program. These funds go into incentives and recognition, educational aids and literature, scholarships, leader training and other services.

These corporate friends of 4-H provide over 270 scholarships valued at \$186,300. Many of these grants are awarded during the 1973 National 4-H Congress in Chicago in November.

4-H itself is getting it all together in many different ways.

Boys are participating in once traditional girls 4-H activities, and vice versa, all of this through the encouragement of the Cooperative Extension Service.

Such programs, through wide-scale cooperation between discerning volunteer leaders and sponsors, have helped make 4-H an outstanding youth organization.

This cooperation will continue to encourage and inspire youths to follow the 4-H ideals of "learning by doing" and "to make the best even better."

Now for a permanent program

It is nice to know the city dads are "on record" as approving in principle a permanent home for the youth center.

That decision is an important one because this community has struggled for years with the problem of providing recreational facilities for the teenagers without once arriving at anything like such an agreement.

In the six months in which the youth center was in operation, this newspaper is convinced it has proved its worth to both the teens themselves and to the oldsters who always had such a hard time making up their minds about such a center.

That, of course, is a real tribute to the fine parents on the youth center committee who put the project together. They have done an outstanding job.

With the center's first home between bank and post office about to be converted into business offices — an announcement will be forthcoming soon, if not in today's paper — the problem now is to obtain a suitable home for the youth center.

The center was moved on a temporary basis to the second floor above Marshall's Department Store, but this has presented so many problems to the committee that it has not been reopened.

Two downtown business buildings, both now occupied, have been proposed and offered to the city for a permanent home for the youth center. Both would require a capital investment of course and some remodeling costs.

Big change for the better

Remember how they used to "shoot 'em up" in Mexico on election day? It was almost as dangerous to go to the polls as it was to be a candidate.

Happily, all that has changed and our neighbors south of the border are furnishing us a good example of democracy in action. Down there, of all the people who are old enough to vote, fully 94 per cent registered in the recent national election.

Five out of six who were registered actually went to the polls to cast their ballots.

In a peaceful and orderly election, free of any serious incident, some 20 million Mexican citizens voted for a new federal Chamber of

Deputies (Representatives).

The tranquil election reflects the political stability Mexico has attained. In contrast with elections of several decades ago, when election day was often accompanied by disturbances and even violence, this year's was trouble free.

What was most encouraging in this election was the manifest political awareness and civic interest on the part of the Mexican people.

This, the first federal election under the current administration of President Luis Echeverria, slashed absenteeism, conformity and civic indifference. Other nations, including our own, please take note — CD

The six months trial run was successful. The verdict apparently was returned at City Hall last week when the council took its supporting action.

Now let's develop a permanent program. — JC

POLITICS, FOOTBALL, the World Series, the Middle East war, the weather — there's just too much going on at this time of year for a slow man in a fast world to keep up.

Does anyone know where I can get one of those bumper stickers that came out after Agnew resigned — "One Down and One to Go"?

OUTSIDE OF THE fact that he is a Republican, I think the new vice president will make a good one. I only hope this Ford, too, has a better idea.

Before Ford's selection was announced by the President, Sen. John Tower said he thought Barry Goldwater would make a good vice president. Which led one of my Democrat friends to remark that it was closer to Halloween than he thought it was.

SPIRO AGNEW comes out of it smelling almost like a rose. Someone has already suggested a title for his memoirs — "The Agony of Agnew."

I wish someone would tell Chris Schenckel, who did the play-by-play on the Texas-Oklahoma game, how to pronounce the names of Oklahoma towns. Anyone can be forgiven for misspelling them, but an old Okie doesn't like to hear them mispronounced. Spiro, the home-town of the Sooners' Rod Shoate, is pronounced with a long "i", like SPY-ro, and not like Agnew's first name, SPEAR-o. But, then, Chris can be forgiven for that, after all, Agnew was in the news at the time and his first name is spelled the same as the Oklahoma town.

CHRIS DIDN'T stop with mispronouncing Spiro, however. He also struck out on the pronunciation of Eufaula, the hometown of OU's three Selmon brothers. Schenckel pronounced it U-FOWL-ah instead of U-FALL-ah, as it should be pronounced.

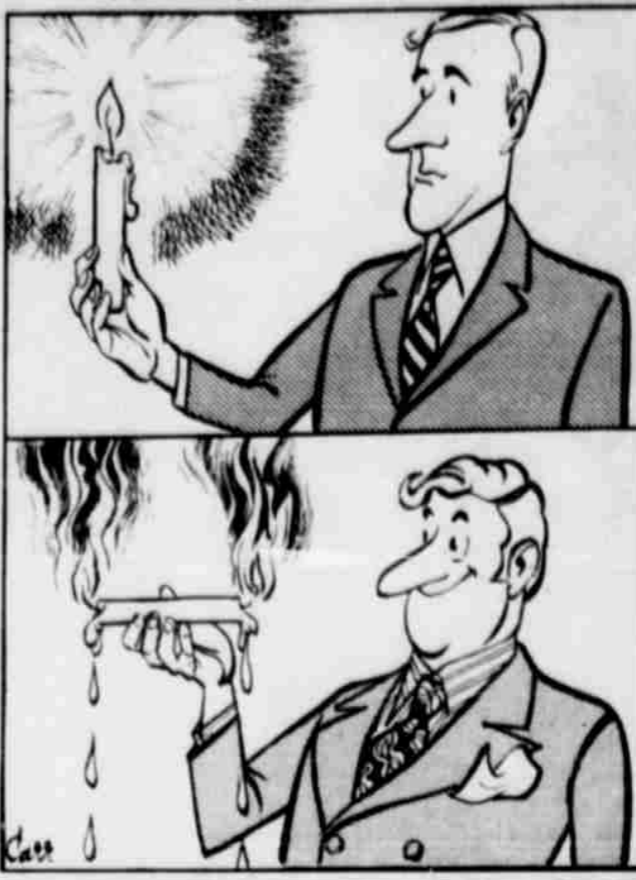

The only reason I can think of why former Sooners Coach Bud Wilkinson didn't correct Chris when he kept miscalling the names of the Oklahoma towns is that Bud is too good-natured to do such a thing. It could have been worse, though; what if there had been players on the team from such places as Pawhuska, Nelagoney, Oolagah and Tuskahoma? — only the first of which has a football team anyway.

EVERYTHING WAS just about perfect at Friday night's homecoming game, including the outstanding halftime performance by the Post High School marching band. It was the best demonstration I've ever seen by a Post band at a football game in some 20 years of covering the Antelopes, and Director Jim Swofford and his young musicians are to be congratulated on presenting such a fine show.

I may be way behind the times on this, but I was under the impression that the big bell at Antelope Stadium was a "victory bell," to be rung only when the Antelopes had scored a victory. That's the way it used to be, and I recall one school custodian who got in big trouble with the superintendent by having some youngsters ring the bell before a game was over, even though Post held a comfortable lead at the time.

FRIDAY NIGHT, when the 'Lopes were well ahead of Slaton, someone started ringing the bell again, although the game still had at least a quarter to go. If it is a victory bell, let's wait until the game is

TWO WAYS TO USE ENERGY

Remember When . . .

10 Years Ago

\$12,331 goal for '64 chest drive, dog from Dietrich kennels wins big in Lubbock dog show; four experts evaluate school system here; meeting set on contracting 3,000 acres of blackeyed peas; first annual Postex Mills golf tournament slated here, lay committee named to study school needs; Mrs. Lou Marks elected president of the Second District Texas Federation of Music Clubs at third annual convention; Salvation Army plaque presented to Bob Collier; Post topples Hamlin on unbeaten rolls in 15-13 victory; Punt, Pass and Kick competition to be held; "Pistol Packin' Sal" is chosen as high school choir's new musical; Antelopes, Tigers to open loop play at Slaton.

15 Years Ago

Weather halts harvest and pullers needed with 2,940 bales of cotton ginned; Willard Opp appointed deputy city marshal; city and county salute oil industry with barbecue; Royce Hart in Kansas City representing Future Farmers of America at convention; Mr. and Mrs. Bob West leave on two-week vacation to Arizona and California.

over to ring it — out of courtesy to the visiting team and fans. If they've changed it from what it used to be and it isn't a victory bell, then don't pay any attention to my sermonizing.

The man up the street says the nearest to perfection most people ever come is when filling out an employment application.

MARK THESE two fun-filled October holidays on your calendar:

Oct. 29: Giant Sinking Spell Festival, Lytton Springs.

Oct. 30: Fifth Annual Peat Moss Frolic, Gonzales.

Don't miss Friday night's Post-Frenship game at Wolf-orth. I don't recall Post ever having played a game there that there weren't "fireworks" and other interesting sidelights.

25 Years Ago

Lanell Brown crowned football queen at Tahoka-Post game; Connell Chevrolet Co. observes 25th anniversary; the Rev. Roemer Hudler is new pastor of the First Christian Church; 80 youths attend an after-game party in the G. E. Fleming home; Boy Scout fund drive to be staged; Robert Cato joins Ford agency staff; Mrs. J. E. Parker attends Lauritz Melchior concert in Lubbock; girls basketball season to open; Carnival plans are discussed by PTA; Mr. and Mrs. Donald Windham announce the birth of a son, Donald Ray Jr.

Dr. Welch is visitor here with family

Melton J. Welch Jr., M.D. and Mrs. Welch of Pueblo, Colo., left Friday morning after visiting relatives here and picking up their four children who had been in Post for a longer visit.

Dr. Welch is a former resident of Post and attended school here. He is related to the Charlie Williams, L. P. Kennedy Jr. families and Mrs. Pauline Stanley Mathis and also has other relatives in the Post vicinity.

Dr. Welch graduated from the University of Texas in 1960 and the University Medical School at Galveston in 1964. He interned in the Army at San Antonio, after which came a residency in urology at the University of Iowa until Sept. 30 of this year.

He recently became associated in the Pueblo Urological Professional Corp. at the St. Mary-Corwin Medical Arts Annex there.

While in Post this week Dr. Welch also visited with other acquaintances, including Mrs. Maxine Marks, who was one of his teachers in grade school here. As a youth, he was at one time employed by The Post Dispatch and also delivered bread for J. E. Parker when the latter was in the bakery business.

Demonstration on safety is given here

Safe driving must be made a personal habit of every motorist if the slaughter on America's highways is to be curbed, Ben Bullard, Assistant Safety Director, Texas Farm Bureau, declared as he spoke prior to conducting driving tests at Post High School.

"Excessive speed is the greatest single cause of automobile accidents," Bullard said in the demonstration which followed, he pointed out the conditions under which even 20, 30, or 40 miles per hour can be excessive.

Bullard added, "When drivers know the true facts and base their driving on those facts, highway accidents will drop sharply."

A film on traffic safety was shown to the students, teachers and guests.

Students and teachers took part in the tests which were conducted in a specially equipped car. The test driver was signaled to stop by an electrically controlled detonator. As the shell was fired, the street was marked with yellow paint. A second bullet was fired as brakes were applied and a third after the car came to a complete stop. Distances between the spots were carefully measured to determine in feet and inches how far the car traveled before the driver applied the brakes, or the reaction distance, and how far it traveled after the brakes were applied, or the braking distance.

Bullard emphasized the fact that a driver who observes the speed laws carefully is not a safe driver if he neglects many other items such as proper signaling for turns, approaching an intersection in the proper lane for a turn, the proper way to turn around, and many other things which are essential for safe driving.

Today's safety demonstration which was brought to Post High School under the sponsorship of the Lynn, Garza County Farm

Bureau is part of a program of traffic safety conducted since the Texas Farm Bureau Department.

Taking part in the traffic safety tests were Jay Pollard and Bill Bullard driving 40 mph in the special car at 20 mph, 30 mph, 40 mph, 50 mph, 60 mph, 70 mph, 80 mph, 90 mph, 100 mph, 110 mph, 120 mph, 130 mph, 140 mph, 150 mph, 160 mph, 170 mph, 180 mph, 190 mph, 200 mph.

Also assisting program were Sgt. rez. Jerry Tyler and Josey.

CLEAN ENERGY
FOR TODAY
AND TOMORROW

A Natural Energy Home uses natural gas for heating, cooling, water heating, cooking and clothes drying to save you money and help conserve our cleanest natural energy resource . . . natural gas.

That's because electricity in West Texas is generated by burning natural gas, and in the process of generating and transmitting electricity to your home, 23 of the gas energy is lost.

So, by using gas directly in the home for the jobs it can do, you're helping to conserve it and you're getting more energy for your money.
