## \$1.75 million egg laying complex for Southland area

### Payroll of 40 for plant

The Southland community has landed Garza County's newest industry—a \$1,750,000 egg laying complex and automated processing plant which will be built by Cal-Maine Foods, Inc.

When completely developed, it will have a million chickens and employ an estimated 38 to 40 persons.

A crew began staking out the site this week on FM 399, only a half mile off Hwy. US-84.

According to LaVaun Fox, regional controller for Cal-Maine Foods in Lubbock, 70 acres of the 157 1/2 acre site were purchased from Vernon Scott and the other 87 1/2 acres from Mr. and Mrs. Henry Edwards.

Fox told The Dispatch that there is only one other such egg production plant in the country. It is located in North Carolina and also is owned by Cal-Maine Foods, Inc.

The firm hopes to get into production in six months, but it will be three years before the laying complex reaches its final size.

Fox explained to The Dispatch that the firm plans to start out with 300,000 to 400,000 day-old chicks, raise them in the farm operation over a 22-week growth period until they become laying hens.

They are then moved into the laying complex which will be

almost completely automated. Eventually we will increase the number till we have a million chickens either being raised or in egg production, he said.

"We have our own feed mill at Roscoe and will manufacture necessary feed there for the "laying complex" at Southland," Fox said.

He said eggs produced at the Southland processing plant would go to the firm's customers West Texas and

eastern New Mexico.

Fox said it is difficult to know exactly how large a payroll will be needed because there will be so much automation, but that it will grow to 38 or 40 by the time the complex is fully completed. He said a manager for the complex is yet to be named.

The Cal-Maine Foods official explained that high transportation costs which now figure in egg production can now be eliminated through such a

central laying complex. He said his firm sees this method as the future of the egg business.

Folks hereabouts probably would more aptly call it "egg ranching."

Fox said Edwards has cotton planted on the land he sold the firm and no all-out construction will get under way until after Edwards harvests that cotton, although some limited scale dirt work will begin within the next two weeks.

### IN DECLARED 'EMERGENCY ACTION'

## Lubbock man is new Post city attorney

The city council after considerable discussion voted in a new policy change at their September meeting Thursday night.

They decided, at Mayor Giles C. McCrary's suggestion, that henceforth they would avoid hasty and ill-advised decisions by not taking final action on any but routine matters until they had a month to think it over.

But to provide for an emergency popoff valve, they

inserted a provision which said if four out of five councilmen agreed, they could make an exception to the new policy and take final action at the same meeting.

Once they got that out of the way, the council's four councilmen present agreed they had an emergency and voted to hire Harvey L. Morton of Lubbock as Post's new city attorney, effective Sept. 15, subject to favorable replies on a check of his references.

The city has been without an attorney since early August when the council voted not to give then City Attorney Pat Walker the salary increase he requested, as The Dispatch understands the situation.

Morton was present at the meeting for an interview before the vote was taken.

A graduate of the University of Texas law school, Morton maintains law offices in both Lubbock and Slaton. He has (See City Council, Page 10)

### TO GOVERNOR FOR APPROVAL

## Diaster tag for Garza is sought

The Garza County Commissioners Court by a unanimous vote Monday approved a request which will be forwarded to Governor Dolph Briscoe that Garza County be declared a disaster area.

This would make farmers and ranchers eligible for federal

emergency disaster loans.

The governor's approval will be required, however, before farmers and ranchers can qualify for such federal aid.

Bill Stewart of Tahoka submitted a grim economic report to the court which made these points:

The county's 1974 cotton crop has been damaged by 75 per cent, including loss of all dry land cotton.

There has been a 100 per cent loss in grain sorghums due to the winter and spring drought.

The forage crops in the county have been damaged 95 per cent.

Pastures have suffered 65 per cent damage which means a probably reduction of cattle on Garza ranches by 60 per cent next year.

A number of West Texas counties already have been designated as disaster areas under this federal program and many more now have their requests in Austin awaiting the governor's action.

## City dads to have budget work session

City councilmen are going to schedule a special work session sometime in the next few weeks to complete work on Post's over half million dollar budget — biggest in city history — before the public budget hearing scheduled for the October council session Oct. 7.

The 1974 tax rate is yet to be considered, or set. But with oil valuations away up, it isn't likely an increase will be forthcoming.

The council labored for two hours over budget items at the September meeting last Thursday night with A. Arthur Davis of Lubbock, city auditor, before laying it aside unfinished after having allocated all available funds and still having a few other requests for increases to act upon.

Mayor Giles McCrary warned councilmen that the city is spending up all its reserves at a too rapid rate.

He pointed out the general fund only a few years ago had a \$60,000 surplus which is now gone. The council also has pretty well used up its oil fund surplus, after deciding to take another \$10,000 of it this year to help buy a badly needed new city maintainer.

The maintainer which is expected to cost in the \$30,000 range would be paid off with another \$10,000 in the next budgetary year.

Mrs. Maxine Marks presented the council with a joint city-county budget request for \$14,421 for annual operating costs of a proposed new (See City Budget, Page 10)

## Rites Friday for Mrs. Wilbourne

Funeral services were conducted at 3 p. m. Friday in the First Christian Church here for Mrs. Gracie Mildred Wilbourne, 61, retired employe of Postex Plant.

Mrs. Wilbourne died at 7 p. m. last Wednesday in West Texas Hospital at Lubbock following a lengthy illness. Survivors include one son, Gerald Bradley of Macon, Ga.; three brothers, B. A. Crider of Socorro, N. M., W. C. Crider of Mountainaire, N. M., and Lewis Crider of Dimmitt; a sister, Mrs. Bertha Brown of Estancia, N. M.; and three grandchildren. Mrs. Wilbourne had been a resident of Post since 1917.

The Rev. Edgar Fox, church pastor, officiated at the funeral services.

Burial was in Terrace Cemetery under direction of Hudman Funeral Home.

1974 WORLD CHAMP IN ACTION — Olin Young of Peralta, N. ## New roping champ to lead OS field

The newly crowned 1974 world champion steer roper — Olin Young of Peralta, N. M., — who also won the National Finals Steer Roping in Laramie, Wyo., Sunday will top the 32-roper field for the fourth annual OS Ranch Benefit Steer Roping Sunday afternoon, Sept. 29.

Counting the \$3,000 he picked up in winning the National Finals, Young wound up with \$12,416 in winnings in steer roping in RCA-sponsored events this year, an all-time record high.

Young won the world title for amassing the largest cash winnings in steer roping events. He also won the title in 1971.

Young placed in six go-rounds at the Finals, taking three firsts and his total time was 149.1 seconds.

Both the second and third place finishers in the National Finals also will be in the OS field in two weeks. They are Sonny Davis of Kenna, N. M., who was runnerup with 162.8 seconds, and Charles Lynn of South Coffeyville, Okla., who wound up third with 191.8 seconds.

Tim Prather of Snyder also brought home some of the "finals prize money," winning one go-round, placing second in another and fourth in a third.

Actually ten of the top 16 steer ropers in the country for 1974, according to final unannounced winnings in sanctioned events, will be in the 32-man field here.

Besides Young, they include: Davis, third, \$6,099; Lynn,

sixth, \$3,976; Sonny Worrell of Altoona, Kans., seventh, \$3,687; Tim Prather of Snyder, eighth, \$3,524; Allen Keller of Olathe, Colo., tenth, \$3,279; Pake McEntire of Kiowa, Okla., 1972 OS winner here and twelfth in

the nation this year, \$2,413; Bud Upton of San Angelo, 14th, \$2,207; Walt Arnold of Silverton, defending OS champion and 15th nationally this year, \$2,161; and Randy Burchett of Pryor, Okla., 16th, \$2,120.

OS Ranch roping arena Saturday, Sept. 28, to open the big two-day "benefit weekend" at the ranch. Jim Prather told The Dispatch this week.

Both the team roping and the barrel racing are open events with the books on both opening at the ranch at 8 a. m. today. The entries for the team roping will close at 6 p. m. Friday, Sept. 13 with barrel racing entries continuing to be accepted until 6 p. m. Saturday, Sept. 21.

The ranch phone number for entries is 629-4226. Prather said that the Girls Rodeo Association this year has sanctioned the O. S. Benefit barrel racing event, so more entries are expected than in previous years with the possibility that more of the top barrel racers will enter.

Prather told The Dispatch a "match roping" has not been scheduled this year and is being replaced by the team roping which will get under way at 8 a. m. Sept. 28.

The calf roping and barrel racing will follow Saturday afternoon with the final dash around the barrels by the ten girl finalists billed for Sunday afternoon during the jackpot steer roping.

Thirty-two of the nation's top steer ropers, including many former world champions, will participate in the highlight event beginning at 2 p. m. Sunday afternoon.

There will be three go-rounds with the top 12 on total time (See OS Benefit, Page 9)

Miss Charlene Nelson is the new director of the city-county youth center.

Mrs. Patty Kirkpatrick, president of the youth center board, announced this week that the Post young woman has been employed in the position on a permanent basis.

Miss Nelson graduated from Texas Tech in August with a degree in social work. She is a 1969 graduate of Post High School.

Mrs. Kirkpatrick also announced the youth center will be closed on Friday night during the football season because of the high school games.

Miss Nelson said plans for a homecoming dance on Friday night, Sept. 20, will be announced as soon as all arrangements can be completed.

Operating hours for the youth center will remain unchanged. This is from 6:30 to 10 p. m. on Mondays, Tuesdays and Thursdays and from 6:30 to 11 p. m. on Friday and Saturday nights, except for the newly announced Friday night closing during the grid season.

## V. G. Guthrie dies in Temple

V. G. "Garrett" Guthrie, 87, retired Postex Plant employe who moved from Post 15 months ago to make his home with his son, Rayman, on route 5, Temple, Tex., died at 6 p. m. Tuesday in Scott and White Hospital at Temple after an illness of several months.

He had been a resident of Post 28 years, coming here in January of 1945.

Survivors, besides the one son, include another son, C. W. Guthrie of Snyder; a daughter, Mrs. Edna Bilberry of Post; 28 grandchildren; and many great-grandchildren.

Guthrie was born Aug. 7, 1887 in Leesville, Tex.

Funeral rites were pending yesterday in Temple.

## Five Post winners in Little Britches rodeo

Contestants from Lamesa, Roby and Southland won the best all-around buckles in the Little Britches Rodeo held here Saturday and Sunday under the sponsorship of the Garza County Junior Livestock Association and attracting approximately 300 entries.

The best all-around buckle in the pee wee division went to Gary Don Sharp of Lamesa, in the junior division to Tammy Stuart of Roby and in the senior division to J. J. Basinger of Southland.

Buckles were also awarded (See Little Britches, Page 10)

## County accepts courtroom bid, adopts 1975 budget

Garza County Commissioners Court at its September meeting Monday approved a county budget which is close to the half million mark, left tax rates the same for another year, and set a \$28,536 bid from contractor C. B. Thompson of Post for remodeling of the courtroom.

The contract for the courtroom renovation, reduced Thompson's low bid of \$30,000 when bids were received primarily through a bid in the refrigerated air conditioning from 14 to 10 tons.

Judge Giles Dalby said the 14 judges will be on the basis of persons being comfortable in the courtroom on a 100 per cent basis.

When the jury or jury panel is gathered for one or two we wouldn't have 100 people in the courtroom and need that much conditioning," he explained.

By SANDRA KAY DUDLEY  
New officers were elected by the Post Future Farmers of America chapter at the first meeting of the school year Tuesday in the Ag building.  
Eddie Gannon, president; Ricky Cross, vice president; Eddy Harper, secretary; Sandra Dudley, reporter; Jackie Blacklock, treasurer; Randy Babb, sentinel and Donnie Rogers, chaplain.  
The approximately 36 members attending the meeting elected the following officers:  
The Post FFA chapter is off to a good start and is going to have a successful year, says Mr. Howard, advisor. Many activities are planned for the coming year and the chapter has the leadership and qualities to carry them through.

**Pep rally helps arouse spirit**

A pep rally was held in the gym Friday, Sept. 6, to promote spirit for the Lockney game. The cheerleaders led yells, and provided a skit with the theme of "Rope the Longhorns." The band played several selections in which the twirlers were featured. A pep talk was given by guest speaker, Mike Mitchell.

We really appreciate the interest and support given by the parents and the people of Post. Everybody come out and support the Antelopes and boost spirit every Friday at 3 p. m. in the high school gym.

Friday, Sept. 14, we will be boosting the Antelopes on to victory with the Coahoma Bulldogs.

Most of the seniors arrived at the Post High School for senior pictures. The guys posed in blue tuxes, the girls in black capes, and both in cap and gown.

If the gleam of a diamond has caught your eye, it could be one of the senior rings flashing around. We are proud of them, if you have not noticed.

The senior class of 1974-75 is about 70 students strong, with Mrs. Joy Pool and Mr. Joe Giddens as sponsors. That is about all for now, but the year has only begun.

**Betty Crocker Search offers scholarships**

College scholarships from \$500 to \$5,000 are available to all high school seniors through the Betty Crocker Search for Leadership in Family Living, formerly the Betty Crocker Search for American Homemakers of Tomorrow.

An invitation to enroll in the program will soon be mailed to Post High School and to all other high schools across the nation.

The enrollment deadline is Oct. 11.

On Dec. 3 each participating school will administer a 50-minute written examination. Prepared and scored by Science Research Associates, Inc., Chicago, this general knowledge and attitude examination is the first important step of the scholarship program.

From the examination results, a "Betty Crocker Family Leader of Tomorrow" will be chosen for each participating school. School winners are acknowledged with special awards and their examinations are entered in state competition.

# POST VS. COAHOMA

## 8 P.M. FRIDAY, SEPT. 13

### AT COAHOMA

WHO'S GOT THE FOOTBALL IN THIS LOCKNEY GAME SHOT?

The Antelopes haven't played the Coahoma Bulldogs before but they will find them the toughest club on their 1974 schedule — Floydada, Denver City and all the rest, notwithstanding.

Coahoma handed Big Lake a thorough whipping last Friday night in their opener and were rated in most pre-season tickets as in the top 10 Class AA clubs in the state, all the way from No. 2 to No. 8.

One learns by experience and Coach Bobby Davis figures the Bulldogs are going to provide a full evening of good experience Friday night for the 'Lopes, whose unabashed aim is the district crown.

## Card Of Thanks

Words just don't seem to come to us at a time like this to say thank you. The people of Post and surrounding communities came through again when they were needed. The prayers that were said, the visits, the flowers and beautiful cards while we were in the hospital and the food that was brought to our home were more than appreciated. You will never know how much you are loved. God shows his love through his people and we love you all. With heartfelt thanks to each of you we say God bless you and your house.

# White-McNeely vows are read Saturday in New Home church

MRS. STANLEY WAYNE McNEELY (Sherry Lynn White)

Miss Sherry Lynn White became the bride of Stanley Wayne McNeely in a double ring wedding ceremony Saturday evening in the New Home Baptist Church at 7:30 p.m.

Parents of the couple are Mr. and Mrs. Carter Gene White of Wilson, formerly of the Graham community, and Mr. and Mrs. Jerry McNeely of New Home. The bride is the granddaughter of Mr. and Mrs. L. C. White of Post.

The Rev. E. K. Shepherd, pastor of the Wilson First Baptist Church, performed the vows before an archway entwined with greenery and pink blossoms. Flanking the archway on either side were two baskets of pink and white flowers and candelabra with pink tapers.

Presented in marriage by her father, the bride wore a Renaissance gown of white silk organza featuring a molded bodice enhanced with Cluny lace flowerlets. The scoop yoke was edged in a mushroom pleated ruffle topped with heavy lace flowerlets accented with seed pearls. The long sheer sleeves were caught at the wrist with a ruffle of the mushroom pleats and lace flowerlets. A Renaissance bandeau covered her head with veiling falling in three tiers, each edged in the matching lace flowerlets and drifting beyond the hem of the gown to form a chapel length train. Her bouquet was of dark pink Better Times Gladiola bubblelets, pink baby roses, stephanotis and baby's breath.

She carried out the tradition of something old, new, blue and borrowed by carrying an old handkerchief belonging to her maternal grandmother, the late Mrs. Hardy Smith; her dress was new; something borrowed was a necklace belonging to her sister; and she wore a blue garter. She also wore a 1956 penny, the year of her birth, in her shoe for good luck.

Attending the bride as maid of honor was Miss Cynthia White, her sister. She wore a long mint green crepe styled with an empire waist accented with pink rosebud trim, a self ruffle at the neck and puff sleeves. She carried a nosegay of pink gladiola bubblelets and baby's breath and word a small rosebud hairpiece with mint green ribbon streamers.

Bridesmaids were Miss Robin Woods of Odessa, cousin of the bride and Sheila McNeely of New Home, sister of the groom. They wore dresses identical to that of the maid of honor.

Keitha Beth White of Post, cousin of the bride, was flower girl. Her dress was the same as the other honor attendants. Candelighters were Steve White, cousin of the bride from Post, and Brian Keith, cousin of the groom from New Home.

Andy Smith of New Home served as best man with Andy Bill Fillingim, cousin of the groom, and Brad Smith, both of New Home, as groomsmen.

Ushering the guests were Richard Woods, cousin of the bride, of Camp Pendleton, Calif., and Mark Clem of New Home.

Wedding music was by Miss Perry Phifer of New Home, who accompanied herself on the guitar and sang "In My Life" and "Follow Me."

The reception followed in the Fellowship Hall of the church. The guests were registered by Misses Terri Steen and Becky Verkamp at a table covered with a pink satin cloth and layered with tulle and centered with a crystal bowl containing the rice bags.

The wedding cake, punch, nuts and minis were served from an oval table covered with a tiered white satin cloth trimmed with pink and mint green velvet ribbon and love knots. The centerpiece was a large silver candelabra with four pink tapers and an arrangement of flowers in shades of pink. Crystal appointments were used.

Assisting with the serving duties were Miss Camille Rice, Mrs. David Gandy of Tahoka and Mrs. Dan Hodges of Post. Members of the house party were Mmes. Noel White, Quanah Maxey, Bobby Cowdrey, all of Post, and Mrs. Thomas Autry and Mrs. Velma Behrend of Wilson.

Following a short honeymoon trip to Lake Brownwood, the couple will be at home on Route 4, Tahoka.

The bride attended school at Post and graduated from Wilson High School in May of this year. The groom is a 1973 graduate of New Home High School.

OFF TO SMILING START — Three of the Post Music Club officers pose with Mrs. Charles Johnson of Seagraves, district president of the Federation of Music Clubs at the local organization's Saturday brunch to open the new club year. Left to right, Mrs. Louise Dietrich, club president, Mrs. Johnson, Mrs. Ann Tubbs, second vice president, and Mrs. Sharlot Sparlin, first vice president.

## HD agent gives Music Club opens year Saturday with brunch

The Graham Home Demonstration Club met Sept. 6 in the home of Mrs. Sue Maxey.

Roll call was answered with "What is One Future Goal of Your Family?"

The council report was given by Jewell Parrish.

Extension agent, Paula Cawthon presented the program, "The Family in Tomorrow's World."

Refreshments were served to members, Mmes. Bernita Maxey, Nona Lusk, Loucille Morris, Rene Fluit, Nita McClellan, Jewell Parrish, Pearl Wallace, Viva Davis, Iris McMahon, Sue Maxey and two visitors, Jane Mason and Keithabeth White.

The club adjourned to meet Sept. 20.

The Post Music Club, a member of the National Federation of Music Clubs met Saturday, Sept. 7 in the First United Methodist Church Fellowship Hall to begin their 1974-75 year with a brunch served by the Methodist youth.

The Federation Day Observance program was opened with a welcome to members and guests by Mrs. James Dietrich, club president.

Mrs. Charles Johnson, District President was guest speaker. Her program, "Federation Orientation" was a challenge to club members to consider all efforts in music federation worthy of our time.

Mrs. Sharlot Sparlin, vice president, introduced the year-books. The course of study for the year is "The Sound of Music: The Story of the Trapp Family Singers" by Maria Augusta Trapp.

The Music Club chorus composed of Sharon Bruton, Kay Lamb, Sharla Wells, Joy Pool, Mary Alexander, Maury Shiver, Margie Pennell directed by Marita Jackson and accompanied by Patty Kirkpatrick sang the national federated music club invocation by Julia Smith.

Other songs performed by the chorus were, "Sing" by Joe Raposo and "The Sound of Music" by Rogers and Hammerstein.

"Happy Birthday" was sung to honorary member Mrs. Maggie Mae Jones in honor of her upcoming 92nd birthday.

The meeting was closed by a vocal rendition of "Bless Us O God" by Marita Jackson.

Members present for the meeting were Louise Dietrich, Sharlot Sparlin, Ann Tubbs, Sharla Wells, Marita Jackson, Patty Kirkpatrick, Sharon Bruton, Kay Lamb, Joy Pool, Mary Alexander, Maury Shiver, Maxine Marks, Marianne Hart, Boo Olson, Wanda Mitchell, Sue Metzger, Sharyn Birchfield, honorary members, Dana Pool, Maggie Mae Jones and patron member Ruby Kirkpatrick.

Guests included Mrs. Jeanie Hunsaker, Dorothy McCook, Bernice Shaw, and Martha Chisum. Honorary guests were Mrs. Charles Johnson and Mrs. Bess Allen from Seagraves.

OPPORTUNITIES AWAIT 4-H VOLUNTEERS

If volunteer programs are your "thing," then the Texas 4-H and youth program offers unlimited opportunities to help young people learn and develop. 4-H is the youth development program of the Texas Agricultural Extension Service and focuses on the needs, interests and concerns of boys and girls between 9 and 19 years of age. Its aim is to help young people develop through practical learning experiences like preparing a nutritious meal, building bookshelves or growing a vegetable garden.

Since young people do not develop their skills and attitudes overnight, they need and seek guidance from the 4-H volunteer who helps them probe the "why" behind the "how to do it."

Helping youth develop, however, requires different kinds of leadership. For those who prefer to work primarily with youth, 4-H offers leadership roles related to the organization, project or activity aspects of a 4-H group. While the organization leader guides the overall operation of a 4-H group, the project and activity leaders help boys and girls learn by involving them in a specific project — clothing, foods, crafts, auto repair, bicycle safety, livestock, home furnishings, and many related activities, such as safety clinics, exhibits and local tours. These leaders may, in turn be assisted by junior and teen leaders who work closely with an adult or teen advisor.

Volunteers who prefer to work primarily with adults also have a wide range of choices. A 4-H project or activity chairman helps other leaders with a specific activity or project. A 4-H recruiter seeks out youth and adults interested in becoming 4-H members or leaders, then allows the 4-H organizer to help the new group get started. Volunteers are also assisted by the 4-H resource person who secures special materials or people from the community. If you are interested in young people, want to share your

"ESA Under the Apple Tree" was the theme for the fall rush social of the Gamma Mu Chapter of Epsilon Sigma Alpha.

The Monday evening event was held at the Graham Community Center with 16 attending.

Red apple name tags were presented to each one upon arrival and they drew for the door prize, a box of red apple postal notes.

President Judy Bush welcomed the guests and introduced

each one present. A series of get-acquainted games were led by rush chairman, Orabeth White.

Johnnie Norman, chaplain of the chapter, led the group in prayer preceding the salad supper prepared by the members.

The serving table was laid with a blue denim and white daisy cloth trimmed with apples and centered with a miniature apple tree.

The meal was followed by several games and then an informal discussion of the work, projects, by-laws, etc. of the Gamma Mu Chapter.

Special guests for the rush included: Mmes. Bertha Kay, Judy Trulove, Judy Houston, Cindy Mitchell, Tommie Williams, Loretta McElroy, Kathy Fluit and Julie Hudman.

Members present were: Jane Mason, Laveta Norman, Louise Green, Ruth Ann Young, Helen Mason, Johnnie Norman, Bush and White.

After dismissal of the guests, final plans were made for the District IX ESA meeting to be held in Post Sunday afternoon with the local chapter as hostess. It will begin at 2 p. m. at the Presbyterian Church Fellowship Hall with a business meeting and eight workshops to be conducted. Special guests will include the ESA State President Martha Hewitt of Sinton and the immediate past president of International, Emma Lou Brink of Coleman, as well as several other state officers.

# 'Lopes lack TD punch, drop 7-3 opener at Lockney

## Tony Conner boots field goal from 22 yards out

Failing to come up with either a scoring punch or attack consistency, the Post Antelopes dropped their 1974 opener at Lockney Friday night 7-3 in a game which featured strong defensive play by both ball clubs.

Coach Bobby Davis' team had three touchdown opportunities, but the only points they could put on the board came off the strong right leg of End Tony Conner who booted a field goal home from 22 yards with 2:52 left in what up to then had been a scoreless first half.

Lockney's Longhorns took advantage of a fumbled punt by Safety Mike Shepherd on the Post 14 with but seconds to go before intermission and shoved it over the doublestripe in three plays to complete the night's scoring.

Post had two final quarter opportunities but couldn't cash either one of them into what probably would have been the winning touchdown.

Fullback Joe Moore had the best shot at it on the next to the last play of the third period when he took a screen pass from Quarterback Bryan Davis — almost intercepted and tipped into his hands by a leaping Lockney defender — on a fourth and three situation from the Lockney 30.

He apparently had the left side of the field all to himself, but Roland Bennett came clear across from the right side and dropped him with a clean tackle on the Lockney four.

Post could go no further. Two ground plays lost three yards and two passes fell incomplete to halt the 'Lopes 38-yard drive, their second longest offensive effort of the night.

Lockney punted out of that hole to exactly midfield and Shepherd took the ball on the first bounce and returned it to the Lockney 41.

The Antelopes couldn't get going in three plays and Garland Dudley played into the end zone which put the ball on the Lockney 20 in Lockney's possession, but not for long.

A charging Antelope line smothered Horn Quarterback Zach Cummings on the first play forcing a fumble which Roger Taylor pounced on for Post on Lockney's 18.

It proved to be the 'Lopes last opportunity. Three ground plays took it to the Horn 11, but then Bennett did "his thing" again for Lockney. He intercepted Davis's pass and ran it all the

way out to Lockney's 39.

There was 5:04 left on the clock then, but Lockney used it all up with a long ground drive which carried 56 yards to the Post 5, before the Antelopes shoved the Horns back to the 15 as time ran out.

Probably part of Post's offensive problem was the quarterback situation.

Randy Josey started and ran the club for the first series only because he had dislocated the little finger on his right hand in practice last week and had considerable difficulty and pain in taking the center snaps.

Davis, cleared to play by his physician after a bout with mononucleosis, then came in and went the rest of the way. He had had little work in timing handoffs, no contact work at all, and his passing was rusty, his only completion being the screen to Moore.

Moore, who had the best shot at a touchdown on the screen pass play, played on a heavily taped knee after straining a knee ligament in practice. Although a starter on defense too, he was held out of the secondary with Jay Kennedy replacing him there.

While the Longhorns couldn't put together any long drives, they held on to the ball and piled up 12 first downs, 181 yards rushing, and 56 more passing in accurate throws from Cummings to big end Tony Gross.

In comparison, the 'Lopes managed only six first downs, 82 yards aground and 68 more through the air on two of eight passes.

The first chance Post had came when Linebacker Tim Owen covered a Lockney fumble on the Horn 34, but Post fumbled the ball right back on the Lockney 30 two plays later.

The next time Post got the ball, the Antelopes fumbled again and Lockney recovered on the Post 45, but couldn't move it, and the Antelopes held on their 35.

It was from here that the Antelopes started the drive that produced the field goal.

All told it went for 61 yards with 40 yards of it coming in a desperate third and 18 situation when End Tony Conner passed to End Shepherd on a pass-run play which carried to the Lockney 19.

Two plays picked up a first down on the Lockney four, but Lockney shut it down then with three ground plays picking up nothing and setting up Conner's field goal from the 12.

Lockney came back with its touchdown drive of 14 yards off the punt fumble with Mark Sherman literally diving over center from the two to score after a reverse fooled the 'Lopes and was good for 12 and a first down on the two.

Willie Mathis added the conversion point from placement, and, as it turned out, that was the old ball game.

The 'Lopes came out of the contest with no new major injuries. Owen got a bad leg bruise and there were plenty of bruises from the hard hitting.

Chris Wyatt, defensive end,

**SURROUNDED** — Danny Foster, Lockney's 195-pounder fullback was a hard man to drop, but here Linebacker Sammy Gutierrez, No. 35, in white, has dropped him as Chris Wyatt, No. 88, and unidentifiable Antelope close in to be sure. ## Forecaster picks 'Lopes to upset Coahoma team

The Dispatch's football forecaster hit on 11 out of 17 the first week of the season for an unglamorous .647 percentage, but would have been even worse off if he had "believed" some of the scores in Saturday's Lubbock paper.

First-week games missed by the pigskin prognosticator were Post-Lockney, Littlefield-Cooper, New Deal-Idalou, Petersburg-Abernathy, Plains-Morton and Houston-Arizona State.

Following are the forecaster's predictions for this weekend, with his choice — as usual — in capital letters.

**POST** at Coahoma. 'Lopes to pull upset and end four-game losing streak.

**CROSBYTON** at ROOSEVELT. Eagles had tough one against Lorenzo, but should widen margin here.

**TAHOKA** at ABERNATHY. Bulldogs not likely to get rolling here.

**COOPER** at FLOYDADA. Mean Green to polish off Pirates.

**FRENSHIP** at LOCKNEY. Turned in probably the outstanding defensive effort for the Antelopes. Linebacker Sammy Gutierrez and Strong Safety Garland Dudley also turned in strong defensive games.

Offensively, End Tony Conner, who threw one of the two long pass completions which set up the field goal, kicked the field goal, and kicked off through the end zone to open the game probably earned the best grade.

## Frosh, JVs to play tonight

Both the Post freshman and junior varsity teams will open their 1974 seasons here in Antelope Stadium tonight against Cooper.

The freshmen will meet the Cooper freshmen at 5 p. m. and the junior varsity will play the Cooper JVs at 7 p. m.

**IOWA STATE** at TEXAS TECH. Raiders start off with not-so-easy one.

**HOUSTON** at RICE. Cougars disappointed us against Arizona State.

## Coahoma could be 'Lopes toughest foe

Coach Bobby Davis' Antelopes may be facing the toughest foe of a tough schedule at Coahoma Friday night when they tangle with the state-ranked Coahoma Bulldogs for the first time in the two schools' histories.

Coahoma has just climbed out of Class A ranks where they ranked along with Seagraves as one of the West Texas powers and this year they have enough muscle to look like one of the best in the state Class AA.

The Antelopes scrimmaged Coahoma in 1956 when they were a top Class A club.

Pre-season polls generally rated them somewhere in the top ten from second to eighth.

In their opener last week, the Bulldogs stomped the always rugged Big Lake eleven, 20-6 and handed them a physical beating in doing so at Big Lake.

Big, tough, and very physical is the way Antelope scouts describe Coahoma.

## Eagles drop grid opener

**SOUTHLAND** — Brent Tankersley, scoring ace of the Wellman Wildcats, came up with two scoring runs in the last three minutes of the game here Friday night to turn a close game into a 28-13 triumph for the visitors over the Southland Eagles in the 1974 opener for both eight-man teams.

After a scoreless first quarter, Tankersley ran 18 yards for one touchdown and passed 10 yards to Kendall Jenkins for another to give Wellman a 14-0 intermission lead as Kendall Jenkins ran the all-important points after the second score.

The Eagles came back in the second half with Mark Bevers scoring on a one yard plunge to cap a late third period drive.

Kendon Wheeler kicked the extra point to make it 14-7.

In the fourth period, Wheeler passed six yards to Paul Eckert to make the score 14-13 but a passing try for the go-ahead points was incomplete.

## Post's Junior High gridders divide a pair

Post's seventh grade team came through with an 8-0 win Tuesday night, but the eighth grade eleven lost, 16-0, in openers at Cooper.

The seventh grade team's win was in regulation play. An extra quarter was played in order to give more gridders from both squads an opportunity to play, and in that "fifth" quarter, Cooper scored six points.

Scott Walker scored Post's touchdown on a run, and quarterback Mike Macy sneaked across for the extra points.

About 45 boys saw action for Coach Danny Chisum's Post squad in the game.

The eighth grade game was a tight defensive battle until the final quarter when Cooper racked up its 16 points, one touchdown coming on a run and the other on the runback of an intercepted pass off the arm of quarterback Dale Redman.

Bryan Compton also saw service at quarterback.

Coach Chisum's junior high teams' next games will be against Floydada on Tuesday, Sept. 17, at Antelope Stadium.

## 8th grade lineman injures right arm

Jack Moore, a guard on the eighth grade football team, suffered a badly bruised right arm in Tuesday night's opening football game at Cooper.

It was at first thought that the youngster's arm might be broken, but an x-ray examination at the hospital here showed it to be only badly bruised.

(Continued From Page One)

air-conditioning ducts and all in Judge Dalby's office, he may move his office for a short time to his private office in the McCrary building.

The county's budget for the 1975 calendar year calls for total receipts of \$507,522.09 and expenditures of \$485,402.96, which includes revenue sharing funds of \$73,092.

Receipts for the present year are budgeted to be \$486,364.72 with budgeted expenditures of \$480,960.58.

Despite inflation, the county obviously is holding the line dollarwise.

Of the \$507,522.09 in total receipts expected next year, property taxes will raise an estimated \$208,317.74, figuring a conservative 90 per cent collec-

tion. Other receipts, besides the \$73,092 in federal revenue sharing funds due, will total \$226,112.75.

The \$208,317.74 collected in property taxes will be the most ever collected in the county probably, despite the hold-the-line attitude on the 95 cent tax rate.

This is because oil valuations in the county, as well as everywhere else, took a hefty jump of over \$3,500,000, despite the fact the commissioners

court gave oil interests a special consideration for 1975 by figuring taxable valuation for oil at 21 per cent whereas all other taxpayers will pay on the basis of 25 per cent of real value.

Even with tax help, oil interests are going to pay 62 per cent of all Garza County property taxes next year, a much bigger proportion than last year.

In the budget, the commissioners approved the request of

Mrs. Patty Kirkpatrick, chairman of the city-county youth center board, for \$3,000 as the county's share for operating expenses for the center for 1975 to come from revenue sharing funds, and a \$500 allocation from the general fund for architectural fees for the proposed new center.

The commissioners also approved the request of Jim Cornish, chairman of Post Public Library trustees, for \$1,500 from the county for book

buying and operations plus \$2,236 for half the salary of the librarian plus half the social security. All but \$750 of this will come from revenue sharing funds.

To comply with state requirements, the court also increased its annual allocation to the Garza County Historical Survey Committee \$200 to a total of \$500.

Then he felt the victim with his feet and in the meantime, another man had jumped into the lake to assist Casey.

Together, the two brought the youth to the shore where he was revived by mouth-to-mouth resuscitation. The victim was then wrapped in a blanket and his family was advised to take him to a doctor.

Mrs. Casey told The Dispatch they did not learn the man's name. "All we know is that he was a young Spanish man from Lubbock," she said.

The Caseys recently moved to Post from Arizona. He is a retired operator's engineer and she is a retired nurse.

An employee at the lake told The Dispatch that Sunday's near-drowning had not been reported to the shore patrol as far as he knew. "But such could easily have happened," he said. "It was just a case of someone nearly drowning and none of us out here being notified."

Mrs. Casey said, "We felt that we had one our good deed for the day, but our fishing trip was ruined."

**City budget ---**

(Continued From Page One)  
community and youth center.

Mrs. Marks wanted the city council to be aware of the costs should it be built during the current budget year so that maintenance costs for such a center could be properly budgeted.

The city's share would be \$7,210.50. Already in the budget, however, is \$3,849 for continued youth center operation.

Not included in the budget anywhere, either, is the city council's general commitment to do something about a permanent home for a combined community-youth center.

A 15-member study committee, headed by Mrs. Marks and Bob Arheiger, are expected to report their recommendations and cost figures within the next 60 days.

The budget being considered is for the fiscal year which began over two months ago on July 1, 1974.

That was another point Mayor McCrary made — the council taking so long to adopt its budget long after the budget year has begun, where in contrast he pointed out "the county on Monday will adopt their 1975 budget well over three months in advance of the start of its budgetary year next Jan. 1."

But using up the surpluses to

buy equipment has been good financial management in one sense, Auditor Davis pointed out. Whereas most cities have had to pay interest on time warrants to purchase equipment Post for several years has been buying its equipment with cash and saving the interest charges, which these days are substantial, he said.

Actually, the budget Davis brought to the Thursday meeting for councilmen to go to work on called for the expenditure of \$533,060.37, as compared to actual expenditures of \$402,107.03 for the last fiscal year.

This is a 32 per cent overall budgetary increase. City receipts would total an estimated \$480,377, leaving over \$52,000 of new expenditures to be paid by a reduction in current balances.

Untouched among the remaining balances is \$100,000 in the water fund, which the city had saved to build a new sewage plant which now appears won't be necessary.

Davis told councilmen that as long as the city has a water debt, which it has, the \$100,000 cannot be transferred into the general fund and spent for other purposes.

The council feels it shouldn't use the \$100,000 to retire water bonds early because it can earn more interest with the money than the city must pay on the old water bonds which date back to Post's frantic water-field days.

Of the \$480,377 in total receipts, it is anticipated only \$88,331 will be raised through property taxes, as compared to \$83,960.51 last year.

Other major sources of income for the city are \$32,500 in occupation and utility tax, \$56,000 for the one per cent city sales tax, \$26,400 in sanitation charges, \$9,000 from the county for rural fire protection and \$5,634 from the county for the salary of one policeman, and a \$30,000 transfer from the oil reserve fund, which is an accumulation of oil royalties.

Proposed city expenditures by municipal department with actual expenses for last year in parentheses are as follows:

City hall \$32,585 (\$29,348.27); police \$51,377 (\$34,186); fire department \$27,566 (\$25,661.20); street department \$49,069 (\$45,138); sanitation \$53,837 (\$43,046); cemetery \$12,158 (\$13,627); park \$6,939 (\$6,634); library \$3,836 (\$5,968.45 which included \$3,412.90 from SPAG for librarian's salary); youth center \$3,849 (\$3,164.10); and other, including such items as \$5,126 for police radio equipment, \$622 for radar rental, \$2,140 for summer recreation program, \$3,700 for newly required workmen's compensation insurance, and ambulance insurance, supplies and equipment, totaling \$12,965 (\$14,386.)

The budget for the revenue sharing fund calls for \$80,900 in expenditures and only \$56,920 in receipts but an \$82,794 carry-over as of July 1 provides a workable cushion.

The federal sharing money is budgeted for law enforcement \$1,500; new loader \$37,600; dump ground land \$5,000; dump ground fence \$10,000; cemetery fence \$1,200; street seal coating \$25,000 (put off from this last summer), and \$600 for air compressor.

The city's water and sewer operation is in an entirely separate budget.

The new budget estimates income of \$201,101 and expenses of \$169,585 with \$28,910.04 transferred to the sinking bond for bond and interest payment on water bonds and \$26,400 transferred to the sanitation fund.

Expenses in this fund include \$12,000 in water main extensions, planned but not completed this past year.

**School traffic is city problem**

The city of Post, not the Post schools, has jurisdiction over traffic and student traffic safety around the Post schools, C. P. Mills of the Texas Highway Department told Post school trustees by a tape recording at their September meeting Monday night.

Post schools currently are paying the salaries of two traffic guards on Eighth Street and have installed blinker lights along the highway.

Supt. Bill Shiver told trustees who has the traffic jurisdiction has been an argumentative point for years here and now it appears that it all belongs to the city.

The school official told trustees also that he was advised by Mills, who is conducting a survey of the safety setup of the schools on Eighth street at the school request, that the traffic guards have no legal right to halt or direct vehicular traffic.

In the other major action of the short meeting, trustees employed Mrs. Sheri Phillips of Lubbock and Miss Sherry Woods of Post as special education teachers here for the 1974-75 school year.

been city attorney of Slaton for the past three years and will continue to serve in that capacity while doubling in the same position for Post.

Prior to taking the position as Slaton's city attorney, he spent three years as an assistant city attorney for the City of Lubbock.

He will be paid \$250 monthly for which he will attend scheduled council meetings, answer legal questions by phone and advise the Post police department on any legal matters connected with their work.

Should he write city ordinances, he will charge the city at the rate of \$12 per page and if required to handle court cases his fee will be \$50 per docket or \$25 for a case.

Prior to going to work on the new city budget, the council went over the audit of the city for its last fiscal year, ending June 30, 1974, and then accepted the audit from A. Arthur Davis of Lubbock.

The council voted to have the annual finance statement for the city, as prepared by Davis, published this week in The Dispatch and set the date of their October meeting for a public hearing on the new budget.

In other actions, the council: Reviewed the rates of the Post Antenna Co., with Jimmy Evans, the company vice president, and asked Evans to have a new rate ordinance drawn for council action.

Approved installation of three guard lights around the new memorial at the cemetery.

Voted to pay \$32 weekly to Policeman Larry Payne for meals and trip expense while he takes a six weeks course at South Plains College in Levelland.

Approved the attendance by Mayor McCrary of a Sept. 13 meeting in Austin on municipal employes.

Mayor McCrary administered the oath of office at the beginning of the meeting to Jim Jackson, recently appointed to fill the position left vacant by the resignation of Fred Myers.

## Look at unusual football situation

High school football homecoming is only a day now — the Floydada game — on Sept. 20.

It is going to be a rather strange homecoming game this year because it's also the opener for Coach Bobby Davis's team.

They are not one of those dyed-in-the-wool, over-west-Texas Antelope football teams that tell you something about this 1974 season.

They have a lot of potential. Their goal is to win the district crown. That means they have a season to put it all together.

The ball club is going to need your support for their first three or four ball games as they work their way to start off a season. We say this out loud, but they could lose their first and then win district. The first game is tough.

The problem is psychological, as much as it is physical. It is tough on a high school football player, even if it's the wrong bounce ball in the opener, or to a couple of real uses which they now have coming up.

Coahoma Bulldogs are one of the best teams in the state say the experts. They are fresh out of Class A ranks. They had a well respected Big Lake club a year ago. They fashioned physical beating in their first game.

They would dearly love not only to win this year, but the state crown as well.

just before Santa comes around. Then comes Floydada with another deep and talented squad for the Post homecoming.

After them is a new toughie on the schedule — those Colorado City Wolves, who have slid down to Class AA from the AAA ranks.

What we're trying to say is that the Antelopes might get racked up another time, or two, or three before we get around to district play. But whichever way those games come out Post will be a better ball club for it when district play rolls around.

But the 'Lopes and the rooters need to keep that district goal in perspective. It's the toughest schedule Post has played probably ever. But the first five don't count in the district standings.

If the team, win or lose through the first half, can hang in there and you fans stay right behind them, Coach Bobby Davis's club could turn the 1973 season around when they won a bunch at the beginning and lost three district big ones at the end.

Are we getting the point across? We have a team with a long range viewpoint — a district crown in mind. So you fans tune in on the same wavelength and encourage them as they battle through the non-district schedule to get ready for the district games that count.

In other words, don't expect the moon. But do stay around for the finish. Of course, this is not to say the 'Lopes might not break out against Coahoma and go right on from there through everybody. — JC

## City dads need to split meetings

City council needs to follow the county commissioners court's lead and start holding sessions monthly.

The council's agenda each month is too long for a single session. The last several sessions have finished past midnight.

It's time to face it. The City of Post is now about 100,000 people. It needs a million dollar business park. It can't be operated by a "board of directors" meeting just one night a month.

This writer began covering the city via newspaper necessity a couple of years ago. We have made a habit of bidding on a pleasant goodnight at 10 p. m. and a good night's sleep.

Bright and early next morning we'd go to city hall and take notes on the three or four meetings that transpired in the two or two and a half hours they were in session after the night before.

It doesn't make sense. The least sense of all was that a woman waited over three and

one-half hours last Thursday night for her turn to see the council on a matter of public business. It wasn't personal business, but a committee position she had been appointed to by the mayor.

At the same time a local business man waited another two hours for a ten minute appearance.

You can't fault the councilmen on trying to hurry their business or rush their callers. They don't. You can have all the time you want.

If we were to guess, we'd guess the councilmen are quite apprehensive of all long agendas facing them at every monthly meeting.

The public isn't generally aware that council sessions begin at 6:30 p. m., so when they last to midnight that means quite a long session.

The early starting hour was begun months ago in an effort by the councilmen to get the meetings over before a late hour. The net effect has been only to make them longer. — JC

## Our contemporaries say . . .

We have called this country's under-population doubters. This may be true. Doubters, much as they tax our patience at times, always carry in them the seed of progress, of progress, of renaissance. — Tallie, Fla., Bulletin.

Youth used to think that when they completed their educations, they would start at the bottom of the ladder and work up. Nowadays they seem to feel that they should start at the top and work their way down to retirement. — Belleville, Kans., Telescope.

LYING AWAKE IN bed at 2 o'clock in the morning because of a pack of militant dogs a block or two away, puts one in just the right frame of mind for some clear thinking.

Since The Dispatch prides itself on being a family weekly, I won't say what the dogs were up to, but will give you a hint by saying that one of the dogs appeared to be the center of attraction — the lodestone, so to speak, that drew the other dogs to the spot.

WIDE AWAKE AND listening to the snapping, snarling, growling and yapping, I kept wondering why someone out here on West 11th Street didn't call the police about it. I remembered then that no one wants to get involved anymore, and, besides, perhaps I was the only one the dogs were keeping awake.

Anyhow, there wouldn't have been much the police could have done about it. A pack of dogs is hard enough to deal with in the daytime, let alone at night. And when they are as determined as that bunch of dogs seemed to be, stamping your foot and yelling, "Git!" won't get the job done.

AND YOU KNOW what would happen if the police were to drive up and shoot at random into a pack of dogs. They'd never hear the last of it. Because they would be taking a chance of shooting someone's vaccinated, tagged and groomed pet. No, sir, there just doesn't seem to be much of a way of scattering a pack of dogs when they've got their minds set on not being scattered.

The longer I lay awake and the more thinking I did, however, the clearer my think-tank got, and I wondered why, maybe, the police couldn't just drive up to where all the commotion was going on and toss a fair-sized firecracker right in the middle of the pack of dogs.

THE CHANCES ARE slim that the firecracker would kill one of the dogs, and if they were all like our dog, Snoopy, a firecracker would send them home for the rest of the morning. Incidentally, since it was all taking place less than two blocks away, Snoopy was mixed up in it, because I could identify his bark.

In fact, before the commotion finally died down, I had nearly every dog identified by his bark and almost had them counted. Unlike counting sheep, however, it wasn't conducive to getting back to sleep.

OF COURSE, A firecracker might not have dispersed any of the dogs except Snoopy. On the other hand, it might have scattered them all for the rest of the morning. I believe it would have been worth a try, at least.

The man up the street says he remembers when "Saturday Night at the Movies" actually meant going out on a date.

PUBLISHER JIM wrote in his "Postings" last Thursday that after the Dispatch had a telephone installed in my bedroom, I can let my fingers do the walking in chasing down news stories. I don't want to disappoint Jim, but the only place I ever saw fingers do any walking was through the Yellow Pages.

Re-reading last week's column about the Frank Burns' vacation in London, reminds me of a beautiful copper etching of London's Big Ben, which neighbor Myrtle Ashley brought over to show us the other day. The etching was given her by her son Gene, who got it while he was in London.

SOMEONE ASKED me the other day if I believed "all those things" I read in the newspaper about the old, boarded-up Algerita Hotel building. "Yeah," I told him, "they're all true. I've been in the place myself lately."

"Do you mean," the fellow went on, "that there's no water in the basement, no dead birds or animals laying around on the floors, and no creepy, crawly things on the walls?"

WHEN I TOLD the fellow I didn't see any such things on a brief flashlight tour of the building, he wanted to know if I would be willing to spend a night alone in the building.

What do you think my answer was? You guessed it. But then the old Algerita Hotel isn't the only place I wouldn't want to spend a night alone. There are lots and lots of other such places.

### Prisoner meal costs are issue

The Garza County Commissioners Court wants a more accurate accounting for prisoner meal costs in the county jail and for "coffee costs" for the new law enforcement complex.

When Sheriff J. A. (Jimmy) Holleman failed to meet with the commissioners Monday to review meal costs and billing procedures as requested the court tabled action on all invoices presented for payment of August meals of jail prisoners.

This totaled \$291.29 for meals and \$40.07 for coffee. Over the last six months, the commissioners said the prisoners' meals have averaged \$216.88 monthly and the cost of coffee apparently drank by on-duty officers \$37.33. One month more coffee was purchased, \$76.85, than meals \$66.14.

### Sunday School meeting set

LUBBOCK — Dr. Charles McLaughlin, secretary of the Texas Baptist State Missions Commission, Dallas, will be the inspirational speaker at the regional Sunday School Convention in Lubbock, Sept. 19.

The one-day, three-session meeting at Southeast Baptist Church is aimed at reaching more people for Bible study and church services and strengthening teaching skills.

The convention will emphasize a 600,000 state-wide attendance goal Nov. 17; a plan for a five per cent enrollment increase for five consecutive years and initiation of 100 new Sunday Schools in 100 days, March 30-July 7.

Dr. McLaughlin heads the multi-million dollar mission ministries program of the 2-million-member Baptist General Convention of Texas.

The Lubbock conference is one of 18 being held around the state during September.

## Labor Day rodeos pay out over \$100,000 to cowboys

DENVER, Colo. — Cowboys won better than \$100,000 at the six largest Labor Day weekend rodeos, and the biggest single winner was Barry Burk of Duncan, Okla., the Rodeo Cowboys Association said.

Burk, six-times runnerup for the world championship in calf roping, won more than \$900 by taking first in the event at Huron, S. Dak., finished second at Douglas, Wyo., for \$654, and placed at Pueblo, Colo., in steer wrestling, for more than \$500.

The three rodeos were held in conjunction with state fairs.

All around leader Tom

Ferguson, Miami, Okla., took first in steer wrestling at Ellensburg, Wash., for \$968. His total is nearly \$54,000, and he leads in both calf roping and steer wrestling.

Another big winner is Olin Young, Peralta, N. M., who won first in steer roping at Walla Walla, Wash., for \$1,307, bringing his season total to \$9,415, an event record going into the National Finals Steer Roping last Saturday and Sunday at Laramie, Wyo. Kelly Corbin, Delaware, Okla., took first in the event at the Douglas rodeo for \$1,535.

Bob Berger, Norman, Okla., moved into the number two slot in all around standings after winning \$1,390, taking first in saddle bronc riding at Pueblo, and placing in the event at Douglas and Huron. Berger, runnerup for the all around championship in 1971, has won more than \$27,000 this year.

## ? Your Name ?

WHAT'S IN IT?

By CHARLES DIDWAY

BRANDON

The name of the town or village in which a person lived or had recently left was one means of identification during the period of from 1100 to 1500 when surnames began to evolve from simple descriptions and pass into hereditary usage. The Brandon name stems from one or the other of places of that name in six English counties.

The original meaning of Brandon was "a hill covered with broom" from the Old English "brom" (broom) and "don" (hill). The suffix "don" is common in surnames of English origin, and is sometimes spelled "den" or "down".

In some instances, Brandon may have evolved from the common Saxon personal name "Brand" from the Old Norse "Brandr" or the Swedish "Brander." It was popular in the Danelaw, a part of England in the 9th and 10th centuries when Danish influence was predominant.

In Ireland, Brandon, when not an Anglicization of Brennan, is derived from Brendon, also spelled Brandon and Brendan, who was an Irish saint and hero of a legendary voyage in the Atlantic. The saint, said to have been born about 484 A. D., reputedly crossed the Atlantic to the "Promised Land of the Saints," afterwards designated "St. Brendan's Island."

The earliest record of the name Brandon dates back to some eighty years before the Norman conquest of 1066 when a Saxon in Suffolk named Leofric de Brandune was entered into the homestead tax records.

In 1514, King Henry VIII granted the title of Duke of Suffolk to his friend, Charles Brandon, and it was borne successively by his two sons, Henry and Charles, becoming extinct in the Brandon line when the younger Charles died in July 1551. It was revived in the same year in favor of Henry Grey, marquis of Dorset, who had married Frances, a daughter of the Brandon Duke.

Gerald C. Brandon (1788-1850), was elected governor of Mississippi in 1827, being the first native Mississippian to hold the office. His father, Gerard Brandon, was a native of County Donegal, Ireland.

Mrs. J. T. Dodd whose funeral was held Tuesday was the mother of a former Baptist preacher of Southland, Rev. Bill Dodd now of Dell City.

It's really nice to have Dana back home. She lost her roommates and is temporarily staying here.

Mr. Carl Kline and three children from California are visiting the Johnny Haires and his grandmother, Mrs. Winnie Tuffing.

Viewed the late movie with the huge bird that was carrying people off, reminded me of these giant mosquitoes we have now.

Mr. and Mrs. Henry Edwards have sold part of their farm to

Cal-Maine Foods, a division of Ralston Purina Co. The Edwards' retained their home and several acres around it so Henry won't completely retire.

Tommie and Edmund Wilke are still in Arizona with their son and his wife who was injured in a plane crash, which took the life of their three year-old daughter, Lea Ann. Among other injuries both of them sustained broken legs.

Hackberry Co-op has football schedules of the Southland High School and also Jr. High School. Go by and get yours — Thanks Gene, they are real nice.

**NEEDED: A ROD**

By Glenn Reece

When Moses was commanded by God to lead the people of Israel out of bondage, he was told to take with him the rod which he held in his hand. He was surprised that he was commissioned to take this old, weather-beaten staff into Pharaoh's throne room, but he soon found that "little is much when God is in it." This simple shepherd's rod was to become the wonderful wand which would be used to divide the Red Sea, bring forth water out of the rock, and be turned at will into a serpent. It was to serve as a scepter of power and authority as he led Israel through the wilderness.

This rod had another function too—it would remind Moses of his 40 years on the "back side of the desert". Originally he had sought to lead the children of Israel out of bondage in his own strength and had failed miserably. Discouraged, he sulked in seclusion. Yet Moses needed this communion with the Lord to prepare him for his task.

For a full four decades he tended sheep in relative obscurity. Here he was empowered and mellowed for his life's important mission. This rod, therefore, was a humbling reminder of his early mistakes. But, he also held it in his hand when he had his wondrous "burning bush" experience. It would hence also serve as an encouragement to him assuring him that his was a Divine Mission whose success was guaranteed by the power of God.

We, too, need to carry our rod with us! If we would only admit our past mistakes and profit by the lessons the Lord has taught us, we would not allow ambition or pride to hinder our present service. On the other hand, our true calling and the source of our power should keep us from becoming discouraged. Take a firm grasp on your rod, Christian, for humility and spiritual vision will result in power. Remember, it was through the instrumentality of His rod that Moses wrought miracles for the Lord!
