

# VFW all-day Memorial activity to include breakfast, barbecue

Veterans of Foreign Wars Post No. 6797 is planning virtually an all-day Memorial Day observance here Monday with a breakfast for veterans, a Memorial Day service in Terrace Cemetery at 10 a. m., and finally a free barbecue for all veterans and their wives Monday evening.

Mayor Giles C. McCrary will be the speaker for the cemetery

service honoring deceased war veterans, VFW Commander Gene Gandy announced to The Dispatch this week.

The service, to which the public is invited, also will include the reading of the list of departed veterans, a salute from the VFW firing squad, the blowing of taps, and the decoration of veterans' graves with small American flags.

The Garza County Historical Survey Committee will decorate the graves of the Civil War veterans.

The veterans' breakfast, a tradition of the post, will be served from 6 to 8 a. m. at the VFW clubhouse.

Serving of the free evening barbecue at the clubhouse is planned for 5:30 p. m. and will continue as long as the food

holds out. The Memorial Day holiday is one of those new "Monday holidays" but it will be only a partial holiday observance here.

It will be the last day of school for the 1973-74 school year which will keep all youngsters in — or around — the classrooms, with commencement exercises sche-

duled for Monday night in Antelope Stadium.

City, county, and state offices will close as will many but not all business firms. Some retail stores downtown have announced plans to remain open.

The postoffice also will be closed Monday for the holiday with no mail deliveries.

ARIZONA MEMORIAL — This Memorial Day will mark the 12th anniversary of the dedication of the USS Arizona Memorial at Pearl Harbor, Hawaii. The memorial marks the site of the sunken hull of the battleship USS Arizona which was destroyed in the attack of Dec. 7, 1941, with the loss of 1,177 crew members, 1,000 of which are still entombed inside. Among the dead is John David Miller of Post, after whom the Veterans of Foreign Wars Post No. 6797 was named. He was Garza County's first World War II casualty.

## ATA FE OFFICIAL SAYS

### Rail crossing gates to go up when materials arrive

The Santa Fe railroad has the contract for a crossing gate at Main Street rail crossing in Garza County and will install gates just as soon as the necessary materials arrive.

W. J. Smith, division superintendent of the railroad, called his Amarillo office to advise the Dispatch of the status of the crossing gate project, who had been away

from his office when The Dispatch first tried to contact him following a recent fatal train-truck crash at the crossing, told The Dispatch: "We hope to have the gate installed and in operation within a month to six weeks but this will depend upon when the material is delivered. The gate certainly should be in operation before summer's end."

He said the material has been ordered "for a long time." He said the signal company from which the material is obtained apparently has large backorders to fill.

May told The Dispatch that a crossing gate is not the perfect solution as motorists watching approaching trains and trying to beat them to the crossing often do not see the gates come down and drive right through them.

The gates are made of fiberglass and snap off easily. May said the railroad has a major crossing in Amarillo where they replace the arms of the crossing gate on an average of twice a month because of this.

The Dispatch has learned that the state highway department will pay 90 per cent of the cost of the crossing gate installation.

Some old-timers have estimated six or more persons have been killed at the crossing over the years and many more vehicles hit without a fatality involved, but The Dispatch has been unable to obtain as yet the accident record for the crossing either from the railroad or the highway department.

One highway expert said this week it has been a wonder there have not been more accidents. He estimates an average of 18 trains a day passing the crossing, many at relatively high speeds, and 12,000 vehicles crossing the tracks each 24 hours.

One local businessman recalled at the Rotary Club luncheon Tuesday that he had served on a Jaycee committee which tried to get a crossing gate for that crossing 30 years ago.

Each activity will last about an hour and each child may participate in as many as eight different activities or as few as one activity. Most activities will require grouping the children by age for more fun and exciting participation for them.

The activities being offered this year include: For girls: Tennis, golf, swimming, basketball, cheerleading, twirling, arts and crafts, tumbling and trampoline, games, and drama.

For boys: Tennis, golf, football and weights, basketball, track, arts and crafts, tumbling and trampoline, swimming, drama and dodge ball.

Two of the new activities include games, which are being offered for girls of the fourth grade and under, and dodge ball for boys of the fourth grade and under, the director said. The main reason for these activities is to reduce the number of smaller children participating in tennis, which (See Summer Rec. Page 12)

Five Post young people were re-indicted on marijuana charges by the Garza County District Court Grand Jury Monday morning.

The five — Larry Bevers, Gary Robinson, Clifford Redman, Sherry Brockman, and Felix Bustos Jr. — had charges of "delivery of a controlled substance" dismissed and were re-indicted each on a charge of "delivery of marijuana."

### Registration June 1 for summer youth program

Registration for the Summer Recreation Program being sponsored by the City of Post Garza County, will be held from 8 a. m. until 12 o'clock Monday, June 1, in the high school gym, according to Giddens, program

director. The program, which will run from Monday, June 3 and continue through July 11, is for all children who have completed the first grade of school.

The program anticipates an even bigger and better program than last summer's, which was the best ever held here," Giddens said. "More activities have been added and there will be four periods a day instead of three, which will mean smaller groups in each activity," the director added.

Each activity will last about an hour and each child may participate in as many as eight different activities or as few as one activity. Most activities will require grouping the children by age for more fun and exciting participation for them.

The activities being offered this year include: For girls: Tennis, golf, swimming, basketball, cheerleading, twirling, arts and crafts, tumbling and trampoline, games, and drama.

For boys: Tennis, golf, football and weights, basketball, track, arts and crafts, tumbling and trampoline, swimming, drama and dodge ball.

Two of the new activities include games, which are being offered for girls of the fourth grade and under, and dodge ball for boys of the fourth grade and under, the director said. The main reason for these activities is to reduce the number of smaller children participating in tennis, which (See Summer Rec. Page 12)

George Miller resigns for college post

Rev. George L. Miller, pastor of the First Presbyterian Church here for over seven and a half years, has accepted the position of campus pastor at Southern Oklahoma University at Weatherford, Okla.

Miller will conduct his regular worship service in the church Sunday morning, July 7.

Miller announced acceptance of the position following completion of his sermon at Sunday morning's worship service.

Miller will conduct his regular worship service in the church Sunday morning, July 7.

City patrolman begins duties

The city police department increased to four members Monday with the addition of Jim B. Trulove, Police Chief Howard announced.

Trulove, who is 31 years of age, is a widower with a 10-year-old son and a three-year-old daughter. He is a graduate of Brownfield.

Trulove has had seven years of law enforcement experience with the Lubbock Police Department and the Lubbock County Sheriff's Office, and has completed requirements, and is now on duty.

Recital set for next Thursday

Olum James will present her pupils in a dance recital in the Post primary school auditorium at 8 p. m. Thursday, May 30.

James is invited to attend the recital. There will be no admission charge.

Thinking of the Chamber of Commerce-sponsored Post Clean-Up Week (June 1-8) brings to mind the thought that one of the worst of the community's cleanup problems will be no more once the state highway department widens US-84 through on Broadway.

Getting the weeds down on the parkings all up and down that long avenue has always been a problem.

Who can forget the Monday nights put in one summer by the Broadway Beautification Bunch who hacked those weeds out? That was community action in its purest — and most enjoyable — sense.

When the highway department gets into the Broadway street widening they will just about do away with all the parkings down the length of that tourist avenue.

If you haven't entered the bank's "Double T Sizzler contest" to guess the day and time the temperature first hits 100 degrees here, it's time to get some guesses in the pot.

It's almost 100 degree sizzling time now. Up to now the hottest that revolving temperature and time-piece has recorded has been 97 degrees. The prizes are \$25, \$15 and \$10 in new savings accounts.

This is our Graduation Edition and we're pleased to say a real bulky one. Merchants have bought space to run the pictures and congratulate all the graduates of Post and Southland High Schools. You'll also find the autobiographies of Post's 15 honor students, and the senior class will and class prophecy, along with a story on upcoming commencement Monday night.

Once again this year, Bryan Williams & Son is presenting John Wayne in "America, Why I Love Her," as a special Memorial Day broadcast via Radio Station KPOS at 8:30 a. m. Monday.

## FOR COTTON PLANTING

### Most dryland farmers waiting for moisture

Most of Garza's dryland cotton farmers are still waiting for enough moisture to plant. County Agent Syd Conner said yesterday.

Conner estimated 25 to 30 per cent of the county's cotton crop planted, but he said most of this was on irrigated land.

.22 of inch in Tuesday shower

An early Tuesday morning shower here — when the "cold front" passed through — officially measured .22 of an inch of moisture.

That brings the 1974 moisture total here to 4.94 inches, with 1.90 of this falling in May to date.

He said the best planting period for dryland cotton in this region for the most economical return is between May 20 and June 10.

"And we're already into that planting period without enough moisture to plant," he concluded. Unless more moisture is received within the next two weeks, he indicated a lot of dryland farmers would have no choice and simply wouldn't plant a cotton crop this year.

Land is leased to Lubbockite

The only bid submitted, that of J. Lawrence Green of Lubbock, has been accepted by the Post City Council for an oil and gas lease on a tract of city land of approximately 36 acres in the old city water well field.

The land was leased for five years at bonus payments of not less than \$15 an acre and with the City of Post reserving not less than one-eighth royalty.

The bid was opened and accepted at a special meeting of the city council Friday afternoon.

## 58 Post seniors are to receive diplomas Monday

### Stadium to be setting

With commencement and baccalaureate services combined for the first time here, the Post High School graduation program will be held at 8 p. m. Monday, May 27, in Antelope Stadium with 58 seniors candidates for diplomas.

The address to the graduates will be by the Rev. Glenn Reece, pastor of the First Baptist Church.

The valedictory address will be by Sylvia Smith, the salutatory by Sue Cowdrey, and the class history by Darla Baker. The invocation will be by Jerry Tyler, senior class president.

The presentation of awards and honors will be by James E. Pollard, high school principal, with A. C. Cash, president of the school board, awarding diplomas after the class is commended to the board of trustees by Supt. William F. Shiver.

The professional and recreational will be by the high school band under the direction of Jim Swofford, and George M. Wilson will direct the singing of "Leave No Stone Unturned" by a junior class ensemble. All participants will join in the singing of the school song.

Junior class members will serve as ushers at the graduation program.

The senior class roll includes honor graduates Sylvia Smith, Sue Cowdrey, Darla Baker, Jerry Tyler, Sherrel Guichard, Joe Craig, Joni Huffman, David Posey, Jill Cash, Mark Bevers, Jan Hall, Ricky Shepherd, Tonya Rudd, Melba Wynne Curtis and Steve Sawyers.

Other members of the graduating class include: Bill Aten, Cindy Bird, Janet Childs, Becki Dalby, Joe M. Hays, Willie Harper, Lee Roy Holly, Debbie Ledbetter, Phyllis K. Maddox, Jimmy Norman, Jay Pollard, Craig Simpson, Donny Stelzer, Robby Torres, James Wise;

Charles Bell, Jan Burkett, David Conoly, Richard Dudley, Steve Hays, Judy Heintz, Sharon Hoyle, Deb McKee.

Deborah Medlin, Jodi Norman, Lupe Perez, Jimmy Smith, Joan Strofer, Danny Williams, Ila Workman;

Jeannie Bilberry, Nancy Cendalski, Orlean Criswell, Freda Halford, Donnell Harper, Lee Ann Hodges, Karla Josey.

Nancy Maddox, Kathy Morris, Randy Peel, Jay Rogers, Susan Solis, Keith Taylor, Danny Windham.

Scholastic presentations to be made by Principal Pollard include those of the Amity Study Club, Ella Mae Hudman

Memorial, Gamma Mu Chapter, Garza County Benefit Association, Garza County Unit of the Texas State Teachers Association, Linda Bird Memorial, Maggie Mae Griffin Jones Music Award and Xi Delta Rho Chapter.

## 101 GOING INTO HIGH SCHOOL

### 8th grade promotion exercise is scheduled

One hundred and one eighth grade students are candidates for certificates of promotion into high school at an eighth grade promotion and awards assembly at 2:30 p. m. Monday,

May 27, in the junior high gym. The junior high school is to hold its annual Favorite Character Day all day this Friday, with judging of costumes to be at 2:45 p. m. in the gymnasium.

Other end-of-school activities scheduled for Friday, according to Billy Hahn, junior high principal, are the Spanish play, "Asi es la Vida," at 2 p. m. in the elementary school auditorium, and the signing of annuals at 3:15 p. m. in the gymnasium.

The candidates for promotion into high school are the following: Cain Abraham, Phyllis Atkins, Lucy Ayala, Randy Baker, Shelby Barley, Joy Basinger, Debra Beauchamp, Rebecca Beggs, Sherri Bishop, Ronald Bratcher, Pam Britton, Sammy Byrd, Mary Castro, Nancy Clary, Julie Compton;

Ray Curtis, Brad Davis, Steve Davis, Gary Eaton, Joe Espinoza, Agapito Flores, Frank Flores, Virginia Fuentes, Ben Fuentez, Danna Giddens, Sammy Gomez, Rodney Gray, Jackie Greathouse, Donnie Greathouse;

Peggy Greathouse, Jeff Greene, Melba Guajardo, Ricky Guerrero, Ruben Gutierrez, Steve Hair, Doug Hall, Larry Harper, Jim Hays, Evans Heaton, Mike Holly, Raymie Holly, Wes Horton, Erik Howard, Peggy Howell;

Nathan Hubble, Peggy Jackson, Betty Jefferson, Sharon Johnson, Darlena Johnston, Ivan Jones Jr., Donna Josey, Kohen Josey, Rodney Josey, Karla Kennedy, Cindy Kirkpatrick, Penny Kuykendall, Concepcion Landa, Bobby Macy, Patricia Maddox;

Gloria Martinez, Jessie Martinez, Tressa Mason, Nancy McCowan, Tony McDougle, Kelly Mitchell, Fabian Morales, Virgil Morris, David Morrow, Stehen Myers, Ron Pace, Connie Pearcey, Karla Peppers, Beatrice Perez, Johnny Perez;

Patricia Pussey, Lisa Potts, Stuart Price, Emma Raymond, Julieta Raynundo, Eddie Reece, Tommy Reed, Jackie Reiter, Nelda Reyna, Patrick Riedel, Eddie Rios, Gary Seals, Steven Shedd;

Brad Shepherd, Billy Smith, Teresa Smith, Stacy Starcher, Linda Steel, Helen Taylor, Brent Terry, Tina Torres, Susan Troxell, Rita Varela, Bruce Waldrip, Mark Williams, Debbie Wyatt, Sherri York.

## Two plead guilty in check forgery

Carl Foster and Lawrence Morris entered guilty pleas to a charge of forgery, possession with intent to pass in connection with a Little Foundry check dated May 10, 1974, before District Court Judge George Hansard here Monday.

They each received two year probation sentences to the state penitentiary.

A similar charge against Anita Foster was dismissed.

NEW POLICE CHIEF — Jim B. Trulove (center) began his duties here last week as new chief of police. He is shown here with City Patrolmen Don Franklin (left) and Larry Payne. Trulove, whose hometown is Memphis, Tex., comes to Post from Shallowater, where he was chief of police. — (Staff Photo)

# Dispatch Editorials

Page 2 The Post (Tex.) Dispatch Thursday, May 23, 1974

CONGRATULATIONS graduates — everywhere!

The man up the street says: Be kind. Remember everyone you meet is fighting a hard battle.

TO SETTLE AN argument which we were asked to settle last week, but on which we couldn't find the book, Norm Cash is the first Cash every to play major league baseball. At least, our Encyclopedia of Baseball, which lists all major league players, doesn't list anyone of the name ahead of him.

THE DISPATCH put out its annual Cotton Week Edition last Thursday and we had to "scratch" for suitable cotton stories to put in it. The following, which just came in from the National Cotton Council, would have been good for the Cotton Week Edition, but since I think it's also good reading this week, I'm not going to throw it away. Instead, I'll share it with our readers. So here goes.

While providing a steady stream of food and fiber for the American consumer, U. S. agriculture also has produced an abundant flow of words that have enriched the American vocabulary.

Some of our most down-to-earth expressions originated down on the farm.

If you think that's a lot of bull, look over this bumper crop harvested from rural U. S. A. It's not all pure corn, either. Some of these expressions are the kind you can really cotton to.

Unless farm prices are dirt cheap, a lot of folks get the notion that the farmer's in high cotton, trying to pull the wool over somebody's eyes or sell a pig in a poke. (The truth of the matter is that most of us have been eating high on the hog for so long now that we're either fat as a pig, as big as a cow, or as wide as the side of a barn.)

If that's your beef, you'd better look at the lay of the land with an eye out for the weather. As sure as sun-up, weather's a big factor in farming. It's not always right as rain. Sometimes it turns up a real gully-washer — and that's bad. Sometimes it's just fair to middling — and that's tolerable. But when it's sure "nuff plowing weather, trying to find a farmer in town is like looking for a needle in a haystack.

Chances are he's off in the back forty trying to plow a straight furrow so he can bring home the bacon. He never misses an opportunity to make hay while the sun shines.

The farmer's no clock-watcher either. He goes whole hog when he catches the weather just right, often working in the fields long after the cows come home.

Today's farmer is no hayseed and he doesn't farm like his grandpappy or even his own father did, either. Forty acres and a mule just won't cut the mustard when it comes to helping feed and clothe today's growing world.

Technological changes in agriculture have streamlined farming practices, and the modern farmer keeps up with his production inputs just as much as he does his outputs. He scans computer print-outs almost as much as he does the skies and the market pages. Chances are he has a sheepskin from his state university, backed up by a lot of practical experience that enables him to really know his onions.

He's got a lot of cabbage tied up in his farming operation — and it amounts to a whole lot more than just chicken feed. Some experts figure it takes on the average of about \$250,000 to go into the farming business today. And that ain't hay in anybody's vocabulary.

Another thing about your friend out there on the farm. He was planting cover crops, building terraces, and carrying out other soil conservation practices when most of today's environmentalists were knee-high to a duck. He's the steward of America's most valuable asset and the renewer of its natural resources — and if he hadn't done his job well, our horn of plenty would have dried up a long time ago.

If you put all the people in the U. S. in one small corner of the world and tried to find a farmer, you'd soon discover that they're just about as scarce as hen's teeth. Farmers now make up less than five per cent of our total population. That means they have a lot of mouths to feed and a lot of backs to cover — as well as theirs.

While they're not exactly like peas in a pod, farmers share a lot of the same traits our pioneers had. Maybe the most important of these is stubbornness.

A fellow's got to be as stubborn as a mule to keep on farming against the odds of

## Remember When . . .

## Graduates to find changes

When the 58 Post High School graduates of 1974 step up and receive their diplomas at commencement at Antelope Stadium Monday night, they will find the outside world quite different from the one the Post High graduates of only a decade ago found waiting for them.

First off, their high school diplomas for most of them will only mean a step up the ladder in the educational process — as the big majority of these graduates will go on to at least a year or two of college or university training, or technical school courses to sharpen their talents into the skills today's world requires of its work force.

Many will go on to earn university degrees — perhaps one or two of them will stay on that educational ladder until they add two or even three university degrees.

Let's remember that only ten years ago, high school graduation was the end of the educational line for a majority of Post High graduates.

Second, while college and university costs have skyrocketed generally on every campus in the land opportunities for the serious student whose parents can't afford to finance him or her through a university have never been better than they are today.

Educators will tell you just about any kid who wants to go to college can manage it, through government-guaranteed loans to be paid back after graduation, job help, and a wide variety of scholarship help. Today's America knows that it must educate its youth

and generally is providing a way.

Third, for the boys the draft is over. That changes almost everybody's outlook for the better. This country has finally disengaged itself from the second of two very costly and difficult Asiatic wars, and for the first time in almost 35 years, this nation is at peace and has good prospects for staying there.

Fourth, in only the last few years our nation has begun to face up to a host of serious new problems it never had before. Not only do we have a gasoline shortage, but a shortage of practically every type of energy but coal, and of most of the critical minerals as well as petroleum.

According to all public opinion polls, we are experiencing a real shortage in national leadership as well with both the President and Congress getting very poor grades from the home folks. Obviously, our political processes need as quickly as possible to draw in new people with fresh and more perceptive ideas on how to run things.

To sum it up, 1974 graduates, you're going to be facing a changing and more demanding world — one that we older folks aren't handling too well right now.

It's up to all of you to grab ahold, as best you can, and see what you can do to help. Eventually, the whole mess will be dumped right in your lap, so get ready. You probably think you could do twice as well without half trying, but eventually you'll find it isn't easy. We know. We were in your shoes once. But it's a lot of fun trying. — JC

## We salute the VFW post

On the eve of 1974's Memorial Day when the nation pauses to honor its war dead, The Dispatch would like to throw a snappy salute to Post's Veterans of Foreign War Post No. 6797 which is sponsoring this community's observance.

It can always be truthfully said that an organization with dedicated leadership and worthy goals will accomplish them, just as great national leaders point the way to great national achievements.

Our local veterans organization has been blessed in recent years with outstanding leadership. What's more the post has been blessed with an equally strong and active women's auxiliary.

Together they have built an excellent family program for the post. In fact a lot of folks outside the post look forward to and thoroughly enjoy their fish fries and barbecues and those Sunday afternoon bingo sessions.

In the process of developing this program,

the VFW post also has developed outstanding post facilities. They have been almost continuously remodeling or expanding for the last five or six years, but now just about have it finished — and all paid for.

"We have reached the place," one of the vets explained to us this week, "where the clubhouse is complete and the bills are virtually all paid. We can now look forward to participating as we go along in a variety of community projects with funds which up to now we've been spending on the clubhouse."

This bunch of vets are great on togetherness, long on work, and blessed with leadership.

Either all or a bunch of them ought to be "of two, three or four star rank" in community service and the entire post deserves a unit citation from this community for all the good they have accomplished.

The full day of Memorial Day activities Monday is just one example. — JC

## Well worth your time

Re-reading the story on last Thursday's Dispatch front page about the re-chartering of Boy Scout Troop 316 for its 44th year of operation under Rotary Club sponsorship, brought on some additional thoughts about the Scouting program and the important role it plays in American boyhood.

Did you know, for instance, that when boys across the country were asked what they thought was most fun about Scouting they said hiking and camping outdoors?

But when they were asked what they thought was most important about Scouting, they said " . . . to help you be prepared for life."

To help you be prepared for life.

Did you know that Scouting has a drug prevention program all its own? That Scouting has one of the most effective anti-pollution programs going? That new Scouting merit badges include Computers, Environmental Science, Atomic Energy, Space Exploration, and Citizenship in the World? That more Scout troops are being formed in the nation's inner cities than boys groups of any other kind?

Did you know that for every boy in Scouting there's another boy who'd like to be, but can't? And that the reason most of them can't is because no adult in the neighborhood thinks Scouting's worth the time?

If you don't think Scouting's worth your time, you don't know enough about Scouting. — CD

## ? Your Name ?

WHAT'S IN IT?  
By CHARLES DIDWAY

**LOGAN**  
Logan, once a famed Scottish clan name, is from the Gaelic "Iagan," indicating one who dwelt in a little hillside hollow. Since there are places in four Scottish counties named Logan, the name was sometimes acquired by an individual who came from one of those places.

The MacLennan clan of Kintail originated from a southern Logan marrying a Fraser and forming a Logan clan, at first in Easter Ross. Later, a leader of the clan named his son Gille Fhinnan after the Celtic St. Finnan, and the clan name Logan was changed to MacGill'innan, which eventually became MacLennan.

In Ireland, when not Scottish in origin, Logan is an anglicization of the Irish Lohan or Leohan.

The name appears early in Scottish records, a Robert Logan witnessing resignation of the lands of Ingilbristoun in 1204.

Logan is a numerous surname in the United States, ranking 414th with an estimated 61,000 persons of the name. There are 13 towns named Logan in the United States and counties of the name in 10 states.

Much of the credit for our observance of Memorial Day belongs to John Alexander Logan, a Civil War general and political leader. As commander-in-chief of the Grand Army of the Republic from 1868 to 1871, Logan successfully urged the observance of Memorial Day, an idea which probably originated with him.

The loganberry was introduced in 1881 by Judge James Harvey Logan of Santa Cruz, Calif., and given to the public in 1893 by the University of California. The loganberry is a cross between a California wild blackberry and a red raspberry.

#### NOT MUCH LEFT

The Western, or Wailing Wall, is the sole remnant of the Temple, the lodestone of Judaism. Built by Solomon and destroyed by Nebuchadnezzar, restored by Herod and razed by the Romans, the Temple in Jerusalem once contained the Tablets of the Law, the Commandments given to Moses.

MARY ANN VASQUEZ  
8th Grade Salutatorian

### Brazos River Authority sets area meeting

WACO — The Panhandle Regional Planning Commission, the South Plains Association of Governments, and the Brazos River Authority will sponsor a public meeting May 31 in Lubbock to discuss development of a water quality management plan for the Brazos River Basin and adjacent Gulf Coast areas.

The basin-wide planning will be discussed in general but the emphasis will be on those aspects relating to Castro, Farmer, Swisher, Bailey, Cochran, Crosby, Dickens, Floyd, Garza, Hale, Hockley, King, Lamb, Lubbock, Lynn and Terry counties. Meetings of this type have been scheduled in other sections of the Brazos watershed where specifics of plans affecting those areas will be discussed.

The meeting will be held at 7 p. m. in the South Plains Electric Co-op Building, 110 Amarillo Highway, Lubbock, Texas.

Colonel Walter Wells, General Manager of the Authority, said purpose of the meeting is to describe the procedures to be used in developing the basin-wide water quality management plan, present the stream standards and other factors on which the plan will be based, answer questions about the planning and offer opportunity for comment and suggestions from the public.

#### SPUR GETS GRANT

LUBBOCK — As a result of the acceptance of an economic development plan designed for Dickens County by the South Plains Association of Governments, a \$120,000 grant has been awarded to Spur, Tex. This grant will create immediate construction jobs for unemployed workmen in Dickens County. The City of Spur, which was awarded these funds to install distribution lines for the city-owned natural gas system, will supply an additional \$30,000 to help defray the total construction cost of \$150,000.

## Commencement exercises are held at Southland

SOUTHLAND — Commencement exercises for the seniors and eighth graders of the Southland Public Schools were held at 8 p. m. Tuesday in the school auditorium, with Coach Donny Windham presenting the awards.

Baccalaureate services for the high school seniors were held at 11:30 a. m. Sunday in the school auditorium, with Fr. James Daly of Guadalupe Catholic Church in Slaton as the principal speaker. Father Daly also gave the invocation and the benediction.

The song leader was Guadalupe Ramirez, and pianist was Mrs. Anne Chaffin of Southland.

Jerry Winterrowd, son of Mrs. Cooky Winterrowd, was the senior class valedictorian with a scholastic average of 93.5. The salutatorian, with a 91.76 scholastic average, is Gregg Lester, son of Mrs. Doris Lester.

Other members of the high school graduating class were Mary Ellen Flores, daughter of Mr. and Mrs. Mike Flores; Steve Buxkemper, son of Mr. and Mrs. Monroe Buxkemper; Ray Garza, son of Mrs. Mary Garza Marrufo and the late Tommy Garza, and Irene Martinez, daughter of Mr. and Mrs. Alfredo Martinez.

Nathan Wheeler, son of Mr.

and Mrs. Ferrel Wheeler, is eighth grade valedictorian. The salutatorian is Mary Ann Vasquez, daughter of Mr. and Mrs. Sid Vasquez.

Other members of the eighth grade class are Steve Cisneros, Gilbert Garcia and Frankie Valdez.

### Twins graduate from college

ABILENE — Thomas Kenneth Herron and Laura Kay Herron Cathey, son and daughter of Mr. and Mrs. Lewis C. Herron of 109 Ridge Road, Post, were graduated from McMurry College here during commencement exercises Sunday.

Ken received a BBA degree in finance and his twin sister received a B. S. degree in business education.

An internationally known Asiatic educator, Mrs. Induk Pakh, delivered the commencement address. Mrs. Pakh is the founder of Berea and the Institute of Design in Korea. She is also the author of several books, including "September Monkey," her autobiography.

Kay and Ken are 1970 graduates of Post High School.

## Card Of Thanks

Words cannot express our gratitude to all who were so wonderful during the illness and death of our beloved Ruth. Thank you for the phone calls, lovely flowers, cards, visits, food, and many acts of kindness. Especially the prayers, Dr. Wilson, nurses and the hospital staff.

Nathan Little  
Ricky and Betty Little and Phillip  
Don and Sulinda Altman and Amber and Dace  
Mr. and Mrs. Vester Smith  
Mr. and Mrs. Jimmy D. Smith and family  
Mr. and Mrs. C. V. (Pete) Smith and family  
Mr. and Mrs. Kenneth Smith and family

To all my family and friends who helped me celebrate my 80th birthday with gifts and your presence at the party, I'd like to say thank you. Without family and friends the past 80 years would not have been nearly so happy. May God keep you and bless you all with a long and happy life.  
Claud Williams

Our recent sad loss leaves us with grateful hearts toward neighbors and friends. Their comforting expressions of sympathy and thoughtfulness will always be remembered. Special thanks for the flowers, food, visits and all the kind words, and special thanks to Mr. and Mrs. Bobby Crowder.  
Mrs. Robert Gollehon, Littlefield  
Sam Wilson, Slaton

The kindness and sympathy of neighbors and friends in our recent sorrow will always remain with us as a precious memory. Our sincere thanks for all those comforting acts. A special thanks to Dr. William C. Wilson and the two nurses at the hospital, to the Eastern Star and to all who brought in food.  
Alene Baker  
Twauna Scogins and family

The kindness and sympathy of neighbors and friends in our recent sorrow will always remain with us as a precious memory. Our sincere thanks and gratitude for all those comforting acts.  
The Family of James M. Hutchins

Our sincere thanks to all who were so wonderful to us in the loss of our loved one. Flowers, phone calls, visits, cards and food. God bless each and everyone of you.  
Louise Byrd  
Bib and Charles Benson

We would like to thank all the churches for the food prepared and served, and especially to the women who prepared and served we say a special thank you.  
The Family of Dewey Reep  
Mr. and Mrs. Wayne Thomas  
Mr. and Mrs. Grady Davis

## Graham honors seniors with dinner

Nine graduating seniors of the Graham Community or Graham church at Graham were honored with a community dinner Thursday evening.

The dinner included Sue Cowpper, Debbie Ledbetter, Lee Hodges, Jodi Norman, Baker, Jimmy Norman, Alan, Gregg Lester and Shepherd.

The head table was covered with a yellow cloth and decorated with an arrangement of flowers and baby's breath. Fishy streamers were used with miniature graduation figures. Green candles in glass appointments were used. Each senior had an individual table covered in a yellow cloth and centered with a fish and fry name tag.

The occasion was by Bobby Cowpper, followed by a welcome and introduction of the seniors by Mrs. Noel White. The dinner was by Sue Cowdrey. White gave a short talk to seniors entitled "Stop, Look, Build."

**FIVE GENERATIONS** — When members of the Johnston family gathered Sunday at the home of Mrs. H. E. Johnston in Lubbock five generations were represented. From left are Mrs. H. E. Johnston, age 89; Clay B. Johnston, age 65, of Post; Bryan C. Johnston, age 39, of Slaton; J. B. Johnston, age 21, of Post, holding his son, Jayson Johnston, age four months.

**THURSDAY CLUB MEETS**  
The Graham Thursday Club met May 16 with Sue Maxey. The afternoon was spent visiting. Refreshments were served to: Mmes. Ada Oden, Iris McMahon, Pearl Wallace, Viva Davis, and the hostess.

## Potluck by Rosemary Chapman

If more children used as much brain power studying as they do in outwitting their parents the whole country would be overflowing with geniuses.

Bedmaking is a classic example. Is there a mother alive who hasn't decided at one point or another that it was time for little so-and-so to pick up his or her room and make his or her own bed? No. Is there a mother alive who has accomplished this simple task without blood, sweat, bribery, threats and tears? No. (If there is, the rest of us don't want to hear about it.)

A mother will patiently show her daughter how to make a bed properly, help her for several mornings, and then turn the job over to her. At check-up time, the bed is perfect and mother is happy until the morning two weeks later when she enters the daughter's bedroom early and finds that the reason the bed was so perfectly made was that the bed had never been unmade. Daughter had been rolling up in her sleeping bag every night. Clever.

For pure devilment, sons are generally worse than daughters. It is not unusual for a mother to sit through "The Exorcist" calmly. Why should she scream and faint like the others? She's already seen it all before, right in her own son's bedroom.

Sons LIKE dirty rooms. Hang a sign on their door saying, "Beware of Monster", and they take it as a compliment. If left on their own they would not make a bed throughout eternity. Blood, sweat, threats and tears may eventually work with daughters but bribery is the only possible chance anyone has with a son.

A mother can say, "Now, son, I have certain duties to perform around the house and you have certain duties to perform around the house. If you expect me to do your duties for you, then you will have to pay me for them." Then, since the kid doesn't have any money he makes his bed because he knows it's the only way he's going to get out of the house.

The problem is, bribery only works for rich mothers and poor kids, and often the situation is reversed — that is, we are confronted with a poor mother and a rich kid. This kid always has dollar bills stashed in Dr. Pepper bottles all over his room and when he leaves he says, "Here's a dollar, Mom — take care of the room, huh?"

Obviously, the wrong one is going to school. What's a poor dumb mother to do?

## 80th birthday party is held

The Graham Community Center was the scene Sunday afternoon of a party honoring Claud Williams on his 80th birthday.

Punch and birthday cake baked in the shape of a boot were served to approximately 70 guests. The table featured an arrangement of spring flowers.

Mr. Williams is a retired farmer and has been a resident of Garza County for 51 years. Out-of-town guests attending were: Mrs. Abbie Poston of Dallas, Mrs. Katie Lewallen, Sapulpa, Okla., Mr. and Mrs. Lorin Lewallen of Broken Arrow, Okla., Mrs. Johnny Miers, Mr. and Mrs. Elbert D. Miers and children, and Mrs. L. W. Evans all of Lubbock.

Mr. Williams' children hosted the occasion.

## Furniture is club program

Roll call was answered with "Furniture I Have Combined" when the Graham Home Demonstration Club held its regular meeting May 17.

The program was "Combining the Old With the New in Home Furnishings." Viva Davis read an article on home furnishings.

The members worked on the yearbooks. Refreshments were served to: Mmes. Rene Fluitt, Nona Lusk, Pearl Wallace, Sue Maxey, Viva Davis, Orabeth White and Keitha and Nita McClellan.

The club adjourned to meet June 7. The program on that date will be club's choice. Rene Fluitt will have a quilt on that date and the club will meet with her.

## Meeting is held by Hobby Club

The Grassland Hobby Club met recently in regular session at the Grassland Community Center.

Mrs. Johnnie Francis, president, opened the meeting with a prayer and presided over the business meeting. Mrs. Eva Childs and Mrs. Leatha Porterfield served as hostesses. They displayed various crafts and novelty creations.

Refreshments were served from a flower decked table to 14 members and guests.

The next meeting will be June 4, when Mrs. L. D. Howell of Tahoka will demonstrate china painting and will have hand-painted pieces on display. Hostesses will be Mrs. Nita Vander and Mrs. E. M.

## History committee honors clubwomen

The Garza County Historical Survey Committee were hosts at a tea Wednesday, May 15 from 3 to 5 honoring the Graham, Close City and Barnum Springs Home Demonstration Clubs, in the home of Mrs. Walter Boren.

The tea was in appreciation of the many and various contributions made to the historical committee.

Twenty-one persons attended.

## Graduation party held at Hayloft

The Hayloft Dinner Theatre was the scene of a graduation party honoring Debbie Ledbetter, Kathie Morris and Nancy Maddox.

"Boeing Boeing" was the play presented starring Nancy Kulp. After the show the girls spoke briefly to her.

Hostesses for the affair were: Mrs. Mack Ledbetter, Mrs. D. E. Morris and Mrs. Faye Maddox.

## Listening Post

By GEORGE L. MILLER

Oh, those lazy days of Summer! They're close upon us.

And with Summer comes the question, what will I do with myself now. School's out, all those hours normally spent in the classroom are free. Surely TV can't fill them up.

What to do! Down at the library we have one answer — join the Summer Reading Club. A book can be such a good friend. There's pleasure and entertainment and education to be found in reading. Our club is designed to help you learn that for yourself.

The theme this year is "Take a Giant Step." A book can be a ride on a magic carpet, or a journey on a giant's back. It will widen horizons, both to new found land and inner imagination.

Every year I find myself trying to convince people how much fun it is to read a book. I'm running out of ways to describe it. If you haven't been convinced by now, I give up.)

The Summer Reading Club is designed for school children in the first through sixth grades. In order to join, just drop in at the library and get your name on a Reading Log. Enrollment will begin Monday, May 27.

Once enrolled, the reader is asked to read at least 12 books during the Summer. By the end of Summer, those who have read 12 books, or more, will be given a Reading Certificate issued by the Texas State Library.

The plan now is to award the certificates at a ceremony on Mother's Day theme at club meeting.

Mrs. Lee Bowen was hostess to the Needlecraft Club in her home on May 10, with roll call answered with "What I Remember Most About My Mother." Many poems about mothers were also read.

Spring flowers were used throughout the home.

Members present were: Selma Kennedy, Esther Bird, Maggie Mae Jones, Innis Thuet, Minnie Graeber, Linda Malouf and Katherine Johnson. Also Alma Hutto, Mae McMahon, Eula Evans, Margie Dietrich, Helen Richards and the hostess.

## Four seniors are honored

Four Post High School seniors: Ila Workman, Kathie Morris, Willie Harper and Nancy Maddox were honored with a surprise party by the first period physical education class. The senior class colors, purple and silver, were carried out in the decorations.

The party was given by the following PE girls: Valerie Forrer, Janice McDonald, Cynthia Morris, Terri Clary, Rhonda Tanner, Elizabeth Hubble, Kathy Wise, Joyce Wise, Lisa Wood, Carita Wood, Sara Dunn, Pat Raymundo, Linda Gonzales, Margie Perez, Hope DeLeon, Mary Abraham, Cynthia Carranza, Shirley Hambrick, Nora Valdez, Kathy Manuel, Rosie Harper, Alice Rivera, Mary Ann Sanchez, Stella Torres, Sandy Odom and special guest, Coach Jay Wilson.

TRAFFIC SIGNS  
An estimated \$1 billion has been spent on traffic signs in the United States since the dawn of the automobile age.

## Memorial set here Sunday

The public is cordially invited to an open memorial service to be conducted at 2:30 p. m. Sunday in the First Christian Church, 806 West 13th St., honoring deceased war veterans and deceased members of the Order of Eastern Star.

The service will be under the direction of the Post chapter, Order of the Eastern Star. Special music will be provided by Mrs. Margie Pennell and other members of the Post Music Club.

If it's material you want, come to—

## David Dunham to preach for Southland Baptists

By MRS. ROBERT MOCK  
Bro. David Dunham from Wayland College will be filling the pulpit at the Southland Baptist Church Sunday, May 26. Everyone is urged to come. Bro. Pullingim, former pastor who is retired and resides in Lorenzo preached there May 12. The church has been without a pastor since Bro. Jordan resigned due to his wife's health and moved to Pecos.

Mrs. G. W. Basinger was having surgery on her hands at the Methodist Hospital at Lubbock Monday morning, May 20. Her friends wish her speedy recovery.

Delbert Wartes, his wife and children were visiting the Carl Wartes during the weekend. They live in Lawton, Okla.

Shirley and Ernie Bowman from Carrollton were visiting the C. C. Lees on Mother's Day. They all visited Dub and Dorothy Kenley at Tahoka. Dub Kenley and Mrs. Lee are brother and sister.

Farmers are busy planting and in many places cotton is up, especially on irrigated farms. Some dry land has been planted with hopes for a rain to bring it up.

Wonderful to have college kids home for awhile. David Mock is home helping farm, James Martin, my son, and a friend, Miss Marcie Davis were home with us for a week. They are both students at McMurry.

Mr. and Mrs. M. C. Thomas of Tahoka, Mark and Sammie Martin and Dana Martin of Lubbock were over Saturday night for ice cream and a song fest.

Renee Mock was honored with a birthday party Friday afternoon. About 20 children enjoyed the party.

Kenneth Warshaw and Jack Bishop are busy fixing trout lines. They are going after the big ones this summer.

Mr. and Mrs. D. D. Pennell visited friends in Midland, Mr. and Mrs. Clay Williams.

Cookie Winterrowd reported that her mother, Mrs. L. L. Lightfoot from Fort Worth and her sister, Mrs. J. B. Gresham from Lake Whitney, are visiting her and Jerry and to attend Jerry's graduation from Southland High School.

Mr. and Mrs. Larry Wilke announced the arrival of a new daughter born May 14 and weighing 6 lbs., 4 ozs. Her name is Kim Elaine. Her big sister, Leigh Ann who is three years

old is quite excited. They live in Gila Bend, Arizona where Larry is a water engineer for a 70,000 acre experimental ranch. Tommie and Edmund Wilke plan to fly out to see their new granddaughter soon.

Mr. and Mrs. A. R. Bryan of Bloomfield, N.M., Tommie Wilke's sister and Wallace Saage a nephew and a Texas Tech student were visitors of the Edmund Wilkes. Also visiting them over the weekend were Mr. and Mrs. Jim Becker, Mr. and Mrs. Alvin Becker and Mr. and Mrs. Leroy Zieschang.

Listen to the older generation, kids, you can learn a lot. Grandpa Thomas was saying how they used to chew gum from a gum tree. Dana replied, "oh, we had a gum tree at camp. It grew right in front of the mess hall and we put our gum on it when we went to eat and got it back afterward." — Well—

JOHNNY WALLACE

## Wallace gets WTC degree

An Associate of Applied Science degree was received by Johnny Wallace of Post in commencement exercises at Western Texas College, Snyder, on May 16. Johnny, son of Mr. and Mrs. Harley Wallace, graduated Magna Cum Laude. He is a 1972 graduate of Post High School.

Johnny will be employed this summer as an instrument technician at the Automotive Proving Grounds at Pecos, Tex.

## Twin Cedar Nursing Home News

Well, we had a beautiful Mother's Day. Several of our people went to their children's homes for the day. Many beautiful flowers were received here in the nursing home by those who were unable to go.

We were also sad because of the death of Bera Wilson who had been a resident of the home for 11 years. We will miss her so much.

Twin Cedars is getting some work done to come up with the Safety Code. We gave the \$22,000 contract to Glass Enterprises of Euless, Tex.

They will install our sprinkler system, manual fire alarm system, hard-core doors and all other safety measures to bring our building up to the Safety Code standards.

We are still having services on Wednesday afternoon at 3 o'clock with Bro. Larry Hambrick of East Side Church of Christ; also Bro. Bob Connel of West Side Church of Christ has been leading the singing. We appreciate them so much. Everybody is invited to come be with us.

We also have our church

## Area resident honored on his 85th birthday

By MRS. GLENN DAVIS  
Mrs. L. G. Thuett Sr. prepared a birthday supper for Mr. Thuett's 85th birthday last Friday. Those attending were Mr. and Mrs. L. G. Thuett Jr., Mr. and Mrs. Jerry Thuett and Amy and Mr. and Mrs. Ronald Thuett and family.

Mrs. Polly Gregg of near Ropesville and Mrs. Hattie Mae Simms of Ropesville and Mr. and Mrs. L. H. Peel visited Sunday afternoon with Mrs. Viva Davis.

John Johnson spent the weekend at home with his parents, Mr. and Mrs. Wagoner Johnson and brother, Jerry. We extend sympathy to Mrs.

Bryan Maxey and Mrs. Loyd Hawley, a sister passed away last week in California.

Mrs. Gary Loyd, Lance and Mrs. Jason Justice visited Monday morning a short while with Mr. and Mrs. Fred Gossett on their way to Austin.

Dr. and Mrs. Bruce Evans and family and Mary Jane Potts were Sunday luncheon guests of Mr. and Mrs. Bobby Cowdrey and family.

The party given last Thursday evening for the seniors of the community in the center was well attended. After the meal was over they opened their gifts. Each one was well remembered. All attending seemed to have a nice evening.

Mrs. Elvius Davis and Stephanie returned home last Friday from Dallas where Stephanie had a medical checkup at Baylor Hospital.

Mr. and Mrs. James Stone visited Sunday evening after church in Grassland community with Mr. and Mrs. Orville Stanley.

Visitors in the Bill McMahon home are Mrs. Edith Campbell of Amarillo, Mrs. Don Brown of San Antonio and Mrs. Frank Chandler of Arlington.

Mr. and Mrs. Dennis Graham and baby attended church Sunday in the Church of Christ on their way back to their home in Arkansas from California.

Mrs. Carl Fluitt visited last Friday morning in Post with Mr. and Mrs. C. D. Morrel.

The house warming Saturday evening in Post for Mrs. Lucille McBride's new home, was well attended. We have heard from those attending. What a nice home.

Mr. and Mrs. W. C. W. Morris attended funeral services for his niece, Mrs. Pearl Burnette in Tularosa, N. M. Sunday afternoon. They drove to Carlsbad where they visited another niece Mrs. Rowena Kemp, returning home Monday afternoon.

Mrs. Addie Poston of Dallas and Mrs. Rate Lewallen of Sapulpa, Okla., were Saturday overnight guests of the Melvin Williams family. The group visited with Mr. and Mrs. Ambers Parrish.

A number of guests attended the birthday party in the center Sunday afternoon for Mr. Claud Williams' 80th birthday. Some came from Dallas, Oklahoma and Lubbock. We wish for him many more birthdays.

## 'Crusade for Christ' plans make progress

Plans are well underway with committees named and evangelists committed for a "Crusade for Christ" to be held in Post at the Tower Theatre building July 7-10. Evangelist Mickey Bonner of Houston and Ex-Red Raider star Richard Campbell, now a full-time evangelist in the field of music, have already been scheduled to lead the meetings.

The Rev. Glenn Reece of the First Baptist Church has been named general chairman of the crusade. Other committee chairmen are Jim Jackson and Harold Britton, financial; B. L. Thomas, prayer; Jim Jackson, promotion; Tony Shaw, music; W. C. Caffey Jr., parking and ushers; Dana Pool, youth; Harold Britton, telephone; Rev. Eugene Prevo, counselors; and the pastors of the participating churches, First Baptist, Calvary Baptist, Trinity Baptist, and Pleasant Valley Baptist to serve as advisors.

A meeting of these committees was held Tuesday at the First Baptist Church.

# Senior Babe Ruth team winner in first two games

Post has won its first two games in the South Plains 16-18 Babe Ruth League and is scheduled to play at Tahoka this Friday night unless the game is called off because of end-of-school activities.

The Post team, managed by Roy Sappington and coached by Clyde Cash, won its opener over the Lynn County entry, 6 to 3, here Friday night, and beat Brownfield, 3 to 1, here Monday night behind the two-hit pitching of Garland Dudley.

Third baseman Randy Josey's two-run first inning homer got Post off to a fast start against Brownfield here Monday, but after that the game settled down to a pitching duel between Dudley and Brownfield's Randy Rozean, with the latter giving up just four hits.

Brownfield scored its only run in the third frame when Sullivan's double plated Murphy, who had reached base on an error. The visitors' only other hit was a lead-off triple in the fifth inning, but Dudley fanned the next three batters to choke off the rally.

Post's third run came in the fourth frame on a walk to shortstop Tony Conner and back-to-back singles by catcher Macky Sappington and left fielder Buddy Britton. The locals' only other hit was a fifth inning single by Conner.

Dudley fanned 16 batters and Rozean whiffed 11.

Conner hurled a four-hitter for Post in the 6-3 win over Tahoka, with two Tahoka pitchers giving up just three hits, but losing on walks and

teammates' fielding errors. The visitors took a one-run lead without the benefit of a hit in the first inning, and tallied two more in the third on two singles and two Post errors.

Post pulled up to a 3-2 score in the bottom of the third on four walks and a double by left fielder Tim Owen, then scored four times in the fourth on singles by center fielder Rich Dudley and right fielder Mike Hair, two bases on balls and an error.

Others seeing action for Post in the first two games were Jackie Blacklock, second base; Randy Peel and Benny Greene, first base, and Steve Sawyers, outfield.

## Archery shoot to be Sunday

The Post Archery Club has scheduled a registered tournament with the Texas Field Archery Association and National Field Archery Association. It will begin at 2 p. m. Sunday, May 26. Everyone is urged to attend.

The winners of the tournament held Sunday were as follows:

Bowhunter Division — A Class: Allan Hampton, first, and Bobby Snow, second; C Class: Troy Baker, first, J. B. Guthrie, second, and Gene Seals, third.

Ladies Division — Ginger Houston, first.

Open Class — Gary Seals, first.

There were 18 shooters.

## Regional judging held in Graham community

Graham Community participated in regional judging for honors in the Texas Community Improvement Contest Wednesday, May 15. After having won first place and \$100 in District II competition, the community was judged against four other districts in Texas, Districts I, III and IV.

The four judges were met at the center at 10 o'clock and a short program given telling of the progress of Graham in the contest period, April 1 thru March 31, 1974. The four judges were Doyle Moore of Amarillo, Edith Lois Wilson of Amarillo, Curly Hays of Abilene and Henry Kirk of Dallas, all public relations specialists.

The program included Orabeth White as M. C., invocation by Quannah Maxey, welcome by Noel White, president of the Graham Community Center Board; introduction of judges and guests by R. S. Conner. Garza County agent, and special reports by the following:

Community: Mrs. James Stone

Graham Home Demonstration Club: Mrs. Viva Davis

Graham 4-H Club: Orabeth White, adult leader

Jerry Johnson also presented his speech that he gave to win first place in public speaking in

TORNADO FURY

Tornadoes have been known to leave straws embedded like darts in steel plates.

District II entitled "What 4-H Means to Me, My Family, and My Community."

Garza County Judge Giles Dalby made some comments on the part Graham Community has played in Garza County and how important good communities are.

Benediction was by the Rev. J. E. Yates, pastor of the Graham United Methodist Church.

Following the program, coffee and doughnuts were served from a table covered with a yellow cloth and centered with an arrangement of roses and baby's breath. The arrangement was compliments of Mrs. L. S. Turner and Mrs. Bo Wheatley.

A tour of the community was made with stops at the new Methodist Church, the new Bobby Cowdrey home, Lewis Mason home and the Noel White home.

The group returned to the center where a large crowd of community residents had prepared a pot luck lunch.

Special guests for the day included:

Bill Gunter and Mrs. Katherine Crawford, District II Extension agents of Lubbock; Paula Cawthon, the new Garza County Extension agent; Dana Feaster of Colorado City, the former agent; Dr. and Mrs. A. C. Surman and Mrs. Mattie Belle Fluitt, representative of the Garza County Historical Society and Judge Dalby.

Page 8 The Post (Tex.) Dispatch Thursday, May 23, 1974

## White Sox, Indians win BR loop openers

Each winning team won by a two-run margin Tuesday night as the Babe Ruth League season got under way here at David Nichols Park.

In the opener, the Indians had a six-run seventh inning to beat the Braves, 13 to 11, and in the second game the White Sox scored a 9 to 7 win over the Cubs.

The Indians trailed the Braves 11-7 going into the bottom half of the seventh and final frame, but came up with six runs on just one hit, a single by Bryan Compton, to get the win. Three bases on balls and two errors afield enabled the Indians to come up with the big inning.

Ricky Sanchez was the

winning pitcher and Dan Sawyers the loser. Ricky Quinonez got three of the winners' nine hits, with Compton and Kyle Duren getting two apiece. Sawyers and Jeff Greene each came up with two hits for the losers.

In the second game, after a scoreless first inning, the Cubs scored twice in the top of the second on two walks and a double by Virgil Morris. The White Sox got their first run in the bottom of the third on a walk to Steve Hair and a single by Kent Craig.

The Cubs made it 3-1 in the fourth on two walks and a single by Billy Smith, but the White Sox went ahead, 5-3, in the bottom of the fourth on six walks and an error.

Both teams scored single runs in the fifth, but the White Sox widened the gap with three tallies in the bottom of the sixth and emerged as winners when a Cub rally produced three runs in the top of the seventh, but fell two runs short of tying the score.

Ronald Bratcher was the winning pitcher and Mike Waldrip the loser. Each team got only three hits, but bases on balls and errors contributed to the total of 16 runs scored.

## Bill Rose places in Wyoming track meet

Bill Rose, a freshman in Meeteetse (Wyo.) High School, won first place in the 800 and mile runs at the district meet in Thermopolis, and second place in the mile run at the state meet in Landers, Wyo.

Bill is the son of Mr. and Mrs. Don Rose of Meeteetse, formerly of Post, and the grandson of Mr. and Mrs. Johnny Ray of Post.

quiring help from Ray Morales during a Yankee third inning uprising. Adrian Landa, who had relieved starter Gary Baker, was charged with the loss.

Gary Baker got three of the losers' seven hits, while Ray Morales collected three hits in four trips for the winners, with Lance Dunn, Kelly Mason and Ascension each getting two hits.

The Dodgers clobbered the Yankees, 24 to 3, Monday evening in the opening game of the 1974 Little League season.

Three walks and a single by starting pitcher Gary Lamb gave the Yankees a 1-0 first inning lead, but the Dodgers came back with three runs in the top of the third and were in command the rest of the way. They scored 10 runs in the third, two in the fourth and nine in the fifth.

Mike Gonzales, who went the distance, was the winning pitcher. Lamb, the Yankee starter, was the loser, with Benny Kennedy relieving him after four frames.

In addition to picking up the win, Gonzales led the Dodgers at bat with four hits in five trips. Hiram Martinez went three-for-three, Mike Williams two-for-two and Barry Morris three-for-five.

Gonzales allowed only two hits — singles by Lamb and Gary Baker.

## Little League off to '74 start with high-scoring tilts

In the second night of Little League play Tuesday, the Tigers walloped the Cardinals, 18 to 1, and the Red Sox outlasted the Yankees, 18 to 8, to pin the second loss of the season on the Yanks, who lost to the Dodgers in Monday night's league opener.

The Tigers collected a total of 19 hits off four Cardinal pitchers en route to their 18-1 victory, while the losers came up with only six hits off the Tigers' Chris Hall.

Brad Greer, Mark Greer and Hall each got three hits for the winners, while Joe Lofton got two of the losers' six hits.

Each team got a home run in the Red Sox' 18-8 win over the Yankees, Scott Walker smashing into one for the winners and Gary Baker for the losers.

Neal Bradshaw was the winning pitcher, although re-

## Local concern raises catfish in Colorado

Two Draw Lake, Inc., of Post is experimenting with the raising of catfish in the San Luis Valley of Colorado, according to an article in an April issue of "The Valley Courier," published at Alamosa, Colo.

Two Draw Lake, Inc., has leased a portion of a farm southwest of Alamosa and is in the process of raising the catfish there, with Elmer Theriac of Post in charge of the operation. About 1,000 pounds of fish have been delivered to the Kane Farm.

Two Draw, Inc., which has eight catfish operations near Post, is also experimenting with perch at the Colorado location.

Erwin Young of Two Draw, Inc., told The Dispatch this week that their operations in Colorado have been expanded considerably since the article appeared in the Alamosa newspaper early in April.

**4-H Club has new members**

New members were added to the Graham 4-H Club Monday evening at the monthly meeting. President Jerry Johnson led the meeting with Mike leading the 4-H pledge. The roll call and were read by Jan Hall.

Grabeth White led her appreciation to the members for their help in the projects made in the Community Improvement Committee. She presented his first District II public speak-

ing talk to the group entitled "What 4-H Has Done for Me, My Family and My Community."

Refreshments were served by Jan Hall to the three new members, Kathryn Greenwood, Holly Giddens, and Monique Claborn and Brent Mason, Mike and Sharla Macy, Steve White and Johnson. Others present were Melvena Stewart, Mandy Claborn, Mrs. Bob Macy and Mrs. White.

**Mortgage note on Youth Camp is to be burned**

Several Post people will be on hand for the burning of the mortgage on the White River Youth Camp, Sunday, May 26, at 2:30 p. m.

The note, made Feb. 8, 1972 at the First National Bank in Post for \$30,000 was utilized to construct the 40 by 100 foot dining hall, kitchen, trading post and office building.

The note was executed by Arnold Sanderson, Ken Bozeman, Arlie Ramage, J. W. Strawn, Bill Bryant and Joseph Johnston.

**Patrol probes three mishaps during April**

LUBBOCK — The Texas Highway Patrol investigated three accidents on rural highways in Garza County during the month of April, 1974, according to Sgt. H. E. Pirtle, Highway Patrol supervisor of this area.

These crashes resulted in no persons killed and no persons injured.

The rural traffic accident summary for this county during the first four months of 1974 shows a total of 11 accidents resulting in no persons killed and three persons injured.

The rural traffic accident summary for the 60 counties of the Lubbock Department of Public Safety Region for April, 1974, shows a total of 390 accidents resulting in 19 persons killed and 218 persons injured as compared to April, 1973, with 544 accidents resulting in 24 persons killed and 283 persons injured. This was 154 less accidents, five less killed, and 65 less injured in 1974 at the same period of time.

The 19 traffic deaths for the month of April, 1974, occurred in the following counties: three in Palo Pinto; two each in Moore, Terry, Wilbarger and Lynn; and one each in Gray, Hutchinson, Randall, Swisher, Jack, Lynn, Stonewall and Wise counties.

**Parents to set school goals**

School Supt. Bill Shiver told Post Rotarians Tuesday noon at their weekly luncheon in a review of the development of the schools' new curriculum program that a survey is planned to determine the school goals the Post area community wants to see achieved.

He said a sampling of all community elements would be taken in the interviews so that the community can establish its own school goals.

Multiple choices on a wide variety of goals will be offered by interviewers, he said, and parents will be asked to give their top choices and reasons for their preferences.

"We're not only going to ask for the public's opinion, we're going to use it," Shiver said.

A considerable portion of his speaking time was devoted to a question and answer session.

**REA loan okayed for Dickens Co-op**

WASHINGTON, D. C. — Cong. Omar Burleson announces approval of a \$369,000 REA loan to the Dickens County Electric Cooperative, Inc., with headquarters at Spur, serving Crosby, Garza, Kent, Stonewall, Dickens, King and Motley counties.

The purpose of the loan is to finance service for 213 additional consumers, to finance 50 miles of distribution line and to finance system improvements, including substation facilities.

FROM WISCONSIN  
Mr. and Mrs. Robert Bayer and daughter of Menasha, Wis., visited here Tuesday with Mr. and Mrs. Mason Justice. Bayer and Justice were Army buddies in World War II. The Bayers were taking their daughter on a tour of Texas as a graduation-from-college gift. Dee Justice of Sweetwater and Jan Burkett were also guests in the Justice home.

**Library Bookshelf**

The following new books, all adult non-fiction, are now available at the Post Public Library: "Creative Divorce" by Mel Krantzler; "Pilgrim at Tinker Creek" by Annie Dillard; "Solo: The Story of an African Wild Dog" by Hugo Van Lawick; "The Joy of Sex" by Alex Comfort; "How to Get More Out of Sex" by David Reuben; "Handmade Houses" by Boericke; "Indian Silver: Navajo and Pueblo" by Margery Bedinger; "Dance World" by John Willis; "Connally: The Adventures of Big Bad John" by Charles Ashman; "Pentimento" by Lillian Hellman; "A Woman's Story" by Pat Loud; "Thomas Jefferson: An Intimate History" by Fawn Brodie; "Texas Out Back" int. by Leon Hale; "Interwoven: A Pioneer Chronicle" by Sallie Reynolds Matthews; "Watership Down" by Richard Adams.

## Two seniors take turns at crystal ball gazing

By RICHARD DUDLEY and DEBBIE LEDBETTER

As we were in class Richard and I got to thinking of what our class would be like in ten years. Would some still be going to college, married and working, or single and working, and would they all still have the same likes and dislikes, habits and little things that characterizes them personally? We thought of these characteristics as they are, through nicknames and titles, and so these are the descriptions of the senior class of 1974 as we saw them:

Bill Aten has those big ears of his.

Darla Baker has a love for (ears) bugs.

Charles Bell is a big chili eater.

Mark Bevers is an all-time road-runner.

Jan Burkett has been elected president of the Mickey Mouse Club of PHS.

Jill Cash was voted the most graceful actress in the Drama

## Certificate goes to Valdez for water training

AUSTIN — The official certificate of competency for the treatment of water and wastewater was presented by the Texas State Department of Health to Benny Valdez of 612 May, Post, Tex.

To earn this certificate, this water ecologist completed a formal and specialized education, accumulated a prescribed amount of actual work experience, and passed the examination given by the State Health Department's Sanitary Engineering Section.

Much of the training is through the Texas Water Utilities Association, the largest water and wastewater training school in the United States. In fact, Texas Water Utilities Association began a voluntary certification program in 1933, 12 years before the Sanitation and Health Protection Law made it mandatory. This voluntary program was the first to be organized in the United States.

Thanks to this training program, most of our water operators have been taught effective ways for producing safe drinking water, and to make wastewater into clean streams for public use.

The water utilities operator is not often in the public eye, and as a result, suffers low income and status in our communities. Yet, our concern makes him one of the most important workers in the community.

## David Mock in Tech exercises

David Allen Mock was among the hundreds of graduates in recent commencement exercises at Texas Tech University in Jones Stadium. Following the commencement address by Dr. Grover Murray, Texas Tech president, the group then adjourned to various assigned places on the campus for the rest of the ceremonies.

Among those attending Mock's graduation were Virginia Gentry of Odessa, Mrs. Jewel Ward and Mrs. Myrtle Killem, both of Slaton, Mr. and Mrs. Sonny Gossett of Post and Mr. and Mrs. Robert Lee Mock and Mr. and Mrs. Robert Mock of Southland.

David graduated from Southland High School in 1970 as salutatorian. He attended South Plains College and entered Texas Tech in 1972. He has been

DAVID MOCK

living at home and commuting. David plans to continue school this summer, working toward his CPA license. He is graduating from the School of Business with an accounting degree.

# General rate increase is being requested by SWPS

Southwestern Public Service Company announced today that it will seek the first general rate increase from its Texas customers since 1967.

The proposal requests an average increase of 10 per cent, to be effective with billings in September of this year. The request is addressed to municipal governments in the communities served by the company, those bodies being the regulatory authority in Texas.

Southwestern has had only two previous rate increases, 23 and seven years ago, respectively. The 1967 increase was 7.62 per cent. There have been 14 rate reductions since 1942, when the company took its present form.

Increased costs of labor, materials, money and taxes were cited by the company as the major reasons for the rate increase request. Spokesmen said that a standard wooden

pole had increased in cost by 175 per cent since the last rate change, with a 365 per cent increase in the price of crossarms used on the poles.

Other increases in costs since 1967 include a 162 per cent rise in the price of steel for substations; a 124 per cent increase in copper wire; labor costs up nearly 54 per cent and taxes going up by almost 57 per cent. Interest paid on borrowed money has jumped up 68 per

cent.

The company pointed out such increases in other prices since 1967 as 108 per cent for ground beef; 67 per cent for coffee; 58 per cent for milk; 28 per cent for margarine; and 100 per cent for lettuce as indications that its request for an average increase of 10 per cent was reasonable.

For residential service in homes which are not electrically heated and do not have

electric water heaters, the new schedule is as follows:

7.10 cents per kwh for the first 50 kwh used each month  
4.70 cents per kwh for the next 50 kwh used each month  
2.35 cents per kwh for the next 900 Lwh used each month  
1.90 cents per kwh for all additional kwh used each month.

Southwestern's average residential customer uses 536 kilowatt-hours a month. Under

the new rates, his monthly bill will be increased \$1.38 or 8.9 per cent.

The company has a fuel-cost adjustment as a part of its approved rates. This allows it to pass on to customers increases in fuel costs. However, fuel is only about 20 per cent of the total cost of providing service and there is no similar protection against the increases that have taken place in the other 80 per cent of the costs necessary to provide service.

In connection with the fuel-cost adjustment, it is charged on the basis of the number of kilowatt-hours used by the customer. As a result, it has the least effect on customers using smaller amounts of energy, both as to amount and percentage of bill, and has the most effect, both ways, on larger consumers.

Southwestern's peak demands for electric service fall in a short three to four-month summer season because of irrigation of agricultural crops and air conditioning. In order to more evenly balance the year-round load on the company's system and use the generating equipment and transmission and distribution lines most efficiently and economically, the company offers electric heating rates during the winter season. This type of rate structure benefits all residential customers, whether they heat electrically or not, because it brings in more revenue dollars, which helps keep all rates lower, than would be the case without the incentive for those customers preferring electric heat.

The new general service rate that applies to most commercial customers, is as follows:

7.1 cents per kwh for the first 100 kwh used each month  
4.6 cents per kwh for the next 900 kwh used each month  
2.4 cents per kwh for the next 6,000 kwh used each month  
1.4 cents per kwh for the next 6,000 kwh used each month  
.9 cents per kwh for all additional kwh used each month.

(When the commercial customers' demand — the number of kilowatts the company must have to serve his load — exceeds 10 kw, the 4.6 cents block of the rate is extended 38 kwh for each kw of demand above 10 kw. This demand feature affects only the larger customers.)

The company projects that the rate increase will produce annual revenues in Texas, where it serves the great majority of its customers, of \$6,161,000.00. Of this amount, \$3,021,000.00 will go for additional taxes.

In the face of high interest costs that now range from 9 to 11 per cent, the company's rate of return on its investment is 5.87 per cent. If the proposed new rate had been in effect during 1973, it would have yielded a rate of return of 6.61 per cent. Texas law allows as much as 8 per cent rate of return for utility companies.

## THE FAMILY LAWYER

Visit to Washington

Millions of American tourists will be visiting the nation's capital this year for a close-up look at their government. Although most of them won't realize it, they should be grateful for an unusual law called the Federal Tort Claims Act.

This Act, overturning the ancient doctrine that "the King can do no wrong," allows a citizen to hold the government liable in case he gets hurt on federal premises. For example, claims have been filed by:

a man who stumbled on uneven flooring in a Senate corridor;

a woman who skidded down the steps of the National Gallery of Art;

a woman who fell on ice behind the White House during a Christmas pageant; and,

a woman who slipped in the lobby of the Smithsonian Institute.

True, payment under the Act is not automatic. The victim must be able to establish some measure of fault on the part of the government.

Thus, a woman tourist who stepped into a hole beside the Washington Monument won her claim because she proved governmental negligence. It seems that some faulty plumbing, installed by a government crew, had undermined the paving and caused it to sink.

But a man who stepped into a hole near the Jefferson Memorial (at Cherry Blossom time) was denied damages because he had ventured into an area where the public was not supposed to go. The court said the government was not required to be as careful in places where visitors were not expected.

Of course, the Act applies equally to federal premises all over the country. You have its protection in courthouses and post offices, military bases and national parks.

In one case, a boy won damages under the Act after a wobbly mailbox toppled over on him. The court felt that the mailbox was a federal "place of business," just like the post office, and should be kept just as safe.

**Summer Rec. —**

(Continued From Page One)  
 Most of the younger ones need to wait a year or two to participate in.  
 The assistant director again this year will be Judy Norman, Texas Tech University student, who will also be in charge of basketball for girls and games for the younger girls.

Those in charge of other activities will include: Pat Thompson, tennis; Durward Bartlett, golf; Mike Petty, swimming; Cindy Bird, cheerleading; Jodi Norman, twirling; Sherrel Guichard, arts and crafts; Jan Hall and Doris Giddens, tumbling and trampoline; Mike Petty, drama; Grayling Johnson, football and weights; Lane Tannehill, track and dodge ball.

Director Giddens asks parents to bring their children or make arrangements to send them to the registration on June 1.

"We encourage you to let your children participate in any or all of the activities that are offered in the program," the director said.

Equipment will be furnished for those who do not have their own, such as racquets, golf clubs, batons, etc. Nearly all the activities will be on or around the school grounds.

The director also suggests that parents of children living in the rural areas of the county make car pools for transporting their youngsters to and from the program.

The program is budgeted for \$4,250, with the City of Post paying \$2,500 and Garza County, \$1,750.

**Judge Dalby fighting for judicial powers**

County Judge Giles W. Dalby has been in Austin since Sunday working as a spokesman for interested county judges to get the Texas Constitutional Convention to write a constitutional article on county judges which will preserve their present legal role.

A decision for reconsideration by committee was possible sometime Wednesday on a provision which would have taken away all judicial powers from county judges in Texas under the proposed new constitution and given them to circuit riding judges.

by a physician, an audiologist or a certified audiometric technician.

Equipment for conducting audiometric tests starts at \$400.00 without the room or mobile enclosure necessary to carry out such testing.

How much noise emanates from tractors and other farm machinery is not one of those things about which farmers have been overly concerned. But if the Occupational Safety and Health Administration (OSHA) has its way the question may become more important than anyone would have thought possible a few years ago.

OSHA is proposing a noise standard for agriculture. The proposal has not been published, but it is on the way, and as now written would impose an expensive, time consuming and

largely useless set of noise monitoring and protection rules on all farm employers regardless of classification or size.

Hearings on the proposed standards are scheduled for May 29 and 30 in Washington, so there is a chance that OSHA regulations on acceptable noise levels and the required protection against unacceptable noise will be reasonable and practical.

Very little information is available on either the amount of noise exposure in agriculture or its effects on employee hearing. And the absence of such information makes it possible to determine, first, if there is a problem, and second, whether any problem which may exist can be corrected by practical means. One of OSHA's prime considerations in this area should be the fact that, unlike much of industry, nearly all exposure to noise in agriculture is frequently interrupted by periods of quiet. This fact has been pointed out to OSHA by the Standards Advisory Committee on Agriculture, the Texas member of which is Tony Price, executive vice president of the Texas Cotton Ginners Association, Dallas.

The proposed regulations state "Medical surveillance shall be carried out under the supervision of a physician and will include audiometric testing

**Students invited to deliver meals**

Ann Tubbs, co-ordinator of the Meals on Wheels program, suggests to high school students that as a recipe from a summer slump they volunteer to deliver meals to older people who are homebound.

Mrs. Tubbs suggests that students who are free from school and don't have much to do volunteer to deliver meals.

"It takes about an hour — 11 a. m. to 12 noon — for as many days as you would like to do it," Mrs. Tubbs said.

Students wishing to deliver Meals on Wheels are asked to volunteer now by calling Rene Flutt, telephone 3469.

**"What Do Those Stones Mean?"**  
 By Edgar L. Fox

Twelve Tribes, twelve men, and twelve stones made a memorial for Israel. Ten years later a son asked, "What do those stones mean?" The father gave him a lesson in history. Fifty years later another son asked, and his father could not remember. What a tragedy that people neglect their heritage. Are we in America any better?

I saw a woman (in a new book) kissing the stones of the tomb believed by some to be the place where Christ was buried. She remembered One died that she might live. One lived that she might never die. One was captive that she might be free. One bore a cross that she might wear a crown. She remembered!

How many parents can explain the meaning of May 27 or July 4? How many can explain why Christians observe Sunday rather than Saturday as their day of worship? Religious freedom and the separation of church and state were born in America in Roger Williams' day. Few can remember the meaning of that struggle. Tradition could not save Israel, but it might have been a reminder of the stern ideals which could make Israel strong.

We need not kiss those stones, but we should remember what they mean, and let them teach us.

Prayer: Our Father, help us to remember what those memorials mean. May we teach our children lessons that will quicken conscience and point to the way everlasting. In Jesus' name. Amen.

# Memorial Day

TO OUR *Valiant* NOT IN *Vain* \*\*\*

## A Time of Peaceful Remembrance

Democracy. Freedom. The American experience and spirit is founded on these words. In times of peril our servicemen have defended this spirit with dedication and courage. Many have given their lives to preserve it.

Memorial Day is a time for quiet reflection. A time to honor our servicemen of past and present. And, as we rekindle the memory of what they have given to their country and to each of us, we also prayerfully work and hope for peace. Across the land there will be parades and speeches of commemoration. It's our way to proudly and reverently give thanks.

### SYLVIA SMITH

Some people think all girls ever do is cry and talk. This rather debatable subject can sometimes cause wars, but I won't think of that part of it now.

Fittingly, on a sandstormy day, March 24, 1956, Sylvia Jane Smith was born the new daughter of Arvel and Eula B. Smith. How well I began my life — crying louder than the biggest rock band. At least everyone thought so. If only they knew I was just testing the limits of my built-in microphone.

My younger days were playful and carefree. I had my dolls and trucks and loved to play in the mud. I loved the words "why" and "how come." Something within me kept the broken record playing, much to the dismay of my five older brothers and sisters. The spankings I received seem to be justifiable now but were completely out of order then. Naturally I would cry but then girls are supposed to.

Soon high school was upon me. I really enjoyed the experience of new people. I quickly became involved in many activities — enjoying everyone of them. Basketball and tennis have relieved the pressures of National Honor Society president, Science Fair director, and annual editor. I received the honor of valedictorian and am proud of it because I know how hard my other classmates worked. I'd take nothing for the many experiences and acquaintances that have helped me grow.

The years came and went, and sadly high school has come and gone. The times were good and the times were bad. Sadly I think of leaving my friends. Gladly in years to come we'll talk of the past.

Crying for joy and sorrow and talking of remembrances — I guess girls really are that way.

### SUE COWDREY

Columbus Day of 1955 seemed fitting for the true discovery that was to be made at Garza

Memorial Hospital. At 8:05 a. m., Mr. and Mrs. Bobby Cowdrey discovered that they were the parents of a baby girl! No, they didn't name her America, but instead she was to be called Ella Sue. And from that point on, she was the discoverer!

Of course the usual discoveries were made in succession — toes, Mama, Daddy, the ability to walk, talk, and get into trouble! One discovery led to another, but one stands out more than any other — BOYS! The next-door neighbor was a little red-headed, freckle-faced kid that I felt sure was "The One!" But he always got me in trouble by telling me it was okay to play in the street. After getting spanked several times, I realized HE wasn't "The One." He wasn't even my friend!

But my broken heart soon mended because I had better things to explore—School! This was to be an exciting adventure that I would never forget.

Reading, writing and arithmetic fascinated me. I will never forget the competition between classmates to see who could write the best, spell the best, and call out answers to multiplication problems the fastest. But then, as soon as the recess bell rang, books were forgotten and the girls raced to get one of the boys' Punt, Pass and Kick football jackets. Boy, we thought we were cool! We were cheerleaders, twirlers and basketball players . . . and we were the best!

But that sense of daring began to fade when we entered junior high, because we were the unwanted, punky little sixth graders. Oh, well, everyone before us and after us suffered the same fright of changing classes, getting lost, and being laughed at by the upperclassmen and we were no different.

Seventh grade saw us setting out on another new adventure — competitive basketball. We prided ourselves on being the best. We managed to beat Slaton and won district. Wow! That was really neat!

We set our goal for the district title the next year, as well, and won it. Then, before we knew it, we were graduating from the eighth grade, and the door was opening for '74!

We were now in Post High School as freshmen. Our jour-

ney began with caution. We sat with our belt buckles fastened, ready for take-off, playing it by ear. Then suddenly our space ship had blasted off! Where we might land, we did not know, but we were determined to get the most out of this trip.

For me, it has proven the best part of my life. Yes, it has been hectic at times, especially when I realize that the simple life has slipped away without my knowing it, and what I do with my life now is up to me. But as I look toward those new horizons that I have not yet explored, I realize that receiving my diploma on the night of May 27 will only be a routine step to refuel my space ship. From there, I will set out for new lands and with the help of God, I will reach my long-sought-after destination.

### DARLA BAKER

On Nov. 15, 1955, in the Garza Memorial Hospital in Post, Texas, a very exciting event took place. Mr. and Mrs. Robert Baker became the proud parents of Darla Ann Baker, and their lives were changed forever.

I, Darla, am now a graduating senior in High School, and am trying to recall my childhood days.

In September 1961, a group of scared, but excited, children started to school. I was in this group, and as I remember, many of us dreaded the moment for our mothers to leave us with "that lady" called the teacher.

So began our school years. In Junior High we began to take part in sports. We were really important when we won district championship two years in a row.

Then came the greatly feared freshman initiation in high school. I was painted from head to toe, but it was all lots of fun.

My junior year was full of activities. The most exciting thing was decorating for the Jr.-Sr. banquet. It seemed like we would never get everything together in time, but on the night of the banquet, everything was done exactly as we planned.

Now, as a senior, it is hard to believe that our school days together are almost over. There have been good times and bad times, but the good far outnumber the bad.

In a few weeks, I will be starting to work in Lubbock. Then in September I plan to start school at Texas Tech.

### JERRY TYLER

On Jan. 3, 1956 in Garza Memorial Hospital, Mr. and Mrs. David Tyler became the parents of a new son. They named him Jerry Bruce Tyler.

I was the second son in my family. I already had a brother, Ronald, and later on my sister, Debbie, and my other brother, Mark, came along.

I can't remember very much about my younger years, but I do remember starting to school. I did not like it very much and I couldn't see any good in going, but I went. Well, I lasted for 12 years and I am glad to see it coming to an end.

While in high school I participated in sports every year, was a member of the National Honor Society, FFA and also held class offices. The most important office was senior class president, which I found out was a lot of work.

This is about all I can remember about my life, and I hope I can go on and live a good life.

Settlers at Canadian, in Hemphill County, held one of the first rodeos in Texas.

### SHERRELL GUICHARD

One day in November (to be specific Nov. 3, 1955) I made my grand entrance into the world. I was, as usual, kicking and screaming. I believe my mouth was the biggest in Garza Memorial Hospital. I guess I wanted everyone to know I had arrived. My parents were told that I was a gift when I was born, but at times I think they would like to return me and tell the mechanics to take out the bugs and imperfections and make me less expensive to take care of.

Nothing exciting happened until my first day in school. I was quiet and shy (very much against my nature) but after knowing everybody I became my usual happy self. I had smooth sailing for a while until the sixth grade. The confusing thing was finding my classes in Jr. High. I wandered around in the halls like a lost sheep until someone took pity on me and helped me find my classes. Everyday I had a new learning experience, hundreds of equations and history facts. I thought my head was filled to the brim, but each year I managed to poke a little more knowledge in.

During my sixth year I joined the band. I wanted to play the trombone. I thought it would be funny to poke people with the end of my slide but after feeling how heavy it was I decided to play the flute. From the seventh grade until my graduating year I have participated in UIL solo and ensemble contest. I guess it was the excitement of finding out your rating that made me play solos. I also started trying out for All-Region band. Music became more and more fun.

High school was really my big adventure. I started my lost sheep act again. I do not think I found a single class until the second day of school. Studies began to get harder, but I managed. It looked like everything began to change in high school. It was a whole new life filled with the adventures of maturing. I am glad I had a chance to experience these 12 years in PHS.

### BACK TO ALASKA

Gary Shepherd is to leave this week for Fairbanks, Alaska, after spending a two-weeks furlough with his parents, Mr. and Mrs. Otis G. Shepherd Jr., Gary, a 1972 graduate of Post High School, has been in the Army since August of 1972.

Canyon, Tex., originated as the headquarters for the T Anchor Ranch in 1878.

# Post High honor graduates summarize their 'life stories'

**JAN HALL**  
 About 18 years ago the "Stork" whose well known job is delivering babies, decided to drop me into the world of Mr. and Mrs. Billy Hall. This date of arrival was May 17, 1956. This wasn't the time for the stork to come home. I discovered about 10 years earlier he delivered the boy, which Janet and I named Karl Bruce.

experience. I entered Post Jr. High, which included the changing of classes and teachers. This was a new and exciting thing that all the kids enjoyed. During my seventh grade year the girls started basketball which proved to be successful. We won the honor of district champs that year and the following year. During my two years in Post Jr. High I was twirler along with three other girls for our band. Jr. High had been fun, but nothing compared to what my next four years would be.

my freshman year came to an end. During my sophomore year in Post High School things were even busier than the year before. I became a member of the National Honor Society, I was a twirler, I served at the Jr.-Sr. banquet, and I engaged in girls athletics. My junior year went very fast. I was in the Jr. play, our girls basketball team got second in the district, and I was in band and National Honor Society. The climax of my junior year was the preparation for the Jr.-Sr. banquet. All the class decorated for the banquet. The whole night of the Jr.-Sr. banquet was to be a successful evening.

year. I was in band, the FHA Sweetheart Contest, Sr. play, National Honor Society, cheerleader, Basketball Sweetheart, and I got Most Athletic. Our girls basketball team did fairly well also. We got second in district again. The year has almost ended. I am brought to the present with the future ahead of me.

and Mr. PHS. I was very honored to receive these many honors. In football we had a very successful season. It was short for me because I got hurt in the fifth game of the season against Cooper. I didn't play a full game again until the last game of the season against Tahoka. I was also fortunate to be selected Pep Squad Beau at Homecoming.

myself sandwiched between two people and the next thing I knew I was sitting on the floor looking up into Mr. Pollard's face. Boy, was I embarrassed! When I graduated to high school, I really thought I was grown up. I soon found out that you had more responsibility. When I was in the 11th grade I started working through Co-operative Homemaking. This was the best accomplishment of my high school years because I learned to earn part of my living and develop a better attitude.

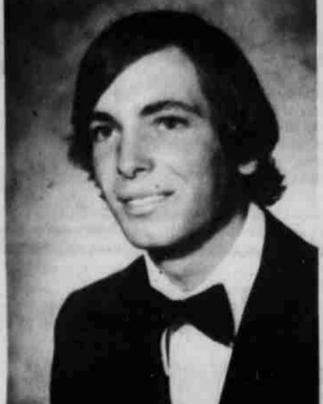

I think the most exciting thing I'm looking forward to is Graduation Day. This thought gives me a feeling of great accomplishment and the will-power to "keep on trucking."

lake fishing and water skiing, which I enjoy very much. While in junior high and high school I have enjoyed participating in track, basketball and football, with the highlight of going to state in track my sophomore year. I have been a member of the National Honor Society, Student Council and Fellowship of Christian Athletes. Also I am a member of the First Baptist Church. My plans are to enter college this fall and study for pre-med, which has been my goal since elementary days.

CONGRATULATIONS  
DANNY WINDHAM

*Rocker A Well Service, Inc.*

**RICKY SHEPHERD**  
 On the rainy morning of Sept. 23, 1955, in Garza Memorial Hospital, Doug and Nataliee Shepherd became the proud parents of a little baby boy. They named their first born Richard Douglas Shepherd; for short they called him Ricky.

When I was two years old I was joined by a brother, named Mike, and two years after that another brother came along and was named Brad.

Finally when I was seven years old a change in my life began; I started school. I made many new friends and in the next few years I learned the basic fundamentals such as reading, writing, and arithmetic. The years went by fast. Then finally school changed. In the seventh grade we were able to participate in sports. That made school a whole lot more fun. We started out in football coached by Waco Reynolds. We lost only one game in football our seventh grade year and in the eighth grade we were undefeated. In basketball we were always trying to keep up with the girls in winning, but they seemed to stay a game or two ahead of us.

In the eighth grade we were the big guys around junior high. The next year we became the little guys of high school. As freshmen we spent most of the year running from seniors.

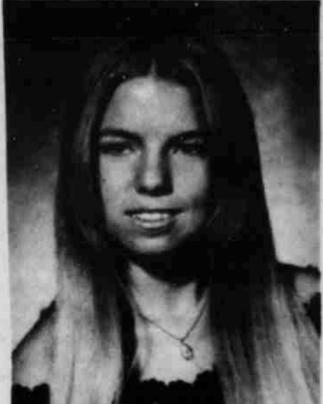

My sophomore year was pretty exciting and fun. I was elected president of my sophomore class. It was also my first year to play varsity football and basketball. I spent most of the year scared to death, but I was having the time of my life.

My junior year I was elected Class Favorite. In football we had a better team and in basketball we came in second in district.

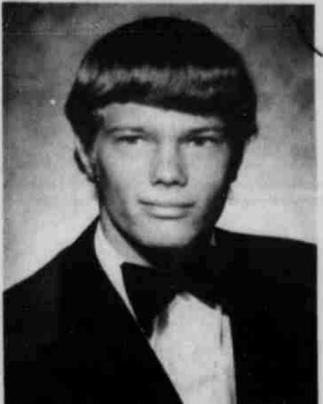

The year passed by very fast and before I could turn around, I was a senior. This year I hit the jackpot! I was very fortunate and was elected Student Council president. I was also elected Class Favorite

### Danny Pierce gets diploma

SAN MARCOS — Danny Ray Pierce from Post was among the more than 900 who received diplomas from Southwest Texas State University in spring commencement exercises held Saturday in Strahan Gymnasium.

Pierce received a Bachelor of Business Administration degree from the school of business of SWTSU during the College of

Professional Schools Commencement program. He is the son of Mr. and Mrs. J. S. Pierce of 116 West 4th St., Post.

**NEW BRANCH OFFICE**  
TAHOKA — A Slaton Savings and Loan Association branch will be open in Tahoka within 90 days, according to B. B. Castleberry, senior vice president. The association is also planning to develop 10 houses and two duplexes in Tahoka in 1974.

# Honor graduates 'tell it all'

### JONI HUFFMAN

Every year it's the same old thing — reading the same thing over and over again. Well, don't be surprised if this sounds like the same old thing.

On the morning of Dec. 20, 1955, my parents had a very rude awakening. About 4:20 a. m., a beautiful black-haired, blue-eyed baby girl was born! In spite of the early hour, they thought it was worth the lost sleep. Now, I sometimes wonder if they still think it was worth the lost sleep.

When I was five, I got to go to kindergarten. I remember how proud I was to get to walk all the way to the church where it was held. One of my best memories is when the teacher tried to tell us what good painters were. She didn't fool me for one minute. I couldn't see how she could tell how good it was, besides telling what it was.

When I started to school, I remember going to my class. That hall seemed like a mile long, and a mile wide. Somehow I managed to get to the room.

I have slowly worked my way up. I'm sure all my teachers were glad to get rid of me at the end of the year.

I loved to read. I'm sure my mother never saw me without a book to read. I remember her even calling me a "book worm."

It was a great day when I got to junior high, except for those confusing staircases! After I graduated from the eighth grade, the thing I had to look out for were the seniors (with their lipstick and paddles!) Somehow I managed to stay out of their reach.

Then came high school! There were so many people it wasn't even funny. I think I have matured some since my freshman year.

Now I have reached the end of my school years. I look back to the happy, and yes, even the sad days. I wish my step-father had lived to see me graduate. He taught me the lesson of unselfishness and love. Not love of yourself, but of children that aren't even yours. He also taught me to keep on going, no matter how rough the going got. If it wasn't for my step-father and mother, I probably wouldn't be graduating. My mother showed me the hard way of a drop-out. She gave me the desire to excel and not drop out. I would like to thank all my teachers who helped me get where I am today.

### JOE CRAIG

I don't know what people expected of me when I entered the world in January of 1956, but I have done quite a few things since then.

I went through my first two grades at the school in Close City. I was young and I knew how to get attention from the older boys at the school and most of the time I wish I hadn't, as my nerves sent painful messages to my brain

at times. I caught hepatitis during one of these years and it seemed pretty bad, but I made it. My third year of school was to begin at Post and I was scared because it was such a large school and I knew only two or three people. It ended up being one of the smallest after nine more years.

At home I liked to build things and I did. I had a favorite tree that I built tree houses in. I would always improve on the one before and the last one seemed pretty elaborate, because it included a suspension bridge connected to a windmill and a ladder about 20 feet away. I built a playhouse that had three rooms and two stories. It was crude and was to include an upstairs patio, but I lost interest. I even remember trying to build an airplane that I intended to fly.

Well, I advanced to more complicated things and liked to experiment. I started building model rockets and shooting insects into the sky. Then it was radio controlled airplanes. I still haven't mastered that yet. One of my most successful and surprising projects of all was running an engine on hydrogen. I worked on it two years and at times it was frustrating. It worked and I felt good because it was really a surprising success.

The things I have done in high school are very surprising to me. I wouldn't have thought it possible to attend two FFA state conventions and receive my Lone Star Farmer degree at the third. I didn't attend the convention the third year because I was in Brazil for five weeks, of all places. I attended a nuclear symposium at Texas University. Later I came close to attending the International Science Fair at Notre Dame University.

This is a very brief look at some things I have done. I have had too many experiences to tell about them in a newspaper. It has been only 18 years but it sure went fast. I would have never thought I would be graduating.

### TONYA RUDD

My name is Tonya Rudd. I am the daughter of Mr. and Mrs. Kent Carlisle who live here in Post. I was born on July 5, 1956 in the Midland Memorial Hospital in Midland, Tex.

I started my school career by attending kindergarten in Lubbock, and I finished it in Houston. I went the first semester of my first grade year in Houston, and then my family moved to Spur. I finished my first year in Spur and remained there through the fifth grade. Shortly after school was released for that year, my family moved to Post.

I started school here in 1967, or my sixth grade year, and have attended school here ever since. I married Delbert Rudd on June 9 of last year which made me one of the "old married ladies" of the senior class.

### DAVID POSEY

I was born in Odessa, Tex., on June 15, 1956. My mother and father, Gene and Betty Posey, named me David Wayne. One thing about having a name like that is that it really stands out and gets one's attention. I could always tell when mother or daddy were mad at me, because they would always call me David Wayne, just as they do now.

I started to school in Odessa at six years old. The one thing I remember well is reading about the antics of Tom, Sally and Spot. I had a lot of fun learning to read and write, but I enjoyed math and science the most.

With a new grade came a new town, San Angelo. This was daddy's first assignment working for the Department of

Public Safety. I had a lot of happy times during the five months we lived in San Angelo. This was where I learned how to ride a bicycle. After uncountable wrecks, I finally caught on. Learning to ride a bike causes a whole new world to open before you.

Daddy was transferred to Sweetwater just as I started the third grade. I had a bunch of buddies and had a great time, but when I started the fourth grade we moved to the country. Country life had its advantages. I remember hiking through the hills behind the house, chasing rabbits, and watching the turtles and frogs swimming in the pond.

The one thing I liked a lot about the rainy school days was playing dodge ball in the cafeteria. I caught on fast and even stuck it out to be the last one on my team, but a hero's fame doesn't last long—I was the first one tagged in the next game.

Daddy transferred to the highway patrol and we moved to Post. The one thing that was hard to get used to was the many pump jacks around town. I have lived in Post for about five years now and have enjoyed every minute.

I have had a lot of interesting experiences, but time permits me mentioning only a few. What little I have said briefly summarizes my life up to now.

### JILL CASH

Aren't all children born in the middle of the night? Evidently not, because I, Jill Cash, was born on April 8, in the middle of the afternoon, and I really think that that is why my life has been one surprise after another — at least for my family.

During my early school years, I was famous for starting new fads at school, such as wearing horn rim glasses, with no lens. During later years, especially during the fourth grade, I never failed to amaze my teachers and classmates by the things I wore. I loved to mix and match my clothes and even if they didn't match, I still mixed them.

My fondest remembrance of Jr. High School is of Bud Davis. He kept my life exciting with archaeology camp-outs and a trip to Palo Duro Canyon, which included the usual bus break down and worried parents.

High school is exciting for everyone, but for me it was more than just exciting. I held class offices, joined clubs, played in the band and most of all, I tried my best to make my classes a little more exciting.

In short I tried my hand in just about everything a school has to offer, and I loved every minute of it. I'm sad to see it end, but there are more challenges ahead of me that I am looking forward to.

### STEVE SAWYERS

Very early in the morning on May 18, 1956, Mr. and Mrs. Edwin G. Sawyers were blessed with a baby boy. They named him Steven Edwin. My earliest recollections are of living on Avenue O, visiting Mrs. Barrow, our landlady, and running down Main Street. In 1958, a new member was born into our family, Dan. The same year, we moved to 11th Street behind Teen-Town. The next three years were spent playing with kids in the neighborhood out on the vacant lot. We learned not to throw rocks at cars or throw stink bombs into Teen-Town. Fortunately, we had very understanding neighbors.

In 1961, my carefree days were brought to an end with my enrollment in kindergarten at the First Baptist Church. My first taste of school was not very successful because my first report card had an "S" in

### Coming services at First Christian Church announced

Edgar L. Fox, minister of the First Christian Church has announced his sermon titles for Sunday as: "Don't Throw Away Old Bottles," 11 a. m., and "Good Connections With the Man Upstairs," 7 p. m.

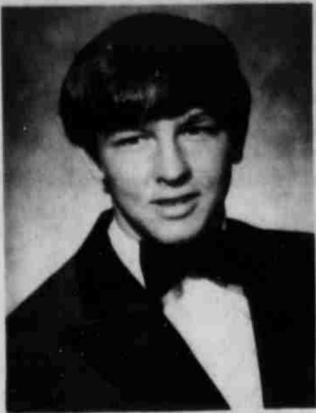

Jay Pollard, son of Mr. and Mrs. James Pollard, will be recognized as the church's graduating senior at the 11 a.

community for the good things that have happened in my life so far. Post has been a good place to live.

m. worship. Other services Sunday will be at 9:45 a. m. with classes for all ages. CYF and Chi Rho at 8 p. m. in the church parlor and ship hall. Mid-week prayer services will be in the church parlor at 7 p. m. The public is invited to services.

**INTEREST RATE UP**  
The interest rate on U.S. Savings Bonds has been increased from 3 1/2 per cent per cent, as of Dec. 31, 1973. The increase affects all standing bonds.

# Juniors willed 'valuables' by members graduating class

(Editor's Note: The class will of the Post High School graduating class was read by honor student Jerry Tyler at the annual junior-senior banquet.)

**CLASS WILL**  
The seniors of the class of 1974 being of sound mind and body do hereby will the

following:

The senior basketball boys will Chris Wyatt and Jackie Blacklock their ability to get their heads in the game.  
Bill Aten wills Tina McAlister the name of "Marshall."

David Posey wills his ability to get along with policemen to Gary Bilbo and Randy Babb in hopes it will keep them out of trouble.

Debbie Ledbetter wills Melinda Nelson her social pattern with rings through her junior and senior years.

Becki Dalby wills Penny Norman her watch so that she can tell what time to go home.

The senior cheerleaders will next year's cheerleaders their ability, with hopes for improving their jumping and flipping.

Sherrel Guichard wills Ann Mitchell a bottle of Elmer's Glue.

Susan Solis wills Hope DeLeon the ability to speak Spanish.

Sue Cowdrey wills Patricia Davis her height; it helps to look over the steering wheel instead of through it.

Darla Baker wills Kent Kirkpatrick the sun roof off her bug. That's probably the only part he would want.

Mark Bevers wills Chris Wyatt his shadow in the park and on the track.

Sylvia Smith wills Sandy Bullard and Denece Higgins the wide-mouthed frog to keep them company on any trips they might take.

Ila Workman wills Di Anna Collier the ability to apply brakes on her new car when pulling up to the curb.

Deb McKee wills Jenda Gilmore the ability to keep it from knocking out of joint.

Jimmy Norman wills Gary Bilbo, Zack Short and Dennis Mason all of his Brownie points in Mrs. Glenney's English class. Use them carefully, because they are few.

Willie Harper wills Hope DeLeon, Danny Guajardo and Linda Stelzer all the days she spent playing hockey from school.

Joe Craig wills his ability to keep his eyes on the road to Randy Josey.

Donnell Harper wills Grayling Johnson the ability to grow more than two hairs under his chin.

Randy Peel wills Eddy Harper his ability to grow freckles.

Lee Ann Hodges wills her ability to abide by Andy Williams to Carol Davis.

Joe Hays wills Donny Rogers the ability to take that next big step and run over a train.

Jerry Tyler and Jay Pollard will Joe Moore the ability to have a good camp-out.

Jodi Norman wills Jay Kennedy some maroon paint to paint his Mustang the original color.

Danny Windham wills Gary Bilbo his fake I. D.

Randy Peel wills Frank Martinez the ability to run the Conoco station.

Jay Pollard wills Mark Terry Jimmy Dorland's face so he can also look like him.

Jimmy Smith wills Randy Josey enough tape to get him through football next year.

Kathie Morris wills Nancy Reno and Dana Pool enough modesty to get them through their senior year.

Anonymous wills Cy Willson the ability to keep his love notes to you-know-who in private.

To Troy Simpson, Karla Josey wills Lorry Chapman and George Pierce.

The Co-op senior girls will Lee Ann Gandy the ability to use their magazine articles without being caught by Mrs. Wheatley.

James Wise wills Ricky Cross, Debbie Epley, Eddy

Gannon, Preston Leake and Joy Strofer the ability to do good in horticulture.

Ricky Shepherd wills Tony Conner his ability to catch a football.

Karla Josey and Becki Dalby will Marsha Arhelger a bottle of Protein 21 shampoo.

Jan Hall wills Tina McAlister the "Tuna Title" for another year.

Jill Cash wills Patti Parrish and everyone else in the UIL speech class the ability to "break a leg."

Jerry Tyler wills to Andy Williams, Lea Merrie Cross and Dennis McDonald the ability to pass Ag another year without working too much.

The entire class wills Wayne Bell the ability to get along with Coach Alexander for another year.

Craig Simpson wills Joe Moore the ability to have plenty of ashes when he stops at Slaton.

The Advanced Math class wills to Mr. Buchanan, Advanced Math.

Lupe Perez wills Andy Torres the ability to pass English and to keep his check book in his pocket.

**Post students are invited to music camp**

ABILENE — High school and junior high students from Post are being invited to attend the Summer Music Camp featuring band and choir training June 17-29 at McMurry College in Abilene.

Dr. David Blackburn, director of the McMurry Chanters, and Roger Rush, director of McMurry band, are in the process of assembling a faculty of distinguished musical educators both from Abilene and elsewhere.

"I hope some vocalists and instrumentalists from Post can take advantage of this total and exciting musical experience which we plan," said Dr. Blackburn, who is also chairman of McMurry's division of fine arts. "We also intend to mix in some fun."

The camp will not only provide musical training for junior and senior high students, but will provide advanced college credit for music teachers.

Blackburn himself will be both camp and choral director. Rush will be instrumental director.

McMurry formerly conducted a widely known summer camp in instrumental music and twirling.

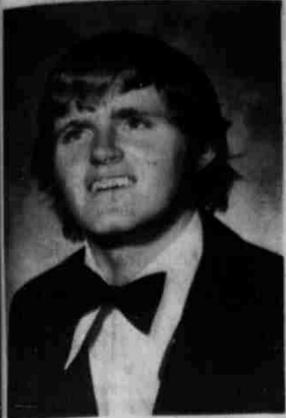

"We plan to have camp recreating and a distinguished concert series as well," says Rush. "The emphasis will be upon creative learning in music."

Classes for youth will include conducting, organ, voice, piano, theory, twirling, drum majoring, and guitar. With youth choral training will be the summer concert choir, ensembles, private and class lessons. A lab band will give young musicians experience in jazz, rock, and other popular music forms.

Music teachers may earn up to four hours of credit. A two-hour course in techniques of arranging, and a two-hour course in vocal and choral techniques will be taught.

**AGAINST UNIFICATION**  
AUSTIN — The Texas State Teachers Association has voted overwhelmingly against unification with the National Education Association.

### 1974 CLASS PROPHECY

A few nights ago I had a dream about the class of '74. I could see the class in their future lives. Everything was so clear.

First I saw Cindy Bird, Debra Medlin, Ila Workman, Joan Strofer and Deb McKee. They are now running the "Bigger Than Dallas" night club. They are also running a home for single cowboys.

Next I saw Nancy Maddox, Debbie Ledbetter and Kathie Morris. They have joined Barnum and Bailey Circus with a new animal act consisting of a pink panther, baboon, and a panda bear.

Then coming into focus was Sharon Clay, Willie Harper, and Melba Curtis. They are the famous singing group, the "Soul Shockers."

Later on I could see Susan Solis and Judy Heintz. They are teachers in Post Primary School. The children in the classroom have surrounded Judy and tied her to the desk and Susan has already been

pasted to the blackboard. Judy and Susan, be prepared.

Coming into view was Steve Sawyers. He has started a new Red Power movement. He is also the new manager of Red Front Trading Post.

Next there was Ricky Shepherd. He has just been named International Playboy and has even posed for a Cosmopolitan centerfold. Burt Reynolds is a thing of the past.

Tonya Rudd has taken over the Kleenex Tissue Co. Of course she has changed the name of the company to "Tonya's Tissue Co."

Later in the dream I saw Jay Pollard and Jerry Tyler. They are co-chairmen of the International Thug Club.

David Conolly, Joe Hays, Jimmy Norman, Danny Williams and Bill Aten formed a sub-let club to the Thug Club called the Snuff Dippers Association.

I saw Danny Windham and David Stelzer. They are still hounding around as usual.

Then I saw Lupe Perez. He is the manager of Postex Mill. He is really manufacturing those white sheets.

Carla Josey has become the "Lady Kung Fu." We will watch her chop and kick her way across our silver screens. She has also opened a new night club called the "Open Mouth."

Next I saw Jill Cash opening up a new hot dog stand called "Wiener's Cash Wienies." The business must be going well because the stand is always crowded.

Coming into focus was Jan Hall. She is one of the best girls basketball coaches. I saw the ambulance pull up in front of her gym. I guess they have come to pick up the girls that have passed out from their daily 10-mile run and strenuous drills. She has a good team from those that are strong enough to survive the drills.

Later on I saw Steve Hays. He is still at Dwayne Capps Gulf pumping that good Gulf.

I could see Jeannie Bilberry. She is running the "Mama Cass Health Spa."

Next I saw myself as page turner for the last chair flute player of the Boston Symphony Orchestra. I hope to move up.

Then came Jimmy Smith. He is the trainer and part-time clean-up man for the Houston Oilers. He is still wearing his white suit which has "Mr. Clean" printed on the back of it.

Joe Craig has his own hydrogen fuel company. It's called "Hippie Joe's Hydrogen Co." Joni Huffman has invented a new product called "Joni's

Freckle Cream." Chemistry must have paid off.

Later I could see Craig Simpson rubbing his donkey down for another action packed ride. Craig is the world famous donkey rider and goat roper for Snyder University.

And there was James Wise, the new owner of Cox Lumber Co.

Then I saw Charles Bell. He has opened a new club called "Charles' Shady Place."

Next came Darla Baker. She is the new local distributor for late model VWs. Her demonstration consists of driving the car into South Lake and watching it float to the other side. The problem is that it only works one out of 10 times. Darla better get a new test.

Then came Lee Ann Hodges. She is still the dutiful housewife. There she goes with her two sets of triplets and two sets of twins.

Richard Dudley had been named the new owner of the Midas Muffler Co. He is doing well.

Then I had a real surprise. Jan Burkett won the Raquel Welch look-alike contest. Who would think she would blossom so much?

And there was Leroy Holly. He had joined the circus too. He walks over hot coals with his bare feet. I knew those bare feet would come to some use.

Mark Bevers is going to be the TV doctor called "Marcus Bevers M.D." Each week he guides some track star back to health and gives him enough vitamins to run the four-minute mile.

Sue Cowdrey has written a new book, "How to Survive PHS and Stay Sane." Sorry to say, the sales are not going too well because there is no foolproof way to survive PHS

without going insane.

Then came Janet Childs. She is called the "Absent Minded Nurse." I could see her rolling some patient up in the bed linen and throwing him down the laundry chute.

Sylvia Smith will be the new Wimbledon tennis champ. She has been named Tennis Player of the Year. We all knew she would succeed.

Bobby Torres has won the Tiny Tim look-alike contest. I knew that face would be famous some day.

Then David Posey came into view. He has become a Royal Canadian Mountie. He is the next best thing to Dudley Do-Right of the Royal Canadian Mounted.

Jodi Norman was still making the main drag around town and is also boy watching.

Next was Jay Rogers. He is famous for his many varieties of rats that he owns. He is an expert breeder.

Keith Taylor is going to be the new supervisor at Postex Mill.

Coming into focus is Freda Halford and Nancy Cendalski. They are still looking for lone-some cowboys.

Then came Orlan Criswell. He is the new owner of Bill's Welding Co. He has changed the name to Orlan's Welding Co.

Next there was Becki Dalby. She is the star scorer for the Wayland Flying Queens basketball team. She scores about 40 points a game. She is soon to be traded to the Boston Celtics.

Phyllis Long was still trying to learn how to cook a decent meal for her husband.

There's Randy Peel, now called "Perilous Peel." He is the new Evil Knevel. Randy can jump 25 cars end to end. That was no surprise because he does that every day at noon while riding around the school.

Coming into view is Donnell Harper. He was named "Rookie

of the Year" for the year almost did not recognize because he had gotten a Mother's screaming in his face. I guess it's time to up. Well, if half of this true, we will have a exciting future.

# ENJOY A GREAT WESTERN TRADITION THIS SUMMER.

Food cooked outdoors over an open fire... is one of the West's great traditions. Fresh air, open flame and the aroma of good, hearty food combine to make a meal an experience.

Start your own cookout tradition this summer... with a convenient, dependable gas grill from Pioneer Natural Gas. You get the same delicious, outdoor taste as with a charcoal grill — but without the fuss and bother.

Chances are you'll be spending more time at home... so why not arrange to make that time more enjoyable with the addition of a gas grill to your patio. Call Pioneer or ask any Pioneer employee for information on a complete line of gas grills.

A gas grill is a natural for the Natural Energy Home.

By moving the cooking to the patio, you move the heat out of the house and thereby ease the load on your air conditioning system. Consequently, a gas grill can save money and conserve energy.
