

# Roaming 'good life' of local dogs may end in 27 days

Post City Council at its session Monday night passed the new dog ordinance and final reading. Owners will have 30 days to comply with provisions of the ordinance. But City Manager Harbison, who was unanimously elected as the new control officer" by the council, declared he was not to go right now."

The city manager said the new "scrubber" device which removes the impurities from the carbon monoxide gas fumes used to put stray dogs "to sleep" is working well and has been successfully tested. He also reported to the council that the pen area at the dog pound has been converted into six pens so dogs being held can be separated for various reasons.

Dog owners within 30 days should be sure their dogs have been vaccinated within 12 months and have a metallic tag fastened to them to prove it. This tag, or another tag, also is required to give the name and address of the owner. The new ordinance, the outgrowth of complaints of bad and inhumane treatment at the city dog pound, also means the end of the "bounty system" of

paying for stray dogs delivered to the pound. Enforcement provisions of the new ordinance will be handled by the Garza County Sheriff's department, the enforcement arm now of the city as well as the county. Mayor Giles McCrary said all dog complaints should be made to the sheriff's office. Dogs are forbidden to "run at large" in the new ordinance

and owners can be fined up to \$200 for permitting their pets to run "at large." If this is enforced it will bring "a revolution" to the dog life of Post. Since Post does not have a veterinarian in residence here, dog owners can get rabies shots for their dogs at Garza Feed and Supply. That firm also will furnish the required metallic rabies shot tag. Several firms

in town which do metallic imprinting could imprint names and addresses of owners. One new approach in the ordinance is in the handling of "vicious dogs." A section of the ordinance provides when the city health officer (Dr. Harry Tubbs) is of the opinion that a dog is a vicious dog or when the health officer receives information by affidavit of any person that a

dog has demonstrated fierce or dangerous propensities within the city limits — the health officer shall make such known to the judge of corporation court who shall thereupon direct that a hearing be held on the vicious dog. The dog's owner is notified and required to appear before the judge within five days for the hearing. If after the hearing, the judge

determines the dog is vicious the judge can either order the dog be kept muzzled, that the dog be kept within a safe enclosure, or that the dog humanely be destroyed as a public nuisance. The ordinance provides for rabies control procedures, defines the duties of the animal control officer and his operation of the pound, provides for the

# \$1,250,000 suit filed here against railroad

## Main street crash basis

A \$1,250,000 damage suit — believed the largest ever for personal injuries in this county — was filed in Garza District Court here last Thursday against the Santa Fe Railroad. Plaintiff in the suit is Gene Wiggins, guardian of his brother, Raymond Wiggins, of Lubbock, who is an incompetent in the Veterans Hospital at Big Spring. The suit is based upon a fatal Main street crossing crash here a few minutes after midnight on May 8, 1974, when a northbound Santa Fe freight train hit a pickup truck in which Wiggins was riding. Instantly killed in the crash was Larry Joe Carter, 19, Crosbyton high school football player, driver of the pickup which belonged to a Crosbyton firm.

The suit alleges seven acts of negligence on the railroad's part, including failure to install safety gates at the crossing and failure to install a reasonably reliable automatic warning device.

The petition states that Wiggins was 39 years of age with a life expectancy of 29.2 years and as a result of the crash suffered the following injuries: severe multiple butane

**CLOWN AND SPECIALTY ACT** — The 35th annual Post Stampede Rodeo Aug. 7-8-9 will feature an unusual clown specialty act in Jerry W. Jones of Stamford, Tex., above and his trained white mule. They will appear at each of the three performances.

## Mail 'totals' crops in 3,000 acres in big Saturday storm

Mail storm, striking crops in scattered pattern wiped out an estimated 3,000 acres of cotton, sunflowers in Garza and Lynn Counties Saturday evening 5:30 p. m. The storm moved from the Lubbock area in a southwesterly direction to north and west of Post in Lynn County. High winds accompanied the marbled pattern.

That was the weekend's bad news. The good news was that all of Garza county, especially the croplands, got a good soaking in two days and nights of rain Saturday and Sunday. Post got recorded moisture for six straight days, totaling 2.09 inches officially. Some farms on the plains north and west of Post reported six to seven inches of rain. Water pouring out of fields washed across US-380 west of Post near the FM-399 intersection to Graham Saturday evening but did not close the highway to traffic. Cars moved through water which continued to flow across the highway all Saturday night and much of Sunday. The wind broke two Southwestern Public Service power poles five or six miles north of Close City and the cable TV here in Post was off the air for about two hours due to lack of power. The rains were reportedly generally beneficial, although some ranchers reported they lost several head of cattle.

**BICENTENNIAL QUILT** — On display in the Post Public Library is a Bicentennial quilt made by members of the second grade class of Mrs. Doris Giddens. Theme of the quilt is the history of the United States and Texas. Each student worked on a block of the quilt and each design is a student original. Mrs. Giddens put the quilt together and sewed the back of the quilt. Students then packed the quilt themselves. — (Staff Photo)

Bank Gurley, off on a mission to Canada, stopped in Washington, D. C., to look over White House and shook hands with President Gerald R. Ford.

Bank Gurley, secretary of the Post Stampede Rodeo Association, told Post Rotarians Monday noon that it is the association's oil well, now being in \$1,000 to \$1,100 monthly, which has enabled the association to build such a fine plant.

Answer to a question from Postman Tom Boucher, one of the Post's best men (See Postings, Page 10)

## City to require 60-day notice on phone charges

The city council Monday night passed on first reading an ordinance which would forbid General Telephone Co. of the southwest from making any increase in rate or charge without such proposed rate or charge shall either be approved by the Post City Council or have no action taken upon it by the council within 60 days of its filing with the city clerk here. General Telephone asked for some sort of ordinance last year so it would know how to approach changes in charges for various services offered by the phone firm now published in its Texas General Exchange Tariff. The new ordinance would repeal the permission given General Telephone on Sept. 7, 1974, to place into effect such other charges and rates for services, as from time to time may be added to, deleted from or changed in its Texas General Exchange Tariff. These changes would include charges for service connections, which have brought in many recent complaints to city hall.

## Junior Shepherd is new deputy

Otis G. Shepherd Jr., chief of police at Wilson for almost the last three years, has been added to the sheriff's force here as a deputy by Sheriff E. E. (Gene) Gandy. Prior to his law enforcement work at Wilson, Shepherd was a member of the city police force here for 15½ years. He is a certified officer with over 300 hours of training. Shepherd began his duties here Saturday night. Sheriff Gandy is in San Marcos for this week and next week attending a law enforcement course. Deputy Bobby Dean is in charge of the department in his absence.

## \$40 million in oil produced during '74

Garza County had one of its best years ever in oil production in 1974 totaling 1.5 million MCF of natural gas, which was sold for \$443,040. Figures, which were furnished The Dispatch this week by Texas Mid-Continent Oil and Gas Association, also show that the county's 1974 petroleum production resulted in the payment of \$5 million to royalty owners.

The survey of Garza production by TMOGA also showed that the state of Texas received \$1,872,188 in production taxes from Garza wells, with \$1,838,970 coming from crude oil output and \$33,228 from natural gas production. Oil and gas developers and producers spent an estimated \$6,200,000 drilling 78 Garza wells last year with 15.3 per cent of that figure lost in 13 dry holes.

The total drilling yielded 65 new producing oil wells. Garza exploratory effort in the county included the drilling of 10 wildcat wells seeking new oil and gas fields. According to the Texas Employment Commission, 207 oil and gas industry employees worked in the county in 1974 and shared a payroll totalling \$1.9 million. George R. Brown's new natural gasoline processing (See Garza oil, Page 18)

## \$317,500 suit filed by Post woman over crash

Mrs. Hazel Inez Burton of Post has filed a \$317,500 damage suit against the H & H Cattle Truck, Inc. of Jacksonville in the 99th District Court at Lubbock. The suit is the result of a truck-train crash on US-84 near Slaton June 30 in which her husband, Homer V. Burton was fatally injured, and in which she was critically injured. In the suit's petition, Mrs. Burton said she and her husband were stopped at the crossing waiting for a train to pass when they were struck from the rear by a truck owned by the company. The driver of the truck, Gary Don Obar, 21, of Troup, was killed instantly in the crash as his truck smashed into the moving freight train. Burton died three days later in a Lubbock hospital. The damages asked in the suit concern both Burton's suffering and death and Mrs. Burton's own injuries.

Jefferson Scott Schriewer of New Braunfels attempted to use the barter system here last Thursday night to get some gasoline and wound up with a third degree felony charge for "delivering less than four ounces of marijuana." When he had \$4.75 worth of gasoline in his tank he proposed to the local station attendant that he swap him marijuana for the gas. The attendant agreed, took the marijuana, and called the sheriff's office as Schriewer headed out on US-84. Deputies stopped him and found a "match box full of marijuana" in his car, according to Deputy Bobby Dean. Schriewer was charged in Justice of the Peace Racy Robinson's court Friday and released on \$2,500 bond to await possible grand jury action on the charge.

Jack Lemon stars in youth center movie "Love," starring Jack Lemon, will be the youth center movie this Friday night, starting at 8:15 p. m. in the primary school auditorium. Students in sixth through 10th grades and college level are welcome. Admission is \$2 per person.

## He bartered tank of gas

The attendant agreed, took the marijuana, and called the sheriff's office as Schriewer headed out on US-84. Deputies stopped him and found a "match box full of marijuana" in his car, according to Deputy Bobby Dean. Schriewer was charged in Justice of the Peace Racy Robinson's court Friday and released on \$2,500 bond to await possible grand jury action on the charge.

"Love," starring Jack Lemon, will be the youth center movie this Friday night, starting at 8:15 p. m. in the primary school auditorium. Students in sixth through 10th grades and college level are welcome. Admission is \$2 per person.

## Burglars hit gift shop for turquoise jewelry

Burglars kicked in the door of the new La Posta Gifts at 412 North Broadway between midnight and 2 a. m. Monday and stole between \$3,000 and \$5,000 worth of turquoise jewelry. The thieves took nothing else — in fact they didn't take all of that. Jimmy and Ada Lou Bird found a number of rings and ties which the thieves had dropped in the mud behind the gift shop. Deputy Bobby Dean said officers were notified of the burglary about 2 a. m. The gift

shop had been checked by a night deputy at midnight. Mrs. Bird said several trays of \$50 to \$70 chokers and two large trays of earrings were among the turquoise jewelry taken. The shop operator said that the store was not "torn up" and the jewelry cases were not damaged. The loss probably would have been considerably greater but Mr. and Mrs. Bird had taken some of the most valuable jewelry home with them for the weekend.

Justice of the Peace Racy Robinson's court Friday and released on \$2,500 bond to await possible grand jury action on the charge.

## City cites 'personal vendetta' by Walker

The City of Post in a plea of abatement filed this week in Garza District Court asks Judge George Hansard to dismiss or abate Pat N. Walker's class action for a declaratory judgment against the municipality in that he cannot represent all the citizens of Post by himself because "he is currently pursuing a personal vendetta against the mayor and councilmen of the City of Post through personally paid mass media advertising." The plea filed by Harvey L. Morton, attorney for the City of Post is the latest development in the suit seeking to have the

city ordinance declared unconstitutional prohibiting the possession and consumption of alcoholic beverage in any public place except those properly licensed by the state. The suit originally was filed on behalf of W. H. Smith Jr., but after Smith withdrew from the suit, Walker successfully had himself named as a substitute for Smith in the class action. (See City cites, Page 10)

Justice of the Peace Racy Robinson's court Friday and released on \$2,500 bond to await possible grand jury action on the charge.

## Post man faces assault charges

Freddie Huff of Post was charged with aggravated assault in Justice of the Peace Court in Snyder Friday afternoon following an altercation on the parking lot of the Scurry County Coliseum about 1 a. m. Friday following the opening night's performance of the Snyder rodeo. Huff allegedly struck Charles Randall Sterling, 19, of Ira on the left elbow with an axe. Sterling was transferred to Methodist Hospital later Friday from Cogdell Memorial Hospital in Snyder. The hospital reported Monday that Sterling was doing well and the arm did not have to be amputated. Justice of the Peace Bobby Goodwin set Huff's bond at \$7,500. Huff was being held in the Scurry County jail until he made the bond.

Huff was being held in the Scurry County jail until he made the bond.

## Two drivers die Friday in separate US-84 crashes

Garza County's alarming 1975 highway death toll climbed to seven here Friday afternoon when Odys Dee Maret, 42, of Tahoka was killed when the pickup truck he was driving collided with a semi-trailer truck driven by Michael Anthony of Henderson. Maret was pronounced dead at the scene by Justice of the Peace Racy Robinson. The accident occurred about 3:30 p. m. on US-84 southeast of Post. Investigating highway patrolmen told The Dispatch that the trailer truck was coming north, not a slick spot on the highway

The empty trailer truck then jack-knived in the southbound lanes. Maret, driving behind Gillette, smashed head-on into the broadside trailer and was killed. The empty trailer truck then jack-knived in the southbound lanes. Maret, driving behind Gillette, smashed head-on into the broadside trailer and was killed. The empty trailer truck then jack-knived in the southbound lanes.

The ordinance also provides that General Telephone be required to file with the city secretary within 30 days from the date of passage of the ordinance, a copy of its Texas General Exchange Tariff in effect on July 1, 1974, and shall thereafter similarly file prior to

**25 YEARS OF SERVICE** — Wesley L. (Corky) Bullard, center, is being presented his service pin and certificate upon completion of 25 years of continuous service at Postex Plant of Burlington Industries. Bill Crane, card-spin department manager, right, and Bobby Waters, left, graige mill superintendent, are making the presentation. Bullard started to work at Postex July 13, 1950, as a fixer and was promoted to head overhauler May 31, 1960. He and his family reside at 613 S. Avenue F.

## Enforcement is the question

Post now has a new dog ordinance. The furor of several months ago over the paying of bonuses for youngsters to pick up stray dogs, the method of putting strays "to sleep," and the care of the dogs at the city pound has passed.

The city has gotten ready for the new ordinance by building a "scrubber" which is a device to take the impurities out of carbon monoxide gas from a truck exhaust so that the gassing of a dog to death is not painful to the animal.

The city also has six separate pens at the dog pound so that various dogs can be isolated from each other for their own protection.

The city hasn't paid a bonus for a stray dog in all the months since a delegation started coming regularly to the council chamber to insist upon improvements in the handling of stray dogs.

So what else is in the new ordinance? Well, for one thing the new "dog law" which won't go into effect for 27 more days requires that any person keeping a dog fasten a metal tag or tags to his body to show that the dog has been vaccinated against rabies within the preceding 12 months and on the same tag, or another tag, the name and address of the owner.

That is new. No longer will a dog owner be required to have a \$1 city dog license for his or her pet.

As in the present ordinance, dogs are forbidden to roam "at large."

Another new section provides a method to hold city court hearings on vicious dogs. The

ordinance prescribes the procedure for rabies control.

Violations of the ordinance will be misdemeanors with fines up to \$200 being the penalty for an owner permitting a dog to run at large, not having the pet vaccinated for rabies, or interfering with officers in catching a dog running at large or inspecting a dog on public property for proper tags, or in refusing to deliver any unvaccinated dog which allegedly has bitten a person or which the city health officer has ordered impounded.

If this ordinance is properly enforced here — by the sheriff's force as the city's law enforcement arm — we will see a drastic change in the city's dog problem.

If it isn't, more humane treatment of dogs at the city dog pound at least will have been achieved.

For the next month dog owners will have time to get their pets vaccinated and tagged. Since Post does not have a veterinarian in residence, pet owners can secure the vaccination and proper tag at Garza Feed and Supply for a quite reasonable fee.

The trouble with the dog problem of any community lies more with its enforcement than its legal controls. It will require close cooperation of the public with the law enforcement arm and considerable diligence at least for six months or so on the part of the officers to get all the dogs which have been "running at large" off the streets.

Right now they aren't safe for a little old lady out for a ride on her three-wheeler.

## Are 'power stamps' coming?

What's new? Would you believe "power stamps?"

What are "power stamps" you ask? Well, you know what food stamps are don't you? "Power stamps" would help bail out low-income Americans faced with constantly rising electric bills, just as food stamps help with grocery costs.

Power stamps, also called energy stamps, are preferred by the utility industry as the best means to reduce the rising cost of electric power for individuals currently receiving income below the federal poverty level.

Conservation groups and some consumer-oriented organizations, however, prefer the "lifeline" concept which lowers rates for each residential customer using less than a certain amount of kilowatt hours, with industrial and commercial users paying heavier rates.

Both these ideas are expected to receive close scrutiny by Congress and the executive branch as constituents tell campaigning candidates about rising electric costs.

One of the major criticisms of the power

stamp proposal is that it may encourage families to waste energy by using more heat than they need. Simply put, power stamps would not provide for the efficient use of electricity.

The Federal Energy Administration appears against power stamps. One high official in this agency calls power stamps "basically a bad idea." They in effect make the cost of energy cheaper to the consumer and encourage consumption. "I would prefer instead," he said, "a direct grant or tax rebate to allow the individual to determine economically how to spend the money."

Over a million Citizen's Band Radio licenses have been issued by the federal government, and it's estimated probably another million are "wild," being operated without a license. Originally they "boomed" in the trucking business and then spread rapidly to the pickups of ranchers and farmers. Now we hear that women are installing them in their homes for all kinds of gabfests.

A Denver City man is suing his hometown for \$1,285,000 for personal damages as a result of a mattress catching fire in his cell in the county jail back in 1971.

The Falls city jail has a sign over its door reading, "The Evildoer's Inn, a Secure 'Type Facility.' On the door is lettered "Welcome, reasonable rates."

## Statebeat

By KURT E. JOHNSON

AUSTIN — The state legislature will be back at it on August 4, called into special session to consider the impeachment articles against Duval County Judge O. P. Carrillo.

Most observers feel that the process will only be a formality — even House Speaker Billy Clayton has predicted the session to last "only two or three days" since the eleven impeachment articles against the judge have him dead to rights. If the House indicts him as expected, there will be a Senate trial, the first in the state in 44 years. Should Carrillo fight the charges in deference to resignation, the trial could be as lengthy and cumbersome as the impeachment committee's investigation, with the one exception that Carrillo himself would be present.

The essential charges are that the judge used his position to, among other things, by family connections run county purchases through certain stores in addition to putting people on the county payroll who weren't doing any work. It is only proper that the final verdict should be withheld until after a formal trial, but right now it doesn't look good for the judge, who is also facing some federal charges from the IRS for income tax evasion.

Texans are really starting to pop up in the national news. Rep. Lane Denton, the state legislator from Waco, has been quite critical of a Mental Health-Retardation facility in Houston which took a CIA contract to run studies on LSD in the late 1960's. The evidence is pretty substantial, and aside from the emotional nature of the issue the only question seems to be whether or not the facility had the authorization to do such research under Texas law.

I must admit, the notion of a CIA interest in Texas is pretty unnerving. Just last week I was in the coffee shop at the capitol and saw this fellow in construction overalls and painter's cap pulled down over his eyes reading the Wall Street Journal. I purposefully paid for my doughnut in small change. Other Texans in national press include the Governor and Secretary of State, who are pressing hard in Washington corridors for a Texas exemption from the Federal Voting Rights Act, which would place tighter, federal scrutiny on state elections. Gov. Briscoe and Secretary White contend that Texas has passed legislation to insure election fairness and thus shouldn't have to be subjected to the federal monitors.

Jim Langdon, a member of the Texas Railroad Commission, sent a letter to President Ford requesting that domestically-produced energy be withheld from states which do not make conservation efforts in the energy field. One of the issues behind this opinion is that Texas makes a substantial contribution to the nation's energy needs through its oil resources, but there is the point that other states have resources which have not as yet been tapped. The movement, it is argued, should be toward a total, national effort of energy production.

The Democrats in Texas certainly outnumber the Republicans, but even the Dems are interested in the fact that Rep. Ray Hutchison (a Republican) is leaving the House to become the president of the Republican party of Texas. It will be a sigh

## Garza pair win awards

Two Garza County 4-H members were among those receiving Bible Awards at the District 2 4-H Dress Revue Monday, July 14 held in Lubbock.

Sandra Bostick and Tanya Bland made and modeled their own garments as did the other contestants representing a 29-county area of the South Plains. There were two divisions, Senior and Junior with 19 contestants in each level. There are no 1-2-3 placings in the annual dress revue, contestants are judged on their sewing and construction skills, overall appearance, modeling abilities, and their 4-H record books.

The theme of this year's revue was "Mirror of American Customs - 1776-1976." Sandy Stuart, 4-H'er from Lubbock County, was mistress of ceremonies. Other 4-H'ers on the program were Sandra Bostick of Garza Co., Marcus Crow of Gaines Co., and Lori Beyer of Lubbock Co.

## Youth center for Seagraves

SEAGRAVES — The Seagraves Youth Center has received a \$10,861 grant from the Texas Department of Community Affairs through its Human Resources Delivery System.

The funds will be used to install two restrooms, three air conditioners, a small kitchen, indoor-outdoor carpeting, a pool table, snooker table, two table tennis sets and two football games.

A Lubbock woman donated a former grocery building for the center and a New Mexico firm reroofed the building as a community contribution.

Three youths working under the federal manpower program have been painting the interior and exterior of the building this summer.

It's one of those deals of being out of the frying pan and into the fire. And finally, the new constitution which will go to the voters on November 4 will be printed (all five-and-a-half-million copies) by commercial bid rather than on a press bought by the Secretary of State. The choice between the two evoked some heavy response from big printers in the state, who now will be fighting each other for the fat contract. The new constitution, by the way, takes away from the legislature the authority to impeach district judges, a feature which is part of the present state constitution which goes all the way back to 1876.

I'll bet Judge Carrillo has given more than passing thought to that fact, with the conclusion that he may have been born a year too soon.

In subsequent issues of this column, specific features of the new constitution will be enumerated (in comparison to the old one) as we tick off the time to the November vote. Meanwhile, watch out for sleuthy types in overalls that read the eastern-establishment newspapers. It might be the CIA.

## Remember When

### 10 Years Ago

Showers help part of dryland cotton, rest badly in need. Pleasant Valley gets real soaker: teen-age team to Haskell tournament; Jiggs King hired as girls basketball coach; Wilson's depot ordered closed, the end of one of the longest continuous business operations in the Morris community; Cpl. Joel Morris is in Viet Nam; Miss Yvonne Moreland honored with bridal shower in the home of Mrs. S. E. Windham; Mrs. E. B. Mathis is birthday honoree — Patricia Ann Hattix engagement to James Marshall Minor announced; Fred Myers wins second place in team roping at Scurry County Rodeo; Kenny Pooles accept Edna teaching posts; Pat Claborn to teach in Plainview schools; Norm Cash's bat is ringing again; Fire Chief Lloyd Mock, Neal Clay and Bill Hall attend 36th annual Texas Fireman's Training at Texas A&M.

# Texas Football picks Denver City to grab 5AA title

... rated third behind  
... and Bill McCleskey

Campbell's Texas Football picks Denver City to grab 5AA title last weekend, picks City's Mustangs to win the 5AA football crown this fall, but doesn't rate Red among the "Top Class AA grid powers in the West Texas teams are in the 'top ten' — 15 starters back from a season, No. 4; Cisco, 18 starters back from a 4-1 team, and Ballinger, 15 starters back from a 9-1 team, No. 7. The magazine, which includes reports on every high school team in Texas, Class A and B, says it doesn't pick district champions and in the order of its listing other than in the district is not to be used as the magazine's order of finish. That as it may, the Slaton are listed right behind Denver City in 5AA and Coach Davis' Post Antelopes the No. 3 slot. Denver is listed No. 4, Slaton No. 5, Roosevelt No. 6, Tahoka No. 7. Playing in the streets at Denver City in celebration of the Mustangs' umpteenth championship last year, five offensive and five defensive veterans hope to stir celebration again this fall, the magazine says.

Quarterback Ricky Lehnert (190) is a premier hand and Jeff Ham, Kerry Rosson, Kevin Munn, center Mark Rex, tackles Tim Bowers, Steve Snead (6-3, 230), end Stafford and safety Rex are strictly victory-lappers after an 8-4 campaign in '74," the magazine con-

... slings praise in the edition of Tailback Bill Slaton (6-1, 202) — "he'll be of the premium ballers in this area, definitely... Conference mater... Coach Eddie Cook... other offensive and... defensive starters return a 3-7 team. Quarterback Tomlinson, Fullback Gary Burkemper (5-11, 190),... Gary Aycock, guards... Basinger and Tipton... tackles Loran Roberts (215), Geron Strickland and... Lacy and Linebacker... Hammons are others... to move up," Texas... reports.

Optimism prevails in Post... reports, "with Quarterback... Davis (6-3, 185) leading... offensive and four defensive... back from a 6-4... season. Runners Jimmy Dorland... and Dudley, and Edward... and linesmen George... Dale Odom, Mike... Sherd, Ray Martinez, Mike... Drip, Duke Bell, Oscar... Sber, Danny Saldivar, Ben... Greene and Mike Babb look... and stout."

Cooped up in the second... tion last year, Lubbock... hopes to skyrocket in '75... Quarterback Kelly Choban... and end Dennis Seale (6-5... setting the pace. Other... vers among six offensive... six defensive holdovers... a 3-7 log include backs... Armstrong, Mike Aleman... Steve Garcia, ends Ray... Jones and Tommy Berry... interior linemen Steve... Rick Montemayor (210)... Cooper, Tony Houchin and... Salinas.

"Frenship was hostile enough for a 6-4 mark last year," the magazine says, "and now has the products of an unbeaten junior varsity to help six returning starters. Fullback-linebacker Derick Harper (180) is all-star timer and will get backfield help from Monty Boober, Joe Rosales, and Bruce Wright. David Welch, Rudy Gomez, Brent Drennan, Byron Patterson, Danny Henderson, Mike Mansell, Terry Hoppe and Steve Cardley bolster the line. Lubbock Roosevelt also looks to youth to assist 12 lettermen who return from a 7-3 club. Safeties Lloyd Whetzel and Lowell Bridges join tackle Mark Reynolds (6-2, 205) as defensive anchors while Fullbacks Charles Baker (185) and Ruben Lucero (185), quarterbacks Donnie Maines and Roger Daniel and Wingback Doug Gentry provide good offensive potential. Tahoka, 2-8 last year, anticipates a stronger team thanks to the presence of four offensive and six defensive holdovers. The nucleus focuses attention on Quarterback David Glenn, runners Britt Brooks, Rickey Harston and Ernest Bailey (185), ends Mitch Raindi, Tommy Botkin and Jim Bragg, linebackers Curtis Stice and Cole Beecheen, and linesmen Joseph Bailey, Benny Arellano, Rickey Meeks, Mike Henry and John Torres."

As for the Antelopes other 1975 opponents, Texas Football picks the Floydada Whirlwinds to win District 4AA after sharing it with Tulla and Lockney last year in a tri-championship arrangement. Lockney is listed third in 4AA. Post's other two non-district foes, Colorado City and Coahoma are rated three and four in District 6AA behind Ballinger and Hamlin. Floydada will have five offensive and six defensive starters back from their 9-1 club of last year with Halfback Kevin Rattliff (6-0, 180, 4-7 speed) and flanker Donzelle Minner rated as all-star timber. Lockney, headed by Quarterback Bernie Ford and Tackle Willie Mathis, will have six offensive and six defensive starters returning. In District 6AA, the Colorado City Wolves are rated as "on their way up with good size and quickness found among six offensive and eight defensive veterans who return from a 2-8 entry in 1974." Coahoma, which graduated All-State Fullback Putt Choate to the delight of all opposing coaches and teams, will be Post's home opener for the 1975 campaign. The Lopes this year will take its open date at the start of the season and then start with Coahoma and play ten ball games on ten Friday nights without a break. "Coahoma claims excellence in its backfield and thinks four offensive and three defensive holdovers can help duplicate a 7-2-1 record of last year," Texas Football reports. "Fullback Ricky Patterson, Halfback Gary Roberts, Quarterback Charles Tindol and end Mike Cullier and Tim Higgins will rack up the yardage, and Bill Jennings (6-3, 200), Bobby Fryar, David Garten, Joe Wright and Paul Martinez are the line elite," the magazine concludes. The next round of pre-season predicting will come at the annual Texas coaches school in Houston at the end of July.

## Play begins here in tennis tourney

The third annual Garza County tennis tournament opened here Monday in the first two evenings of play all first round singles matches had been completed and one men's doubles match played. In the men's singles upper bracket, Earl Chapman defeated Randall Wyatt 6-0, 7-5; Larry Scrivner downed Kyle Duren 6-3, 7-5; Kurt Chapman won over Dan Zeigler in a three-setter, 6-3, 3-6, 6-3; and Royce Hart ousted Robert Bullock 6-2, 6-3. In the lower bracket, Ron Thompson defeated Jerry Johnson 6-3, 6-3; Preston Poole came back to take a three-setter from Ronald Storie 4-6, 6-2, 6-2; Dan Lamb defeated Ronald Simpson 6-2, 6-2; and Syd Wyatt ousted Scott Rombokas 6-1, 6-0. In the only men's singles semi-final played to date, Earl Chapman defeated Larry Scrivner 6-6, 6-3, 6-3. Other men's singles semi-final matches pit Kurt Chapman against Hart, Thompson vs. Poole and Lamb vs. Wyatt. All first round matches and one preliminary match have been completed in the nine-player women's singles bracket. Shirley Storie defeated Kim Hester 6-2, 6-1 in the preliminary match and then advanced into the semi-finals with a 6-1, 6-1 win over Nancy Kemp. In other first rounders Karla Scrivner defeated Sylvia Smith 6-3, 6-4; Kay Lamb downed Beverly Simpson 6-1, 6-0; and Marianne Hart won over Sandy Bullard 6-1, 6-1. In the semi-finals, Storie will play Scrivner and Lamb will oppose Hart. Only one doubles match had been played through Tuesday. Ron Thompson and Jerry Johnson defeated Thomas Zachary and Robert Bullock 7-5, 6-2. Eight teams are entered in the men's doubles division and five in the women's doubles. First round pairings in the men's include Kyle Duren and Randall Wyatt vs. Arnold Sanderson and Jimmy Bird; Royce Hart and Preston Poole vs. Syd Wyatt and Earl Chapman; Dan Lamb and Ronald Storie vs. Gary Ross and Ronald Simpson; and Thomas Zachary and Robert Bullock vs. Ron Thompson and Jerry Johnson. In the women's doubles, Christi Davis and Karla Scrivner will play Lori Chapman and Kim Hester in the only first round match. The winner will play Nancy Kemp and Marianne Hart in one semi-final match. In the other semi-finals, (See Play begins, Page 5)

## Archery Club tourney here

The Post Archery club held a tournament Sunday, July 20 with the following results: Freestyle Division — A Class, John Nay, first; C Class, Herman Guthrie, first. Bowhunter Division — B Class, Bobby Snow, first; Junior Stelzer, second; Bill Freeman, third; C Class, J. B. Guthrie, first; Leslie Seals, second; Emmett Shedd, third. Youth — Gerald Seals, first; Bill Freeman Jr., second. Cub — Lynn Williams, first; Susie Williams, second. Junior Stelzer won a trophy in the novelty shoot which featured a running target. J. B. Guthrie won the men's C Class Bowhunter Champion Award this week. It will be retained according to who wins the award the most out of six times. Bobby Snow retains the Men's B Class Bowhunter Champion Award. Those who had won the award previously are Joe Gary Donny Stelzer, Gary McWright, Walt Wesley. No winner was declared in the 80 yard dot shot. There were 14 shooters in the 28 target field round, 12 in the novelty shoot, and eight in the 80 yard dot shot. The next tournament will be held Sunday, July 27 beginning at 2 p. m. A 28 target field round is scheduled with the 80 yard dot shot available for anyone who wish to enter. The men's C Class Bowhunter Champion Award will be awarded again this Sunday. Everyone is invited. Spectators are always welcome.

ERECTING TENNIS LIGHTS — Royce Hart and his blow torch are pictured above as he prepares to erect poles for lights at the local tennis courts. One light pole was erected Tuesday. According to Royce, tennis lights fund will be about \$200 short and contributions can be made to the tennis lights account at the First National Bank.

## Tennis lights are ready for installation here

Immediate installation of the new tennis lights at the four school courts is scheduled following the arrival of the new lights here. Work was scheduled to have begun yesterday afternoon. At the Post Fourth of July celebration in 1974 a total of \$650 was raised in a bingo game to go toward the purchase of the lights. Rosemary Chapman conducted a women's exercise class and donated the approximate \$300 proceeds from the class to the tennis lights fund to the present \$950. The new lights will cost approximately \$200 more than available funds. Donations are being asked to make up the difference and can be left at the First National Bank for the tennis lights account. Donations also have been made by Earl Chapman and Royce Hart toward the lighting project. District coaches will then rate their individual district rates and place all the opposing teams as they see them. One thing Post will have going for it in the upcoming campaign — the Antelopes will have the home field advantage over both Denver City and Slaton, playing Slaton here Oct. 10 and Denver City on Halloween night.

Lockett, who was on route to Lubbock in relatives when the accident occurred, died in the place while being taken to St. Mark's Methodist Hospital. Cogle Memorial Hospital

funeral services for Mallett conducted at 2 p. m. at the First Church of Christ in the city of Tahoka cemetery. He had an employee of Lyntegar Co-op for the last 19

**Pay on flood insurance**

WASHINGTON, D. C. — President Omar Burielsson announced that the Federal Housing Administration of the Department of Housing and Development has authorized the sale of flood insurance to the City of Post under the agency program effective 12, 1975. The flood plain management regulations which has adopted have been approved by HUD, pending review.

Flood insurance at subsidized rates will be available in amounts up to \$10,000 for single-family dwellings and up to \$100,000 on family and non-residential properties and up to \$10,000 on residential contents. After a rate study has been completed for Post, coverage up to double these amounts will be available at market rates.

Policies of flood insurance may be obtained from any licensed property insurance broker in the area. Further information may be obtained from the National Flood Insurance Association serving office which is Home Insurance Company, 2100 Travis Street, Houston, Texas

**Attorney to speak on wills, estates**

The Barnum Springs Home demonstration club extends an invitation to all interested persons to hear David Sullivan speak on "Wills and Estates" Friday afternoon, July 24, at 7 p. m. in the Reddy Room. Everyone is urged to attend. Refreshments will be served.

**Borden's Butter-milk**  
Half Gallon  
**49¢**  
**TIGER'S GRO.**  
328 West 8th St.  
7 a. m. - 11 p. m. Daily

Hodges, Steve Greer and Roy LeMonds suffered the most crop damage. Heaviest losses went to Greer who lost two sections of cotton in the Grassland area. He reported it was "the first time on 40 years this farm has had its cotton wiped out by hail."

Lewis Herron and Potts estimated about 1,000 of the lost acres were in Garza County and 2,000 in southeastern Lynn County. Most of the loss was in cotton, but Davis had some sunflowers and intends to go right back in and replant sunflowers.

Farmers have until early August to plant sunflowers and have a good chance for a late crop, Davis pointed out.

Both Carpenter and Davis were "hailed out" Saturday for the second time in 1975. The first time came June 8 when hail wiped out a lot of new cotton in an area north of Graham.

**Play begins—**

(Continued From Page 3)

Shirley Storie and Kay Lamb, the only seeded team in the four divisions, will play Nancy Kemp and Marianne Hart.

Losers of the first round will move into the consolation bracket and compete for consolation honors in each division with winners advancing in the championship bracket.

Tournament play in all divisions is the best two out of three sets with entry fees of \$2 per division played.

A mixed doubles division also is planned but the entry deadline has been extended until this weekend in an effort to obtain more entries.

The entry fees go to pay for the trophies with any remaining balance going into the tennis lights fund.

Those wishing to enter mixed doubles competition are asked to call Nancy Kemp, Marianne Hart, Shirley Storie or Kay Lamb, who are the four members of the committee conducting the 1975 tournament.

**Eight posses enter parade**

Eight sheriff posses will participate in the annual Post Stampede Rodeo parade at 5:30 p. m., Thursday, Aug. 7, Stampede Secretary Tommy Young announced this week.

The 35th annual Post Stampede rodeo will be held here three nights, Aug. 7, 8, and 9. Young said about 40 Garza ropers are expected to enter the Garza roping event which will be held after the show on opening night with each contestant roping one calf and one steer.

The four fastest will then rope on the Saturday night show with a saddle going to the winner. Young said the entry books will open at the rodeo office at the Post Stampede grounds at 8 a. m. Monday, Aug. 4.

The Post Stampede and Post Chamber of Commerce will jointly sponsor prizes for the best floats entered in the rodeo parade.

**ATTEND WEDDING**

Mr. and Mrs. Billy Williams and family attended the wedding of her niece, Jamie Skyles in San Angelo over the weekend.

MRS. DARRELL RAY ALTMAN (Martha Suzanne Kenney)

**Kenney-Altman vows read in Slaton church**

Martha Suzanne Kenney and Darrell Ray Altman recited vows of marriage at 8 p. m. July 3 in the First Baptist Church of Slaton.

Parents of the bride are Mr. and Mrs. Wayne Kenney, Slaton, and parents of the groom are Mrs. Peggy Altman of Slaton and Deamos Altman of Post.

The double ring ceremony was performed by the Rev. J. L. Cartrite, pastor of the First Baptist Church.

Presented in marriage by her father, the bride wore a formal gown of chantilly over bridal taffeta styled with a bouffant skirt designed with scalloped lace tiers cascading from the natural waistline to the hemline and flowing into a cathedral length train. The fitted bodice featured petal point sleeves and a scalloped Sabrina neckline.

The bridal bouquet was a rosegay of agapantha encrusted with baby's breath, white daisies and feathered green carnations.

Mrs. Dianne Ebeling, sister of the bride, was matron of honor. Bridesmaids were Kathy Ebeling, Cindy Patterson and Cindy Kenney.

Attendants wore green satin empire waisted dresses designed with butterfly sleeves, and carried single carnations with green bows.

**Lynette Thuett is in modeling competition**

Lynette Thuett has just returned from Las Vegas after attending the 1975 World Modeling Association's Western Regional Conference.

During the day she participated in workshops and seminars being conducted by top people in the fields of modeling and photography.

Jimmy McKamie was best man. Groomsmen were Dennis, Duke and Don Altman, all brothers of the groom.

Ushers were Mike Kenney, Danny Kenney and Stanley Ebeling.

Candlelighters were Mike and Danny Kenney.

Traditional wedding music was provided by Glenna Jones, organist, accompanying Mrs. Sue Dodson, soloist.

A reception followed the ceremony in the fellowship hall of the church.

The bride is a 1975 graduate of Slaton High School. Altman is a graduate of Post High School and is a senior at Texas Tech.

Following a wedding trip to Carlsbad, N. M., the couple are making their home in Lubbock.

Gifts exchanged by Graham club

The Graham Thursday club met in Post July 17 with Mrs. Wilburn Morris and Christie.

The afternoon was spent visiting and exchanging gifts from secret Rosebud Pals.

Refreshments were served to Mrs. Ada Oden, Pearl Wallace, Iris McMahon, Sue Maxey, Viva Davis, and the hostess.

The club adjourned to meet Aug. 7.

She also was a contestant in the Career Model 1975 competition as a representative of the Robert Spence Modeling School in Lubbock where she is an instructor two days a week.

The contest was televised in the Las Vegas area with some of the entries from New York, California, Oregon and Utah.

**Library will continue family night movies**

Walt Disney's "Bed Knobs and Broomsticks" was such a success at the Post Public Library's first full length family movie last Thursday night that two more Disney features have been ordered for showing July 31 and Aug. 14.

Approximately 100 youngsters, parents, and grandparents applauded enthusiastically at the conclusion of the trial run of the new movie series.

Librarian Pee Wee Pierce reported approximately \$56 received in donations toward the \$58.75 rental of the first film.

Requested for showing next Thursday night, Aug. 31, at 7:30 p. m., is "The Shaggy Dog," starring Fred MacMurray, Jean Hagen and Tommy Kirk.

If you don't believe people can turn into animals you must see Wilby Daniels (Fred MacMurray) in "The Shaggy Dog." He utters magic words from the inscription on an

ancient ring and is transformed into a Bratislavian Sheep Dog, resulting in uncommon adventures and enjoyable comedy.

The Thursday night, Aug. 14 show will be "Toby Tyler — Ten Weeks with a Circus," starring Nevin Corcoran, Henry Calvin and Gene Sheldon.

Take a runaway boy, a mischievous chimpanzee and a circus and what do you get? A hilarious yet heart-warming story about what one 10-year-old finds when everyone's favorite dream comes true in life under "the big top."

Instead of donations for these two movies a 50 cents admission will be charged. Each of these films will be slightly over 90 minutes, about 20 minutes shorter than "Bed Knobs and Broomsticks."

**Hospital Notes**

Those admitted to Garza Memorial Hospital since Tuesday of last week were:

- Vernon Milo, medical
- Carolyn Williams, medical
- Alma Veach, medical
- Ethel Feagin, medical
- Gary Howell, medical
- Bartola Casias, medical
- Linda Kay Parrish, obstetrical
- Brenda Mason, medical
- Dismissed
- Paula Kimmel
- Carolyn Williams
- Vernon Milo
- Susie Brown
- Gary Howell
- Alma Veach

**Post teacher to conference**

Mrs. Marion Wheatley, home-making teacher in the Post High school, will participate in the State Inservice Conference for Homemaking Teachers to be held at the Statler Hilton Hotel, Dallas, July 28-August 1.

The conference will open with a Public Affairs Forum on current national and state policies affecting homemaking education in the local school district, said Mrs. Elizabeth F. Smith, State Director for Homemaking Education.

Eleven concurrent sessions on Wednesday will provide an opportunity for in-depth study by homemaking teachers of relevant areas of instruction for today's lifestyles.

The sessions will include educating for parenthood, consumer education, nutrition, humanizing education, co-ed classes, community education, to name a few. According to Billie Chapman, Executive Director of the VHTAT, the inservice training in these relevant today's-world topics keeps vocational homemaking teachers high on the list of the state's best informed educators.

The awards banquet of the Vocational Homemaking Teachers Association Wednesday evening will honor Senator Bill Moore of Bryan and Senator Don Adams of Jasper; the Outstanding Administrator and the Outstanding Vocational Director in the State, both awardees to be announced. Also receiving awards for tenure will be 83 teachers of vocational homemaking education representing 1,745 years of service to Texas school children.

## Prices for 1975 sorghum crop remain uncertain

COLLEGE STATION — Although the sorghum harvest is making good progress over South Texas and harvesting is expected to start in Central areas soon, the price outlook for the crop is still uncertain.

"We expect sorghum prices to remain under the pressure of large feedgrain crop prospects for much of the summer," says Roland Smith, grain marketing specialist for the Texas Agricultural Extension Service. "However, rumors of pending large foreign purchases may be sufficient to override the negative price effects of the large crop. Unless substantial purchases do occur, we would expect Central Texas prices to average near \$3.60 per hundred-weight in late July and August. Sorghum prices in the Panhandle could range from \$3.95 to \$4.20 for the same period.

"Although the carryover from last year is expected to be small by this fall, the price that farmers receive for their new crop of sorghum will hinge greatly on domestic and foreign demands," notes the Texas A&M University System specialist.

A large harvest is in prospect in the United States and in Texas where sorghum acreage is up considerably as many farmers switched from cotton. On July 1 the 1975 U. S. sorghum crop was projected to be between 860 and 900 million

## 6th Garza road death in June

The Texas Highway Patrol investigated three accidents on rural highways in Garza County during the month of June, 1975 according to Sergeant H. E. Pirtle, Highway Patrol supervisor of this area.

These crashes resulted in one person killed and four persons injured.

The rural traffic accident summary for this county during the first six months of 1975 shows a total of 20 accidents resulting in six persons killed and 21 persons injured.

The rural traffic accident summary for the 60 counties of the Lubbock Department of Public Safety Region for June, 1975, shows a total of 572 accidents resulting in 25 persons killed and 355 persons injured as compared to June 1974, with 466 accidents resulting in 19 persons killed and 261 persons injured. This was 106 more accidents, six more killed, and 94 more injured in 1975 at the same period of time.

The 25 traffic deaths for the month of June, 1975, occurred in the following counties: one each in Clay, Floyd, Garza, Wichita, Young, Armstrong, Childress, Collingsworth, Donley, Hardeman, Randall, and Roberts; two each in Carson, Cochran, and Lamb; and seven in Lubbock.

## Vacation school begins Monday

Vacation Bible School begins at the Trinity Baptist Church Monday night, July 28 and will continue through August 1. The sessions each night will be from 6:30 p. m. to 9 p. m. with a period of Bible study, refreshments and recreation planned each evening.

The Rev. Gene Prevo, pastor, will be director of the school.

Faculty members are Denece Higgins, Darlena Johnston and Janice Bradbury will be working with the two and three year old group; Helen Gerner, Judy Bland and Paula Eilenberger will work with the four and five year old group; Faye Horton, Shirley Bland, Cleo Sappington, Sam Horton, Nancy Maddox and Ruth Pate will work with the six, seven, and eight year old group; June Kiker, Cherry Eckols, Lois Baldree, Cleo Barron and Glenda Dudley will work with the nine, 10 and 11 year old group; Eva Britton, Sylvia Smith, Billie Jean Cross, Mary Nelson and Harold Britton will work with the youth group. Ola Keeton and Margie Higgins will be in charge of the refreshments.

Every boy and girl in Post is invited to attend this Vacation Bible School.

## Sunday's sermon titles announced

Edgar L. Fox, minister of First Christian Church has announced that his sermon titles for this Sunday will be: 11 a. m. worship hour, "The Eye of Forgiveness" and 7 p. m. worship, "The Nerve of That Church."

Other church activities include 9:45 a. m. church school, 1 p. m. Wednesday Prayer services, and ice cream supper, Friday July 25, 7 p. m. in Fellowship Hall. Graduation exercises for Vacation Bible School will be held during this time.

## Martha Couch 4-H specialist

Martha E. Couch, who has served as Gaines County Extension Agent for the past three years has been named a 4-H and youth specialist for the Panhandle and South Plains areas. She will be headquartered at the Texas A & M University Agricultural Research and Extension Center at Lubbock.

She will be giving leadership to the 4-H and youth phase of the Extension Service program in Districts 1 and 2, which covers 42 counties.

Miss Couch is the daughter of Mr. and Mrs. John Couch of Gail and is a graduate of Borden County high school.

## \$50,000 paid in six months for beer cans

LUBBOCK — Consumers in the South Plains area have turned in a record 43,457,376 aluminum beverage cans for recycling under the Coors "cash-for-cans" program operated by Great Plains Distributors.

Bruce Gentry, Jr., president of Great Plains Distributors said local collections totaled 334,577 pounds for the first six months of this year. At an average 24 cans per pound, that represents 8,029,648 actual aluminum cans. During the same period last year, collections amounted to 241,105 pounds, or 5,786,520 cans.

Great Plains Distributors has

paid \$50,000.50 to consumers for the shiny metal in can form. For the same period a year ago \$28,729.60 was paid. Bruce Gentry, Jr. said the increase is due to heavier collections and a redemption rate increase last June to 15 cents a pound — up

from the previous 10 cents a pound — for aluminum beverage cans.

Bruce Gentry, Jr. said aluminum can returns are trending up percentage-wise, as well as in total volume. Returns so far this year are equivalent to a 34.66 percent return of all the cans sold in the area, up sharply from the comparable year-ago figure of 23.90 percent.

"We think there are at least three reasons for the dramatic growth in our recycling cam-

aign year after year," said Bruce Gentry, Jr. "They are a good cash incentive, outstanding cooperation from our community organizations and schools, and a growing public concern for our environment throughout Texas."

Cans can be redeemed here in Post each Saturday from 9 a. m. to 1 p. m. at the former Mac's Lounge building.

**SURVEY SHOWS**  
A recent survey by Federal Energy Administration showed that in 1974, manufacture of high-purity solar energy collectors would produce, at maximum output, energy equivalent to only 56 barrels of crude oil per day. The United States currently uses about 17 million barrels of crude oil per day.

### Former Post girl intern

Miss Karmen Paley of Houston, daughter of the former Tinker Beauchamp, after completing her studies at the University of Texas to become a registered dietician, will spend the next year doing intern work at Parkland Hospital in Dallas.

She had a 3.6 grade point average at the university out of a possible 4.0, and was invited into Omicron Nu, the national honor society for nutrition majors.

Miss Paley started school in Post. In kindergarten she was in the late Mrs. A. R. Scoggin's class and was in Ada Buchanan's first grade room. She finished high school at Bellaire in Houston.

She is the daughter of Mr. and Mrs. Russell Paley of Houston and the granddaughter of Mr. and Mrs. J. E. Mickey of Post. She also is a niece of Theona Josey of Post.

## Walt Arnold leads U.S. steer ropers in winnings

DENVER — Walt Arnold, former Post cowboy who now rides out of Silverton, was No. 1 in the nation in prize money in steer roping for 1975 as most a thousand cowboys headed for Cheyenne, Wyo., and the big Frontier Days rodeo.

Arnold had 1975 prize money in the event of \$3,301.

Due to the large arena required, not many of even the PRC-sponsored rodeos now contain the steer roping event, but the Frontier Days Rodeo, which offers a total of \$130,000 in prize money does.

Four other steer ropers who will compete in the OS Benefit Steer Roping here in early October were listed among the nation's top steer ropers as the cowboys headed for Cheyenne for the big rodeo which runs through July 27.

They were Charles Good of Elida, N.M., No. 3 with \$1,562; Roy Thompson of Tulsa, No. 7, with \$1,002; Tim Prather of Snyder, No. 10 with \$756; and James Allen of Santa Anna, No. 12, with \$743.

Ronny Sewall of Chicago, Tex., another OS steer roper entry here, has won more than all these five together in calf roping on the national circuit.

With \$12,726 in prize money in 1975, he was the nation's fourth leading calf roper going into Cheyenne.

Patti Prather, wife of Tim Prather of Snyder, who is a past OS Ranch barrel race winner, ranks No. 11 national in GRA barrel racing with prize money of \$3,128.

### Twin Cedars Nursing Home News

By LOIS DAVIS

Hello everybody. — Here I am, once again, giving you a portion of the news at Twin Cedar Nursing Home. As I have stated before, all I know (almost all) is what I read on the registry.

We have a new resident at the home, Mrs. Rosa Edith McAllister. We are very happy to have her and we will sincerely do our best to make her stay as happy and comfortable as is possible.

Brother Oscar Newdigger of The Church of God of Prophecy held the church services last Sunday evening. We are grateful to him and the others that attended the services. They were Doris Shedd, and children, Mark and Penny, Glenda McAfee, Julie, Tina and Holly Dunlap, Sandy Bullard, Edwina and Alicia Pettyjohn and Randy Powell.

Mrs. Barker was visited by Leatha and Carl Cederholm. Mrs. Sherrell had as her guest, Paul Sherrell, her son. Others visiting the home this past week was Vachell and Marvell Anderson from Irving, Tex. Also Bro. Stevens from Lubbock visited Mrs. Susie Brown. Mrs. Brown was released from the hospital last Saturday. We are most happy to have her back with us.

We are in need of some volunteer workers. We could use someone with a car once or twice weekly, and someone who could help with a couple of outings. Also picnics, and quite possibly other activities. Would greatly appreciate those of you who might have a little time on your hands as I think you would find this very rewarding work.

Brother Metzger from the Methodist Church will be with us Sunday evening at 3 p. m.

Mary Prather came out Wednesday morning and showed a very interesting film. We want to thank her for these films as everyone really enjoys them. We also wish to thank the city for the use of the mini bus once a week as everyone really enjoys their ride.

VISIT IN SWEETWATER

Mr. and Mrs. J. P. Ray visited in Sweetwater Saturday with their daughter and family, Mr. and Mrs. Jimmy Mathies and daughter Sandra. They helped Sandra celebrate her first birthday. Her other grandparents, Mr. and Mrs. Melvin Mathies of Rotan was also there.

**TEXAS TALK** By FRED MYERS

Protein potency is one of the terms being used to describe the positive aspects of beef promoters arguments supporting the favorable factors of beef protein versus plant protein. The beef backer with one of the most impressive data accumulations to support the meat producers position is Dr. Bruce Taylor, an animal nutritionist at Arizona University. Dr. Taylor says one of the most important aspects of judging protein is an evaluation of the amount of protein actually utilized by the body compared to the amount of intake. Using a scale with egg protein rated at 100, Dr. Taylor says beef would rate at 80 and corn and milo at 56. Citing statistics based on feeding out a 650 pound steer with a ton of grain, Dr. Taylor says the human body would actually utilize exactly the same weight of protein whether consuming the 160 pounds of protein in the feed or the 112 pounds in the finished steer. His final conclusion... a choice between corn and milo or beef.

### Shooting the Breeze

By NAN HAIR

Many of the young people in Post think of White River Lake as simply a place to ski, swim and fish. A few well informed young people know the lake offers much more. Beth Short wrote about the White River Youth Camp last week. It is pretty much a "wilderness" type camp. Post had ten young people camping at the camp. They are Amy Cowdrey, Mark Short, Lisa Cowdrey, Bill Short, Brent Mason, Steve White, Brad Mason, Sam Butler, Virginia Booth (a summer guest of Mr. and Mrs. Noel White), and Kam Huntley. I hope during all the fun and crafts these young people obtain much from this camp spiritually.

I returned from Kansas this past week. I thoroughly enjoyed my stay. I not only had lots of fun but I learned a lot about all the important Kansas wheat harvests. When it comes time for the harvest in the "Sunflower State" everybody drops what they are doing and heads for the fields. People from all walks of life participate. They invest money in grain trucks and combines, then they hire out their machinery and labor to the highest bidder. Since so much of the wheat was "hailed out" earlier this year, the people who had crops were all the more worried about getting the precious grain out of the

fields and into the storage elevators where it would be safe from the unpredictable weather. Many times I saw lighted combines and busy trucks in the fields well past midnight. All the area towns around where the harvesting is taking place are usually really busy. I mean to tell you I never saw so many eligible young men in one tiny town as I saw in Tribune, a small town of about 1200 people. After they have completed the harvesting the "costum cutters" as the harvesters are sometimes called return home to be store keepers, housewives, barbers and students. They then repair and tune up their machinery and wait for the next harvest. Feedlots are also a main business in Kansas. The feedlots vary from privately owned businesses with about 4,000 head of cattle to incorporated pens holding 40,000 head of cattle or more. I was surprised at how far many cowboys travel to work at the feedlots. I

not only met a roper from Muleshoe, but a young man who had graduated from Southern Illinois University with a degree in business administration. The people in Kansas are fascinating. Every place I went I found people who were extremely warm and generous. I truly believe the people have no generation gap. The parents love their long haired sons as much as their rodeoing daughters. Whenever the people get together you see the young people and old people cutting up and having a great time. It is great to see the parents provide the young people of their town with entertainment from picture shows to bowling alleys even in the smallest of towns. But what is really inspiring is to see how the kids turn out in large groups to participate in the different types of recreational activities that the parents have worked so hard for. Even though I was virtually a "funny talking" girl visiting from

## Bananas one fruit which hasn't gone up

COLLEGE STATION — Texas grocery shoppers must "go bananas" to find any real excitement in food buying these days.

"Bananas are always in season — and cost about the same as they did 20 years ago," Mrs. Gwendolyn Clyatt, a consumer marketing information specialist, said this week.

"If you consider the increase in wages during the last two decades, this means bananas really cost less than half as much today in terms of real income," she continued.

Texas people in Kansas took me in as they would a life-long friend. Yes, Kansas is a fine place to visit and I really don't think I'd even mind living there.

Mrs. Clyatt, with the Texas Agricultural Extension Service, The Texas A&M University System, said bananas must be picked when green, because, if allowed to ripen on the plant, they split open and are tasteless.

"Smaller families may find it more convenient to buy bananas a bit on the green side and let them ripen gradually.

"Select those that are plump, unblemished and bright in appearance, as a dull-looking banana often won't ripen properly."

Other fruit choices this week include peaches, nectarines and plums. Also, cantaloupe, honeydew melons, watermelons, cherries, grapes and pineapples.

Fresh vegetables at the most

### BIRDS

Lance Mathews announces the birth of a brother, Dustin Thomas, born July 11th at Cannon Air Force Base, Clovis, N. M., weighing 2 lbs., 14 ozs. Parents are Sgt. and Mrs. Philip Mathews of Clovis. Grandparents are Mr. and Mrs. Sam Heintz of Post and Mr. and Mrs. Marion Mathews of Lubbock.

reasonable prices are carrots, cabbage, soft shell squash, corn, purple hull peas, cuscaw, cucumbers and okra.

Fluid milk and dairy products are in adequate supply, with nonfat dry milk in heavy supply due to reduced cheese production.

"Eggs continue to be reasonable, even with prices up a bit which is a seasonal trend." CONSUMER WATCH-WORDS: Check ads for specials on beef — including roasts, liver and variety meats.

Zack Short, who joined Uncle Sam's Navy will be home this Wednesday. His parents, Silas and Beth Short will meet him at the Lubbock airport at 9 p. m. Wednesday night for a two week leave. The base where Zack is stationed is on the "outskirts" of Chicago. Zack has found out that things are really different in the big cities. He called home the other day from the 103rd story of the Sears building in Chicago. I hope that Zack really enjoys his stay. Maybe he'll have a few tall tales for us before he leaves. But look out, if he's been having as much fun as I think he has, he'll have half the male population of Post enlisted in the Navy before he returns to the base.

Local and out-of-state Rodeos really are keeping a lot of Post's young people busy. Many young people and adults are involved not only as nervous participants but also as spectators. This past weekend there were several Post people entered in area rodeos.

Jimmy Dorland was entered at Denver City in calf roping. Mark Terry and Joe Moore entered in the bull riding. Unfortunately none of them placed. Cindy Bird entered at D. C. in the barrel racing and she split third place. She then went to the rodeo at Hobbs, N. M., and rode away with first place.

Mark Terry and Bill Turbyfill both entered the bull riding at the Snyder rodeo. Neither of the cowboys placed.

I would like to congratulate James and Melinda Morgan. They were married Friday. It seems they had some friendly intruders in their house after the wedding and found their house had been "decorated." They cleaned it up before they left on their honeymoon only to find they had been out-smarted. Their "decorating" friends had returned and once again left their "mark."

Syd Conner, the agriculture agent for Garza County accompanied seven Post youngsters to Cloudcroft, N. M. to Scott-Able Electric Camp. The camp is sponsored and expenses are paid by the Southwestern Public Service Co. While at the camp the young people will learn how to make different electrical devices like an extension cord or a lamp. There will also be classes on living and cooking. They will be taught the differences between gas and electric homes. It is not all work however. The camp is mostly fun and games. The young people have parties every night. They also have tournaments in football and basketball and other sports. There were supposed to be from 100 to 170 kids from all over the southwest attending. They would be chaperoned by 18 county agents who also attend the camp. The camp is for young people 14 years old to 18 years old. Our "electrifying" campers will return to Post Friday. Those attending the camp are Mark Short, Kelly Mason, David Pool, Belinda Fluit, Katrina Chaffin, Connie Halford, and Sandra Bostick.

Sandra Bostick attended Texas +H Convention in San Antonio last week. There were 600 other young people from all around the state. The theme was about Texas Heritage. I hear she had an educational as well as highly enjoyable time.

Gene Thomas and E. A. Howard the ag teachers at PHS accompanied four young men to the State FFA Convention in Houston. Those attending from Post were Virgil Morris, Wes Horton, Greg Pollard and Shorty Bilberry. I talked to Shorty and he told me about the hotel where they stayed and the big swimming pool. He told me, "I never saw so many good looking girls around a swimming pool in my life." I hope this doesn't mean that the guys spent their entire visit trying to give Mr. Thomas and Mr. Howard excuses to visit the pool. Or maybe they only joined Mr. Thomas and Mr. Howard at the pool.

*Bicentennial Bits*

**BY BARRY L. TRASK**  
 Consider the movers and  
 shakers of two centuries ago,  
 the instigators of the Revolu-  
 tion, the authors of the  
 Declaration of Independence,  
 and the composers of the  
 Constitution. In short, the  
 founders of the United States of  
 America.  
 How would they fare today in  
 the halls of Congress? It is  
 likely they would not fare at all.

They would not be there.  
 In number, less than a dozen,  
 they were the intellectually  
 elite. Educated, they all posed  
 a range of knowledge that  
 was encyclopedic. They were  
 also sensitive to criticism,  
 vigilant towards their privacy,  
 and zealous of their public  
 honor.

Picture one of them - a frail  
 man, barely 5 ft. 6 in. tall, a  
 hypochondriac, who repeatedly  
 complained of being "feeble"  
 and "sickly". A self-diagnosis  
 of his "disease" was a  
 "constitutional liability to sud-  
 den attacks - suspending  
 intellectual functions." Also he  
 suffered from a "bilious indis-  
 position". Yet he lived to be 84.  
 Feeble of voice, with little  
 charm, cold to strangers,  
 withdrawn with the opposite  
 sex, this was young James  
 Madison.

A Virginia custom then was  
 giving drinks to voters on  
 election day. Or as one man  
 said, "swilling the planters w/h  
 bumbo." Young George Wa-

ington won in Frederick County  
 after treating 391 voters to 160  
 gallons of rum, beer, and cider.  
 Madison found this custom  
 "inconsistent with moral and  
 republican principles." The  
 voters didn't agree and chose  
 an ex-lavener keeper. Fortu-  
 nately, the legislature appointed  
 Madison later to the Continental  
 congress.

James Madison was an  
 intellectual giant, with a  
 formidable mind. As historian  
 Robert Morris reports, "it  
 would be fair to say that few  
 state papers framed in the  
 Revolutionary era had so  
 momentous an impact on  
 American constitutional law as  
 did Madison's First Amend-  
 ment to the Constitution - Americans  
 still feel his benign presence  
 two hundred years later." He is  
 truly remembered as "The  
 Father of the Constitution."

Could James Madison be  
 elected today, with television  
 emphasis on glib answers, and  
 a charismatic personality? of  
 course not.

## Graham reports 4 1/2 inches of rain, damaging hail

**By MRS. GLENN DAVIS**  
 We have had rain and more  
 rain. There was four and  
 one-half inches here from late  
 Saturday until Monday morn-  
 ing. Some have had much more  
 with hail and a lot of crop  
 damage. Those that had hail  
 this time is the second time for  
 them. They were hailed out in  
 the spring then planted over  
 and had a good crop.

Mr. and Mrs. Homer Jones  
 were Saturday overnight guests  
 of Mr. and Mrs. James Stone.

Mrs. Johnnie Rogers and  
 Mrs. Viva Davis were hostess  
 in the Davis home last Friday  
 at lunch for Mr. and Mrs.  
 Wayland McClellan and Patricia  
 Davis.

Mr. and Mrs. Bob Robinson  
 and Chester of Springlake  
 visited Friday afternoon with  
 Mr. and Mrs. A. O. Parrish.

Mr. and Mrs. Bill McMahon,  
 the Delwin Fluit family were  
 Saturday supper guests of Mr.  
 and Mrs. Carl Fluit. Mr. and  
 Mrs. Pat Martin were Sunday  
 evening visitors.

Mrs. Avery Moore visited  
 with Mrs. Mary Ethridge. Mr.  
 and Mrs. R. E. Sheed visited in  
 the afternoon.

Mr. and Mrs. Alvin Davis and  
 Todd were Friday supper  
 guests of his mother, Mrs. Viva  
 Davis. They attended church  
 services at the Church of  
 Christ. Todd remained for the  
 weekend. The family came  
 Sunday and ate lunch at the  
 center with the group of church  
 members. Todd returned home  
 with them.

Mr. and Mrs. Carl Fluit  
 visited her mother, Mrs. L. W.  
 Gandy in Tahoka Sunday  
 afternoon. Mrs. Gandy had  
 been in the hospital but was out  
 and feeling better.

Mr. and Mrs. Aubrey Ritchie  
 returned home Monday after a  
 two weeks stay in Cloudcroft,  
 N. M. Two of their daughters  
 visited them there, the Bert  
 Sparks family of Portales, N.  
 M., and Mr. and Mrs. Jackie  
 Grimes of El Paso. They visited  
 one day in El Paso to see the  
 Grimes new home.

Don Maxey visited one day  
 last week with his parents, Mr.  
 and Mrs. Bryan Maxey.

The Graham Church of Christ  
 meeting closed Sunday night.  
 Wayland McClellan did the  
 preaching.

Mr. and Mrs. Homer Jones,  
 Mr. and Mrs. Wayland McClel-  
 lan were Saturday night supper  
 guests of Mr. and Mrs. Melvin  
 Williams and David.

Those who have been visiting  
 in the Joe Taylor home were  
 Mr. and Mrs. Gary Glasscock  
 and family of San Antonio, Mr.  
 and Mrs. Joe Fondy and baby  
 of Lubbock and Charlotte  
 Taylor.

Mr. and Mrs. Wagoner  
 Johnson and Jerry spent the  
 weekend in Irving visiting Mr.  
 and Mrs. Ben Benton. They saw  
 the Yankees and Rangers play  
 ball.

We are looking for Wayland  
 McClellan to come and hold  
 another good meeting.

### Post 4-H girls go bowling

**By TANYA BLAND**  
 The Post 4-H girls were  
 treated to a night in Lubbock,  
 Friday, July 11 and enjoyed  
 bowling and eating at MacDon-  
 ald's.

Girls attending were Gale  
 Scott, Darla Jackson, Cindee  
 Harrell, Tanya Bland, Cynthia  
 Pool, Connie Halford, Rene  
 Melton, Mindy Morris, Lisa  
 Rodriguez, Sheila and Angelia  
 Melton, Shirley and Michaela  
 Bland and Paula Cawthon.

The club also modeled 4-H  
 clothing projects for the resi-  
 dents of Twin Cedar Nursing  
 Home recently. Mr. George  
 Wilson accompanied the girls  
 on the organ as they modeled  
 their clothing. Those modeling  
 were Pam Riley, Lisa Holly,  
 Lisa Rodriguez, Melodie Wil-  
 son, Mindy Morris, Rene  
 Melton, Anna Gonzales, Mindy  
 Davis, Tanya Bland, Belinda  
 Claborn and Sandra Bostick.

Leaders attending were Shir-  
 ley Bland, Pearl Riley and  
 Sheila Melton.

## City cites vendetta

(Continued From Page One)

Morton's plea contends Walker must be joined by additional representatives of the community.

The plea states that "It is a matter of common knowledge in Garza County that Pat N. Walker does not have an interest in any action against the City of Post which would be common to the general public for the reason that he is currently pursuing a personal vendetta against the mayor and councilmen of the City of Post through personally paid mass media advertising."

"The interest of Pat N. Walker does not fairly represent any class of citizens and to allow maintenance of this suit without joinder of sufficiently named persons to assume fair representation would be denial of due process of law," the plea contends.

"Pat N. Walker cannot fulfill the good faith requirement necessary to merit him to fairly represent the class he purports to represent, and it is not alleged that a substantial portion of the class he purports to represent would agree to their representation by Pat N. Walker," the plea continues.

The plea also contends that Walker cannot serve as sole representative of any class of persons in any suit in which he or his partner is retained as counsel due to his inherent conflict of interest with the remaining members of the class.

"As sole plaintiff it would be him, and him alone who agreed to the attorneys fee to be charged for maintenance of the suit," he plea states. "It is a recognized principle that the members of the class (here all citizens of the City of Post 'similarly situated') could be required to contribute to payment of attorneys fees which would thereby accrue to the benefit of Walker and his partner or associate. Walker is now in the position of requiring the citizens to pay him and his firm for the privilege of pursuing through the courts his personal animosity against the city commission of Post. The conflict is obvious and should be prevented by the court's requiring the joinder of additional named plaintiffs."

The plea also contends that since the petition for declaratory judgment does not relate to questions of taxation or unlawful expenditure of public funds there is "no valid statute authorizing the institution of a class suit to enjoin the City of Post from enforcing its Ordinance No. 303."

Finally, the plea contends, that "the maintenance of this suit by one individual, however situated, cannot serve to adequately represent the interest of all people similarly situated in the City of Post. The class is too great and not well enough defined as to interests to permit its fair and adequate representation by only one member thereof inasmuch as there are numerous subclasses interested in the enforcement of the laws pertaining to the consumption or possession of alcoholic beverages."

These certain subclasses might be identified as follows: (a) Those who do not personally drink and who are opposed to the consumption of alcoholic beverages by others; (b) Those who do not drink but are not opposed to the consumption of alcoholic beverages by others; (c) Those who drink privately but who are opposed to others drinking privately or publicly; (d) Those who drink only on occasion and in moderation; (e) Those who drink only on occasion but with immoderation; (f) Those who drink on a regular basis but with moderation; (g) Those who drink regularly but with immoderation; and (h) Those who are in the classification of excessive consumers and generally classified as 'drunks'."

The plea adds that "there can be no representation of all the citizens without at least one representative from each subclass; Pat N. Walker does not specify which, if any, subclass he represents."

"Wherefore, premises considered, defendant prays that all proceedings in the above entitled action be abated and that the City of Post recover its costs herein," the plea concludes.

**Damage suit**  
(Continued From Page One)  
burns, crushed fracture of the skull, broken left tibia, compound fracture of the left leg, depression of the right frontal bone of the skull with a partial avulsion of the right eyeball and severe brain damage, all of which have rendered him incompetent physically and mentally.

"As a result of these injuries," the petition states, "Raymond Wiggins requires hospitalization at the cost of \$90 per day and will require the same for the balance of his life (a sum of \$988,420) and has further lost his earning capacity of at least \$5,000 per year for the balance of his life (a sum of \$146,000.)"

The petition asks the \$1,250,000 in damages paid in cash, which it says would "fairly and reasonably compensate" Wiggins for past and future pain and mental anguish, past and future expenses for hospital and doctor care, and loss of past and future earnings.

**A PICTURE IS WORTH 10,000 WORDS** — Virgil Stone and his son, Bill, and grandson, Jay Scott of San Antonio, caught these 18 and 21 pound yellow catfish recently in the Colorado River just below Buchanan Dam. Pictured above with Virgil is the grandson.

### Garza oil—

(Continued From Page One)

plant with a capacity of 1.5 million cubic feet also went into operation last year.

Garza ranks 62nd among 197 oil and gas producing counties in the state in the total value of petroleum produced last year.

The total value of Texas oil and gas production jumped last year to almost \$11.4 billion from \$6.7 billion in 1973, most of it due to price increases.

Sherman Hunt, Dallas independent oil man who is president of Texas Mid-Continent, declared:

"These figures emphasize the importance of a healthy petroleum industry in the nation's No. 1 energy state.

"In the face of declining production in Texas, it is significant that this increased return to royalty owners and producers came from crude oil and natural gas which is free from restrictive federal price controls. But there are at this time proposals in Congress which would place all of Texas' petroleum production under federal price controls, with predictable disastrous consequences for the industry, as well as the whole economy of the state."

**Dog law**  
(Continued From Page One)  
issuing of citations in lieu of warrants if signed by the dog owner, and provides misdemeanor penalties with fines of up to \$200 for various violations.

A dog owner can be fined up to \$200 if found guilty of keeping a dog, over the age of six months, which has not had rabies shot within 12 months.

Such fines also can be levied in city court for those found guilty of interfering with an officer in his attempt to catch a dog running at large.

The complete ordinance will be printed in next week's issue

### City to—

(Continued From Page One)

Tariff which affects rates and charges made to residents in Post.

The council learned that to date there have been no applicants for the permanent appointment to the new city judgeship. Since Mrs. Wanda Wilkerson, the temporary city judge, will soon be out of the office for six to eight weeks for an operation, Jerry Hester, another city hall employee, was appointed city judge to serve in Mrs. Wilkerson's absence.

Harvey Morton, attorney for the city, told the council that any person appointed city judge would be required by state law to live within the city.

The council heard a delegation ask for some help in building a "playground park" on the grounds of the Lorenzo Alexander Community Center for youngsters in that neighborhood.

They said a concrete slab basketball court and various pieces of playground equipment were desired. Some of the equipment they said, could be moved from the former Chapman Park site and repaired.

Mayor Giles McCrary asked the delegation of three to prepare a list of materials needed for the basketball court. Residents of the area will volunteer much of the work, the delegation reported.

A fence across the back of the property also was discussed by the council.

In its final action, the council voted to pay three hospital bills dating back two years on city prisoners. They totaled \$37.55.

Dispatch classifieds work while you sleep.

of The Dispatch, as required by law. Dog owners are urged to study it carefully.

### Postings—

(Continued From Page One)

the Stampede's original stockholders in 1941. Young said it was no secret as to the amount of the organization's oil income.

The newest addition to the plant, and an expensive one too, is the cover recently erected over the big 100 x 130 foot concrete dance slab. Young told the civic clubbers.

For many years known as "the fastest rodeo on West Texas" the Stampede gets some of its fastest action when the books are opened at 8 a. m. Monday morning of rodeo week.

Young said when he arrived at the rodeo office at 7 a. m. on the day the books were to open last year there already was a long line of waiting contestants.

"We didn't open the office door until 8 a. m.," he told Rotarians. "Then the phone began ringing. After 20 minutes of real confusion the books on bull riding closed at 8:20 a. m. with 45 entries, the maximum signed up."

Mr. and Mrs. West McConnell of Kingsport, Tenn., flew into Post on the tail of that big thunderstorm Saturday night for a weeks visit with the Joel Dohsons. Judy and Mrs. McConnell are sisters. "If they had been 20 minutes earlier they would have been right in the middle of that hail cloud," Joel told us Monday afternoon when they dropped by The Dispatch for a brief visit. "And if they had been ten minutes later it would have been dark and they wouldn't have known whether this was Post or not."

"We lost radio contact after passing Childress," West told us, "and when we landed I told the wife I didn't know if this was Post or not (he hadn't been here before, but she had), but I'm staying on the ground for a while."

They're flying a single engine Skyhawk, and like most visitors rate Post very high marks for friendliness.

Temporary City Judge Wanda Wilkerson swung into judicial action here Monday for the first time when she accepted six guilty pleas on charges of drunkenness and levied fines and costs of \$22.50 and \$28.00, depending upon whether there was just a single charge or two. "I'm sure never get we would need to have had."
