

Hospital's budget next agenda

Hospital Administrator Ed Zintgraff asked Garza Memorial Hospital directors to give consideration to salary increases due for a decision to be made to prepare a proposed hospital district budget for the new fiscal year beginning Oct. 1.

Dr. Alexander, board chairman, in general discussion of budget items for a holding of the line on hospital expenditures next year. Zintgraff said the hospital will not comply with the statewide effort to reduce total expenditures by two percent.

Zintgraff pointed out, however, that some items in the current budget have allocated more funds than needed and this can be used to other needs without an increase in total expenditures.

Zintgraff gave hospital directors listings to show the need for increasing funds for equipment purchase and service training of personnel next year. He also pointed out that the doctor's fee schedule, used to provide guarantees to Dr. Gonzalez, and the physical and maintenance expenses can be cut next year with remaining costs for air conditioning-heating to be spread over the next years.

Zintgraff proposed a new budget of slightly less than \$2 million next year as compared to \$2,000,000 in the current year. (Page 12)

Postal strike looms Friday

A postal strike is expected to begin in Texas Friday as work contracts with postal unions expire, but some in major post offices are easily tied up the mail.

Post has seven postal employees, all union members, besides Postmaster A. McAllister and Johnny Simpson, supervisor of the mail.

Negotiations stalled in Arlington Tuesday on a contract for some half million postal workers and other unions in some of the northern cities have warned they will strike.

Striking by postal employees is against the law and is a felony. Every postal employee was warned of the fact in a letter last week.

The strike continues into next week, a strike at the Dallas and Fort Worth post offices is expected to help and then could lead to the sectional strikes in the state.

Proposal could cut school taxes 13%

A proposal made at the recent special session of the Texas Legislature to provide tax relief could, if passed, bring Post schools \$1,000,000 from state sales tax and lead to a 63 percent reduction in school property taxes here.

The proposal, put forth by representatives Jim Nugent and Lynn Nabers would reduce one cent of the four state sales tax to fund school ad valorem taxes throughout the state.

Governor Dolph Briscoe last week said he is very interested in the proposal.

School districts would be allowed \$220 per student in average daily attendance would be required to pay \$200 of this amount to the state.

RECEIVES 50-YEAR AWARD — L. M. Crowley (right) is shown presenting Noah Stone (second from left) his 50-year membership certificate and pin preceding installation ceremonies of Post Masonic Lodge last Thursday evening. Others shown in the picture are Stone's son-in-law Bob Collier (left) and son, Dr. N. W. Stone Jr., Brownfield. — (Staff Photo)

**HONORING DAVID NEWBY—
 Open house for center Sunday**

A public open house will be held in the new senior citizens center in the Algerita Hotel Sunday afternoon from 2:30 to 4:30, honoring David Newby, the man who planned and almost individually built the \$42,000 center of 3,300 square feet.

The open house is jointly sponsored by the Garza Historical Survey Commission, the Garza Heritage Association and the Garza Trail Blazers, Inc.

Newby, who has been at work on the center since last November along with the Garza Green Thumb Crew, is rushing final detail work

Body of local man recovered from tank

A swim after work Monday evening in a tank south of Post by a Palmer Well Service crew resulted in the apparent drowning death of Henry Lee Reed, 24, of Post.

Other members of the crew who went swimming with Reed told investigating officers they did not see him go down. They discovered him missing when they got out to come back to town.

Justice of the Peace Racy Robinson after his investigation at the scene in a Double U pasture just south of White Road scheduled a Wednesday autopsy before ruling on Reed's death.

Proposal could cut school taxes 13%

Post has an ADA of approximately 1,000 students. This would mean the school district would receive \$220,000 in sales tax funds with some \$200,000 being applied to reduce school district taxes here which now raise roughly \$1,500,000 annually.

Southland school district taxes would be cut an estimated 17 percent with the Southland district receiving about \$34,000 in state sales tax funds.

The proposed formula would enable some neighboring West Texas school districts to reduce their taxes 50 percent.

The percentage tax reductions were provided newspapers in a release Monday from Governor Briscoe's office.

Reflecting upon 18 days of 100-degree temperature or better this summer with the last six in a row, Postings recalls a very different July here only two years ago in 1976.

From July 4 through July 22, Post enjoyed 18 straight days when the temperature high never reached the 90-degree mark.

Post also enjoyed eight straight days of rain, which ended on July 17 with 3.94 inches of moisture totaled in that time. The July 22 edition of The Dispatch that year proclaimed 4.80 inches of moisture in July "to date."

It's almost rodeo time. The Post Stampede Rodeo is only three weeks away. The Chamber is still looking for more floats for the rodeo parade Aug. 10.

A lot of speeding tickets (See Postings, Page 12)

Downtown drinking hit

Drinking a cold beer on a hot summer night may cost you \$30 if you park in downtown Post to do it.

Beer can littering has become such a downtown problem the sheriff's office has cracked down on youthful violators.

City Judge Louise Greene said 16 to 18 cases for drinking in a public place in a dry area were brought before her in June and more in this month.

Traffic violators here also are paying a rather heavy tab for speeding.

Judge Greene estimates 35 traffic cases have been brought before here in July, mostly for speeding.

AREA IV CHAMPIONS — Post's Little League All-Stars, above, crushed North Lynn At Slaton Tuesday night 29 to 4 to win the Area IV Little League championship. See story on Page 10. Shown l to r, back row, John Valdez, manager, Pat Ayala, coach, R.J. Greathouse, Daniel Gonzales, Curfies Clinesmith, Gilbert Perez, L.D. Harper, Lynn Allen, and Michael Valdez. Monday is hottest day in record heat wave

Most sizzle in 6 years

Post — in the midst of its hottest July within memory and the hottest summer in over six years had an over six-year high of 106 degrees officially Monday afternoon with the big bank thermometer registering two degrees higher at a sizzling 108.

The last time it was hotter here was back on June 28, 1972 when the thermometer soared to 109.

With normally the hottest part of the summer yet to go in late July and through August, Post already has recorded 18 100-degree days to date.

This is more 100-degree days than has been recorded in any of the five previous years.

For July to date the high daily temperature has averaged less than a half degree below an even 100.

What makes the heat wave more severe is that there is little temperature relief at night. The daily low drops to about 70 degrees but only for a very few early morning hours.

At midnight it has been in the 80s.

Post was on a run of six consecutive 100-degree days through Tuesday. Starting on July 14 the daily highs have been 100, 101, 105, 103, and 106 Monday.

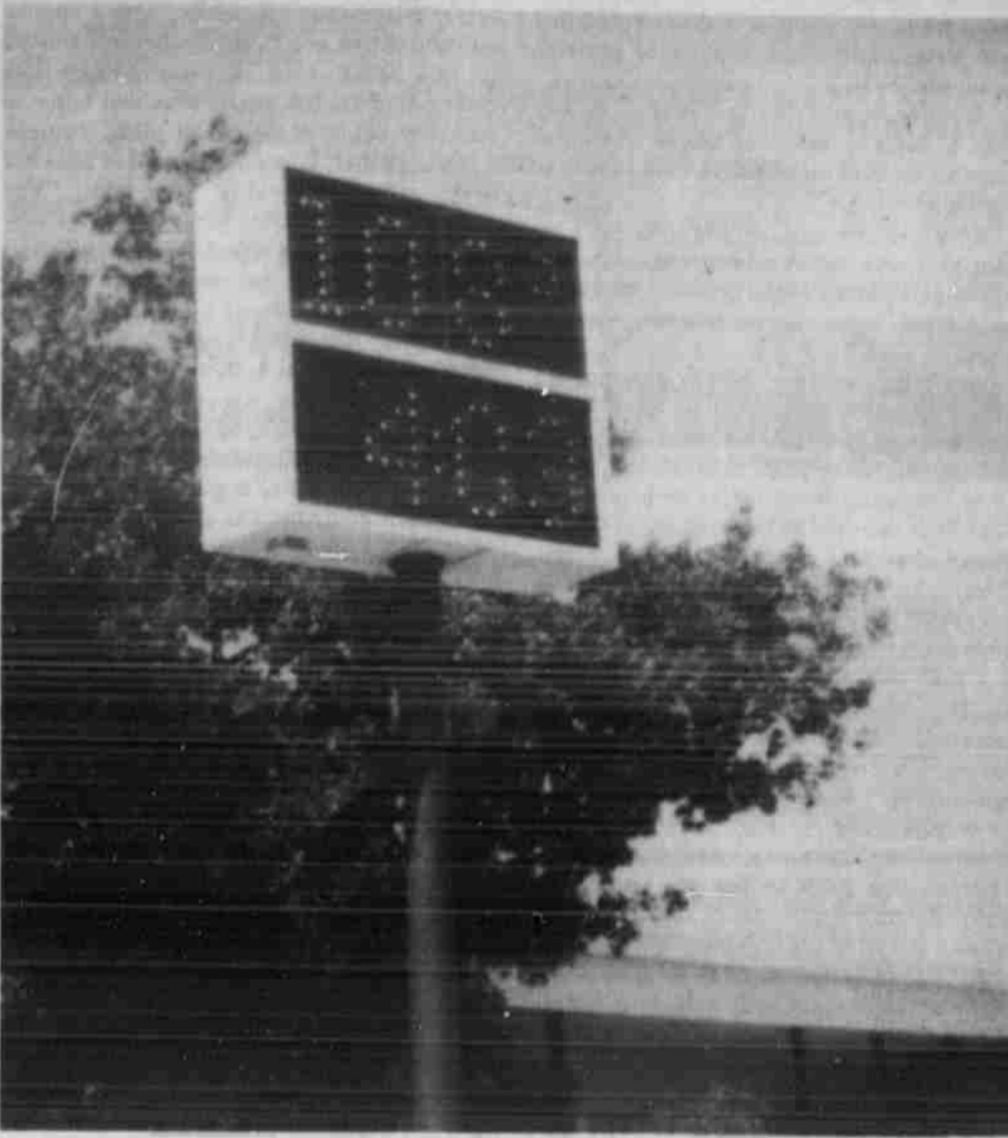

Tuesday's high was 104 degrees and at presstime Wednesday noon the thermometer here appeared to be heading upward to the 100 mark again.

In June the humidity here was unusually high, varying between 35 to 45 percent, but in the current July sizzle stretch it has dropped to a drier 10 percent.

Abel Comancho, former Dispatch pressman who is here with his family on a vacation visit from Dallas this week said Tuesday that the Post temperature Monday seemed only "in the 80" to him. Dallas has had a run of over 18 100-degree days all in a row, but the humidity there is so high the temperature feels much hotter than it does here.

The hottest day here in 1977 was a 105 on Aug. 24. Last summer Post had only 16 100-degree days and but only three of them up to the present date.

In 1972 when Post recorded its 109, the community had only eight 100-degree days, five of them in a June heat wave. (See Heat wave, Page 12)

NOT SO HOT REALLY — The First National Bank's thermometer recorded the above 108 degree reading at 4:09 p. m. Monday but don't you believe it. Post's official temperature — a high for the last six years — was only 106. — (Staff Photo)

Cotton ready to wilt

Garza's 1978 cotton crop is in trouble through lack of moisture, but according to County Agent Syd Conner the current drought hasn't yet brought the cotton to the crisis stage it did in 1977.

Readers will recall last year Garza appeared on the way to a bumper crop when around early August, the cotton simply "quit growing."

The Dispatch reported in its Aug. 11 edition County Agent Conner's judgment — "the cotton looks terrible."

While the rest of the High Plains cotton area registered a bumper crop, Garza's was only average, or slightly below average in yield.

This year with approximately 50,000 to 55,000 acres in cotton — about the same as last year — Garza is experiencing much earlier drought conditions than a year ago to go with the lack of deep moisture.

Conner told The Dispatch Tuesday that some Garza cotton is holding up well. In other fields, he said, the lack of moisture has slowed the growth down.

Although some have said there is little irrigated cotton left in Garza, Conner estimated 12,000 to 14,000 acres will receive irrigation water help this year with many pumps already running, despite high fuel costs.

Concluded Conner, "We need rain bad."

School board won't change that grade

Post school trustees went into "executive session" at a special meeting Monday night with a teacher who a mother alleges failed her high school daughter because the daughter skipped the final day of school.

After the closed door discussion to give the teacher the opportunity to explain her side of the story, the board in open meeting decided that the contested grade would not be changed.

Supt. Bill Shiver was asked by the board to write the mother a letter explaining the board's action on the matter.

If the mother wants to pursue the matter further, the next step will be an official hearing by the board with the doors open to the public.

The mother told The Dispatch she was thinking of taking her case to the Texas Educational Agency in Austin.

In another action, trustees voted to employ Mrs. Rebecca O. Haney as an elementary school teacher.

Mrs. Haney's husband is employed by Taylor Tractor (See School board, Page 12)

**EXPERT RECOMMENDS MORE—
 Individualized instruction**

Supt. Bill Shiver has received a written report from Dr. K. G. Dueck of the Department of Curriculum of the University of Calgary, Canada, which recommends that "programs stressing individualized instructions be continued in the Post schools."

Dr. Dueck has been an educational consultant of the Post schools for several years and prepared his report on the Post schools from personal interviews with local teachers and checking questionnaires given the teachers.

He also recommended:

- (1) Continual in-service training be provided to new staff and as a review to the continuing staff.
- (2) The packet system is perceived to be a useful instructional tool and should be continued.
- (3) A thorough review of completed packets be undertaken and standards be clearly set regarding such aspects as testing, sequencing, variety of resources.
- (4) Many teachers do not perceive discipline to be a major concern in Post schools.
- (5) In cases where teachers did perceive discipline to be a problem, only a few considered the problem to be linked to the change in instructional program implemented in Post during the last years; most considered discipline problem. (See School report, Page 12)

New officers are installed

The Post Masonic Lodge held its officers installation Thursday night, July 13, in the Masonic Lodge here in Post.

A 50-year pin was presented to Noah Stone, who has been a mason for as many years.

The installing officer for the night was Jimmy Redman Murray Crowley was installing marshal.

Officers for the new year included Dennis Odom, worshipful master; Billy Williams, Senior Warden, Tommy Hill, junior warden; Gary Lester, senior deacon; Don Ammons, junior deacon; Paul Jones, secretary; Donald Windham, treasurer; Bill Mills, chaplain; Pat Pennell, senior steward; Preston Mathis, junior steward and Joe Williams, tiler.

Deputy resigns now two short

The sheriff's force is now two short of full strength, following the resignation of Joe Simpson, who has been here 18 months.

Simpson resigned to take a better paying job with General Telephone at Littlefield, according to Sheriff Jim Pippin.

On showing appreciation

Almost every town has or has had leaders whose foresight, abilities and determination have guided important community projects to completion.

But few, if any, can this year — or any year — offer a more complete and total contribution than that Post's David Newby is now completing.

David has planned, guided and built — most of it with his own two hands — a new \$42,000-plus Garza senior citizens center in the virtual ruins of the historic Algeria Hotel.

Since last November, Newby has devoted almost all of his time to this project. These were not just five eight-hour work days per week either. More often than not they were six or seven day work weeks with probably more days than not 10 hours spent on the job instead of eight.

From the tedious days of last winter when he carefully leveled and repaired the floor joists one by one over the back 80 feet of the first floor Newby has done an outstanding job. He has fashioned a 3,300 square foot center of nine rooms with paneled or plastered walls, drop ceilings and modern lighting. It has a central heating and air-conditioning system with an ample kitchen. Some floors are carpeted.

For all this work he has not received a penny of compensation from anyone. In fact he has put a lot of his own into the cause. His contribution in effort alone is so great some people actually don't believe it. It is simply beyond their comprehension.

Thanks day for water

In taking an hour or more last weekend to see what's happening all over West Texas by browsing through the weekly papers we receive from other towns, we came across one headline time after time, with variations of course.

"Voluntary water conservation asked" it read. There were others which spoke of a deepening crisis: "Water restrictions ordered."

The long hot summer has brought the long standing West Texas water shortage to the front again.

Thanks to the White River Lake, Post no longer fears an annual mid-year water crisis. Only when there is an accidental break in the distribution line from the lake does Post face a momentary water problem. And that has only happened once — strange enough because of a flood down a dry creek bed.

West Texas towns which don't have a surface water supply now of considerable size are now in deep trouble.

In looking back over the past 20 years of reporting Post happenings we find nothing which even approaches in significance the objective way Post and its three other water

Our friend, Tom Bouchier, whose opinion on construction are probably beyond dispute in this town, told us that Newby has contributed \$15,000 worth of skilled labor to the construction of the center all by himself.

Not only that, Tom adds, but all of his work is of the highest quality. Tom adds, "You couldn't find anybody today to do it any better and few who would do as well."

David has taken the center from start to finish. So far, federal contributions via programs for the aged and local contributions of which there has been many have financed the construction. Newby expects the cost to total about \$27,000 for materials and some skilled labor for particular portions of the work.

A recent contributions drive for \$4,700 to raise what it is hoped may pay the last of the bills has reached the \$3,100 mark.

Newby will be honored Sunday afternoon by the Garza Historical Survey Commission as "Post's No. 1 volunteer" at a public reception in the new senior citizens center.

Not only will this be a deserved honor for David, but it also will give the public its first peek at the new center itself.

We can only hope that when the public sees what David has done for this community that the appreciative ones will subscribe the remaining unpledged balance of the final contributions drive.

That would express this community's appreciation best.

district cities damed a canyon in Crosby County to provide an abundant water supply. Today the White River operation remains a model for all others in all of Texas.

Its finances are sound; the lake's water level high. The most remarkable part of the White River story is that in its 20 and more years of development and operation, virtually complete harmony has prevailed throughout the district.

All this is a credit to the community-spirited people who are serving and have served on its board of directors and to the men who have operated it. Water District Manager Al O'Brien and his fine crew do a great job.

America has a November holiday when the nation traditionally stops to give thanks for its blessings.

The Dispatch thinks it might be a good idea if the four towns of the water district together had a White River Lake Day annually in the very hottest and driest stretch of summer not only to give thanks for their deliverance from West Texas water shortage but to take stock in this fine project and lock arms in our determination to assure its future for generations to come.

YARD OF THE WEEK — Winner of the Post Chamber of Commerce's yard of the week award this week is the yard of Mrs. S. C. Storie Sr., 508 West Main. Mrs. Storie who recently fell and suffered a broken hip, is in Lubbock for therapy but was pleased when notified of the award.

Stone, son of Mr. and Mrs. Noah Stone, ranked third in his graduating class at University of Texas; Mr. and Mrs. Dee Hodges announce the birth of a son, Johnnie Glenn, born in West Texas Hospital in Lubbock.

Screwworm threat grows

MISSION — Additional pressure was put on Texas livestock producers and on the U.S. Department of Agriculture (USDA) Screwworm Eradication Program the first 11 days of July, says Dr. James Wommack.

In that interval six counties recorded their first 1978 screwworm cases and the Texas count climbed from 121 to 173. Wommack, Southwest Regional Director for Veterinary Services of USDA's Animal and Plant Health Inspection Service (APHIS), says 41 Texas counties have tallied screwworm cases this year.

Counties recording their first cases in early July are

Coke, Floyd, Medina, Reagan, and Real. El Paso County has the most recorded cases with 20. Oak follows with 16. Irion and Borden are with ten each.

Arizona has tallied cases so far this year. New Mexico count stands at 338; and California has 338.

Dr. Wommack says known Texas screwworm cases are receiving "hotspot" treatment of fly flies in addition to regular grid treatment.

You make many people by speaking nicely.

Thank You

This is to thank each and every one for their kindness during my recent stay in the hospital. A special thanks to the doctors and nurses. Mary Caywood

We would like to express our thanks to everyone for the prayers, visits, flowers, cards and food while I was in Garza Memorial Hospital and Methodist Hospital and since I have been home. The care and concern I received by doctors and nurses make us realize how fortunate we are to have them. May God bless you. Annie Laura and Thurman

We would like to thank all the good friends and neighbors for the many prayers and encouraging words offered to us during the loss of our Joe. Your thoughtful deeds will always remain as a precious memory. We would like to extend a special thanks to the staff and doctors of Crosbyton Clinic, St. Mary's Hospital and Health Sciences Center. May God bless each and everyone of you. Elmer, Maurine, Darla and Will McReynolds Greg, Patt, Eric and Jenny Fisher

I wish to thank my friends, doctors and nurses and neighbors for the beautiful flowers, cards and prayers during my long stay in the hospital. I especially extend thanks to the nice officer that administered oxygen on the way to the hospital. Mrs. Anne Casey

Our recent sad loss leaves us with grateful hearts toward neighbors and friends. Words cannot adequately express our deep appreciation for the many kind and sympathetic acts that come to us at the time of our recent bereavement. Ramirez, Soto and Delgado Families

Voss-Gradine vows ahead here Saturday

Wedding vows were exchanged between Voda Beth and Ronnie Gradine Saturday, July 15 at 10 a.m. The couple were wed in the presence of her parents, Mr. and Mrs. Harold Voss. officiating the double ring ceremony was Rev. Billy Herring.

Members of the house party included the bride's aunt, Geneva Davis and sister of the groom, Joella Crocker. Also in the house-party were Hazel Anderson, Theresa Hart, LaGayluah Feagin, Vicky Cooper, Dena Morgan and Lois Herring.

The bride is a graduate of Post High School and is Democratic nominee for county treasurer. The groom is employed by the State Department of Highways and Transportation.

Following a wedding trip to Ruidoso, El Paso and Carlsbad, N.M., the couple will be at home at 315 N. Ave. N.

Out-of-town guests attending the wedding were from Beaumont, Ruidoso, Amarillo, Seminole, Lubbock, Winters, Bryan and Plains.

MR. AND MRS. RONNIE GRADINE

Vickey Williams and Danny Cooper wed

Vickey Williams and Danny Cooper repeated their wedding vows Saturday night, July 8 at 8 p.m. in the home of the bride's grandfather, Mr. Charley Williams.

County Judge Giles Dalby officiated the double ring ceremony read before the fireplace which was adorned with greenery and candles. Arrangements of white mums were mounted on pedestals on each side of the fireplace.

Parents of the bride are Mr. and Mrs. Marvin Williams. The groom is the son of Mr. and Mrs. Dick Morgan and the late Dean Cooper.

The bride was given in marriage by her father. She wore a street length dress of dark beige. She carried a bouquet of blue daisies atop a white satin Bible.

The tradition of something old was carried out by the bride wearing a ring given her by her grandmother, the late Henrietta Kennedy Williams, something new, her dress; something borrowed, her Bible; something blue, a garter given to her by the groom's mother.

Attending the bride as matron of honor was her sister-in-law, Vicky Williams of Snyder. She wore a street length dress of blue and white floral print, and carried a bouquet of blue daisies.

Voda Beth Voss and Kelly Cooper of Post attended the bride as her bridesmaids. Miss Voss wore a solid blue street length dress and Miss Cooper was attired in a dress of blue and white floral print. They both carried bouquets of blue daisies.

The flower girl was Mary Ann Williams, daughter of the bride, and Danny Leach, nephew of the groom was

the ring bearer. Danny Williams of Snyder, brother of the bride, attended as best man and groomsmen were Ronnie Gradine and Steve Cooper.

A reception was held following the ceremony with the guests being served cake, punch, mints and nuts from a table laid with a white lace table cloth. A centerpiece of blue daisies adorned the serving table. Crystal appointments were used. Teresa Drewell and Mary Jo Evans, both of Lubbock, presided at the refreshment table.

The bride is a 1971 graduate of Post High School and attended Angelo State University and Texas Tech. She is presently employed by the Lubbock County Sheriff's Department. The groom graduated from Post High School in 1968 and attended Sul Ross University and is presently employed by Holloway Contractors in Lubbock.

The couple will be residing at 9104-B Elgin in Lubbock. Out of town guests for the wedding included Mr. and Mrs. Bill Drewell, Mary Jo, Mike and Lisa Evans, Bryan Sheffield, all of Lubbock and LaRu Harrison of Winters.

Vacation trip to Northwest

Mr. and Mrs. L.G. Thuet Jr., accompanied by Mr. and Mrs. Alvin Young and Mr. and Mrs. Carl Aageson of Kingsland, have just returned from a 16-day vacation in Canada and Alaska.

The group flew to Vancouver and boarded a ship for a four-day cruise through the Inside Passage of the Islands of Western Canada and Southeastern Alaska.

Other points of interest were in and around Anchorage, Fairbanks, Juneau, Mt. McKinley, Kotzebue (the land of the midnight sun, across the Arctic Circle) and Nome.

They also visited the beautiful and famed Mendenhall and Columbia Glaciers and rode the Narrow-gauge White Pass and Yukon railroad from Skagway to White Horse in the Yukon territory.

Two delegates are elected

Loucille Morris and Fannie Wardlow have been elected to attend the Texas Home Demonstration Association meeting in Dallas Oct. 3-5.

Over a thousand women are expected to attend the statewide meeting. THDA has been organized in Texas for 53 years.

Anyone interested in joining a Home Demonstration club should contact the county extension agent, Paula Cawthon, 495-2050.

Home economics programs conducted by the Texas Agricultural Extension Service are open to all people regardless of sex, age, socio-economic level, race, or ethnic origin.

Fresh vegetables, eggs are best buys

COLLEGE STATION — Eggs, fresh vegetables and store "specials" are among this week's best buys at Texas grocery markets.

Also, fryer chickens, melons and canned meats, according to Mrs. Gwendolyn Clyatt, a consumer marketing information specialist with the Texas Agricultural Extension Service, the Texas A & M University System.

This week's price-quality trends are the following: POULTRY — Eggs are currently one of the least-expensive sources of high-quality protein. Fryer chickens have moderate prices in spite of heavy demand. Whole birds are the best value on a price-per-pound basis. Look for economy prices on new-crop turkeys (small to medium sizes.)

FRESH VEGETABLES — Best buys include corn, squash (yellow and zucchini), cabbage, carrots, okra, purplehull and black-eye peas, dry yellow onions and cucumbers.

Also, peppers, potatoes, and in some stores, broccoli, and eggplant. In buying corn, look for husks with bright green color and ears with plump kernels. Keep corn cool.

GROCERY MARKET AISLES — Look for features on canned and frozen grapefruit juice, canned tomatoes and tomato products, tuna fish, applesauce, cling peaches, pears and fruit cocktail. Frozen concentrated orange juice supplies are low.

FRESH FRUITS — Best values include moderate prices on cantaloupe, watermelon and honeydew melons. In buying watermelon, make sure the lower side is yellowish rather than white or pale green.

Other values include peaches, plums, cherries, nectarines and grapes — although prices vary, quality is generally good. PORK — Supplies are light, as usual this time of year. Features include smoked hams, picnics, some bacon, sliced quarter loin, and rib and loin-end roasts.

BEEF — Prices are high. Best values include chuck cuts and liver.

RECEPTION HONORS SUSANNE — Dr. and Mrs. B.E. Young on the right, honored Susanne (Krause) Paetsch and her family with a reception in the bank community room Tuesday night. Susanne was a foreign exchange student here and graduated from Post High School in 1963. Shown, with Susanne are her husband, Roland, left and son, Daniel. (Staff Photo)

53 in district 4-H dress revue July 6

Fifty-three county winners competed in the District II 4-H Dress Revue held July 6 at Texas Tech University. The theme of the revue was "Old South".

Those participating from Garza County were: Kathy Kirkpatrick, senior division; Tanya Bland, Junior II; Angela Melton, Junior I. Tanya won a blue award. Angela and Kathy received red awards.

Others attending were Patty Kirkpatrick, Shirley Bland, Ruby Bostick, Sheila Melton, Patsy Sanderson and Paula Cawthon.

Contestants were judged on sewing skills, clothing construction, over-all appearance, modeling abilities, and their 4-H record books.

Plains Co-op Oil Mill sponsored the luncheon for contestants and parents.

FREE SWIMMING

Due to the low interest shown by the female population, all women 21 years and older will swim free Thursday night from 7 to 11. For swimming party reservations, call 2489.

HAS SURGERY

Mrs. Jane Terry underwent back surgery in Lubbock's Methodist Hospital Wednesday morning, July 19. She is in room 465.

SQUARE DANCERS

John and Joann Kocurek were in Lubbock Saturday night attending the 12th anniversary dance of the Stardusters square dance club of which they are members.

WENT FISHING

Boog Holly, Rene and Sonny Mason and children and his parents, Mr. and Mrs. Harold Mason of Andrews went to Nocona last week and fished in Red River. They reportedly caught several big ones that made real good eating.

Was that new outfit really worth the money?

Was that new outfit really worth the money?

ENGAGEMENT ANNOUNCED — Mr. and Mrs. Traxell of Post announce the engagement approaching marriage of their daughter, Marie, to Danny Gonzales, son of Mr. and Mike Gonzales, also of Post. The couple is a September wedding.

Close City HD meets

The Close City Home Demonstration club met for its monthly meeting Tuesday afternoon in the Close City community center.

The roll call was answered with "My Dream Kitchen." A short meeting was held and the rest of the afternoon was spent quilting.

Refreshments were served to eight members and one new member, Mrs. Linda Malouf.

Hostesses for the meeting was Dale Nichols.

AARP to meet on Friday

The local AARP will meet Friday, July 21 at 10 a. m. in the community center, President Raymond Young has announced.

A representative from John Knox Village in Lubbock will present the program, "Life Care."

The group meets the third Friday of each month and anyone over 55 years of age is encouraged to attend and join. Local dues are \$2 a year and national dues \$3.

BUYING REFRIGERATORS
When shopping for a new refrigerator, do some planning now — during the next several months you may offer the lowest prices during the year.

Look to the future. A family will keep the refrigerator 15 years — so think what the family's needs will be.

Consider the number of children and teenagers or whether no children in the home during the next 15 years.

Consider food storage needs — frequent use means less capacity.

In addition, a large refrigerator compartment is less efficient if the family has a smaller freezer.

Decide on what features are needed. Remember, more gadgets increase the initial cost and to avoid repair problems.

Size and type are the first things to decide on. Conventional refrigerators are available in nine to 14 cubic capacities.

These two-door units have a section for freezing cubes and short term storage of frozen foods.

The refrigerator will require defrosting every two to three weeks before frost deposit is four inches.

Two-door refrigerators with a top or bottom freezer compartment are available in 12 to 22 cubic foot capacities.

They come with automatic defrost or manual defrost freezer compartments.

Two-door semi-automatic defrost freezer compartments.

Two-door semi-automatic defrost units are no larger than 13 to 15 cubic feet and will require defrosting before the frost is four inches deep.

Side-by-side models offer the full length of appearance and come in 17 to 22 cubic foot capacities.

Two-door side-by-side refrigerators feature two freezer compartments opposite the refrigerator door.

Two-door refrigerators offer more freezer space.

Patrick dies Olney hospital

The Dispatch has been notified that Ras Patrick, a Garza County resident, died June 27 in the Olney Hospital and was buried June 29 beside his wife, Moree (Boren) Patrick, who died April 5, 1978.

Survivors include four sons, 12 grandchildren, two daughters and two sisters.

Joe Boren and Ida Bentley.

New Arrivals
Phyllis and Becky Shumard announce the birth of a baby sister, Tracy, born July 18, in the Memorial Hospital.

Tracy weighed 8 lbs., 10 1/2 ounces and was 20 1/4 inches long. She is the daughter of Mr. and Mrs. Billy Shumard.

Grandparents are Mr. and Mrs. Buster Shumard and Mr. and Mrs. Fry. Great-grandparents are Mr. and Mrs. Della Carlton of Baytown.

Phyllis, Ellen and Linda Bauer of Baytown, formerly of Post, announce arrival of their baby daughter, Michael Jan, born July 18 at 4:49 a. m. in Gulf Hospital in Baytown, weighing 6 lbs., 7 ozs. Grandparents are Mr. and Mrs. G. H. Clanton of Post, and Mrs. Roy M. Bauer of Levelland. Great-grandparents, Rev. and Mrs. S. V. Clanton of Baytown, Mr. and Mrs. Roy Bauer Sr., of Santa Fe, N.M., Mrs. Josephine of San Gabriel, and Mrs. Lydia Bauer of Hollywood, Calif.

models, the manual defrost costs only slightly less to operate — with an estimated difference in monthly costs between a 14 cubic foot manual defrost and a 14 cubic foot no-frost of 15 cents.

Some manufacturers are producing "energy saving" models.

Some of these models have extra insulation, others have a switchable heater which saves energy when turned off.

The switchable heater, used when condensation forms around the door, is most efficient in dry climates where condensation will form less readily and the heater will need to be turned infrequently.

Other features that are available include: automatic ice-maker, ice and cold water dispenser on the door, adjustable shelves and half-shelves, dual temperature controls, wheels, and storage bins of various types and sizes.

Wide price variations for the same models make comparison shopping pay off with big savings. Look at discount stores and clearance sales for low prices, however, don't sacrifice

reliable servicing and repair for low price.

Compare warranties for each model and ask what is covered by each warranty.

Dispatch classifieds work while you sleep.

Post All-Stars Little League Area IV champs

Hammer North Lynn, 29 to 4, for title

Manager John Valdez's Post Little League All-Stars edged Slaton 4 to 3 Monday night in the key game of the area IV tournament at Slaton and then won the championship of the four-team meet by clobbering North Lynn 29 to 4 Tuesday night.

Slaton won third place with a 9-6 win over Tahoka Tuesday night. North Lynn had defeated Tahoka 7-4 Monday night to advance in to the finals.

In both victories, Post pitchers went the route. Against Slaton Gilbert Perez scattered six hits, walked eight and struck out nine. R.J. Greathouse permitted North Lynn only five hits, walked but two, and also struck out nine.

In the title game, North Lynn used three pitchers in an attempt to halt a relentless Post attack which totaled 19 hits, and with nine walks and numerous errors scored runs in clusters in every inning.

North Lynn got all its runs in the bottom of the first inning on three singles and three walks.

That kept things even for only one inning with Post which had tallied four times in the top of the first on a single by Paul Perez, doubles by Greathouse and Gilbert Perez and two North Lynn errors.

Post added three in the second, four in the third, six in the fourth, six in the fifth, and six in the sixth.

Cleanup hitter Gilbert Perez led the Post attack with two doubles and two singles in six trips to the plate.

Greg Massey and Catcher Danny Valdez had three hits each, while Paul Perez,

Greathouse, L.D. Harper and Daniel Gonzales each had a pair. Robbie Williams got the other.

After the first, Greathouse shut out North Lynn and permitted only four base-runners, two on singles.

In the all important Monday night victory over Slaton, Post scored its four runs in the second and Slaton got all three of its tallies with a rally in the fifth.

Post got four of its six hits in the big second inning.

Michael Valdez got aboard on an error, Harper singled, Massey walked, Robbie Williams, Curtis Clinesmith and Greathouse followed with singles to drive the runs home.

Although Slaton got two runners aboard in each of the first four innings, the host team couldn't break through until the fifth.

After the first two batters walked and the third struck out, Willie Vaughn doubled and Shane Murphy following with a single to drive the three runs home.

In the top of the sixth, Slaton loaded the bases on a single and two walks, but failed to get the tying run home, as Willie Vaughn, who had the big hit the previous inning, skied to right to end the game.

Post's other two hits in the game came when Perez singled in the third and Curt Greer singled in the fifth.

The Post team now advances into the district tournament which will be held next Monday and Tuesday nights at Southwest Little League park in Lubbock.

Pairings have not been drawn, but the tournament will bring together the area tournament champions of Areas I through IV.

 July 14: Brown Bros. def. Blue Jays (score not available); Dirty Dozen 6, Black Power 4; and TDY vs. Pirates, postponed because of duty on TDY.

WINS SECOND PLACE — This group of Post 16-18 year old girls won the second place trophy in a softball tournament held in Slaton last weekend. The girls also finished third in the league. Sponsor the group is Bob Macy Ranch. Shown l to r, back row, Sherri Morris, Teresa Orr, Tena Ferguson, Judy Morris, and Christie Workman. Front row, l to r, Gloria Greathouse, Louri Belongia, Sherry McIlroy, Amy Babb and Deann Ammons. Not shown are members Olga Hernandez and Beatrice Curtis. Coaches for the girls were Vernon Ferguson and Ronald Babb. — (Staff Photo)

Tri-City knocks Post from Babe Ruth meet

Tri-City (Denver City, Seminole and Seagraves) really hammered the Post Babe Ruth (14-15) All Stars last Wednesday night at Lamesa, 13 to 1, to eliminate the local club from the district tournament.

It was only a game for two innings and then Tri-City started to score runs.

Leading only 1-0 going into the bottom of the third, Tri-City scored 11 runs in the next three innings — three each in the third and

fourth and five in the fifth — to win big.

Post, which was retired in order in the first three innings, got their only score in the fourth when Brian Taylor led off with a single and scored on Catcher

Adolfo Varela's single after two batters had struck out.

Tri-City Pitcher Dennis Quisenberry gave up five hits, struck out nine, walked nobody and faced only 24 batters in the seven innings as his mates played error-

less afield and cut down two of the five Post runners on the base paths.

Taylor got two singles. Alvin Taylor and Kevin Craig had the other two singles.

Mark Holly went the route for Post on the mound giving up 13 hits, walking three, hitting one batter, and striking out eight.

In fact, he had four of those strikeouts in Tri-City's three-run third when the catcher erred on one of the

third strikes permitting the runner to get aboard. Post erred six times in the field.

Bright spot of the night for Post was Ronnie Price winning the hit, pitch and throw contest for 14-year-old tournament players.

The contest was held before the Wednesday night game.

Alonzo Luna represented Post in the 15-year-old competition and Irvin Price in the 13-year-old contest.

15 4-H record books to represent county

Fifteen 4-H record books will be representing Garza County at the District II 4-H record book contest, which includes a junior division for ages 9 to 14 and a senior division for ages 14 through 19.

Junior record books representing the county will be those of Michael Johnson, poultry; Jana Middleton, beef; Darla Jackson, sheep;

Kraig Peel, horses; Derick Dunn, swine; Renea Melton, leadership; Tanya Bland, clothing; Kayla Peel, foods and nutrition; and Diana Basquez, home environment.

Senior record books representing the county include those by Camille Wheeler, beef; Brad Mason, sheep; Lance Dunn, swine; Brent Mason, leadership;

Katrina Chaffin, achievement; and Lisa Cowdrey, gardening.

Other record books submitted were from Ken Young, D'Lynn Young, Russel Graves, Koble Rhodes, Andy Wheeler, Toby Craft, Tina Greene, Russell Morris, Tommy Payton, Cindy Basquez, Angela Melton, Jay Young, Cynthia Wheeler and Benny Jackson.

Record judges were Sherry Etheredge, Billy Whitacker and Georgia Doherty, county extension agents in Lynn and Lubbock counties.

Slaton tennis meet Aug. 9-13

Post area tennis players are invited to participate in a tennis tournament at Slaton Aug. 9-13 at Slaton City-County park courts.

Post players may enter either or both of two divisions, since the tournament this year includes a division restricted to players living in Class AA or small school districts. This division is for men's and women's singles and doubles only, and is in addition to the open division for men's and women's singles and doubles, which usually draws some of Lubbock's top players.

All other divisions, junior high and high school (18 and under), singles and doubles, open mixed doubles, and 35-over men's and women's singles and doubles, are open only.

Entry fee is \$5 per person per event in all divisions, should be sent to Fred Smith at Box 279, Slaton 79364.

Smith and his brother, Craig, are directors of the tournament. They may be reached by phone in the daytime at 829-6217, or Fred may be contacted in the evenings at 829-3540.

Smith said those who enter the closed division may, if they wish, play free in the corresponding event in the open division. "In other words," he explained, "if you pay \$5 to play in men's singles in the closed division, you could play free in men's singles in the open division." However, in no case may a player enter more than three events in the tournament.

Junior high events start Wednesday morning, high school at noon Thursday, closed men and women singles at 5:30 p.m. Friday. Other adult events start Saturday morning for 35-over events, which begin at noon Saturday.

Trophies will be awarded in all high school and junior high events, with gift certificates going to winners in adult events.

The fastest acting chemical is a cute thing with a devilish smile.

Teenage All-Stars beaten by Lubbock

The South Plains All-Stars with three Post players in the starting lineup, were beaten in the Teenage district tournament at Lubbock last Wednesday night, 5-3, by the Lubbock All-Stars.

Leslie Looney of Post gave up only five hits in pitching the losing game, as the Lubbock All-Stars combined a hit batsman, two walks, and a fielder's choice with two singles in the first inning for four runs.

The South Plains team got seven hits, including singles by Raymie Holly and Looney. Leadoff batter Mike Holly walked and got on

base on an error in four trips.

Raymie Holly, who batted cleanup drove in his team's second run in the third with a single, and then walked and eventually scored leading off the seventh for his team's last run.

The same two clubs played at Brownfield last Thursday night with the Lubbock All-Stars winning again 6-5 to eliminate the South Plains All-Stars from further play.

VISITS HERE
 Frank Allen Casey of Antioch, Calif., returned to his home last week following a visit with his grandparents, Mr. and Mrs. Frank Casey.

Horse show to be held July 22

The Howard County Horsemen Open Horse Show will be held in the arena on Garden highway off highway south of Big Spring Sunday, July 22.

Jane Lusk, phone 7519, is secretary. Kenneth Williams, phone 915-263-6458, is manager.

Entry fees are \$2 event in horse show, will be followed by barrel racing.

The utmost tragedy in the world in the minds of boys is that the home is lost.

WAYLAND McCLELLAN

Revival will open Monday

The Graham Church of Christ will hold a gospel meeting beginning July 24 until July 30 with services beginning at 8 p.m. each evening.

Wayland McClellan, formerly of this area, and now of Fayetteville, N.C. will be preaching. Wayland is the son of Mrs. Ruth McClellan and the brother of Mrs. Pete Hays.

Larry Moreman of Post will conduct the song service.

Topics for the meeting will be Monday, Why Believe in Truth; Tuesday, Why Believe in Salvation; Wednesday, The Faith; Thursday, The Law of Pardon; Friday, Why Believe in Baptism; Saturday, What is the Church of Christ?; Sunday morning, Putting the Want in Christianity and Sunday evening, Hope!

The public is invited to each and every service.

Maybe it's too hot for weevils

Maybe it's too hot even for boll weevils. Anyway, County Agent Syd Conner he didn't trap a single one last week in his traps over the county.

all claims and pleadings now on file and which may hereafter be filed in said cause by all other parties herein, and all of those taxing units above named who may intervene herein and set up their respective claims against said property.

You are hereby commanded to appear by filing a written answer and defend such suit on the first Monday after the expiration of forty-two (42) days from and after the date of issuance hereof, the same being the 4th day of September, 1978 (which is the return day of such citation), before the honorable District Court of Garza County, Texas, to be held at the courthouse thereof, then and there to show cause why judgment shall not be rendered for such taxes, penalties, interest and costs, and condemning said property and ordering foreclosure of the constitutional and statutory tax liens thereon for taxes due the plaintiff and the taxing units parties hereto, and those who may intervene herein, together with all interest, penalties, and costs allowed by law up to and including the day of judgment herein, and all costs of this suit.

Issued and given under my hand and seal of said court in the City of Post, Garza County, Texas, this 17th day of July, 1978.

Happy Birthdays go out this week to Vicki Teaff and

Congratulations are in order for the Post Little League who won the championship in the Area IV Little League tourney held in Slaton Monday and Tuesday. That a way to go.

Several Post people are attending the summer band camp at Texas Tech the last two week including Terry Smith, Larisa Shiver, Theresa Davis, Melissa Morrow, Arthur Striblin and Rhonda Rogers. Terry, Larisa and Theresa are staying in the dorms on campus and the rest are commuting back and forth with Mr. Stringer.

Lance and Lana Dunn have just had an exciting two week vacation sight-seeing in California and Las Vegas. Lance told me he visited some interesting beaches, visited Universal Studios and saw where "Jaws" was filmed, met MICKEY MOUSE, toured the Grand Canyon and saw the sights in Las Vegas.

Lisa Morris of Clovis, N.M., returned home this week following a visit in Post with her grandparents, and other relatives.

Raymie Holly is trying out for the Ranger Baseball Team this week. Good luck in your endeavors. I didn't mean to mislead you but that is in Ranger, Texas at the college and they have a very good baseball program. Raymie hopes to become a part of it.

Barry Morris and Lance Dunn attended the O'Donnell Rodeo recently, met lots of girls and had a very good time.

Kurt Stevens and Rynn Norman have been very busy this summer riding in enduros and will attend the state banquet later this year.

Bobby Macy and Mike Babb have kept the home fires burning while the rest of the family, the Bob Macys have been in Coral Gables, Fla., vacationing. I heard rumors that they are really very good cooks and were quite proud of a cake they baked.

David Pool and sister, Cynthia, along with mom and pop, Mr. and Mrs. Preston Pool attended the "Sometimes annual Luchenbach World's Fair" in Fredericksburg, Tex., recently.

Well, the dance was held as scheduled Saturday night. Post boys complained that there were not enough girls to go around and I guess it was true, cause I saw several girls dancing with two boys at the same time. So girls, you don't know what you missed if you weren't there.

The Youth Center has changed its hours until school begins to Tuesday night, 8 to 11 and Saturday nights 8 til 11:30. Eighth grade through seniors in high school are eligible to attend. Come on in and join the fun, you might be lucky enough to see Bruce do his sumo wrestling act.

Happy Birthdays go out this week to Vicki Teaff and

Garza pair attending Texas 4-H Congress

Jay Young and Katrina Chaffin are Garza County 4-H delegates attending the 1978 Texas 4-H Congress this week in Fort Worth.

Jay is the son of Tommy and Ruth Ann Young of Post. Katrina is the daughter of Max and Anne Chaffin of Southland.

"Our Western Heritage and Horizons" is the theme of the 1978 4-H Congress, set for July 18-21.

The sixth annual Texas 4-H Congress, with headquarters at the Fort Worth Sheraton Hotel, is expected to be attended by 500 4-H members and about 50 adult sponsors.

"More than 40 businesses in the Fort Worth area are opening their doors to educational and heritage tours and visits by 4-H Congress delegates. The tours will help 4-H members understand the heritage of our western culture as well as the opportunities and horizons for employment and future economic development.

A wide variety of cultural events is planned for the Congress. Featured will be a Fort Hood Cavalry Unit giving a display of 10th Century cavalry movements and drills. Congress delegates also will be treated to a theatre play, "Paint Your Wagon", which will be presented at Casa Manana in Fort Worth.

Cockrums attend Kerrville festival

Mr. and Mrs. Dan Cockrum of Post spent a few days the first of July attending the Kerrville Country and Western Jamboree. They were met there by their son, Dan E. Cockrum and family of Big Bend.

While there they heard Floyd Tilman, a former Postite who is a recording artist in country music perform at the various events.

Terry Odum.

Jeff Williams is seen getting around better this week after suffering severe burns on his foot.

Well, that wraps it up for this week. KEEP COOL, if possible. Til later.

Chow...

Bible school opens Monday

A Vacation Bible School will begin Monday, July 24 and continue through Friday, July 28 at the First Christian Church, 812 West 13th.

Each day classes will begin at 9 and continue until 11 a. m. except for Friday when the children will take a sack lunch and stay until 12 noon.

The Bible School is open for nursery through 6th grade and a baby sitter will be provided.

The school is a ministry of the First United Methodist Church, First Christian Church and First Presbyterian Church.

Ignorance is not an asset to anything.

No loss on celebration

The Post Chamber of Commerce budgeted \$500 to spend on the 10th annual Post Fourth of July celebration.

But directors were told at their July meeting in the bank Monday that only half of that amount — or \$250 — will be needed.

About a thousand people were served a barbecue supper for \$1.50 each and some \$625 was spent on fireworks for a nighttime display.

If enough food hadn't been prepared for 1,500 to 2,000 people, the celebration might have almost broken even.

The guess which must be made well in advance of the holiday on the size of the barbecue crowd is the one item which is hard for anyone to figure very accurately.

Postings-

(Continued from Page one) being issued by the sheriff's department are for exceeding the 45 mile an hour speed limit on the US-84 construction project going up the cap. Speeds of over 45 are sending rocks flying around with such force as to pockmark windshields.

We seriously considered this week trying to fry an egg on a downtown sidewalk to get a good heat wave fix for the front page. But we remembered when we failed to get one cooking up in Kansas over 20 years ago when it was 120 degrees.

Heard any good heat wave stories. The Dispatch would like to print them. Everybody loves to cuss and discuss the weather — especially when it goes to either extreme.

The fear of competition explains much that happens in business, politics and life in general.

School report-

(Continued from Page one) lems to be linked to inconsistent administration directives, lack of preparation and presence of individual teachers and an outgrowth of the changes in the community and USA society.

(6) The program of discipline be reviewed by administration and consistent, clear guidelines be set and implemented.

(7) Community members become more involved in the curriculum and instructional changes taking place in Post schools.

(8) An individual, such as assistant superintendent of programs, be hired for a two-year period to assist in planning in-service education for teachers, providing a liaison between schools and the community, re-motivating and projecting new enthusiasm into the teaching force, assisting principals in management and leadership issues, and providing assistance in the evaluation of programs.

In conclusion, Dr. Dueck wrote:

"The evaluation suggests that decisions have to be made in a number of areas; specifically the upgrading and improvement of the packet system; the further in-service of teachers; and the continued use of the DORLL observation systems as a means of judging teacher effectiveness and the quality of the individualized instruction programs implemented in Post schools."

Dr. Dueck said he found teachers had many commendations to make about the packet system and a number of concerns as well.

He said teachers were very concerned about the management and control of students when using packets: they feared packets were often perceived as mere busy-work and that students learned to cheat and "manipulate the system" rather than carefully pacing themselves through the suggested activities.

Student and community dissatisfaction with the packet system was attributed by teachers to a teacher

Rotary into water problem

Louis Rochester of Odesa, Rotary Governor of District 573, told Post Rotarians at their Tuesday luncheon in the community center that he is asking the president of each West Texas Rotary club to appoint a water committee to work on the problem of importing water to this part of the state.

Rochester commended the local club for its variety of progress, said Post for a small town had much more historical significance than many large cities, and termed Rotary president Tom Power as an energetic officer who is going to do an excellent job in the new club year.

Rochester and his wife, Lois, flew into Post Monday afternoon in his official tour of district Rotary clubs and departed Tuesday afternoon.

New income tax proposal

AUSTIN — Republican gubernatorial nominee Bill Clements today said that only the citizens of Texas should have the power to create a state personal or corporate income tax.

Clements, in a letter to Governor Dolph Briscoe, urged that the call to the special session of the Texas Legislature be expanded to allow the adoption of a Constitutional amendment that would place a ban on any personal or corporate income tax in Texas, unless the citizens affirmatively vote to create such a tax.

Clements recommended that such a Constitutional ban be submitted to the voters on the November 7th ballot.

misuse of the packets in the instructional programs and a lack of on the part of the schools in educating the parents as to the purposes and procedures of the system.

Dr. Dueck wrote most teachers considered discipline problems to be related to the changes in the larger society, as the various institutions (family, church) have become more lenient and less influential in the lives of individuals.

The report has been distributed to Post school trustees for their study.

Hospital-

(Continued from Page one) current budget for new equipment.

These include such items such as a \$72 female apron, \$48 spotlight, \$37 gooseneck lamp, \$46 I.V. poles, \$295 suction machine and \$3,000 incubator for central supply; \$1,359 addressograph, \$1,434.35 in space library units, \$398 for Lanier typewriter, \$775 for IBM typewriter, \$50 steno chair and \$4,195 copy machine for administration; \$767 ice machine, \$200 in new dishes, \$500 for dishwasher and \$100 in new silverware for dietary department; \$3,000 for Hycel cell counter for laboratory; and \$5,000 for other miscellaneous equipment.

Zintgraff proposed to double in service education for hospital personnel from \$2,000 in current budget to \$4,000 for next year.

This would include such items as sending group to Texas Hospital Association convention in Dallas, a medical record correspondence course, and the attendance of a wide variety of training courses and conventions by hospital personnel.

He gave hospital directors a nine months report on Dr. Rodriguez guarantee with a projection for the final three months of the fiscal year.

It shows that the hospital expects to pay a total of around \$20,000 of the \$51,000 guarantee the young physician at a rate of \$4,250 monthly. Dr. Rodriguez is expected to bill out some \$32,000.27 to patients for the period.

Directors expressed gratification at the rapid development of Dr. Rodriguez practice here.

Zintgraff said directors will have the new proposed budget ready for consideration at their August meeting.

He said the district still has \$66,000 of the year's \$246,530.56 in tax funds to carry it through the remaining three months of the fiscal year. The administrator pointed out that "it's going to be close" because the district will be without new tax funds for the first six weeks of the new fiscal year.

In actions taken at the Friday morning breakfast meeting, hospital directors also:

Heard a report from Zintgraff that the district probably can save substantially next year on its medical liability insurance. The present policy with Post Insurance Agency is paid up through April, 1979.

Approved the addition of Dr. Pedro Ochoa, a Mexican physician and surgeon of Floydada, to the hospital's courtesy medical staff. Dr. Ochoa, who obtained his medical degree from the National University of Mexico and interned and took his residency in New York and Iowa, is 42. His application already had the approval of the hospital's medical staff.

Heard a report from Zintgraff that \$657.75 was raised in the hospital's recent "garage sale" of used air conditioners, motors, office equipment, and miscellaneous items.

Agreed to pay hospital personnel making ambulance runs on off duty time \$10 per run for the next two months to be sure the personnel is promptly paid. The board's ambulance committee representatives hope to recover this cost later from ambulance funds. The hospital has agreed only to pay the cost of nurses who make ambulance runs on orders of a physician because of the condition of a patient, but on many runs no other personnel is available. The hospital administrator's hospital report for

By TRACY McALISTER

College — What is it? The dictionary says that college is an institute of higher learning. I can vouch for that. As a matter of fact, some of learning is so high that most average American people are not able to grasp it. That includes me.

I don't know where they get those professors, but Folsom prison is a possibility. Most of them look as if they've been working on the rock pile, but not all of them. Those are those blue-eyed cuties that you usually fall in love with. Then what do they do? Fail You. Yes, America is just not safe any more.

Cramming is the general American way of passing. This system does not always work however. You go to class and sleep for 18 weeks. Then when it comes time for the final exam, you spend all night with no doze, coffee, a book that has never been opened, and a look that says, "Why me, Lord?"

And those books — I think that they are all trying to win a weight contest. Most of them have to weigh at least 20 pounds. Twenty pounds of pure knowledge. It looks that if you learned the whole book, your brain

Heat wave-

(Continued from Page one)

Not only has it been hot here, but it has been dry as well.

Since Post received 3.36 inches of moisture in the first week of June to enable Garza farmers to plant their cotton crop, only .48 of an inch of local moisture has been recorded — .43 on July 1 and .05 on July 3.

Post had 4.92 inches in May and has a total of 11.20 inches for the year to date.

With the blistering July heat wave, Post residents are using more water than ever before in the city's history.

One day last week, Post used almost 3,000,000 gallons of water in a single 24-hour period, City Manager, Pete Maddox reported.

He said up to about July 4-5, the city was averaging about 1,500,000 gallons per day usage. Since then, he added, the average daily consumption of water has skyrocketed to 2,500,000 gallons.

Al O'Brien, White River water district superintendent, told The Dispatch, "we're pumping water to Post now 24 hours around the clock."

Usually in the summer, the water district would pump to Post to about midnight when the local storage tanks would be full.

Switching to 24 hours pumping means more water is being used in the current heat wave than ever before.

June showed \$33,714.40 in income, all but \$1,051.63, from accounts receivable against monthly expenses of \$38,852.96.

The hospital admitted 58 patients during the month, 17 of them Medicare and 3 of them Medicaid to bring fiscal year admissions for nine months to 513.

The hospital recorded 218 patient days for the months with an average of 7.2 patients per day against a yearly average of 8.1 patients, and an average stay of 3.7 days per patient against a yearly average of 4.3 days.

Six babies were born in the hospital during June to bring the total to 69 for nine months. There was one death and 251 outpatients were treated.

would weigh 20 pounds more. Then you couldn't hold your head up. Maybe I ought to slow down. I may be learning too much.

Then there are the fraternities and sororities, and the parties that each have. You have not lived until you've been to a frat party. Most of the people who drive to a frat party, do not drive home. They float.

Oh, and how can I forget that great cafeteria food? Soy beans and rice, soy beanie burgers, soy beans covered in gravy, and how could I forget soy bean stroganoff. Now, all of this depends on the college. My school only serves soy bean eight or nine times a week. And that's a good week!

But you know, college isn't so bad when you consider the fringe benefits, like staying out all night, and regretting it the next morning. And, and...I can't think of anymore.

And you know, college is heaven that way....

School board-

(Continued from Page one)

and implement. She has had five years teaching experience at Sands and Waco and originally is from Fluvanna.

The board also authorized Jack Lott, as board president, to write a letter of apology to Post teachers for any anxiety they may have been caused by the rewriting of teacher contracts with the school district by the school district attorney.

The letter will also encourage teachers to join Post's new Parent-Teachers Association.

With football season not far away, Post is still short one football coach and a tennis coach on its coaching staff.

The folks who live on interest rarely worry about the troubles of the man who lives on a salary.

VISITS DAUGHTER

GAS COOKING OUTDOORS

Gas cooking outdoors sure makes sense in the summertime. It keeps the heat out, so your house stays cool. You save on air conditioning. Plus there's no charcoal or lighter fluid to buy, and no wait. Gas reaches cooking temperature fast and cooks full family dinners, everything you inside range and oven can cook...with that great outdoor flavor.

Take the heat out of the kitchen. Install a gas grill on the patio. It sure makes sense in the summertime, or anytime!

Charmglow 2000	Charmglow 3200																								
With 251 square inches of cooking surface and deep hood design, this popular grill has the capacity to cook a big turkey or whole ham. Heat sets with the turn of a knob, and the special H shaped burner and permanent briquettes heat the entire cooking area evenly.	This family favorite has a cooking grid that is over two feet wide and a full deep. Its split gas burner heats each half of the cooking surface separately from the other so you can cook different foods at different temperatures. And its exclusive Charm-Rok® briquettes ensure uniform heat over the 461 square-inch cooking area.
