SUPPORT OUR HOME TOWN

SWEET N' SOUR

By A. Dill

"What is so rare as a day in June? Thew, if ever, come perfect days - -", and that old bard must have either been thinking of our particular nook in West Texas or he was talkin' through his hat 'n had no real idea of just how perfect a June can be. June in the home town is like the pudding with the proof in the tasting - you have to live one, breathe it deeply and digest it to know what perfection is.

Say, it just occurred to us - this paragraph sounds pretty much like a person who is completely satisfied with the world around them, you know, that well-fed, everything-looks rosy feeling you get now and then and it's right too. Do you know why. It's because you guys 'n gals missed the old column last week and took the time to say so. You'll just never know how those kind words give a lift when it's needed the most. The reason for the absence of ye olde write-up was an eye condition which is disappearing (can see the pencil now) and there won't be any more trouble now.

Lots of important guests in town this week and one of the sweetest and prettiest is tiny Fredda Wilson, baby daughter of Betty Gaye and Don Wilson, who is visiting her Aunt and Uncle, Bonnie and Howard Farmer.

Mrs. Gus Hall has had a special visitor this week, young Bill Hall Yarbrough, Gusolyn and Bill Yarbrough's youngest, from Abilene.

Vicki David, from Ft. Worth, pretty little granddaughter of Mr. and Mrs. L. C. Cash, has been visiting in Baird this week.

Feddle Ann Alvord, young daughter of Mr. and Mrs. Fred Alvord, is visiting Vickie Finley and other relatives here - and the saucy little miss with her warm smile is making scads of new friends every day.

Kay Eterly, Bess and Lonnie Ray's likable little niece, is here on a visit and the youngsters around town welcome one of their favorite gals when she does.

Pat and Jack Slimms, the young'uns, Cheryl Sue and Bobby Jack are here from Fort Sam in San Antonio. Pat has been 'under the weather' but she's snapping back. See? A visit home was all that girl needed.

Mr. and Mrs. Joe Jones have lots to be happy over these days - those beautiful grandbabies are here. They make every day something special. Most any afternoon you can find the Jones family at the swimming pool helping the youngsters have a wonderful time.

Miss Pat Patterson is visiting her grandmother in Lubbock this week and that's why we've missed the young lady these past few days. Speaking of the Pattersons - Mr. and Mrs. Pat have just completed some more work in their cafe - the dining room now has a beautiful wall-to-wall carpet, sound proof ceiling, new air cooling and is just about the last word in luxury dining. Hmm, snazzy did you say?

We still maintain that those Porters - Mister and Mrs. - are some of the nicest folks our county ever fell heir too and every time we talk to them we are more convinced of it. They are interested in all the things that help the county and support it in every way - all that along with bein' good neighbors 'n nice folks is a pretty big order but the Porters fill it to a tee.

The Towlers, John T., Nila Pearl, Karen, Larry and Alan, are home this week after a trip to Austin and surrounding country. While in Austin the Towlers visited the Capitol and all the points of interest. Mrs. Towler teaches Texas history and geography as well as science and American history in our school and this is the first of several trips the Towlers plan for the two-fold purpose of vacation fun and data gathering. They plan to see all of the historic spots in Texas and gather first hand information for Mrs. Towler to pass along to her young students come September.

More Baird vacationers are the J. D. Drennans - they are in the Big Bend Country seeing the sights in that untamed wonderland.

It was "back to school" early for Mary Ross last week when she enrolled for summer courses at SMU in Dallas - and that will be one little freshman who

Clyde Lions Hold Ladies Night

Clyde Lions observed Ladies night Tuesday, June 17, at the Community Center, with about 40 members, including their wives.

After a lovely meal, J. B. Paylor, Past Deputy District Governor, presided for the installation of officers for the coming year. New officers are: A. N. Johnson, president; Tommy Odum, 1st vice-president; Frank Bailey, 2nd vice-president; Joel Holmes, 3rd vice-president; Roy Young, secretary-treasurer; Richard Purvis, Tall Twister and Don Allen, Lion Tamer. New directors are Dan South and Milton McWhorter, and hold-over directors are Weldon Edwards and W. A. Cook. E. H. Barron is retiring president.

Supt. and Mrs. Olaf South of Sweetwater, were invited guests with Mr. South as guest speaker for the occasion. Mr. South was reared at Clyde and was superintendent of schools at Clyde, Baird and Roscoe before moving to Sweetwater.

will be way ahead in the race when fall terms start. (We miss you, Mary R., come back for a visit soon.)

Home from visiting family and friends in Sonora is Maggie Green - and gee, we're happy she's back.

Bobby Ross had a vacation this week - a deep-sea fishing trip that took him to Corpus Christi. Bob made the journey with brother Dwight, Mary and their family.

Happy birthday to Sally Greene who was eleven years old June 7th and celebrated with a family dinner complete with birthday cake 'n ice cream.

June 7th reminds us of another birthday - Bernice Robinson, way out in San Diego, California had a celebration that day and we hope it was a happy one. One of the loveliest sights in town is Stella and Sam Gilliland's yard and their mimosa tree in particular - isn't it gorgeous?

When you compile that list of nice people, be sure that Ellen Bailey's name is on it - that's Mrs. John Bailey, of Clyde, you know, and she's not only a most attractive lady, she has the kind of personality you wish there were more like.

Some more happy birthday wishes go out to Mrs. Joe Arvin who had her special day on the tenth. Little Vickie Griggs, R. L.'s tiny daughter, had a big important fifth birthday this month and the fifth of June was Cora Sue Lambert's day to celebrate and by the way the young lady was eleven years old. Come June 26th Nancy Deal is going to have a birthday cake at her house with eight candles on it, but it will have to be a sweet cake to be even half as nice as the little girl who claims it. Last Sunday was Penny Ann Grigg's birthday and to all of you who celebrate in June - Happy Birthday.

Couldn't close without mentioning another Baird visitor last week - Billy Jay Smith, baby son of Donald and Nadine Smith of Abilene. He visited his cousin, Lloyd Ray Hughes, his aunt and uncle, Earlene and M. L. Hughes, and made friends with all the folks who learned to love his mother so when she taught in the Baird school for the past five years.

We have some fine new neighbors here on Cherry Street - Mr. and Mrs. Medford Walker, Jane, Helen, and Lula Mae. The Walkers will live here for the next few months while their new home in town is under construction.

Bruce O'Brien Bell is having himself a vacation - he'll visit Randy Wilson in Waco and that is always a treat.

It's been a happy week for Lula Mae and Ben Russell for they've had that fine grandson, Ronnie Hampton (Elaine's son) from Dallas here, and also a visit from Lula Mae's little niece, blonde and pretty Barbara Gee from Abilene. You know how Lula Mae and Ben love youngsters so you know the whole week has been a regular picnic.

The Boydstuns, by the way have just returned from McClean, Texas where they visited Mr. and Mrs. Cleo S. Gee and have the glad tidings for their many friends here that Mr. Gee is recovering rapidly from recent surgery and the family is fine.

Through The Mails

By Vern Sanford

Texas Press Association

If a fire-breathing dragon were loose on the Texas countryside - smashing cars and their occupants, slapping down pedestrians - there'd be no question about the need to get rid of the monster. An aroused public would demand that Somebody Do Something!

In actuality, innocent people ARE being maimed or killed every day as they go about their business. Thousands are lost every year.

But somebody IS doing something. Right now, officials and private citizens are forming a massive "posse". They're going after the killer - the monstrous indifference, carelessness and other difficulties that bring death on Texas streets and highways.

Leaders of members of the Texas Traffic Safety Council created by the Legislature just a year ago. Gov. Price Daniel is chairman; Col. Homer Garrison Jr., director of the Department of Public Safety, vice-chairman. Heads of numerous other state agencies are members.

Formation of the Council was the starting point for a campaign which, for the first time, brought the official power and prestige of state government to bear on a growing problem. For some years Texas vehicles and their drivers had been outgrowing highway facilities and out-standing law enforcement agencies by sheer weight of numbers.

In 1956 Texas had an appalling all-time high of 2,611 motoricides. Governor Daniel called it a public emergency.

With only a skeleton organization, the Council hammered away through 1957 at tightening enforcement, organizing holiday safety campaigns. By the end of the year the toll had dropped by 72.

In February of this year the governor appointed the state's first full-time traffic safety director. He is Brad H. Smith, veteran South Texas newspaper, radio and television man and past president of the Texas Press Association, who has for many years been a volunteer worker in traffic safety.

First move was to acquaint Texans with the enormity of the problem. In this Smith says he's unstinting help from mass news media and volunteer assistance from every type of civic group.

In April Governor Daniel climaxed publicity efforts with a statewide broadcast calling for a "crack down" on two major traffic evils - speeding and driving while intoxicated. Simultaneously, local traffic safety councils were formed in 190 counties. An estimated 5,000 people participated.

Meanwhile, the battle is being pushed on other fronts. A survey of traffic-controlling resources resulted in recommendation of a 7-point program to bring Texas up to par:

1. A statewide program to bring greater public cooperation.
2. More rigid enforcement of present laws.
3. Adoption of the Uniform Driver's License Law.
4. A law to permit police to use chemical tests and other scientific aids to detect drunken drivers.
5. Development of strong, fair, effective traffic courts.
6. A State Highway Patrol double its present size.
7. Universal driver education in public schools supported by state aid.

Besides the state agencies working cooperatively through the new Council, other groups are part of the crusade. A major source of help is the 20-year-old Texas Safety Association, a pioneer group which finances its efforts on a voluntary basis.

Texas Legislative Council is studying traffic problems and will report to the 56th Legislature.

Bringing new weight is the Governor's Highway Safety Commission. Scores of prominent Texans answered Governor Daniel's call to give citizen support to official efforts. First Commission meeting is set tentatively for Fall.

Results thus far are encouraging. For the first 23 weeks of this year the toll was down by

PLUMBING SHOP OPENS

James Day, a Navy veteran and former resident of Abilene, who served in World War II has recently opened a plumbing business in Clyde, which is located in the Forester building just north of City Pharmacy. Day received his medical discharge from the Navy in 1952.

"THE DIFFICULTY IN LIFE IS THE CHOICE"

For generations, people have depended on pharmacists to supply them with medicines and health-aids. Our required knowledge protects against improper use.

Unfortunately desire for greater profits is influencing supermarkets, variety stores, and even door-to-door salesmen to sell medicines and health-aids, despite their lack of knowledge.

Since the prices we pharmacists charge are the same, your choice to secure all medicines and health-aids from us is wise. Without that business, which helps reduce overhead costs, all drug stores would have to increase prescription prices.

Oplin Observations

By Daphne Floyd

Better than half an inch of rain fell late Monday evening and Monday night. No complaint from the farmers for they feel so fortunate to have had several weeks of ideal weather to harvest a bountiful grain crop.

Bountiful is the correct word to describe the grain crop in these parts too, for the granaries are full with grain to spare. Even grain that had been grazed pretty close all winter turned out around 45 bushels to the acre.

The harvest brought in one nice young visitor to help and that is Freddie Floyd of Midlothian, who has been helping his uncle, Joe Rutland, the past two weeks with his combining. Then Freddie has taken advantage of the week end to visit with his grandparents, Mr. and Mrs. Clyde Floyd.

Fuller Beaver of Lawn, but who rightfully still belongs to Oplin, got a wheat straw in his eye the last part of last week. Along with all this sweat, dust, wind and heat that goes along with harvesting it was rather irritating and he crawled off the combine a day or so.

Charlie Straley and Lee Straley attended the Straley reunion at Lampasas last Sunday and were eager to see and visit with their mother, Mrs. J. H. Straley. Mr. and Mrs. J. D. Turner and

son, Mike, of Burkburnett have been visiting his parents, Mr. and Mrs. L. E. Turner.

You know the outside doesn't really know what wonderful people live at Oplin. For example it's just next door people like Mr. and Mrs. A. D. McWhorter, who a few weeks back gave their air-conditioner to Mr. Ed Kirkindoll over Lawn way to help make his last days a little more comfortable. (Mr. Kirkindoll was reported to be very low over the week end.)

The Baird Star, Baird, Callahan County, Texas, June 20, 1958

Good morning this foggy Tuesday. We had about .9 inch of rain last night and the air is full of some odor that smells like some kind of insecticide or poison so strong it burns my throat and has a scent that makes me most sick. I just wonder what it is. It seemed to have come in with this misty fog. Thought it might be from the grasshopper infested country where they have been spraying so heavily. What ever it is I don't like it. Guess when this old hot sun comes out it will kill it.
