WASTES FARMER'S TIME

Three years," said Mr. F. ... President, Dairymen's Cooperative Assn., "the United States have bumper crops. It may be to solve the farm labor problem, but much can be done. ... In New York state farmers will need 300,000 pieces of machinery this year ... harrows, cultivators, machines, hay loaders, pumps, grain drills, milk-mixers and milk coolers—pieces are needed for 90,000 more to make the loss of farm labor. ... are now forced to waste time getting things they work with and in complying with bureaucratic red tape. If ... severe scarcity—farmers will be free of bureaucratic red tape and must have practice."

Views of Neighboring Editors

Liberty Vindicator—The fact that millions of additional citizens must pay the Victory Tax and income taxes this year is a healthy situation. It means that these new taxpayers will take a new interest in their government—an interest that would never have been possible when they were non-taxpayers.

The Ralls Banner—This week will be ten years that Schicklgruber has been leading Germany to ruin. Germany and a score of other nations to ruin and driving all the peoples of the earth into death and chaos. For these ten years there have been many who could read the chart that Schicklgruber's brain was drafting. Some who could read alright joined with those who wanted to destroy the earth and its peace. Those who made the mistakes have had opportunity to realize them and to try to correct the terrible blunder. But the damage is done. And the lives of millions have already paid and more millions will go to pay for the blunders of those who were so stupid or so blind they would not see that a dictator anywhere in the world is danger to the rights of all the people in this earth. But isolationists will still insist that if we had not resisted aggression there would have been no need for war. Within five years from this date, such rot will be getting publicity in these United States. It was so after the other war, and history will inevitably repeat itself.

The Colorado City Record—Mrs. Roosevelt has been criticized by the narrow-minded snobs (conscious and unconscious) mostly because she has asserted her human right to be herself in so far as has been possible in her difficult, x-ray position.

She has maddened the die-hard by her refusal to stay pigeon-holed in that innocuous niche reserved for First Ladies—and ministers' wives. She has had no patience with the "My-Deer-it-just isn't done" tribe and they have drawn and quartered her daily for daring to be Elinor Roosevelt—genuinely interested, democratic, progressive, altruistic.

Exchange—Deprived of his pleasure driving the average American may now settle down for

parts of the world, for our armed forces. The Army nutrition experts find the American soldier is a better fighting man when candy is part of his diet. It is one of the things that soldiers buy most in railroad stations and camps. It goes into the mountains, jungles and deserts in many forms as an Army field ration.

Here is a story of relativity. When the war started, who ever thought of a package of candy in relation to a rifle, a cannon, a jungle uniform, or a rubber life boat? In twelve months, our sense of values has indeed changed. From now on, the wise man will be cautious in classifying essential and nonessential enterprises.

a period and figure out the \$100,000,000 appropriation our Congress has been asked to make. It will beat counting sheep, too, as a sleep-producer.

Atlanta, Ga. Journal—"Fighting Texas—No state is apt to be as silly as its politics. Not even Texas, with its Ma Ferguson Governors and its pass-the-biscuits Senators. How pronouncedly true this is let the enlistment figures for the States attest.

Brave men by the tens of thousands have rushed, in all States, to enlist for their country's battles. But Texas, with about the same number of people, has produced 53,105 voluntary enlistments for the war.

If you note the news from the war fronts you have suspected the rank which Texas takes. On the water, on the ground, under the water and in the air Texans, as the reports come in, have been thick as avenging eagles. Anyone who has watched the Texas election returns and wondered whether that great expanse of earth and strange politics was worth fighting a war a century ago to gain has by now his doubts resolved. A State that fights as Texas fights belongs with us.

The Slaton Slatonite—Middle life has its advantages according to Mr. R. A. Swanner and one really begins to know a little comfort of mind. Not long ago he was offered \$11,000.00 cash for one of his farms. "Eleven thousand was a good price for the land," said Mr. Swanner, "and a few years ago I would have taken up such an offer but money is not near as important now. What would I do with eleven thousand dollars? I have a good home, plenty to eat and comfortable clothes. All I could do with more money would be to buy more of the same things, no sir, I'll just keep my farms regardless of the money. I just don't want to sell."

NOT THE WAY

Laws, fines and prison sentences will not of themselves bring about equitable distribution of scarce commodities. This fact is once again being demonstrated since the announcement of plans to ration canned, dried, and frozen foods.

Originally, rationing of these items was scheduled to start in February. Complexity of the problems, however, has delayed action. In the meantime the public could wreck all official planning and bring the country to the brink of disaster merely by going out and indulging in a buying spree. The people have the cash, more than ever before. Nothing stops them but their consciences and a willingness to cooperate, plus the efforts of thousands of merchants who have voluntarily rationed supplies which they know to be short.

It should be recalled that when the first efforts were made to put a ceiling on prices, a large share of the credit for the success of these efforts was given to the numerous retail stores. If the stores had not wholeheartedly backed early price fixing attempts, prices would be far higher at the present moment.

It is difficult to see why, in view of the record, so many public officials persist in showing an antagonistic attitude not only toward merchants, but toward consumers. They constantly hold out the prospect of fines and jail for infringement of every-changing rules so complex and numerous that no ordinary human could hope to obey them all. Not long ago, four thousand merchants were threatened with punishment for violations of rules too complicated to understand.

It is high time that more stress was given to cooperation in the American manner in solving civilian supply problems. This cooperation will be granted lavishly by the public in return for sane governmental policies which recognize the essential character of producers and distributors of necessities and the fundamental fairness of mind of Mr. and Mrs. America, whose sons and daughters are fighting this war.

The average citizen does not like to be threatened. It smacks too much of the Gestapo. Just so long as the bureaucrats continue to follow such methods, just so long will the home front supply problem remain critical.

Men's Bible Class Entertain For Men Baptist Church

The very best meeting of its kind ever held by the class was the consensus of opinion concerning the "Stag Supper" held by the Men's Bible class of the First Baptist church on Monday night. Men of the church were guests for the affair which was planned and executed with the help of the women. "They decided we would give a rest on this affair and do work ourselves," several members declared, "and to enjoy decorating the table, looking the supper, washing dishes, etc." The number of K P helpers would have a regular army corporal with envy, Ollie Weakley, served as Master of Ceremony, and the preparation of the supper were Cloyd Curb and Fry. Among the ex-waiters were Tom Bouchier, Allen and Ira Lee Duckworth. It is understood that W. L. decorated the table in a way that highly pleased the ensemble. Lightening the program was the speaker, Dr. Rupert Richardson of Hardin-Simmons university of Abilene, Texas. Dr. Richardson gave a stirring talk on national affairs that opened new horizons of thought for everyone present. He stressed the importance of the four freedoms and some interesting points on which they should be preserved. The supper was introduced by Dean Robinson who was a former roommate and boyhood friend of the speaker.

Miss Wilma Redman Marries In Pampa Methodist Church

The marriage of Miss Wilma Redman, daughter of Mr. and Mrs. Clyde Redman of Lubbock but formerly of Post, to Daniel C. Berry, son of Mr. and Mrs. J. W. Berry of Ropesville, will be of interest to the many Post friends of the popular young lady. The wedding took place on January 1 at 8:30 o'clock at night before the altar of the First Methodist church in Pampa. Rev. Bowen performed the impressive double ring ceremony. The bride wore a two-piece wool powder blue suit with brown accessories and a corsage of white gardenias. For "something old" she wore a sweetheart bracelet belonging to a friend; for something new" a necklace, a gift from the bridegroom; and "something borrowed" a linen handkerchief from the bridegroom's mother. For good luck she wore a dime in her shoe to replace the "sixpence for luck."

Attending the wedding were the bridegroom's parents; his sister, Mrs. Clay Barger, Mr. Barger and son, Tommy of Lubbock; Mr. and Mrs. G. W. Redman, aunt and uncle of the bride of Pampa.

Mrs. Berry, a graduate of Ropesville High school was employed at Bert Kahn's Health club before her marriage. Pvt. Berry is a graduate of Ropesville High school and is now stationed at the Pampa Air Base in Pampa.

Bridal Shower Given In Home Of Mrs. M. J. Malouf Sunday

Mrs. M. J. Malouf entertained last Sunday afternoon honoring Mrs. Wiley Hill who was until her recent marriage Miss Ruth Windham. The lovely program combined the love theme and the patriotic theme and gave a pleasing emphasis to the lovely occasion.

Miss Edith Williams opened the program with vocal solos, one of which was "A Boy In Khaki." "Be Careful, Its My Heart" and "Me and My Gal" were presented in a delightful manner by a group of small girls who are pupils of Mrs. Roy Mullins. The chorus was comprised of Ann Mullins, Laruth Stevens, Elwanda Davies, Sue Bell Brister, Eleanor Boyd, Mary Ann Hundley, Marlene McGill and Mary Nell Bowen. Mrs. Mike Thomas furnished the piano accompaniment.

A mock wedding ceremony was held with Tommy Malouf as the bridegroom and Delta Mae Rogers as the bride. Tommy was dressed in a soldier's uniform and Delta Mae was dressed in the traditional bridal costume. Linda Bilberry was the train bearer and Junior Malouf served as the preacher. Following the mock ceremony, gifts were presented to the honoree. She received a beautiful selection and many sent gifts who were unable to attend. After the gifts were opened and inspected, delicious refreshments were served.

A song by the entire group brought the afternoon to a close. Fifty-four persons attended the party.

Mrs. Hill for the time being will make her home with her parents. Pvt. Hill is stationed at the Lubbock Army Flying School.

Mrs. J. R. Durrett directed a program on Peace and gave a very inspiring talk on the subject following a period of meditation and prayer. The program was opened by a hymn, "Jesus, Lover of My Soul" and the song, "America" was sung during the program. Mrs. Jessie Voss presented a fitting scripture lesson and Mrs. Noah Stone gave the topic "The Church and What It is Doing." Mrs. Ema Cash gave the closing topic, "Wishing for Everlasting Peace." The song, "Sweet Peace, the Gift of God's Love," was sung after the scripture reading.

Deputy Grand Matron Visits Southland Jan. 7

Mrs. Eltha Russell, deputy grand matron of the Order of the Eastern Star, made her official visit to Southland chapter on January 27.

A covered dish luncheon was served to the guests and members at one o'clock after which the meeting was called to order and Sister Russell was introduced and the meeting was turned over to her. After exchanging views and a discussion of the work the Deputy gave us a message on "The Golden Rule," our Grand Matron's theme for the year.

A beautiful tribute of love and friendship was used in a short program in presenting a gift to the deputy.

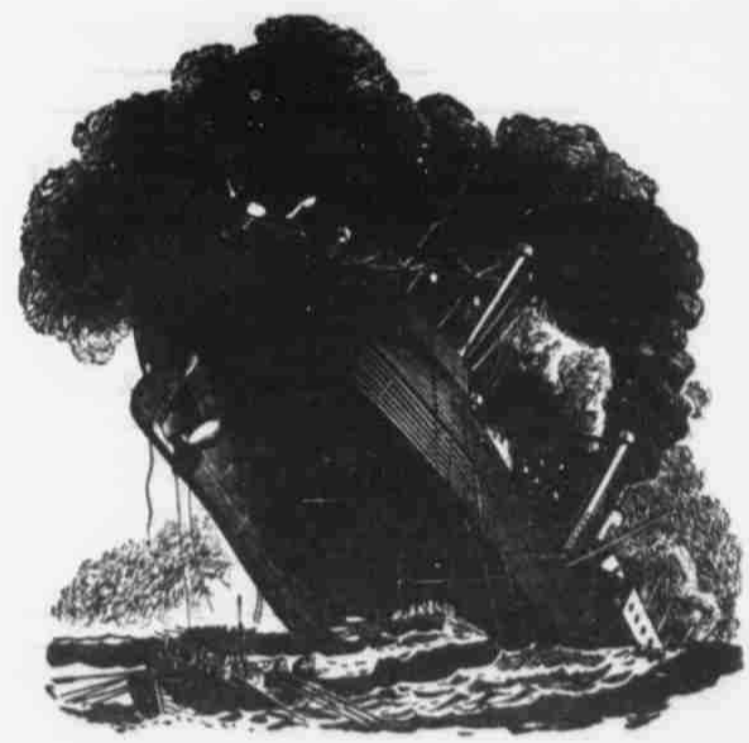

Fifteen members attended the called meeting. —Reporter

Take Care OF YOUR WATER HEATER

To conserve vital materials, the War Production Board has ruled that you cannot obtain a new household appliance except under special conditions. That's why you must take extra care of your gas appliances. It may be a long time before you can replace them.

Put your appliances in tip-top operating condition, keep them clean, take care of them and they will help take care of you.

HERE ARE SOME SUGGESTIONS ON THE CARE OF YOUR WATER HEATER:

1. Keep burner adjusted properly.
2. Do not let pilot light burn too high.
3. Be sure vents are unobstructed.
4. Drain water from bottom of tank once a month.
5. Keep water heater thermostat below 140 degrees.
