Do's and Don'ts For Overseas Xmas Packages

Since members of the armed forces are well supplied with food and clothing, the public is requested not to include such items in the Christmas parcels when sending packages the next few weeks to men overseas. Postmasters over the nation are trying to assist the folks at home by giving all the information on these packages. "Those sending packages are urged to read all information carefully in order to avoid mistakes," Phil Bouchier, local postmaster said. Perishable goods are not acceptable, and not more than one parcel a week during the mailing period may be sent to the same addressee by one sender. Packages should be packed tightly in metal, wood, fiberboard or corrugated cardboard boxes, wrapped in strong paper and securely tied with twine. As the parcels are subject to censorship, they should be tied so as to permit ready inspection. Sealed packages of candy, cigars, tobacco and toilet articles may be included in the parcels without affecting their parcel post classification. Non-acceptable goods include intoxicants, inflammable materials such as matches and lighter fluid, poisons or any composition which might kill or injure a person, or damage the mails. Postage must be fully prepaid. Charges will be the regular parcel post zone rate from the point of mailing to the postoffice in care of which the parcel is addressed. Parcels containing only books are acceptable at the special rate of three cents a pound. Addresses should be full and complete, including the name and address of the sender, the name, rank, serial number, branch of service, organization, postoffice number and the postoffice through which the parcel is to be routed. For naval personnel, the rank or rating of the addressee should be shown, as well as the naval unit to which he is assigned, with the Navy number assigned thereto, or the name of the ship and fleet postoffice through which the parcel is to be routed. Inscriptions such as "Merry Christmas," "Do not open until Christmas," "Happy New Year," etc., may be written on the covering of the parcel, but no stickers resembling postage stamps may be used. Patrons are asked to mark "Christmas parcel" on the packages. Parcels for Army personnel must be mailed between Sept. 15 and Oct. 15. For members of the Navy, Coast Guard and Marines, mailing dates will be Sept. 15 to Nov. 1. Oct. 15 and Nov. 1 are the latest dates on which parcels can be dispatched to the respective forces and be delivered by Christmas, but Bouchier said that the earlier he presents are mailed in the permitted periods, the better it will be.

Garza Farmers To Receive High Loan Rate In '43

Garza County farmers will receive higher loan rates on this year's cotton than they did under the 1942 loan program, Avery Moore, Jr., Chairman, County AAA committee, announced this week. Based on 90 percent of parity as of August 1, the county loan rate this year is 19.84 cents per pound compared to 17.70 cents per pound last year. Premiums and discounts for grade and staple will be calculated in relation to the loan rate of 15/16 Middling cotton. As in previous years, loans will be made directly by the Commodity Credit Corporation through lending agencies approved by the Corporation. Cotton producer's notes will bear interest at the rate of 3 percent per annum and will mature July 31, 1944, but will be callable on demand. Loans will be available until May 1, 1944. Appointment of clerks to assist county producers in executing loan papers already are underway, the chairman said. Under loan regulations, bona fide employees of Production Credit Associations, banks approved by CCC as lending agencies, and warehouses approved for storage will be designated as clerks. In addition, employees of other groups, such as ginners, cotton buyers or others who have adequate facilities to perform the services of a clerk, also will be appointed. Appointment of clerks are approved upon recommendation of the county committee to the State AAA committee.

George Mahon Speaks Before Rotary Club

Congressman Mahon spoke to Post Rotarians and a number of guests Tuesday, the 625th day of the present war. He stated that congress had been in session the greater part of that time, but that Democracies function best when members of congress take some time out to go home and find out the will of the people. "Hitler and Tojo required ten years to build up the greatest fighting machine the world has ever known, and it has failed," he said, "but the miracle of the war was the short time required for us to build our machine and it remains to be seen if we fail." Since just before Pearl Harbor a total of \$322,000,000,000 has been appropriated and \$122,000,000,000 actually spent. He admitted waste and bungling, as always in war, in fact, "war is all waste," he said, but time did not permit the close supervision possible in peace times and called attention to the fact that \$94.00 out of every \$100.00 spent was now going into the war effort. Disapproval of the Ruml tax plan was expressed. "We need to pay as we go, but not to the extent of passing up 6 1/2 billion dollars already laid aside to pay 1942 taxes." He severely criticized labor leaders who were obstructing the war effort by calling strikes in war plants but said 99% of workers were loyal and had done a marvelous job. He pleaded that we not let the small failures irritate us to the point we could not see and appreciate the big things that were being accomplished in the war effort. He censured those who would try to get rich from the war and reminded no soldier would be able to do so, and the least we could do for the war effort was to work and spend our money to hasten it to a successful conclusion. He said the marvel of the war was the small loss of life, only 16,000 men so far, which is one third as many as are killed in traffic accidents in the same length of time prior to the war. In response to his question the audience was unanimous in the belief the United States should participate in some post-war plan to prevent future wars. Congressman Mahon spent the afternoon visiting our citizens on the streets and in their places of business getting their views on national and international problems.

Garza's First Bale Of Cotton Ginned Here Tuesday

Arriving here five days earlier than the first bale of cotton for 1942, the first bale in Post this year rolled into town Tuesday, August 24. Ray R. Henderson was the distinction of having the first bale this year. Henry Bargeley of Justiceburg was the first bale winner for 1942 with a bale on August 29. The cotton was grown on the John Faulkner place, twelve miles east of town. The bale was ginned by Planter's Gin and weighed 470 pounds. It graded good in lint whiteness. Post's Chamber of Commerce arranged through the merchants to present Henderson with a \$25.00 War Bond. The 1942 bale weighed 460 pounds.

Machinery Being Put In Order For Third War Loan Drive

Committees Assisting In Plans For Drive Which Begins September 9th
Plans are being made for the opening Sept. 9 of the 3rd war loan drive in Garza county, Marshall Mason, county bond chairman announced Tuesday. Mason said that by the end of the week he would likely have his committees set up and the first steps of organizing for the drive completed. The 3rd war loan drive will be one of the greatest money raising events ever attempted in the nation. It will aim at raising the largest amount of money from individuals that any drive has raised in the history of the world. Quota for this county for the big drive has been set for \$362,300.00 or \$75 per capita. The quota during this drive is large but citizens are urged to consider the things that are at stake and to dig down deep for their part. "Our boys in service are not only giving up everything to serve their country but are buying war bonds every day. If those who are serving us on the battle front see the need, surely the people on the home front can follow their example," a committee chairman said. "We've got to do our part," he continued. The government will manufacture twenty million dollars worth of planes this year—the third loan goal is set at fifteen million dollars. Stop and figure the cost of the war and you will realize why we at home must lend our money, George Mahon stated Tuesday when he visited in Garza county. A page ad sponsored by the Post Chamber of Commerce in the interest of the drive is published in this issue of the Dispatch. Read it—it has a message for you. Committee chairmen who are assisting in the drive are named on this ad. Find out who the chairman in your community is and give him or her your support. For this 3rd war loan, individuals will be offered their choice of various government securities. United States war savings bonds series "E," which pays back \$4 for every \$3; 2 1/2 per cent treasury bonds of 1964-1969, readily marketable, acceptable as bank collateral; series "C" saving notes; 7-8 1/2 per cent certificates of indebtedness; 2 per cent treasury bonds, and series "F" and "G" bonds. Pat O'Connor Is Urging Housewives To Save Waste Fats
With millions of pounds of waste kitchen fats still needed to meet war demands, Pat O'Connor, county war salvage chairman, recently urged housewives to remember that even if accumulated fats become rancid, they still remain a majority of the valuable glycerine that goes into war production. Some housewives, believing that rancid fats are valueless, have not been turning them in for salvage. This has resulted in the loss of thousands of pounds of glycerine that could have been processed from these fats. It is estimated that enough waste fats are salvaged in army camps within the continental U. S. to make 1,500,000 pounds of dynamite each month and still leave a residue of rendered grease from which 5,000,000 pounds of soap stock may be made. Turn in your waste fats regularly, the chairman urges Garza housewives. Baptist Church Of Close City To Open Revival On Aug. 27
A revival meeting will begin tomorrow night, August 27, at the Close City Baptist church, according to an announcement made early this week by Mr. Ed L. Gosnell. Rev. North, pastor, will conduct the revival and will be assisted by Rev. Paul H. Cline as song leader. The meeting will continue for ten days. A cordial welcome is extended to all persons to attend. The meeting will close on September 4.

Texas Farmers Receive Wheat Crop Goal For Next Year

A wheat acreage of 5 million next year compared to 3,674,874 acres during 1943 is a wartime production job for Texas farmers. Asked to share the national increase of 26 percent above this year's seeding, the approximate 100 wheat farmers will receive acreage goals in plenty of time before full planting, B. F. Vance, administrative officer of the AAA Texas, has announced. As in previous production programs, the 5-million acre state goal will be allocated by county and each wheat farmer urged to meet a specified acreage during 1944. Pathhandle counties are expected to absorb most of the increase. Texas farmers are being urged to preserve land for other needed crops such as soybeans, feed crops, dry beans and peas when they map out plans for next year's wheat crop, Vance said. He added that they also are being urged to continue sound farming practices, which have been in vogue for several years. The 68-million proposed acreage for the nation during 1944 compares with 54-million acres planted this year. The largest ever planted was 80,814,000 acres during 1937. The national increase of wheat is called for during 1944 since consumption has increased because of its use for feed and other products are expected to be greater as starving peoples liberated from Axis domination the AAA official said. Feed crops are said to be suffering badly and cotton is badly in need of rain. Pastures are burning up, water supplies are running low and the extreme heat is hard on livestock. Cotton in this county will probably be cut in half, so prominent farmers declare. WPB LIGHTENS BAN ON FARM TOOLS REPAIR
The War Production Board Thursday gave farmers a priority to help them keep their farm equipment in good repair. Under the order, farmers need only to submit a "certificate of need" to a repair shop to get priority on the use of its equipment in repairing farm machinery.

Three Garza Men Join Army Engineer Corps As Specialists

William L. Crawford, Drew Story and Tom East of this county volunteered as engineers in the Army Engineer Corps recently as specialists. Crawford, who lives at the W. C. W. Morris farm on Route 3, was assigned to the Engineer Unit Training Center at Camp Claiborne, Louisiana. He will take automobile mechanic work. Drew Story was assigned to the Fourth Engineer Aviation Unit Training Center at March Field in California. He will take a course in Diesel engines. Tom East of Southland was assigned to the Engineer Unit Training Center in Camp Claiborne, Louisiana as a jackhammer operator. Construction men of various skills in more than 50 types of work are needed, according to the Engineer office in San Antonio, Texas.

Latest March of Time '... And Then Japan' Coming To Garza

Almost every family in America has some member, relative or friend fighting against the Japanese enemy in the Pacific, and these millions of Americans will welcome this month's March of Time: "... And Then Japan" which will bring to the screen of the Garza Theatre a revealing picture of Japan, her people and her war effort. It shows Wednesday and Thursday, September 1-2. Vice Admiral Frederick J. Horne, Assistant Chief of Naval Operations, has announced that the U. S. is planning on fighting Japan until 1949. Americans can make up their own minds about this formidable adversary by seeing this film which shows the Japanese people as they really are, how they live, how they react to war, and what it will take to defeat them. Former Ambassador to Japan, Joseph C. Grew, comments in the film both on the Japanese as fighters, and what it will take to defeat them. New, exclusive pictures, a graphic illustration of the three ways we can beat Japan, and a wealth of colorful scenes showing the notorious Ghibi still brightly lit Japanese night clubs, and the training of Japanese youth, make this one of the most colorful and absorbing films in many weeks.

Jobs Will Serve As Guide In Drafting Of Fathers Oct. 1

After October 1, when drafting of fathers begins, those in non-deferable activities or occupations regardless of their order numbers, will be the first fathers called for military service. Those who transfer to essential occupations and thus release single men for military service help to decrease the need for drafting fathers. Generally speaking, after October 1, the occupation of an eligible registrant will determine whether he will be inducted or deferred if his number is called. However, the question of hardship to dependents must be given consideration in each case. Mr. and Mrs. Glenn Lumley (transported business) in Winters one day last week.

Father Of Miss Catherine Royalty To Be Buried Friday

Word was received here Wednesday night of the death of Miss Catherine Royalty's father, W. W. Royalty, in Lubbock. Mr. Royalty suffered a heart attack in the yard of his home at 2411-15th street. Funeral services will be held Friday in Lubbock. Miss Royalty has a host of friends in Post as she was a member of the Post High school faculty for five years. She is now a member of the Lubbock Junior High faculty.

Pre-School Child Should Be Ready When Bell Rings

"Be sure that your pre-school child will be ready to go to school in September," Dr. George W. Cox, state health officer, urges the parents of all children who will respond to the school bells for the first time next fall. If you have not already done so, start now to prepare your child for the added strain of school life. First and foremost is the need for vaccination against smallpox. Parents and physicians should see that children are vaccinated before they are one year of age; the matter is entirely in the hands of parents and their doctors during the earliest years of life. At school age, however, vaccination becomes absolutely necessary. If your child has not been vaccinated, have it done immediately so that the scar will be completely healed before school opens. Immunization against diphtheria is also highly desirable. Dr. Cox believes. This disease, which causes serious illness and deaths among young children, can be prevented with toxoid.

ACHIEVEMENT DAY TO BE HELD BY HOMEMAKING CLASS

Summer Homemaking classes will hold an Achievement Day program Friday at 2 o'clock at the High school, according to Mrs. Victor Hudman, director.

The Gillilands also heard from their grandson, R. B. Whitesides, who formerly attended school here. R. B. developed malarial fever while in the Solomons and was sent back to San Diego to recuperate. He is a veteran of four battles.

Mr. and Mrs. Harry King received two letters each from their two sons in foreign service. Bryce wrote Aug. 5th that he had just received the package his mother had mailed June 18. He can't

Mr. and Mrs. C. P. Jones Have Three Sons In Service

Mr. and Mrs. C. P. Jones have three sons in the armed forces. First Lieutenant C. P. Jones, Jr., has been in the service ten years. He enlisted at Lubbock on January 15, 1933 and was sent to Fort Bliss, Texas, where he was stationed until December 1941. He was then sent to Panama, California, and from this station to Atlanta, Ga., where he stayed until he was sent overseas. He is serving with the 125th Ordinance Regiment in Egypt. He has been overseas for eleven and one-half months.

Another son, Lieutenant Roy Jones will have five years service in July. He enlisted in 1939 and was stationed at Fort Sill until 1941. He was then sent to Camp Forrest, Tennessee, and then back to Fort Sill where he got his OCS training. After receiving his commission he was sent to Fort Sam Houston, Texas. He is now on maneuvers in Louisiana.

The younger of the trio is Pfc. Wm. T. Jones, who has been in the service about a year and a half. He was drafted into the army in April 1942 and was sent to Fort Lewis, Washington. After completing work there he was sent to Fort Frances E. Warren, Wyoming, for his basic training. He is now stationed at Camp Maxey. He has been there almost a year.

Jack Samson Spent Three-Day Pass At Home

Jack Samson left Wednesday after enjoying a three-day pass from Camp Hood where he is in training. The unit to which he is attached, the Headquarters Training Brigade, Tank Destroyer Corps, won the three day pass as an award for having passed inspection of all units with flying colors. The Commanding Officer recommended that the unit be granted the pass. Jack has been on a night assignment recently driving tanks and other motorized equipment.

Camp Hood is the largest tank destroyer unit in the United States. The camp covers 172,000 acres.

Wedding Held For Wynona Kennedy And Delmo Gossett

The impressive double ring ceremony was used when Miss Wynona Kennedy and Delmo Gossett exchanged wedding vows on Friday night, August 20. The ceremony was performed in the home of the officiating minister, Bro. J. F. Maxey of Graham at 7:30 o'clock in the evening.

Attendants were Miss Martha Rae Roach and Marshall Gibson. The couple are members of prominent Garza county families and both the bride and groom have been raised in Garza county. The bride is the daughter of Mr. and Mrs. L. P. Kennedy, Sr. and the groom is the son of Mrs. Lonnie Peel.

Mrs. Gossett finished high school last year and was one of the most popular co-eds of the campus. She is a member of the Sub-Deb club. Pe. Gossett finished high school in 1941 and took a leading part in all school activities. He served as Captain of the Antelope football team and president of the Senior class during his Senior year. He is now attached to the radio division of the Army Air Corps and is stationed in Bryan.

The bride wore a becoming brown wool suit fashioned in a beautiful design for her wedding. Her hat of brown felt was trimmed in a harmonizing veil. Other accessories were of brown and mustard. She followed the traditional bridal custom of wearing something old, something new, something borrowed and something blue. For something old she wore a beautiful 60 year old necklace belonging to her grandmother.

Miss Roach wore a blue wool gaberdine suit fashioned on tailored lines with rust accessories. The couple left today for Bryan where they will make their home.

Presbyterian Women Hold Interesting Meeting On Monday

The women of the Presbyterian Ladies Aid met in session Monday at the home of Mrs. D. C. Williams with the hostess acting as leader for a most interesting lesson.

"Our High Calling In Christ" was the theme of the lesson which had as a basis the thirteenth chapter of First Corinthians. Facts on the Chinese people and their indomitable spirit in remaking their lives in adverse circumstances and their love of fairness and kindness to their fellowmen were brought out in the lesson.

During the business meeting an announcement concerning the arrival of a baby girl in the home of former pastor Dorsett, was made. A message from Rev. Nunn, another former pastor, concerning his son, Tom, was also made. His son is quite ill and is not expected to live.

Other announcements and plans for the fall and winter program of the group were made after which the hostess served delicious refreshments.

SHE SERVED IN THREE WARS—Mrs. Janette Guttridge, 93-year-old Long Beach, California, Red Cross volunteer, made her first surgical dressings when she was a girl of eleven during the Civil War. She served the Red Cross in World War I, and now has volunteered a third time. She is thought to be one of the oldest Red Cross workers in America.

Tea-Shower Honors Recent Bride On Tuesday Afternoon

Mrs. Delmo Gossett, a recent bride, was complimented Tuesday afternoon with a lovely tea-shower when three hostesses entertained in the home of Mrs. R. B. Tucker. The hostesses were Mrs. Tucker, Victor Hudman and J. R. Roach.

Summer flowers were used in the entertaining rooms and were used to accent the center decoration for the beautifully appointed tea table. The table was covered with a handsome lace cloth. Crystal serving appointments were used. An unusually pretty bride, about 12 inches high, fetchingly dressed in white, and a bride's maid in blue on a mirror reflector encircled with the chosen flowers stressed the bridal theme. Serving punch and individual cake squares decorated with the heart motif were Misses Anagene Carpenter and Nedra Jo Evans.

Others in the houseparty were Misses Mary Carpenter who presided at the bride's book, Martha Rae Roach who had charge of the music and Mrs. Doyle Jones who presided over the lovely array of gifts on display.

The hostesses and the bride greeted the many guests who called between the hours of four and six o'clock. Mrs. L. P. Kennedy and Mrs. Lonnie Peel were also in the receiving line.

Over 100 gifts were on display.

Marthana Cearley Observes Birthday On Wednesday

Little Miss Marthana Cearley was honoree last Wednesday when her mother entertained with a birthday party from 4:30 till 6:00 p. m.

After playing in the yard for a while, Marthana and her guests assembled in the living room for the "main event," opening the packages. On seeing each present, Marthana's excitement grew and her "Ohs" and "Ahs" were quite overworked.

The birthday cake which centered the dining table and drew all eyes was angel food, iced in white, with four pink candles in white holders. Pink letters spelled "Happy Birthday to Marthana."

The cake was served with punch and ice cream to the honoree and Anita Davies, Carolyn Ann Hudman, Orabeth Maxey, Georgia Ann Sartain, Rosemary Lawson, Flora Ann Hagood, Bill Clark, Victor Eugene Hudman, and Johnny Kemp. Two of the "younger set," attending their very first party, were Misses Elizabeth Ellen Kemp and Jane Ellen Maxey.

Grown-ups attending were Mrs. Hagood, Sartain, Maxey, Kemp, Hudman, Clark, Lawson and Marthana's granddaddy, N. W. Allphin of Tahoka.

As the guests departed the wish was for "Many more happy birthdays, Marthana."

Leaders Sunday School Class Met On Monday

The Leaders Sunday school class met at the First Baptist church Monday evening at 8:30 o'clock.

The meeting was opened by a prayer and Miss Cloma Cummings, vice-president, called the business meeting to order. Mrs. Estelene Nichols was elected corresponding secretary and Mrs. Jewel Hicks and Mrs. Wynama Briggs were elected group captains.

After the business meeting watermelon was served to nine members of the class. —Rep.
