'Lopes Take District Co-Championship Title

"That was probably our best offensive football game this year, against an excellent team," Post Antelope coach David Thompson comments about last Friday's 29-27 loss to the Frenship Tigers.

"We had a defensive let-down and just couldn't get the ball back with enough time to score toward the end," Thompson adds. season playoff competition this Friday against Kermit for the Bi-District title.

The Antelopes finished the season with six wins, two losses and one tie and claim the Co-Championship title with Frenship for District 3AAA.

Taking what looked like a sizeable lead of 21-7 early in the third quarter, the Antelope defense could not defuse the Tiger offense and the game went to 21-15.

Then on the ensuing kickoff, the ball was fumbled and the Tigers took control deep in Antelope territory and went ahead

22-21. The 'Lope offense went to work and scored with 7:24 left in the game, leading 27-22.

Again the Tigers put on a sustained offensive punch and ran the clock down to 54 seconds as they went ahead 29-27.

A last-ditch effort by the Antelope offense was unable to overcome the clock.

First Touchdown
The Antelopes opened up the game with a convincing offensive drive going 77

yards in 14 plays and winding the clock down to 5:47 in the second quarter.

Key plays in the drive included a third down situation at the Post 49 when Tracy Price went over right tackle to the Frenship 41.

The ball was fumbled, but Jay Valdez covered it for Post.

Another key conversion came on third down from the Tiger 33 when Curt Greer took a Joel Kirkpatrick pitchout around left end to the 29 for a first down.

Then Kirkpatrick rolled to his left and threw a pass to Terry Kennedy to the 17 yard line for another first down.

Price went over left guard to the 16 and then Kirkpatrick faked to Price and completed a pass to Kennedy to the two yard line.

Price went over right tackle to the one and took the same play on second down to the end zone, Chuck Morris' kick made it 7-0.

Frenship came back on the next series and knotted the score at 7-7 with five

seconds left in the first quarter.

Second 'Lope TD
Curt Greer punted the ball on fourth down from the Antelope 21 to the Tiger 36 where it was fumbled by the receiver and recovered for Post by Kennedy.

With 11:03 left in the second quarter, the 'Lopes went the 36 yards in four plays, capping the drive with a 30 yard pass and run play from Kirkpatrick to Greer.

Price earlier had picked up a first down breaking over right guard to the 26.

A pitch-out around left end set the 'Lopes back to the 30.

The Antelope defense held the Tigers on the next series, taking the ball back on a fourth down turnover.

Five plays later the 'Lopes coughed up the ball at the Frenship 40 and the Tigers ran out the remainder of the half in an aborted field goal attempt which fell short.

Second Half
The Antelopes kicked off to Frenship to open the second half, the defense held and the Tigers punted

on fourth down from their own 21 to their 38.

With 10:04 left in the third quarter, the Antelopes marched the distance in six plays, picking up a key first down conversion on fourth down at the 27.

The series opened with Benny Hair slicing over left guard to the 35, then an incomplete pass to Greer and Price going over right guard to the 34 on third down.

The fourth down play saw Kirkpatrick rolling to his right and finding Rodney Hays stretching out for the ball at the 27 for a first down.

Then Kirkpatrick faked to Price, gave the ball to Hays, who burst up the middle to the six yard line.

Price blasted over left tackle, carrying three defenders into the end zone

(Continued on P8)

TRACY PRICE gets blocking help from Benny Hair (32) as the Antelopes marched toward the Frenship Tiger end zone during last Friday's game there.

JOEL KIRKPATRICK threw a touchdown pass to Curt Greer to put the Antelopes on top of Frenship last week.

'Lopes Slip to Frenship 29-27

(Continued from P6)

and Morris made it 21-7. The 'Lopes had another chance to ice the game when on the next series Frenship's Dante Quinton fumbled the ball at the Post 43 and Hays pounced on it.

Unable to capitalize on the turnover, the 'Lopes turned the ball back to Frenship after four downs at the Tiger 37.

Frenship went the distance in seven plays and after getting a two-point conversion edged to win three points at 21-15.

Disaster Strikes

The kickoff was fumbled

at the Post 24 and the Tigers took little time to score again in five plays, leaving 11:48 to play in the game.

'Lopes Score Again

Just as determined, the Antelopes came storming back and with 7:24 left in the game they capped off an eight play, 78 yard drive with Price getting the call on fourth down over right guard.

The two-point conversion pass-play was incomplete and the 'Lopes led 27-22.

Not to be denied, the Tiger offense took charge

and drove 70 yards, scoring with 54 seconds in the game.

Price got the handoff on the kickoff and looked like he was on the way to the end zone when a defender grabbed him from behind at the Post 37 yard line.

Getting the ball to the Frenship 36, the 'Lopes ran out of time.

Freshmen Shut-Out Tigers 76-0

The Post Antelope freshmen football team wrapped up a 7-1-3 season shutting out visiting Frenship 76-0 last Thursday.

Mike Bartlett led the ground attack with 218 yards on 18 carries, followed by Blair Didway with 143 yards on 11 carries and Ben Kirkpatrick with 92 yards on 11 tries.

Quarterback Eric Reece completed three of six passes for 26 yards, hitting Lex Dunn twice for 23 and Michael Ayala once for three yards.

Other ball carriers included Brian Gibbs with 44 yards, Brent Jones with 21, Dunn with 10, Reece picking up nine and Mike Wells carrying for four yards.

The team collected 544 yards offense, limiting the visitors to 68 total yards.

Touchdowns

The defense set up the first touchdown by forcing a bad punt which went out at the Tiger 16 yard line.

Kirkpatrick took the first

play the distance for the score and Bartlett went in for the two-pointer.

Gibbs set up the next score by tackling the Frenship punter on the three yard line and Kirkpatrick went in from two yards out with Bartlett getting the two-pointer.

Still in the first quarter, Glenn Hardin intercepted a Tiger pass on the Post 35 yard line and nine plays later the touchdown was set up by a 20 yard pass from Reece to Dunn that went to the three yard line. From there Bartlett went in for

the six points and Reece threw a pass to Ayala for the two-point conversion.

In the second quarter Didway scored on an eight yard run and Dunn got the two-points on a pass from Reece to complete a 55 yard drive in seven plays.

The second play of the half Bartlett scored again, this one on a 52 yard run.

Mark Tyler blocked a punt and the ball was recovered at the Frenship 24 yard line, setting up a Didway two yard running touchdown and Reece ran in for the two-pointer.

7th Graders go Undeclared

The Post 7th grade football team finished an undefeated season last Thursday in Wolforth winning 14-6 over Frenship.

In their nine games this year the team has clipped off 2,500 yards offense, 236 points, five shut-outs and allowed only 26 points by opponents.

No opponent scored more than one touchdown in any game.

Lanny Lee is credited with 21 touchdowns, Jaime Perez with nine, Bobby Blair with two and one each to Rance Thompson and Jim Holleman.

"We are very proud of these young men," coach Fred Postell reports, "it is very rare for a 7th grade team to go undefeated."

"We were blessed with a great deal of talent and

intelligence and these two things, coupled with a great desire to work hard and win, produced an undefeated championship team," the coach adds.

The first score at Frenship came on a 79 yard drive in two plays with Lee going nine yards around right end and Jaime Perez skirting over right tackle for 70 yards. Lee got the extra points.

The second touchdown was an 81 yard affair, in six plays with Lee going 60 yards off tackle and Bill Rankin gathered in a Thompson pass for the two-point conversion.

The defense held the Tigers within the 15 yard line four different times.

The young 'Lopes collected 270 yards on 25 plays and held the Tigers to 74 yards on 40 plays.

8th Grade Struggle in Last Game

Vincent Slay ran 72 yards for a touchdown kickoff return for the lone Post 8th grade score at Frenship last Thursday losing 32-6.

"We had about 100 yards of penalties making it diffi-

cult to sustain any momentum on offense or defense," coach Darrell Radle reports.

"Rodney Carlton and Mark Cruz played very well at defensive tackle," the coach adds.

"I would like to commend this team for their display of character in not giving up this whole season," the coach emphasizes, "with a little more work, they have a chance to be a good football team."

JV Wins 48-7 Over Tigers

The Post Antelope junior varsity football team finished a 7-3 season winning 48-7 here last Thursday over Frenship.

The team tied with Denver City and Roosevelt for the district title.

"We had a real fine year," coach Lane Tannehill reports, "our young men have improved every game with the exception of the Denver City contest."

The win over Frenship opened with a 41 yard scoring drive as Anthony Perez went into the end zone from 11 yards out.

The second touchdown was a 30 yard drive with Eddie Moat carrying the ball four yards for the score.

Later the Antelopes got two points as the punt-snap went over the punter's head and he was tackled in the end zone.

Moat picked up another touchdown on a 36 yard dash and then Steve Gomez scored from six yards out.

Willie Dean Osby caught a touchdown pass for the 11 yard score.

Keith Tidwell scored on a 68 yard run in the second half followed by Rodney Oden going in from three yards out after a 40 yard drive.

The 'Lopes collected 339 yards, holding Frenship to 138.

The Way I See It.....

I think the Texas legislature and the newly appointed state board of education is trying to completely do away with extra curricular activities in our public schools.

The most recent announcement by our Gov. (I know better than you what is good for your kids than you do) Mark White's board of education is the strangling of the entire extra curricular programs.

The new rule, if implemented, will restrict all practice for extra curricular activities to no more than eight hours per week.

Well, that includes travel time to and from the particular activity.

It doesn't take too much figuring to realize that any of our sporting trips to Seminole will eat up most of the allotted eight hours.

Figure two hours travel time, one way, two hours back, that's four hours . . . two hours or more for the contest and now you're down to maybe three hours of practice time left in the week.

They must be kidding . . . or else they are just flat ignorant of what it takes for our young people to learn the discipline, skills and yes, the fun of doing something other than studying.

I realize that H. Ross doesn't think school should be a place to have a good time or enjoy the fun things of life.

What annoys me is that our elected officials are so weak-kneed as to buckle under to the pressure of such myopic visioned so-called educators.

What they would have us do is take all the fun out of educating . . . that is dead wrong!

What really irks me is that we as a people, parents and interested folks, teachers, administrators and school board members, seem to be absolutely unable to get our point across.

Many of you have stopped me to talk about this critical subject . . . and I agree with you . . . the state board of education is setting up a system which will ruin the fun of being in school.

Meanwhile we parents and citizens who pay those clowns to dream up these schemes sit idly by and watch them do it to us . . . and to our children.

At some point the politicians who should be an-

Local VFW Raise \$800 for Benefit

Over \$800 was raised during an auction at the Veterans Day supper held at the local VFW Sunday night.

Proceeds from the auction will go to the Jaime Newsom fund at Tahoka.

The Newsom child is awaiting a liver transplant. Nolan Williams auctioned off the items which included cakes, pictures, and numerous brisquets.

The money will not be taken to Tahoka until next week and those persons wishing to donate to the fund may do so at Caprock Liquor.

The Veterans of Foreign Wars Post 6797 hosted a free barbecue with all the trimmings free to members in celebration of Veterans Day.

Approximately 200 people were served during the event.

Cooking throughout the day were Billy Williams, Archie Gill, Dennis Odom, Corky Ammons and George Hester.

A cake walk was held by the Ladies Auxiliary who also helped with the serving of the meal.

wering to the people are going to have to take notice that their so-called education reform stinks!

Well, certain parts stink. What we need to do is register our complaints loud and clear before the January session starts . . . and those state elected officials need to know that we want some common sense put back into our education system.

We don't care what H. Ross Perot thinks or what Governor Mark White thinks is best for our youngsters . . . we want those folks to get the message that we can make good decisions at the local level about what is best for our youth.

We have decent, hard working and intelligent people serving on our school boards and they have the best interests of our children at the top of the list of priorities.

Taking the fun out of school is not in the best interests of our youth. And neither is the ridiculous testing program and other paper-work garbage dumped on our classroom teachers . . . we want our teachers teaching, not answering to the state board of education!

Is anyone out there listening to what the people want??

Alcoholism Treatable

By Glenda Baker

Alcoholism is the most untreated, treatable disease in the nation today.

A disease characterized by physical dependence on alcohol and inability to control drinking, alcoholism is the number one drug problem in the nation today, directly involving 10 percent of all deaths annually.

Alcohol related death is but one of the reasons for the importance of learning more about alcoholism and alcohol abuse.

While moderate drinking usually causes no direct harm, any drinking causes some temporary effects.

Continued heavy use of alcohol can result in serious health problems. Excessive drinking can and does damage body organs and causes mental and emotional disorders. Not only does the alcoholic and alcohol abuser suffer, excessive drinking can lead to marital problems, misery for family and friends, loss of jobs, violence and legal problems.

To understand alcoholism and alcohol abuse, one must first know what the drug alcohol is.

Contrary to common belief that alcohol is a stimulant, it is actually a toxic drug that is a depressant, slowing activity to the brain and nervous system.

C(2)H(5)OH (ethyl alcohol) is the intoxicating ingredient in beer, wine and distilled liquor.

Alcohol is quickly absorbed into the bloodstream through stomach and intestine walls, circulating to every part of the body, including every vital organ.

In the brain, alcohol knocks out control systems leading to intoxication.

The exact causes of alcoholism are not known, but may include emotional needs, physical defects, biochemical imbalance, cultural patterns or heredity.

Alcoholism is a progressive illness and may go unrecognized for a long time with physical and emotional health gradually

Fleecing or Following God

Fleecing or following God
Pastor Steve Traw
First Christian Church
 From the threshing floor of his fathers, Gideon was called to service. This fifth judge over a wayward Israel was to serve his nation forty years. As he faced the greatest mission of that calling, Gideon sought a reassuring token from God. The fleece was laid upon the threshing floor once, then the second time, as a miraculous intervention was sought from God.

fulfilled. Proof was given that God would defeat a mighty enemy as promised. Many today ask God in prayer for similar tangible proofs as decisions are faced. We would ask for particular results in happenings to reveal His will. It would be well to determine if Gideon's laying of the fleece is a pattern for today's Christians. The practice is not given elsewhere in scripture. Further, the fleece was not used to find God's will. God had already spoken directly in sending Gideon into battle.

Pleasant Home

Motto: The church where everybody is somebody.
 Yes, now I thank God here we are again. Holy Greetings everyone this beautiful day which the Lord has made for us to see and enjoy as His children. Now I'm still living for our Lord and Master with a mind made up to forever be a Christian and my mind made up to be what God would have me be.

The fleece upon the threshing floor was the request for a true miracle. Its results were beyond the scope of natural events or coincidence. Rather than asking for insight about what to do, the request was for reassurance that God would indeed save Israel as promised. God knows our human tendencies. It is too easy to stack the odds in our favor, perhaps unknowingly pulling the wool over God's eyes as it were. Or we leave to chance or mechanical methods that decision which should be clearly found in reading God's Word. Many religions apart from Christianity use such schemes as letting the Bible fall open randomly to an answer or casting lots.

Rev. Kelly, pastor; Rev. James, associate pastor and Sister Gilbert, reporter.
 Attendance great all at their Post of Duty. It all began with a beautiful lesson "The Christian's Hope" I Thessalonians 1: 1-3, 4: 9-18. Golden Text "So shall we ever be with the Lord, wherefore comfort one another with these words" I Thessalonians 4: 17, 18.

God's complete revelation is before us in the Bible. Fleece laying is never given with God's approval for today nor for finding His will. Prayer, the counsel of wise Christian friends, and knowing the written Word, bring us to God's great Wisdom.

Devotion conducted by Deacons Bursleson, Osby, Sister Fisher Wynn. She also read Hebrews 6: 1-7.

Departure from them may allow us to be fleecing not following God.

Altar call prayed highly by Pastor Kelly.
 Choirs presentation to our Master Lord Jesus Christ and Savior just wonderful. Our pastor delivered a most wonderful message from the Book of St. Luke 15: 22. His subject "The Best Robe". He truly preached to the Lord Jesus Christ from his heart and soul. God is not through with us yet. Let's pray for one another always. Amen and amen.

Taylor's to Present Concert

And God was truly still in the midst here in His holy temple as always.
 Our sick and shut ins include Sisters Lizzie Milo, Sirloma Steel, Brothers Harry Trueblood, Raymond Latson and Pearl Fletcher who are patients at Golden Plains Care Center. Also others not mentioned in the community, so let's pray for and visit our sick ones.

The Frank Taylors will be presented in concert at the Grassland Community Church of the Nazarene, this Sunday evening November 18 at 6 p. m.

Our prayers and sympathy go out to Brother Malachi Mitchell and family. Also to the Bell and Bursleson families. May the God of peace bless you all always and always.

The Taylors have traveled across the country in concert and revival meetings as the "Lighthouse Singers" singing and preaching many denominations.

Thought: Always abound.

They are now a regular part of the Grassland Community Church, but it is a privilege to have them in this time of special concert. Rev. Taylor will also be bringing a message from Gods word.

Pastor Bob Ferguson along with the entire congregation gives to all a special invitation to come and be a part of a growing church in the friendly Grassland Community.

Keep Fresh Pecan Flavor with Correct Storage

By purchasing new crop Texas pecans right after harvest, it's possible to preserve their freshness through proper storage.

Pecans can be used in many dishes - for special occasions or to make everyday meals more special. They can be added to breads and cereals for breakfast, to salads and sandwiches for lunch and to

appetizers, main dishes, or vegetables for dinner. They are natural for desserts as well.

High in energy because of their high fat content, pecans also furnish calcium, phosphorous, iron, potassium and magnesium. They are a good source of B vitamins like thiamine, riboflavin and niacin.

For maximum flavor and nutrient retention, pecans should be stored in a cool dry place. The fat in pecans can become rancid very quickly if they are not properly cared for.

Pecans in the shell will keep at room temperature for about six months without becoming rancid. Shelled pecans become rancid quickly when stored at room temperature. In the refrigerator they will keep for six months to a year and in the freezer even longer.

Letter to the Editor

Editor's Note: The following letter appeared in the Lubbock Avalanche-Journal Sunday, Nov. 11 and was brought to our attention by Mrs. Maury Shiver who reminded us that Mrs. Raphael was a favorite teacher in Post several years ago.

First of all, it is at times like this that I wish I truly had the ability to write, because I so want to convey to you the overwhelming feeling of great admiration and gratitude for the woman I want to tell you about. She is a 4th grade teacher at Martin Elementary.

After hearing my son was going to be bused again, I

was so depressed, but the most wonderful thing happened. He was assigned to the 4th grade class of Mrs. Mary Raphael.

I believe that year she had a classroom full of children representing seven different schools. She has a magnificent way of making every child feel truly wonderful and smart and above all else she makes their learning experience a great delight.

They would even learn about rain fall when on hot days she would spray them with water and call it Hawaiian rain, much to their surprise and delight!

My son came home one day and said "Mom, she said that she was going to give us a lick if we didn't learn our multiplication tables, can she do that?" I said that she surely could. He said "oh". Needless to say, he learned them.

She would sit by her door in the mornings as the children would line up to come into class from the buses, etc., and quiz them by asking them either spelling words or math problems.

My daughter had Mary Raphael last year and one day, as we were driving along, she said "Mom, you know, it is a pleasure to have a teacher like Mrs.

Raphelt."

I think that speaks for itself. The knowledge that my children have imparted to me as a result of their year with her is quite wonderful. She has traveled around the world and has the ability to let the children feel they have too.

The ultimate compliment to her came just the other day as my son, who is now in the 7th grade, picked up the phone and called her to discuss a 4th grade friend of his who has her this

Alcoholism

(Continued from P10)

deteriorating.

The most common signs of alcohol addiction are the uncontrollable need to drink, personality changes, blackouts, concealed drinking, inability to function normally, isolation and physical problems.

Today's high risk groups include teenagers faced with social pressure to drink, older people who are alone, people with emotional and financial problems, minorities who feel left out of the mainstream and children of alcoholic families.

Prevention of alcoholism and alcohol abuse is the key to a healthier society.

Prevention can be accomplished through education provided by health care facilities, school programs and community organizations.

New attitudes are also

needed to change ideas about drinking, respecting those who drink lightly or choose not to drink at all.

Many people who drink can, and do, drink in a responsible manner, knowing their own limits and what abuse can lead to.

Personal involvement by parents, teachers, employers and community leaders working together can help solve the problems leading to and causing alcohol abuse and addiction.

For information or assistance with an alcohol or drug abuse problem, please call 495-3788 day or night to get help from the Garza County Alcohol-Chemical Abuse counselor.

Kermit Will Be Tough

"It's really up to the players," Post Antelope coach David Thompson says, "we're going into our second season and we've got six more games to play."

"If we play up to our potential, we'll win, but we're going to have to play top-notch football this Friday to beat Kermit," the coach adds.

The Antelopes and Yellowjackets square off in Seminole at 7:30 p. m. for the Bi-District title with Post getting the home-team nod.

Antelope fans will be seated on the east side of the Seminole stadium.

"We played very well defensively the first time we met Kermit," Thompson continues, "and I feel like we can win the game."

All Antelope players are listed in good condition, including Curt Greer who suffered a twisted ankle during last Friday's contest with Frenship.

"Kermit is a well coached football team," Thompson reports, "and they are ranked sixth in the state and are 10-0."

The Yellowjackets have won over Post 12-6, Slaton 41-7, Lovington 35-0, Seagraves 29-8, Cathedral 66-7, Carlsbad 35-6, Alpine 43-6, Canutillo 35-20 and Fabens 42-12.

District 4AAA champions, the Yellowjackets are led offensively by senior quarterback Mike Munoz (14) who is a good runner and

passer. Halfbacks senior Randy Heath (21) and sophomore Kevin Hicks (40) are listed by Antelope coaching staff reports with good speed and are tough runners.

Senior Lonnie Allen (42) is the favorite pass receiver as well as Lang Bolf (87), who is also a good blocker. The offensive line is quick and "gets off the ball good," the coaches report.

The Yellowjackets run 85 percent and pass 15 percent of the time, favoring a Y split backfield and an unbalanced left.

The defense is quick and gets to the football in a hurry, led by senior Coby Owen (27), a 164 pound cornerback.

Hicks is the best line-backer and Munoz works at the safety spot on defense.

"We're playing one game at a time," Thompson emphasizes.

"It's up to the team to decide how far we'll go this second season," he concludes.

Moving up from the junior varsity will be juniors Adam Perez, Keith Hart, Keith Tidwell, Steve Gomez, Donny Payne, Randall Carpenter, Keith Craig, Danny Foster, Greg Storie and Rodney Oden;

And sophomores Eddie Moat, Anthony Perez, Tony Angerer, Bart Mason, Ron Graves and Jay McCook.

"It will be important to the team to have a big group of fans on hand to fill our side of the stadium," Thompson urges.
