Area Championship Game at Brownfield Friday See Page 10

Garza County News Briefs

Band Booster Sale

The Post Band Boosters will have their second annual Thanksgiving Bake Sale, Monday, Nov. 19 at the First National Bank from 9 a. m. until everything is gone. There will be cakes, pies, cookies and other good things for Thanksgiving.

Cheese, Butter

The commodity distribution of butter and cheese is scheduled to be held in Post Tuesday, November 27 at the 4-H Center located on the Lubbock Highway. The distributions will be held between the hours of 1:30 and 5:30 p. m. Proper identification with name and address will be required before receiving the commodities.

Football Winners

Winners in last weeks Dispatch Football contest were A. J. Howell of Lubbock with first place and six misses while Leslie Looney of Post won second with seven misses but was closest to the tie breaker. Winners of the week of the 14th Edition will be announced in the 28th Edition.

Seat Belts Emphasized

A community wide Seat Belt Course is being offered Tuesday, December 11 at 7 p. m. in the Primary Auditorium. The course will be given by The Texas Department of Public Safety with Bert Sinclair and other officials with the Department on hand to discuss the new seat belt law coming in 1985. Two films will be shown to be followed with a question and answer period. There will be no admission charge and the entire community is urged to attend this special event which is being sponsored by Dunigan Tool and Supply, the City of Post and Garza County Commissioners Court. More information may be had by calling Lewis Cardinal, Dunigans, Mayor Giles McCrary and Judge Giles Dalby.

Airport Show, This afternoon

The Post-Garza County Airport will be the scene of an area-wide celebration Sunday, November 18, complete with an airshow, flying demonstration, sky-diving and free barbecue highlighting the dedication of the renovated facilities. Postponed due to weather two weeks ago, paving was not able to be completed due to the wet weather which fell all week. County Judge Giles Dalby will lead the official dedication ceremonies, which open at 2 p. m. The barbecue, provided by the First National Bank of Post, will begin at noon.

Hospital Retains Pension

Garza Memorial Hospital Board of Directors met for a regular meeting Thursday morning and voted to reinvest a portion of the Side Fund of the pension plan at a guaranteed interest rate of 11.25 percent for the first year, as proposed by Dowe Mayfield. A surgery control form was also approved following discussion on what procedures could be done at Garza Memorial. John Strubhart, X-Ray technician, informed board members by letter that some 63 sacks of treats were fluoroscoped Halloween night with no harmful contents found. The board agreed to commend Strubhart on this public service. (Continued on P2)

'Cadi Outwitted' Opens Tomorrow at Auditorium

"The Cadi Outwitted", a delightful comic opera in one act by Christoph Gluck will be the first presentation of the Caprock Cultural Association when it is performed here Monday, Nov. 19 at 7:30 p. m. in the Elementary School Auditorium. The purpose is to further the cause of both visual and performing arts in our area will host a reception immediately following the opera to enable the audience to meet John Gillas, producer, and the cast. A minimum donation of \$1 per person at the door will go to defray expenses of bringing this acclaimed opera to Post. The Cadi (rhymes with lady) is an 18th century Turkish magistrate or judge. The story opens with Fatima, his only wife, bemoaning the fate of women married to faithless husbands. Her servant, Zel- (Continued on P2)

Accident Kills One

Pinned underneath the pickup truck he was driving, Roy Martinez suffered internal injuries which resulted in his death shortly after a one-vehicle accident last Tuesday at noon 5.3 miles East of Post on U. S. Hwy. 380. Martinez was being transferred to a Lubbock hospital by Garza County EMT ambulance when he was brought back to Garza Memorial Hospital in an attempt to try and stabilize him, but was unable to do so. Two other men in the vehicle, Jesse Guerrero and Adolfo Alaniz, also were injured but were treated and released at Garza Memorial Hospital. According to investigating officers, the crew-cab pickup truck failed to make a curve on a sharp downhill portion of the highway and apparently the driver over corrected and lost control. The truck hit a culvert and began rolling, throwing all three men out of the vehicle. None were wearing seat belts. The front of the truck came to rest on Martinez' chest. The three men were employees of C & C Well Service.

FATAL ACCIDENT - Roy Martinez of Post was fatally injured in a one-vehicle accident 5.3 miles east of Post on U.S. Hwy 380 last Tuesday at noon. Two other occupants were treated and released.

School Gets Top Audit Rating

The Post Independent School District received an unqualified audit opinion, the best possible rating, by the accounting firm of Hearn, Criswell and Robison, during

a report by Ken Robison at the school board meeting last Tuesday.

After a careful review of the detailed audit report, Robison told the board of trustees that the school's financial situation was one of the best that the firm represents. Following a period of questions by school superintendent Bill Shiver to clarify various audit points, the board approved the audit report.

In other action, the board voted 4-2 to retain the architect firm of Whitaker, McQueen and Associates,

over the objection of board members Don Payne and Royce Hart.

The two dissenting board members pointed out various flaws they felt were examples of poor quality control by the architect.

The motion to instruct the architect to begin work on the stadium was approved by president Jack Kirkpatrick, John Boren, Tom Middleton and Pru Basquez. Basquez.

The board also approved the advertising for bids for air conditioning of the junior high learning center. Shiver reported to the

board on the new state law requirements for reports and administrative workload on teachers, recommending the purchasing of a computerized curriculum program guide for teachers.

Citing the need to give teachers more time to teach, the board approved the expenditure for the service.

The only bid on a new pickup truck was accepted, with Arroyo Country Motors offering the 1985 Chevrolet 4X4 one ton truck for \$15,850.

The board elected Pru Basquez to serve as vice president.

CHRISTMAS BAZAAR - Post Art Guild members (left to right, back row) Ann Bratcher, Quennie Cook, Nancy Childers, (front, left to right) Jo Ann Mock and Geraldine Butler manned the bazaar last week in the renovated Algerita Hotel building.

The Way I See It

There is one really important fund raising campaign in full swing these days in Post and it deserves the full attention and support of the citizens. I am referring to the United Fund Drive, a once a year fund-raising event to support a wide variety of community service organizations.

Let's just take a look at who these participating United Fund organizations are and why it is important for those of us who are able, to share a little bit of our God-given financial means to help others.

RED CROSS - Almost every day someone knows of a stranded family or transient passing through our town in desperate need of a little help...that's what happened to 50 families last year and your United Fund contribution went to help those folks.

BOY SCOUTS - Who can question the value of the Boy Scout program to hundreds of our youngsters? The money that United Fund provides to the Boy Scout council helps support an almost one-half million dollar area-wide scouting program. (Continued on P3)

 Salary increases to be effective December 1 were tabled until a meeting later in the month. The board

wanted to study whether the rate should be a flat rate or percentage.
 Before adjourning, Hospital Administrator Maritta

Reed informed directors that an informational meeting with the board and the medical staff explaining

some of the changes that will affect health care will be presented Nov. 20 in the bank community room.

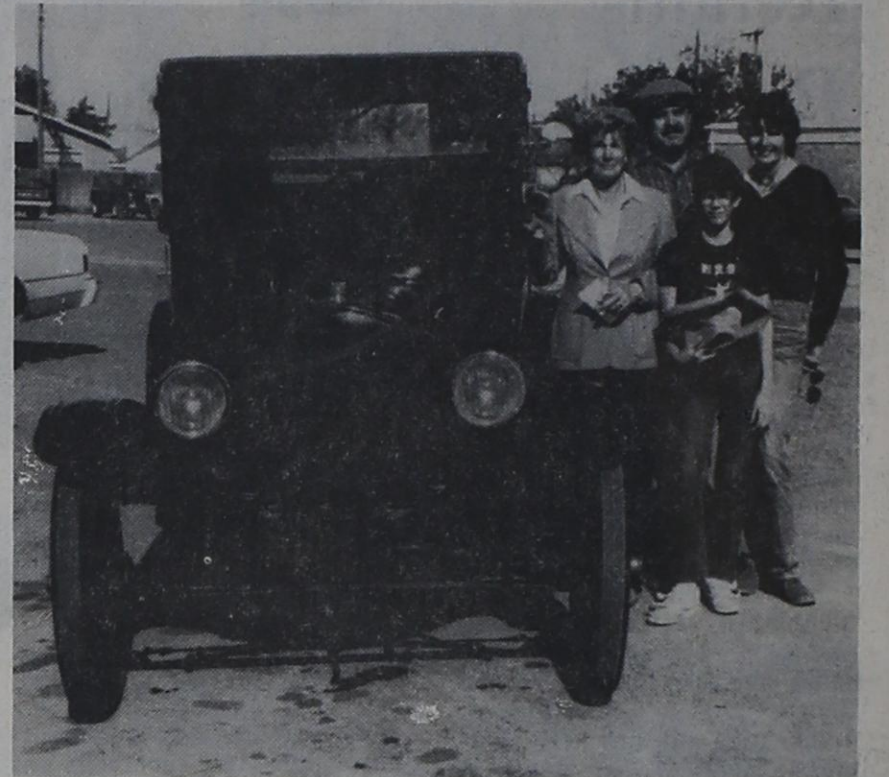

'Cadi Outwitted'

(Continued from P1)

mira, whose reputed beauty has attracted the Cadi's notice, plans with her lover, Nuradin, to teach the Cadi a lesson.
 How she sets her scheme in motion is a hilarious tale which everyone can enjoy. The opera will be performed in an amusing

translation by Ruth and Thomas Martin.

"The Cadi Outwitted" will be presented by the Music Department of Texas Tech University later this month in competition for the National Opera Association. This amusing opera will entertain young and old alike and the public is cordially invited to attend this performance.

MUSEUM DONATION Paul Beach (second from left) recently joined his mother, Kay Beach (left), in donating the restored 1920 Model T Ford that had belonged to Kay's great-grandmother, Mrs. Kate Buchanan of Spur, to the Ranching Heritage Museum at Texas Tech University. Paul and his wife, Kathy, now living in Atlanta, Ga., worked for almost two years in the restoration and were joined by their son Patrick during the ceremonies in Lubbock last week. "My father (Al Bird) bought the car for his grandmother and it was at the ranch for 30 years before Paul got into restoring the car," Mrs. Beach explains.

gram and much of that support goes directly to our local boy scout troop.

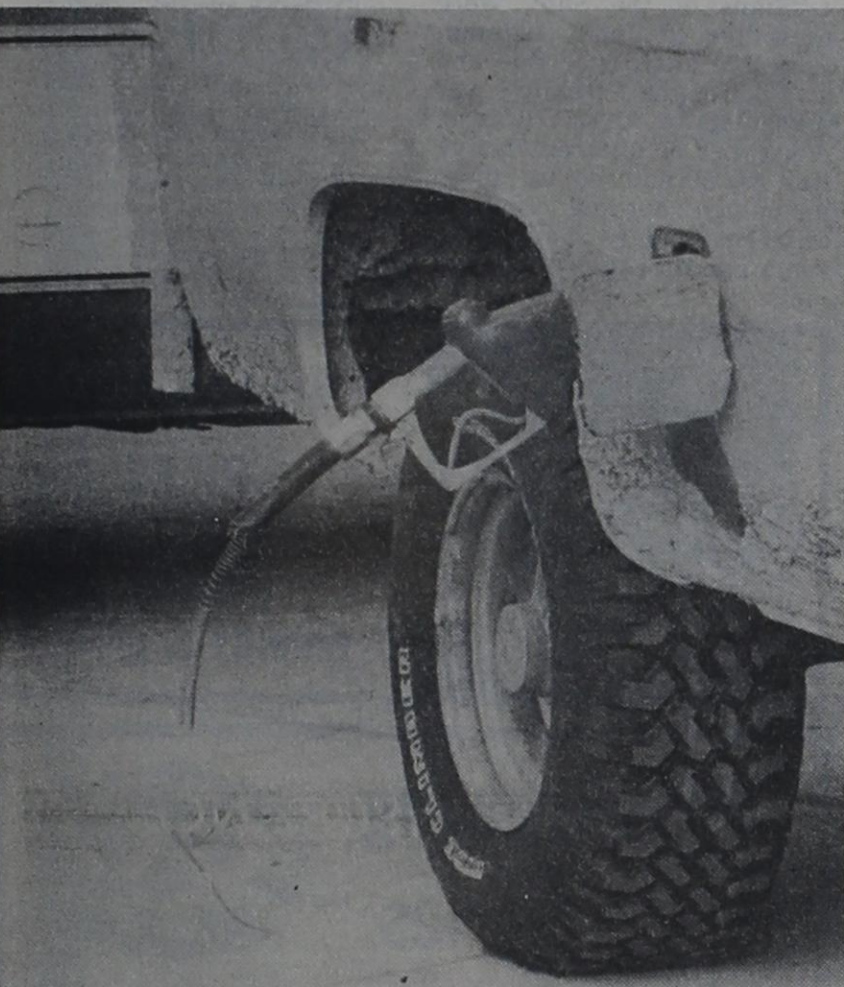

MEALS ON WHEELS - An

average of 675 meals per month are provided through this program to elderly people in Garza County who are unable to get out or

prepare meals for themselves. Transportation is provided by volunteer efforts. Feeding the hungry is an absolute must.

QUICK ACTION - Gary Newdigger raced across the street from his Texaco station with a fire extinguisher, saving what could have been a disastrous fire at the Fina station following the accidental ripping of gas pump hose last Wednesday morning. There were no injuries in the incident.

OOPS... Ronnie Reed moved his pickup truck a little too soon last Wednesday morning, taking the gas pump hose with the truck, which started a fire at the Fina station on North Broadway. There were no injuries in the incident.

SALVATION ARMY - This organization stresses Christian values and extending a helping hand to the needy and last year provided \$1,202.75 to people in Garza County who otherwise might have been sleeping in the streets and gone hungry.

GIRL SCOUTS - Just as equally important as the Boy Scout program and every bit as valuable to our community. There are six troops here, averaging 20 girls per troop.

MENTAL HEALTH - A new request this year, the Garza County Mental Health - Mental Retardation Advisory Board has asked for \$1,200.

Contributions to the United Fund are easy to make . . . just mail your check to United Fund, Post, Tex. 79356 or stop by the First National Bank and tell them you want to help United Fund.

The goal this year is \$12,250.

Let's get with it and what better time is there to give than at the opening of the Christmas season?

WESLEY W. BURNETT

Caution Urged on Medicare

Medicare and private insurance can be an intimidating subject for many people 65 and over.

There seems to be an endless number of questions about what is covered by Medicare, how to file claims, how to obtain the maximum amount on Medicare claims and how to appeal the amount paid on a claim.

Added to the confusion about Medicare are the many choices of Medicare Supplement policies on the market today designed to fill in the "medigap", or the gap between what is actually charged the patient and the amount paid by Medicare.

Advertising sometimes

makes promises too good to be true and often the reality of the policy is hidden in the fine print. Many times people over 65 tend to take the path of least resistance and leave their insurance decisions to someone else or fail to insure themselves at all.

South Plains Association of Governments has joined together with the Health Care Financing Administration to provide trained workers to respond to these difficult questions. Medicare beneficiaries may call the "Gapline" 1-800-858-1809 for answers to their questions about Medicare coverage or Medicare supplemental insurance.

Baby Pageant to Benefit Newsom

A Baby Pageant, Coronation, and Diaper Derby will be held at the Tahoka High School auditorium Dec. 8 to raise funds for 20 month old Jaime Newsom of Tahoka who is needing a liver transplant.

A story in the Lubbock Avalanche Journal recently highlighting the family's situation and need for a donor. There was one error in the account, however, which wrongly put Lynn County Hospital in a bad light, Mrs. Newsom said this week.

The story in the A-J said Mrs. Newsom had been fired from her job as a nurses aide, but Mrs. Newsom said that was not the case.

"I talked with the supervisor of nurses and we mutually agreed that it would be best if I resigned because the pressures in

regard to Jaime made it difficult to concentrate on my work. . . I have the highest regard for the hospital and the people out there," Mrs. Newsom said.

Categories for the entrants in the baby pageant are 1 - 6 months; 6 - 11 months; 1 - 2 years and 3 - 4 years. Entry fee is \$2. Contestants must register by Nov. 9.

There will be a first place beauty winner in each division. Prince, Princess, Personality Plus, Dimpled Darling and Dumpling Dandy Awards will also be given. Trophies and ribbons will be given in all categories.

For more information or to enter the contest, call 998-5023 or write Baby Pageant, Attn. Jerry Beth McKibben, Box 1322, Tahoka, Tex. 79373.

HOMEcoming QUEEN — Shana Souter was crowned Sul Ross State University homecoming queen during halftime ceremonies, Nov. 3. Ms. Souter, a 1982 graduate of Coahoma High School, is the granddaughter of Mr. and Mrs. J. R. Hagins of Post. She is the daughter of Mr. and Mrs. Richard Souter of Alpine where he is superintendent of schools and Mrs. Souter is a teacher at the junior high school. The Sul Ross junior won the queen's competition over more than 30 contestants who ran for the honor. Ms. Souter is a communications major and was sponsored by Mountainside Dormitory. She was escorted by her father during the halftime ceremonies.

Girl Scouts Receive Pins, Badges

Junior High and High School Girl Scout Troop 235 presented a number of awards during a regular meeting held Monday night, Nov. 12.

The awards were earned since the summer and included the Silver Leadership Pins being presented to Shan Bell and Angie Cruse for their work as leaders' aides during the day camp last summer and also for helping with the Halloween Party the troop gave for all the younger Girl Scouts and Brownies.

"Outdoor cook" badges were presented to Brenda Abraham, Jana Hudman, Leslie Martinez, Tina Poe, and Angela Tobias. These girls had camped primitive style overnight in October and used several different cooking methods in preparing their meals to earn the badge. Brenda Abraham also was presented her "Outdoor Fun" patch she earned at summer camp and Angela Tobias was presented her "Ms. Fix-It" badge she earned at home.

"Signs of the Sun" were presented to Jana Hudman, Tina Poe and Joyce Poe and a "Sign of the Satellite" was presented to Angela Tobias. A number of different activities were required for these including earning several different badges and doing some career exploration projects.

Several others were recognized although they had already received their award at the event they attended. These girls were Angie Cruse, Billie Garza, Joyce Poe and Angie Robinson who received their "Camping Interest Project Patch" for attending the Campcrafters' Holiday in September.

Also recognized were Angie Cruse, Joyce Poe and Cheryl Thompson who received their "Do You Get the Message? Interest Project Patch" for attending the Seven Council Cadette event in October.

Other troop members who have been working on badges but just didn't have any to be awarded at this meeting are Kim Burnett, Rosa Gonzales and Rosalind Curtis.

Troop leaders are Carol Tobias, Pat Cruse and Julie Hudman.

THAT'S PROGRESS

As early as the 700s, people in Northern China used earthenware stoves for heating. In the 1400s, Europeans began to use such stoves. The first stoves—which were little more than cast-iron boxes with lids—were produced in the American colonies in 1642 at Lynn, Massachusetts.

Let's Talk Turkey
Cooking it right — Use the 325 degree oven temperature for juicy, tender meat and greater yield. A shallow open pan and roasting rack keeps turkey out of the drippings and allows for even heat circulation around all parts of the turkey. Remember that the more times you open the oven to peek, the longer it will take to roast.

Carving — Let the turkey stand at room temperature for 30 minutes before carving. This allows the juices to settle inside the meat so that less juice will escape during carving. For table carving, place the whole turkey on a large, clean cutting board or platter. Your knife should be as sharp as possible. Use a large container such as a platter, roasting pan or bowl to hold the meat as you slice it, or each individual plate may be passed up for serving. Use a smaller container to hold skin, fat, excess drippings and bones. Place the dark meat slices on one side of the platter and light slices on the other. Later on, place accumulated bones, skin fat and drippings in a cooking pot and cover with water. These parts contain much of the flavor and nutrients. Bring this mixture to a rolling boil and then cut back to a simmer for about one hour. The resulting stock may be placed in the freezer for future use.

What to do with turkey leftovers — Take those turkey left overs and make delicious casseroles such as:

- Turkey Tetrazzini**
2 T. chopped onion
1 T. butter
1 can cream of mushroom soup
½ cup shredded sharp

- cheddar cheese
1 c. diced cooked turkey
½ cup water
1 T. sherry
2 T. chopped parsley
2 T. chopped pimento
6 Oz. egg noodles, cooked and drained.

In sauce pan, cook onion in butter until tender. Blend in soup, water, cheese and sherry. Cook over low heat until cheese is melted, stir often. Add meat, pimento, parsley and egg noodles.

- Turkey Casserole**
1 can chunk turkey
1 can cream of mushroom soup.
1 small jar pimentos
1 small onion
¼ cup bell pepper, chopped

- 5 oz. pkg. small shell noodles
1 cup grated cheese
2 T. butter
½ cup Ritz crackers

Cook noodles until done and drain. Saute onion and bell pepper in 2 tablespoons of butter until tender. Mix with remaining ingredients (save ½ cup cheese and ½ cup crushed crackers for the top). Cover with foil in a 9 x 13 inch pan. Bake at 350 degrees for 35 minutes. Serves 12.

Remember — Turkey can be substituted for chicken in any chicken recipe.

Receive Diplomas

Lauren K. Smith (left), and Sherry Williams (center) receive their diplomas from Gary Whittington, instructor of the Assistant Store Manager's training course. The class, held at the company's home office in Clovis, New Mexico, is a requirement from all new assistant managers. According to Whittington, "The training is very thorough, covering food handling, paperwork, store cleanliness, cooked foods procedures and public relations. We're able to provide our customers with trained professionals. This helps our company as well as the consumer." Smith will return to Allsup's no. 124 at 326 West 8th, while Williams will return to Allsup's no. 61 at 409 N. Broadway, both located in Post.

Country Cousins at Christmas Time

Meet Katie and Scooter. They're Country Cousins that live down the road a piece and get to play together often. Scooter got his nick name 'cause he's always scooting around scraping his knee and bruising his elbow (as his ever-present band-aid will attest)! These kissin' Country Cousins, in porcelain bisque, will find a way into your heart.

Call Collect to Request Trailers and Services

NEW DELINTING PROCESS - (dilute sulfuric acid method)

A delinting method which we feel will be less harmful to the seed.

The process that will be used to delint the cottonseed will be totally different than most delinting plants are using today. In Texas most delinting plants are using HCL gas (hydrogen chloride gas) to delint the seed and anhydrous ammonia to neutralize. OILSEED SYSTEMS, INC. will be using a diluted concentration (10 - 14%) of H2SO4 (sulfuric acid) and calcium carbonate to neutralize after delinting. We feel that the dilute sulfuric acid method is much more gentle to the seed. This process should be as gentle to cottonseed as baby powder is to a baby. This method of delinting means that germination and vigor could be preserved easier.

Delinting Cost of Fuzzy Cottonseed

\$140.00/ton

Includes: A. Moisture Test

B. Free Fatty Acid Test

C. Germination - Fuzzy and Delinted

D. Regular Treatment - Captan-Methoxychlor

All seed is processed with modern cleaning and grading equipment and seed treating equipment that will give good uniform coverage on the seed. Equipment to extract cockleburrs is available if needed.

Discount: 20% discount on delinting cost of fuzzy cottonseed on all accounts paid within 30 days.

Discount based on \$90.00 per ton gin price on fuzzy seed. Your planting seed cost could be as low as \$8.00 per bag depending on seed quality and any additional seed treatments or services you choose. Compare this to the cost of certified seed.

TRAILER SERVICE

All trailers have a capacity of 12,000 pounds of fuzzy cottonseed and are equipped with covering tarps. Trailer service includes pickup and delivery to and from your gin with a three ton minimum charge.

Rates are as follows:

1-5 Miles	\$6.00/ton	26-30 Miles	\$ 9.00/ton
6-10 Miles	6.50/ton	31-35 Miles	10.00/ton
11-15 Miles	7.00/ton	36-40 Miles	11.00/ton
16-20 Miles	7.50/ton	41-45 Miles	12.00/ton
21-25 Miles	8.00/ton	46-50 Miles	13.00/ton

We have trailers to lend if customer desires to pull trailers to and from the gin. Charges for trailers to lend would be \$3.35/ton with a three ton minimum, plus \$5.00/day after five days.

STORAGE FOR BAGGED COTTONSEED

10 cents per bag per month beginning 30 days after delinting. Charges for storages to May 1, 1985 will be invoiced at time of delinting. Refunds will be made on seed picked up prior to this date.

SEED TREATMENT

Regular treatment of Captan-Methoxychlor is included in the delinting price. Additional seed treatments are available upon request.

Insecticides

Go-Better and Orthene seed treatments for early season insect control. This insecticide is recommended to be used only with a systemic fungicide such as Vitavax or Apron. The cost of Go-Better or Orthene is 5 cents per pound of delinted cottonseed. These insecticides should give three to four weeks of control.

Fungicides

Vitavax and Apron are systemic fungicides used for seedling disease control. The cost of these fungicides are 5 cents per pound of delinted cottonseed. These systemic fungicides should give three to four weeks of control.

BAGS

50 pound paper bags with poly-liner will be used to bag all seed. Bags are \$.35 each.

Cotton planting seed will be released only upon payment of all charges due.

'Lopes Snuff 5th Ranked Kermit 27 - 7

By Wes Burnett

"It was only two yards, but that two yard run was the most important one of the ball game," Post Antelope coach David Thompson said after Friday night's 27-7 Bi-District win over Kermit in Seminole.

The third down play ignited the Antelope offense early in the second half as they rallied 7-0, as Tracy Price pounded over right tackle and with an eye of determination fought off four to five Yellowjacket defenders as they pounded him at the Kermit 49 yard line.

Price's two yard first down effort electrified the team and the Antelopes scored in three more plays, capping an eight play, 80 yard drive and changed ole "momentum's" colors to black and gold.

"The defense played exceptionally well," coach Thompson added, "and after the showing at Frenship last week they felt they had something to prove."

At halftime Kermit, ranked fifth in state 3 AAA ratings, led 7-0, with the Antelope defense doing what it had to do to keep the offense in the game.

"Except for the one break-down when Muniz scored, the defense did a good job," Thompson reported.

The Yellowjackets took the ball after Post punted on the opening series and went 69 yards in seven plays, with quarterback Mike Muniz skirting around his left end on an option-keeper 43 yards for the touchdown.

It was to be Kermit's only score as the 'Lope defense gradually took command on the field.

Just before the half ended, Jay Valdez popped Muniz in the backfield, the ball sputtered to the ground and the Antelope defense covered the ball on the Post 44.

With 31 seconds on the clock, the offense finally came to life.

On first down, Thompson called the trick play of the night, as Curt Greer came out of a pile in the middle, fooling the Kermit defense and racing down the left sideline to the Yellowjacket 36.

The 'Lopes tried the half-back pass, as Greer took the pitch-back from quarterback Joel Kirkpatrick but the play netted only two yards.

Kirkpatrick found Ricky Moore at the end of a pass to the 18 and with two seconds left in the half, Kirkpatrick faded back, threw the ball high into the end zone and Greer out-jumped a defender to grab the ball for what looked like a touchdown.

A yellow flag in the backfield quieted the crowd, as the Antelopes were penalized for holding, and the next pass play with no time on

the clock fell to the ground out of the reach of Terry Kennedy.

Going into the locker room, "momentum" seemed to have swung to Post.

Second Half

Although the Yellowjackets sustained a 12-play drive at the opening of the second half, the 'Lope defense held at the Post 37 yard line and forced a Kermit punt.

Taking the ball on their own 20, the Antelopes marched the 80 yards, leaving 4:16 on the clock as they knotted the score.

First downs came with Kirkpatrick taking an option play around left end, pitching the ball at the last second to Greer, who made it to the 39.

Then on third down, Price sparked the team with his determined two yard first down effort.

Benny Hair sliced over right guard to the 21 for another first down, then Price blasted over left tackle to the 18 and on second down Greer went through the trap block at left guard to the end zone, with a clearing block by Valdez.

Chuck Morris' kick tied the game.

The defense took charge, and with 1:26 left in the third period, Kermit punted from their own 14 yard line to Rodney Hays at the Post 44.

Hays had a clear shot down the right side line to the 24 before being pushed out of bounds.

Earlier on third down, Hays was responsible for a two yard loss as Kermit's Kevin Hicks was trapped in the backfield.

The Antelopes wasted no time taking the lead, with Price going over left tackle, bursting over three defenders to the three yard line, then Simon Salinas scampered to the one-half yard line and Price got the call over right guard to the end zone.

Morris kick through the uprights made it 14-7.

Third Touchdown

Believing that the fourth quarter belongs to them, the Antelopes opened up a 14 play, 85 yard touchdown drive with 8:35 left in the game.

The drive was set up by a Rodney George interception of a Muniz pass at the Post 25 as the Yellowjackets were making an attempted come-back.

A clipping penalty set the ball back to the 15.

First downs in the drive included Kirkpatrick rolling right and passing to Price on the Post 30 yard line to the 44.

Then Hair went over right guard to the Kermit 39 for another first down and Greer took the ball on third down over left guard to the 28.

Kirkpatrick optioned and kept the ball around left end to the 17 on third down and then on fourth down from the 14, Kirkpatrick rolled to his left and threw the ball to George in the end zone to lead Kermit 20-7.

Another Morris kick put the 'Lopes out front 21-7, with 2:16 left in the game.

The Antelopes defense stymied the Yellowjacket offense and James Mock sacked Muniz on fourth down at the Kermit 37, setting up the final touch-down.

It was a one-play event, as Price took the pitchout around his left end, got clearing blocks from Hair and Kirkpatrick and simply powered his way into the end zone, shedding two would-be tacklers on the way.

With 1:12 left in the game, the Antelopes could be declared Bi-District Champions and began looking to this week's match-up of the year with the Littlefield Wildcats for the Area Championship.

TRACY PRICE SAW THE END ZONE AND IT WAS HIS FOR THE FINAL

TOUCHDOWN LAST Friday night against Kermit. He got clearing blocks from Benny Hair and Joel Kirkpatrick.

Home Health Care Week Proclaimed

Marie Milliken, R. N., President of the Great Plains Home Health Agency today invited area residents to help celebrate National Home Care Week in Post.

The President and the Congress have proclaimed November 25 - December 1, 1984 as National Home Care Week to pay tribute to the thousands of dedicated individuals throughout America whose efforts allow more than five million elderly, infirm, disabled or dying to receive skilled health and social services in the comfort and privacy of their own homes.

Mrs. Milliken remarked: "There is a movement in this country to find less expensive and more humane ways to provide health care to our growing elderly population, as well as to children and young people who are temporarily or chronically ill or disabled. Lawmakers are finally discovering what we have known all along: Home care supports the dignity and independence of our most vulnerable by keeping them out of hospitals and nursing homes for as long as possible. It keeps families together and offers a compassionate and low cost way to care for our loved ones. In an era of skyrocketing health care costs, home care offers an excellent alternative to institutional care both because it is less expensive and because it encourages the self reliance and cooperative effort upon which this nation is founded."

Mrs. Milliken went on to note that Great Plains Home Health Agency has been proudly serving the Post area for three years with foundation experience dating back to July 1, 1966. They provide nursing services, home health aides, physical therapy, speech therapy and social services to over 66,000 people every year.

Home Care Week in Lubbock will kick off with no charge blood pressure clinics from 8 a. m. to 5 p. m. Monday through Friday at 2321 50th St., Suite D.

Mrs. Milliken concluded by saying: "The theme for National Home Care Week is when it comes to health care, there's no place like home. We think that says it all."

Earl Attends Symposium

Chamber of Commerce Manager Lewis Earl attended the Fourth Annual Texas Trail symposium at Lake Mineral Wells State Park Saturday and Sunday.

Outdoorsmen interested in the development of trails for bicycles, horseback riding and backpacking participated in the meeting with Texas Parks and Wildlife Department planners.

Margaret Mason of the Llano Estacado Audubon Society from Lubbock described the nature trail that had been developed below the Buffalo Springs Lake Dam.

Earl urged the trail users to support the Texas Outdoor Recreation Plan in the development of long range trails along the Caprock from Fluvanna to Floydada.

Before 1859 baseball umpires sat in a padded rocking chair behind the catcher.

Freezer Pumpkin Pie — New And Easy

Frosty Pumpkin Pie is a busy cook's "dream come true" for autumn entertaining. Made with a total of five ingredients, the freezer dessert has a creamy crust of frozen whipped topping and a spicy, brown sugar, pumpkin filling. La Creme whipped topping with real cream is easily shaped into a pie shell, then frozen before the filling is added. Use the La Creme Crust for other quick desserts. Add 1/4 cup any flavor ice cream topping to the shell... then fill with ice cream or sherbet and freeze until firm.

Frosty Pumpkin Pie

1 12-oz. container (4-1/2 cups) La Creme whipped topping with real cream, thawed	1 cup canned pumpkin
	1/2 cup packed brown sugar
	1-1/4 teaspoons pumpkin pie spice
	1/4 cup chopped pecans

Spoon 3 cups whipped topping into 9-inch pie plate. With back of spoon, spread and shape into a shell; freeze until firm.
Combine pumpkin, sugar and spice, mixing until well blended. Fold in remaining whipped topping. Spoon into shell; sprinkle with pecans. Freeze until firm.
8 to 10 servings

Local Scouts in Jubilee

The 75th Diamond Jubilee Scout Show opened up with a flag salute at the Lubbock Civic Center Saturday, Nov. 10 at 1 p. m.

Following the salute, the National Anthem and American Creed was given. Jim Hollon gave the invocation. Booths representing scouting activities highlighted topics from wood carving, crafts, games, camping, first aid, and safety to computers.

Over 120 booths were manned by Cub Scouts, Boy Scouts and Explorers. Post Pack 314 manned a booth called "Let Scouting Put Air in Your Sails."

Those participating Webelos, Leader Bruce Boren, Thomas Albert, Aaron Davis, John David Fields, Genaro Martinez; Den 2 leader, Carol Tobias, Cody Collier, Chris Cornett, James Line, Rynn Sappington, Mario Tobias, Brant Windham, and Coty Wheeler. Den 3 leader Karen Jones and Kay Mitchell, Jeffery Drake, Lane Jones, Jeremy King, Wesley Mitchell, Jamie Morris, Shawn Pennell; Den 4 leader, Barbara Britton and Kim Britton, Randy Britton, Damon Curtis, Charles Duncan, Lance Gill and Darren Wood; Den 1 leader Janet Hair, Eric Hair, Kyle Glidewell, Greg McDaniel, Brad McDonald, Wade Clark and Micheal Lyons.

Congratulations goes to the boys for a blue ribbon. John David Fields and Eric Hair tied for top salesman of Scout tickets. The pack totaled \$772.

Mayor Allen Henry presented the closing ceremony by stating boys are diamonds in themselves through scouting. A switch was thrown to light up a giant diamond representing scoutings' Diamond Jubilee. This was the greatest year

and the most participation. A special thanks to the parents for their support and Rev. J. R. Smith for driving the bus, Mr. Shiver and Mr. Rankin and to Cub Master Helyn Fields for her organization and overseeing of the project.

THEN and NOW

The discovery of man-made fire goes back to at least 360,000 B.C. Evidence found in caves in Peking, China clearly proved that man cooked his meat.

Board of School Trustees
Post Independent School District

Members of the Board:

We have examined the combined financial statements of Post Independent School District, Exhibits A-1 through A-3, and its combining financial statement, Exhibit B-1, as of and for the year ended August 31, 1984. Our examination was made in accordance with generally accepted auditing standards conforming to those of the American Institute of Certified Public Accountants and the financial and compliance elements of auditing standards of the United States General Accounting Office and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

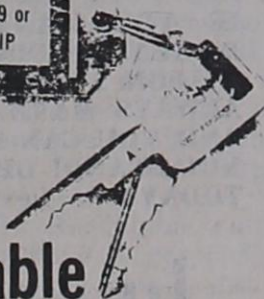

In our opinion, the financial statements referred to above present fairly the financial position of the various funds and account groups of Post Independent School District as of August 31, 1984, and the results of operations of such funds and account groups for the year then ended in conformity with generally accepted accounting principles on a basis consistently applied with that of the preceding year.

The section of this report titled "Auditors' Compliance Statements" is designed to satisfy Texas Education Agency compliance audit requirements prescribed in the Audit (AUD) section of Bulletin 679, Financial Accounting Manual. Our examination of internal controls and for compliance with laws, rules, regulations, or agreements in the course of operations of the Post Independent School District during the year ended August 31, 1984, included such tests and other measures as we considered necessary in the circumstances. This examination was performed in accordance with the consideration of the Special Program Guidelines (SPG) section of the Texas Education Agency Bulletin 679, Financial Accounting Manual. Except as otherwise noted in this report, based on our examination, we found that, for the items tested, the Post Independent School District complied with the material terms and conditions of the federal award agreements. Further, based on our examination and the procedures referred to above, nothing came to our attention to indicate that the Post Independent School District has not complied with the significant compliance terms and conditions of the awards referred to above, or violated any common or statutory law on nepotism, conflict of interest, depository contracts, bidding procedures, or other laws.

Our examination was made for the purpose of forming an opinion on the combined financial statements taken as a whole and on the above named combining financial statement. The special schedule on the accompanying Exhibit C-1 is presented in accordance with requirements of the Texas Education Agency, and include Special Revenue Fund and Federally financed Governmental Expendable Trust Fund programs with projects that were in operation during the year ended August 31, 1984. Financial information is inclusive of the beginning project date indicated on the schedule for each individual project through August 31, 1984. This information is presented for purposes of analysis by State and Federal program administrators, and is not a required part of the combined financial statements of the Post Independent School District. The information on the special schedules referred to in this paragraph has been subjected to the auditing procedures applied in the examination of the combined and combining financial statements and, in our opinion, is fairly stated in all material respects.

Vaccinations Now Required

By Syd Conner
County Extension Agent
Agriculture

Effective Nov. 5, heifers sold for breeding, grazing, dairying or feeding in non-quarantined feedlots will have to be vaccinated for brucellosis.

The new vaccination requirement recently adopted by the Texas Animal Health Commission applies to 113 counties in eastern, central and southern sections of the

state that are in the Class C area of the Brucellosis Control Program.

Brucellosis is a major disease of cattle that often results in abortions, points out Dr. Buddy Faries, veterinarian with the Texas Agricultural Extension Service, Texas A&M University System.

"Heifers born since last Jan. 1 that are more than four months old must be vaccinated when they are

sold for breeding, grazing, dairying or feeding in a non-quarantined feedlot," emphasizes Faries. "However, heifers need not be vaccinated if sold for slaughter or for feeding in a quarantined feedlot."

Producers can have heifers less than a year old vaccinated free of charge by a veterinarian or Texas Animal Health Commission official.

"Unvaccinated heifers older than a year are too old to be vaccinated and therefore can be sold only for slaughter or for feeding in a quarantined feedlot," adds Faries. "Producers need to keep that fact in mind since

heifer calves born this spring will be a year old within a few months."

Producers with heifers to sell should make sure they are vaccinated and properly identified with a tattoo in the right ear, says the veterinarian. Since vaccinated heifers are worth more at the point of sale, vaccination for brucellosis should be a top priority item for cattlemen.

Antelopes Meet L'fld in Brownfield Friday

The Post Antelopes will meet the Littlefield Wildcats for the Area Championship Friday at 7:30 p.m. in Brownfield.

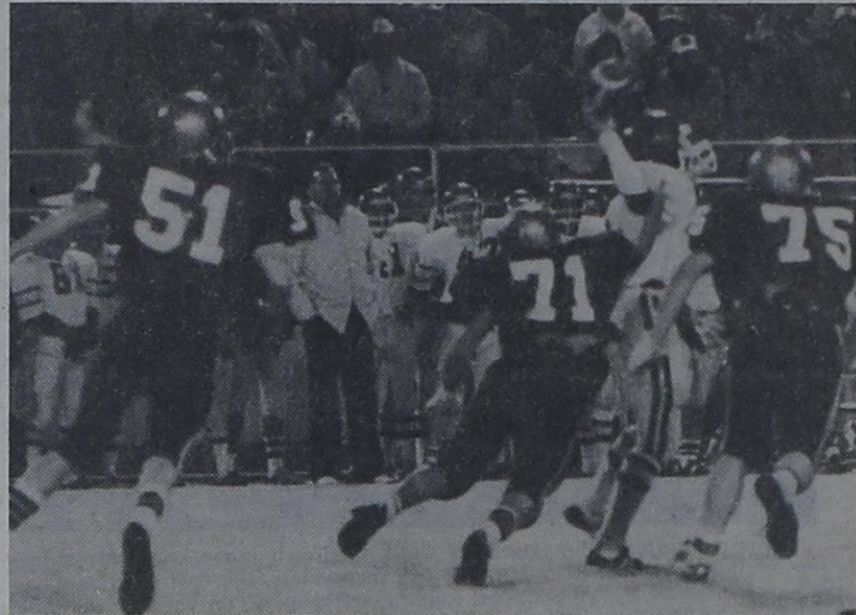

The 'Lopes will be home team in the contest.

The Wildcats, undefeated and coming off a 27-0 Bi-District win over Childress last Friday at Littlefield, are ranked number two in state AAA ratings.

Pre-game ticket sales will be conducted at the high school foyer Monday, Tuesday and Wednesday from 3-4 p.m. with adult tickets for \$3 and students at \$2.

All ticket sales at the gate will be \$4.

"It's going to be one of the best games in West Texas," Antelope coach David Thompson says about the classic match-up between Post and Littlefield.

DAVID SHULTZ (51), Jay Valdez (71) and James Mock (75) put pressure on Mike Muniz.

COACH DAVID THOMPSON checks on the condition of a Kermit injured player with a referee late in the game at Seminole.
