JAMES CORNELIUS ESTES
James Cornelius Estes, Yeoman First Class, USNR, has been recalled to active duty in the Navy. Estes reported to the U. S. Naval station, Orange, Texas, on July 10, for physical examination, and from there proceeded to Headquarters, Eighth Naval District, New Orleans, Louisiana, for instruction and indoctrination.

Following this period of indoctrination, Yeoman Estes has reported to the offices of Organized Electronics Company 8-10, Tyler Commercial College Building, Tyler, Texas, to serve as active duty stationkeeper for the Naval Reserves.

During World War II, he served for a time with the Office of Naval Intelligence, Port Arthur, Texas; also at the U. S. Naval Training Center, Bainbridge, Maryland, before a tour of duty in the Far East. While overseas, Estes was assigned as staff intelligence yeoman for U. S. Naval group, China.

He is eligible to wear the following medals: Good conduct, American Theater, Asiatic-Pacific Theater (with one battle star), China Service, and World War II.

Estes is a son of the late William Hudson Estes, of Baird and Tyler, and a grandson of the late Cornelius Estes, one of the pioneers of Baird and Callahan County. He is married to the former Mollie Stokes of Alto, Texas. The couple have two daughters, Mollie Frances and Bettie Mary. They are frequent visitors of relatives and friends in Baird.

Bill Johnson at A & E School in Illinois

Pfc. Bill Johnson is going to A & E School at Parks Air College, University of St. Louis, at East St. Louis, Illinois. Pfc. and Mrs. Johnson recently moved there from Manchester, N. H., where he was stationed.

Bill is the son of Mr. and Mrs. Claude Johnson of this city.

NOTICE!

The Callahan County Water Control and Improvement District No. 1, will close their office from August 6 to August 20, 1951. Board of Directors.

Fourth Musical Jamboree Will be Held Here Tonight

E. P. (Pop) Whitaker is announcing that the fourth monthly musical jamboree will be held tonight at the Callahan County Sheriff's Posse grandstands and the public is cordially invited to attend, free of charge. All musicians, amateurs and professionals, are welcome, and many have signified that they would be present to participate.

The musical jamboree has grown to the extent that there is no building in Baird large enough to accommodate the crowd. For this reason, Mr. Whitaker says, the jamboree will be held at the rodeo grounds where there is plenty of seating capacity and parking space. Speakers will be erected and it is believed that this will be a very satisfactory arrangement.

There will be no admission charge, no entry fees. Everyone is welcome to come out and have

Baptist Meeting Opens at Admiral

A. A. Davis, pastor will begin a revival meeting with Pastor T. D. Whitehorn and the Admiral Church on Friday night of this week. We hope that large numbers from Baird will attend this meeting.

Sunday morning we will preach at Baird, and for the Sunday night service, Pastor T. D. Whitehorn of the Admiral Church will preach for us here at Baird, while we carry on at Admiral.

Sunday morning at Baird, we plan to preach on the "Five Foolish Virgins." We invite the general public to attend these services.

Wildcat Spotted in Callahan County

Mid Continent Petroleum Corp. has spotted a wildcat in Callahan County 12 miles southeast of Baird. It will be the No. 1-A Blain Odom, and will be located 1,485 feet from the south and 1,263 feet from the west lines of Wm. E. Pledger Survey 229.

Projected depth is 4,500 feet with rotary, which should test the Ellenburger.

New Humble Station Opens Saturday

The new Humble Service Station, located at Spruce Street on Highway 80, was opened to the public Saturday with open house attended by many local people. Flags decorated the new station and a balloon hung high over the highway which attracted motorists by the hundreds.

Upon driving in at the station a service crew went to work on the cars, the visitors were invited to inspect the station facilities. Favors were given to everyone and sweet smelling gardenias were pinned on the ladies. A throng of spectators flowed through the new station all day long.

Tom B. Barton, Humble bulk agent and owner of the new station, and Burl Varner, dealer, were greeting visitors. Harry Varner, Sonny Burleson, driveway salesman, were meeting customers and servicing cars. Receptionists who presented the favors and gardenias were Mrs. Mary Mae Varner, Mrs. Burl Varner, Mrs. Tom Barton, Mrs. Billie G. Hatchett, Mrs. Fred Thompson and Mrs. Ellen G. Fairly.

Among the Humble company personnel were Roy Holmes, West Texas Division Manager; W. C. Barnes, West Texas Assistant Division Manager; E. C. Penderly, West Texas Division Operations Manager; Elliott Howell, West Texas Division Sales Promotion Manager; Pete Dunnam, West Texas Division Maintenance Engineer; Red Jostes, West Texas Division Specialty Salesman; H. J. Bilhartz, Abilene District Manager; Zolus Motley, Abilene District Salesman; "Tink" Hebert, San Angelo District Sales Promotion Assistant; Ed Melson, Abilene District Sales Promotion Assistant; John Austin, West Texas Division Maintenance Assistant; Claud Wright, West Texas Division Clerk; Randy Howell, West Texas Division Stock Clerk; George Young, Division Training Station Manager.

Red Cross Meeting Friday at Library

Mrs. Myrtle Berry, Red Cross County Chapter Chairman, has called a meeting at 2:30 o'clock Friday afternoon, Aug. 3, at the County Library, to discuss the county's participation in North Texas National Defense Blood Center. Miss Marjorie G. Bunker, Blood Field representative, will be present for the meeting. All officers are requested to be present, and those interested are especially invited to attend.

Friends were glad to see Mrs. L. L. Blackburn in town Tuesday morning after a recent illness.

Preliminary Work Beginning To Invite Industry to Baird

After working on a project to employ an experienced man to work at drawing industries to Baird, for several months, members of Callahan County Club agreed on Wednesday to employ H. L. Forrester, of Valley View, provided business firms will still hold to the pledges signed several weeks ago for this purpose. The committee will contact each business firm again early next week to collect the first month's pledged amount.

Ray Black, president of the club, told the members that some \$600 had been pledged contin-

gent on hiring a man. If everyone who pledged a certain amount will stand behind this agreement for the full six month period, he said, there is no doubt that we can see some real benefits from this effort.

C. W. Sutphen introduced Mr. Forrester, who explained the plan he would follow if he were employed to do this work. First, he stated, a survey would be necessary. It would probably take two months to make this survey to obtain all the facts we would have to know in inviting industry here. When this

survey is finished and all the facts revealed, maybe you would not want to carry the work any further. If this should be the case after the first two months, I would not hold you to the balance of the six months plan, he said.

On the other hand, stated Mr. Sutphen, if the survey gave the desired answers and we carry this work on for the full six months with success, we might want Mr. Forrester to stay on the job for a longer time.

The survey to be made would supplement the survey made about four years ago by the T & P Railway Company and the University of Texas. It would be brought up to date in every respect. With this information, a number of firms that Mr. Forrester has already contacted might be shown the advantages of their moving here.

Mr. Forrester believes that a city should first be taking care of the people and businesses it already has, before going out to invite new industries. To build a city the very first step is to take care of the present needs. His survey would be something the town could use to great advantage, even if it should show that Baird is not ready for the industries. However, it was pointed out that there are available facilities and labor here that will attract certain businesses to Baird.

The committee will probably make its round on Monday to receive the first month's pledge from business firms. In the event that sufficient funds are not collected and this project cannot be carried on, the money will be refunded.

Almost all of the discussion at the club was in favor of the project. Rev. W. V. O'Kelley stated that such a survey was surely necessary. People who have lived in a place for a long time cannot see what the town needs as clearly as a newcomer can see them, he pointed out. Glen Rockey told the members that it would not be risking too much for the town to give \$600 a month for a while just to see what good could come from it. He said, "We spend more than that for foolishness, so why can't we take a chance on something that might make our town better."

The highest amount pledged by any Baird firm was \$25 per month. A list of firms supporting this cause and the amount of their monthly contribution will be published in next week's Star.

Clifton Patton to be With Chicago Team

Clifton Patton left Sunday afternoon for Chicago, where he will play with the Chicago Indians. Patton has been with the Philadelphia Eagles for a number of years. His family will go by plane to Chicago to join him in a couple of weeks.

Patton is the son of Commissioner and Mrs. J. W. Patton.

ATTEND FUNERAL IN FORT WORTH

Mr. and Mrs. E. P. Whitaker attended the funeral of Mr. Whitaker's brother-in-law, C. W. Bates, in Fort Worth Tuesday. Mr. Bates died at his home there at 2503 Wilkinson Street, Sunday about midnight.

Jack Hunter Leaves For Pacific Duty

Pfc. Jack Hunter, son of Mr. and Mrs. J. Marvin Hunter, left Seattle, Washington, July 20, for Yokohama, Japan, where he will be assigned to special duty as a radio operator. Jack called his parents from Seattle the day he shipped out to say he would reach Japan in two weeks.

After graduation from Baird high school, Jack attended Sul Ross College at Alpine and Abilene Christian College at Abilene. At Abilene he was employed in the composing room of the Abilene Reporter-News while attending school. At the time he was called into Army service, he was studying journalism at Sam Houston State College at Huntsville.

Taking his basic training with the Army at Camp Chaffee, Arkansas, he was selected for radio training and completed that course July 1st.

Green Buys Wylie's Moran Furniture Store

Mr. and Mrs. Robert Green have purchased the furniture store at Moran from W. O. Wylie in a deal that was closed Tuesday. They took immediate possession and are inviting their friends to call on them for their furniture needs. Jack Taylor operated the Moran furniture store for many years. At his death Mr. Wylie purchased the business only a few weeks ago. The new owners plan to carry a complete line of furniture and their policy will be "If we don't have it, we can get it for you."

Mr. Green has been employed at Slaton by a railway company for the past twelve years. Born and reared at Baird, he is the son of Mrs. Stella Smith. Mr. and Mrs. Green moved to Moran with their three children, Steve, Sally and Robert Lee, this week to make their home.

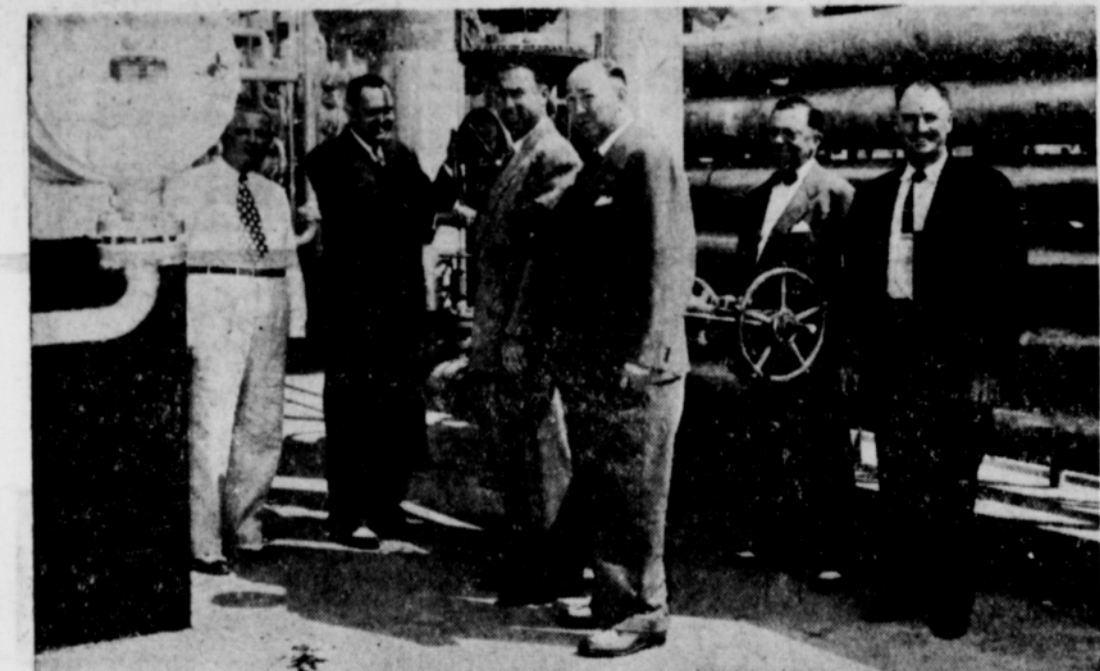

Callahan County Pioneer Reunion To Honor County School Teachers

Callahan County Pioneer Reunion will be dedicated to the early day school teachers of this county when this year's session is called to order at Hughes Park on the old Highway 80, east of Baird.

Professor H. S. Varner, who has taught school in this county for sixty years and is still active, has been chosen to deliver the reunion address. The entire program will be in honor of the pioneer school teachers and the various features of entertainment have been arranged to do them honor.

Perhaps the reader of this article would be surprised to know that some of the following people were once school teachers of this county: Mrs. L. L. Blackburn, Mrs. W. P. Brightwell, Mrs. H. H. Ramsey, Mrs. B. L. Russell, Mrs. Ada Carmichael, Mrs. Gene Melton, Mrs. Fred Hart, Mrs. Fred Cutbirth, Mrs. Lewis Coppinger, Mrs. Earl Slater, Mrs. Gussie Surles, Omar Burkett, Homer Shanks, B. P. Pillans, W. R. Ely and J. A. Brashear.

There are many others not mentioned here, who should be listed among our early day teachers at the reunion. If you should know of a person who taught school in this county prior to 1905, send their name and address to one of the committee and an invitation will be sent to them. The committee is composed of Mrs. Maggie Cook, Mrs. L. L. Blackburn and Mrs. V. E. Hill.

R. P. Hargis, President of Premier Oil Refining Co. of Texas turns the valve, placing in operation Premier's new \$750,000.00 Platforming unit located at Fort Worth. Standing back of other control valve is L. G. Dufilho, General Superintendent of refining operations. Watching (left to right) are J. E. Bullock, L. B. Connelley, N. Y. Jones, and Elmer Smith, Premier refinery superintendents at Baird, Fort Worth, Arp and Longview, respectively. All these points will receive Platformed gasoline from this unit.

Premier Now Making Platformed Gasoline in Texas

Platformed gasoline is here, so stated R. P. Hargis, president of Premier Oil Refining Company of Texas, today, when discussing the operation of Premier's new Platforming unit at Fort Worth, the first of its kind to be completed and operated in the State of Texas.

During the past several months, Premier has been telling Texas motorists about Platformed gasoline, the new type motor fuel, produced through a unique process that uses a platinum catalyst. Platformed gasoline, when properly manufactured, is an outstanding motor fuel with all the necessary characteristics of top quality gasoline, plus the advantages of high octane, clean burning properties and unexcelled road performance. Under construction since last

October, the unit was placed in operation during July and is now supplying Premier's four refineries at Fort Worth, Baird, Arp and Longview with Platformed gasoline for delivery to all Premier dealers and to Inreco stations who will have it in their pumps on August 1st. In commenting on this entirely new gasoline, Mr. Hargis emphasized that the Platforming installation marks an important step in Premier's program of expansion.

"In addition to expanding our refining facilities as required by an ever broadening operation in our marketing areas, Premier refineries are being constantly modernized through the employment of the very latest processing equipment and refining techniques," Mr. Hargis said.

Premier is today one of the leading independent refiners in

the State of Texas, and its operation is being integrated as far as possible so as to give the motoring public every advantage of consistently good products at maximum savings. In providing Texas communities with high quality petroleum products, Premier realizes its responsibility as a leading industrial enterprise. Therefore, it is vitally concerned with the success of civic affairs and takes an active interest in them. Mr. Hargis further stated that Premier's integrity is of paramount importance to all Premier personnel, and they will endeavor to continually merit the confidence evidence by the public during Premier's twenty years of operating in Texas.

Medford Walker is distributor for Premier's new Platformed gasoline in Baird and John W. Loven is distributor at Clyde.

Clyde Man Loses Legs, Drives Sales Route

Hamilton Wright
Reporter-News Staff Writer

Loss of two legs is enough to cause despair to an able-bodied man—but not to Roy McIntosh, 52, when he suddenly discovered he had innumerable "friends indeed."
Daily except Sundays he drives his Ford station wagon from 75 to 100 miles selling Watkins products to more than 1,000 patrons throughout Callahan County.

"I could have worried a great deal when I lay on my bed with both legs gone," he said. "I knew I was seriously handicapped, but my first thought was, if I could manage to get around when I got well, I could make a living."

And when operations in the Callahan County Hospital at Baird removed both legs just below the knees, a wave of sympathy among friends resulted in more than \$400 in cash being brought to him—unsolicited by any one—to help pay bills.

"Nobody made an organized move to raise it. The money flowed in from individuals spontaneously — big hearted, true friends. It made me feel like a million dollars to know that I had so many friends."

Misfortunes do not come singly. In the midst of his personal tribulation, a hailstorm ruined the McIntosh roof. Again neighbors rushed to his help. Not only did they re-roof the house, but they're painting it now.

For the last six weeks McIntosh has been making his rounds of customers in his recently purchased station wagon. And business has been improving, he says. "Everybody wants to help by buying from me," he remarked.

When the stubs of his legs healed sufficiently for him to get out on his sales rounds, his automobile had been worked over by Ed Freeman, Clyde auto mechanic. Freeman built a hand brake lever on the right side of the steering wheel, a clutch release lever on the left and a Model T Ford gasoline feed on the steering wheel.

"And he didn't charge me a penny for it," McIntosh said gleefully. "And lately when I traded for the station wagon he removed the contraption from my old car and put it on the new one."

McIntosh says his handicap as a Watkins solicitor is that he cannot open and close gates to pastures and ranches. For that reason he takes along with him Daryl Rutledge, 13, to open them and help in case of engine trouble.

Daryl is the son of the late Mr. and Mrs. Jess Rutledge who were killed in the Clyde tornado June 10, 1938. An infant then, he was saved by his brother, Don, who held him up above waters in a borrow pit. Don is now attending Abilene Christian College. He earned himself a national hero's medal for saving his baby brother.
McIntosh will have to give up

Daryl when school begins. But soon McIntosh expects to be walking on artificial limbs which have been ordered from Dallas. "It'll take me a little time with aid of crutches, but I'll make it," he said with characteristic determination.
McIntosh, born in Collin County, Jan. 9, 1899, came to Clyde with his parents, Mr. and Mrs. T. J. McIntosh, at the age of 4. After attending school here, he farmed until 1932, for a time operated a cobbler's shop, was a grocery clerk and was employed as meat cutter for the Clyde Locker Plant during World War II.

One day while working in a vault at the locker plant, he fainted. For ten days he lay unconscious in the Callahan County Hospital at Baird.
He resumed work, but felt he must get outside. So he began work for the Watkins Co. After a year and six months his leg gave him trouble. He was suffering from diabetes. He was compelled to return to the Baird hospital where the member was amputated Dec. 22, 1950. The other leg then gave him trouble. He returned to the hospital where it was also removed March 21, this year. Amputation in each instance was below the knee.

Then came the long siege of lying in bed and the determination not to worry. It was then that the neighbors began to send in money. "My, it pepped me up," he exclaimed.

His wife, the former Calla Appleton, Clyde native, worked for the Lankford clothing factory in Abilene to help pay extra expenses. She still works there, making the round trip daily. It was largely her inspiration and words of encouragement that made the future appear brighter, he admitted.
They were married in front of the Presbyterian Church in Baird on Dec. 15, 1917. They have two daughters: Mrs. Wilma Roberts, Norwalk, Calif., and Mrs. Herbert (Donna) Dittmore, Abilene.

Oh yes, they dote on their 10 1/2 months old granddaughter, Wilma Gayle Dittmore.

They are members of the Clyde Church of Christ. He attends regularly despite the limbs handicap. During his critical days, members came over, sang and administered the sacrament of the Lord's Supper every Sunday.

His station wagon contains shelves lengthwise on either side. A door admits housewives to inspect and pick liniments, spices, flavoring extracts and other items. He estimates he has over 1,000 customers, all "repeats."

He makes the entire county once a month — regularly. He drives up to the ranchhouse or farm residence, the housewife steps out to the wagon and into it. The larder is supplied for a month. He usually leaves at 7 a. m. on his "run" and gets back home about 6 p. m.

He has a board contraption to lift himself from his wheelchair at his home into his car.

68 Years Old, Yet Now Climbs 155 Feet to Work on Scaffold

HADACOL Relieves the Cause of Nervousness and Weakness When Due to a Lack of Vitamins B₁, B₂, Niacin and Iron.

Seems like more and more folks are finding out every day that they have to keep themselves in tip-top condition to really stay on the ball as far as doing a good job is concerned. Mr. John L. Napier, Route 1, Moselle, Mississippi, certainly found out that aches and pains, weakness and nervousness were interfering with his work as a bricklayer and carpenter.

But Mr. Napier heard how HADACOL was helping folks with such conditions that may have been due to deficiencies of Vitamins B₁, B₂, Iron and Niacin.

Here are his own words: "Before taking HADACOL, I was suffering with aches and pains for awhile. Then, came the time when I was weak and nervous. I am a carpenter and bricklayer. I also run a farm. I kept feeling bad and getting worse. Then I heard about HADACOL and immediately began taking it. After taking only one bottle, when I retired at 9 P.M. I would fall asleep immediately.

After the third bottle I went back to work, carpentering and laying bricks. Now, I climb as high as 155 feet and work all day on a scaffold. I have never felt so well in many years. I am 68 years of age. And, when there is no carpenter or brick work to do, I work on my farm, planting and harvesting my crops. Thanks to HADACOL."

There's a clue that may help you, if you are suffering from a lack of Vitamins B₁, B₂, Niacin and Iron. Why continue to suffer... why experiment... why let your distress drag you farther and farther down? For it is these very Vitamins and Minerals you may need that HADACOL supplies in a quantity greater than the minimum daily requirements. And this marvelous formula contains helpful quantities of Phosphorus and Calcium, too.

HADACOL builds up the hemoglobin content of the blood (when Iron is needed) to send these elements coursing, surging, throughout your body, to every body organ. Already dissolved, in a special liquid form, the elements are absorbed quickly and easily in your system. Carries a strict money-back guarantee.

STRENGTH AND SAFETY

The two elements which patrons look for in banking are Strength and Safety—the factors which have built the First National Bank into one of the pioneer financial institutions of Callahan County.

We offer our customers all the strength of a bank whose resources far exceed any possible need of its customers, and in whose strength is found the ability to take care of all the needs of its patrons. This strength is present both in the financial resources of this institution and in the seasoned experience of its personnel.

We offer patrons of the First National Bank the Safety inherent in an institution that has progressed through the years with a growing population and an increasingly resourceful citizenship. This Safety has been achieved through a history of sound operation, and adherence to the full program of federal methods in banking.

The First National Bank is anxious to render every possible service to its customers, and the facilities which we afford are constantly modernized to meet your changing needs. No account is too large for us to handle with absolute safety, and no account too small to receive painstaking service.

Let the First National handle all your banking needs.

Hospital Notes

Mrs. J. D. Miller shows very little improvement the past few weeks.
A. T. Scroggins, who was admitted the 30th for treatment, is feeling some better.
Mrs. Roscoe Higgins and infant son are getting along just fine.

David Neel, who was admitted the 26th for medical treatment, is feeling much better.
Among recent discharges are: Mrs. Bill Betcher and infant daughter of Abilene, Mrs. G. E. Sutphen, Mrs. A. O. Clare of Ocala, Mrs. T. T. Baker, Mrs. J. C. Caraway of Gorman, Mrs. B. Stegal of Houston, Mrs. J. O. Emory, Misses Clara Jester and Doris Black, G. G. Ingram, Tommy Ingram, Putnam and G. C. Mangum of Carbon.

B. W. Lofton is getting along fairly well.
MRS. SONNY BURLESON SHOWER HONOREE
Mrs. Forrest (Sonny) Burleson, the former Miss Katy Swafford, was complimented with a bridal shower, Thursday evening, July 26, from 7:30 until 9:00 o'clock, in the home of Mrs. Conley Pruitt.

Guests were greeted at the door by Mrs. Pruitt, and introduced to the bride, her mother, Mrs. Lillie Swafford, and to Mrs. Arthur Burleson, mother of the groom.

They were then asked to register in a lovely white leather, gold embossed bride's book, which was presided by Mrs. M. L. Hughes. A floating arrangement of red and white carnations in a huge goblet-styled vase, decorated the registrar's table.

After being shown the many beautiful and useful gifts by Mrs. Leon Swafford, Mrs. Opal Church and Mrs. A. V. Curtis, the guests were ushered into the dining room by Mrs. Clifford Curtis and Mrs. O. M. Lindsay.

The lovely lace-covered table was centered with a very modern arrangement of various colored zinnias and feather-leaved fern.

Mrs. Glenn Curtis, sister of the bride, ladeled punch from a large crystal cut glass bowl and assisted in serving refreshments of mixed toasted nuts, mints, orange and lemon thin cookies and iced fruit punch to approximately 25 guests.

FOLKS

In Our Home Town

By Atrelle Dill

Ummmm — last month of summer just rounded the bend — could be humorous to say how many shopping days 'til Christmas, but with the thermometer beating ninety, you wouldn't think that was funny at all — now would yuh?

Lots of nice folks visitin' nice folks these days. Mrs. George Simons of Oklahoma has been a guest with relatives here in Baird — the Homer Driskill's, the B. L. Boydston's, the John Bowlus's, and others.

Mrs. James Levrett, (at's Frances Haley) 'n younguns, Wilma and Jimmy, are visiting here from St. Martinsville, La. Frances is here to see lots of folks — her mon 'n dad, Pat and Stella Haley, the Eberts, Mrs. Jackson, 'n all her many friends.

Is tonight the date of Pop Whitaker's big Jamboree at the Rodeo Grounds? Then, by golly, we are a-go'in' — Pop is a good showman and when he puts on a shindig, he does it up brown.

Speakin' of music, did ya' hear the music at Trades Day last week? It was better than ever. And especially, did you hear Carlie Sue Hunter's song? Well, Jo Stafford, Patti Page, 'n those other big-wigs had just better look to their laurels, because Carlie Sue can do what they do better.

About the most important happening last week was the opening of the new Humble Super Service Station. Open house was held Saturday with Manager Burl Varner and attendants on hand to show you what is meant by "extra service." A tour of the lovely building, with its enameled wash-racks 'n all is enough to convince anyone that it is fully equipped to give that extra service, too. Saturday, with blimps, balloons, and flags flying, was "official" open house day, but Burl extends an invitation to visit and inspect the station just anytime.

"Thank you" to Gwen Brown, who sez' she's as big a "Drive-In" enthusiast as we are — now, that's a smart young'un — likes her shows served right at the car. And the shows, by the way, are getting better all the time. Those in the know say "Born Yesterday," comin' up at the Round-Up this week is one of those you just can't miss.

Mr. and Mrs. J. V. Thompson and little daughter, Mary Joe, returned last Wednesday from a business trip to Washington, D. C. They also visited relatives in Tennessee.

Mr. and Mrs. Herman Harper, of McAllister, Okla., are visiting her parents, Mr. and Mrs. W. D. Boydston, for a week.

Mr. and Mrs. Ernest Hill and daughter, Ernestine, returned Monday night from Borger, where they visited their daughter and sister, Mrs. Alvin Davis, and Mr. Davis. They also visited Mr. and Mrs. J. B. Massa and Mrs. Cliff Hill at Pampa, and on the return trip they stopped to see E. J. Hill, a senior student at Texas Tech, Lubbock.

Mrs. T. C. Powers, Sr. of Corpus Christi and her daughter, Wilma, of South America were guests of Mr. and Mrs. Marvin Hunter Sunday night and Monday. They were enroute home after visiting relatives at Electra and Vernon.

Mr. and Mrs. R. C. Barnard and little son, R. C. Jr., Mrs. R. F. McQueen and Miss Marquata McQueen left Tuesday on a vacation trip to East Texas, where they will visit Mr. Barnard's mother, and to Indiana, where they will visit Mr. and Mrs. Ermin Robbins.

Mrs. Mae Florence was taken to an Abilene hospital Saturday after several days illness at her home here.

Mr. and Mrs. Jake Shelton and Barbara, visited relatives in Abilene, Saturday.

I have opened the E. C. Fulton Barber Shop for business, and shall appreciate your patronage.

BREEDING-O'SHIELDS WEDDING JULY 20

Belle Riley Acres, the home of Dr. and Mrs. William R. Snow, on the San Angelo highway, was the scene of the wedding of Clara Dean Breeding and Herman O'Shields, Friday night, July 20. The bride is the daughter of Mr. and Mrs. J. R. Breeding of Oplin, and the groom is the son of Mr. and Mrs. Luther O'Shields, of Lawn.

The double ring service was read by Rev. Harvey Kimbler, pastor of the Merkel Baptist Church, in the presence of a few friends and relatives.

The bride wore a light blue suit with white accessories. Her white hat was decorated with pink carnations, which were also used for her corsage, carried on a white Bible.

Her only attendant was Mrs. Myrtle Bumpus, who wore a blue lace dress, with a wide-brimmed white hat. Her corsage was also of pink carnations.

The bridegroom was attended by Thurman Lambert, brother-in-law of the bride.

At the reception, Reta Gavle Bumpus registered guests. The bridal table, laid with white linen, was appointed in crystal. It was decorated with pink carnations, carnations and white asters. The tired wedding cake was topped with the bride's corsage. Mrs. Bumpus ladeled punch, and Mrs. Abe Crutchfield served cake.

Following a short wedding trip the young couple is living at 1342 North Third St., Abilene.

The bride is a graduate of the Oplin High School, also Novice High School, and attended Draughts Business College.

The bridegroom was graduated from Lawn High School, and is a veteran of World War II.

Mrs. M. E. Cargal, of Wichita Falls, visited her parents, Mr. and Mrs. L. R. Hughes, the latter part of last week. She returned home Friday, accompanied by Mrs. Hughes and Mrs. Harold Miller and son, Hal. Mr. Miller went to Wichita Falls Saturday night and returned them to their homes here Sunday.

NEW HIGHWAY ROUTE BECOMING WHITENAY

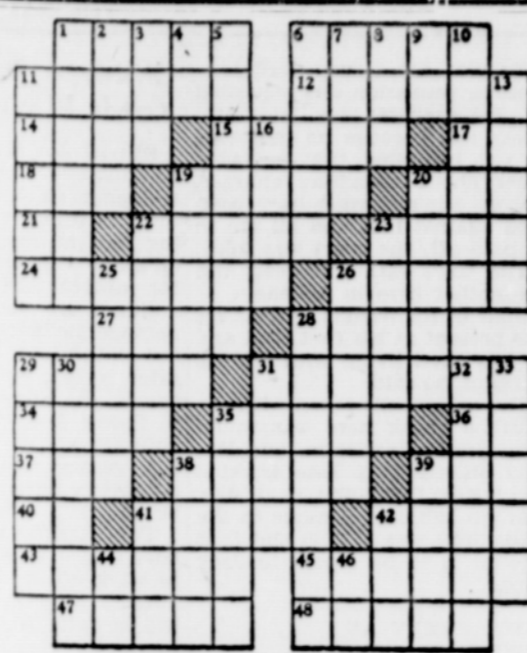

As new businesses open up on the new Highway 80 through Baird, the street is becoming a whiteway. The bright lights from the service stations give folks a good impression of our town when they drive into Baird from either direction.

The new Humble Station is the latest to add its bright flood lights to the scene. Next in line will be the opening of the new Hughes station and tourist court at the west end of town.

With traffic directed over the new route, there will be a number of signal lights installed along the way. Traffic paths will be installed for the protection of motorists, and all of these installations will contribute to the appearance of our town.

Baird Has Plentiful Water Supply

All the towns in this wide area are now placing their usual restrictions on the use of water. We read in all the newspapers from neighboring towns, and hear the same plea over the radio, begging their people to conserve water.

Baird people can remember how they, too, had to save water up until only a short year ago. For several summers in a row we had to pay as high as \$2 per thousand gallons for drinking water. During those dry, hot summers, our shrubbery died and our homes and business houses were endangered by the chances of fire. The inconveniences the water shortages would cause are now almost unbelievable. Many people were denied a bath. They either took a sponge bath when they bathed or they went to the railroad lake near town for a dip.

Today we drive around town and see sprinklers on almost every lawn. Shrubbery looks fresh even in this dry season. People are not complaining about the lack of water. Each time a glass of our sparkling clear water is raised to the lips of a Bairdite, a glow of pride comes over him, and he drinks the water down with pleasure and smacks his lips because it's good. Visitors in

our town are quick to learn that we have good, soft water and are lavish in their praise for it. They discover a great deal of civic pride in the fact that Baird has a new lake.

THIS WEEK IN Washington

THE BATTLE of price and wage controls and rollbacks continues in the congress, with the thinking of congressmen obviously tempered by the truce talks in Korea and not by the necessity of keeping rolling on a mobilization program, if this nation is to survive.

The opinion here in Washington is that the Korean cease-fire will be successful. If it is, what will happen? Will farmers who took the lead in opposing government ceiling prices wish they had these ceilings? Or will the price support program be sufficient to stem a collapse in farm prices? There is at this juncture, a picture of bumper crops of corn, cotton, wheat, oats, soy beans and livestock. Will the impact of these huge crops, plus an easing off of immediate demands, force down prices on farm commodities? Some here think it will.

Some believe that unless the government undertakes a huge export program that the farmer will be rushing to the government with his corn, cotton, wheat, rice and other grains for government loans under storage, again building up huge government holdings which in themselves tend to slow up price increases.

With rents going up 20 per cent as permitted under the new controls act, with roll-backs prohibited (as this is written) and with certain ceilings knocked out on many commodities, the prediction here is that it will be necessary for another round of wage hikes, if the working folks are to keep even with the board. And with the marketing quotas knocked from under the beef control program, many here predict black-market beef will flood the market.

With the controls act watered down, as now appears certain, there is much evidence here in Washington that the long range picture is for higher prices, except farm prices and higher wages.

Western senators, Republican and Democrat working together, teamed up on their colleagues to restore much of the slashes in the department of interior appropriation measure made by the house. At the same time, they gave a spanking to Senator Carl Hayden

of Arizona who attempted to defy the administration ban on new projects during the emergency, by voting down a \$12,000,000 appropriation to start eight new reclamation projects during the current fiscal year. The westerners defeated a move by Senators Douglas of Illinois and Ferguson of Michigan to cut bureau of reclamation funds by \$16,000,000 and again on a motion by Ferguson to reduce the same funds by \$10,000,000. Western senators, led by O'Mahoney of Wyoming, declared cutting these reclamation funds on projects partly completed and already under contract would not be economy in the long run.

Senator Kerr of Oklahoma salvaged some money and power for the southwestern power administration after, the senate had voted to limit use of a \$300,000 continuing fund for that agency, by adding \$250,000 to the SPA construction fund for purchase of electricity and leasing of transmission lines.

The foreign relations committee took up the President's request for a joint resolution ending the state of war with Germany. Consideration of the proposal was delayed because nine members of the committee have been junketing in Europe and only returned July 15.

Despite the small business committees in both houses of congress and the fact that every member is elected by the votes of "consumers," Sen. Guy M. Gillette of Iowa has introduced a resolution to create a special 13-member senate committee on consumer interests. Fourteen Democrats and eight Republicans joined him on the resolution. Senator Gillette said consumers were entitled to be represented and protected as other groups are "yet there does not exist any effective agency in the congress through which the consumers voice can be specifically heard."

Some one suggested, however, that there are 435 members in the house and 96 members in the senate who are supposed to represent the consumers in the congress.

GETTING SOMETHING FOR NOTHING IS BAIRD'S NO. 1 MYSTERY

Considerable comment has been made during the recent past concerning the musical jamboree presented on Baird's main street every Saturday afternoon and once each month at some place in the county. Folks have begun to wonder who pays the entertainers. Upon inquiring they learn that the musicians serve without pay — primarily for the sheer pleasure they have. Still it is difficult for some folks to believe that good, professional musicians would drive miles to Baird every Saturday afternoon just for the fun of making music for those who gather around them.

Regardless of how you might try to add it up, the answer is the same no matter how untrue it may seem to be in this age and time. There are still a few people who do what they like to do without pay. E. P. (Pop) Whitaker is the ring leader of this jamboree stunt. He started it and is keeping it going. There are a number of other good musicians who are giving him the necessary support, too, to make the jamboree a sure-fire shot every time the crowd gets together. Such outstanding entertainers as Gene Wilcoxon and Therenne Crites from Cross Plains Route 1, Fort Archer from Cottonwood, Irene Mauldin from Rowden, George Sadler and his little son, Pat, C. T. Nordyke, Dolores Flores of Baird, and the gang of professionals from Abilene with Mac Fletcher leading the pack which is composed of Ray Russell, Jay Glaze, E. F. Averett, Dorothy Averett, Roland Smith, Joan Smith and Alice Patton. Once in a while a young lady like Mildred Chapman of Fort Worth drops in to render a vocal number. Then we have a few tiny tots like Carlisle Sue Hunter to sing over the mike.

All of these entertainers were on hand to play and sing for the crowd in Baird last Saturday. None of them were paid, but the pleasure they received seemed to be all they wanted. The handclap from the appreciative audience sometimes is worth much more than silver and gold.

When Pop Whitaker calls all his Young-Uns together tonight for the big jamboree at the Sheriff's Posse grounds, they will come from all directions. Entertainers from Abilene, Tye, Clyde, Cross Plains, Cottonwood, Rowden, Putnam, Rising Star, Cisco, Moran, Coleman, Albany, and a wide area around these towns are expected to be present.

Loud speakers will be set up and the grandstands will be open to the public free of charge. Pop Whitaker and his Young-Uns want to play for the biggest audience they ever saw.

If you don't believe the best things in life are still free, just come to the jamboree Friday night about 8 p. m. and see for yourself. You won't be disappointed.

State Fair of Texas Expects to Set New Attendance Records with Top Attractions

The State Fair of Texas has virtually completed its lineup of major attractions for the 1951 exposition, Oct. 6-21. James H. Stewart, executive vice president and general manager, has revealed.

The biggest and best of all state fairs expects to crack wide open the national records set by last year's fair, which drew a whopping 2,176,519 attendance, Stewart said. Here are some impressive samples of this year's top-caliber attractions:

"Guys and Dolls," successor to

"South Pacific" as Broadway's hottest musical smash hit, will play 24 performances in the Auditorium. An impressive cast is headed by Movie Star Allan Jones.

The Pan-American National Hereford Show will have more than 500 whiteface aristocrats competing for \$25,000 in premiums. Total livestock and poultry premiums add up to a record \$90,414, highest in history. There will be 26 breeds of beef and dairy cattle, horses, swine and Angora goats shown.

There'll be a bigtime college football game in the Cotton Bowl each Saturday of the Fair—SMU vs. Missouri Oct. 6, Texas vs. Oklahoma Oct. 13 and SMU vs. Rice Oct. 20—plus six other games.

Featured will be "The Storybook of Texas Agriculture," revolutionary new presentation of Texas' agriculture riches in a massive, animated display; a Science Engineering Show that will show how research laboratories of the nation's industrial giants are creating modern miracles of science; the 35th annual Southwestern Automotive Exposition, south's largest automobile show.

The fabulous million-dollar Midway will be bigger and brighter—with the nation's best sideshows, 33 great thrill rides, a half-acre of rides just for the kids, and the sensational Sky Wheels, towering double ferris wheel that will carry fun-seekers to new heights indeed.

Free lectures, flower shows, contests and a vastly expanded list of competitive classes will boost the Women's Show to the top among the nation's events of that type.

And that's only the beginning. Stewart promises. There'll be Ice Cycles of 1952, the Aut Swenson Thrillcade, thousands of glamorous, free exhibits, farm machinery, free aerial acts, scores of special events, free fireworks and entertainment, to make the 1951 state fair the world's biggest entertainment and education bargain.

Mrs. James V. Levert and children, Wilma and Jimmy, of St. Martinville, La., are visiting Mrs. Levert's parents, Mr. and Mrs. Pat Haley. Weekend guests of Haley's were their daughter, Mrs. Carmen Fuller and son, Don, of Monahans.

A PHOTO OF YOUR FAMILY

AT THE

CALLAHAN COUNTY PIONEER REUNION

TO BE HELD HERE

AUGUST 10, 1951

We will have all the necessary equipment to make photographs of family groups at the Callahan County Pioneers Reunion.

Plan now to have your family's picture taken at the reunion. Pictures priced as low as \$1.00 each if as many as ten are ordered by the family.

We realize that we will not be making any money at this rate, but would like to afford everyone, as well as ourselves, this wonderful photographic record each year of the reunion.

We are looking forward to seeing all of our old friends at the reunion this year.

Yours truly,
GEORGE HALL,
Weslaco, Texas.

MONEY-BACK GUARANTEE—H. C. Vandervoort, president of Vandervoort's, Inc., is so pleased with the extra richness of his new Royal Ice Cream that he is inviting all ice cream lovers to try it. If, after serving Royal in their favorite flavor in the Half-Gallon Bulk Pak to family and friends, they don't agree it is the best ice cream they ever bought, he will personally see that they get their money back.

Vandervoort's New Royal Ice Cream Now Available

H. C. Vandervoort, president of the Fort Worth dairy that bears his name, has announced the creation of a richer, finer quality ice cream; Vandervoort's Royal Ice Cream. It is now available in pints and half gallon bulk-paks at all Vandervoort dealers. Vandervoort's Royal Ice Cream is made from the finest ingredients to assure extra richness, and the most delicious flavor and texture. It is made by a special recipe which is the result of many months of tasting and testing.

Vandervoort expressed his delight with Royal Ice Cream by offering a money-back guarantee. His offer to ice cream lovers is, "Get a Half-Gallon Bulk Pak of Vandervoort's Royal Ice Cream or Sherbet in your favorite flavor. Take it home; try it and have your family and friends try it. If

you don't say it's the richest and most delicious ice cream you ever bought, I'll personally see to it that you get your money back! I'm just that sold on our new Royal ice cream and sherbet line!"

Vandervoort's Royal Ice Cream is available in chocolate, strawberry, cherry-vanilla, Texas pecan crunch, peach, black raspberry ripple and sherbet in lime, pineapple, orange, raspberry and apricot. Nothing but real vanilla is used in flavoring Royal vanilla. Philadelphia chocolate adds richness to the chocolate Royal and pure fruits add their fresh, mellow tang to all the many fruit flavors.

Vandervoort's Royal Ice Cream package may be distinguished by the royal maroon background and the green and white label.

Friends Save Oplin Youth From Penitentiary After Conviction on Cold Check Charge

Last week Jimmy L. Roberson, bright-looking 20-year-old Oplin youth, faced two years in the state penitentiary for passing a worthless \$1,037.50 check to Jack Yonge Motor Co. Abilene, for a 1948 Dodge.

Friday District Judge Owen Thomas heard friends of his family testify that they would help look after the youth and keep him on the lawful track if the judge would give him another chance.

Judge Thomas probated his two-year sentence, placing him on probation to a Callahan County neighbor, John Jordan.

He warned the youth he must avoid injurious habits, including the drink which the youth blamed for his present trouble; must stay away from all unlawful acts, and must reside in Callahan County.

Defense Attorney Dallas Scarborough told the court that he personally would pay off all the checks against the youth from money contributed by his friends in the courtroom. The youth admitted passing numerous checks here, in Coleman, in Mineral Wells and elsewhere since his "undesirable discharge" from the Army after 16 months service.

No plea for a suspended sentence or probation was requested by Roberson at his trial two weeks ago because he indicated he was ineligible, that he faced other check swindling charges. But no other charges have been filed against him and all are to be paid off, the court was told.

The boy's father is dead and his mother lives in Abilene.

None of his friends or relatives was present at his first trial and he has been living with friends in Oplin, he said.

The automobile taken with the \$1,037.50 check here was found abandoned near Oplin, and Deputy Sheriff Troy Tate arrested the youth there the next day. Scarborough said damage to the automobile was \$199.50 and that amount is to be repaid to Jack Yonge.

LAWN PARTY AT LAWRENCE HOME

A lawn party was held at the home of Mr. and Mrs. J. T. Lawrence Tuesday evening, honoring their granddaughter, Yvonne Melton. The group roasted wieners, ate watermelon, and enjoyed outdoor games.

Present were Sandra Stewart of Ft. Worth, Carroll Gibbs of Longview, Jerry Jones, Beverly Koneczak, Ethelene Tabor, Mary Brown, Suzanne Sladous, Carolyn Nichols, Rosalind Monzello, Betty Lou Smith, Mary Jo Goosby, Virgie Mae Stevenson, Yvonne and Sharon Melton, Julie Ann Lawrence, Mary-Marta Borman, J. E. and John Bullock, Robert and Jerry Corn, Leslie Nichols and Jackie Corn.

VISITS PARENTS BEFORE GOING TO OKINAWA

Mrs. Nita Gonsalves, of El Paso, visited in Clyde last week with her parents, Mr. and Mrs. H. C. Cotton. She was accompanied on her return to El Paso by her mother. The two will go to Phoenix, Ariz., to visit their son and brother, Connard Cotton and family. From Phoenix Mrs. Gonsalves will go to the Coast and said August 1, for Okinawa, to spend the coming year in Civil Service, at the United States Military Base.

Mrs. Gonsalves has just concluded a year's work with Civil Service at Fort Bliss, El Paso.

RECENT BRIDE HONORED

Mrs. Jerry Calloway, nee Betty Francis Goosby, was honored with a bridal shower on the lawn of the Clyde Baptist Church, Thursday evening, July 26.

Ladies of the Clyde Church were hostesses for the occasion. Refreshments of sandwiches, cookies, punch, and mints were served to the many friends from both Clyde and Baird who gathered to see Betty open her many lovely gifts.

Norris Baulch and Dale Parks spent Sunday in Gainesville visiting Misses Ann Buckingham and Jean Flowers.

Children Damage Yards Playing Ball

Sheriff Joe Pierce has received numerous complaints from residents in the east part of town in regard to children playing ball in the streets. Besides creating a hazardous condition for motorists in that area, the children are doing considerable damage to lawns. It is nothing but natural for a boy to chase after a ball when it is batted across the street and lands in a flower bed. But parents of children should take notice of the games and see how the neighbor's yards are taking the beating.

The sheriff suggests that the boys find a vacant lot on which to mark off a diamond with the owner's permission. There they will be safe, the neighbors won't complain, and everybody will have a good time.

Church Says Farewell To Rickerson Family

A large crowd of members of the Church of Christ gathered on the grounds around the church building here Monday evening to participate in a cake and ice cream party in honor of Mr. and Mrs. Leslie Rickerson and their children, on the eve of their departure.

Brother Rickerson was minister of the church here for nineteen months, and resigned recently to accept appointment as minister of the Church of Christ at Thermopolis, Wyoming.

Leaving Baird Tuesday they plan to reach their new home early next week.

The Rickersons have two children, George, 4 years, and Betty Jane, 7 months. The family has made many friends throughout this community during the time they have lived here, and they will be missed by many who do not belong to the church as well as church members.

Church Says Farewell To Rickerson Family

Mr. and Mrs. Clifton Hord and Robert and Tommy Loper visited Mrs. Hord's parents, Mr. and Mrs. Humphries, in Sipe Springs, Sunday.

Mr. and Mrs. Dale Glasson and little daughter, Ann, visited Mrs. Glasson's parents, Mr. and Mrs. J. E. Brown, at Gorman last week.
