

Rev. Roger Powell Named Pastor Of Baird First Baptist Church

BAIRD — Rev. Roger Powell has accepted the pastorate of the First Baptist Church of Baird, and is in the process of moving to Baird with his wife, Mary, and two children.

The Powells are moving here from Fort Worth. He will fill the vacancy created by the resignation of Rev. Carroll Green in August of this year, who is now pastor of the Hale Center Baptist Church.

Rev. Powell attended Grand Canyon College in Phoenix, Ariz. He is a graduate of the Southern Baptist Theological Seminary in Fort Worth, and pastored the First Baptist Church of Wade, Okla., while attending the Seminary. He has been pastor of York Road Baptist Church in Dayton, Ohio, and Grant's Lick Baptist Church in Alexandria, Ky.

Rev. Powell was guest speaker at the First Baptist Church here Sunday, Dec. 19, in view of a call by the church, and was accepted. The family is scheduled to move into the newly

decorated parsonage this week. Retired minister, Lawrence Trott, of Abilene, served as interim pastor of the church after the resignation of Rev. Green.

The Powell's two children are Timothy, age 5, and Jeffrey, age 2.

May we extend a welcome to the Powells as they become residents of Baird. A warm welcome from you as a citizen always means so much to a new family.

REV. ROGER POWELL

Elizabeth Elliott Measures 2 Angus Cattle In National Program

BAIRD — Elizabeth Elliott, a registered Angus cattle breeder from Baird, Texas, measured the weaning and yearling weights and grades of 2 head of cattle during 1971, Lloyd D. Miller, executive secretary of the American Angus Association reports.

The records which will help Elizabeth Elliott breed faster gaining more efficient cattle were recorded in conjunction with the Association's Angus Herd Improvement Records (AHIR) program. They were processed on the Association's modern computer data processing equipment at St. Joseph, Missouri.

The AHIR program is designed to help cattlemen do a professional, scientific job of cattle breeding by measuring the economically important traits of a beef cattle herd. After cattle are weighed and graded on the farm the information is sent to the Association office. Special reports are prepared and sent regularly to each Angus breeder enrolled in the program. This

gives the breeder the weaning and yearling weight and grade record of each animal in his herd as well as the lifetime progeny record of their sires and dams.

The AHIR program is the fastest growing department in the American Angus Association. Last year there were 71,899 weight records recorded by Angus breeders, an increase of some 20 percent over a year earlier.

Warm Days End, 40 Degrees Follows

BAIRD — After two beautiful days with temperatures above 70 degrees for the Christmas holidays, residents of Baird were surprised with a temperature of 40 degrees Tuesday morning. Slow falling moisture was the weather for the day with early morning fog. Long lasting winter weather is yet to begin as we start the new year of 1972.

The need for moisture is not great at this time as fields and pastures still are soaked with water in some parts of the county. Late in arriving was the moisture so badly needed at one time during the summer months however for the most part everything seems to be in good shape for the winter, in case it should arrive some morning with ice, snow and cold wind.

EULA EPISODES

By MRS. E. F. OLNEY

EULA — The old year is coming to an end and the new year is fast approaching. Each one of us should stop and make new year resolutions. For mine I want to be a better friend and neighbor and faithful to my church.

Mrs. Jo Nell Lilly came home during the holidays, but will return to the Houston Hospital for further treatment.

This community could use some moisture since the small grain is looking bad.

Visiting in the home of Mr. and Mrs. R. D. Favor Sunday were Mr. and Mrs. Bob Favor from Brady, Mr. and Mrs. Garland Cranfill of Abilene, Mr. and Mrs. John Allen of Odessa and Joe Favor and Lisa of Dallas.

Burl Loving of Irving and Mr. and Mrs. Lee Holly of Clyde visited Mr. and Mrs. Porter Loving Sunday.

Pat Morgan of Odessa visited her sister and family Mr. and Mrs. Virgil Cole during the holidays.

Only she can tell you what a feed is really worth

Not in words, of course. But in dollars-and-cents return over your feed cost.

If you feed a cheap supplement, your results may not be worth talking about. Feed MoorMan's® with your grass or roughage and reports of good results are much more likely to come through loud and clear. Why?

1. What's put into each Mintrate® and Premix-trate® goes only proteins, minerals, vitamins and other high-quality working ingredients.

2. What's left out: You don't buy back grain or grain leftovers. Feeds loaded with bran, midds and mill screenings can sell for less per ton—but they can't help keep your total feed cost low.

Let's do some feed-figuring soon. Your MoorMan Man...

UNDERSTANDING THE SCRIPTURES (conclusion)

In this article let us sum up and itemize some of the rules which we have studied which will help us to have a better understanding of the scriptures.

1. Every man is not right just because he thinks he is right. "There is a way that appeareth right unto a man, but the end thereof are the ways of death." (Prov. 14:12).

2. God expects man to understand His will. "Be not unwise, but understanding what the will of the Lord is." (Eph. 5:17).

3. We must understand it in order to be saved. "He that doeth the will of my Father which is in heaven." (Matt. 7:21).

4. We must be willing to accept what God has spoken. Prov. 2:1-9.

5. We must "cry after knowledge." (Prov. 2:1-9) That means that we must earnestly and deeply desire it.

6. We must "seek after it as for silver and hid treasures." (Prov. 2:1-9).

7. We must not misapply the scriptures to things they were never intended to represent. (2 Pet. 3:16).

8. We must not add anything to, nor subtract anything from what the word of God says. (2 John 7).

9. We must rightly divide the word of truth. (2 Tim. 2:15).

10. We must accept the word of God as a full and sufficient rule of faith and practice. (2 Tim. 3:16, 17).

If we will follow these rules we can come to an understanding of the Lord's revelation to us showing us the way from earth to heaven where we can have everlasting life with the Father.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

AUSTIN — Gov. Preston Smith is keeping everybody guessing on timing of the important 1972 special legislative session.

The Governor said he will wait "until the last minute" to call the session, primarily for passage of the 1972-73 state appropriations bill, hoping latest revenue estimates will curb the inevitable tax bill.

On the other hand, he said he could not rule out possibility of calling the lawmakers back to Austin smack in the middle of the primary election campaign - between the February 7 deadline and the May 6 first primary.

Smith did make clear he is giving little consideration to pleas by some state representatives for an early 1972 session on replacement of Speaker Gus Mutscher. Mutscher's bribery trial is set for February 28 in Abilene.

"It is my responsibility to call a special session because of an emergency," said Smith. "Replacing the speaker is not an emergency of that importance. The speaker has very little to do between sessions, anyway."

The Governor pointed out that a U. S. Supreme Court ruling may invalidate political filing fees and create an emergency demanding a special session early in the year. A law attacking the old filing fee structure is pending in the Supreme Court. A new suit challenged the 1971 filing fee law last week.

"It is entirely possible we will have to call a special session soon after January 1 if the filing fees are held unconstitutional."

national," Smith commented at a news conference.

July 1 (after the second primary) would be about the latest date for summoning a session that could pass a budget bill by September 1, start of a new fiscal year, Smith calculated.

CITY SALES TAXES CLIMB — More than 420 cities levying local option sales and use taxes received over \$40.2 million from the source during the quarter which ended September 30.

Comptroller Robert S. Calvert said the take from the one per cent levy actually was more than \$41 million from which was deducted the state's service fee before the money was returned to the cities.

Major cities, of course, received the biggest share of the total. Houston alone got \$8.1 million, Dallas \$5.7 million and San Antonio \$2.6 million.

ETHICS CODE CHALLENGED — Secretary of State Bob Bullock has questioned the constitutionality of the new code of ethics for state officials and asked for an attorney general's opinion.

Bullock noted the caption of the controversial law does not properly describe a provision requiring financial statements of income sources and investment by elected and appointed officials and state employees.

The Secretary also raised questions about makeup of the 12-member Ethics Commission, pointing out six members are legislators chosen by the House and Senate, even though the constitution prohibits legislators from voting for other lawmakers for offices.

STATE AID EXTENDED — Dallas received more than \$2.3 million and Muleshoe \$51,168 in state matching fund loans to

help pay for new wastewater treatment facilities construction.

Cities were the second and third to benefit under the new state aid program approved by Texas voters last May which created a bond fund from which up to 25 per cent of a project's cost can be advanced by the state. The federal government will contribute 55 per cent of eligible project costs. Conroe received the first such aid - in the amount of \$443,000.

The Dallas project involves construction of a new sludge disposal facility at the White Rock wastewater treatment plant. Muleshoe plans a new treatment plant on Blackwater Draw south of the city, the first facility of its kind on the High Plains area.

MEXICO TIC CURB ADVISED — Texas Industrial Commissioner has been advised to take a careful look as its new Mexico City office results before its expands foreign trade efforts of the type.

Texas Research League told TIC several other states tried trade offices in other countries during the 1960's but abandoned them as unsuccessful.

TIC inaugurated the Mexico City office October 1 as part of its \$150,000 a year international trade effort.

The privately-financed Research League recommended that TIC "carefully evaluate results of the Mexico City office before it becomes a long-term commitment and before any additional foreign offices are opened." First reports from the office indicate prospects for success are bright, TIC indicated.

APPOINTMENTS — Charles G. Shandera of Houston was named, by Court of Criminal Appeals, Presiding Judge John F. Union Jr. to the Texas Board of Pardons and Paroles, succeeding A. C. Turner.

Governor Smith named these new members of the state Advisory Hospital Council: Dr. Joseph T. Ainsworth of Houston; Larry B. Smith of Brady and C. Lincoln Williston of Austin. He reappointed G. Ray Hurst of Austin and Edward S. Reese of Gonzales.

Jim Hutcheson of Weatherford was named assistant counsel to the Texas Civil Judicial

Council. Marion R. Zetzman of Smith's Office of Comprehensive Health Planning has been named to the board of directors of the new American Association of Comprehensive Health Planning.

LIVESTOCK FACILITIES ON BORDER PLANNED — Bids are expected to be taken on two new facilities, for use in export of Texas livestock at Eagle Pass and Del Rio.

Texas Department of Agriculture will operate the facilities. Previous bids exceeded cost estimates. Old pens along the border were condemned for livestock use last July by the U. S. Department of Agriculture and Mexican authorities. Agriculture Commissioner John C. White said the facilities are important to a \$12.5 million export business.

TRAFFIC SAFETY URGED — An all-out "safety blitz" has been signaled by the Governor's office and cooperating agencies to prevent a predicted Christmas-New Year's traffic death toll of 100.

Governor Smith viewed Department of Public Safety projections with "shock and dismay" but did not dispute them. "Drive Friendly" material again is being circulated thru new media, and law enforcement officials are urged to crack down on violators.

PENAL CODE STUDY BEGINS — A committee of the Texas Criminal Defense Lawyers Association last week began a study of the proposed Texas penal code revision. The revision is the result of six years of research and drafting by a State Bar committee.

Defense lawyers expect to make recommendations to protect individual rights adequately. Prosecutors began a similar study last September through the Texas District and County Attorneys Association.

SHORT SNORTS — Some of the nation's top educators will participate in a symposium here marking the opening of education papers in the Lyndon B. Johnson Library. Three Houston area chemical pipants have been called on by

Texas Water Quality Board to explain why barrels of industrial waste are turning up in the Gulf of Mexico.

Second State Bank of Clear Lake City and Second LaPorte State Bank have been proposed in Harris County.

The Court of Criminal Appeals reversed Grimes County robbery convictions because the trial judge didn't tell the defendants the range of their possible punishment before accepting guilty pleas. Cigarette tax revenues in-

creased \$5.4 million last month over the same period in 1970 - to \$18.95 million during November alone.

Former Atty. Gen. Waggoner Carr filed a \$100 million damage suits against Houston promoter Frank W. Sharp.

Exchanging of gifts is always exciting for young and old. Entertainment also varied in some homes. Picture taking was enjoyed in the Tommie Harris home and especially so when all the Harris clan tried to sit on the divan for their picture. Lora Fay was nearly crowded out by all the men in her family.

Now we will be looking forward to Christmas in 1972 and wish you a Happy New Year.

Mr. and Mrs. Bill Lawrence were dinner guests of Mr. and Mrs. W. B. Sooter and supper guests of Mr. and Mrs. O. O. Sandefer Sunday, with a visit Sunday afternoon in the Cross Plains Rest Home and Raymond DeBusk home.
