## Sheriff's Posse Dues To Increase

COUNTY—From now until April 1, 1979, Callahan County Sheriff's Posse dues for the year will remain at \$5. However, effective April 1 dues will increase to \$10.

When dues are paid, this entitles a family to attend the rodeo free of charge.

## High Winds/Twister Slashes Thru Clyde Thurs.

CLYDE—Clyde residents awoke Thursday morning to find various scenes of destruction throughout the town.

A strong wind storm, possibly a twister, touched down in Clyde about 1 a.m. Thursday.

The roof of the Clyde field house was ripped off, and damage to the structure is estimated between \$4500 to \$5000 according to Clyde superintendent, L.F. Newton. The scoreboard was also blown down during the storm, and it is not known if it can simply be put back up or if a replacement will be needed.

The irony of the damage was that a metal building located directly by the field house was completely ignored by the storm.

Hawk Portable Buildings, owned by Endgate Hawk, suffered approximately \$5000 worth of damage. His father, John Hawk, stated that out of 25 buildings on the lot only 2 or 3 were not damaged.

Some of the large portable buildings were picked up and moved from one side of the office building to the other, but the office building itself was undamaged. And while some of the portable buildings were torn apart and smashed against each other, objects near them - like a can sitting on the porch of the office and

a small doghouse- were left untouched.

John Hawk was convinced that a twister had touched down in the area. He lives 1 mile east of the Clyde Dairy Queen on I-20, and several of his trees were damaged and lumber and metal was strewn along his pasture. The Hanner Chevrolet sign located close to his property was demolished, and on the west side of his fence three strands of barb wire were cut. However, 2 boards across the fence were left unbroken. Further down, a cross-tie post was completely blown down.

Bill Hawk, who owns Hawk Top Campers, was also plagued with misfortune.

A travel trailer was turned over, a cabover camper was found upside down; two campers were blown over the fence in a neighbor's yard with one ending up in a tree; a cabover was moved about 100 feet, and was rolled over in the process; and some of the campers on racks were moved 6 feet or better, according to Tommye Mitchell, employee.

Elsewhere a large tree fell down in front of St. Joachim's Catholic church and a substantial amount of lumber was blown into the back lot of Cherry St. Baptist Church.

# Callahan County ASCS News Report

COUNTY-Eligibility for participation in all programs administered by ASCS is established under law without regard to race, color, religion, sex, or National origin.

**1979 Program Sign-up**  
The final date for producers to sign Intention to Participate in this year's program for wheat, feed grain, and cotton is April 30, 1979. To date the sign-up has been slow and we urge those of you who intend to participate to come in now. Don't wait until the last few days and get caught in the rush. Producers with oats, wheat and/or barley will be asked to

certify their acreage and designate set-aside if no other NCA crops are to be planted. The total acreage of NCA crops plus set-aside cannot exceed the farm's NCA base.

**Proven Yields** Producers will be receiving notices of their NORMAL CROP ACREAGE (NCA) and YIELDS soon. Requests to prove a yield must be filed within 15 days from the date of the notice and production data furnished within 30 additional days.

**Shrub control** Applications are now being accepted for cost-share assistance to control shrubs by

mechanical means. As of this date we do not have authorization to use aerial spraying due to the ban imposed on 2-4-5-T by EPA.

**LTA** Long term agreements to solve conservation problems is a new program for this year. All practices available under our regular ACP, except the winter cover crop practice, can be a part of the conservation plan. We will be glad to discuss this program with interested producers. Final sign-up date will be March 30, 1979. Funds are very limited.

**Final Grazing Dates**—The final date to graze acreage set-aside is March 31 and March 20 was established as the final date to graze wheat or barley with the expectation of producing a normal crop. These two dates must be observed by those producers intending to participate in the 1979 program.

**Wheat Haying & Grazing** This part of the program has just been announced. The larger of 50 acres or 40 percent of the producer's intention to plant wheat, feed grain, and cotton can be diverted. The payment rate is the same as for deficiency.

**Report of Seed Peanuts purchased & Peanut Transfers**—Remember, for the first time peanut producers MUST file a report to account for the acquisition of seed peanuts at the time they certify to their planted acreage. June 14, 1979 is the final date to transfer peanut acreage.

**Measurement Service**—To avoid loss of program payments, crop and set-aside acres must be reported accurately. If you cannot accurately determine your planted crop acreage, we urge you to use this service. A fee for this service will be charged to cover the cost.

**Aliens Must Report Farmland Ownership**—Aliens who own or have a financial interest in more

than one acre of U.S. farmland or who gross more than \$1,000 from any plot of U.S. land must now report their holdings to the Federal Government, according to regulations issued recently by Secretary of Agriculture, Bob Bergland. Under the regulations, aliens who owned farmland before February 6, 1979, must report ownership by August 6, 1979. Those acquiring land after February 6, 1979, must report the transfer within 90 days.

Reports are made at the county office of the Agricultural Stabilization and Conservation Service (ASCS) in the county where the land is located. Failure to report could result in a fine of up to 20 percent of the property's assessed value.

## Illness Still Plagues Eula Area

EULA-Folks are really enjoying this pretty weather, but we received a pretty good hail Monday. Ricky Rister's roof was totally ruined. Several others were damaged badly. It was spotted that the camper trailer of Benny Ayers had the siding beat off of it, and I can't think I have ever seen it so dark for a time.

Eula still has lots of sickness. Mrs. Minnie Loving has been in the hospital for 6 weeks. She is seriously ill. Mrs. Bertha Harris will be in the hospital for another week, and must have a complete rest for several days.

Mrs. Lora Waters, who had the pacemaker installed 10 days ago, is home from the hospital and breathing much better.

Mrs. Jeannie Burton has been suffering from pneumonia.

Seems like lots of people are not feeling very well.

Mr. and Mrs. Reece Miller visited Mr. and Mrs. Bill Ferguson Sunday night.

Mr. and Mrs. Henry Burleson of Coleman visited Mr. and Mrs. Ira Willett Sunday.

Mr. and Mrs. Bob Pazour and John of Austin, Robbie and Tiffany Wilde, and Rev. Tim Slaton visited Mr. and Mrs. Joe Bentley Sunday.

Mr. and Mrs. Reo Jolly visited Mr. and Mrs. William Smith of Clyde Sunday.

Mr. and Mrs. Rufus Miller were supper guests of Mrs. Cynthia and Rose Farmer Monday night.

Mr. and Mrs. Eddie Flora of Miami, Florida, Mr. and Mrs. Cora Lee Thompson of Cisco, and Mr. and Mrs. Bill Brock of Sweetwater visited Mrs. Edith Brock the past week.

Mr. and Mrs. W.P. Stephenson visited her mother, Mrs. L.A. King, and her aunt, Mrs. Maggie King, who are in a rest home at Quitman, Texas and an aunt, Mrs. Ola McCoy, of Tyler, Tx. over the weekend.

Mr. and Mrs. Bob Polan of Abilene attended church at Eula Sunday and visited Pidge Miller.

Mrs. Emma Hughes and Helen Miller of Baird and David Miller of Arora, Colorado came by and got Pidge Miller and went to Winters, Texas and took little David Miller to spend a few days with his great-grandmother, Mrs. Smith.

Young people day at Eula was a great success. Bobby Lane, son of Mr. and Mrs. Bob Lane, brought his first message on prayer and it was wonderful. His relatives, Mr. and Mrs. Roy Lane, James and Wanda, Gay Nell of Eastland, Bonnie, Cindy and Christy Cryflower and Donnie Brown of Abilene, his grandparents, Mr. and Mrs. Elmo Burleson of Eula, and Tiffany Burleson of Brady were there.

Mr. and Mrs. Greg Peay and family of Fort Worth spent the weekend with his parents, Mr. and Mrs. Joe Peay.

Mr. and Mrs. Ricky Rister were dinner guests of his mother, Mr. and Mrs. Glenn Cannon of Abilene, Sunday.

## Cottonwood Receives Marker

COTTONWOOD — The historic Cottonwood post office was honored with a office was honored Sunday with a historical marker.

Mrs. C.B. Snyder of Baird, secretary of the Callahan County Historical Commission, and Bill Hart of Baird presided over the ceremonies that drew more than 100 persons to this tiny community of about 65.

The marker was placed on the building that was purchased in 1977 by Mrs. Ruby Lee Sandifer and her daughter, Suzanne, of Wheeler. Mrs. Sandifer's aunt and uncle, Cornelia and Ormond Sandifer, were residents of the community which had become a gathering place of the Sandifer family. When Mrs. Ruby Sandifer heard that

the building was to be torn down, she and her daughter purchased the structure to restore it.

The building originally served as a bank until it was purchased by Hazel Respass for \$200 to be used as a post office in about 1915. Ms. Respass served as postmaster of the town from 1918 until 1968. Billie Weaver Kelly then served as postmaster 1968-1975 when postal services were withdrawn from the town.

Both Ms. Respass, now about 85, and Mrs. Kelly attended the ceremonies Sunday.

Ms. Respass lives in a nearby nursing home and watched the ceremonies from a car parked near the old building she had served in for 50 years.

# IS THE CHURCH PART OF YOUR LIFE?

THE ART OF DOING GOOD

Wouldn't it sound funny if the Bible said Jesus "went about being good"? Instead it says "He went about doing good."

The person who goes about wanting to be something is usually one who is not meeting his ego-needs in a healthy manner. This kind of person is detrimental to the Christian cause. His outlook on every potential Christian involvement is expressed by "How can I use this occasion to enhance my reputation? Teaching a class, helping with church visitation, singing in the choir, or taking the offering—can I use these opportunities to help myself?"

Christian service is an end in itself—not a means to an end. Any other outlook will distort one's view. The real need is hidden from this person since what is perceived is twisted by his own unhealthy ego-needs.

As Jesus, we should go about wanting to do something. Our ego-needs are healthily met from deep wells of personal worth which flow from within us. And the larger agenda in our lives calls for kingdom service. Perhaps this is the meaning of the scripture, "And Jesus increased in wisdom and stature, and in favour with God and man" (Luke 2:52). The larger task was the end, and He was the means to accomplish it!

—Paul M. Stevens
