School Has Open House

The P. T. A. held open house of the three school buildings for the community Tuesday nite. The program began in the High School auditorium. Mrs. Dee Reese, Mrs. J. W. Gardenhire and Mrs. Bowles introduced the P. T. A.'s plans for the year. Mr. Morris, the superintendent, introduced the three principals, Mr. Robinson, Mr. Gravit and Mrs. Gooch and the principals in turn introduced their teachers. Former superintendent, S. F. Johnson, now of Plainview, was an honored guest. The program was adjourned and visitation was started in the various rooms of the three buildings. Refreshments were served to the visitors at the new grade school lunchroom. They were entertained with a musical program by the band.

Mr and Mrs Guy Thompson and girls were week end guests of Mrs C F Thompson, sr.

Miss Janet Jones visited Nancy Everett over week end.

Plains P. T. A. Formed

Ladies of Berry Flat and Mesquite Communities met last Monday to organize the Plains P. T. A. Mesdames Bill Stephens, Roland Swanson, Bill Stagg, Weldon Joe Cooley, Jack Smith, W. Rainey Smith, A. J. Rains, Hubert Walker, Bob Ludecke, E. S. Kingston, Saxton, C. C. Nunnally, Garland Doyle, Harlan Williams, Bill Riddle, John Stephens, Roy Burdett, Ralph Martin, and Mr and Mrs Hollis were present.

Mrs. John Stephens was elected president. Mrs. Bill Stagg, vice-president. Mrs. Jack Smith, secretary and treasurer. Mrs. Bill Riddle, reporter. Mrs. A. J. Rainey, parliamentarian. Mrs. Hubert Walker is chairman of the program committee. Mrs. Roy Burdett is chairman of the entertainment committee. The group will meet the first Monday of each month at 2:30 p. m. at the Plains school.

EAGLES BOW TO POST 13 TO 7

The Post Antelopes handed the O'Donnell Eagles a 13 to 7 defeat here last Friday nite in a non-district clash which was marred by a rash of fumbles on both teams. O'Donnell jumped into a 7 point lead midway in the first period when Quarterback Benny Clark rammed center for two yards and he also kicked the extra point. In the second quarter Darr, ell Stone, Post quarterback, hit Buddy Taylor with an 11 yard scoring pass and Stone passed to L W Evans to tie the score at 7 all. Post scored the winning touch down in the third period when the Antelopes recovered an O'Donnell fumble in the Eagles end of the field. Stone went 10 yards for the touchdown. O'Donnell had 9 first downs to 10 for Post. It was Clark all the way for the Eagles. He looked good on both defense and offense. Stone and Evans turned in a good game for Post.

Methodist News

Junior Friends met last Wednesday at 4 p. m. with 25 present. On Wednesday, Sept. 24th they will enact the Chariot Ride scene of Phillip and the Ethiopian. All parents and adult friends are invited to attend.

Sunday, Sept. 28th is Rally Day. The Sunday School year closes with a program by the Children's Division. It will be held in the Auditorium beginning about 10 a. m. and merging into the morning worship service and will be a part of this service. You are urged to attend. Come in time for the Sunday All church evening services will be held at 7:30 instead of 8 p m as previously. The choir will conclude the evening service with a singing song period. If you like to sing in an informal group, you will enjoy this opportunity. A friendly Church invites you to share with the congregation in friendly worship. H. A. Longino.

Editor Speaks At Rotary

E. I. Hill, publisher of the Lynn County News, spoke before the O'Donnell Rotary Club last Tuesday at their regular weekly noon luncheon. 35 men were in attendance including visitors from Lamesa, Tahoka, and Lubbock who heard Mr. Hill give an interesting talk on his recent tour of Mexico. The speaker pointed out that although Mexico, with all its beauty, was at our back door, few people visited Mexico on their vacations. A number of O'Donnell Rotarians went to Lubbock Thursday nite for the Inter-City meeting of Rotary Clubs. Orval Craven and Pete Hale were guests of the Club last Tuesday. Among those attending the Inter city meeting were J Mack Noble, Naymon Everett, Rev. H A Longino, Truett Hodnett and C. A. Doss.

FRESHMAN NEWS

The Freshman class had a meeting recently and Mr. Donahoo is the class sponsor. Other class officers are president, Patsy Moore, vice president, Donna Hobby, secretary, Freddy James, reporter, Roddy Peltis, snapshot editor, Hel, en Hoffman.

Joe Proctor recently purchased the Hackelman cafe fixtures and will open a cafe next door west of his barber shop. He will store his beauty shop fixtures.

A GOOD JOB

The City Board of Equalization was a busy office over week end. All problems were satisfied to the mutual agreement of City and tax payer except one large industry which may possibly go to court. The City should realize an increased income of about \$5500. Generally the Board made a good record and deserves praise for this difficult, and at times, unpleasant public service.

Before buying a mattress, check labels and tags carefully and get information on the material and construction. Buy the best that can be afforded.

Merchants Plan A Form Of Trades Day

"A Little Town Fights Back" might well be the title to this story. Under the sponsorship of the O'Donnell Lions Club, 31 merchants have joined hands in staging an Appreciation Day weekly and the first event will be Saturday, Oct 4th according to C. N. Hoffman, chairman of the Lions Club and ramrod of the business promotion idea.

Circulars will be distributed explaining the plan. Due to Federal and postal regulations, The Index must omit details but nearly any merchant will be glad to explain the Appreciation Day plan. The plan is copyrighted by a large firm which furnishes supplies, etc.

At The Cross Roads The Index hopes that success of this venture will merge into an organization of businesses here to tell the O'Donnell Story and revive our lagging business and bring more farmers to town. It is either for our little town to fight back with a business revival or see our town evaporate. We believe we are at the point of decision.

Dale Karpe of Texas Tech. student, spent the week end at home with his parents Mr and Mrs. H A Karpe.

Mr and Mrs C J Beach visited his sister Mrs Helen Rains at Berry Flat Sunday. Mrs Rains' grandson James "Red" Rains received a cracked elbow in last Friday's game and will be out of play for about 3 weeks.

Mrs. R E Hargis went to Hereford Friday to return her children here for week end. They are attending school there and the family will move there later.

Morris Sanderson of Seagraves was here on business Thursday.

Sgt. Blocker Home From Korea

O'Donnell was glad to welcome Sgt. Dan Blocker, son of Mr and Mrs. Shack Blocker, home over the week end from more than a year tour of duty in Korea, much of the time on the battle line. Dan arrived in the States at Seattle, Wash. and flew to El Paso. He returned Monday to camp at El Paso and will be home for good this week end after receiving his release. He remains in the reserves for five years.

Dan is the pride and joy of O'Donnell being perhaps the largest man ever "grown" here - with just as big a smile. Welcome, Dan.

Brownies Meet

The 4th grade group of Brownies Scouts met Friday and elected the following officers: president, Karen Morris, vice president, Daphaine Greenlee, secretary, reporter, Mary Beth Gardenhire and treasurer, Joan Lacy. The club has seven members: Karen Morris, Mary Beth Gardenhire, Becky Reese, Deliah Randle, Benny Layne Askew and Daphaine Greenlee. We made finger paintings last week and we met to visit a gin at our next meeting. Leaders are Mrs. W D Reese, Mrs John Morris and Mrs Elvin R. Moore.

NEW MOORE CLUB MEETS

The New Moore H. D. Club met Wednesday, Sept. 17 at the school. There were 12 members present and three new members to join that day. The roll call was answered with a kitchen gadget which was real fun. Minutes were read by the secretary, Mrs. Olan Blair. Refreshments of sandwiches, cake, and punch were served by this month's hostesses, Mrs. Virgil Adams and Mrs. Olan Blair. The next meeting will be Oct. 1st at 2:30 in the lunchroom.

Good Rain Falls

The first good soaking rain since last June registered 1.01 inches according to weatherman Ben Moore, sr. The fall began early Monday morning and continued thru the day in a lazy sort of way that kept runoff to a minimum. The near winter temperature kept any of the needed moisture from evaporating.

The fall was general thru out the South Plains ranging from .75 to 1.50 inches. The moisture is expected to benefit late feed, winter wheat pastures and add to next year's deposit of moisture. Cotton will be revived and the fruit will fill out but the improvement is of doubtful value because of the late date. If fall and winter rains soak the good earth, the drought will, of course, be broken, however one rain seems doubtful of marking the end to 8 dry years.

Eagles Play Lubbock 'B' Here Friday Nite

Friday nite the O'Donnell Eagles tangle with the Lubbock 'B' team at 8 p. m. on Johnson's field for what promises to be a very good game. Although losing the first two games of the season, the spirit is good and Coach Robertson thinks the tide will turn.

Although the Eagles are short a star player, Red Rains, due to a cracked elbow, Derry Moore is expected back for full duty after having a back injury. He saw only limited duty with Post. Changed from guard to full back is Don Fritz who is expected to give the Eagles a plunging back. Last Friday's game was weak in defense and blocking for ball carriers and this is being plugged.

Mrs. J Y Everett is visiting the Harve Everetts in Artesia, N M. Mrs. M E Kennedy, mother of Mrs Karpe, visited last week with Karpe family. Rain fall at Draw measured 2.7 inches according to S A Mensch.

8th Grade Elects Officers

The Senior class rings were issued Monday. They are oval shaped flanked by eagles. The sets are blue with an "O" in the center and the date at the top and bottom.

The 8th grade elected officers as follows: president, Mack Forb, es, vice pres, Dicky Harris, secretary, Suzanne Dale, program chairman, Polly Etter, helpers, Martha Weatherford, Barbara Arnold, Emma Morales, social chairman and helpers, Tony Amaro, Dan Seely and Johnny McLaurin. Room advisers and helpers, Kay Cabbiness, Karen Merrick, Jo Ann Eaker, beautification and helpers are Barbara Walrep, Ruby Bailey, Patsy Sutton, Antonio Rejino, welfare chairman and helpers are Johnny Billingsley, Tommy Mahurin, Katherine Franklin, B A Ford, buildings and grounds, Betty Snell grove, Patsy Clark, Frances Moore Janice Rector, Howard Owens; news paper committee, Raymond Witte, Wallace Cox, Wayne Jackson. Fire chief, marshal, helpers are Leo Harrington, Kenneth Sclap, Robert Reeves and Billy Ratliff; librarian, Ruth Jones, Bobbie Jo Enser.

The O'Donnell Jr High football team will play Tahoka Thursday Sept. 18.

7th Grade News

Mrs Gravit's 7th grade had a class meeting to elect officers for the room and for fire drills as follows: president, Gerald Barton, vice president, Terry Morris, secretary and treasurer, Margaret Cathey, reporter, Ethel Simpson, librarian Charles Simpson, fire chief, Gerald Barton, fire marshal, Charles Gass, Window monitors, Bob Cobb Jimmy Bowles, Jerry Gass and Wayne Shaw.

6th B News

The 6th grade had a meeting last Thursday. They elected as cheer leaders Marilee Dale and Lloyd Davis. The board cleaners are Ivan Eaker, David Gerry and Gerald Brunett. There is also a new pupil, Melvyn Gressett.

Children Need Dental Care

One half of all children between three and nine have never been to a dentist, according to surveys, and the State Department of Health tags that as one reason why there are some 284 million cavities in the teeth of American kids between those ages. Dr. Geo. W. Cox, State Health officer, recommends these four rules as a method of getting children into sound dental health habits:

1. A well balanced diet with consumption of sweets kept to a minimum. Sugar in excessive quantities produces the destructive mouth acids that cause dental decay.
2. Proper tooth brushing, beginning at an early age. This means brushing the teeth within 10 minutes after eating.
3. Early detection and care of dental defects. This will prevent larger troubles later. Neglect may produce serious dental problems which will continue through life.
4. Either access to drinking water from a community water system containing the proper amount of fluorides for tooth decay prevention, or application of sodium fluoride to the teeth at periodic intervals. Children who drink fluoridated water from birth have from one half to two thirds less tooth decay than those who drink fluoride free water. (Editor note: O'Donnell water and water of area has ample amount of excess of Fluoride salts.)
5. All parents are urged to realize that so called baby teeth are vital to good dental health in adulthood.

Liquid Nitrogen Sprayed On 1,000 Acres by Plane

How to fertilize a 1000-acre field
in a day was recently demonstrated
in Madison County, Ohio.

A new liquid nitrogen product
was used. The feat was made pos-
sible by direct transfer of the fertil-
izer from a railroad tank car to a
small plane on a landing field ad-
jacent to the train siding. The
loaded plane flew to a farm 20
miles away, sprayed the wheat
field, and returned to the siding for
another load, all in about 15 min-
utes. Six thousand gallons, in all,
were used in this first rail-plane
fertilizing operation.

The railroad predicted a large-
scale system of fueling centers for
liquid fertilizer in the future.

For many farmers, the event re-
called other chapters in the story
of railroad agricultural develop-
ment and assistance to farmers.

On March 1, 1911, in Broome
County, New York, the first county
agent in the United States was
hired at the suggestion of a Lack-
awanna vice president. The rail-
roads, in fact, paid part of his
salary. Subsequently, many eastern
railroads established their own ag-
ricultural departments, and worked
with the agricultural colleges, run-
ning farm demonstration trains into
rural communities. Soil conserva-
tion, better livestock breeding, new

For the first time, liquid nitro-
gen fertilizer was transferred
direct from a railroad tank car
to a waiting plane. The plane
flew 20 miles to a 1000-acre
wheat field, sprayed its load,
and returned to the siding for a
quick refill—all in about 15 min-
utes.

crops—a notable example being the
soybean—were all the subject of flat
car lectures and traveling exhibits.

These agencies engage in educa-
tional work among farmers and
shippers to see that the farmer's
products get to market in as good
condition as they leave the farm.

All this, of course, is not pure
philanthropy. The railroads, which
are self-supporting and operating
on narrow profit margins, feel their
stake in American agriculture is

Do you dread washday?

Then you need an automatic GAS CLOTHES DRYER

If you still dry your laundry
outdoors, you're working much
too hard. You need an automatic
gas clothes dryer that dries
clothes indoors... dries them
fluffy-soft in a matter of min-
utes—rain or shine. Gas dries
laundry faster than summer
sunshine. Gas costs little, too—
only a few pennies a month will

**One Nutrient Will
Not Nourish a Crop**

Balanced Food Elements
Needed for High Yields

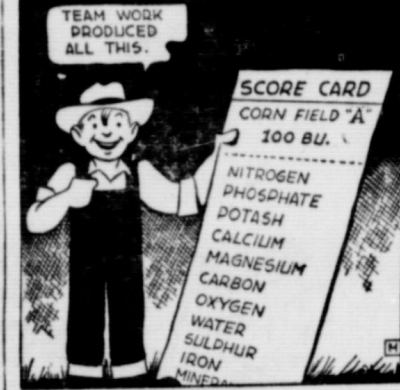

It takes the teamwork of plant nutrients, good soil tilth and plenty of moisture to produce 100-bushel per acre corn crops.

Each of the principal plant food elements—nitrogen, phosphate and potash—has its particular job to do in building strong roots and stalks and developing well finished, fully matured ears. Each reinforces the others.

University of Illinois agronomists demonstrated that you can't depend on any one nutrient to do the whole crop feeding job. When nitrogen alone was added to corn, yields were only one-third as much as when lime, nitrogen, phosphate and potash were used. Phosphate alone gave only half as many bushels of corn per acre and potash alone, only one fourth.

Keeping the soil in good tilth is just as important as maintaining a balanced nutrient level. This can be done by following a rotation that puts in a well fertilized legume-grass crop a year or two before corn planting.

Land plowed out of a good sod crop is well conditioned to make maximum use of nutrients and mois-

ture and to produce extra bushels of corn per acre. Such soil is mellow and porous. Drainage is good. Water is absorbed quickly and more of it is stored for the use of the crop.

Agronomists point out that another requisite for high corn yields is good seed and a stalk population sufficient to make use of the soil's nutrient supply. They advise planting well adapted hybrids that are particularly suited to your growing conditions. A stalk population of from 14,000 to 16,000 is needed on most loam soils.

His Schedule, Duties**

DES MOINES—A clergyman must not become "the chore boy of everybody in the community who wants a benediction at a banquet," but the master of his schedule.

This advice was given by the Rev. Dr. Charles B. Tupper, associate professor of applied Christianity at Drake bible college, who also said that a minister must guard his health.

"Some of us drag around with half the power we ought to have because of reduced vitality," he said.

Dr. Tupper addressed the Iowa ministerial institute of Christian (Disciples) churches here. He said that a half-completed daily schedule is depressing, and brings no "sense of victory" or pleasure in achievement.

"There are more demands than we can meet and we must make a choice," he said.

"I am not forgetting the minister's responsibility to the community," Dr. Tupper said, "but he must evaluate his calls on the basis of preference and importance."

Dr. Tupper said his basic thought was to keep alive the "spiritual glow" of clergymen, despite their difficulties, for the sake of the people they serve.

**Seventy-Year-Old Tax
Payers Are Thankful**

SYRACUSE, N.Y.—A 70-year-old couple received a \$27 refund check for an income tax overpayment. They returned it to the internal revenue collector, explaining their refusal to accept it as being due to their thankfulness for "the opportunity to continue working."

Cancer Sufferer Who
Urged Prayer Dies

HATTIESBURG, Miss. — E. N. Hendry, 58, who suggested a national day of prayer for divine help in speeding the discovery of a cure for cancer, died of the disease at Methodist Hospital here.

The former cattleman knew that he had only a short time to live when he made his appeal. From his hospital bed he said:

"I would like to see a day set aside for all the praying people in the United States to get on their knees and pray that God will guide our scientists in their search for a cure for cancer.

"It's too late for it to do me any good, but if I can know that I had something to do with starting such a day, then I will be content to die." Before his death Mr. Hendry was told that his appeal was being given national notice.

**What Santa Fe
Freight Service
Means to You**

Santa Fe freight service brings your community
the commodities needed for everyday living.
Merchandise for your grocers, your clothing, your
appliance dealers—in fact, much of the goods you
buy from your retailers—comes in via Santa Fe.

This same freight service takes your farm prod-
ucts, manufactured goods, and other merchandise
to ready markets wherever they exist. We help
keep local business going with a safe dependable
freight service.

Santa Fe pays taxes in your community, too. These
vital railroad taxes help support your schools and
local government. In this way, every freight ship-
ment via Santa Fe helps you and your community.

For freight rates and schedules, see your local Santa Fe Agent.

SAVE TIME AND WORK With The Right Bulb In The Right Place

You'll whistle while you work if you have a cheerful, well-lighted kitchen. You can see better, so naturally you can do your work with less effort. You won't tire as easily . . . and all because you took Reddy Kilowatt's advice! Reddy says . . . have a minimum of 150 watts overhead . . . and 60 to 75 watt bulbs over each working area such as the drainboard and range. Then just see how much lighter your work becomes!

YOUR DEALER CAN HELP YOU select "the right bulb for the right place." Check his convenient chart and buy the bulbs you need . . . plus some extras . . . for easier seeing.
