O'DONNELL, LYNN COUNTY, TEXAS, Thursday, Aug. 13, 1953

A MESSAGE FROM OUR NEW CHURCH OF CHRIST MINISTER

To the people of O'Donnell and surrounding communities:

We are proud to be living in your little town. It will be our continued intention to help to make our little town a wholesome and pleasant place to live. We will be anxious to help in any and every way to strengthen the town both spiritually and morally. Our aim is to be of help first to the church, then school, etc.

Our family consists of three children, the wife and I. We will be happy to make your acquaintance; visit us.

Raymond L. Copening

We are all native Texans except one... Bobo, our youngest son was born in Oklahoma... so you see we are just home folks.

We would invite you to attend our church services, assure you that you will be treated with utmost respect, should we disagree, we will try not to be disagreeable.

If you think I could be of help to you, please call me day or night; the day will not be too hot, neither the night too dark or cold for me to come and assist you in any way: illness, despondency, or sorrow. No, you don't have to be a member of the church of Christ for us to be interested in your welfare; if you need us, call us, regardless whether you are a member of any church or not, we desire to be of help to our fellowman.

Would appreciate seeing you in our services next Sunday; you will be a stranger but once.

Raymond L. Copening

Mrs. Emma Griffin Rites Read Tuesday

Funeral services were read Tuesday afternoon at 3 p. m. at O'Donnell First Baptist Church for Mrs. Emma Griffin, age 91, who died Monday afternoon at the home of a daughter, Mrs. Mat Farmer. Rev. O. O. Holladay read the last rites and interment followed in the O'Donnell Cemetery under direction of Higginbotham Funeral Home of Lamesa.

Mrs. Griffin was born in Murry County, Tennessee on Feb. 18, 1862 during the then raging Civil War. She moved to Texas as a very young girl. Her parents settled in Gregg County near Gladewater where she grew up and attended school. It was there she met W. L. Griffin. He courted her on horse back bringing along an extra horse for her to ride but she furnished her own saddle. They were wed in 1889 and in 1908 they moved their family by wagon train to Navarro County. Her husband passed away in 1921.

Mrs. Griffin has been a long time resident of the community and the area. For the past several years she lived in a house near her son and family, C. E. Griffin here in town. In moderate good health for her age, Mrs. Griffin suffered a stroke some while back and had been in declining health since.

She is survived by seven living children: C. E. Griffin of here, Mrs. Rosalie Swanson of San Diego, Cal., Mrs. Mat Farmer of here, Richard Griffin of Big Spring and Monroe Griffin of Veneta, Ore. She has 30 grandchildren and 49 great grandchildren.

Known and loved by so many of here and Berry Flat and Mesquite, the passing of this fine Christian lady leaves a void in the hearts of her loved ones and friends. Our sympathy.

Mr. and Mrs. C. A. Doss and boys left Tuesday on a vacation.

Draft Law Explained

Every man registered with a draft board, after his classification is determined by the board, must have an opportunity to appear in person before the member or members of the board designated for the purpose, provided he files a written request within 10 days after the board has mailed him a notice of classification.

Brig. Gen. Paul L. Wakefield, state draft director, points to an exception. The registered man cannot request a personal appearance after a classification which is the result of a personal appearance.

No person other than the registered man shall have the right to appear in person before the local board. But the local board, in its discretion, may permit any person to appear before it with or on behalf of a registrant, except that no registrant may be represented before the board by anyone acting as attorney or legal counsel.

The registrant may bring an interpreter with him if he does not speak English adequately. When he appears, the registrant may discuss his classification, direct attention to other classes in which he thinks he should be placed, point out information in his file which he believes has been overlooked or which he believes has not received serious enough consideration or any other information.

Such information must either be in writing or oral and summarized in writing. In either case, the information is placed in the man's file. Regulations provide that the local board, or member or members hearing the case may impose such limitations upon the time which the registrant may have for his appearance as they deem necessary.

After a registrant is heard, the local board may determine to reopen the case or not reopen it, being guided by information received in the appearance. The registrant must be advised by notice of classification in either case.

Edward Noble, son of Mr and Mrs. Mack Noble, recently was awarded a Dunlap Scholarship to Texas Tech. He is the 3rd O'Donnell student to win this award.

Ben Pennington of Maebank visited his sister Mrs. Effie Autry last week. Mrs. Autry returned to Maebank with him for a visit and a trip to Arkansas.

Mr and Mrs. Troy Veach and family have returned from a vacation in Colorado.

When truck users show a continued preference for one particular make of truck, you can be sure that preference is based on a single sound reason: *It's the best buy!*
 Year after year, truck users in every field show a clear-cut preference for Chevrolet trucks by buying more of them than any other make.
 Why not drop in and see why so many more truck buyers choose Chevrolet? You'll find, as they have, that Chevrolet trucks offer more of the features and advantages you want . . . more solid value in every way . . . yet it's the lowest-priced truck line of all!

Glass School Reward For Not Tossing Rocks

DARIEN, Conn.—Because junior high children in this town can be trusted not to throw stones, educators have rewarded them with a modernly daylighted building that contains entire walls of glass.

The new structure, designed by Ketchum, Gina and Sharp, New York architectural firm, not only has floor-to-ceiling windows which might tempt ordinary kids, but also corridors that are lined with glass walls.

It was decided to use this treatment, which assures extraordinarily fine daylighting in all classroom and general areas, after Darien schoolmen reported they never were bothered with the kind of vandalism that makes it necessary to have 100 per cent replacement of window glass every two years in some metropolitan centers.

As an added feature, the classroom windows have fixed metal louvers to cut out sky glare. The result is one of the most perfectly daylighted schools in the nation.

REUNION DATE IS SET

The annual reunion of Bosque, Coryell, Johnson and Hamilton counties will be the third Sunday in August at Mackenzie State Park in Lubbock. Dinner will be at 12:30.

Credit Helps Texas Standard Of Living

Texas' 2,328,100 families . . . with an average annual buying income of \$5,000 . . . own 2,447,300 automobiles and trucks, more than 1,778,600 refrigerators, all own radios, 1,219,500 television sets and over 1,184,300 vacuum cleaners, according to a special study just completed.

Texas' high standard of living, like that of every other state, has been made possible to a large extent by the sound use of consumer installment credit, the study indicated. Taking automobiles as an example, the study shows that 98 out of 100 Texans are excellent credit risks, making their payments on time and completing obligations on their contracts promptly.

New Date Set For Car Inspections

The new period, during which Texas motorists will be required to have their auto inspected under the new modified Motor Vehicle Inspection law which was enacted by the recent 53rd Legislature, has been unofficially set for September 15, 1953 thru April 15, 1954. It was announced this week by Col. Homer Garrison, jr., director of the Texas Department of Public Safety. Garrison said that the State Public Safety Commission has advised him that they will conform the designation of the new period on Aug. 26th, the effective date of the new act. The old law which aroused much controversial argument during the last session of the Legislature will expire at midnight Aug. 25th and no inspections will be made under its provisions after that date.

The modified law calls for inspection only of brakes, lighting equipment, horns, rear view mirrors and windshield wipers.

No Angel Over Little Girl's Grave

HURST GREEN, Eng.—"Little girls can't become angels." The Rev. Charles Godfrey Bell said so in a sermon recently. He began a debate which has stirred this village of 700.

The trouble began when the vicar objected to the erection of a marble angel over the grave of Kathleen Reese, 9. A Church of England official refused to permit the memorial, but citizens petitioned the Archbishop of Canterbury to sustain the faith of little children that they can become angels.

The vicar maintains that angels are a separate order of creation, and that man when he dies does not become an angel, but one of the family of God.

Angels and men worship together, and often, particularly at Christmas time, they sing together, the Rev. Mr. Bell preached. Often, when a person is in difficulty, a guardian angel comes to his side, and may call to his assistance the archangels Gabriel, Michael and the rest, he said.

Mr. and Mrs. Ernest Reese, the parents of little Kathleen who may have no angel over her grave unless the archbishop overrules the vicar, were not satisfied with the clergyman's explanation.

"It is not a question of whether there are angels," said Reese. "The point is that a little girl had been taught to believe in them, and did believe in them."

The parents said they had letters from sympathizers all over the country who believe that Kathleen should have an angel over her grave.
