VOLUME XVII O'Donnell, Lynn County, Texas, Thursday, May 16, 1940 NUMBER

ASKS FOR DISTRICT ATTORNEY'S OFFICE

TOM L. PRICE
 Of Post

Tom L. Price of Post, veteran South Plains attorney, is this week announcing his candidacy for the office of district attorney for the 108th judicial district.

Mr. Price will be here Saturday to personally contact as many voters as possible, and his official statement will appear in next week's Index.

MISS CHRISTINE BARBER WEDS NEW MEXICO MAN

Miss Christine Barber and Mr. Allan Bray of Eunice, N. M., were quietly married there Sunday, according to announcement received here this week. The bride is the sister of Mrs. Hamp Thompson, and a grand daughter of the late Dr. A. W. Thompson, pioneer physician of this section. She is a graduate of the local high school, and for the past several months has been employed at Hobbs.

O'Donnell Preparing For Trades Day

dents are all agog this week, making ready for the second Trades Day and Rodeo to be held here on Saturday afternoon. All stores O'Donnell merchants and residents have arranged special bargains in merchandise, stock and grounds are ready for the show, and many rodeo hands from distant points have written in to the management indicating their plans to be here.

Interest attendance in the first event of this kind were most gratifying, according to the executive committee, and it is believed that Saturday's show will be even better. First, second and third money will be awarded winners of the riding and roping events in the afternoon, while a political rally during the morning will also be of interest.

Invitations have been sent to district, county, precinct and state candidates to be present all day, and to speak to voters from eleven o'clock to noon. There will be several loud-speaker systems for their convenience, and preparations are being made to insure the success of this feature.

Rodeo events will begin with the parade at 2:15 p. m. that the show may begin promptly at 3:00 p. m. Any questions should be directed to executive committee, D. J. Adams, J. R. Middleton, L. E. Robinson, and R. H. Koenig. Ralph Beach is in charge of the management.

Mrs. L. N. Nichols received news Sunday that her grand daughter, Ruth Walker, is valedictorian of the senior class at Bridgeport. Ruth is the daughter of Mr. and Mrs. J. B. Walker, former O'Donnell residents, and was a student in the local schools for a number of years. Her many friends here will be glad to know of her honor.

Miss Leta Merle Koeninger, who is in school at Tech, spent the week end at home with her parents, Mr. and Mrs. A. H. Koeninger.

Gaines County Man Seeks District Office

Lawrence L. Barber, Gaines County attorney, was in O'Donnell Monday afternoon in the interests of his campaign for the office of district attorney for the 108th judicial district, and authorized the Index to place his name in our political column.

Mr. Barber, whose qualifications for this office have been mentioned before in these columns, is basing his campaign on three chief points—the Protection of Youth, the Prevention of Crime, and the Upholding of True Americanism.

His personal career and interests are proof that he is sincere in these points. A World War veteran, Mr. Barber served on five fronts, and is still active in American Legion affairs. His success as an attorney is due largely to his efforts to not only punish wrong-doers, but also to prevent commission on criminal acts. And finally but far from least, he is an ardent believer in American youth. His own two sons are husky football material; indeed, the older is now recovering from an operation to correct injuries received on the football field last season. Mr. Barber is vice-chairman of Boy Scouts in that district, and is a most conscientious backer of all aims and projects of our Scouts.

He will make his own official statement in the near future, and will be here Saturday afternoon for the trades day and rodeo, planning to speak on the street at 1:45, just before the parade. In the mean-

Graduating Class Ears Baccalaureate Sermon Last Sunday

Forty-four graduates of the local school, their parents and friends Sunday morning heard the baccalaureate sermon at the high school auditorium, when Rev. J. H. Crawford of the First Methodist church addressed the class.

Special musical numbers were included in the program, which was well attended.

Seventh Grade Exercises
Seventh grade graduating exercises will be held this evening, Thursday, also at the high school, with Rev. Mr. Crawford speaking to the class. Valene Buchanan, as salutatorian, will greet friends on behalf of her class, and L. D. Frazier, valedictorian, will bid farewell to grade school days.

Senior Class Commencement
On Friday evening, high school graduates will receive their diplomas in special exercises at the

high school auditorium. Elder R. P. Brennan of the Church of Christ will deliver the commencement address.

Both programs will begin promptly at eight o'clock, and the largest attendance in the history of the school is expected to be present. With Friday evening's program, the 1939-40 school term will be officially closed.

W. E. Hancock of Chillicothe spent Mother's Day here with his mother, Mrs. Walter Hancock, and other relatives and friends.

Doc Thompson is home from school for the summer, having arrived Friday night from Brownwood.

7 MAIN REASONS WHY-

"I'd rather have a Ford"

Built in Texas by Texas Labor

5 POWER TO HOLD THE ROAD

No car in any price field excels Ford in roadability—in keeping "all four feet on the ground" under all driving conditions. This means safety!

1 GOING POWER

—the kind of power that only the V-8 engine can give me—instant response, lightning acceleration, marvelous economy and soft, smooth, faithful performance. 6,000,000 Ford V-Eights—more than all other Eight's combined—say this is the power plant for me!

3 SMOOTHNESS

Not only in amazing power does the Ford V-8 engine excel, but in the smoothness that gives velvet quiet. Why should I do without the supreme luxury of 8-cylinder smoothness which no car of fewer cylinders can match?

6 STAMINA

In staying power, there's no car that can take the rough with the smooth like Ford. There are more Fords on the highway than any other make of car! This sturdy Ford is made to take it.

2 STOPPING POWER

The big hydraulic brakes of the Ford V-8 are far and away the biggest in the low-priced field—a safety factor I've got to have in the new car I buy.

4 COMPLETE ECONOMY

The combination of low price, low cost of operation, high trade-in value and more extras at no extra cost, makes the Ford the great Economy buy for 1940.

7 STYLE

Ford set the current modern trend in beauty of lines. And Ford's unequalled paint job makes its beauty permanent.
