### FRESHMAN NEWS

The Freshmen had charge of the chapel program last Wednesday morning. At the beginning of the program the Ratliff twins sang a song. Then a play, entitled "Lo-chivar" was presented by a number of the students. Those taking part in the play were: Leola Le Grone, the bride; Donald Cargal the bridegroom; Marion Obit, Lo-chivar and Mel Tidwell, Jimmie Schoeller, Alfred and Albin Ratliff, Billy Jane Johnson, Loretta Minor, Glenda Mires and Lewis Jones who are also members of the bridal party. In concluding the program Morgan Jones sang a poem entitled "Mothers of Men".

### SPEAKING TRY-OUTS

The try-outs were held Monday night in all speaking events for representatives to go to the county meet. The winners were as follows: Story telling, Peggy Beach; Play story telling, Patsy Strickland; Ward School Jr. Boys declamation, Troy Kyle; J. Ward school girls, Edna Edwards; High school Jr. Boys declamation, Stanley Cothey; High school Jr. Girls, Joyce King Edwards; High school Sr. boys, Carl Page; and High school Sr. girls, John Ellen Beach.

### SENIORS CONGRATULATE JUNIORS ON PLAY

The Seniors wish to congratulate the Juniors on the swell play they presented. We thought it was a grand play and the characters did a grand job in presenting it. We know we shall have to work hard to be as good as they were but we have all made up our minds to do so. But again we say congratulations JUNIORS.

Wednesday was a kind of a sad day for us here in old OHS, because just two years ago on March 12 our favorite schoolmate, Wilda Gene Campbell, was taken away from us. We still miss her here in the halls and class rooms, and talk nearly every day about the funny little things she said and did. Nobody can ever take Gene's place with us. We just wanted to tell her mother, our class mother, that we knew how sad Wednesday was for her and that we are grieving too.

### LAW CLUB NEWS

The Law Class has organized a club, or we might say, the boys of the Law class have. All the officers are boys even the committees. The officers are as follows: Terry Hunt, president; Melvin Boethe, vice-president; Joe Carroll, secretary; Tech McLaurin, reporter and Buck Ellis, Sergeant-at-Arms. We sincerely hope that the boys make a success of their club.

### JUNIOR NEWS

The Junior Class wish to express its thanks to everyone for attending the class play Friday night. We are planning on even a better production next year. But first we have got to get our banquet for the Seniors off our minds.

### SUNDAY DINNER Suggestions

**VEGETABLES** are the one food that are relatively scarce. Many of the new crops maturing in Florida have been so that instead of abundance only slight increases in supplies will be available until other states begin producing. However, supplies of canned and frozen vegetables are generous.

Large turkeys are plentiful and cheap and when chosen for church or community suppers are an important draw. For that postponed dinner the A&P Kitchen. For that postponed dinner party or buffet, supper turkey is also a good choice. Fowl, too, is unusually cheap and plentiful. New crop ducklings cost no more than last year's a fresh rooster did a few weeks ago.

Beef, fresh and smoked pork and veal are very reasonable in price but lamb prices are not so attractive. The fish strike still awaits settlement. Eggs are plentiful and low in price. Here are three dinners at different price levels.

**Low Cost Dinner**  
 Chicken Potatoes with Hot Biscuits  
 Canned Sweet Potatoes Spinach  
 Bread and Butter  
 Rhubarb Pie  
 Cheese  
 Tea or Coffee Milk

**Moderate Cost Dinner**  
 Baked Ham with Glazed Apple Rings and Raisin Sauce  
 Mashed Potatoes Frenched Green Beans  
 Bread and Butter  
 Boston Cream Pie  
 Tea or Coffee Milk

**Very Special Dinner**  
 Broiled Grapefruit  
 Roast Beef Pan Broiled Potatoes  
 Artichoke Hollandaise  
 Mixed Greens  
 Rolls and Butter  
 Strawberry Sundae Angel Cake

### EMPLOYMENT AWAITS YOU IN AIRPLANE FACTORIES

Please bear in mind that these are not vacancies—they are new positions now being created and for which there are not enough trained workers. Naturally, those men with the proper knowledge of this highly technical industry will be the first to be employed.

We cannot enlarge too much on the speed which is being required in the Airplane Industry. The sooner you start your training, the sooner you will be qualified for work in the Dallas factories or factories in any other part of the country to which you may care to go. Pay part down and balance out of salary.

**THE RECORD**... Facts That Concern You No. 24 of a Series

## A few weeds grow in every garden

Among the thousands of decent law-abiding beer retail establishments in America there may be a few disreputable "joints."

While it is the brewers' responsibility to brew good beer and the retailers' responsibility to sell beer under wholesome conditions, nevertheless the brewing industry is concerned about these undesirable places and wants them cleaned up.

We want them cleaned up because they endanger *your* right to enjoy good

beer... and *our* right to make it.

We want them cleaned up because they endanger the 31,165 jobs and \$22,076,182 payroll created by beer in Texas since re-legalization. Beer contributed \$2,273,968.64 last year in taxes in this state.

These benefits are worth preserving. You can help us, if you will, by (1) patronizing only the reputable, legal places that sell beer and by (2) reporting any law violations to the duly constituted law enforcement authorities.

# WE ARE YOUR Neighbors

We are the Texas petroleum industry. There are nearly 225,000 of us, living in every section of the State.

With our families, we make up one million Texans, nearly one-sixth of the State's population.

Each of us has his job. Together we represent almost every type of worker.

Some of us live and work in your community. Our children go to school with your children. We trade in your stores, attend your church, pay taxes and vote—as you do—for the betterment of our community and State. We operate an industry which pays 75 million dollars a year in taxes to our State and local governments and our schools.

We are your neighbors.

When you think of the Texas petroleum industry, remember it is made up of people like you and me.
