\$1415.41 Collected

19c O'Donnell and residents of this  
19c area went over the top again  
09c this year in a whirl-wind drive rais-  
1.09 ing \$1415.41 in March of Dimes  
45c drive. Quota was \$1400. The final  
49c drive is expected to hit over  
35c \$500 when containers distributed  
49c on out town are counted. A break  
10c down of funds shows:  
Variety show (a big hit) \$693  
D. Auction 151.75  
School 164  
Mothers March 467.16

It would be difficult to list ALL  
who assisted in this drive as every  
one in town and the area went over  
board and did all they could. Let's  
be proud of each other . . . and en-  
joy John Ellis' million dollar  
mile!

Attending their Grandmother's  
funeral Sunday at Lamesa were Mrs.  
Maude Shipp, Mrs. Gene Bond, and  
daughter, Ann, Mr and Mrs. De  
Joyce Sharp and son Gary; they  
later visited their parents, Mr and  
Mrs. Archie Haney here

**TAX DEADLINE PASSES**  
School tax collector Tom Yandell  
reported 94 percent collections of  
taxes or about \$94,000 and City  
Tax Collector Tom Brewer reported  
85 percent or about \$18,000

**Chronic Diseases A  
Health Problem**  
State Health Officer Henry A.  
Holle believes chronic diseases rep-  
resent one of the biggest problems  
facing health officials today.

Recent statistics compiled by  
the Bureau of Vital Statistics, Tex-  
as State Department of Health,  
show:

1. 23 percent of all deaths among 15-29 year olds are due to chronic diseases, with malignant neoplasms being the leading chronic disease.

2. Well over half of the mortality in the 30-44 age group is due to chronic disease, with heart trouble, cancer and vascular lesions being the leaders.

3. Almost 8 out of 10 deaths in the 45-59 bracket are caused by this disease classification, with the proportion rising to 85 per cent for those 60 to 74 years old.

4. For those 75 and over chronic diseases causes 84 per cent of the total mortality. The slight decrease in percentage over 75 is because of the high susceptibility to accidents, pneumonia, and influenza among this aged.

"When chronic disease is men-  
tioned, all too many people think of the problem as being confined to the middle-aged or older," the health chief said, adding that such an idea was not consistent with the facts.

"The term chronic," Dr. Holle explained, "means the opposite of acute. When applied to a disease chronic means of long duration that would can cancer or tuberculosis is chronic, while smallpox or poliomyelitis is acute."

"The significant thing," Dr. Holle indicated, "is that the chronic disease classification causes 23 per cent of all deaths among young people in the 15-29 age bracket."

"Obviously, that makes the teen ages the first age at which the dis-  
eases assume a major mortality role."

**Income Tax Quiz**

Q: - If I have until April 15, 1955 to file my 1954 income tax return, why should I file earlier?

A: If you have overpaid your tax, you have a refund due. These refunds are made in the order the return are received; therefore, the earlier you file, the earlier you will receive your check.

Q: But suppose I haven't overpaid, what then?

A: It is always wise to file early. Getting the information together is the big job. This you should start doing as soon as possible after the end of the year. Often you may find it difficult to gather important information and an early start gives you more time to get up the information on those hard to find items.

Q: What about my deductions?

A: You may take the total of your allowable deductions or the standard deduction, whichever may be to your advantage.

Q: What are the advantages of claiming the standard deduction?

A: It eliminates your task of assembling all the information and listing them on your return. It also saves your Internal Revenue Service time in auditing the returns. A vast number of taxpayers claim the standard deduction and save money.

Q: How do I save money by claiming the standard deduction?

A: The standard deduction is ten percent of your adjusted gross income, limited to \$1,000.00—except for married persons filing separate returns. In that case, the limit is \$500.00 each. Therefore, if your allowable deductions, if itemized, are less than ten percent of your adjusted gross income, you will save money by claiming the standard deduction.

**Four Good Reasons Why...**

**ELECTRIC COOKING IS Clean**

- Electric heat itself is clean... clean as electric light. Pans and skillets stay mirror-bright without scrubbing or scouring.
- Electric surface units are flat...with metal to metal contact, heat goes directly into the bottom of utensils, instead of carrying greasy cooking vapors to ceiling or walls.
- Surface units are self-cleaning...spilled foods promptly burn off. Reflector trays beneath units are easy to remove for washing.
- Range surface is easy to clean...needs only to be wiped with a damp cloth to stay spotless.

See your electric range dealer for the electric range that will give you clean, controlled GOOD cooking every single time.

### HIGH EGG PRICES EXPECTED BY FALL

say most economists  
Egg prices for 5 years have been down one year—up the next. Since prices were so low in 1954, many folks who study egg prices say you'll be selling eggs at extra high prices next fall and winter. Order Chicks Now for Best Profit Opportunity. Take advantage of this fine profit opportunity. Order chicks now. And be sure to raise them on Purina Startena and Growing Chows for low-cost development that means you'll have lots of eggs to sell when prices are highest.

ILLUSTRATED ABOVE IS AN EASY AUTOMATIC GAS CLOTHES DRYER.

### With a Gas Clothes Dryer

An automatic gas clothes dryer will save you money, clothes and time. Gas for drying clothes costs approximately 1 cent an hour... or about \$2.60 a year (for average family use). Fewer clothes are needed when you own an automatic gas clothes dryer, because the gentle, tumble-action of a gas dryer eliminates wear and tear of wind-whipped clothes. With an automatic gas dryer you can select your washday... no need to wait for favorable weather. See your dealer. Buy an automatic gas clothes dryer... a dryer you can afford to use.
