Nation's Typical Boy And Dog Sought Here

"WANTED—America's typical boy and dog!"

The Chappel Kennel Foundation, Rockford, Illinois, in its search for the nation's typical youngster and canine pal, has appealed to The Star for aid in finding them if they happen to be located in this section.

Two hundred and fifty dollars in cash and immortality by having their likenesses reproduced in oils on canvas by a famous artist await the chosen pair, which the Foundation is anxious to preserve for the inspiration of future generations as a symbol of the high type of companionship represented by the boy-dog combination of our own day.

To be eligible for nomination to the boy-and-dog contest, a youngster must not be under four or over fourteen years of age. The dog must be his own or that of a member of his immediate family. The age, size, color or breed of the dog are of secondary importance.

In inaugurating the boy-dog search, L. J. Brosemer, director of the Foundation, stated: "Character building in the young is one of the great problems of the times. The Foundation is convinced that a dog makes a better man and is encouraging every home with a boy to keep a pure-bred dog. A recent study of a large penal institution revealed the fact that less than one per cent of its inmates had a pet to play with in their formative years.

Through the boy-dog contest, the Foundation hopes to catch the spirit of this comradeship and perpetuate it in some tangible form for this and future generations."

CALLAHAN COUNTY COTTON PRODUCTION—1908 TO 1930 INCLUSIVE

Table with 4 columns: Year, Crop Bales, Year, Bales. Data from 1908 to 1919.

Government records show Callahan County's last full yield was had in 1908, after which time the boll weevil made its appearance in the Western Cross Timber and Shinnery area.

no part of Texas have the weevils been so uncontrolled as they have been in this wooded area which is so well marked out and defined that it could be easily isolated and controlled with all using Calcium Arsenate poisoning—The Government has shown the way thru these methods; the lack of control has shown its results; what may be accomplished in the future is up to the individual producer, together with the general community as a whole assisting.

BIRTHDAY PARTIES

On Wednesday afternoon, Mrs. V. Walls entertained for her little daughter, Morea, the occasion being her 10th birthday. There were 18 little friends present and after an hour of out-door games they were invited into the dining room, which was decorated in pot plants, where the birthday cake was topped with 10 pink candles, was cut and served with punch, and on Wednesday April 22, Mrs. Walls entertained for her little son, James, on his 7th birthday. There were 17 little friends present to enjoy the occasion with James. They played out-door games for awhile, after which they went to the dining room which was made very attractive with cut flowers and pot plants, where the birthday cake, with the 7 brightly burning candles was cut and served with lemonade to the guests.

SIX DELEGATES ATTEND P. T. A. CONVENTION AT BROWNWOOD

Six women of Union P. T. A. attended the District Convention at Brownwood last week. They received plenty of helpful information and new ideas and we are hoping to have a bigger and better P. T. A. We should be proud of this body of parents for their work, co-operation and willingness to help the school in its onward movement.

They attended the P. T. A. banquet Monday night and had a very enjoyable time. These women were the only delegates from Callahan County. Other P. T. A's. not attending this convention missed a great treat.

Those attending was our new Pres., Mrs. Ed Murray; Mrs. Ed Johnston; Mrs. E. Wood; Mrs. Reg. Burnam; our Sec., Mrs. E. Green.

Think On These Things WHOLESOME MEDITATION (Selected by Bro. Andrews)

TOLERATION "Some indeed preach Christ even of envy and strife; and some also of good will: What then? Notwithstanding, every way, whether in pretence or in truth, CHRIST IS PREACHED; and I THEREIN DO REJOICE; and I shall ever gratefully remember you, T. E. Powell, and family.

Methodist Church

We desire to express our thanks to all of the people for their loyal co-operation given us in the meeting just closed. Clubs, schools and most every organization set aside their activities and threw their influence and support to the meeting. We also want to express our appreciation to our sister Churches for their faithful and loyal co-operation and help, we trust, that the services have been helpful to all and trust that the Church has been magnified and shall have greater influence and power in the community in revealing Christ to the world.

We'll have our regular Church services Sunday; Sunday School 9:45; Preaching 11 a. m. and 8 p. m. Epworth League 7:15 p. m.

May each of us feel that we need these services and that the good Lord needs our presence and influence in order that He may shine through our lives, the importance of His Church which He loves and for which He died. We will look for you Sunday. M. S. Leveridge.

Church of Christ

Interest and attendance at the Church of Christ increases with each service. The majority of members being prompt and dependable; we expect the church to live and grow.

- G. W. Bonham gives the rules for killing a church. They are as follows: 1. Be late at the services. 2. Take no part in Bible Study. 3. Do not attend mid-week meetings. 4. Stay at home if you have company. 5. Take no part in the song service. 6. Take a back seat. 7. Give the smallest coin in your purse. 8. Object to everything proposed. 9. Be a pessimist. 10. Criticize and find fault with the preacher.

Brother, where do you stand? Are you an enemy or a friend to the church? Thos. McDonald.

With Baird Baptist

Well we have a good deal to tell this week and it all is good news. Our service Sunday morning was just splendid, good crowd and one addition.

In the afternoon Mrs. Foy, Mrs. Latimer and little Bettie Fay Latimer, went with Mrs. Mays and me to Union school house, where we had a fine service. We arranged for a meeting over on the Moran road. A committee was appointed to work out all the details. Bro. Chester Allen is chairman of the committee, and we plan to have the meeting somewhere about the Allen farm. This meeting begins the 1st Sunday in July and we hope to have Pueblo to join with us and we invite Putnam, Dothan, Moran and all the other people around to come in with us. We want to make it a real meeting. We will have more to say about it later.

Sunday night Bro. Black and I went to Eula in the budget revival. We had a good time. Bro. Royce Gilliland preached at Putnam for Bro. Black while he was with me at Eula.

I call attention again to the fact that the fourth Sunday in May is the time set for our meeting here at Baird and every one who prays is called upon to pray daily for this meeting. Now, here is a good word: the Baird Baptist Church was organized in May 1881, just 50 years ago. We'll, we are going to celebrate her 50th anniversary. We have set the 2nd Sunday in May and we are going to have dinner on the ground, we are going to have an all day service at the Tabernacle. Bro. W. D. Boydston is chairman of the committee on arrangements, surely everyone will want to get in and help to make this golden anniversary a great success.

Next Sunday we will have all our regular services and the pastor will preach both hours.

Our budget revival is nearly finished and we are, "kinda", glad for it seems mighty good to be at home and in ones own pulpit.

A hearty and pressing invitation is given to all to attend our services, and we hope you come. Joe R. Mayes.

WORD OF THANKS

We wish to express our sincere appreciation to all who were so kind and thoughtful of the comforts of our brother and uncle, Dr. R. G. Powell. We wish to especially thank Lee Estes and family; Dr. Griggs and the hospital staff who were so thoughtful of him—to all who were so kind to him in his long illness, also for so many flowers and kind expressions of sympathy to us in his death. We shall ever gratefully remember you. T. E. Powell, and family.

GRIGGS HOSPITAL NEWS

Ed Franklin, 18 years of age, of the Iona community, was brought to the hospital last Thursday afternoon in a very serious condition, suffering with a ruptured appendix. He was operated on and is doing as well as could be expected considering his condition.

Mrs. Oran Bain, of Oplin, was operated on for acute appendicitis Wednesday and is doing fairly well.

Mrs. J. W. Ford, of Denton, was brought to the hospital Monday. Mrs. Ford is suffering with a ruptured appendix and her condition was very grave for several days. She shows some improvement and will probably undergo an operation Sunday, if she continues to improve.

Mrs. R. S. Johnson, of Denton was a patient Monday for a tonsil operation. She returned home Tuesday.

Pearl Emmerson, 8 years old daughter of Mr. and Mrs. N. G. Emmerson, of Clyde, was a patient Tuesday for a tonsil operation.

John H. Gwin, the 6 weeks old baby of Mr. and Mrs. J. E. Gwin, of Oplin, underwent a minor operation last Friday.

Johnsae Mae, the little daughter of Mr. and Mrs. John H. Hughes, of Deep Creek, has so far recovered from an operation for appendicitis as to be carried home Wednesday.

Club Members Attend District Meeting

Mesdames W. P. Brightwell and Otho Lidia have returned from Big Spring where they attended the annual convention of Texas Federation of Women's Clubs for the sixth district which held a three days session in that city, as representatives of the Wednesday Club of Baird.

Miss Carrie Reaves, of Brownwood, was unanimously chosen as president of the Sixth District; Mrs. D. L. Connelly, of Brownwood was chosen as recording secretary; Miss Reaves succeeds Mrs. Greenleaf Fisk and Mrs. Connly Mrs. Robert J. Jones, both of Abilene. The new officers were installed at the closing session of the meeting. Misses Reaves is a sister of Mrs. Ace Hickman, of Baird.

San Angelo was selected as the 1932 meeting place.

Pink Eye In Sheep Infectious

The Ranch Experiment Station, near Sonora, has found that Pink Eye in sheep is infectious and can be communicated by passing a swab from the eye of a diseased animal to the eye of a healthy one which results in developing a typical case of Pink Eye within three days. Attempts to transmit Pink Eye in sheep to goats by the same method have thus far failed. A healthy ewe confined in a fly-proof stall with a Pink Eye case developed typical Pink Eye after seventeen days. This ready transmission of Pink Eye by contact is in line with an observed flock of four thousand head of sheep which on June 5 contained four cases of Pink Eye and which three weeks later showed two hundred infected cases. Pink Eye in sheep is not a very common trouble in the Edwards Plateau region, but in the event that cases appear in flocks, they should be isolated as a precaution against further spread.

BUS COMPETITION HITS RAILROADS

Bankers Association President Asks if Unfair Aid is Given Motorized Transport—For Rail Mergers.

NEW YORK.—Fair treatment for the railroads in respect to highway motor competition was called for by Rome C. Stephenson, President American Bankers Association, in a recent address here. He also strongly endorsed "sound economic railway consolidation" and praised President Hoover for his initiative in this respect. "I am very strongly of the opinion that one of the measures which would help materially to put back business where it ought to be is the Eastern four-system plan of railroad consolidation as announced recently following negotiations instituted by President Hoover," said Mr. Stephenson. "Its adoption by the Interstate Commerce Commission would tend to stabilize the transportation industry, facilitate operation and exert a favorable influence on business in general. "It is a fact well known to business leaders that our railroads are now facing a crisis. Not only do they need protective laws to meet competitive situations arising from increased use of our highways and waterways by other carriers, but they need unification such as the proposed four-system plan provides. Our President has acted wisely in assuming a leadership in this respect and his move deserves the support of every clear-thinking citizen."

Mr. Stephenson declared that the railroads have served this country "so superlatively well that we are prone in our public affairs to overlook our dependence upon them and our obligations to them. The past, present and future progress of the United States is inseparably bound up with their welfare. In neglecting just consideration for them we are even more neglectful of the public's best economic interests."

A Question of Public Interest "We are confronted with the question as to how much more the public economic interest will stand an invasion of the welfare of the railroads by forces and difficulties not of their own creating and not within the scope of their own unaided powers to combat," said Mr. Stephenson. "I refer especially to new competitors that are undermining the hard-earned position of the railroads, not only with the aid of natural economic forces but also through the aid of government policies which, positively or negatively, tend to give these competitors undue advantages over the railroads."

"It goes without saying that the railroads have no right, nor claim any, so far as I have been able to discern, to complain at legitimate competition in the field of transportation, for the public is entitled to the best possible transportation at the lowest practical cost. But equally does it go without saying that this cannot be fairly brought about by using, or by failing to use, the taxing powers of government to enable competitive methods of transportation to do things they could not otherwise do as unaided private enterprises, particularly when such action impairs the vested rights held in good faith by great masses of our people in established enterprises that are serving the public well."

Mr. Stephenson declared, however, how serious consideration should be given to conditions that exist on the railroads, because of the fact that the public interest is the deciding factor in that competition.

Would Investigate Bus Traffic Railroad rights of way, he declared, represent tremendous capital investments, on which the railroads have also heavy current costs to meet. "They pay every day a million dollars in taxes and most of this is on their rights of way," he said. "Also they spend daily over two million dollars additional for the proper maintenance of way." He asserted that the motorbuses have not had to pay for their rights of way in any sense that the railroads paid for theirs.

"They have simply taken possession of public highways built by public funds, both state and national," he continued, "and they have extensively made those highways vastly less comfortable, less safe and less serviceable for private motorists and others who are contributing chiefly to their creation and maintenance."

Mr. Stephenson declared that all these matters should be thoroughly inquired into by competent public bodies, both state and national, with a view of determining the equities and basic public economic interests involved, "particularly in respect to their effects upon the nation's railroads. "I venture to say," he added, "that such inquiries would show whether it is to the public interest to let things remain as they are, whether the situation calls for a new basis of motorbus and truck taxes to satisfy the equities of the case or whether it would call for such drastic action as the exclusion of this traffic from our public general highways, and the requirement that, even as the railways, it provide as a part of its own private capital investment its own rights of way and for its own maintenance of way-out of operating income."

SUPPORT YOUR HOME INSTITUTIONS AND THEY WILL SUPPORT THE NEEDS OF THE PLACE IN WHICH YOU LIVE

If you live here or near here and do not patronize the various enterprises that are being operated here, then you can not expect anything of your town except general failure to show prosperity. There is sufficient business originating in and around Baird to make our population happy, industrious and prosperous. If the proceeds from such income is not spent with proper regard for the future of our City and Community, then you may properly expect Baird to gradually become a smaller and less desirable place in which to live. If you live in Callahan county you should be interested in all of its worthy commercial activities.

A depression is on but it makes the condition worse for your home establishments when you go elsewhere to make your purchases. Likewise if we are operating a Bakery here and producing bread and you purchase bread made in adjoining towns, even though obtained through local merchants, you have dealt us the same hard blow as if you drove to such towns and purchased your bread there. You have assisted a town where you do not live and injured the one where you do live or trade

WE NEED YOUR CO-OPERATION

Look up the records and see if the Cisco Bakery does any of the following things we are continuously called on to do:

DO THEY pay City, School or County Taxes in Callahan county?; DO THEY support our Churches and Schools in any form?; INQUIRE of the merchants if they buy Meat, Groceries or Clothing here for their families;

DO THEY patronize our Barber Shops?; CHECK UP at filling Stations and Garages and find out how much gasoline they buy here or how much repair work they get done in Baird; ASK THE Lumber Companies if they have sold them any material during the past year;

GO TO THE Depot and find out if they make any Freight or Express shipments to this place;

GET THE TOTAL of their help in furnishing a market of any kind for consumption of your Milk, Butter, and Eggs;

ADD TO THIS any contributions they have made to the Goodfellows fund for assistance to the needy in our midst, ask if they donated 600 loaves of bread to our soup line this winter to help feed those who were weary and passing this way, many of whom were worthy and all of whom were hungry;

DO THEY donate any bread to help feed those children who come to our public school in an apparent undernourished condition;

WE DO ALL THE ABOVE AND MORE. THEY DO NOT.

We do not call your attention to the foregoing matters in order to aggrandize ourselves. We are doing so in order to draw your attention to our usefulness in your City. In order to get it before you properly, we are forced to enumerate the things we are doing so you can easily decide whether you should use our products or use some other. We have not done anything more than we should but if you appreciate the above service to YOUR community and OUR community, then PICK UP OUR BREAD, TALK OUR BREAD, and SPECIFY OUR BREAD when ordering over the phone.

We have never seen out-of-town Bakeries help our town in but one way. We have seen the drivers of their wagons eat two breakfasts when they get here when they probably had already eaten before leaving home. Yes, go into a cafe and get something to eat in order to pacify the owner of the Cafe into taking a few loaves of their bread; then go to another Cafe and eat again in order to sell some more. These drivers should increase in weight.

For some reason they do not fatten. Our guess is they are worrying their extra meals away wondering just what day they will drive over here and find the public will not use their bread. Some day the people of this city and community will realize the folly and false economy of supporting Bakeries in other towns to the detriment of the Bakery at home.

WE ARE UP AGAINST ANOTHER PROPOSITION

A company with many millions of money built a Bakery in Dallas not long ago. This same company operates a grocery store here, painted red in front, but do not operate a Bakery here. We have the only Bakery in Baird. This said store receives their bread from Dallas instead of purchasing it from us. How is their bread shipped to Baird? Does it come by Freight or Express over the T. & P. Railway? We will tell you how it is shipped here. It comes via Commercial Truck Lines which operate in competition to the Railway Company. How do you Railway employees like that idea? Do you think you should use their bread? Will it help your chances of steady employment?

THE DALLAS BAKERY DOES NOT CONTRIBUTE ANY MORE TO THE SUPPORT OF OUR LOCAL NEEDS THAN DOES THE CISCO BAKERY.

Any out-of-town Bakery only takes money from Baird and laughs at you while doing so. THEY HELP CRIPPLE OUR SMALL INDEPENDENT, LOCALLY OWNED AND LOCALLY MANAGED BAKERY.

Our only chance to overcome this is your whole hearted loyal assistance. Ask yourself why you should carry any other bread home with you except ours. Let the answer be in our favor.

Listen a minute. There is a great cry for fresh bread. Think of it. Do you want fresh bread? Made in Dallas and sold here for fresh bread. In this instance it means fresh-in-Baird but not fresh-from-overs. We could not bake bread here and deliver it to Dallas for sale as fresh as we do to you.

WE ASK YOU TO REFUSE TO PURCHASE BREAD MADE IN DALLAS OR CISCO EITHER. HELP BUILD UP OUR OWN INDUSTRIES AND CITY. LET THEM TAKE CARE OF THEIR OWN. IF THEY WANT TO SELL BREAD HERE LET THEM BUILD A BAKERY HERE AND BECOME A PART OF US INSTEAD OF CONTINUOUSLY SAPPING OUR LOCALITY.

If the principal of purchasing bread from Cisco and Dallas is fully carried out and applied to all lines of endeavor in our City, it will eventually close every such establishment that produces needed commodities or conveniences here. After you help close them you will wish you had them back again and will be found cussing the town for being a DEAD ONE.

If you enjoy using our bread we take this opportunity to thank you. If you do not use our bread we hope you will commence doing so. Talk these matters over with your friends and acquaintances for you should be interested the same as ourselves. If we were not here you would do everything reasonable in order to get a Bakery located here. WHY NOT HELP THE ONE YOU HAVE. We like to live here and will be found holding up our part of good citizenship.

Give the above matters serious consideration and place yourself in the position we occupy. Tell your merchants you are going to give us your full support. When you do this they will not have any need for other bread on their counters whether it be Grandmas, Grandpas, Aunts, Uncles, Little Willies, Blue Ribbons, Blue Bonnets, Jersey Cream, Butternut, Roffert, Rubberts, or what not make.

REMEMBER

We guarantee our bread. Anytime a loaf of our bread is unsatisfactory you are requested to report it to your merchant. Your merchant will cheerfully give you another and charge it to us.

If by comparison our bread is not better than any other kind sold in Baird and if it will not stand up longer than other makes we do not ask you to use it.

ASK ANYONE IF WE DO NOT APPRECIATE YOUR TRADE. WE DO EVERYTHING POSSIBLE TO PROVE IT.
