Pvt. Gray Writes From Washington, D. C.

Wednesday

Dear folks, We left Leonard Wood at one Tuesday and arrive in Washington, D. C. at 5: we traveled by air. It was a very enjoyable trip with 72 of us on plane. It was raining when we took off but we went above the clouds into the sunlit. The weather cleared about half way. It was just getting dark when we got to D. C. It was real pretty. Saw the Capital, Washington's monument and Potomac river among other things.

We are in a processing company now. We find out where we will go Saturday. All we do until then is pull details. They have been real good to us so far. We get off at 4:30 and have fine food. I'm going to an engineers construction foreman school for at least 14 weeks or June 1st; I'll then be ready to go overseas.

This is a pretty base here. Not so much smoke and more grass. It should be beautiful this spring; will buy a camera and send you pictures. This is the largest engineer and heavy equipment base in nation. There have a lot of experimental work here also.

Love, Edward (Next week another letter from Edward Gray, son of Mr. and Levi Gray)

Mr and Mrs. G. G. Vaughn returned from a trip last week to Leon County, their old home, and to Galveston, Corpus Christi and Aransas Pass. They were gone about a month and reported it was cold and windy.

Rites Read For Mrs. J. J. Hodnett Here Friday

Mrs. Lucy K. Hodnett, 79, area resident here since 1925, died at her home here late Tuesday. Mrs. Hodnett, a native of Kentucky, had lived at Olney prior to moving to this vicinity.

Funeral services were held at 2 p. m. Friday at First Baptist Church here with the Rev. O. O. Holladay, pastor, officiating and assisted by Mr. Raymond Copenag, minister of the local Church of Christ.

Mrs. Hodnett is survived by her husband, J. J. Hodnett, a son, Truett both of here, a daughter, Mrs. Owen Egger of Plainview, four brothers, E. P. Carpenter of Dallas, D. A. of Decatur, J. H. of Abilene and C. C. of Wicks, Ark., a sister, Miss Florence Carpenter of here and four grandchildren.

Burial was in the O'Donnell Cemetery.

Born April 17, 1874, the daughter of Jacob and Susan Carpenter, in Lincoln County, Kentucky, she moved with the family to Texas in 1880 settling in McLennan County, near Waco. Then with the westward movement they came to Mitchell Co. in 1897 settling near Cuthbert. Here she met and on Feb. 2, 1910 married James Joshua Hodnett. Mrs. Hodnett became a Christian at an early age uniting with a Baptist church in 1911.

Mrs. Hodnett led a devoted life to her family, her Church, and her friends. Our sympathy to the loved ones.

Mrs. Ruth Jolly, local teacher, was elected by House of Delegates of area teachers at Big Spring last Friday to represent Lynn Co. at the Texas State Teachers Association in November. John Morris, superintendent of local schools, is an alternate delegate.

Paving To Be Let Today

Today at Courthouse in Tahoka bids will be opened for some 12 miles of new paving just west of O'Donnell. Commissioner Beatrice McLaurin said she will begin work immediately when the contractor is known to use as much area and local labor as possible on the job. The decision, of course, will be with the contractor, Mrs. McLaurin added.

A Dry Winter . . .

Farmers have good reason to wonder if it will rain by June. Past performances of the weather makes it look uncertain. There has been no effective moisture in this area since late October or nearly five months and very few traces and falls of non-effective moisture. But surprisingly the soil is working well and there is fair moisture below the sealing depth of 4 to 5 inches. A slow general rain would cure most of our cases of sand colic as of mid-March.

Note to Laugh or Cry Dept.: Our buddy Bill Debusk said he heard over his radio that April would be wet... but Bill said he didn't know whether to believe it or not... as he heard it over a CHEAP RADIO SET.

Country Editor

Go placidly amid the noise and haste, and remember what peace there may be in silence. As far as possible, without surrender, be on good terms with all persons. Speak your truth quietly and clearly; and listen to others, even to the dull and the ignorant; they too have their story. Avoid loud and aggressive persons; they are vexatious to the spirit. If you compare yourself with others, you may become bitter and less generous; grow up among greater and lesser persons than yourself. Enjoy your achievements as well as your plans. Keep interest in your own career, however humble; it is a real possession in the changing fortunes of time. Exercise caution in your business affairs; for the world is full of tricksters. But let this not blind you to what virtue there is; many persons strive for high ideals, and everywhere life is full of heroism. Be yourself. Especially do not feign affection. Neither be cynical about love; for in the face of all aridity and disenchantment, it is as perennial as the grass. Take kindly the counsel of the years, gracefully surrendering the things of youth. Nurture the strength of spirit to shield you in sudden misfortune. But do not distress yourself with dark imaginings. Many fears are born of fatigue and loneliness. Beyond a wholesome discipline, be gentle with yourself. You are a child of the universe no less than the trees and the stars; you have a right to be here, and whether or not it is clear to you, no doubt the universe is unfolding as it should. Therefore be at peace with God, whatever you conceive Him to be, and whatever your labors and aspirations, in the noise and confusion of life, keep peace in your soul. With all its sham, drudgery and broken dreams, it is still a beautiful world. Be cheerful. Strive to be happy.

LOCAL SCHOOL

According to the latest scholastic report for Lynn County, the county has lost 350 school students because of the drought. However Wilson showed a gain of 22 students and New Home 2. Ford rides on a Ball-Joint cushion

...and it handles with ball-bearing ease

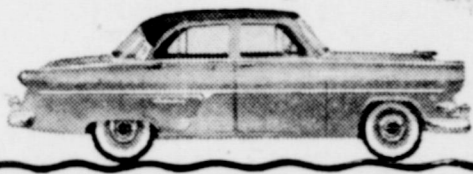

CONVENTIONAL KINGPIN SUSPENSION depends on hinge-like joints for movement of front wheels up and down or right and left. This system also requires lubrication at 8 points of wear at each front wheel. Doesn't permit maximum up-and-down wheel travel and is not sealed against dirt and water.

NEW FORD BALL-JOINT FRONT SUSPENSION replaces "hinges" for pivoting and up-and-down wheel movement with sealed ball joints. This eliminates 12 points of wear... helps keep front wheels in line longer. You get a smoother, more level ride. Your Ford keeps that new car "feel" longer.

It's THE GREATEST chassis advance in 20 years. And only the '54 Ford in its field has it! It pays off with the smoothest ride you've ever experienced in a low-priced car... easier handling... fewer service worries... and many, many other advantages.

And besides this revolutionary advance, Ford offers two brand new deep-block power plants: the 130-h.p. Y-block V-8 and the 115-h.p. I-block Six. You'll also find a new stronger frame... a beautiful new Astra-Dial control panel... new styling inside and out... plus all the other fine-car features that have already established Ford as America's "worth more" car!

Come in and Test Drive the '54 **FORD**

Double forage yields from pastures and meadows do result when fertilizers and good management practices are used. Soils deficient in vital plant food nutrients produce forage low in essential minerals.

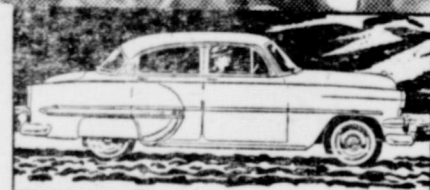

Lice and ticks on livestock may be controlled by the application of two insecticides in combination.

Local county agents can supply the formulas. The period between March 6 and 14th has been designated as National 4 H Club week in the Nation.

is the time local 4 H members, their leaders, extension agents and friends pause to take a look at the past year's work but mainly to make plans for bigger and better

OUT AHEAD with that bigger, lower look. Chevrolet is the only low-priced car with Fisher Body style and beauty.

OUT AHEAD with zippy, thrifty Powerglide. First automatic transmission in the low-price field and the most advanced! Optional on all models at extra cost.

OUT AHEAD with automatic power controls. Chevrolet is the first low-priced car to bring you all the latest automatic power features and controls as extra-cost options.

What you want most **Chevrolet** gives you **first!**

(that's the reason more people want... and buy Chevrolets than any other car)

Chevrolet keeps coming up ahead of other low-priced cars with the new things and good things you want. And you pay less for a Chevrolet—it carries the lowest price tag of any line of cars. So why go hundreds of dollars higher when you can get what you want in a new Chevrolet? Come on in—you'll like the way we're talking business.
