BOBCAT DISPLAYED HERE

Our phone rang one nite last week at 8 p. m. "Hello! This is Carol Lambert -- there is a big bobcat up here." Asked whether it was dead, or alive, the answer was: "I think it's just barely dead." Carol is a cat admirer; we've known her to supervise the coming and going of as many as 19 pet cats any one time. So, we knew that she was correct in her analization of the animal. Carol soon had a number of spectators, many of whom had never seen a bobcat. This proved to be a 40 pounder and was brought in by hunters who killed it in the brakes.

Mrs. Mack Noble received word that the body of a man found in Galveston Bay Saturday was that of her cousin, Lloyd G. Cobb who went down in a shrimp boat disaster several days ago; funeral will be at Lubbock Wednesday.

Mr and Mrs G E Vickers and daughters visited in San Angelo Sunday with Mr and Mrs C H Carls and Mrs S H Vickers and daughter.

CARD OF THANKS
We wish to express our sincere thankfulness for every kind deed shown us during our recent illness. Especially do we thank those for the beautiful flowers, gifts and cards; also your visits. May God richest blessings be yours in time or need.

Mrs. Harlan Williams and family

FASHION PARADE AT TECH
Hobbie Baggett Stokes has been selected to represent the O'Donnell High School Homemaking Department in a Fashion Parade to be staged at Texas Tech on April 23rd. She will model a dress with navy blue accessories. Hobbie made the dress as a class project. High schools from 26 counties in the area will be represented at the Fashion show.

Mrs. W. P. Moore of Stamford visited her son Mr and Mrs Tom Moore and family last week.

Mr and Mrs Pete Page visited at Pyote over week end.

Mr and Mrs K E Morrison visited here last week; Kenneth is in the wholesale business at Odessa and will get all the ed's business.

Mr and Mrs Vanzant recently returned from visiting their son and family at Port Neches and Port Arthur.

Mr and Mrs J D Fairley of Pecos were here Monday enroute to Lubbock on business.

Sunrise Service Easter
Everyone is welcome to our sectional fellowship meeting on Thursday April 14th. There will be a sunrise service Easter Sunday at the Assembly of God Church. Pastor R. T. Peck

THURSDAY BRIDGE CLUB
Mrs. Johnny Billingsley was hostess to the Thursday Bridge Club in her home last Thursday. High prize was awarded to Mrs. Sam Singleton. Mrs. Glenn Gibson won second high, and bingo went to Mrs. Mack C. Bradley. Cake and punch were served to Mesdames: Kenneth Morrison of Odessa, Sam Singleton, Glenn Gibson, C R Burleson, James Wiese, James Bowlin, L. L. Birdwell, Ralph Beach, L. G. Schussler, Shag Garrett, Mack C. Bradley, John Stephens, J T Middleton, Jr., J T Forbes, Louis Hochman and O G Smith, Jr.

Jerry Fairly of Pecos, who recently won district in dashes, will be in a track meet at Lubbock this week end.

Community Center Meet Set For Thursday Nite

Thursday nite at 7:30 at the O'Donnell Hotel the Lions Club will meet jointly with representatives of ALL organizations of the town to discuss the building of a Civic Center. Delegations are urged to be present with the authority to vote on this matter.

Claude Johnson will assume his duties as nitewatchman here with in the near future.

FAMILY REUNION HELD
A family reunion was held Sunday in the home of Mr and Mrs J H Poindexter of Southland. They formerly lived here. This was the first time all of the family were together since 1936. There were 51 present.

BERRY FLAT NEWS
The Berry Flat parents and school children attended the track meet at Gail Friday; a nice basket lunch was enjoyed by all.

Mr and Mrs James Farmer and son have moved to our community. Welcome.

Mrs Simpson and Fern visited in Big Spring Saturday.

Mr and Mrs L B Jones fished at Possum Kingdom over week end.

Mr and Mrs Bernice Cagle are the proud parents of a 9 pound son.

Mr and Mrs Matt Farmer and Shorty attended the circus at O'Donnell Sunday.

Mrs Parr and children visited in Abilene last week end; they took her mother home.

Mr and Mrs Roy F Smith and Mrs Ida Rathel visited Mrs Rathel's son in law Dale Holley who was ill at Odessa last week.

Those attending the convention of the Federated Clubs in Lubbock last week were: Mrs. Bill Davis, delegate from the 39 Study Club and Mesdames Pose Mansell, W E Vermillion, J P Bowlin Sr, Daisy Kelsor, Harvey Line, Sam Singleton, J P Bowlin Jr and possibly others.

Roy D Smith, who has been ill, is improving.

Mrs B L Davis is on the sick list this week.

Homer Dan Vaughn and Louis Simpson suffered an accident recently while riding Dan's motor scooter; Louis suffered scratches and Homer's left arm sprained.

Mrs Adair, mother of Mrs W C Oats, is critically ill; she is 83.

Mrs. Claude McKee of San Angelo visited her parents Mr and Mrs Roy D Smith last week.

METHODIST TO OBSERVE HOLY WEEK

The youth of O'Donnell, sponsored by the Methodist Church, are presenting pre Easter services this week.

THURSDAY: 9:30 p m at the Methodist Church "In The Garden"

FRIDAY: 8 p m at the Methodist church "The Trial and Crucifixion"

SATURDAY: 9:30 p m; Outdoor service "The Burial"

SUNDAY: 6 a m; Sunrise Service: "The Resurrection"

The Saturday nite and Sunday service (Sunrise) will be held on a hillside between here and Tahoka on the highway. Go to the T Bar sign and turn right. The Tahoka youth will be with us for these last two services. Plan to attend all services. Help our youth to bring the true spirit of Easter to O'Donnell.

You are cordially invited to worship with us Easter Sunday. There will be an Infant Baptism Service Sunday morning. If you have a child to be dedicated, please contact the pastor so that the certificate may be made out.

John Lott of Post will present a recorded worship service on Easter Sunday nite. It will be an inspiring and unusual service.

Street Numbers Are Now Available
Resident may obtain their street numbers from either S M Clayton, Jr or Louis Hochman. House numbers cost \$2 a house. Part of this \$2 will go to a fund to erect street markers. This is a Rotary Club project. Buy yours today.

MINOR OFFENSES REPORTED
Deputy Cleve Bairrington arrested 2 negroes in Lubbock and charged them with passing a school bus near here Friday while the bus was unloading children. Fines of \$73.10 were paid.

Saturday at 5:30 p m a car ran into the T. N. M. bus. The car occupied by a man and two women was stopped near Lubbock. A man and a woman are under bond, Cleve said.

Eagles Win District Track Meet
Due to the lack of space this week the results of O'Donnell victory in track will appear in detail next week.

To Organize Junior Base Ball Club Here
The American Legion is planning to sponsor and organize a Junior League Base Ball club here. Boys must be under 17 years of age as of last January 1st. For further information see Supt. S F Johnson or anyone of the following committee: J W Gardenhire, Jimmie Hash, C R Burleson Jr, L. Hochman, Sonny Holcomb or Curt Finley. League play will start in the near future.

BRIDAL SHOWER GIVEN
The home of Mrs W L Gilliam was the scene of a bridal shower Friday afternoon honoring Mrs. Hal Singleton, 3rd. The color scheme of yellow and green included yellow snapdragons, green and yellow napkins with names of Hal and Gene in gold. Miss Patsy Franklin of Lubbock presided at the guest book. Mrs. Joe Harris and Mrs. Bill Barnes served punch and cookies from a lace covered table with a center piece of cut flowers.

The gifts were presented to Mrs Singleton in a lovely and uniquely decorated box, after which the honoree graciously thanked her friends. Out of town guests were: Mrs. Bernice Pralin and Patsy of Lubbock. Co hostesses were Mrs. Joe Harris, Mrs. Alto Barnes and Mrs. Bill Barnes. About 30 guests were present and others sent gifts.

STUDY CLUB
The attractive home of Mrs John Earles was the scene of the 1939 Study Club's Guest Day. Mrs Pete Hegge of Tahoka reviewed the "Big Fisherman" by Lloyd C. Douglass and as usual Mrs Hegge review was most enjoyable. Mrs Fielder of Tahoka and officers of the Delphin Club of Lamesa were the out of town guests and the '46 Study Club from O'Donnell.

Punch and cookies were served from an attractively decorated table with red roses for the center piece. Mrs Glen Allen presided at the punch bowl assisted by Mrs W E Vermillion and Mrs J T Middleton, Sr. Mrs J P Bowlin Sr received the guests. The motto for the day was "A House without Windows" is Like a Room without Books. Mrs Earles thanked the honored guest and gave her a gift of appreciation from the club.

LOCAL GIRLS TO ATTEND FUTURE HOMEMAKERS MEET

Over 2,000 Future Homemakers of America, Texas Association, are setting their sights for their state meeting in Dallas, May 5th thru 7th. Representatives from 488 chapters will take part in the 3 day rally of homemaking students from Junior and senior high schools of Texas.

The local FHA chapter will be represented at the State Meeting by the following newly elected officers: Elaine Hahn, president, Nadene Roberts, vice president, Pat Etter, treasurer and Daphne Telchik, delegate at large. These girls with their sponsor, Miss Helen Stokes, will leave here on May 5th and return on May 8th. They will attend all general sessions and social functions.

Thomas DeLord of Gatesville visited in the E W Summers home last week.

Mr and Mrs J R Franks of Seminole are the proud parents of a baby boy named Jimmy Raf born April 6th; she is a niece of Mrs E W Summers.

Mr and Mrs Felix Jones and family visited his mother at Roscoe last week.

Children Operette Set
Mrs Worthington and Mrs Tubb are presenting an operette "The Wedding of the Flowers" on Thursday nite April 14th at 8 p m with admission free; pupils from first thru fourth grades will take part in the program.

TWO CAR FIRES HERE
The interior of Johnny Billingsley car was badly burned recently. All windows of the car being up probably killed out the fire for lack of air preventing total damage. Recently Ellis Barnes last his Packard at his home by fire. The damage was total.

Mr and Mrs Boyce Allen and son and Mrs M B Allen visited relatives here over week end.

Carroll Jones who is stationed at San Angelo in the Army, is home for a 10 day furlough.

Harmony News
Mr and Mrs J M Turner, Mr and Mrs Dan Turner and son, and Mr and Mrs Willie Isaacs spent Tuesday in Lubbock.

Bob Long and Eli McMurtry made a business trip to Stanton Tuesday.

Jean Blair of Floydada spent Saturday nite with Freda Snell.

Mr and Mrs Wm. Blair and family of Floydada spent Saturday nite with Mr and Mrs Oscar Furlow and family.

Mr and Mrs. Bob Long, Betty Bobby and Larry attended a family reunion Sunday in the home of Mr and Mrs J H Poindexter of Southland.

Mrs Roscoe Snell and Freda and Mrs Finis Gleghorn and Shirley attended a party Friday nite at the home of Anna Lois and Bobby Rains.

Sonny Grider of Dallas is visiting in the home of Mr and Mrs Bob Long and family.

Mr and Mrs Earl Stracener are sporting a new car. Congrats

First Baptist Church Calls A Pastor

Last Sunday the First Baptist Church called the Rev. John H. Johns of Lubbock as pastor.

On next Sunday, April 17th, the newly called pastor will fill the pulpit morning and nite. On this Easter Sunday all members are urged to be present to hear their new pastor.

Bro Johns is married and has a young son.

Mr and Mrs E O. Smith and son of Lubbock were week end visitors of Mr and Mrs W L Gardenhire.

WEEKLY NEWS ANALYSIS
**Price Reductions Clip Inflation:
 Rent Control Law Gives Authority
 To State Governors, Legislatures**

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)

**PRICE DROP:
 Hits Inflation**

American consumers were asking themselves: What does it mean? Why were prices being slashed, the dollar stretching a little further? Was it simply that inflation was being clipped, or was it true, as some have said, that the country is in the midst of a mild recession?

THOSE QUESTIONS were well-founded. For, in the latest economic development, prices of automobiles, accessories, radios, refrigerators and ranges had been reduced.

Continued reductions in such basic commodities as lead, zinc, copper and steel indicated there might be further cuts in manufactured goods in the wint.

One automobile manufacturer announced cuts ranging from \$198 to \$333 in the price of his cars. The mid-season catalogue of the nation's biggest mail-order house announced "many price reductions in all lines." Even ice cream was down—off three cents a quart in Philadelphia.

Radios showed the biggest drop. One nationally-known manufacturer announced price cuts of 20 to 50 per cent on nine home model sets. Auto batteries were lower in cost. A refrigerator manufacturer knocked off \$20 from some of its models. Steel was down and scrap metal was at the lowest price in almost two years.

WHATEVER ELSE entered into the picture, it was conceded that buyer resistance was one of the main items in the price reductions.

The consumer had become more conscious of prices. There had been more hand-to-mouth buying. There was a tendency to "wait and see" whether prices would come down a bit.

Businessmen and industrialists agreed that the "boom in the boom" — that a healthy readjustment is underway.

**SPEED PILOT:
 A New Record?**

Joe De Bona, by his own admission was a "scared boy."

And he had every reason to be. He had taken off from Burbank, Calif., in actor Jimmy Stewart's nine-year old plane—a souped-up F-51—at 9:20:50 one morning, and exactly five hours later he was zooming into the airstrip at New York's La Guardia Field.

THE PLANE had a cracked cockpit canopy, dangerously low oil pressure, no oxygen, and gasoline for only seven more minutes of flying when De Bona whistled into the airport at 600 miles per hour. "I'll never try a record flight again," he said. "This was too nerve wracking."

Fred H. Wilkerson, official timer of the National Aeronautical association, said the NAA would have to decide whether De Bona set a new cross-country record. He said the plane carried no barograph, a locked instrument which shows elapsed time, and that the gasoline tanks were not sealed.

THE OFFICIAL coast-to-coast record for a single reciprocating plane such as De Bona flew is six hours, seven minutes and five seconds, set by Paul Mantz on February 23, 1947, in a flight averaging 401.076 miles per hour.

**DEFENSE CHIEF:
 Has Big Job**

Louis Johnson of West Virginia had taken on one of the biggest jobs in the world, and had added to the magnitude of the task when he declared the armed services of the United States would be "united as one."

WELL, JOHNSON, in taking over as secretary of defense, was the man whose job it would be to unify the armed services, but his predecessor, James V. Forrestal, retiring to private life as a banker, hadn't been able to do it.

The fact was that jealousy between the services made it practically impossible to implement a congressional act unifying the army, navy and air corps. However, it was said Johnson would come closer to it than anyone else probably could. It was reported he was ready to adopt a "tough" policy to brass hats in all the services and that if unification were possible, he'd bring it about.

**FORRESTAL:
 Medal From Harry**

James V. Forrestal, retiring secretary of defense, received a surprise when he called at the White House to say goodbye to President Harry S. Truman. Mr. Truman pinned the Distinguished Service Medal on Forrestal's coat.

The citation read that Forrestal had "materially advanced the security of the nation." Forrestal said it was "beyond me" how he merited it.

New Senator

One of the nation's foremost educators, Dr. Frank P. Graham, has been appointed U. S. senator from North Carolina to succeed the late Sen. J. Melville Broughton. Dr. Graham was president of the University of North Carolina.

**RENT BILL:
 Buck Was Passed**

The rent control question was red hot. Congress knew it. The people knew it. But something had to be done before controls expired March 31. Congress had to do something. It did. It passed the buck.

A rent control bill was drafted by the 81st congress, but it laid in the laps of state governors and legislatures the real power and responsibility for rent controls.

EVERYTHING congress wrote into the present bill can be nullified by a governor or a legislature, if they see fit.

The bill continues rent controls for 15 months, or to June 30, 1950. It sets up a "home rule" process for decontrol of states, cities, or other local areas. Legislatures could remove controls throughout a state, or in parts of a state. A city government, or ruling body of other communities, could pass a resolution calling for de-control and, if the state governor approved it, then the federal government would be forced to abolish controls in that community.

The bill requires the housing expediter to fix rents so as to insure landlords a "fair net operating income . . . as far as practicable." However, it restores old OPA powers for the rent expediter to control evictions. This, some congressmen said, would prevent any mass evictions by landlords.

UNDER THE MEASURE, the housing expediter is authorized to sue a landlord for three times the amount of any charge made against a tenant above the legal rent ceiling. Under old law, the tenant had that power, but seldom used it.

The new act does not authorize further 15 per cent "voluntary" increases in rents, and recontrols any dwellings decontrolled under such voluntary leases, at the rent figure contained in such leases.

Veteran's priority for first chance to rent or buy a new property are continued in the bill.

**STOCK MARKET:
 Curbs Are Relaxed**

The federal reserve board had taken an action that should make the "ribbon clerks" very happy.

"Ribbon clerks" is a name applied by stock market operators to amateurs who seek to engage in the fascinating business of trying to make several bucks grow where only one grew originally.

THE FEDERAL reserve board ruling was that the down payment on purchase of stocks would be reduced from 75 per cent to 50 per cent.

The board had been pressured for several months by the New York stock exchange, its president, Emil Schramm, and securities dealers generally. They had complained that the previous restrictions had thrown markets into the doldrums and that trading had remained at an unusually low level for months.

THIS WAS CONSIDERED as strong indication the board believed inflation had ceased to dominate the economic situation.

Earlier, the board had relaxed restrictions on installment-buying credit, giving a longer term for installments on purchases of automobiles, furniture, refrigerators, washing machines and radios.

Open Season

In Kentucky, a wife may swear out legally a search warrant against her husband, according to an opinion given by Assistant Attorney General Squire N. Williams. Whether this extends to hubby's pockets was not mentioned in the ruling.

Williams declared, in an opinion given Harry R. Burke, a Prestonsburg attorney, that he knew of no state statute preventing women taking such actions.

WOMAN'S WORLD
Mantels Give Homes Extra Personality

By Erta Haley

JUST AS A WOMAN completes her costume effectively with a dramatic hat, so should a room be punctuated with at least one feature which draws the eye and creates a favorable impression.

If you are the lucky owner of a mantel or fireplace in your living room, then strive to make this the exclamation point for the room.

One of the most common faults in decorating a place which amateurs make is the lack of effect. They're afraid to do something just a bit startling which would serve to give a room interest and personality.

The thing to do, then, is to be daring and willing to try out several ideas which might do the trick. Study the room from different angles; consider the light; take notice of the furnishings; and, above all, try to reflect your interests and hobbies in decorating.

**Use Imagination
 Instead of Stereotypes**

If many of us think of a mantel as a shelf with a mirror with two pots of ivy carefully placed on either side of it, then it's no wonder. Such has been the traditional and over-used decorative effect employed for mantels from coast to coast.

Such stereotypes are no longer considered good taste or fine de-

Make the most of a mantel . . .

sign. Mantels are now seen as something which guests will exclaim about and which the homeowner can look at several times a day and purr with contentment.

Are you interested in old prints or reproductions of fine paintings? Perhaps you have clipped out sets of attractive pictures which may be framed. All these reflect your taste and interest, and are natural to use in the room.

Have the prints matted against a color that picks up the most dominant tone used in the room. Hang them above the mantel in three rows of four pictures each, or in another suitable arrangement. How pleasing this will look! Think, too, of the conversations it can create while you entertain. You'll be well pleased over what the imagination can do.

**Let Personality
 Guide You**

Is your husband interested in world affairs? That means he undoubtedly gathers friends about him who have the same interest.

What could be more effective under these circumstances than having a large world map placed on the wall over the mantel? Have it simply framed and skip other decorations at that particu-

THE GARDEN SPOT

Don't Get Along Without Bulbs

By Eldred E. Green

"THE WORLD is so full of a number of things . . ." said Robert Louis Stevenson. That is so true in the garden. There are so many kinds of plants that it is hard to know where to stop to keep the garden from going out of bounds.

Unless we are specializing in one kind of garden there should be some of each group of plants, as each has its own merits. Summer bulbs are one of these groups. The commonest ones are the Gladiolas and Cannas.

Gladiolas are superb for the garden, and for cutting there is nothing finer. The long spikes of flowers with a few buds opening every day will give a fine display for weeks either in the garden or in a vase. New varieties are constantly appearing and the list for the home garden changes from year to year as the price comes down.

For starting nothing is much better than a good mixture. Many firms guarantee a certain number of kinds in their mixtures without naming the exact varieties. This will give you an introduction to the many colors and the types so that you can select from the named kinds in the future.

Glads need little care. A good garden soil with plenty of sun or a well fertilized sand are fine. The bulbs are planted about three times the diameter of the bulb in depth. Keep out weeds and water in long dry spells. In fall the bulbs are dug after the first light frost has killed the foliage. Dry for several days and then store in a dark cool place until spring.

Planting starts in spring when the soil is warm and continues for sev-

Shorties for Spring

Shorties are the favorite length in gloves for springwear. Points and perforations on the cuff give a perk look to those American-made glaze shorties. They're finger-free designed for comfort, too.

lar point. Then the men may gather around the mantel where you've arranged comfortable chairs and discuss their hobby with map conveniently at hand.

Do you yourself like collecting quaint antique pieces? An old oval gilt mirror can be painted in modern colors, if that is the type of room you have, then placed on the mantel. If you can find old crystal candle brackets to go on either side of the mirror, the effect is complete.

**Mantel Cupboards Ideal
 If You Collect**

Do you collect interesting pieces of china, rare glass, pottery or knick-knacks? These would be very attractive in a mantel cupboard which can easily be built or hung on the wall.

Many of the new homes may even have a built-in set of shelves above the mantel, and this offers an ideal place for showing your hobby.

If you have a lot of small items

With appropriate furnishings.

which you like to show, it isn't too hard to build a what-not over the mantel. Small items may be given the proper background by building or buying a mirror-backed shelf. This may have glass doors, too.

A French provincial room or one in Early American can use a period what-not over the mantel. Porcelain figurines, assorted bottles, colorful pottery or miniature

Radical in His Ideas

For radical he was. He said children were away ahead of the rest of us in the secret of eternal life; He said the humblest among us would one day stand first; He said anyone who needed your kindness was your neighbor. He said things about feeding the hungry, clothing the naked that were quite new to oriental philosophy.

And He went further; He went against all human precedent and custom. He said, "Forgive your enemies." Why should you? He

Spread Across the World

However, they hadn't. With the inexorable power of it's divine origin, that strange doctrine of His spread—spread to the new world of Europe, the new world of the western hemisphere. And the blazing, irrefutable miracle of this Easter Day is that the name of this obscure carpenter is today the one best known among all men. We call our world Christendom. We call our philosophy Christianity.

Christianity ruled Europe for hundreds of years. What else did Europe have that the oriental nations didn't have? I can think of nothing fundamental.

Was it Christ's law, then, feebly and imperfectly as it was followed, that raised the cathedrals and the mosques, that painted the great saints, and cut the marble museums, colleges, libraries, bridges and laws becoming steadily more and more humane?

Started in 1946

The world health organization began to build its "epidemiological intelligence service"—that is the official name—in 1946, almost as soon as it was organized. Some of the functions were taken over from the League of Nations. Others were co-ordinated with existing regional operations, such as the work of the pan-American health institute in which the nations of the western hemisphere had been co-operating for their own regional defense against disease.

By Jan. 1, 1949, it was all wrapped up into one global anti-epidemic operation. And today WHO "agents," working in co-operation with the governments and especially with the public health services of the countries in which they are stationed, are on the job at all times tracking down the five worst enemies of mankind: cholera, smallpox, yellow fever, typhoid and the plague.

copper or brass pieces are set off to good advantage on it.

**Here's How to Use
 Too-Small Mirrors**

In rooms in which you want to create an illusion of size, a mirror is quite acceptable over the mantel. But what happens when your particular mirror is too small for the space? This problem is easily solved by placing attractive prints, framed simply, on either side of the mirror. Two prints hung one above the other, can look very handsome indeed.

Just in case you are dissatisfied with the mirror arrangement, you might look for a clock in whatever period the room is furnished. Place this in the center and flank with candlesticks.

Just in case you want a mantel and have none, don't despair. Good stock mantels may be purchased. To keep down the expense, put it up yourself or hire someone while the season is slack.

Avoid a cluttered effect by keeping the decorative pieces to two or three.

KATHLEEN NORRIS

Easter Is a Continuing Miracle

By KATHLEEN NORRIS

"IF I COULD actually have seen a miracle, in the days of Christ's life on earth, of course I'd believe!"

So many people—bewildered, anxious, troubled in these dark days—say that, that it seems worth while to point out to them in this time of Easter, a real living, inexpressible, undeniable miracle.

Well, then, there lived a young carpenter 2,000 years ago, who talked strange talk of God's being his father. God, the avenging, cruel, mysterious ruler of the old religions, just as a father, understanding and wise and loving! This was so extraordinary an idea that it is no wonder that this young man, Jesus, was regarded with dark suspicion.

He never wrote a line, never had any position or money, never gained an influential friend, and He presently died the death of a common criminal. All this happened in a little oriental town more obscure than is the nearest crossroads village to you. No railway to his town, no telephone, radio, movie news. Nothing. Nothing, one would think, to prevent this political criminal from sinking into the obscurity that has swallowed up such young radicals from the beginning of time.

Radical in His Ideas

For radical he was. He said children were away ahead of the rest of us in the secret of eternal life; He said the humblest among us would one day stand first; He said anyone who needed your kindness was your neighbor. He said things about feeding the hungry, clothing the naked that were quite new to oriental philosophy.

And He went further; He went against all human precedent and custom. He said, "Forgive your enemies." Why should you? He

Radio Gave Report

How did they know that day at the port of New York—and, for that matter, at every port and airport in the United States—that there was a need to watch out for typhoid from the Mediterranean area?

They knew because early that morning doctors in every port and airport turned on their short wave radios at the required hour and heard a voice say, first in French and then in English, Russian and Spanish: "This is the intelligence service of the world health organization calling all ports, airports and ships at sea. Three cases of the plague were reported this morning at Hong Kong; seven cases of cholera in Egypt, and typhoid in the Mediterranean area. . . ."

The world health organization is one of the agencies of United Nations and in its intelligence service every one of the UN members, and 11 nonmember states, co-operate to carry on a unique kind of espionage, spying on bacilli.

By Jan. 1, 1949, it was all wrapped up into one global anti-epidemic operation. And today WHO "agents," working in co-operation with the governments and especially with the public health services of the countries in which they are stationed, are on the job at all times tracking down the five worst enemies of mankind: cholera, smallpox, yellow fever, typhoid and the plague.

Started in 1946

The world health organization began to build its "epidemiological intelligence service"—that is the official name—in 1946, almost as soon as it was organized. Some of the functions were taken over from the League of Nations. Others were co-ordinated with existing regional operations, such as the work of the pan-American health institute in which the nations of the western hemisphere had been co-operating for their own regional defense against disease.

By Jan. 1, 1949, it was all wrapped up into one global anti-epidemic operation. And today WHO "agents," working in co-operation with the governments and especially with the public health services of the countries in which they are stationed, are on the job at all times tracking down the five worst enemies of mankind: cholera, smallpox, yellow fever, typhoid and the plague.

Be Smart!

Newest role assumed by the star of the new season, soft silk scarves, is that of gilet or blouse front. The gossamer-textured scarves are pulled through a close-fitting neckline with ends worn in a side-bow effect or as a jabot full underneath the chin. This is as effective in contrasting dark colors or sombre colors, the latter very new, as in a print. Newest print whimsy is the petal-edge scarf, which is effective indeed when huge tropical flowers are used.

GOP Has No Program

AT THIS STAGE of the 81st congress, which on the surface has been embroiled in considerable confusion including a filibuster and an apparent split in the Democratic forces—south against north—there is still only a one-way street down which the objective reporter can travel in gathering the news.

For as a matter of fact, there is still only one positive program before the congress: the program which President Truman laid before its members in his state of the union message.

Try as one may to find one, the Republican minority in congress does not have a program, except the negative program of opposition and that does not completely hold water because many of the Republican members will go along with a majority of the Truman program.

The GOP policy committee holds periodical meetings to decide what position to take on a given bill, but even these meetings do not result in any agreement since men like Aiken of Vermont, Flanders of Vermont, Morse of Oregon, Tate of Minnesota, Ives of New York, Baldwin of Connecticut, Langer of North Dakota, Lodge of Massachusetts and others, do not see eye-to-eye with the leadership of the committee which is wrapped up in Senator Taft of Ohio. So no matter what the policy committee decides, these men are left pretty much to their own thinking on the problems before the senate.

Then there is a seeming disagreement between house and senate Republicans. The senate GOP campaign committee is going its own way, detouring around the Republican national committee on both matters of policy and operation. The senate committee has hired Victor Johnson, one-time strategist for former governor and presidential candidate Harold Stassen, as a public relations director. The house GOP campaign committee, headed by the wily ex-speaker Joe Martin of Massachusetts, is planning its own policy and operation and while giving lip service to Chairman Hugh Scott of the GOP national committee, is preparing to set up its own publicity staff and conduct its own operations. The senate committee, according to information starting off with \$50,000 in the kitty, but the house committee is not so well off and will start from scratch to raise its own money to better its press relations and get its public relations story over to the people.

The progressive Republican leadership is hoping that ultimately they will come up with a unified program upon which they can go to the people, but that time has not yet come. With the party apparently so hopelessly divided, whether that time will ever come is a matter for conjecture. Simultaneously whether or not the split between northern and southern Democrats is so deep that it cannot be healed and will endanger the Truman program also is a matter for conjecture. If so, then this congress will eventually turn into a coalition congress of southern Democrats and northern Republicans and will operate ineffectually, much as the 74th congress operated.

Truman Will Fight

The best thinking here in Washington holds that President Truman regards the vote at the last election as a mandate of the people and is out to use every power he has to force through his liberal program, a program which has been labeled everything from "pink New Dealism" to "socialistic" and even "communistic" depending upon the point of view of the opposition.

And this same source of thinking indicates that despite the Democratic split, the administration Democrats, with liberal Republican help, will push through most of the Truman "Fair Deal" program. This reporter finds that the mail of many congressmen, even including some southern congressmen is unusually heavy. Some offices are swamped with mail, the big bulk of it from individuals and that almost 90 per cent of this mail is definitely favoring the program advanced by the President in his election campaign. The President and the president's cabinet are becoming more and more outspoken in demanding congressional Democrats to go along with the program.

President Not 'Kidding'

There is every indication that the President was not kidding when some weeks ago he indicated he might "get on a train" and make another trip to take his program to the people if his measures were not forthcoming from congress. He may make some radio talks, but he has found he is not as effective on the radio as he is face-to-face with the audiences out in the home towns of the country, talking to them in their own language.

WHAT THIS COUNTRY NEEDS MOST . . .

Boola Boola Boys Battle Bicarb Business

. . . ARE MORE COLLEGES FOR CHEFS

By H. I. PHILLIPS

COLLEGE FOR CHEFS

G. I. Schools in cooking, menu planning, restaurant operation and hotel management are being conducted in various parts of the country, with one more or less affiliated with Yale. For this we give a lusty cheer. If there is one field in which plenty of education is

needed, it is in the operation of the average American restaurant and lunchroom. The run-of-the-mill eating places of this country are presided over largely by chefs who are strictly grease-and-hot-flame boys.

Even the proper technique in fry-

ing an egg escapes them. Their idea of a good dinner is anything that has been in and out of a grease bath. And they can make coffee taste like essence of marine varnish. They got into the business on a bet, learned to cook by taking an elementary course in arson and kept their jobs because the boss ate elsewhere.

The course in hotel management is needed, too. What a field! There are thousands of cities and towns in America where, except for one inn (if lucky), the hotels are run by sock peddlers hired to keep down expenses and operate wholly on the theory that the guest should bring his own plumbing kit, be able to fix a lock and make no complaint if he has to have the hotel physician immediately after ordering the day's special.

Three cheers and a tiger for that school up in the rarified atmosphere of Yale. And we hope Harvard and Princeton will see the light, too.

Cuff Stuff

"Realtor" won a race at \$43 in Miami the other day and Shudda Haddim is still knocking himself with reproachments. "Realtor! A name like that in Florida and I don't know it's a sure hunch!" he cried. "Every third guy I meet this winter down there is selling lots! I can't do any handicapping the night before this race on account of everybody on the porch is arguin' over real estate. "That night around midnight I get waked up by a phone call in the next room and some guy starts making an appointment to look over a sub-division. At breakfast my three-minute eggs are done a half hour on account of the chef is tryin' to sell the dishwasher a bungalow cheap. And on the way to the track the taxi driver stops to point out his acreage! Yet there is this skinner 'Realtor' on the program and I let him go."

On closing day at Hialeah the Seminole Indians were given their annual day in the infield. This one annual observation of the White Man at play sends them back to the Everglades thanking the Red Man's god that they have escaped civilization.

A college for chefs, cooks and stewards is a crying need. America desperately needs it. The customers are tired of being guinea pigs for apprentice ham-and-bean boys whose motto is, "If you can eat it without catsup, it's our mistake."

There are G. I. students from 38 states in the school at New Haven. The boys study cooking under experts and nobody who thinks two minutes are enough for a four-minute egg makes the team. No student with a fixed idea that any sandwich is tasty if well upholstered with faded lettuce finishes his freshman year.

We understand special attention is paid to the matter of chicken pies and beef stews and that the dean flunks any student who insists all a chicken pie needs to be irresistible is a slight segment of wing, one quartered potato and a boiled onion whipped in glue.

As for menu planners, ah, there's a field! Take 150,000 middle-class restaurants in this country today, and 149,923 think the menu has been radically changed if the string beans are left out.

Dietitians? Yes and no. Personally, we think that the moment a person gets a sheepskin as a dietitian he or she thinks it is a license to skimp on all the essentials of lunch except eggplant and coleslaw.

A Song from Sorrow

OUT of my sorrow I shall make a song
So beautiful that others' grief will cease
If one but listen, silently and long,
I promise him my song shall bring him peace:
One clear high note of faith, one note of cheer,
And one of courage, flung against the sky,
But not one tremulous, low note of fear,
And not one muted, agonizing cry.

Oh, I shall make my song a thing of light,
The darkness only can put forth a star,
And out of sorrow—darker than the night—
A song shall lift that men will hear afar,
And listening, with faces eager—glad—
Will say, "Where is the sorrow that we had?"

Star Dust

STAGE SCREEN RADIO

By INEZ GERHARD

DEE ENGELBACH, producer-director of CBS' "Hallmark Playhouse," may not be a starmaker, but Joan Fontaine, Irene Dunne, Gregory Peck and many other stars agree that he gets outstanding performances from actors who might not give them otherwise. Miss Fontaine did "Random Harvest" on the Playhouse and asked to have him direct her next picture. Peck had

JOAN FONTAINE

fought off requests to play Abraham Lincoln, saying he was a cinch to be typed as Lincoln and wanted to postpone it—but could not refuse the role, in "The Prairie Years," with Engelbach directing. "Tactful but forceful direction"—that's what they say they get from him.

Hollywood has lured two of "The Guiding Light" cast into its fold. Willard Waterman, "Ray Brandon," starts work as Bing Crosby's stuffy brother-in-law in "Riding High," and Betty Gerson, the female lead, will have a leading role in a picture at Republic that's unnamed so far. This will be Miss Gerson's first film venture, so here's her luck to her.

The new "March of Time" may give you a lot of ideas, if you don't know where to spend your next vacation. Or it may show you the place you've already enjoyed. The film shows a cross-section of American holidays—cruise ships, big and little hotels, camping trips, dude ranches. Americans spend some 11 billion dollars on vacations; here is how they do it.

Kid Chissell, one of the prizefighters in RKO's "The Set-Up," used to work out in a Cleveland gym in 1925 with an amateur fighter named Packy East. Then Packy took the long count, gave up fighting, and Chissell didn't know what had become of him. Didn't see East until some years later, in see East until some years later, in Hollywood. Packy had won quite a reputation there as Bob Hope.

The Fiction MAGIC MONTH

Corner

By DYER WILSON

HELEN AND ANDY weren't laughing. They were sitting in metal chairs which were placed at right angles to each other, instead of side by side on the glider, and the glow in their eyes was replaced by anger.

"The trouble is you have no ambition!" Helen was saying as her wide set gray eyes flashed signals. "You act lazy!" The long curls were given a toss as she got to her feet.

3-Minute Fiction

Andy got up too. He gave her the one sided smile he'd brought home from war with him and shrugged his heavy shoulders. Andy had blond curls, tooth-tight to his well shaped head and the merriest of hazel eyes. "You can say that again," he told Helen. "I act lazy, do I?" He thought: Well, that's that and I'll re-enlist and get as far from Hyville as possible.

When he got home the radio was playing jive and he wound one leg over the other and sat in the big green chair beside it. His mother came into the room and said, "aren't you going to look for a job today, son?"

As he worried for an answer the announcer interrupted the program to tell about a soap contest. "Five hundred dollars for first prize," he said, "just tell in twenty-five words why you like Sudy-Soap best!"

"I'm trying to think up an entry for the contest, Mom," said Andy directing his hazel eyes up and grinning like an imp, "only I'll have to have the wrappers from three bars of the darned soap."

Andy Tyson tried not to understand that she inferred he had wasted too many afternoons. He made great work of wording his entry and addressed the envelope for mailing.

Habit turned his steps into the corner store where the fellows laughed and teased him about his entry. Half angry again he hurried out of the place and tossed the letter into the near-

In the three weeks that went by he didn't go near Helen nor did he look for a job. One day slipped into the next and a laxness seemed to hold him tight. He was marking time and getting more dissatisfied with every passing hour.

THE NIGHT, a day later, when he got home to find excitement in the very air and Mom holding out a telegram he ripped it open and nearly passed out. SUDZY-SOAP IS PROUD TO ANNOUNCE YOU WINNER OF FIRST PRIZE. STOP. LISTEN TO USUAL SATURDAY PROGRAM. STOP. CONGRATULATIONS.

Next day Andy got a job. It was really easy. He felt so good — so

proud of himself and ready for anything that came along he just went right after the mechanics job he saw advertised in the morning paper.

Saturday night the whole family gathered for the radio program telling of the contest and the winners.

"But I didn't win," Andy said helplessly when the program was over. "they didn't mention my name and that Robert Amherst won the five hundred dollars."

The door bell interrupted Andy and when the messenger boy gave him a telegram he glanced at it and ripped it open. "HOW DID IT

FEEL TO BE A PRIZE WINNER FOR A FEW DAYS? STOP THE BOYS.

Andy was half way out the door when Helen caught up with him, "where you going?" she asked. "I'll bust those guys in the nose," Andy cried, "of all the dirty, low down tricks."

Helen laughed as she read the telegram. Tears rolled down her lovely cheeks and still she laughed. Andy couldn't help laughing with her.

"If they hadn't done it we'd still be angry with each other," she pointed out, "and you wouldn't have your job—and we wouldn't be planning on getting married."

Attractive Bird House Is Easy to Construct

IF YOU want to turn your spare time into a useful and productive hobby, make up this attractive birdhouse. You'll have fun building it and be agreeably surprised to see what a professional looking job you can do using only hand tools.

Since each component part of the house is reproduced full size on the printed paper pattern, all the mystery usually associated with woodworking is dispelled. Merely cut each piece of wood according to the shape and size of the pattern, then fasten each part together in exact position indicated.

Send 20c for Pattern No. 11 to East-Bird Pattern Company, Dept. W, Pleasantville, New York.

ASK ME ANOTHER?

A General Quiz

The Questions

1. Name, in rhyme, the four things a bride is supposed to wear at her wedding.
2. What are the three primary colors?
3. What is the capital of Portugal?
4. Who wrote "The Star Spangled Banner"?
5. What is the meaning of sten-torian?
6. How many acres are there in a square mile?
7. Where is the Zuyder Zee?
8. Who was the author of "Moby Dick"?

The Answers

1. Something old, something new, something borrowed, something blue.
2. Red, yellow and blue.
3. Lisbon.
4. Francis Scott Key.
5. Extremely loud.
6. 640 acres.
7. In Holland.
8. Herman Melville.

4-H Clubber Takes Fox-Trapping Crown New York State Rates Raymond Premru Best

The title of New York's fox-trapping champion for 1948 is held by Raymond Premru, of Gorham in Ontario county.

The youthful 4-H club member led the list of 800 trappers from 32 counties with a total catch of 50 during the year. Second honors went to Gene Gage, of RFD 1, Canandaigua, who trapped 42. Tied for third with 34 foxes apiece were Russell Kilian, of Cowlesville, and William Smith, Jr., of Ancramdale.

With the side of his garage piled high with pelts, here is Gene Gage, of RFD 1, Canandaigua, New York state, who trapped 42 foxes during 1948 and won honors in the statewide contest.

The 800 trappers in the contest accounted for 1,691 foxes, with red-pelted specimens outnumbering the gray animals six to one, according to Prof. D. B. Fales, assistant 4-H club leader. After four years, a total of 8,768 foxes have been trapped by rural boys of the state.

Some 60 county trapping champions were honored at the banquet which brought the 1948 season to a close. Agricultural and conservation officials and adult professional trappers attended the ceremony and watched the presentation of awards.

Premru, the state champion, received a repeating shotgun as top prize. Other awards totaling about \$250 in value were presented other trappers and pelt preparation winners.

The New York state poultry council, the state Farm Bureau federation, the state conservation council and the American Agriculturist cooperated in sponsoring the program of awards, entertainment and banquet.

The annual fox trapping contest is conducted by the New York state extension service in cooperation with those agencies and the state conservation department.

Fertilizer Formula Found "Sure Bet" After Tests

Maryland corn producers looking for a "sure bet" now have their answer. Five years' tests show that 200 pounds of 3-12-16 fertilizer applied with the fertilizer attachment on a modern corn planter is practically a "sure bet." Research workers at the state's agricultural experiment station report that the application gave higher returns for the fertilizer invested than any other practice.

HOUSEHOLD MEMOS

by Lynn Chambers

Ice Cream, Cake Make Acceptable Desserts For Nearly Every Meal

THERE'S NOTHING FANCY about ice cream and cake, but they make a wonderful dessert for any occasion, plain or fancy. Then, there are few who can resist turning down a heaping bowl of creamy ice cream and a slice of feather-like cake, so you have no worry about pleasing family or guests.

For youngsters who have difficulty getting their daily quota of milk and other dairy foods, ice cream is the perfect answer. The same is true, too, of adults who cannot drink their pint of milk.

Ice cream is a highly nutritious dairy food that furnishes energy as well as minerals such as calcium and phosphorus. It also gives significant amounts of vitamins A and B and quality protein, all of which are needed for proper growth, strong muscles, bones and teeth.

You don't need to do anything special to make a festive dessert out of ice cream. Simply pile it in a glass bowl for easy serving

A large serving bowl of ice cream surrounded with luscious fudge cup cakes topped with swirls of chocolate frosting and pecan halves make a gala dessert for a festive occasion. Pass this with assorted sauces or jams and jellies for sundaes.

and to get the full benefit of its luscious appearance. Around the bowl you may have bought or homemade cupcakes or several bowls of assorted jellies, jams or sauces for make-your-own sundaes.

HERE ARE SOME excellent uses for leftover cake that are served with ice cream. A bit of dressing makes them glamorous desserts.

Quick Alaskas (Serves 6)

- 6 leftover cup cakes
- 3 egg whites
- 6 tablespoons granulated sugar
- 1 teaspoon lemon juice
- 1 quart vanilla ice cream

Cut the centers from the cakes, leaving a wide center to hold the ice cream. Save the cake centers for another dessert. Beat the egg whites until stiff enough to hold peaks. Fold in sugar, one table-

spoon at a time, then lemon juice. Just before serving, place the cakes on a bread board, fill centers with ice cream and cover the ice cream and all the outside of the cake with a thick layer of meringue. Bake in a moderate (375°) oven for five minutes and serve immediately.

Apple-Raisin Sauce (For Ice Cream)

- 2 cups sweetened, strained apple sauce
- 1/2 teaspoon cinnamon
- 1/4 cup seedless raisins
- 1 tablespoon orange marmalade

Mix apple sauce with all other ingredients and heat slowly to the boiling point. Simmer 10 minutes over a slow fire or until raisins are plump. Cool before serving.

Coffee Cream Sauce (For Ice Cream)

- 1 cup light brown sugar
- 1 tablespoon instant powdered coffee

Mix sugar and coffee in a small bowl. Add to one cup of milk and heat to boiling. Pour over ice cream.

LYNN SAYS: Make the Most Of Your Meats

When you roast beef or lamb, cut small slits in the fat of the slivers of garlic. This adds a lot of flavor to the meat that many like. Remove garlic before serving.

Honey mixed with orange juice and grated orange rind may be poured over the scored fat of ham for interesting flavor.

LYNN CHAMBER'S MENU

- Baked Fish Fillets, Tomato Sauce
- Buttered Asparagus
- Baked Potatoes
- Cole Slaw-Pineapple Salad
- *Fudge Cupcakes with Ice Cream Beverage
- *Recipe Given

1/4 teaspoon salt
2 tablespoons butter
1 teaspoon cornstarch
1/2 cup coffee cream

Mix sugar with cornstarch, coffee and salt. Add butter and cream and stir over a slow fire until boiling. Boil for one minute, remove from fire and cool slightly. Add one teaspoon vanilla. Serve cold.

Another delicious way to serve ice cream and cake is to arrange two slices of spice cake for a serving. Place a portion of ice cream in the center and top with fruit sauce, an apple-raisin sauce, as given below, or crushed pineapple, pineapple and ginger or mince-meat sauce.

Chocolate Frosting

- 2 squares unsweetened chocolate, melted
- 2 tablespoons hot milk
- 1 1/2 cups sifted confectioners' sugar (about)
- 1 teaspoon vanilla
- pecan nut meats

Melt chocolate over hot water, add hot milk, sugar and vanilla to make a thick frosting. Beat vigorously to make it creamy and more sugar, if necessary, to make frosting spread easily, without running.

Coffee flavor goes beautifully with vanilla ice cream. If you like a sauce, here's just the one:

HERE ARE SOME excellent uses for leftover cake that are served with ice cream. A bit of dressing makes them glamorous desserts.

Leftover cake is easily glamorized if served in this way:

- place two thin slices of the cake on a plate, center with ice fruit sauce like apple-raisin, cream and top with a spicy given in this column.

Leftover beef, like lamb may be curried and served on hot, fluffy rice.

If hamburgers tend to look skimpy, place a thick slice of cheese on them before broiling.

Add drained horseradish to medium white sauce if you want to bring out delicious beef flavor in a boiled cut of the meat.

Minced scallions and parsley may be added to melted butter to bring out the full flavor of chicken, steaks or chops, which have been broiled.

THE BIBLE SPEAKS

International Union Sunday School Lessons
By DR. KENNETH J. FOREMAN

SCRIPTURE: Mark 10
DEVOTIONAL READING: Mark 9:33-37

Range of Religion

Lesson for April 10, 1949

ONCE THERE WAS a farmer who owned a large farm. His wide acreage was divided into pastures and fields and a garden and orchards and hog-

lots and chicken-yards and so on. But whenever any one would ask the farmer about some particular part of the farm, he would answer, "That's not my business—that's only the orchard, it isn't the farm;" or "—That's not the farm, that's a flock of sheep," or a rye field or whatever it might be. Of course such a farmer never lived, or if he did, he should have his head examined.

What Does Religion Cover?

YET THAT FARMER is not a bit more idiotic than a Christian who, when asked about this or that activity or aspect of life, answers, "That's not religion. I have no interest in it." Religion isn't a little fenced-off pasture for lambs, a tiny garden plot behind thick hedges.

Religion covers the whole farm, every bit of life from end to end. Jesus knew this very well. He never once refused to discuss anything on the ground that it was not religious.

He cast light on everything that touched him. He called his followers the "light of the world." Not flashlights, shining in one narrow beam! Not flashlights, but lamps, set on a lampstand and "giving light to all who are in the house."

The Light Of God

A GOOD cross-section of Jesus' methods and ideas can be seen in Mark 10, into which one chapter Mark packs his whole account of a number of weeks which Jesus spent in the region called Perea. Observe the variety of situations which confronted Jesus. First there was a question about divorce. When they brought that question up to Jesus, he did not dodge it. He did not call it a personal matter in which he, as a teacher of religion, had no interest. He did not say it was strictly a matter for the civil courts. You may read what he did say in Mark 10. You will not that first of all he brings God into his answer.

Religion And Little Children

THIS CHAPTER includes the famous story of the little children who were brought to Jesus—evidently quite small children, for Jesus lifted them into his arms. We do not here Jesus saying, "Children are too small for me to take any interest in them. Wait till they are older. What good can religion do these tiny tots?" On the contrary, Jesus not only blessed them, but held them up as models for older people.

Is your church following Jesus here? Is your church interested in the little children as much as it is in the "paying" members?

Or are the little ones shoved off into some damp corner of the church basement? In your state or province, do the Christian people take an interest in the children? Do children in your section get as good attention as pure-bred cattle do?

As Wide As Life

THEN THERE WAS a question about eternal life. Of course Jesus answered that one, it was obviously a religious question. (Except that he gave it what some people even today would consider a not very religious answer!) Jesus went on to talk about money and the effect it has on a man's prospect of eternal life. Jesus would be the very last person to imagine that a man's bank account has nothing to do with religion. Some people to this day don't like to hear a preacher mention money in his sermons. Well, such people might have been offended by Jesus, for he often preached about money and property.

Then there was the question of ambition, the audacious request that James and John made of him. He had some strong remarks to make about that.

And finally at Jericho, not long before Palm Sunday, there was the blind beggar Bartimaeus. Jesus did not say to him, "Health is no affair of mine. I cure souls, not bodies."

Plenty of Room For a Subdivision

Conceivably, a man could build a house and have his bedroom in New Mexico, his bathroom in Arizona, his kitchen in Colorado, and his living room in Utah.

The only drawback to such a plan is the fact that this would-be site—the common meeting point of Utah, Colorado, Arizona, and New Mexico—is quite inaccessible to the ordinary traveler since it is deep in Indian territory, miles from human inhabitants, and used for winter grazing land.

Surveyed by a surveyor named E. N. Darling in 1868, the four-state boundary is at the intersection of the 37th parallel of north latitude and the 109th meridian of west longitude.

NEWS that makes folks sleep all night!

Thousands now sleep undisturbed because of the news that their being awakened after night might be from bladder irritation—not the kidneys. Let's hope so! That's a condition Foley Pills usually allay within 24 hours. Since bladder irritation is so prevalent and Foley Pills so potent Foley Pills must benefit you within 24 hours or DOUBLE YOUR MONEY BACK. Make 24-hour test. Get Foley Pills from druggist. FIRST AID to the AILING HOUSE

by Roger C. Whitman

Question: My new plastic tablecloth has made the ends of the breakfast table sticky. How can this be removed from a varnished birch finish and not ruin the finish?

Answer: Try wiping the sticky places very lightly with benzine, being careful not to press hard on the finish. Be careful of fire, and close the door leading to the kitchen. If the table is in the kitchen, do not work there. If the benzine dulls the finish, apply a thin coat of paste wax, let it dry and then polish with a soft cloth.

Question: Can anything be done to stop the radio interference caused by our oil furnace? Some say to ground the furnace. Our furnace is on the main floor as we have no basement.

Answer: Radio interference from oil burners, motors and other electrical equipment can be eliminated, but this calls for the service of an expert electrician or radio serviceman. The manufacturer of your oil burner might be able to take care of the nuisance.

Horses Are Dangerous

Never approach a horse without speaking to him.

As a rule, farmers do not consider horses as especially dangerous animals, yet they account for more accidents of a serious nature than any other farm animal. According to the National Safety Council, approximately three times as many accidents occur with horses as with any other farm animal. Farmers should always be cautious around these animals, the NSC continued. One phase of this precaution is a through check in the spring of all equipment to be used on or by horses, particularly harness.

Only strong harness should be used and these should be inspected regularly and kept in good repair. Dry leather has low tensile strength and it should be cleaned with mild soap and warm water and treated with oil. Attention to equipment such as neck-yokes, tongues, single-trees, double-trees and eveners is also very necessary.

The NSC suggests that many serious farm accidents can be prevented by following these simple rules:

Never approach a horse without speaking to him. When cleaning a stall, make no sudden movement. Enter the stall on the left side of the horse. When driving or leading horses, never wrap the lines around body.

Price of House Regulators is up 55%

A West Texas Gas Company service man completes a new meter and house regulator installation.

Yet Natural Gas Service Remains At the Same Low Pre-War Prices

Regulators are but one item. Everything behind your natural gas service has increased in price.

Like everything else, gas is more expensive to produce, more expensive to deliver to your home and business, but not one cent of this increased cost has been passed on to you.

The price of the meter, to which the house regulator is attached, is 105% higher than the meters purchased by West Texas Gas Company in 1940.

In face of the increased costs of regulators, meters, steel pipe, wages and other items... natural gas service for your home and business is still furnished you at 1940 prices!

Glass Blocks Offer Builder Advantages Use Features Practical Feeder Barn Planning

This practical feeder barn, shown below, not only offers good ventilation, freedom from drafts, and abundant daylight, but is designed to cut maintenance costs as well.

Developed principally for dairy stock, it has a labor-saving floor arrangement with a feed room and silo convenient to the feeding alleys. Doors at either end provide venti-

Dairy barn suitable for big or medium size farm operations. Lotion through the litter alley to remove odors. Ample roof vents disperse summer heat, aid the circulation of air in winter as do louvers under the peak of the gables.

Control over ventilation has been carefully planned to eliminate creeping drafts. Sliding doors insure a tight closure and the generous use of glass block panels minimizes drafts usually encountered with conventional windows. These panels are fitted with hinged sashes which are easily swung for ventilation. The glass blocks transmit an abundance of daylight. Even on cloudy days the barn is bright and cheerful.

As a barn material, glass block offers many advantages. Of hollow construction with a partial vacuum inside, the block has a high insulation factor which can help maintain heat of the barn in winter. This insulation value minimizes cold down drafts. Condensation and frosting are practically eliminated. An all-important advantage in these days of high costs is the permanency of glass block panels. Set in mortar, the glass is impervious to weather and humidity, is unharmed by chemical disinfectants often required to maintain dairy sanitation. An occasional washdown with a hose is all that is required to keep the panel surfaces sparkling clean. Painting is never required.

Maintenance is also reduced by the liberal use of other long-wearing materials. Walls are of cinder or concrete block, the floor of poured concrete, and the roof of either a good grade of galvanized steel sheet or aluminum.

The floor plan has been developed for efficiency and functional use of space.

DRUG STORE

New Crop Blower

A new farm machine that saves the farmer time and labor by automatically blowing forage wherever he wants it has been placed on the market by the New Holland Machine company.

This new crop blower can swallow blow it anywhere the farmer wants up to 20 tons of hay per hour and to store it. Or, if the farmer is filling his silo, the blower handles up to 25 tons of chopped corn an hour.

Weighing 1,350 pounds, the blower has a 12-foot hopper for receiving crops from the field. A patented leveling device keeps the forage flowing evenly into a large throat which feeds a 42-inch flywheel.

Whirling at speeds up to 1,200 r. p.m., this huge "fan" blows crops through an eight-inch pipe wherever the farmer wants to "aim" it.

If you must dry clean clothes at home, use only a non flammable fluid -- one that will never explode nor burn. And do the work outside where the vapors will be quickly carried away by the wind.

Sylvester Says:

"Do you believe I'm Santa Claus?"
I'd like to deliver this house to you at low cost, but--
About \$2500.

of this \$10,000. house is tax costs. Since 1939 about \$1,250. in taxes have been added to the cost of this house."

Senator Byrd of Virginia suggests some places to cut government costs that will save you some money.

Salaries for Federal employees--now 7 billion dollars; grants in aid 2 1/2 billion dollars; in public works underway or proposed--30 billion dollars; yearly interest on trust fund reserves--1 billion dollars.

Meaningless, isn't it, except that it's your money that's being spent, and it's your living costs that are going up.

Oh yes, if all low-income families are housed in public units under present social planner recommendations, it will cost an additional 150-200 billion dollars.

Do you still believe in Santa Claus?

---000---
Bones in canned fish are so softened by the canning process that they can be crushed or mashed and mixed with the fish, thus adding calcium and phosphorus to the diet. The liquid in the fish may also be used in flavoring sauce for creamed fish or in soups, chowders or dressing for fish salad.

DDT Increases Yield Of Clover Seed

William Meinholz of Dane county, Wisconsin, increased his yield of Ladino seed by one-third when he dusted it with 40 pounds of 5 per cent DDT per acre. Meinholz reports dusting gave better results than spraying (one pound DDT in 100 gallons of water per acre), while Henry Perry, Jefferson county, reported an increased seed yield of 76 per cent in red clover with the use of the spray.

Watch Your Kidneys!

Help Them Cleanse the Blood of Harmful Body Waste

Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.

Household Hints

Keep electric mixers, toasters, automatic juicers, etc., in a handy ready-to-use place. Don't hide them on the bottom shelf.

Rinse tea towels after each dish-washing "detail"; then they won't pile up and present such a large item on wash day.

When washing chenille or saddlewick bedspreads, hang spread over line right side in so that the tufts rub against one another in drying — fluffing themselves as they dry.

When one pound of brick butter is cut and wrapped in four lengthwise parts, each part equals one-half cup; one inch of each part equals two tablespoons.

Lace frills can be dry cleaned at home with corn starch. Place lace on a clean, dry turkish towel and dust with a liberal amount of dry corn starch. Work corn starch gently through lace several times, then shake lace to remove starch. Lace will be clean and fresh looking.

A perforated cap on a cork which will fit into any soft drink bottle makes an ideal device for sprinkling clothes.

A very thin starch (one tablespoon to each quart of water) will bring back that "new, pretty look" to your favorite rayon blouse.

New Test to Keep Farmers on Toes

A new test for detecting weevil infestation in grain has been developed by J. C. Frankel, USDA entomologist at Manhattan, Kansas, who discovered that small red dots appeared where weevils had laid eggs in the kernels of grain samples were soaked in a dye containing acid fushin; the dots do not appear on grain which is free from infestation. Using this new method, all grain brought for milling purposes can be tested for weevil infestation on-the-spot, and docked in price accordingly — likewise, the wise farmer will make sure his grain is safe.

St. Joseph ASPIRIN AT ITS BEST

7 DAYS WILL DO IT

Use Easter Eggs for Place Cards (See Recipes Below)

Easter Plans

ONE OF THE TRADITIONAL highlights of Easter will probably be the coloring of Easter eggs. Though some adults think that coloring eggs is strictly child's play and should be left to youngsters, a large percentage of grownups doesn't agree. As a matter of fact, many people welcome Easter as a time when their artistic skill can be brought into full swing.

You may make the eggs as elaborate or as simple as you like. Perhaps a few brightly colored eggs in a gay basket as a setting for the Easter breakfast table are all you'll want. On the other hand, you may want to try out your skill at making faces or pencilling names on colored eggs.

With certified Easter egg colors that come with a handy writer, you'll be able to create eggs as simple or professional as you like. Eggs will be effective and appropriate place cards at the Easter dinner.

Two appropriate creations certain to appeal are the pert bunny and a coy little chick. Stiff white cardboard is used for the base and for the stand-up collars that hold the eggs.

Use yellow dye for the chicken. Rest the egg on a collar with a perky bow tied under the "chin." Paint on eyelashes and attach a paper beak at the right place. Stand a feather up the back, and you'll have a chicken everyone will love!

The rabbit is prettiest when dyed light blue or pink. Use little white reinforcements (the kind the youngsters get for notebook paper) for the eyes and mouth. Bits of white string tucked under the "mouth" make whiskers and long, tapering pieces of crepe paper make the ears. Turn the collar down in front to make a pointed collar and the bunny is complete.

EASTER DINNER might be built around lamb with appropriate sauce and spring vegetables.

***Roast Leg of Lamb**
Have leg of lamb boned and rolled by the butcher. Wipe with a damp cloth. Mix together the following: one-third cup fat or salad oil, one minced clove of garlic, two teaspoons marjoram, three-fourths teaspoon powdered mustard, one teaspoon salt and one-half teaspoon paprika. Rub the mixture over the meat before roasting.

For boned, rolled leg of lamb, set the oven slow (325°) and roast, without water or other liquid, 45 minutes to the pound if the meat weighs between four and five pounds. For a heavier leg of lamb, roast 42 minutes per pound at the same temperature.

HAVE YOU EVER tried sweet potatoes with lamb? They're a delicious combination. Here are two recipes from which you may take your choice.

Sweet Potato Puffs
(Serves 6)
3 large sweet potatoes

LYNN SAYS:
Here's What to Do With Easter Eggs

Eggs decorated for Easter may be used in many different ways to add nourishment as well as interest to meals. They should be hard-cooked before decorating, of course!

Mix the whites of four hard-cooked eggs with two cups of white sauce and pour this over toast. Press the yolks through a sieve to decorate the tops of the creamed whites.

LYNN CHAMBERS' EASTER MENU

- *Roast Leg of Lamb
- *Sweet Potato Puffs
- New Peas in Cream
- *Carrot-Asparagus Salad
- *Sally Lunn Muffins
- Currant Jelly Beverage
- Strawberry Ice Cream
- or
- *Peach Refrigerator Pudding
- *Recipe given

- 1 tablespoon butter
- Cream to moisten
- 1/2 teaspoon salt
- 1/2 teaspoon nutmeg
- Crushed cornflakes
- 1 egg
- Water

Boil potatoes in boiling water until tender. Peel, rice and mash them. Season with butter, salt, nutmeg and cream enough to make them moist. Roll into small balls. Dip in egg which has been slightly beaten with water. Coat with cornflakes. Bake in a greased pan in a moderate (350°) oven until browned, 15 to 20 minutes, or, fry in hot, deep fat. (Fat should be hot enough to brown a cube of bread in one minute.)

***Carrot-Asparagus Salad**
Cut scraped, cleaned carrots in fine strips and plunge into ice water. Chill thoroughly. Drain and dry between towels. Arrange in a circle on crisp lettuce leaves. Place chilled, cooked or canned asparagus tips in the center and serve with well chilled, seasoned French dressing.

TENDER MUFFINS served with jelly make a delicious accompaniment to the dinner:

- *Sally Lunn Muffins (Makes 1 dozen medium)
- 1/2 cup butter
- 1/2 cup sugar
- 1 egg
- 1/2 cup milk
- 1 1/4 cups sifted flour
- 2 teaspoons baking powder
- 1/2 teaspoon salt

Cream butter and sugar until very smooth. Add egg and beat well. Sift flour with baking powder and salt and add alternately with milk to first mixture. The batter should be quite thin. Grease medium sized muffin pans and pour in mixture to fill them two-thirds full. Bake in a moderately hot (375°) oven 15 to 20 minutes.

***Peach Refrigerator Pudding**
(Serves 8)

- 1/2 pound butter
- 1 cup confectioners' sugar
- 4 eggs
- 3 cups sliced peaches
- 24 lady fingers
- 1 pint whipping cream

Cream butter and sugar until light and fluffy. Add eggs, one at a time, beating thoroughly after each addition. Line an oblong pan with lady fingers on sides and bottom. Fold in peaches with creamed butter-sugar and egg mixture. Place one-half of mixture in lady finger lined pan. Add a layer of lady fingers, then remaining mixture. Top with lady fingers. Place in refrigerator for 24 hours. Unmold and garnish with whipped cream. If using fresh peaches, sprinkle them with lemon juice and sugar.

Ever tried eggs au gratin? Devil hard-cooked eggs, then place in a casserole, cover with grated cheese and white sauce. Top with buttered crumbs and bake until golden.

Mix the yolks of hard-cooked eggs with finely chopped ham, then refill the whites. Serve on lettuce leaves and pass mayonnaise.

Hard-cooked eggs may be ground or chopped, then mixed with drained sweet pickle relish, mayonnaise, Thousand Island dressing, mustard and salt to taste. Pack the mixture into small cups and chill.

THE BIBLE SPEAKS

By DR. KENNETH J. FOREMAN

SCRIPTURE: Luke 12:16-21; 14:27-33

DEVOTIONAL READING: Mark 9:42-52

Rules of Temperance

Lesson for April 24, 1949

THERE IS REALLY something funny about it. Consider a First Church congregation singing: "Jesus, I my cross have taken, All to leave and follow thee; Destitute, despised, forsaken, Thou from hence my All shalt be." Oh, come, come, ladies and gentlemen! Your cross? Where is it? "All to leave"—?

You are going right back to your homes for an extra-god Sunday dinner. "Destitute"—? (Some congregations, believe it or not, actually sing "naked, poor," instead of "destitute.") Not a one of you ever has been on relief; you probably have more money in the bank than most of the people who didn't come to church.

Dr. Foreman

Some People Cannot be Christians

IT MAY BE FUNNY to compare what the congregation is singing about themselves with what they really are. But it is sad, too, because that hymn illustrates how foggy-minded some Christians are about their own "cross."

They can sing blithely about it, and even complain (in song) about their own condition as something for the Salvation Army to look into, when they don't mean a word of it.

The fact is, Jesus did demand just the thing the hymn describes. He said, in so many words, "Whosoever doth not bear his cross and come after me cannot be my disciple."

What Did Jesus Mean?

THERE ARE TWO ways of misunderstanding Jesus here. One wrong line is taken by those who think Jesus did not mean a word he said. The other wrong line is taken by a very few people, a very few indeed, who take Jesus absolutely literally. They believe that no one can be a true, 100 per cent Christian, unless and until he gives up all his property, all his family, and lives alone and wild, a hermit in the wilderness. The facts show that both these interpretations are false. The world has never been really made better, either by selfish, comfort-loving, worldly Christians, or by the wild and woolly hermits who are clean "out of this world."

"Love Thyself Last"

THE WISEST, the most devoted Christians, have known better what Jesus meant. Jesus' own parable of the "rich fool" gives us the hint. He tells of a man who had everything he wanted... but when he came to die, discovered he had nothing. In that little story Jesus shows us a man who put himself before all other persons; who put himself before God; and who put things before character. He lived for his body, he lived for his comforts, he lived for himself.

The neighbors, maybe, called him smart because he was rich; but God called him a fool, and what God calls a man, that he is.

Taking the cross means living as Jesus lived, not as that fool lived.

Christians and Liquor Don't Mix

CONSIDER JUST ONE illustration of what Jesus means. Should a Christian drink alcoholic liquors? If you are not a Christian, you can try to answer this from non-Christian reasons; but that is not the question. Shall a Christian drink? Just think about 'this in the light of what Jesus said. The disciple of Christ will deny himself; does the drinker deny himself? The disciple of Christ will put Christ first always; but what does the drinker put first? Jesus called a man a fool who lived for his bodily pleasure, lived for himself; what would he call the man who thinks he can "take it or leave it" but who is actually tied to his bottles?

It is true, a selfish man may perhaps (for selfish reasons, such as saving money) deny himself liquor, tobacco, or even tea and coffee, and still be no Christian.

But a man who really denies himself, who loves himself last, will find that other self-denials follow as a matter of course. A man who lets his appetite dictate to him, especially his appetite for alcohol, is a man who is letting real self starve.

SEWING CIRCLE PATTERNS

Well Tailored Button Fronter Play Togs for Brother, Sister

NEAT, versatile, flattering—a yoked shirtwaist dress that's tailored to perfection. Huge patch pockets are optional, a narrow belt ties softly in front. Easy to wear, easy to care for.

Pattern No. 8400 is for sizes 14, 16, 18, 20, 40, 42 and 44. Size 16 4 yards of 39-inch.

These Are Fun to Make

STURDY play togs for the sand box crowd that are such fun to make. Flower trimmed dress with matching panties for sister; easy to make sunsuit is for a boy or girl.

Pattern No. 8141 comes in sizes 2, 3, 4, 5, 6, 8 and 10 years. Size 3, dress, 1 1/2 yards of 39-inch; overalls, 1 1/2 yards; short overalls, 1 yard; panties, 1/2 yard.

The Spring and Summer FASHION is a complete and dependable guide in planning a smart summer wardrobe. Free pattern printed inside the book, 25 cents.

Livestock—Solution To Three 'Problems'

Increased production of livestock will solve the bug-a-boo of surplus grain, aid soil conservation, and create efficiencies which will make possible the profitable sale of more meat and animal products at prices more people can afford to pay.

Moreover, the need for soil conservation is just another argument in favor of more emphasis on animal agriculture, according to H. E. Babcock, one of America's top agricultural leaders.

Grass crops hold and build up the soil, and animal manure adds valuable humus while acting as fertilizer; for example, the rich black soil of Iowa is the result of centuries of grass and grazing buffalo.

Tiny Planets

Planetoids, also called asteroids, are tiny planets revolving around the sun, mainly in the orbits between Jupiter and Mars.

How You May SLEEP Tomorrow Night—without being awakened

If you're forced up nightly because of urges, do this: Start taking FOLEY PILLS for Sluggish Kidneys. They purge kidneys of wastes; they soothe those irritations causing those urges. Also ailsy backaches, leg pains, painful passages from kidney inaction. Unless you sleep all night tomorrow night DOUBLE YOUR MONEY BACK. At your druggist.

JUST WET

Rather Wet
First Farmer — It rained so much the past week I can't walk across a field anywhere on my farm without miring up to my knees.

Second Farmer—That's nothing. It's so wet on my farm the sun had to go in low gear to get across!

New Angle

"I got my start in life through picking up a pin in the street," said the wealthy man. "I was refused employment by a merchant, and on my way out I saw a pin. I—"

"Yes, I know," said the young man he was addressing, "you picked it up; the merchant was impressed by your carefulness, called you back, and made you head of the firm. I have heard of that boy so often."

"No," replied the successful one with a smile. "I saw the pin, picked it up, and sold it. It was a diamond one."

Kellogg's RICE KRISPIES

I USE RED STAR DRY YEAST IN ALL MY BAKING RECIPES
RED STAR DISSOLVES FASTER... IT'S SPECIAL ACTIVE
30 MINUTE ROLLS
2 packages Red Star Special Active Dry Yeast
1 1/2 cups warm water (105° to 110° F.)
1/4 cup sugar
1 1/2 teaspoons salt
1 egg
3 cups sifted all purpose flour
2 tablespoons shortening, melted and cooled to lukewarm
Step 1: Dissolve yeast in warm water (105° to 110° F.) in large mixing bowl. Step 2: Add sugar, salt, and shortening. Add flour gradually. Beat with electric mixer on low or medium speed, or by hand with large wooden spoon. Add shortening, beating until thoroughly mixed. Step 3: Spoon dough into well greased muffin pans, filling about one-third full. Step 4: Let rise in warm place (90° to 95° F.) until dough has risen level with top of muffin (about 25 to 30 minutes.) Step 5: Bake in moderately hot oven (375° to 400° F.) 20 min. Step 6: Remove from pans and serve warm. Yields 18 to 24 rolls.
Try this new way to faster, easier baking. Red Star Dry Yeast keeps fresh for months—right on the pantry shelf. It's always ready when you need it.

Camels FOR Mildness!
MAKE THE CAMEL 30-DAY TEST IN YOUR "T-ZONE" (T FOR TASTE, T FOR THROAT.)
HERE'S THE TEST that tells you how mild and flavorful a cigarette can be. Smoke Camels, and only Camels, for 30 days. Test them in your own "T-Zone." See how your taste cheers for Camel's rich, full flavor. Let your throat report on Camel's cool, cool mildness.
In a recent test of hundreds of people who smoked only Camels for 30 days, noted throat specialists, making weekly examinations, reported
NOT ONE SINGLE CASE OF THROAT IRRITATION due to smoking CAMELS!
