About Rodeo Parade

It was recently decided to use song titles as the theme of floats in this year's rodeo parade. Mrs. F. M. Jones requests those planning floats using song titles to check with her so that there will be no duplication of song titles in the floats. Queen candidates will be announced next week. There will probably be four candidates.

Candidates Listed

The first entries in the Lynn Co Farm Bureau Queen contest are Miss Judy Blankenship of Wilcox, Miss Johnnie Clem of Tahoka and Miss Delores Dean Brown of Tahoka. To date no O'Donnell girl has entered the contest. The contest will be held August 19th and deadline for entries is Aug. 1st. Girls between the ages of 16 and 22 by Sept. 1, 1955 may enter but their father or brother must be a member. If O'Donnell girls are interested see the Farm Bureau office in Tahoka for details.

Rain is Needed Badly

Rain is needed badly over this wide area. There remains 40 percent of normal cotton acreage but rain must come soon or 1953 conditions will tend to exist. Little feed has been planted due to the drought.

18 in. of rain fell last week.

Doss-Pelts Vows Are Exchanged

In a double ring ceremony read Tuesday night at 8 o'clock Miss Roddy Jean Pelts and Roger Alan Doss were united in marriage in the O'Donnell First Baptist Church.

The bride is the daughter of Mr. and Mrs. R. R. Pelts, Mr. and Mrs. C. A. Doss are parents of the bridegroom.

The Rev. A. C. Hamilton of Plainview performed the ceremony before a satin-covered arch with lace bells and satin rope. Flanked by baskets of white gladioli, stock and palms, the arch was emphasized by candelabra holding white tapers and garlanded with fern and flowers.

The bridegroom's mother, Mrs. C. A. Doss accompanied Mrs. Ernest Stewart, who sang "Together Life's Pathway We Tread" and "The Wedding Prayer."

Given in marriage by her father, the bride wore a gown of Chantilly lace and tulle over taffeta designed with a lace bodice and portrait neckline. Accenting her lace and tulle skirt was a chapel-length train. She carried a colonial bouquet of stephanotis showered with streamers knotted with florets.

Attendants Named

Miss Patsy Clark was maid of honor and bridesmaids were Misses Betty Lou Snellgrove, Ritha Gillispie, Jane Williams and Donna Jean Hobdy of Bovina. The attendants wore identical waist-length dresses of tulle over chryseum taffeta in shades of blue. They carried bouquets of white gladioli cascading from mirrored wedding rings tied with blue streamers.

Miss Cathy Ann Bagwell of Dallas and Miss Patsy Jane Young were candlelighters. Ring bearer was William Bagwell of Dallas.

Serving as best man was Bennie Clark. Ushers were Don Mansell, uncle of the bridegroom, Jim Jackson, Harold Mires and Avery Doss, brother of the bridegroom.

Fellowship hall of the church was the scene of the reception following the ceremony. The table, covered with a white nylon net cloth over blue taffeta, was decorated with flowers and candles and centered with a three-tiered wedding cake.

For traveling the bride wore a two-piece dress of aqua cotton with matching accessories. The couple will make their home in Slaton Friday.

The bride will graduate from O'Donnell High School this month. Doss, a graduate of O'Donnell High School, attended Hardin-Simmons University for one year and is presently employed by the Santa Fe Railway Co.

Mr. Hardberger is a graduate of O'Donnell High School and Baylor U. While a student at Baylor, Mr. Hardberger served as editor of the BAYLOR LARIAT and president of the Sigma Delta Chi, honorary journalism fraternity. He was also a member of the Student Congress, Tryon-Coterie, social organization and graduated a Distinguished Air Force cadet. He will enter the Air Force as a 2nd Lieutenant this July.

Miss Lucy Morrison of Lamesa spent Fathers Day at home.

Mrs. P. E. Askew underwent major surgery in West Texas Hospital Tuesday.

Rodeo Time is Near

Rodeo Fever Hits Town

Criticism of reading ability of young Americans has been growing steadily in the last few years. The complaint is that the students of their early school years do not learn to read well or to comprehend that they are reading, consequently having difficulty in later years. Dr. Stella Carter, a former university teacher and textbook author, expressed a popular sentiment in a Florida speech recently on the subject. She claimed an evaluation would show the nation reads at an average of the seventh grade level, of 13 and 14-year-old children.

This problem of reading has been of unusual interest to this writer because a nephew, Gary, who attends school in Rochester, N. Y., is listed among the thousands of young Americans who have difficulty in reading. He is bright as a top in other subjects, but where will he be in life if he cannot read?

We heard his reading lesson one day and it seemed to us that he had memorized the words. He called "dog" "he" and "girl".

Once he read the entire page without prompting, which would have been fine, except that the page rattled off so glibly was two pages over and not the one we had turned.

Perhaps the Rochester schools think it is old-fashioned, but we wonder why phonics cannot be taught there. In that way the child would get the sound of letters and emphasis on the alphabet. A student would get sense out of the words he was reading, rather than memorizing them without thought or their sound and meaning.

CLAIM MUST BE FILED FOR SOCIAL SECURITY

Thousands of dollars in security benefits are being yearly. John Hutton, manager of the Lubbock social security office said this week. According to Hutton, many persons who are age 72 and still operating the business are not aware of the provisions in the law which allow eligible persons age 72 or older to receive their benefits without payment. Persons of this age who have made profits in covered self-employment of over \$100 in at least one of the four years self-employment has been covered, undoubtedly have fulfilled the requirements for entitlement but the Social Security Administration cannot start payments until a claim is filed.
There are also many self-employed persons who are over age 65 whose net earnings in their business is less than \$1200 per year which would permit them to receive benefits if they qualify even though still working. Persons between age 65 and 72 whose net earnings from self-employment are between \$1200 and \$2080 per year may draw benefits for some months of the year based on a scale of one month's deduction for each \$80 earned over and above the \$1200. One of the requirements for any benefit is to file a claim.

on brand new '55 **Fords!**

Summer Bandwagon Sell-a-bration

Now going on!

All year long we've been selling new Fords at a Leadership pace. Now we're "Sell-a-brating" in advance what looks like the most successful sales year in Ford history. We're offering Leadership Deals on all '55 Fords—so you share the benefits.

Why not hop on the Ford Bandwagon—join the big swing to Ford—get in on a deal that spells savings to you—now while our summer "Sell-a-bration" is in full swing—now while your present car is worth its top dollar—now while you can enjoy a full summer of fun in America's trend-setting, "GO"-leading, "worth-more" car—the brilliant '55 Ford. Come in at your earliest—come get our "best"!

V-8 POWER from the V-8 leader... that's what you get in a Ford. And Ford's Trigger-Torque "go" means more than just trigger-quick action on take-offs. It gives you a whole new feeling of confidence and security in traffic or on the open road.

YEARS-AHEAD LOOKS... you see it in every Thunderbird-inspired line. For, this '55 Ford is truly the styling "trend-setter." Perhaps you've noticed, too, you see more and more Fords in front of homes where formerly only costlier cars were parked.

SMOOTHER GOING... and you'll go more places! The reason? Ford's revolutionary Ball-Joint Front Suspension is better than ever. For '55, springs are tilted back to absorb bumps from the front as well as the rear.

Sells more because it's worth more

House Moving, see Bud Pugh & Co. VA Quiz

Q - If I take flight training under the Korean GI bill, how will I be paid?

A - You will receive a monthly allowance from VA covering 75 per cent of the established rate that non veterans, taking the same course, are required to pay. The allowance will be based on the number of hours of instruction received during the month.

Q - A friend of mine is a paralyzed veteran eligible for a \$10,000 VA grant for a "wheelchair house," especially adapted for his needs. Would he also be eligible for a regular GI home loan to apply on the remainder of the cost of his house?

A - Yes. The fact that he obtained a \$10,000 VA housing grant would not deprive him of his GI loan benefit.

Q - I am thinking of paying my GI insurance premiums once a year, in advance. If I pay my yearly premium, and suddenly need the money, would it be possible for me to get it back from VA?

A - Yes. VA will refund you what ever amount has not been applied

to monthly premiums.
Q - I attended college for four years under the World War II GI bill and then went back on active duty. I have just been discharged from my second tour of service with a service connected disability. Would I be eligible for vocational training under Public Law 894 even though I already had received training under the GI bill?
A - Only if you are in need of training to overcome the handicap of your disability. If you need the training you may train under Public Law 894 for as long as is necessary for you to achieve complete rehabilitation.

The makers of Super-Refined No-Nox, the clean-burning gasoline, now bring you a new super-refined motor oil...

New Gulfpride H.D. Select

...the only motor oil in the world super-refined by the Alchlor Process for modern high-compression engines.

Not a compromise, multi-viscosity oil that tries to be an "all-season," "three-grades-in-one" oil. Contains no artificial thickeners that break down in your engine and increase oil consumption.

This completely new kind of motor oil—made possible by Gulf's exclusive Alchlor Process—is available in 3 grades to give you the finest protection, the best oil mileage for your make of car—in every season.

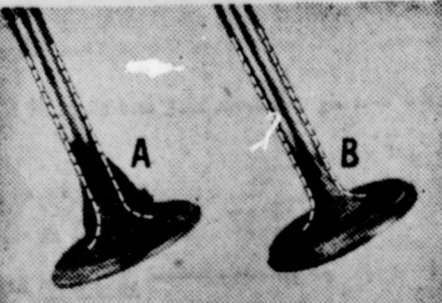

- Controls carbon—cause of knock, pre-ignition, valve failure and loss of power in high-compression engines.
- Combats corrosive acids, rust and deposits that build up on engine parts. Keeps hydraulic valve lifters quiet and free-acting.
- Assures lower oil consumption than the multi-viscosity "all-season" motor oils, because it has natural viscosity and contains no artificial thickeners that break down in your engine.
- Provides the toughest protective film ever developed in a motor oil... assures better engine protection for all cars under all driving conditions.

Available in 3 grades—SAE 10W, SAE 20/20W, SAE 30. Lets you follow your car manufacturer's recommendation for each season.

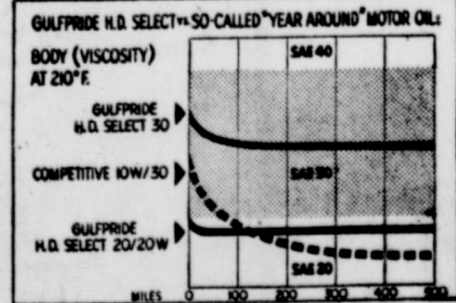

Now! For the ultimate in working octane performance and engine protection, always use Gulf's super-refined gas-oil team...

New Gulf No-Nox Gasoline
New Gulfpride H.D. Select Motor Oil

"Cok d" valve "A" is from engine using a so-called "all-season," multi-grade oil. Coke-like carbon deposit is a cause of sluggish performance and ultimate valve failure. Clean valve "B" is from engine using new Gulfpride.

See how Gulfpride H.D. Select holds its "body" (viscosity). This new oil contains no artificial thickeners that break down under heat and pressure. But note how quickly a typical multi-viscosity 10W-30 oil starts to lose its body.

Rodeo Fever Hits Town

See that your news gets to your home town paper

Rodeo Time Is Near

"Let us show you how easy it is to drive a CHRYSLER!"

Chrysler owners know it and we'd like you to know it—Chrysler is winning performance honors, hands down!
 Come prove it to yourself by taking the "100-Million-Dollar Ride!" It's a driving thrill that no other car can give you... with America's finest family of V-8 engines to choose from... up to 300 hp; mightiest of all! Teamed, mind you, with PowerFlite automatic no-clutch drive... which for honey-smooth take-off power leaves even "second best" out of sight!
 Chrysler is a big car. Low, long and sleek. It has fashion

experts coining new terms to fit it, like "tailored steel." Yet, thanks to countless exclusive drive-features (all Chrysler-originated) it handles as easy as a wave of your hand. There's Full-time Power Steering, for one. Chrysler Power Brakes, for another. Extra large... extra easy to apply... extra safe stopping power!
 That's why we say you're not only miles ahead in a Chrysler, but years ahead as well. Isn't now a good time to start pacing the field in the car that's the big news of 1955? We're ready to start you off—the minute you say when!

COME TAKE THE CHRYSLER "100-MILLION-DOLLAR RIDE!"

GOOD DRIVERS DRIVE SAFELY!

ACCIDENTS FOURTH IN CAUSE OF TEXAS DEATHS

Accidents rank fourth as a cause of death in Texas. According to Dr. Henry Holle, Commissioner of Health, 5,372 Texans died last year of this one cause, while thousands more were crippled. There are no figures available on the number of days lost because of accidents, there can be no doubt but that it is tremendous. Automobiles caused 2,519 deaths or 47 percent of the total. The dangerous curves and intersections on the highways in Texas are well marked and drivers

can assist greatly in reducing accidents by carefully observing them. Many accidents could be avoided if motorists would drive below the legal speed limits when tired, sleepy, in rainy weather and when other hazards exist. One should adhere closely to the law regarding the dimming of lights for approaching cars. It is an old saying, but true, that those who drink should not drive. Many deaths are caused by accidents in the home. A total of 650 deaths were caused last year by falls. In homes most of these fatal accidents occur on either outside

or inside stairways. Of course there are many other locations in the home where accidents can and do happen. Disorderly housekeeping, poor furniture arrangement, slippery waxed floors, worn floor coverings, unanchored rugs, neglected repairs and dark or obstructed passageways are other fall hazards found in many homes. Short cuts and so-called time savers frequent ly lead to accidents. The time saved is insignificant compared to the cost and time lost from an accident. When everybody develops safety

habits accidents will not be 4th as a cause of deaths.

MOST Modern V8 FOR YOUR JOB!

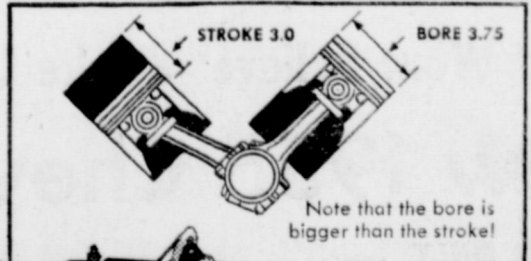

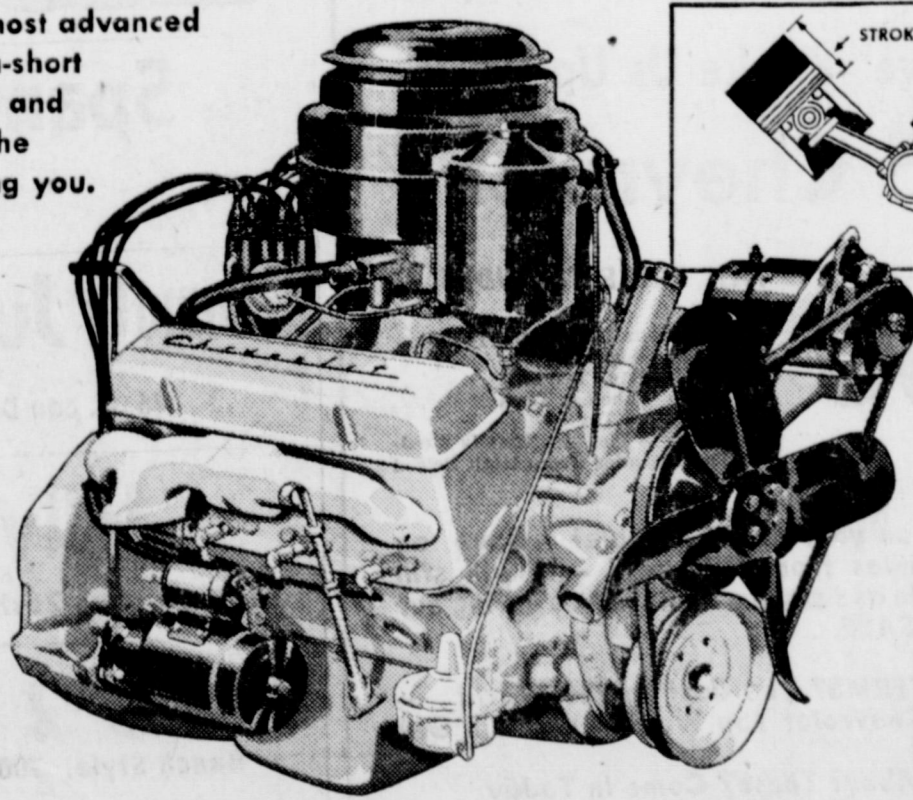

NOW...THE SHORTEST STROKE V8's IN ANY LEADING TRUCK!

Now new Chevrolet Task-Force trucks bring you the industry's most advanced V8 engines* with an ultra-short stroke for reduced friction and wear. Here are some of the modern features they bring you.

Modern 12-volt electrical system
You get double the punch for quicker starting and more efficient ignition. Also, you have a greater reserve of electrical power.

Gas-saving high-compression ratio
With a high 7.5 to 1 compression ratio, Chevrolet's new V8 truck engines squeeze extra power—and work—out of every tankful of gas. Hauling costs go down!

Extra-high power per pound
Compact, super-efficient design results in high power output per pound of engine weight. This means more useable power!

Advanced aircraft-type valves
A new valve train design permits each valve to function independently—as in modern aircraft engines. Valve action is more positive.

Floating oil intake . . . full-pressure lubrication
New floating oil intake selects the cleanest oil for engine lubrication. Full-pressure lubrication provides positive protection.

*V8 standard in the new L.C.F. models, an extra-cost option in all others except Forward-Control models.
