O'DONNELL, LYNN COUNTY, TEXAS, Thursday, July 23, 1953

\$1.50 PER YEAR

## Rains Help Crop Prospects Here

July rains in this tri-county area have materially changed the crop outlook with a very good chance now for a grain and feed crop. An estimated 85 percent of the trade area has had sufficient rain for planting and most of the land has been seeded to small grains of one kind or another with milo being the major grain.

Rainfall locally to date for July totals 2.67 in. with falls on the following dates: 7th, 1.92; 14th, .45 and 18th, .30.

The three year dry area of eastern half of area has been blessed with good rains ranging from 1 inch to 3 1-2 inches with additional showers of 1-2 inches on several days. The western half has also had good rains with enough moisture to plant, however there are a few dry areas even yet. Pride got a sectional rain Sunday nite of 3 1-2 inches.

### August Will Determine Crop

Farmers agree that the crop is a long way from being in the elevator depending on a moderately wet August and an average frost date. Early frost and a dry August could wipe out the present cheerful prospect. Small grains are enjoying a good support price and current milo prices are near \$2.85.

All in all the picture is not nearly so dark as two weeks ago.

The Dick Simpson family met in McKinzie Park at Lubbock Sunday for a reunion; others attending were the John Berry family, Mrs. Alma Ballard of Sudan and Mrs. Tate of Lubbock.

Bill Dawson Staggs spent Sunday at home; he is working near Amarillo and the Otis Parr family also visited in the home.

Mrs. Shaek Blocker visited Mr. and Mrs. Dan Blocker at Alpine last week and got acquainted with her twin granddaughters.

Visiting Mr and Mrs. Archie Haney last week was her sister of Kentucky.

### DROUTH FEEDING LIVESTOCK

Producers of livestock are faced with many problems when feeding their livestock under drought conditions. Feeding to keep livestock alive is one thing and feeding to keep them producing is another. Presently some producers face the former problem and all should be deeply concerned with the latter problem. If livestock is not going to be maintained to produce, they might as well be disposed of.

Obviously, cattle weighing 1,000 pounds or sheep weighing 100 pounds require more feed for maintenance than after they have dropped to 700 and 70 pounds respectively. Livestock in the drought area have lost weight and in some instances have lost about all they can stand. Therefore, producers should be free to mix rations best suited to the class of livestock and to the purpose for which they may be fed.

Under the drought emergency feed program, feeds high in protein and energy are available to livestock producers. Proteins, such as cottonseed meal is an essential in using high grade fibrous roughages. Any grass or browse left in a drought region will be classified as very low in protein. If there is enough browse left on the range to provide enough bulk or filler to livestock then they may be maintained for a period of time on cottonseed meal or pellets. However under this procedure, producers should be on the lookout for vitamin A and calcium deficiencies; two important items in maintenance and reproduction. Other common roughages that are low in protein, Vitamin A and minerals are cottonseed hulls and grass. Continued on back page

### WIN AWARDS

Wayne Shaw and David Spraberry, advanced heat winners in the recent Soap Box Derby were awarded a \$25 war bond and \$10.25 cash each by Ellis Chevrolet Co. In addition to their Soap Box trophy, Wendell McClendon was awarded a trophy for winning an initial heat. The boys were entertained at Lubbock recently.

Edward Grey of Texas U. spent week end at home.

Mr. and Mrs. Levi Grey entertained with a barbecue at their home Friday nite. Attending were Mrs. E. D. Yeatts, Mr and Mrs. G. D. Wade, Mrs. Lois Taylor of Brown field and Edward Grey of Austin.

Visiting in the home of Mr and Mrs. C. D. Childress over the week end were: Mr and Mrs. T. L. Griffin and four children of Odessa, Mrs. Elzo McMillan and daughters, Reta and Deann, Mr and Mrs. Alvin McMillan and Mr and Mrs. Amos McMillan.

Fishing at Robt. Lee Lake were Glenn Gibson, Wm. Jackson and J. D. Stewart.

## Folks You Know

Tommy Moss of Dallas is visiting at the Dr. Joe Lehman home.

Lloyd Dean Pennington cut the tip of his little finger off Monday when he slammed the car door on it.

Mr and Mrs. Chas. Wells and son Dell of Morarity, N. M. spent week end at home.

Mr and Mrs. E. H. Robertson of Pecos visited her sister Mr and Mrs. T. A. Wimberley Sunday nite enroute to Temple.

Mr. and Mrs. J. L. Shoemaker are expecting their son, William, home from Alaska this week. Bill has been stationed in the Army there for over a year.

Mr and Mrs. H. C. Frost visited their daughter Mr and Mrs. W. H. Dunlap at Seminole last week.

Wiley Estes of Hamlin visited in the J. P. Hale home over the week end.

Donnie Stokes, 8 year old son of Mr. and Mrs. Staek Stokes of Lubbock, and formerly of here, fell from the fender of a moving car last Thursday and one wheel of the car passed over his body. He is in a Lubbock hospital and was reported doing fine Monday by his grandfather, Pete Page.

Mrs. Louise Line and Mrs. Annette Sumrow attended a district luncheon in the home of Mrs. Dennison at Brownfield Thursday.

Charles Uzzle and family of Plainview were visitors here over the week end.

Mr. and Mrs. Cleve Bairrington of Wells returned last week from a vacation trip to New Mexico, Colorado, Kansas and Oklahoma.

Mr and Mrs. J. C. Harris and children visited with Mr and Mrs. Raymond Curtis in Lubbock Sunday.

Mr and Mrs. Harvey Line visited with their daughter Mr and Mrs. Carl Houser at Seminole Sunday.

Cindy Carroll of Tahoka spent several days last week with her grandparents Mr and Mrs. R. C. Carroll.

Mrs. J. R. Singleton and Gilbert Lamb and family of Tahoka visited with Mrs. Hal Singleton sr Friday.

Mr and Mrs. Ervin Jones visited the Joe Garners at Anton Sunday.

Mr and Mrs. Calvin Fritz visited their son Don at Big Spring Sunday.

Sunday guests of Mr and Mrs. Guy Bradley were Mr and Mrs. John McVicker, Mr and Mrs. Hardy Carlisle and Sandy of Plainview.

Mr and Mrs. E. L. Thompson and son visited Mrs. E. L. Thompson, sr. at Throckmorton over the week end. They also visited Jack Thompson who is in the Mc Kinney Veterans hospital.

Mr and Mrs. Claude Morris, Jr. of Big Spring visited his father here Friday nite.

Mr and Mrs. B. L. Davis and C. L. Davis visited P. A. Davis and family at Abernathy Sunday.

Mr and Mrs. J. P. Cox and family of Lubbock and Mr and Mrs. Ben Carpenter visited Carlsbad Caverns Sunday.

Mrs. C. R. Brock is visiting her father, G. W. Ash at Winters.

Mrs. R. D. Worthington and son Jack spent week end at home. She is attending summer school at San Marcos.

Mr and Mrs. H. E. Lovett, Mrs. T. W. Clark of Carlsbad and S. E. Clark of Abilene were guests of Mr and Mrs. C. H. Mansell.

Mrs. C. A. Doss and Retha Gillespie are attending an encampment at Leuders this week.

Mr. and Mrs. W. O. DeBusk left last week to visit a son and family at El Monte, Calif., and their daughters and families at Hayward, Calif.

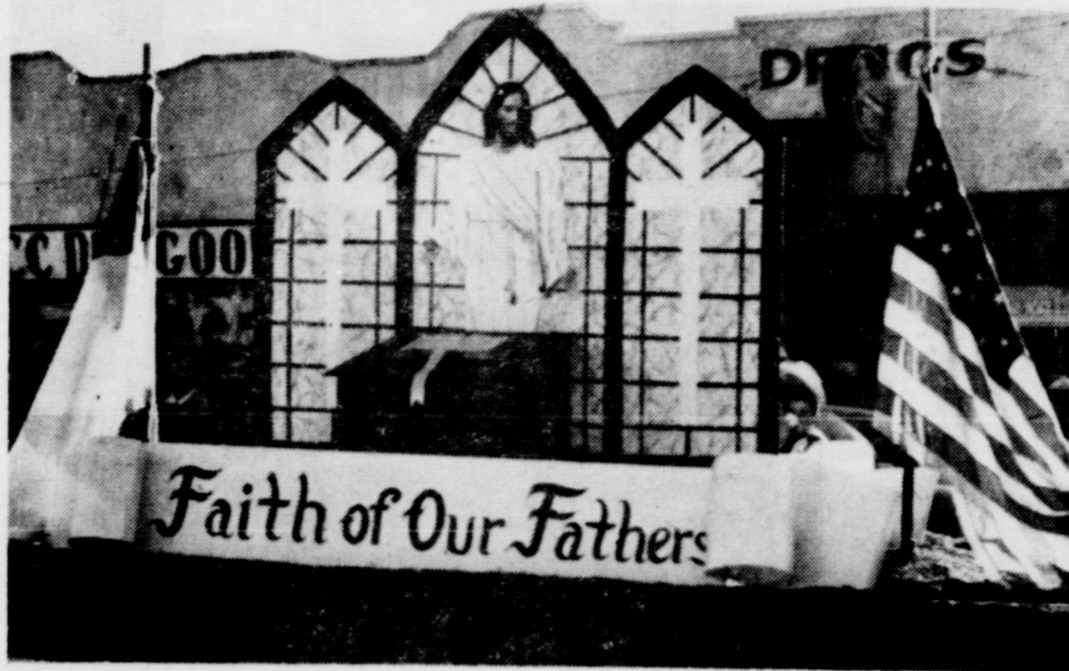

Mrs. H. C. Warren is visiting her mother at Cisco.

Mr and Mrs. P. A. Mansell had as their guest their daughter and family. Mr and Mrs. Cathy Bagwell of Dallas.

Chris Sumrow of Lubbock spent last week with his grandparents, the D. E. Sumrows.

Don Sumrow left for army last Tuesday.

## Methodist Float In Rodeo Parade

## Proctor Reunion Enjoyed

Those attending the Joe and John Proctor reunion here Sunday were Mr and Mrs. Harmon Hemseng and Tommy of Toledo, Ohio, Mr and Mrs. Arlee McDonald, Eddie, Rennie and Sherry of Taft, Mr and Mrs. Fred Franks, Mike and Jerry of Jacksonville, N. C., Mrs. Sonny Rogers and Teddy of Denver City, Mr and Mrs. J. L. Proor, Johnny and Ronald of Brownfield, Mr and Mrs. John Proctor, Jettie and Betty of Tahoka, Mr and Mrs. Ed McKee and Pearlina of Seagraves, H. L. McKee, Shepperd A. F. B., Wichita Falls, Mr and Mrs. O. L. Harris of Hobbs, Bobby Joe Proctor and Ronnie of Brownfield, Mrs. Bill Boydston, Gay and Cynthia, Melvyn Royce and Jean eanne Proctor of O'Donnell, also Miss Mabel Harris and Sherry Harris of here.

## Draft Law Explained

Any young married man registered with a draft board had better be on the alert about any expected additions to his family. If his wife is expecting their first child, it is to his interest to tell the board about it immediately.

As long as he has only a wife to support, he's as eligible for a hitch in the Army as a single man. When he has a child in his family, or one has been conceived and not as yet born, the law provides for his deferment, provided he tells the board about it before he is ordered for induction. Draft regulations require that a man with an unborn child be deferred if he files with his board, prior to the time his induction order is mailed, certificate of a licensed physician that a child has been conceived.

If he does not take this highly necessary step and the draft board sends him an order to report for induction, then the draft board has no authority to defer him on the basis of the unborn child, Brig. Gen. Paul L. Wakefield, state draft director, points out. Afterward, the law requires a man to report birth of children into his family, just as it requires him to provide the local board at all times with his latest change of address.

## 'THURSDAY BRIDGE CLUB

Mrs. C. R. Burleson, jr was hostess to the Thursday Bridge Club Thursday morning. Mrs. Mack Noble won high score. Mrs. Charlie Hoffman won second high and Mrs. Wayland Taylor won bingo. Others present were Madams: W. E. Singleton, L. G. Schuessler O. G. Smith, Jr., Sam Singleton, Jim Neeley, Hugh Lott, Glen Gibson and Gene Gardenhire. Mrs. J. T. Forbes will be hostess at a next meeting July 30 at 3 p. m.

## Could Happen This Year

Above is a scene of grain on the ground at McBride Elevator some 6 years ago when a good grain harvest flooded local storage. Since that time McBride and the Farmer's Co-op have enlarged their elevators. Other elevators are Koeninger's and former Holcomb elevator. Ideal weather will see the largest grain harvest in O'Donnell's history.

## Speaks At Rotary

The O'Donnell Rotary Club met in its regular meeting with the Tuesday luncheon. There were 11 members present with six visiting Rotarians from Lamesa and Tahoka. Jimmy Lemons, the new Rotary president, was in charge of the meeting. Leroy Colgan, Dawson County Agent, was the speaker for the program, speaking on the problems of the Farm and Ranch.

## VA Quiz

Q. If I sign up for institutional on-farm training under Korean GI Bill, how much actual instruction will I get?

A. You will receive a minimum of 200 hours a year of group instruction in school plus at least 100 hours of individual instruction. A minimum of 50 hours of the individual instruction will be on your own farm.

Q. I'm the widow of a World War II veteran and I've been getting a pension. However it stopped because I forgot to mail in the questionnaire asking about my annual income that VA sent me. Is there any way I can get the payments to start again?

A. You should submit the questionnaire or other evidence of your annual income to VA. If VA receives this within one year from the date it originally issued the questionnaire, and if your income does not exceed the legal maximum the pension may be payable from the date of the last payment you received. If more than a year elapses, the payments if otherwise in order will start as of the date VA gets the new questionnaire or a new claim.

## Attends FFA Meeting

Among the 3,000 boys who will go to Ft. Worth July 22 to help celebrate the Future Farmers 25th anniversary at the annual FFA convention will be four FFA members from O'Donnell. Those who will make the trip for the three day meeting at Ft. Worth's Texas Hotel are Jack Gleghorn, Homer Vaughn, Rex Stokes and Wendell Edwards. They will be accompanied by James W. Reed, local ag. teacher.

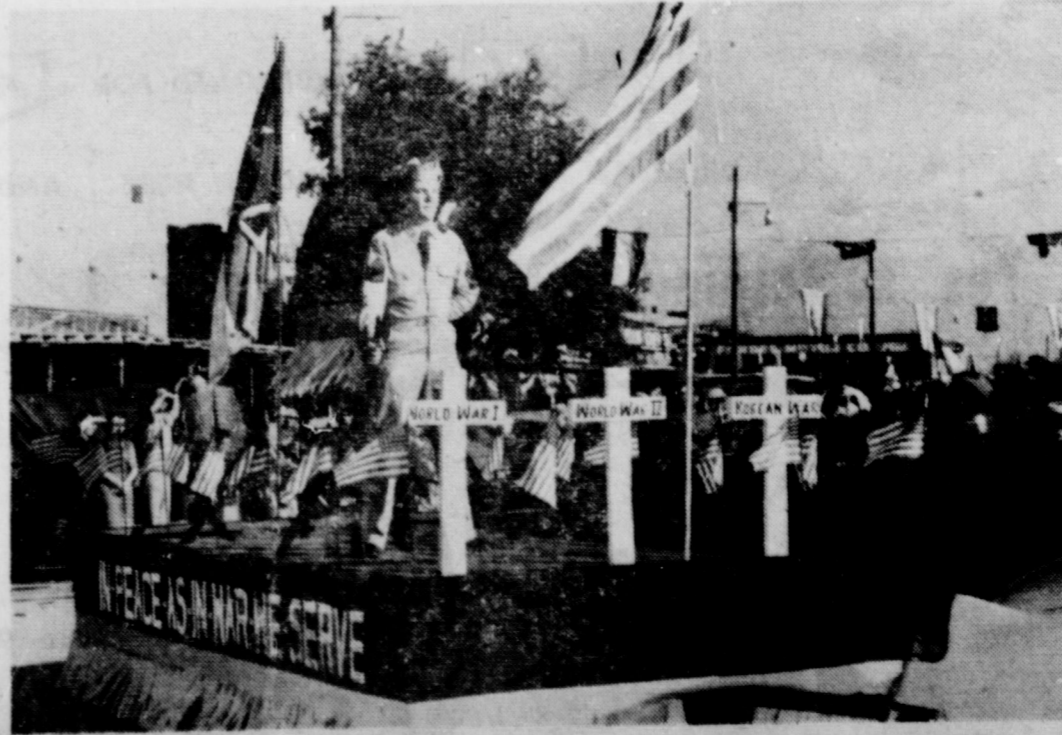

The delegates attending the convention will be representing Texas' 40,000 Future Farmers who belong to 840 different chapters.

State officers are to be elected at the meeting; the state public speaking winner is to be chosen and state contest winners will receive their awards. One of the outstanding events of the convention will be the second annual Lone Star Farmer Banquet at which 661 Future Farmers will be awarded the Lone Star Farmer degree. On Wednesday, the opening day of the convention, a machinery parade will wind thru the downtown streets of Ft. Worth.

## PARTY

Mrs. John Morris and Mrs. L. G. Schuessler were honored with a pink and blue shower at the Methodist parsonage Thursday afternoon. Mrs. Beatrice McLaurin, Mrs. Warren Smith and Mrs. J. W. Gardenhire were hostesses. Pink and blue cake squares, pink punch and favors were served to 15 guests.

In all these important ways...

# Chevrolet's farther ahead than ever!

The striking new Bel Air Sport Coupe. With 2 great new seats, Chevrolet offers the widest choice of models in its field.

**... IN POWER AND PERFORMANCE**

Chevrolet's entirely new 115-h.p. "Blue-Flame" engine (teamed with Powerglide\*) is the most powerful in the low-price field! In gearshift models, you get the advanced 108-h.p. "Thrill-King" engine. Both give brilliant new performance and greater economy.

**... IN STYLE AND LUXURY**

The sleek, low-slung beauty of this fine new car provides one more reason for Chevrolet's truly amazing popularity. The new Fisher Body provides roomy luxurious interiors, modern appointments and colorful, fine-fabric upholstery that can be matched only in costlier cars.

**... IN EASE OF DRIVING**

Entirely new Powerglide automatic transmission, with faster getaway and greater economy, eliminates the clutch pedal completely. And Chevrolet's new Power Steering\* does 80% of the work... lets you squeeze in or out of tight spaces with wonderful new ease.

**... IN ECONOMY AND VALUE**

Chevrolet now brings you the most important gain in gasoline economy in its history! And, you save substantial amounts on overall upkeep, too. Yet with all its wonderful new things, Chevrolet remains the lowest priced line in the low-price field!

**... IN FIRST PLACE POPULARITY**

Again this year—as in every single postwar year—more people are buying Chevrolets than any other car. In fact, latest official registration figures show Chevrolet over 25% ahead of the second-place car. Nearly 2 million more people now drive Chevrolets than any other make.

\*Optional at extra cost. Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine available on "Two-Ten" and Bel Air models only. Power Steering is available on all models.

MORE PEOPLE BUY CHEVROLETS  THAN ANY OTHER CAR!

**S. S. MAN TO BE HERE**

Have you ever taken a look at your social security card? No? Well take a good look now. Notice that it has a number as well as your name. There's a good reason for that number.

The Social Security Administration keeps records for over 100 million American workers. Payments to you after you retire, and to your survivors if you should die, will be based on your record of covered earnings. The number on your card helps the Social Security Administration make sure that your record does not get confused with the record of someone else who may have the same name as yours. Take care of your social security card. Use it, don't lose it! If you should lose it, get a duplicate at the nearest office of the Social Security Administration.

To assist in all matters pertaining to social security, a representative of the Lubbock social security office will be in O'Donnell at the post office on July 21 at 4:30 p. m.

It's not surprising that the world is shrinking... anything in hot water all the time will shrink.

The future of our country is bright... history shows that nations produce their great men in times of adversity.

Weeds in the mind are like weeds in the garden... easiest to pull if caught young.

Government in a democracy is the business of the whole people and not just the business of a few.

Making a fool of yourself is such a bad mistake if you do not sense enough to know who is making a fool of you.

**TEXAS HAS 3rd LARGEST CAVE  
IN WORLD**

Burnet - Texas Longhorn Cavern  
third largest cave in the world, is  
finally about to come of age as one  
of the state's prime tourist attrac-  
tions, H. H. Galloway, manager of  
the cavern, said this week.

Cavern visitors will total more  
than 250,000 long before the  
cave's 21st anniversary as a public  
showplace, Mr. Galloway predicted  
after studying attendance figures  
for past years. In fact the quarter  
millionth visitor probably will pass  
thru the famous Sam Bass entrance  
way sometime in July, he said.

When the cavern was first opened  
for public inspection by the  
State of Texas back in the fall of  
1932, after four years of develop-  
ment, few people even knew about  
it except the folks who live in this  
area, like Mr. Galloway and his  
boyhood friends who used to play  
hide and seek in the dark reaches  
of the cave.

"We were a little bit off the  
beaten track then," recalled Mr.  
Galloway. But to day heavy tourist  
traffic streams down Highway 281  
a direct Canada to Mexico route.  
And many tourists take time out to  
visit the cavern, reached by a paved  
road which enters Longhorn Caver-  
n State Park at a point four  
miles south of Burnet.

Two miles of the cavern have  
been developed and modern illum-  
ination installed to bring out all  
its natural subterranean beauty.  
Guides relate all of the cave's rom-  
antic legends of Indians, desper-  
adoes and buried treasure.

An ideal small town is one  
where everybody speaks to every-  
body else and not about them.

The toughest problem some kids  
face is that of learning good man-  
ners without seeing any.

The driver in the biggest hurry  
usually is worth the least when he  
gets there.

There are hundreds of hidden  
taxes these days but no place where  
a taxpayer can hide.

**Sweet Tooth**  
For Childhood Compliment

FINDLAY, OHIO—Mrs. John  
Minnrod remembers with fond-  
ness the bakery that was pat-  
ronized by her mother when  
she was a small girl. She re-  
members that on her 11th birth-  
day she fell in love with the  
wedding cake in the bakery win-  
dow.

She rushed into the shop,  
planked 11 pennies on the coun-  
ter, and told the proprietor,  
"This is all the money I have.  
I'd like to give it to you as a  
deposit on a cake exactly like  
the one in the window for my  
own wedding." The baker took  
the 11 pennies and gave her a  
receipt.

Twelve years later, on the eve  
of her marriage, she received a  
package. Inside it was a dupli-  
cate of the cake, with a bill  
enclosed which said, "One wed-  
ding cake. Received on account:  
11 cents. Balance: Respects of  
the Campbell Baking Co., for  
the sincerest compliment ever  
paid them."

**NOW!**  
**Ford Master-Guide**  
*the last word in*  
**Power Steering!**

Master-Guide applies hydraulic steering power automati-  
cally . . . and in varying degrees as required . . . right at  
the steering linkage, close to the wheels. At the same time  
the system serves as a hydraulic shock absorber to keep  
road jars and jolts from your hands. As a result all you  
do is . . . guide the car . . . Master-Guide supplies the muscles.

It's the newest in a long list of Ford advancements that  
make this Ford the outstanding car for '53!

No other car near Ford's price has ever offered you so much!

Ford was the first in its field to bring you V-8 power. Today, Ford alone of all the  
low-priced cars offers you the smooth, unsurpassed performance of a V-8 engine.  
And Ford's Six—the most modern in the industry—with Overdrive, won the Grand  
Sweepstakes in this year's Mobilgas Economy Run.

Ford first brought to the low-price field a completely automatic transmission that  
combines the smoothness of a torque converter and the gas-saving "go" of automatic  
gears. Fordomatic remains the most versatile automatic you can buy.

Ford's new "ride" brings you road-bugging and bump-leveling qualities never before  
known in low-priced cars. Front end road shock alone has been reduced up to 80%.

Easier-acting suspended pedals. Center-Fill Fueling and Full-Circle Visibility are  
just a few of the many important advancements first introduced by Ford.

And now Ford brings you the newest and finest in power steering . . . Master-Guide,  
a system exclusive in Ford's field! It's no wonder, then, that Ford is the "Worth More"  
car . . . worth more when you buy it . . . worth more when you sell it.

**HELPS YOU OUT OF "TIGHT SPOTS!"** The tougher the going the more  
Master-Guide works for you. For example, if you go off the pavement onto a  
soft shoulder or a rough, rutted road, Master-Guide provides the muscles to  
keep you on a steady course. At the same time, Master-Guide absorbs the  
shock that might otherwise be transmitted to the steering wheel. You'll find all  
handling is easier with Master-Guide and that parking requires only one-fourth  
the normal effort. Should Master-Guide ever lose its power, the standard steer-  
ing mechanism will operate just as usual. Thus, Master-Guide provides new  
ease and stability, with a natural feel and full security, wherever you may drive.  
Optional on all V-8 models or extra cost.

Test Drive **Ford** with Master-Guide Power Steering!

### IN MEMORIAM

In loving memory of our parents and grandparents, Mr and Mrs. Lonnie Williams, who recently met tragic death:

Oh! What I would give to clasp your hands --  
Your dear, kind faces to see --  
Your loving smiles, your welcome voices.

That meant so much to me.

No one knows the silent heart-aches

Only those who have such can tell:

Of the grief we bear in silence --

For the ones we loved so well.

Mr. and Mrs. Silas Russ, Billy and Neal.

### Nursing Homes To Be Regulated

The State Department of Health moved this week to make sure that all nursing and convalescent homes in Texas are looking after the health and safety of their elderly residents. Acting under authority granted by the last legislature, the health department mailed licensing application forms to several hundred operators, all of whom must now conform to humane standards of operation or close their doors. As state health officer, Dr. Geo. W. Cox is administrator of the new licensing law. These are its terms:

Any establishment which provides food and shelter to four or more persons unrelated to the proprietor, and which provides services which meet some need beyond basic provisions of food and shelter and laundry, must apply for an operation license from the State Department of Health.

Hospitals, hotels and similar institutions are not included. Nor are homes conducted by or for adherents of a religious order who depend exclusively on prayer or spiritual means of healing.

Application fees have been set by the legislature at \$25 per year plus \$1 for each bed maintained by the home. Fees will be applied to paying administrative costs of the law.

The health agency has the authority to make inspections on homes and to revoke licenses for shoddy operations. Home operators can file grievance complaints in district court in any instance of unfair or arbitrary treatment by the administrators of the law.

Dr. Cox, outspokenly in favor of the licensing law as a method of insuring proper treatment of elderly people in nursing homes, says "some homes in this state are little more than fire traps."

A few ill advised words can cloud a brilliant career.

The alarm clock gets you up . . . the rest is up to you.

Fame often comes to those who do little things well.

Success is nothing but a good idea and hard work.

Kindness will open a door when all other keys fail.

### Borden County Agent Report

Continued from front page

hays or cereal straw. If the range is dry and barren and there is no green browse available to livestock, then they should be provided with adequate roughage with at least one fifth of the daily allowance being legume hay to provide adequate supply of vitamin A. Legume hay, such as alfalfa, is also high in calcium.

Of the feeds available thru the relief feed program, cottonseed meal or pellets, corn, oats and wheat, cottonseed meal or pellets is much the cheapest source of protein and furnishes energy at a little higher cost than corn. Obviously, cottonseed meal or pellets is a good buy if there is anything at all left in the way of old grass or browse.

Wheat is a good strong feed and is next to cottonseed meal as a source of low cost protein. Oats is a good feed for young and growing stock and can be fed to them without grinding. Corn is the cheapest source of straight energy. With livestock deficient in the source of vitamin A, carotene, alfalfa hay seems the best way out, because the alfalfa will furnish needed bulk and protein in addition to carotene.

About 70 pounds of corn and 30 pounds of cottonseed meal will make about a 20 percent feed. Dehydrated alfalfa pellets also contain about 20 percent protein. It is important to watch energy content of the 20 percent feeds as a 700 to 900 pound cow will require 4.5 to 6 therms of net energy daily for proper maintenance. In case of 20 percent protein feeds, choose those which guarantee as much as 52 percent N. F. E. or higher. Water content should not be over 12 percent moisture. Anything over 8 percent crude ash is pretty high. Crude ash reflects sand and dirt.

Drouthy, idle livestock will take a lot of salt and mineral in case of deficiencies. Cottonseed meal or pellets is a good source of phosphorus when fed at the rate of 2 lbs. daily per head. Also alfalfa hay is usually high in calcium. In drouth feeding, livestock rations should be compounded carefully in order to provide the animals with essential food elements that are necessary for proper maintenance and reproduction. See your local county agent for further information on livestock requirements and on compounding rations for various classes of livestock.

## Specials For Friday and Saturday

- Large package Celery Hearts ..... 28c
- Cantaloupes, Carnation, good firm, lb ..... 7c
- Cucumber, long, green, fresh, lb ..... 17c
- Modart Shampoo 2 large jars for only ..... 69c
