Meet A Princess

Miss Betty Burkett, daughter of Mr. and Mrs. Jake Burkett, is a sophomore and she is the candidate of the Fire Department for Rodeo Queen.

5-100ths In. Rain Thursday

A late afternoon thunderstorm Thursday afternoon netted 35/100ths inches of moisture. To the west the rain was light to moderate in places (Bill Gass' east place) but fall was as much as an inch but west the rain was light to moderate in places. A heavy rain fell in rain at all. A heavy rain fell in rain at all. A heavy rain fell in rain at all.

Draft Law Explained

- How does a local draft board consider a draft registrants case when it comes before the board in the manner governed by law and regulations? The members of the board sit around a table and the clerk places before it by the clerk the board then considers the man from the following standpoints: 1. Is he an active duty in the military services? (1-C) 2. Is he a conscientious objector who has been ordered to a civilian job? (1-W) 3. Is he too old for service under the law? (5-A) 4. Can it be determined at the board level whether he is physically, mentally, or morally unfit for service? (4-F) 5. Is he a minister of religion or vinity student? (4-D) 6. Is he subject to exemption as a minister of religion? (4-C) 7. Is he a public official deferred by the law? (4-B) 8. Is he a World War II veteran defined by the law? (4-A) 9. Is he subject to deferment because of his dependents? (3-A) 10. Is he eligible for deferment as a member of the armed forces or a student taking military training? (1-D) 11. Is he a student in a college or university deferrable under local board authority? (2-S) 12. Does he meet the requirements for farm or other civilian job? (2-C and 2-A) 13. Is he a college or high school student subject to deferment by law for a short period? (1-S) 14. Is he one of the two types of conscientious objectors? (1-O and A-O) If the evidence in the file indicates to the satisfaction of the local board that he is eligible for one of these, then the registrant is considered available for military service (1-A)

Dysentery Is Summer Nuisance

Commenting on the unusually high incidence of dysentery in Texas at the present time, Dr. Geo. W. State Health Officer, described dysentery as being an infectious disease characterized by diarrhea, pain in the abdomen and toxemia. It is caused by a specific bacteria or virus. These germs cause inflammation of the lining of the intestine, which produces pain about the abdomen and the discharge of many loose stools that frequently contain blood and mucus. Toxemia results from absorption of the poisonous substances released by the germs. The germs gain entrance to the body thru the mouth," Dr. Cox said, "and then make their way to the intestines in the same manner in which food does. When they reach the intestines they find conditions favorable to their growth, and they establish themselves at the expense of the person infected and produce their harmful effects. Dr. Cox warned that dysentery affects young children more seriously than adults, frequently resulting fatally, however, he said it may occur at any time. It is usually more prevalent during the summer season and the number of cases now being reported are unusual for summer. The germ is always expelled in the excreta of persons sick with dysentery and may continue to be present for some time after the patient recovers from the disease. Persons who still discharge germs after they recover are called carriers, and they occur frequently in this disease in the majority of other infections." (Continued on back page)

Folks You Know

Mr. and Mrs. John Lawler of Lamesa were Sunday guests of her parents Mr. and Mrs. John Spears.

Mrs. Lydia Hancock is in a Quanah hospital but is improving.

Mr. and Mrs. Carr Sprabery and sons spent week end in Ballinger and attended the wedding of her sister, Miss Charlene Parish and Mrs. Sprabery played at the wedding.

Mr. and Mrs. Ben Moore, Jr. and family are spending the summer in Ruidoso where Benny is employed.

Mr. and Mrs. Roy "Hoot" Gibson of near Denver City spent the week end here visiting friends.

The Wyatt Children of Tahoka are visiting their grandparents, Mr. and Mrs. John Anderson.

The Dorcas Class will meet with Mrs. C. H. Mansell as hostess Friday afternoon at 4 p. m. for revealing day and business meeting.

Mrs. Ted Gillespie of Levelland was the guest of Mrs. J. P. Bowlin for several days last week.

Mrs. Tom Brewer is in the Plains hospital at Lubbock having had surgery.

Jay Nowlin underwent appendix surgery at Lamesa last week.

Mr. and Mrs. John Vermillion and daughter of Rising Star spent week end with his father, W. E. Vermillion.

Mr. and Mrs. W. O. Wartes, former residents here, attended the Houser - Line Wedding Sunday.

Mr. and Mrs. Pose Mansell, Mrs. Paul Mansell and Richard - Mrs. C. A. Doss left Monday for a visit at Ft. Worth and Dallas.

Mr. and Mrs. Clarence Gillespie and daughter, Retha, Mrs. C. A. Doss and son, Roger, Mrs. Levi Gray and daughter, Sally, Mrs. Felix Jones and daughter, Ruth, and Rodney Pelts as well as others attended a Baptist encampment at Glorieta, N. M. last week.

Mr. and Mrs. W. D. Stubblefield had as their guests for week end Mr. and Mrs. Cecil Smith and family of Seagraves and Mr. and Mrs. Sam Stubblefield and family of Lovington, N. M.

Sunday guests of Mrs. Willie Smyle were Mrs. Virgil Ballard and daughter, Joni Jo of Mission and Sue Mast of Midland.

Meet A Princess

Miss Carolyn Pearce, daughter of Mr. and Mrs. Cecil Pearce, is a senior and is the candidate of the American Legion for Rodeo Queen.

THURSDAY BRIDGE CLUB

Mrs. L. L. Birdwell was hostess to the Thursday Bridge Club last Thursday morning. Prizes were awarded to Mrs. Harvey Jordan, high, Mrs. C. R. Burleson, Jr., second high, and Mrs. Charlie Hoffman, bingo. Sixteen ladies were present. Mrs. Johnny Billingsley will be hostess at the next meeting.

Meet A Princess

Miss Nanabeth Cox, daughter of Mr. and Mrs. Wallace Cox, is a senior and is the candidate of the Rotary Club. The queen will be the princess selling the most tickets to the Rodeo here July 9, 10, 11th.

Clayton Is On River Water Board

Mayor L. J. Hash announced this week that the O'Donnell City Council had appointed S. M. Clayton, Jr. as O'Donnell's director on the Board of Directors of the Canadian River dam project. Mr. Hash said that an election would probably be called in July or in August to determine if O'Donnell wishes to formally join the project.

Mr. Clayton is a former city councilman, a Rotarian and is in the insurance business. He, along with former mayor Ross Stark, are currently well informed on the project having attended a number of the meetings.

Bill Strange, Jr. of Tahoka will represent that city on the Board.

Pearce Reunion Enjoyed

The Pearce family enjoyed a reunion over the week end in the home of Mr and Mrs Cecil Pearce and Mr and Mrs. Marcus Pearce. Present were: Mr and Mrs. Bob Willis of Yakima, Wash., Mr and Mrs. J. B. Shepperd Jr and son, Mr and Mrs. J. B. Shepperd, Sr., Mr and Mrs. W. A. Priest and children of Clovis, N. M., Mrs. Mun Haven and girls of Weed, Mr and Mrs. Ted McLaurin and children of Big Spring, Mr and Mrs. Omah McLaurin and children, Mr and Mrs. M. L. McLaurin and son, Mr and Mrs. Hornaday McLaurin and son Mr. and Mrs. Bud McLaurin and children of Peecos.

Mr and Mrs. Raymond Pearce and sons of Seminole, Mr and Mrs. A. L. Fluty of Lubbock, Mr and Mrs. Geo. Duckworth, Mrs. Sid Cross and girls of Post, Mrs. Beatrice McLaurin and children, Mrs. Ella McLaurin, Mrs. M. E. Pearce, Mr and Mrs. T. M. Pearce and Mr and Mrs. C. H. Pearce, Carolyn and Travis.

Mr. and Mrs. Lenard Welty of Tullia, Mr and Mrs. E. M. Smith of Lubbock and Mr and Mrs. J. D. Putman of O. K. were week end guests of Mrs. Effie Bazar and Mrs. W. J. Boney of Edinburg are visiting her mother this week. Mrs. Bazar will return to Edinburg with her this week end.

Mrs. Janie Putman is visiting her daughter in Midland this week.

Mr. and Mrs. Murvin Swinney of Fluvana visited Mr and Mrs. John Ellis Sunday.

Meet A Princess

Miss Joann Rogers, daughter of Mr. and Mrs. J. F. Rogers, Jr. of New Moore, is a clerk in the Clayton Insurance Agency and she is the candidate of the Lynn Co. Sheriff Posse.

Miss Line Weds Mr. Houser Here

Two area residents exchanged vows here Sunday in the First Baptist Church. Miss La Moyne Line, daughter of Mr and Mrs Harvey Line of here, became the bride of Carl M Houser of Seminole, son of Mr and Mrs. C. M. Houser of Sipe Springs. The double ring ceremony was read before baskets of gladioli and an arch of greenery on the altar by the Rev. Holland Smith of Seminole.

Gayle Bowen sang "Dream of Love" and "O Perfect Love." He was accompanied by Mrs. C. A. Doss who played traditional wedding music.

The attractive bride was dressed in a gown of imported Chantilly lace over satin. The bodice and peplum of lace joined a tulle overskirt over starlight blue satin.

The bride was designed with a high collar and long sleeves. Her fingertip veil of starlight illusion was attached to a tiara of pearls and crystal beads. She carried an arrangement of carnations with a white Bibl. She was given in marriage by her father.

Attending as maid of honor were Miss Dorothy Bridges of Denton, Bridesmaids were Miss Mary Mills of Santa Anna, Miss Ruth Lassiter of Abilene, Mrs. Wayne Carroll of here and Mrs. Lee Harrison of Winters. They wore dresses of nylon tulle over broadcloth in shades of aqua designed with stand up collars and short sleeves. They carried hand bouquets of yellow roses. The candlelighters, Misses Ronnette Prather and Treva Jeece Brown both of Seminole, wore yellow dresses fashioned identically to those of the bridesmaids.

Harold White of Tatum, N. M. served as best man. Ushers were Rodgers and Harrell Line, brothers of the bride and Darnell Swift of Denver City and Bill Capps of Tatum Reception Held.

A reception was held in Fellowship hall. The bride's table was laid with a white lace cloth over yellow. The bridesmaids' bouquets served as decorations. Members of the houseparty included Madama Truett Hodnett, Buri Koelinger, Bryan McLaurin, Wallace Huffhines, Harold Mires, Joe Harris and R. R. Belts. The bride wore a blue suit with white accessories for a wedding trip to Salt Lake City, Utah, and Yellowstone National Park. They will be at home in Seminole after July 4th.

The bride, a graduate of O'Donnell High School and Hardin Simmons U. is a teacher in the Seminole Public Schools. The groom was graduated from Sipe Springs High School and Texas A. and M. He is a petroleum engineer for Amerada Pet. Corp. in Seminole.

Janice and Patsy Hunt and Nancy and Kenneth Hunt of Irving are visiting their grandparents Mr and Mrs. John Anderson and Mrs. Iris Line.

Mrs. James Freer and children of Ft. Worth are visiting her parents, the W. R. Gibsons.

Mrs. Price Seely and Dan spent the week end with Mr and Mrs. Durwood Seely at Sprabery. Mrs. E. V. Bolch and Charles accompanied them as far as Stanton to visit her parents, Mr. and Mrs. Shelborne.

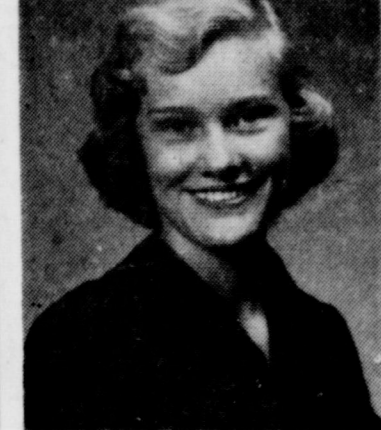

Mr. and Mrs. E. T. Burdett and grand daughter Ricki Sue of Lubbock and Mr and Mrs. M. L. Isaacs and family of Anton and W. E. Tredway and son were Sunday guests in their mother's home, Mrs. E. J. Tredway.

Clark and Fannon Headed For Texas Tech

Bennie Clark, all around local athlete, has signed an athletic contract with Texas Tech. Coach De Witt said Monday. Clark was an outstanding quarterback for the Eagles last past season and was named to the all district team. He played basketball and was the leading scorer of the team with a 23 point average per game. He scored over 20 points in game. He scored against Denver both district games and eventual city district winner and eventual City runner up. He scored 22 points in the first game against the Mustangs to lead O'Donnell to victory. He was an outstanding track performer, setting a new Class B state mark in the high jump when he tied for first place with a 6 ft. 1 in. jump. He was 5th in the high hurdles and the broad jump and finished 6th in the discus at state meet in Austin. Clark is the second local star to join Tech's forces. Earlier Ken Fannon, star hurdler, accepted a track scholarship with Red Raiders. Clark will concentrate on basketball and track and will major in animal husbandry.

Meet A Princess

Miss Katherine Furlow, daughter of Mr and Mrs Oscar Furlow, is a sophomore and she is sponsored by the Lions Club in the Rodeo Queen race.

MANY ATTEND WEDDING HERE

An incomplete list of out of town guests attending the House-Line wedding Sunday included: Mr and Mrs F. R. Kendall, Iris Kendall, Mrs C W Graham, of Abilene; Mr and Mrs N M Wyatt and Mark of Snyder; Mr and Mrs Donald Street and family of Earth; Mr and Mrs Martin Line, Mr and Mrs. Bobby Line of Brownfield; Mr and Mrs. Ivan Line of Plainview; Mr and Mrs. Allen Crowley and Iva Ruth of Slaton, Mr and Mrs J A Edwards, Mrs. Tommy Gibson, Mr and Mrs. W J Beckham, Nancy Wilson, all of Lamesa.

Jane Lunsford, Bob Cole, Mr. and Mrs. W O Wartes, Jean McNeal of Lubbock, Mr and Mrs C M Houser, Carl Simms, Sipe Springs; Mr and Mrs John Vermillion and Charlene of Rising Star; Mrs Don Kendall and Lynn Kendall of Brookfield, Ohio, Mr and Mrs Donald B. Gillitt of Jal, N. M.; Jean Bridges, Mary Bridges, Elwanda Simmons, Paul McElroy, Maryland, Hampton, Odell Kite, Mr and Mrs. Merland Blank, Mr and Mrs J R Enloe, Mr and Mrs R. D. Prather and family, Paula Outcut, Mrs. Holland Smith, Mr and Mrs. Glenn Brown, Mrs. Carl Thurman, Mr and Mrs F J Young, all of Seminole, Mr and Mrs. C H Houser of Crosbyton, Mr and Mrs Vaughn of Tahoka, Mrs. Ted Gillespie of Levelland and Diane Mc Knight of Commerce.

Mr and Mrs. Harvey Line entertained the wedding party at a 6 o'clock dinner in their home Saturday evening June 20th.

SUNDAY GUESTS

Sunday guests of Mr and Mrs. Ed James were Mr and Mrs. Carl James and family of Oxnard, Cal., Mr and Mrs. Fred James and grand daughter of Ft. Worth, Mr and Mrs. Jack Rayborn of Louise, Mo, Mrs. Raymond James of Lubbock, Mr and Mrs. Delbert Richerson of Seminole, Mr and Mrs. Gordon Patton of Brownfield.

Mr. and Mrs. Rube Evans of Wichita Falls and Mrs. Boyd McWhar and daughter Megargel visited their sister, Mr. and Mrs. E. L. Thompson and son.

AT SUMMER CAMP

Rilda Moore, Karen Merrick, Bob By Poteet and Dickie Poteet left Monday morning for Ceta, Canada. They will spend the week at the Methodist Summer camp. About 150 intermediate boys and girls will attend the camp. Mrs. Moore will serve as a camp advisor.

Mr. and Mrs. W. R. Gibson, Mrs. Rudolph Middleon, Mrs. Guy McGill of Andrews, Mrs. James Freer of Ft. Worth and Mrs. Ralph Beach spent last week in Ruidoso.

Leon Archer and Billy Archer are visiting their sister Mr and Mrs. Bobby Wash in San Antonio.

Postmaster C. R. Burleson, Jr. is taking treatments at a Lubbock hospital.

SHORTY FARMER ATTENDS STATE ROUNDUP

Shorty Farmer, 4-H club member from Berry Flat, Janey Sue Bradford, 4 H club member from Glen Creek, Mrs. L. C. Bradford, Janey Sue's mother and Geo. Sealy county agent, attended the State 4 H Club Roundup held at College Station June 19th and 11th.

One 4-H Club boy and one 4-H Club girl along with two adults was allowed to attend from each county. About 600 people attended.

While at the Roundup the Borden Co. Group attended many activities including a Party Tuesday night, various discussions from groups concerning 4-H club work, a chuck wagon supper Wednesday night along with a pageant presented by the cast of the Albany Pandangle. Thursday morning the group participated in a tour of the A. and M. College and that afternoon attended a special presentation program. The event ended with a banquet and entertainment program Thursday night given by the Sears Roebuck Foundation.

REV. LONGINO NAMED AS A CONVENTION DELEGATE

Rev. H. A. Longino, pastor of the local Methodist Church, has been named an official delegate to the World Methodist Convention on Evangelism June 26 thru 28 in Philadelphia, Pa.

Speaks At Rotary

The O'Donnell Rotary Club met Tuesday at its regular luncheon. There were twelve members present with six visiting Rotarians from Lamesa and Tahoka. Rev. O. O. Holladay, pastor of the First Baptist Church, was installed as a new member.

NEW LYNN CO. H. D. AGENT TO ARRIVE JULY 1st

Miss Wanda Jo Roach of Colorado City has been named the new Home Demonstration Agent for Lynn County effective July 1st. Miss Roach was reared on the farm and was a 4-H club member for seven years and her mother has long been active in Home Demonstration club work. She attended John Tarleton State College for two years and Texas State College for Women two years receiving the B. S. degree in Home Economics Education.

O. L. McClelland left Monday for the Veterans hospital at Big Spring for a check up.

Carroll Jones and Cloyd Caswell of Grand Prairie visited the F M Jones family Wednesday night enroute to Calif. and Canada.

CHILDREN ARE HOME

Mr and Mrs. Homer Vaughn and Jack of Bronte, Mr and Mrs. Lester Vaughn and boys of Lubbock, Mr and Mrs. Willis Vaughn and Jerry of Clovis, N. M., Mrs. Faye Parker and children of Crane visited their parents over week end, the J. M. Vaughn family.

Mr and Mrs. Jim Boothe of Lamesa visited in J P Hale home Sunday.

BORDEN 4-H RIFLE TEAM TO SHOOT AT A. and M.

Members of the Borden County 4-H Club Rifle Team will participate in the State Contest to be held at College Station on June 25th. The team, composed of Lonnie Doyle, Jerry Smith, and Jerry Spies and coached by Geo. Sealy, won first place honors in the district contest that was held in Lubbock on May 30th. The team members also placed 2nd, 3rd and 4th high individuals in the district contest. The Borden team will represent Extension District 2.

Mr. and Mrs. Huff of Florence, Colo. visited their daughter, Mr. and Mrs. Chas. Cathey here last week.

IN COLLEGE AT COMMERCE

Commerce - Approximately 1300 students have completed enrollment for the first term of the summer session at East Texas State College. Among those enrolled is Miss Margaret Carlisle, a sophomore with a major in library science.

INSTRUCTIONS GIVEN SOAP BOX ENTRANTS

All Soap Box entrants must have their cars completely finished by June 27th. Inspection of cars began June 20th. Several trial runs have been made and local racers are making excellent progress, according to Hervey Gardnair. All entrants should double check their steering gear as recent trial runs have shown this is one factor often overlooked. Loose steering gear will often cause the racer to wobble on the road.

Mr. and Mrs. Hornaday McLaurin and son of Peecos spent their vacation here last week.

Mr. and Mrs. J. J. VanZandt are visiting their son and family, Mr. and Mrs. Perry VanZandt at Port Neches this week.

LOSS OF SALT CAUSES HEAT CRAMPS AND HEAT FOG

If your work is such that it causes excessive perspiration, add a pinch of ordinary table salt to each drink of water you take to help prevent heat cramps. This is advised by Dr. Geo. W. Cox, State Health Officer, to prevent a possible increase in the number of heat victims as the Texas thermometer hits 95 degrees and above.

Laborers, mechanics, farmers, and editors whose work causes them to sweat profusely, are in danger of having their body salt content become deficient with resulting heat cramps or heat fog. Salt is a prominent constituent of sweat; the body may lose as high as 40 to 50 grams of salt during hot days. In industry, a method of preventing heat cramps is to take a tablet of pure salt or a mixture of salt and dextrose with each drink of water. Workmen whose duties require muscular exertion should be especially careful to add more than the usual amount of salt to what they eat and drink.

Salt deficiency may be prevented by taking salt in various ways. Where prepared tablets are not available, table salt may be added to each drink of water. Milk is a source of salt and will help make up for the deficiency caused by sweating. Alcoholic drinks should be avoided.

Heat cramp is characterized by pains (cramps) in the abdominal region, headache and in severe cases, by nausea and vomiting. The body temperature remains about normal, likewise the pulse rate. Body salt losses occur without the knowledge of the individual until there is a deficiency; then the abdominal muscles begin to cramp.

CONTROL OF BAG WORMS GIVEN

Bag worms excel in the art of camouflaging. Usually confined to arborvitae, Italian cypress and similar cedar like plants, this year bag worms are attacking broad leaf plants such as althea, elm, roses, oaks and many others.

Now is the time to begin your campaign to destroy the bag worms. When first hatched, the bag worms are so little and well covered, it is difficult to see them. They spin a cone shaped, water proof silk cover and conceal the cone with bits of bark and green leaves. As they grow, the bag worms add to this tent like home, only sticking their heads out long enough to feed on the tender tips of plants. The cone shaped cover grows with the bag worm and may be as large as three or four inches by August.

The bag worms should be killed now before they reach a mature stage. A lead arsenate spray, applied once a week, will kill them before the bag worm destroys or seriously damages a plant. To make the spray solution, mix 3 tablespoonsful of lead arsenate in a gallon of water. If it rains, spray more often because rain washes the poison off the plant. Usually two sprayings are enough. These pests die slowly, often taking more than 10 days. When dead their well built protection will cling to limbs for months and even years.

It is a job to pull the bag worms off by hand when they are full grown. Spraying the plant with arsenate of lead during June and July when the insects are young will keep them from injuring the plants seriously. Old ones may escape to produce eggs for next year's pest crop.

This advertisement is the third in a special series which began over a year ago, and which is designed to give you, as a prospective buyer, detailed and helpful information. We'd be happy to have your comments about this type of advertising.

This is the 1953 Chevrolet Bel Air 4-Door Sedan. It's one of 16 Chevrolet models in 3 series, which add up to the widest choice in the low-price field.

Some Chevrolet advantages worth considering when you're ready to choose a car . . .

Next to a new house, a car is probably your most important purchase. Here are some facts to help you make up your mind about which make to buy.

Don't you agree that it's well worthwhile to weigh all the factors carefully before you buy any new car? Let's consider the major reasons why people choose one make over another and see how the 1953 Chevrolet stands in those respects.

Styling You Can Stay Proud Of

Styling, of course, is a matter of personal taste. Because we think Chevrolet is the best-looking car in its field, doesn't necessarily mean you'll think so, too. But we can tell you that the majority of our showroom visitors prefer Chevrolet styling and compare its appearance most favorably with cars costing a great deal more.

And you might consider this: Chevrolet styling is the *newest* in its field. It's the kind of styling that stays new, too. For it is based, not on fads or extremes, but on the fundamentals of good, modern design.

The One Automobile Body Almost Everybody Knows

It's not really surprising that so many people prefer Chevrolet's appearance. For Chevrolet is the only low-priced car with Body by Fisher. And Fisher, as you know, is the only automobile

body manufacturer with a world-wide reputation for styling, craftsmanship and quality.

The Many Benefits of High-Compression Power

When you drive a new Chevrolet (and we hope you'll do that soon), you'll notice these things: faster acceleration from a standing start; greater passing ability in traffic and on the highway; the new ease with which you climb steep hills.

These are just some of the benefits of Chevrolet's new high-compression power. In gearshift models, there is an advanced 108-h.p. "Thrifty-King" engine with a 7.1 to 1 compression ratio. Teamed with the new Powerglide automatic transmission* is an entirely new 115-h.p. "Blue-Flame" engine with 7.5 to 1 compression ratio. It is the most powerful engine in Chevrolet's field.

A Great Gain in Gasoline Economy

Along with remarkable new performance, Chevrolet's advanced engines give you far greater gasoline mileage. In fact, this year marks the most important gain in economy in Chevrolet history. And that includes sub-

stantial savings on over-all upkeep, as well as on gasoline.

New Getaway in the New Powerglide*

The new Powerglide automatically drops into "Low" range for starting and for passing in city traffic. Then, as you glide along, it slips smoothly and almost imperceptibly into cruising range. The results are much faster and more positive acceleration, and much lower fuel consumption.

The First Power Steering in a Low-Priced Car

This year's Chevrolet is the only car in its field to offer you the extra ease and convenience of Power Steering, optional at extra cost. With it, you can spin the wheel with the strength of one finger. You can saw in and out of tight parking places without the slightest strain. You get an additional cushion against road shocks and jars. Driving is easier, safer.

A Smoother and a Safer Ride

Chevrolet is the *heaviest* low-priced car. Model for model, a Chevrolet will weigh as much as 200 pounds more than the other makes. You often hear people say they buy high-priced cars because they're heavier, hold the road better and ride better. Well, isn't it logical, then, that Chevrolet's extra weight (which comes from extra strength of body and frame) would result in a better ride?

Chevrolet is the Lowest-Priced Line

Certainly, price is one of the most important factors of all. We're glad to be able to tell you that Chevrolet is the lowest-priced line in its field.

Now, you might well ask, "How can Chevrolet offer me more and still cost less?" There is a simple, logical answer to that.

Remember that Chevrolet builds more cars than any other manufacturer. Chevrolet, along with General Motors, has greater facilities for research, for engineering and production. So, isn't it reasonable that these greater facilities bring manufacturing advantages and economies which Chevrolet can pass on to you in terms of higher quality at lower price?

An Endorsement Given No Other Car

Again this year, more people are buying Chevrolets than any other car. Obviously that wouldn't be true unless people *liked* Chevrolet better. Unless Chevrolet offered more things people want—more value.

So, when you're ready to choose your new car, wouldn't you agree that Chevrolet merits your careful consideration? We welcome your visit at any time, so that you can look the car over yourself and try it out on the road.

*Combination of 115-h.p. "Blue-Flame" engine and Powerglide automatic transmission optional on "Two-Ten" and Bel Air models at extra cost.

MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR!

Town's Teeth

Improved in Three Years
 ASKOV, Minn.—Three years ago this village was chosen to be the site of a ten-year community dental health program sponsored by the Minnesota State Dental Association, the Minnesota Department of Health, the United States Children's bureau and the village of Askov.

After only three years, tooth decay has been reduced 41.6 per cent in the three to five age group and 8.4 per cent in the 13 to 17 age group. These reductions are in comparison with the nearby town of Hinckley, Minnesota, chosen as a "control."

Before the program started Askov had no dentist and had a high rate of dental disease. The program covers 350 children and includes instruction in tooth brushing and diet, complete dental examinations, dental corrections and applications of sodium fluoride.

BIG BUSINESS

New Ford Warranty Firm Grows Fast

DETROIT LAKES, Mich. — A new business here which is literally growing by leaps and bounds is the Sales Engineering Institute, Inc., which set up headquarters the first part of June.

The corporation with C. H. LaFleur as president furnishes warranties on products of the Ford Motor company.

National in scope, the corporation is increasing at the rate of approximately 200 new accounts a month.

It was 1948 that Mr. LaFleur commenced to develop his idea of a six months or 6,000 mile warranty for used cars and nine months or 9,000 miles for new cars. In 1951 he started to merchandise the warranty on a national basis, working exclusively with Ford Motor company dealers.

Approved by Ford

The warranty has been approved by the six Ford Motor company regional offices in the US and in a little more than a year the warranty has been used in the sale of more than 250,000 new and used cars.

At the present time Mr. LaFleur is making plans to go into Canada, Alaska, Cuba, and Hawaii with the warranty.

The corporation has some 765 Ford dealers, including the Ford agency in Detroit Lakes, using the warranty in the United States. This figure is increasing steadily each month.

According to Mr. LaFleur there are a number of unusual features about the warranty supplied by the Sales Engineering Institute. It covers repairs on new or used cars without exclusions. The warranty is honored at any authorized S.E.I. Warranty national dealer in the nation.

Employs 18 people

Five people are on the staff of the Sales Engineering Institute office here and there are 13 men in the field.

Mr. LaFleur explains that he has used the present name of the corporation since 1931. In those early years the Institute specialized in sales training covering the ready-to-wear, hardware, automotive, and several other merchandising fields.

Marshland Muck Transformed Into Kids' Playground

COLON, Mich.—Along with operating his dairy, Lyman Decker has found time to develop another project on his property, benefitting not only his own children but all the kids in that part of town. He has transformed the greater part of his property back of the buildings, which was marshland muck, into a fine playground. It has taken several years of labor and filling but well worth the effort, and shows what can be done with wasteland.

The transformed playground is several rods wide and of good depth, running back to a spring-fed creek, making a good background. To give an idea of its immensity, there is ample room for a ball diamond, which is used for baseball, softball or football — which ever is in season. Also another section for playground equipment—swings, teeters, bars, etc. Then you find several picnic tables, convenient for anyone who desires their use, and along side the green grounds is a bit of menagerie—a pair of fox, two pairs of coon—interesting to the grown-ups as well as the youngsters.

The transformed marshland makes a safe and ideal place for an unlimited number of children to congregate for hours at a time, away from traffic.

High quality hay can be produced from many crops if the crops are properly fertilized, managed and harvested at the right time.

Weeds, sprouts, bushes and vines can be practically eliminated from the pasture if mowing is done at the proper time. Clip the weeds to prevent the production of a seed crop.

Weather such as prevails now over the state, tests the management skills of the home gardener. Proper cultivation, irrigation and mulching are garden practices which will pay off during the dry hot weather.

Danger lurks in the swimming pool whether it be a farm tank, river, creek or a regular pool. Carelessness in and around water is the chief cause of deaths from drowning. Be careful and don't become a statistic.

Rabbits and hatches for sale; does, fryers and all sizes, very reasonably priced. See J. E. Dickey 1-2 mile out on Draw highway

 YOUR FOOD DOLLAR . . . LIVE BETTER
 WITH AN *Electric* HOME FREEZER

Ask any of your friends who own an Electric Home Freezer and they will tell you they enjoy better eating for less money the year 'round. How do they do it? Here are four of the most typical reasons:

- By taking advantage of special prices and food sales . . . storing food for future use when prices are lowest, quality highest.
- Freezing surplus foods in season . . . fish, game, meats, vegetables, fruits.
- Cooking and baking in quantities . . . foods keep perfectly till needed, require only heating before serving.
- Cut food waste . . . fewer leftovers. Even these can be stored for future meals.

See your favorite dealer for additional benefits of an Electric Home Freezer. Select a chest type or space-saving upright model to suit your needs.

Curves Eliminated Between N. C. Towns

OLD FORT, N.C.—The re-location of a road between here and Ridgecrest is taking the hairpins out of a mountain trail, but the job itself is a hair-raising one.

With an army of bulldozers, tractors, trucks and other earth-moving machines, construction crews are making war against a mountain. In jeeps that scamper over ravines, like mountain goats, engineers direct the operation by radio-telephone.

The road-building project is based on the "leveling off" principle, which means filling in the valleys, as well as cutting through the hills. And in making the necessary "fills" and "cuts," workers must cope with the movement of millions of cubic yards of stone and soil, frequently working at angles that defy the law of gravity.

In the words of one engineer, "The project would be next to impossible were it not for jeeps, which we use for operating in all advanced positions, and for the many trips we must make to and from the field office." The radio-telephone system of communications was also rated as "vitality essential."

When completed this fall, the new road will replace an eight-mile section of U.S. 70, which has 98 dangerous curves and a bad accident record. The new highway will have two 22-foot lanes, no hazardous bends, only 19 curves of the easy-to-take variety, and it will reduce the overall traveling distance by a good two miles under the old route.

The construction firm of W. E. Graham & Sons, Cleveland, N.C., called the road re-location project the biggest ever undertaken on this side of the Mississippi. Pointed out, too, was the fact that the new road will have 10-foot shoulders and a drainage system utilizing heavy-duty culverts up to 54 inches.
