GONE FISHING!!!

When you read this week's paper the Editor and his tribe will be under a cool pecan tree down on the Yegua with a hook in the swamp water. The bride will be visiting her folks and showing off the baby.

We will be back in the salt mines laboring no later than Friday and hope this brief vacation will give us more get up and go.

For your entertainment we have "discovered" some pictures almost forgotten in our morgue. To add zest to it we are offering a prize of a year's subscription to the Index for the first three readers who can identify the pictures.

Be seeing you....

SIGHTS TO SEE IN TEXAS

There's plenty to see in Texas, wherever you may roam on a holiday jaunt or on a vacation trip. Clockwise from the lower left hand corner, some of the impressive sights to see in Texas are: The Big Bend, some of the most striking scenery in the state; Guadalupe Peak, highest point in Texas at 8,751 feet; the Palo Duro Canyon, camping grounds for Indian tribes in frontier days; East Texas oil fields,

biggest of them all; the 570-foot San Jacinto Monument, commemorating decisive battle of Texas history; Gulf Coast Beaches, some of the finest in the world; the Alamo, "Cradle of Texas Liberty," and in the center of the state, Texas Longhorn Cavern, biggest cave in the state and third largest in the world, one of Texas' most spectacular natural wonders. Sightseeing is fun in Texas.

Fred Elliott, extension cotton specialist, emphasizes the importance of getting a good stand with the first cotton planting. High quality cotton planting seed, he says may not be available for excessive replantings. Germination will be reduced, he adds, if the seed are planted in soil which has not reached the proper temperature of 70 degrees F. at a 3-inch depth for 3 successive mornings at 7 a. m.

READY FOR THE STORM SEASON?

Don't wait until your home and property are being pushed around by the wind to think about property insurance. Then it's too late.
See your local capital stock insurance agent before the storm warnings. He is an independent local business man who is an expert on all coverages, and he represents safe, reliable capital stock companies. He knows you, he knows the value of your property, and he knows insurance.
You won't be ready for the storm season until you have talked to him.

More models with more ways to save!

Chevrolet's got a specialist for every job, starting with the lowest priced popular pickup you can buy and including the new Fleetside, with the biggest capacity of any comparable pickup. There are Step-Van delivery models com-

plete with walk-in bodies. New medium-duty models--some with a new 72-in. cab-to-axle dimension that's tailor-made for tractor-trailer use; others with a new extra-long wheelbase that's ideal for big van bodies. If your job

calls for trucks that are big and tough, consider Chevy's hefty-hauling tandems, the most advanced heavyweights out. A quick call to your Chevrolet dealer can start a Chevy saving on your job right away.
