County Against All Amendments

Callahan county voters went to the polls Tuesday and put this county on record as favoring none of the proposed constitutional amendments. Reports from the state election bureau at this writing are that of the 10 amendments offered, seven were flooded under a tide of 'no' votes, two apparently were passed, and one wobbled. The latter was the proposal to abolish jury trials to determine insanity. Amendments favored were No. 7 on district court proceedings, and No. 8, Rural fire prevention. Callahan county gave totals for this county as follows: 1. Civil Service, for 123, against 454; 2. Legislative Sessions and Pay, for 55, against 523; 3. Hospital Districts, for 148, against 428; 4. Poll Tax Repeal, for 130, against 454; 5. City-County Health Units, for 114, against 457; 6. County Pensions, for 64, against 511; 7. District Court Proceedings, for 190, against 374; 8. Rural Fire Prevention, for 172, against 399; 9. Lunacy Trials for 196, against 374; 10. Women Jurors, for 129, against 451. Board of Education, 17th District, E. J. Woodward, 573.

BAIRD'S MODERN BANK SHOWS GOOD REPORT

Although the First National Bank of Baird was established back in 1885 and followed business practices appropriate to those early days, it has kept in step with the times and today this modern banking firm is as young in its ideas as are the principals of healthy growth. The statement of the bank's financial condition, which appears on another page in this issue of The Star, reflects the condition of this community as well as that of the bank. At the close of business November 1st, 1949, deposits were \$3,354,943.38. The call for the bank's statement was somewhat of a surprise, since the third quarter statements are usually asked for the last of September or the first of October, and there was no third call last year.

Mrs. Maria Leache left Monday for a few days visit with Mr. and Mrs. W. D. Hayworth in Abilene.

Funeral Sunday For Mrs. Charles Fiedler

Mrs. Fiedler was born on Jan. 7, 1884, in Comanche County. Survivors include her husband, Charles Fiedler of Baird; one daughter, Mrs. Marie Jarrett of Baird; five sons, Joseph of Baird, John of Odessa, Charlie of Big Spring, C. W. of Cisco, and G. H. BROTHER-IN-LAW OF REV. J. L. CARTER DIES

J. R. Jackson, brother-in-law of Rev. J. L. Carter of Abilene, was buried Tuesday at Pecan Gap. Mr. Jackson died Sunday afternoon. Rev. Carter was at his bedside for the past month. Mr. Jackson was an uncle of Mrs. A. R. Dallas.

FRAZZLED CREW RETURNS FROM HUNTING TRIP

Worn to a frazzle, the hunting party composed of Hugh Ross, C. B. Snyder, Frank Bearden, of Baird, George Minter of Abilene and Dr. Ray Cockrell of Snyder, returned home Tuesday night after spending several days at Dr. Cockrell's ranch near Van Horn. With no deer to show, the men had fantastic stories to tell about their trip on foot through the Van Horn mountains lost for hours with darkness of night closing in on them. Their worn-out shoes backed-up their tale. None of the men knew the country where they were hunting, so naturally, the first thing to do was to get lost from themselves and from each other. No one knows how big that country can get until they find it necessary to walk and find their way around after the sun goes down. In spite of it all, they reported having a wonderful time.

Mrs. W. A. Fetterly is spending the week in Dallas at the Grand Chapter of the Eastern Star.

O. B. Jarrett Dies After Long Illness

O. B. Jarrett, 78, died at 3 a. m. Thursday at his home in Baird, after being seriously ill for 9 weeks. Funeral will be Friday (today) at 2:30 p. m. at Wylie Funeral Chapel with Rev. Alsie Carlton of Big Spring, officiating, assisted by Rev. David Binkley, local pastor. Burial will be in Ross Cemetery with graveside rites under direction of the Odd Fellows Lodge. Mr. Jarrett was born October 29, 1871, in Henry County, Ga. He was married to Tina Brown in 1894 at Gorman, Texas, and moved to Baird in 1915. He was a member of the First Methodist Church of Baird, having joined that organization fifty-three years ago. He was also a staunch member of the Odd Fellows Lodge No. 271 and the Rebekah Lodge No. 112.

Survivors are the widow; one son, Horace F. Jarrett of Big Spring; three daughters, Mrs. Sam Black of Fort Worth, Mrs. Bob Swinson of Baird, and Mrs. John Finto of Ranger; seven grandchildren and four great grandchildren; and one brother, G. A. Jarrett of Ballinger. Pallbearers are: O. B. Pool, C. J. Ault, Gilbert Hinds, G. H. Tankersley, A. R. Dallas, Charley Gleghorn.

Mr. Jarrett was one of the most beloved men we have ever known. He had no enemies. During his long illness his family and friends gave him all the attention that loving hands could bestow, but his affliction was of such a nature that all medical science and loyal friends could do was of no avail. He had lived a good life and his influence for righteousness shall live on in this community for many years to come.

A large crowd is expected to journey to Clyde tonight to witness the annual game between the Baird Bears and the Clyde Bulldogs. This is a conference game in District 10-B and shapes up to be an exciting game. The games in the past between these two schools have been fast and furious and this is expected to be no exception.

\$1.50 MINIMUM SET ON CITY WATER

Getting away from the high summer water rate of \$2 per thousand gallons, which paid hauling expenses, the city council Monday night set the rate at \$1.50 minimum for the first 3,000 gallons, the next 2,000 gallons at 50 cents per thousand, and 25 cents per thousand thereafter. This is the same rate that prevailed before it became necessary to haul water to supply the needs through the summer months.

Colored Rodeo Is Success

Beside being highly entertaining for those who crowded the grandstands, the all-colored rodeo held at the Callahan County Sheriff's Posse rodeo arena here Saturday and Sunday proved to be a financial success. Gate receipts amounted to \$2,766.95, according to Lee Loper, bookkeeper, for both days' performances. The Sheriff's Posse directors applied \$1,500 on the debt at the bank for construction of the grandstand, and the balance was used to pay expenses of the show and to buy paint with which to paint the new grandstand. The posse now owes only about \$1,500 on the \$35,000 arena.

Professional negro rodeo stars from all over Texas gathered for the contests which took place at 2:30 p. m. each of the two days. James Gibson, of Houston, was awarded the \$100 gold and silver belt buckle after he was named the all-round champion cowboy.

THREE BAIRD MEN SIGN UP FOR RR TOUR

A special 14-car train, complete with lounge and diner, will transport 183 of Texas & Pacific Railway's veteran and retired employes to New Orleans and return over the Armistice Day week-end.

A. J. Hamill, secretary of the T&P oldtimer group, has released a complete roster of the men who will make the trip as guests of T&P management. Three have signed up from Baird: J. A. Allphin, J. C. Allphin and H. N. Ebert. Twenty-seven other Texas and Louisiana towns are represented in the list.

H. C. Kain, founder and president of the veteran and retired employe association, said that popularity of the trip has nearly doubled each year since its inception in 1947. Sixty went that year to New Orleans, and 100 took the trip to El Paso in 1948.

The special train leaves Marshall, Texas, the morning of November 11 and arrives in New Orleans that evening. Association members will sleep aboard that night, and the following day will make a sightseeing tour of the Crescent City, including a cruise on the Mississippi. They will leave for home late in the evening of Nov. 12.

VACANCIES FOR U. S. RECRUITING SALESMEN

A number of vacancies exist for recruiting salesman, for assignment to duty in the US Army and US Air Force, Texas Recruiting District area, 1st Sgt. Paul Peacher, Recruiting Sergeant of the Abilene Main Recruiting Station, announced today.

These vacancies will be filled from applicants whose last previous service was in the Air Force, who possess the following prerequisites:

Efficiency and character rating of excellent or higher; have performed a minimum of 3 years of service with a rank of grade four or above, last discharge being with the past three years; be qualified for general service; and be able to attain a minimum sales adaptability score of 190 on a test to be administered to otherwise qualified applicants.

Sgt. Peacher emphasized the fact that, since recruiting personnel are the sole representatives of the Army and Air Force in many localities, all applicants accepted for enlistment for duty assignment in the recruiting service must be of the highest caliber.

It has been the experience of the Recruiting Service that a direct relationship exists between the appearance, bearing, and conduct of the recruiting salesman and the quality and quantity of recruits enlisted.

Applicants will be accepted at the US Army and US Air Force Recruiting Station, located at 1226 N. Third St., Abilene.

Prizes Offered For Photo Contest

The time is almost at hand for the opening of this newspaper's big Child Photograph Contest, and we're urging all of our readers to have their children ready for the big day. A photographer from Hallmark Studios in Dallas and Irving, Texas, will be in Baird on November 23 from 10 a. m. to 6 p. m. for the purpose of taking pictures in this vicinity. His studio will be located at Mrs. Sallie Crawford's residence, 142 W. 2nd.

In addition to having their pictures printed in this newspaper the children will be competing for \$23.25 in prizes which are being offered for the four best photographs made during the day.

The photographs will be made absolutely free of charge, and there is no charge for their publication in The Baird Star. Proofs will be shown, and from these you may select the picture of your child which you would like to appear in this newspaper. If you wish extra photographs they may be purchased, but no purchase is necessary in order to have your picture printed in this newspaper, or in order to compete for the prizes. It is entirely up to you, whether you buy pictures or not.

There is no age limit on the contest, and every child's photograph in this section is wanted so that they may all appear in The Star. However, it is necessary that all of the pictures must be of uniform size, so they must be made by the Hallmark Studio Photographer on Nov. 23rd.

Don't wait until little Mary gets married or baby brother is elected to some political office to see their picture in the paper—make plans now to have those photographs made on Nov. 23. Tell your friends and neighbors. The more, the merrier.

See our advertisement in this issue for additional information.

CITY WANTS DELINQUENT ACCOUNTS TO BE PAID

Steps were taken at the city council meeting Monday night to collect delinquent accounts. There are a few sizeable bills outstanding for several months, and the council members believe it is their obligation to the citizens to bring about full payment of these accounts. Those who owe city bills might save themselves a penalty if they make payment before their next bill comes due.

Mr. and Mrs. Linton Hughes and son, Jerry, of Stillwater, Okla., spent the weekend with their parents, Mr. and Mrs. Virgil Hughes.

Quite Control Test Looks favorable... quite, the invading weed which has infested some million acres of Texas range may soon be shivering in the zone. That is the report by A. H. Walker, Range Specialist from A&M College, his return from the recently held Field Day at the Experiment Station. They have been carrying on work on mesquite control since

those attending the field day told that 5000 mixtures of these chemicals had been tested on mesquite at Spur during the past few years. Chemicals first tried on individual plots in the nursery and then on tree plots. Those showing promise are further tested on 5 plots and application is by fine spraying. One hundred these 5 acre plots have been treated with the chemicals that shown best in the preliminary tests. Treatments were during the spring, summer and fall of this year.

Results so far indicate that 2,4-D and formulations thereof are far superior to any other for control of mesquite. Solutions of 2, 4-D amine applied with a paint brush to the stump should do the job. With an acre or so, may a 1 percent solution of 2,4-D in diesel oil or kerosene be band around the tree to the ground up to 30 inches and expect satisfactory results. Ranchmen and operators who have large acreage of mesquite to control are advised to observe the results spring at the Spur station. It is not expected to find a chemical that will give 100 percent control, but it is hoped that a chemical can be found that will give low cost control of mesquite for 5 years. The increased production during this should more than pay for control program. Spring applications of these chemicals also given excellent control of weeds as sunflower, rusthistle, purple nightshade, broomweed, buffalo bur and many other troublesome weeds.

For stocking to maintain cover of grass on the mesquite will become more limited with mesquite control. Mesquites, though robbing grass of needed moisture, served to protect a lot of grasses from livestock. Mr. Walker. Keeping a lot of better grasses on our lands is the best insurance against mesquite seeding on.

Cattle For Lice Now... bother cattle more in winter and early spring and best time to treat cattle for lice is the fall of the year. Should use 8 pounds of 50 percent wettable DDT powder gallons of water and treat the second treatment two weeks after the first. Second treatment will take of the lice that hatch after first treatment. In case hairy cattle, methoxychlor can be substituted for DDT at the DDT. These can be used either as a spray or dip. Dip will make better gains some out of and winter in shape if all the external parasites are killed.

Isn't America A Wonderful Country!

All over the world today there are people teaching bitterness and hate.

Here in America we have learned to live together in friendship.

For us here at A&P, it has been a wonderful and thrilling experience to get from those with whom we compete day after day such astounding evidence of friendship and respect.

The things that have happened since the anti-trust lawyers from Washington brought suit to destroy A&P have amazed us.

While we sincerely believed that we had earned the friendship of millions of consumers for whom we have provided better food at lower prices, and the friendship of millions of farm families for whom we have provided a better market for their produce, we were not prepared for the avalanche of offers of support.

But most of all, we have to confess that we had underestimated

the fine sportsmanship of many of our competitors all over the country.

Can anyone believe that these competitors would rush to our defense if, as the anti-trust lawyers allege, we had been trying to put them out of business?

We and they have fought hard for business.

There are nearly 350,000 individual grocers competing with us. They have a larger share of the nation's grocery business today than they had ten years ago or twenty years ago.

Many of them do as good a job as we do, and they make it plenty tough for us.

Now, day after day, these same competitors are letting us know that they are in our corner.

All we can say is, thank you from the bottom of our hearts.

Isn't America A Wonderful Country!

Who hollered for Uncle?

Who wants him to break up A&P?

COULD IT BE INDEPENDENT GROCERS? Doesn't seem likely. In ten years America's independent storekeepers almost tripled their business. In 1938 they did just under 5 1/2 billion dollars worth of food business. Last year the independent storekeepers handled over 15 billion dollars worth of food.

WHOLESALE GROCERS? Hardly. For many of them are directly or indirectly engaged in or supporting some form of voluntary or cooperative chain to match chain economies.

THE EMPLOYEES? That would be funny - except that some folks probably believe it. Actually, less than 25 years ago many food chain stores could have paid all expenses - rent, heat, light, wages, etc. - out of the money a store manager alone gets paid now. And the store manager of 25 years ago would have been happy to get what a clerk gets today.

PRODUCERS? Well, take farmers. Certainly part of their prosperity must be attributed to the markets that big chains create for them. The big chains buy the entire pack of many a canner. Those canneries pack the farmers' crops. What would the farmer do with his highly perishable crop if the food chains were eliminated as big volume buyers?

COMPETING CHAINS, MAYBE? No. Practically every chain in the grocery business had more sales last year than the year before. One chain that we know a lot about increased its food business 21% last year and is up 19% in the first eight months of this year.

THEN IT CERTAINLY MUST BE THE PEOPLE! Like fun. If the people hated food chain stores, would they have spent 9 1/2 billion dollars in them last year? Folks like the low prices and high standards of chains - and the better the chains are run, the better folks like them.

Does This Sound as Though We Need Help? Thorofare Super Markets came into existence 10 years ago. The food chains Thorofare replaced were doing about three million dollars worth of business a year. Housewives liked our policies well enough to boost their purchases in our 90 stores to about 30 million dollars a year.

We call that a vote of confidence. And we're going to keep right on proving that as long as we stick to good brands and better-than-average selections at rock-bottom prices, we can compete with anybody in the business. And keep right on growing, too!

We don't believe any chain will be punished for being efficient, or for pleasing housewives so well that it is forced to grow.

We, too, believe that it is a storekeeper's duty to bring the public the best food at the lowest possible prices, and hope to see the chain store way of doing business vindicated.

And as long as the producers, the employees, the customers, the wholesale grocers, the independents and the competing chains thrive so well, we will continue to think it's a good way to do business.

We Don't Want the A&P Put Out of Business

The owner of the undersigned store is an independent merchant in this community. We run our own store, set our own prices, maintain our own policy. We consider the Great Atlantic & Pacific Tea Co. as a chain store. Because they are a chain they give us stiff competition. The competition offered by the A&P keeps us on our toes. The Department of Justice has brought a suit against the A&P claiming that the A&P is a monopoly. Whether it is or not we are in no position to judge. What we do know is that the A&P does not do all of the grocery business in this area. We are here and ready to serve local customers. **WE DON'T WANT TO SEE THE A&P PUT OUT OF BUSINESS.** The A&P is keeping food prices down. We in turn keep our prices down; and that helps us to sell more goods.

KUGLER'S SUPER-FOOD MARKET

PHILADELPHIA, PA.

We Agree With A&P

Yes, we want our A&P competitors to stay in business on their present scale because we know what it would mean to the American people without them. We are only one store and are striving to serve our community with good food at low prices, but the A&P is a nationwide organization serving the American people everywhere with good food at low prices. Destroying the A&P would mean eliminating competition nationally in the food field which every poor man knows consumes the major portion of his salary. We congratulate the A&P for a job well done. Keep up the fight. We welcome any fair competition which helps us bring lower food prices to the consumer.

A COMPETITOR'S OPINION of The Great Atlantic & Pacific Tea Co.

The self-styled "trust busters" of the government recently made head-destroy the A&P. Frankly, we don't like it. A&P is charged with having control of SOME of the production and processing ends of the food business. As a result, they can offer foods at low prices. So What... And if monopoly of the food business is charged, that sure hands us a laff. We... at P.P.M. are growing like wildfire. Seems like we're able to sell better foods at better prices. Your increasing patronage of our stores is positive proof that A&P has no monopoly on the food business. Let's get down to good old American horse sense. A&P is doing a good job of serving the people of this country. They're no bogey men. We are for them 100% in this controversy.

PROVIDENCE PUBLIC MARKETS

PROVIDENCE, RHODE ISLAND

I Welcome A&P Competition BECAUSE

- like myself, many hundreds of independent grocers got their start with the TEA COMPANY.
- The great A&P is not detrimental to the progress of the grocery business. On the contrary, A&P has always been beneficial to any open-minded businessman who believes in FREE ENTERPRISE. Founded on the principle of FAIR PLAY and FAIR PRICES, A&P developed from a humble start to its present commanding position in the field of retail merchandising.
- My experience as a former employee of the TEA COMPANY has served me well. I attribute my success to the ideas and methods tried, tested and proven by the A&P stores - at a great cost.
- A&P upholds the rights and privileges of a good worker. I know this from personal experience. A&P is ever on the lookout to promote sincere and ambitious employees to trustworthy and important positions and has never crossed the efforts of any employee to enter into business for himself. A&P helped me to start in business... IS THAT AN ACT OF A COMPANY MONOPOLIZING THE GROCERY BUSINESS? NO!

A&P taught me to serve the public BETTER—MORE ECONOMICAL and MORE EFFICIENT, thanks to the start given me by B. F. VINSON.

••••• During the depression of the thirties, A&P paid higher wages than any other chain. A&P has striven to keep up the standard of living in this country. I shudder to think what would happen to its 110,000 employees if it was forced out of business.

••••• I am not afraid of A&P competition—I welcome it. It's democratic—it's the American Way.

The Anti-Trust Suit Against The Atlantic & Pacific Tea Co.

This suit is another threat against our great American system of free enterprise. The A&P Co. has always been clean, above board competition and any successful independent merchant, if he is honest, will admit that they have taught him a great many things regarding merchandising, reducing overhead, better buying, etc., thus lowering food costs for the great American Public.

"YOU'RE MY EVERYTHING" HITS MUSICAL JACKPOT

For those who remember the flamboyant twenties—the days of the bunny hug coats, bangs and spit curls, and the fallopers with painted knees—this picture is a memorable occasion and for the youngsters the peek behind the scenes at Hollywood between the years 1924 and 1938 is a thrilling experience.

Through the medium of the lover affair between Dan Dailey, as a singing hooper, and Anne Baxter in the role of a Boston Blue-Blood, who becomes the great "Hotcha Girl" of the silent screen, the span of years from the last days of vaudeville and the golden era of the silent screen until it gave way to the "talkies" has been recounted.

"You're My Everything" comes to the Plaza Theatre Sunday and Monday, November 13 - 14.

The story, a delightful one because of its light heartedness, of that fabulous period continues with the child-star craze of the mid-thirties. As the daughter of Anne Baxter and Dan Dailey, Shari Robinson, a 10-year-old moppet from Indianapolis in her first screen role, recreates the illusion of Shirley Temple with such old songs as "On The Good Ship Lollipop" and the "Starcase Dance," as well as some new ones including "I Want To Be Teacher's Pet." Anne Revere, with a sidelong wink at old Boston, brings an

"IT HAPPENS EVERY DAY"

FALL IN LOVE "IN GOOD OLD SUMMERTIME"

Judy Garland follows up her big success in "Easter Parade" with another delicious romantic comedy, "In The Good Old Summertime," this time co-starred with Van Johnson and with that amiable character actor, S. Z. "Cuddies" Sakall, having a prominent part in the proceedings. Of added interest in the fact that the new M-G-M Technicolor offering on view at the Rio Theatre, Clyde, Sunday, Monday and Tuesday, marks the return of Buster Keaton, famed comedy star of silent films, who proves himself to be as funny as ever in the role of a blundering music store clerk.

Garnished with a flock of old and new song hits, among them the title song, "Meet Me Tonight in Dreamland," "Put Your Arms Around Me, Honey," "Last Night When We Were Young," "I Don't Care" and "Wait 'Til The Sun Shines, Nellie," the story has Judy as an employee in the music store owned by Sakall. Romantic and lonely, she has inserted a newspaper advertisement inviting correspondence with an intelligent young man. Unknown to her, Van Johnson, who has answered the ad, is head clerk in the store and is completely in the dark as to the identity of his feminine correspondent. Judy, at first convinced that she detests the patronizing and cocky Van, changes her mind when she believes him to be on the verge of marrying pretty violinist Marcia Van Dyke. The subsequent unraveling of these romantic complications against a framework of song and hilarious comedy makes for one of the most captivating musicals to be shown here in many a season.

The initial teaming of Miss Garland and Johnson should prove a forerunner to more films starring the popular stars who are ideally cast together, whether it be in a romantic spat or in a melody duet. "Cuddies" Sakall, at the irate music store proprietor, runs away with many of the story's laughs, as does Keaton, with other top-notch supporting performances contributed by Spring Byington as the motherly cashier, Clinton Sundberg as the fellow clerk sympathetic to Van's romantic predicaments, and Marcia Van Dyke as Judy's violin playing rival.

Mrs. George Minter and her daughters, Martha and Sally Ann, of Abilene, spent the past weekend with Mrs. Hugh Ross and attended the rodeo Saturday afternoon.

HEALTH FACTS

Austin — The schools of Texas have been in session for several weeks. The routine screening tests by teachers and nurses, or the physical examinations of the children by physicians have been completed. They are complete so far as the nurse, teacher, or examiner is concerned, but the "follow-up" to correct any abnormal conditions disclosed is yet to be done. To make these screening tests and the follow-up examinations of the greatest value, the needed care for correction of defects should be available. This is the responsibility of the part of each child in order that a maximum of health may be his lot, declared Dr. Geo. W. Cox, State Health Officer.

Health is a cardinal attribute of living. With the best health a child may have, he will do his best work, will have joy in play, and will grow to be the most efficient citizen he is capable of being. The future of our country is in the hands of these children who are now in school. All adults as well as the parents of the school age children should feel the responsibility and privilege of sharing in a sound and safe future for our country by helping to build good health for the children of today.

Through the check made each year in the schools, the gross defects may be learned, and a more detailed examination may be made by the family physician, with treatment for correction of these defects as he finds necessary.

Immunization against the diseases, for which known protection is available, should be given all children unless their physician finds contraindication.

Your physician is your best friend and guardian of your health.

Mrs. W. H. Todd and sons, Davy and Bill, of Anson, spent Friday and Saturday with Mr. and Mrs. Johnny Sparks and Mr. and Mrs. M. D. McElroy.

GAGS, LAUGHS GALORE IN "MY FRIEND IRMA"
 "My Friend Irma," the popular radio show, showing at the Plaza Wednesday and Thursday, November 16 - 17, has been brought to the screen with its delightful characters and superb humor intact, resulting in one of the funniest pictures ever made.

Marie Wilson repeats her radio assignment as Irma, the beautiful but very dumb blonde who is forever getting into the sort of involved scrapes that only a rescue party can repair. This help is merrily provided by her co-stars—John Lund, Diana Lynn, Don DeFore and the new comedy sensations, Dean Martin and Jerry Lewis.

The four leading characters of the radio show also have the leading roles in the film, al-

though Marie Wilson is the only radio performer of the four. Irma's boy friend Al (Lund) is still a small time operator with big ideas; room-mate Jane (Lynn) mothers Irma while looking for a sugar daddy to marry; and Jane's boss (DeFore) has a king-size bankroll and eyes for Jane. The film's plot has Irma working hard to get Al marry her while Jane is torn between her love for her boss' money and a poor but talented singer (Martin). Irma's wacky maneuverings straighten out these affairs of the heart by the time the last laugh rolls around.

Martin and Lefis, who attained screen stardom via nightclubs and radio, are terrific in their movie debut.

"JOHN LOVES MARY" FROM FAMED STAGE HIT

"John Loves Mary," the uproarious romantic farce, that wowed Broadway for a whole year, has been transferred to the screen by Warner Bros. with Ronald Reagan, Jack Carson, Wayne Morris, Edward Arnold, Virginia Field and the new star, Patricia Neal. The Plaza Theatre announces this film opening on Tuesday, November 15.

"John Loves Mary" made history as one of the funniest comedies ever presented on Broadway in a decade. It also played many cities around the country.

Reagan plays John, the hapless hero who is confronted with a romantic obstacle in the person of an English war-bride. Carson plays his none-too-bright buddy, offering the star a chance for some of his broad comedy characterization. Morris plays a somewhat comic heavy here, his first try at mild villany on the screen. Arnold, of the infectious laugh trademark, is a Washington politician in the sprightly comedy.

Patricia Neal, Warner's newest importation from the Broadway stage, makes her film debut in "John Loves Mary." She comes to the screen with an imposing array of Broadway awards for her outstanding performance in the Lillian Hellman drama, "Another Part of the Forest." She was born in Packard, Ky., reared in Nashville, Tenn., educated in Chicago at Northwestern University, and has only been in the professional theatre a little over two years. She is considered one of the most important newcomers to hit Hollywood in years.
