## Chest X-rays Here Nov. 30th

### Is A State Service

As a result of a meeting held in the Municipal Building in Tahoka on Wednesday, a chest x-ray survey has been scheduled for O'Donnell on Nov. 30th from 8:30 a. m. to 5:20 p. m.

Mr. Philip Gass, field representative for the Texas State Department of Health, talked to about 20 citizens, 10 of them from O'Donnell. He said that the survey wants a minimum of 1000 people from 15 years and up in a single day to have their x-rays made. About 4 people per minute can be handled.

He also said that the fact that there were so many interested representatives from O'Donnell was the reason that the unit would be scheduled for our town as well as Tahoka this year.

Dr. Prohl, Tahoka physician, stated that the x-ray is intended for prevention measures in tuberculosis lung infections, lung cancer and certain heart diseases.

He pointed out that in last year's survey in Tahoka two lung tumors were discovered and have been corrected as a result.

Tuberculosis costs the taxpayers from \$7,000 to \$44,000 per patient. Dr. Prohl said, besides endangering others with the disease.

Persons of all races over 15 years of age are qualified to take the x-ray and the person does not have to undress to have the x-ray unit will be announced later. Every effort will be made to make the campaign a success. If this campaign in our town is successful, it will improve our chances of having the unit here each year.

Attention Eyes!!

Homecoming is drawing near. If you know of any eyes living out of town, who would be interested in coming back for the homecoming festivities, please call or contact Fuzzy Moore at Moore's Insurance Harvey Line at Line's Gro., or Pat Swinney at Texas Electric Service Co. Do this immediately so the mailing list can be brought up to date.

## \$75,000 Fire Monday Hits McBride Elevator

### \$125,000 Of Grain Is Partial Loss

#### To Rebuild

A spectacular, raging fire early Monday morning severely damaged the huge O. C. McBride and Sons grain elevator in the north part of town. Damage to the elevator alone was estimated roughly from \$60,000 to \$75,000 by O. C. McBride, jr., local manager of the firm. About \$125,000 in grain was stored in the structure and exact loss is undetermined pending removal of the grain.

#### Alarm At About 6 a. m.

The alarm was given by an unidentified Latin worker driving past who relayed the fact to Shack Blocker, local grocerman, who turned in the alarm at about 6 a. m. When the fire was noticed the blaze was reaching skyward from the housing of the motorlift in the tower of the building. Shortly after arrival of the O'Donnell Fire Department, the flames ate eastward toward the main storage bins resulting in the eventual loss of the upper one third or so of the elevator. The Tahoka Fire Department answered a call for help.

#### Built In 1944 And 1949

The initial tower and a part of the elevator was built in 1944 under the firm name McBride and Swoce later being O. C. McBride and Sons. In 1949 the structure was added to, and only recently a new grain war house, undamaged in the fire, was built.

#### To Rebuild

Mr. McBride said the elevator would be rebuilt. The loss was covered by insurance but a money loss will result from being in part out of the grain business during the harvest.

#### Firm's First Fire

This was the firm's first fire loss here. Mr. McBride praised the fine work of Fire Chief Jones and his men as well as Tahoka department in keeping the loss to a minimum. The department needs a tower device to fight elevator fires but a hook-and-wagon unit as found in cities is out of the City's budget for the time. It was only Saturday that a fire insurance examiner, o.k'd the elevator. The fire probably originated in the motor room of the tower.

#### A Tough Break

The Community wishes the McBrides, both father and son, to know of their sympathy in this loss as this firm is well liked and respected by all of this area.

Mr and Mrs. E. C. Harris of here and Mr and Mrs. D. R. Petty of Brownfield spent week end in San Marcus visiting Mr and Mrs. Richard Bentley.

Mrs. Hazel Vaughn and children of Sonora are visiting in the John Ellis home.

Mrs. Jim Miller of Leuders and Mrs. Boyd McWharther of Magargie visited their nephew, Eddie L. Thompson Sunday.

#### 5th Grade Elects

Officers of 5th grade are: president, Buster Snellgrove, vice president, Jimmy Crouch, secretary, Melba Jo Furlow, reporter, Tom Hoskins, Dennis Jordan, fire chief, Fernando Lopez, floor captain, Chas. Cathey, room captain, New pupils are Nonnie Lee Isbel, Ernest Miller, Janice Winans, Sue Winans, Rena Montez, Rogelio Guerra, and Jimmy Crouch.

#### Tips On Lot Buying

Lot owners or prospective purchasers who plan to build homes should make certain that adequate sewerage facilities can be installed, declared Dr. Henry A. Holle, State Health Officer. Many land buyers are not aware of the fact that public sewerage facilities are not available or would have to be installed at higher cost to owners.

Even if public sewerage facilities are available, there are many cases where a sewer from a private home cannot readily be connected to such lines. Where public facilities are not available, or not accessible owners are required to dispose of sewerage by private methods.

Mr. V. M. Ehlers, Chief of the Bureau of Sanitary Engineering suggests that those thinking of buying a lot contact their local health department to make certain both sewerage and water can be provided on particular lot. This would avoid a great many difficulties on the part of the buyer who fails to consider the matter until the lot has been purchased or the home built.

The size of the lot or its location frequently has little bearing on whether adequate systems can be built. In some cases where private systems are the only means of disposing sewerage, the soil is of a non-absorbent nature and eventually the waste materials will come to the surface or even to the house and create a public health menace.

The Texas State Department of Health has regulations regarding private water and sewerage facilities. In conforming to these regulations the public will be protected from water-borne diseases caused by improper facilities.

#### Plains Club Meets

The Plains 4-H Club met Monday September 29 to organize for the new school year. The following officers were elected: President - Betty Lang, Vice Pres. - Ollie Kingston, Sec.-Treas. - Brenda Martin, Reporter - Bobby Burrus, Council Del. - Susan Davis. In addition to the officers, the following club members were present: Bill Nunnally, Clarence and Tom Crabb, James Telchik, Jerald Kingston, Bobby and Tommy Burrus, Winifred McQueen, Billie McQueen, Pamela Stephens, Arba Smith, Kay Riddle, Martina Ruiz and Glola Martin.

Mr. Sealy, County Agricultural agent, talked with the boys about the projects they will take this year, and Mrs. Hughes, Borden county home demonstration agent, talked with the girls about the demonstrations that will be given.

Mrs. O. G. Smith Jr. was hostess to the Thursday Bridge Club last week. Mrs. Hugh Lott won high prize, Mrs. Ralph Beach won second high and bingo was won by Mrs. Joe Lehman. Others present were madams: Esther Clemage, L. G. Schuessler, Clyde Winans, Wayland Taylor, O. C. McBride and Glen Gibson. Lemon chiffon pie and coffee were served.

Mrs. Sam Singleton will be hostess at the next meeting.

No Total Allotments For Next Year

Word has been received at the Lynn County ACCA office, according to Dee Green, that total allotments will not be established for 1955 crops.

This means that farmers in Lynn county will have allotments for cotton and wheat only.

Other crops such as grain sorghums, oats, barley, rye, etc., will not be affected by allotments and may be planted as desired.

1st Yoakum Bale

Virgil Phipps, former Lynn county citizen now farming six miles west of Denver City, recently ginned the first Yoakum county bale of cotton for 1954, and received a total of \$973.10 for it.

The bale weighed 455 pounds, sold for 41 cents a pound, was given a 5 cents bonus, and Denver City Lions Club raised a \$750.00 premium for the first bale.

Virgil is a brother of Buster Phipps of Wells. His parents are Mr. and Mrs. D. G. Phipps, now of San Antonio.

#### EAGLES DROP GOOD GAME TO NEIGHBORS AT TAHOKA

Friday nite at Tahoka the Bulldogs hit the O'Donnell Eagles 34 to 0 in a non-conference game. The county-seaters marked up a tally in every Quarter getting 7 points in first, 13 in second, and 7 in each of the two second quarters.

The Tahoka reserves played a part of the second half. O'Donnell made 2 first downs to Tahoka's 15.

This Friday is an open date for the Eagles with the local school playing night to Stanton Indians Friday nite week. Stanton is a favorite to win the district flag race.

The Eagles are slowly improving when compared with their opening game with Petersburg. The foundation is being laid for a more successful team later in the season.

Keep cheering the team and watch them go.

#### RESPECTED NEGRO MINISTER DIES HERE

Funeral services were held here recently in the Colored Baptist Church for Sam Wilson, 32, who died as result of advanced age. Burial followed in the O'Donnell Cemetery. Sam moved here in early 1930's from Bryan and was a Baptist minister here. He owned several rent houses in the "Plains" Wilson worked for several of the local white families here and was considered to be one of the local leaders of his race.

Beautiful Indian summer is seen in use of the fastest harvests in history of this area. A more adequate labor supply is seen in the cotton fields stripped of their whiteness. In a roundup of the Monday nite 2825 bales have been ginned by the local gins and estimated 2,000 more bales ginned by neighborhood gins bringing total to near 5,000 for the season.

Considering that the harvest is only two weeks old, the harvesting is unusually rapid and frost near by should see most of the crop in the warehouse. Staple crop good and much of the cotton bringing 23 cents or above. Cotton went down last week to 18c.

Business Reported

Weekend business was very good in every store reporting good to strong business. Many stores were open Sunday morning and some open all day. Weekday business in late evening is also good.

The area crop, although short of normal, is good enough to give a nice fall business.

ALL THE PEOPLE

Dr. Henry A. Holle, State Health Officer in outlining the duties of the Texas State Department of Health said in a statement today that public health programs are designed to benefit all the people.

Holle said, "The Texas State Health Department carries on an educational program informing the public as to how they can secure protection by vaccination against smallpox, typhoid fever, and immunization against diphtheria, whooping cough and tetanus; by investigating sources of disease outbreaks; by isolating those ill with communicable diseases; inspection of water supplies; advocating the production and use of safe milk to prevent the occurrence of milk borne diseases and many other services to the public."

Dr. Holle said that in spite of preventive measures, people will become ill and accidents will happen. In general, the cure of sickness in the individual and the repair of accidents fall within the scope of the private practitioner of medicine and surgery. "Of course," he said, "the private practitioner of medicine is also engaged in protected against those diseases for which there is a known preventive."

Mr and Mrs. Ross Stark returned home Monday after visiting in Bedford and Long Beach, Calif.

Mrs. Lennis Hukel and girls of Mrs. C. O. Walker last week.

New Club Explained

One of the newest clubs in town is that of the ROADRUNNERS. This is an automobile club and in the last few years these clubs have been formed in many towns and cities of the nation. The broad purpose of these clubs is to sponsor and to encourage safe driving and enjoy the sport of driving.

The minimum age to join is 16 and prospective members must have a drivers license. Members must have a car or a car in the family which can be used. The board of trustees is a group of three men over 21 years of age.

Officers Listed

The club currently numbers 29 members and Herman Lawhon is president as well as a trustee. Jesse Barnett is vice president, Billy Livingston is secretary, Carl Jones is treasurer and Ray Johnson is Sgt. at Arms. Bud Autry and Souny Gunn are the other two trustees.

The local chapter plans to seek a quarter mile track between here and Tahoka for driving skills. The track will be straight to prevent accidents. 18 other area towns have these clubs including Tahoka. Mayor Hush of here and Mayor Edwards of Tahoka are working with the two clubs to secure a track.

**VA Quiz**

Q - A veteran friend of mine wants to pay his GI insurance premium when it was due and the die during the 30-day grace period. Will his beneficiaries receive his insurance proceeds, or are they out of luck?

A - Inasmuch as the grace period had not expired, his beneficiaries will receive the insurance proceeds during the 30-day period.

Q - I enrolled in a two-year business course under the Korean GI Bill. I understand I am entitled to 30 days' adscences a year. If I don't use all my adscences the first year, can I carry over the rest to use in the second year?

A - No. Unused adscences may not be carried over from one year to the next. During your second year you will be allowed no more than 30 days' adscences - regardless of how many days you used up your first year.

Q - I bought a house with a GI loan. Recently my house was completely gutted by fire. Would it be possible to have my GI loan rights restored, so that I can buy another house?

A - Yes. It is possible, under the law, to restore your GI loan rights. However, VA must be free from liability on the original loan. Your nearest VA office can provide you with all the details.

Q - I have just been separated from service, and I intend to apply for Korean GI term insurance. What's my deadline?

You must apply, and pay your first premium, within 120 days after the date of your separation. Remember, 120 days is not always a calendar month, so be sure to apply within the 120-day period.

# Gulf announces a completely new and different gasoline!

► Now—Gulf refines out the "dirty-burning tail-end" of gasoline—the No. 1 trouble-maker in high-compression engines. Result: a cleaner-burning super-fuel that gives you thousands of extra miles of full engine power... free from knock or pre-ignition.

This lamp is burning the "DIRTY-BURNING TAIL-END" of gasoline which GULF refines out

This lamp is burning NEW SUPER-REFINED GULF NO-NOX cleaner-burning super-fuel

**Proof:** Instead of trying to fight carbon knocking deposits with so-called "miracle-additive" inside your engine—Gulf believes in preventing them from forming in the first place. That's why Gulf, in making new Super-refined NO-NOX, refines out the carbon-forming, "dirty-burning tail-end" from a cupful in every gallon. Look at the plates the Gulf scientist is holding in the unretouched photo above and see what a difference Gulf super refining makes!

Starting with your first tankful, this new, super-refined, super-powered fuel will give you these immediate and lasting benefits:

- More complete engine protection than so-called "miracle-additive" gasolines. See laboratory test proof at left.
- Extra gas mileage in the kind of short-trip, stop-and-go driving motorists do most.
- No knock, no pre-ignition. Because the anti-knock power of new Gulf NO-NOX has been stepped up to an all-time high.
- Stall-proof smoothness—no more worries about carburetor icing in chilly weather, or vapor lock on warm days. Instant starts, too—and fast, fuel-saving warm-up.

That's why new Super-Refined Gulf NO-NOX gives your engine more power-with-protection than you've ever known. See proof below...

Road tests show: New Gulf No-Nox actually makes cars perform better than new... even after 10,000 miles!  
 Under all conditions—Gulf test cars showed: Higher-than-new horsepower! Better-than-new on gasoline mileage! And not a single trace of carbon knock or pre-ignition at any time.

COMPLETELY NEW! SUPER-REFINED

Card of Thanks

We wish to take this means of  
thanking our friends and neighbors  
for your kindness and for the  
flowers sent after Mr. Evans' acci-  
dent and during the time he was in  
the hospital.

Mr and Mrs. L. D. Evans and  
family.

Card of Thanks

I wish to take this means of  
thanking my many friends for the  
cards and flowers and other thought-  
ful deeds during my illness. A  
million thanks.

Mrs. Cletus Cox

Rheumatic heart disease is now  
the first cause of death among chil-  
dren aged ten to fourteen, and is  
second only to tuberculosis at ages  
15 to 25. Despite the importance of  
this disease its cause and spread  
is not completely established. No  
vaccine such as those that prevent  
typhoid fever, diphtheria, smallpox  
and whooping cough has yet been  
developed for its prevention and  
control. We do know, however,  
some of the danger signals and  
with the physician's accurate diag-  
nosis some of the damaging results  
of the disease may be prevented.
