Your truck dollars are worth a whole lot more at your Chevrolet dealer's right now! First off, you get a head start on saving because summer's the saving season. Then, with a harder working, easier riding Chevy truck, you're set to save every mile you haul. And, finally, at trade-in time, you can expect an extra dividend because of Chevy's traditionally higher resale value. What could be better?

Fleetside Pickup and Series 60 with high rack

Summer's the season to get extra mileage from your dollars on the trucks built to give you extra miles of hauling. With Independent Front Suspension, Chevrolet trucks keep going thousands of miles longer because far less destructive jar and shake are transmitted through the truck. Chevy I.F.S. trucks work harder, too, in areas where other trucks have to be pampered. And, with Chevy's wide choice of thrifty 6 and hardy V8 power, you can tailor your truck exactly to your job. So how can you miss-especially now during the summer saving season?

To A Man's Taste!

This Little Leaguer believes in that old saying "If a little is good lot is better." He loves to douse barbecued meat in sauce . . . it's a lot is better." He loves to douse barbecued meat in sauce sharp, salty, and hot . . . to a man's taste. Easy and inexpe make and to can. Can it you should, because it also does so very special for baked, broiled and boiled meats.

Better go slow on salt and the peppers when you make your first batch. Try 2 peppers and 1 tablespoon salt which should be about right for the Little Leaguer's hamburgers. Taste dip just before ready to remove from heat, then you can add more salt or pepper to make it exactly right for your taste. If it is more pepper you want, use ground cayenne. We like our barbecue dip fairly thin but if you prefer it ketchup-thick, all you need do is "boil'er down."

Barbecue Dip

18 large red ripe tomatoes
4 hot red peppers
2 large Bermuda (white and mild) onions
2 teaspoons whole alispice
1 stick cinnamon

2 cloves garlic
2 teaspoons ground ginger
2 teaspoons ground mustard
2 tablespoons salt
3 tablespoons sugar
2 cups vinegar

Wash, drain, core and chop tomatoes. Slowly cook tomatoes 15 or 20 minutes. Remove-seed from peppers. Chop peppers and onions. Drain off free liquid from tomatoes to save cooking time. Add peppers and onions to tomatoes and cook until onions are mushy. Put vegetables through sieve. Tie whole spices and garlic in piece of cheese-cloth. Combine all ingredients and cook until as thick as wanted. Discard spice bag. Pour boiling hot dip into pint or half pint fruit jars. Put lid on jar; screw band tight.
