

Father Accidently Backs Harrow, Tractor Over Son

Glynn Glover, 12-year-old Clyde sixth grader, was severely injured about 4 p.m. Sunday, when his father accidentally backed a harrow and then the tractor pulling it over the youngster. The accident occurred on the family farm near Clyde.

He is in a fair condition at St. Ann Hospital in Abilene, where his mother, Mrs. T. M. Glover, said he is under treatment for three broken ribs, a puncture on his left side and left leg and numerous other lacerations. His head was to be X-rayed Monday morning to determine further extent of the injuries, his mother said.

Mrs. Glover said her son, after he was ordered off the tractor by his father, tripped in the rear of the harrow, and his father accidentally backed the farm implement over him. The youngster was also run over by the right rear tractor wheel, she said.

Mrs. Glover said doctors at St. Ann told her that if Glynn, who weighs 130 pounds, hadn't been "as fat as he is" the injuries might have been fatal.

The lad was helping his father, an employee of Western Cotton-oil in Abilene, when he was hurt, Mrs. Glover said.

The Glover family reside near Oplin. Glynn is a sixth grade student in Clyde School.

Girl Scouts Help At TB Headquarters

There is a hum of activity at TB Headquarters this week as the local Girl Scouts offer their assistance at "stuffing" the Seal Sale letters.

With the assembly line method they have worked up, they will soon make short work of the "stuffing," and the letters will be ready in plenty of time to go into the mail on November 16.

Proceeds from the sale of Christmas Seals, which will be delivered to county residents on Nov. 16, will be used to finance tuberculosis prevention and control programs conducted by the Callahan County Tuberculosis Association in this area.

This year the Association plans an extensive educational program throughout the county, in addition to the free X-rays and the tuberculin patch tests for all school children in the county.

Kenneth Lamb of Killeen visited friends and relatives here last weekend. He also attended the Halloween Carnival at the school.

Mrs. C. E. Brandon attended the funeral of her uncle in Austin on Monday.

SWEET 'N SOUR

By A. DILL

Here it is November and we could tell you that it is exactly fifty days until Christmas but that might give you a nice case of the jitters when you begin thinking of all the things you need to do and wondering where you'll find the time to do them. Christmas comes early at our house, how is it at yours? We folded away the Halloween decorations Sunday and Monday morning there was a garland of shiny Christmas tree balls swinging in the doorway. I'm thoroughly convinced that by Thanksgiving we will have made at least two trips to Spring Gap for cedar trees.

This is it, the day of the football classic of the year, the Baird-Clyde game which will be played this year at Clyde. This is a grudge game of long standing and one which either team would rather win than all the others rolled into one. So here's hoping our Bears bring home a victory Friday night.

Did you see the Capehart Television Show last week? Then you know that the guest performer was Vicki Finley who did a Majorette Tap dance in costume and was cute as a button. Vicki is the pretty little daughter of Earlene and Gene Finley and her bright eyes and cloud of curls is just as photogenic on television as in real life.

Folks are talking about the fine performance the "Carnival clowns" turned in at the coronation of the school Queen last Saturday. They added a great deal to the program.

Mrs. Clyde White, Senior class sponsor, who planned and managed the Halloween program is to be congratulated on a fine piece of work. The gym where the show was held was decorated beautifully and the entertainment was excellent.

We send Best Wishes to Mrs. Matson who is recovering from major surgery this week. Hope this finds her much improved and that she will be up and around soon.

Congratulations to the Higgins twins, Tommy and Johnny, who are celebrating a birthday this week. The youngsters were nine years old Thursday.

This is the time when Chrysanthemums and berry laden bushes brighten autumn yards. The berries at the Keefe Rowland home are particularly pretty and the ones at Fieta Johnson's are well worth stopping by to see.

Couldn't sign off without one last word to tell Mrs. Glenn Green how much everyone enjoyed her Nursery School kiddies part on the Halloween program last week. The little ones just about stole the show.

Student Activities Conference At ACC

Principles and techniques of speech and news reporting and editing will be emphasized Saturday (Nov. 7) for an estimated 350 West Texas high school speech and journalism students in clinics on the Abilene Christian College campus.

The event is the annual Student Activities Conference, sponsored jointly by the University Interscholastic League of Austin, Texas and ACC. Invitations have been mailed to the 184 schools in the Interscholastic League region which extends over a wide area of West Texas.

The clinics will begin simultaneously at 9:15 a.m. and will end by 12:30 p.m. Speech students will assemble in Sewell Auditorium for a general assembly and then break up for three separate sections — debate, declamation and extemporaneous speaking, and drama.

The young journalists will hear a keynote address and then settle down to a series of speeches chronologically tracing the news process from getting the facts to making up the paper. Three workshop sessions will conclude the program.

Speakers and consultants for the speech clinic include Don Williams, University of Texas debate director; Bruce Roach, UIL speech director; Bill Clark, acting head of the Department of Speech at McMurry College; and Mrs. Lucy Haynes of Merkel High School.

On the journalism program are William J. Harding, UIL journalism director; his assistant, Miss Joyce Jackson; Dick Tarpley, news editor of The Abilene Reporter-News; Eugene Schooley, journalism professor at Hardin-Simmons University; and Preston Clark, Jr., assistant professor of journalism at McMurry College.

Callahan County T.S.T.A. Unit Meets

The Callahan County Unit of T.S.T.A. met in the Baird Cafeteria October 26, 1953. The meeting was presided over by Mr. Perkins. After the minutes were read and approved, a treasurer's report was given. A motion was made by Mr. Shrader that Mr. Rowland and Mr. Bailey Johnson be reimbursed for their trip to Austin. The balance on hand was \$175.40. Some phone calls remained unpaid, however. During the business session, Mr. Whitton of Cross Plains, was elected as President for 1953-54. Mr. Shrader of Baird, was elected 1st Vice-President; Mrs. Jewel Swanzy of Clyde, 2nd Vice-President; Mrs. Hubert Ross of Baird, 3rd Vice-President; Mr. L. C. Cash, Secretary and Mr. Loving of Cross Plains treasurer.

During the latter part of the meeting Mr. Whitton presided, and Baird was selected for the next meeting place, the time early in December. A speaker is to be selected and a banquet served at that time, using part of the cash on hand for these items.

The new teachers were introduced by their Superintendents. The numbers from from each school district attending were:

Clyde 12
Putnam 3
Baird 12
Cross Plains 24

FFA Contests Set At Clyde Meeting

Ten of 12 schools were represented at the Abilene District Vocational Agriculture Teachers meeting in Clyde Wednesday night, as the district leadership contest and banquet dates were set.

Held in connection with the teachers meeting was the district Future Farmers of America meeting.

The district leadership contest date was set for Nov. 21 at Wylie. Contests will include junior and senior chapter conducting, junior and senior farm skills, green hand quiz contest, and radio program contest.

Baird Man Leads Area Breeders At Show

W. C. Edwards, Baird, made the best showing of area Rabbit raisers in the 39th annual National Convention and Rabbit Show at Amarillo this week, with his animals winning first in the junior gold Dutch buck class and tenth in the chocolate senior doe class.

The Tornado Ranch, Abilene, made a creditable showing, its rabbits placing second in the junior gold Dutch buck class, third in the senior gold doe class and the junior tortoise buck class, and seventh and tenth in the junior and senior steel Dutch doe classes.

J. D. Sprayberry, Stamford, had a rabbit at the top of the AOC Sr. Buck class.

About 1,000 breeders from all over the United States and Canada attended the event. Approximately 2,400 rabbits were entered in the senior divisions with 4-H and FFA boys entering about 400 additional animals.

The champion rabbit at the show weighed 10 lbs. and brought \$600 or \$60 per lb. A champion pen of three fryers at last year's show at Houston brought \$800.

Over \$2,000 in prizes and 300 trophies were awarded owners with winning rabbits.

Wilson urges FFA and 4-H boys and girls to breed rabbits this month and next for the show next March. "We will be glad to help FFA or 4-H boys and girls in any way we can," he states. "We want to help them solve their problems."

Callahan County To Get New FM Road

A Farm to Market Road is designated extending from U. S. Highway 80 at Clyde, northwest, a distance of approximately 4.0 miles, subject to the availability of funds and the condition that Callahan County will furnish all required right of way free of cost to the State. Upon acceptance of these conditions, the State Highway Engineer is directed to proceed with construction and to assume the road for maintenance.

Mr. and Mrs. Punk Thornton of Cisco, visited Mr. and Mrs. J. T. Lawrence last Friday. They attended the Masonic Home - Baird football game. Mr. Thornton was raised in the Masonic Home.

NOTICE!

All business houses in Baird will be closed all day Wednesday, November 11, in observance of Armistice Day. So shoppers are asked to shop early to avoid any inconvenience.

Annual Grudge Battle Tonight

The Baird Bears invade Bulldog Field tonight to challenge the Clyde Bulldogs in a 13-B football classic. The two teams are arch rivals and should show much enthusiasm in this contest.

A win by the Bears would throw the 13-B district into a tie between Baird and Gorman so the Bears will be going all out for victory. On the other hand the Bulldogs, who would gain nothing as far as the championship is concerned, would like nothing better than to defeat the Bears, and even up for the defeat that they had last year at the hand of Baird.

The excitement will begin at 7:30 p.m. and everyone is invited to be there and boost your favorite team to victory.

Fathers Of Scout Age Boys Asked To Meet

Letters have been received by the fathers of some 25 boys, who have expressed a desire to be a member of a Boy Scout Troop, asking that they meet at the Elementary School Cafeteria on Tuesday night, November 17.

This meeting is for the purpose of trying to complete plans to organize a Scout Troop in Baird, and all parents of boys of Scout age are urged to attend.

Meeting To Continue Through Sunday

The meeting at the local Church of Christ is to continue through Sunday Nov. 8. Bro. Merle King is preaching and the song service is under the direction of Bro. John Towler and Bro. Gilmer Hughes.

Services will begin each evening at 7 p.m. with the expectation of Friday, Nov. 6 when they will start at 6 p.m.

The public is cordially invited to attend the remaining part of the meeting.

Lions Club Hears Girl Singers

Baird Lions Club was well entertained last Monday night by a girl's trio of singers from Abilene Christian College. These beautiful and talented young ladies were introduced by Max Wheeler of ACC. The trio substituted for a male quartet, which due to illness of one member, was unable to be present. However, club members were very enthusiastic in their applause and the program was well received.

Next Monday's program will be Dr. Evan's of McMurry College, who will deliver a patriotic address. This address should be of special interest, due to the fact that Dr. Evans has published a book on "Activities of Communists in the United States."

Carlton Jones Advanced In Scouts

In a very colorful Indian ceremony around a council fire, Carlton Jones, son of Mr. and Mrs. Curtis Jones was awarded his Bobcat Badge. The award was made by Akela, Indian Chief, and was very impressive. This was at the last regular pack meeting on Monday night, Oct. 26th.

It was more impressive by the fact that no one ever sees Chief Akela come or go.

Those attending were Mr. and Mrs. Frank Windham and Frank, Jr., Mr. Frank Gardiner and Larry, Mrs. H. W. Martin and Robert, Mrs. Preston Ault and Ronald, Mrs. Juanita Danielson and Richard, Hazel Reynolds and Wayne Reynolds, Mr. and Mrs. Curtis Jones and Carlton, Mrs. D. A. Abernathy and Lee, Bill Walls and David, all of Baird and R. L. Hurst of Abilene.

Grand Jury Returns Five Indictments

Five indictments were returned by the Grand Jury meeting in Baird Monday, Nov. 2. Trial was set for Nov. 16.

Three indictments were returned against Harvey J. Wilson, for burglary, for robbery and felony theft; against Loyd Ross Slaughter for driving while intoxicated. 2nd offense, and against Bill Baber for burglary and theft.

Baird - Clyde Game Broadcast

The football game Friday night between the Baird Bears and the Clyde Bulldogs will be broadcast over Radio Station KRBC, Abilene.

Bill Fox, regular KRBC sportscaster, will be the play-by-play announcer.

The broadcast will start at 7:20 p.m. ten minutes before game time.

Cub Scouts To Have Pet Show

Cub Scout Pack No. 24 of Baird is making plans to have a Pet Show and a Harvest Fair on Thursday night Nov. 19th at the American Legion Hut. This project will be on the order of a County Fair and will feature pets of boys and girls of Baird.

There will be no entrance fee and each child may enter his or her favorite pet. Appropriate prizes will be awarded in several different classes of pets.

Several boys will be awarded badges of advancement at this program. There will be no admission charged and all people of Baird who are interested in the training of these boys in scout work are urged to make plans to attend.

1953 Christmas Seal Previewed

"As warmly personal as the children singing carols at your door, the 1953 Christmas Seal, symbol of the fight against Tuberculosis, will bring Christmas into every home in the community," Mrs. C. H. Siadous, Christmas Seal Sale chairman of the Callahan County Tuberculosis Association, said today.

In a preview of this year's seal at tuberculosis association headquarters, she recalled the 1500-year-old tradition of singing associated with the Christmas season.

The carol singers, or "waits," as they are called in England, come to your door, bundled against the cold in overcoats, knitted mufflers, and caps "bringing Christmas." Almost literally, Mrs. Siadous said, this year's Christmas Seal does the same thing.

Featuring the joyful face of a singing child, wearing red mittens and an old-fashioned green stocking-cap and muffler, and holding an open book of carols the 1953 Christmas Seal will be delivered by mail to homes of county residents on Nov. 16. The Christmas Seal Sale, conducted by the Callahan County Tuberculosis Association to raise funds for its 1954 tuberculosis control program, will continue through December.

The artist who designed the 1953 Seal, Elmer Jacobs of Chicago, sought to capture in the child's upturned face "the faith, purity, love and all the things that should be foremost in our thoughts, particularly during the holiday season."

"For me, Mrs. Siadous said, "it brings to mind the words of a familiar carol:

"We are not sturdy beggars who go from door to door.

But we are neighbors' children whom you have seen before."

She added, "The singing child on the Christmas Seal is also no stranger but, like the Christmas Seal itself, is a symbol of hope to millions of Americans. The Christmas Seal represents our faith in a full, happy, healthy future for our children.

The fact that tuberculosis today kills more people than all other infectious diseases, becomes all the more tragic when it is realized that TB can be cured and can be prevented. By buying Christmas Seals we can all share in this great task of protecting ourselves and our children and our neighbors' children from this unnecessary disease."

Bears Upset Masonic Home

The Underdog Baird Bears upset the Masonic Home Mighty Mites of Ft. Worth by a score of 13-12 last Friday night in the Bears Den. The 11-B Mighty Mites have been defeated only one time this year while Baird has dropped one and battled to a tie in another.

The Bears drew first blood midway of the first period when Quarterback Paul Jones tossed to Right End Robert Corn for 11 yards and a tally. The point after touchdown was added by Tackle Kyle Meadows and the Bears took the lead 7-0.

The Mites came right back to tally when Halfback J. Loyd plunged over from the 1 foot line after a brilliant goal line stand by the Bears forward wall. Loyd's kick was no good and the Bears held a 1 point lead at the half.

The two teams battled up and down the gridiron during the third period and most of the last quarter but neither was able to muster enough drive to score.

Late in the fourth period Halfback John Bullock of the Bears dashed 60 yards to set up the Bears final tally on the three yard marker. Fullback George Jones slashed the center of the Masonic Home forward wall for the remaining three yards. The first attempt for the extra point was good but the Bears were guilty of offensive holding and were assessed a 15 yard penalty. The second attempt by Meadows was off to the right and no good.

The lead seemed sufficient for the Baird fans but they had not reckoned with the Mites. The Ft. Worth team came fighting back to score in the last few seconds. The Bears line again made a gallant stand but to no avail when J. Loyd again boiled over from the 2 foot line. The chance for a tie was spoiled when Loyd's try for the point after touchdown was wide to the right.

The outstanding players for the Mites were J. Evans, J. Loyd, J. Bowlin, and Marion Hicks while John Bullock, George Jones, Robert Corn, and Bill Gorman shared the honors for the Bears.

The crowd was entertained at half-time by the Baird High School Band which presented the Sweetheart of the Bear Football team, Miss Virgie Stevenson, a popular Baird High Junior. After the presentation the Band performed a beautifully executed bit of precision marching.

Kay Johnson Weds Johnny Parrott

Mary Katherine Johnson became the bride of John Thomas Parrott Friday Oct. 23 at Throckmorton.

The bride is the daughter of Mr. and Mrs. Eulys Pat Johnson of Oplin and the groom is the son of Mr. and Mrs. G. Parrott of Throckmorton. Both are members of Pioneer families.

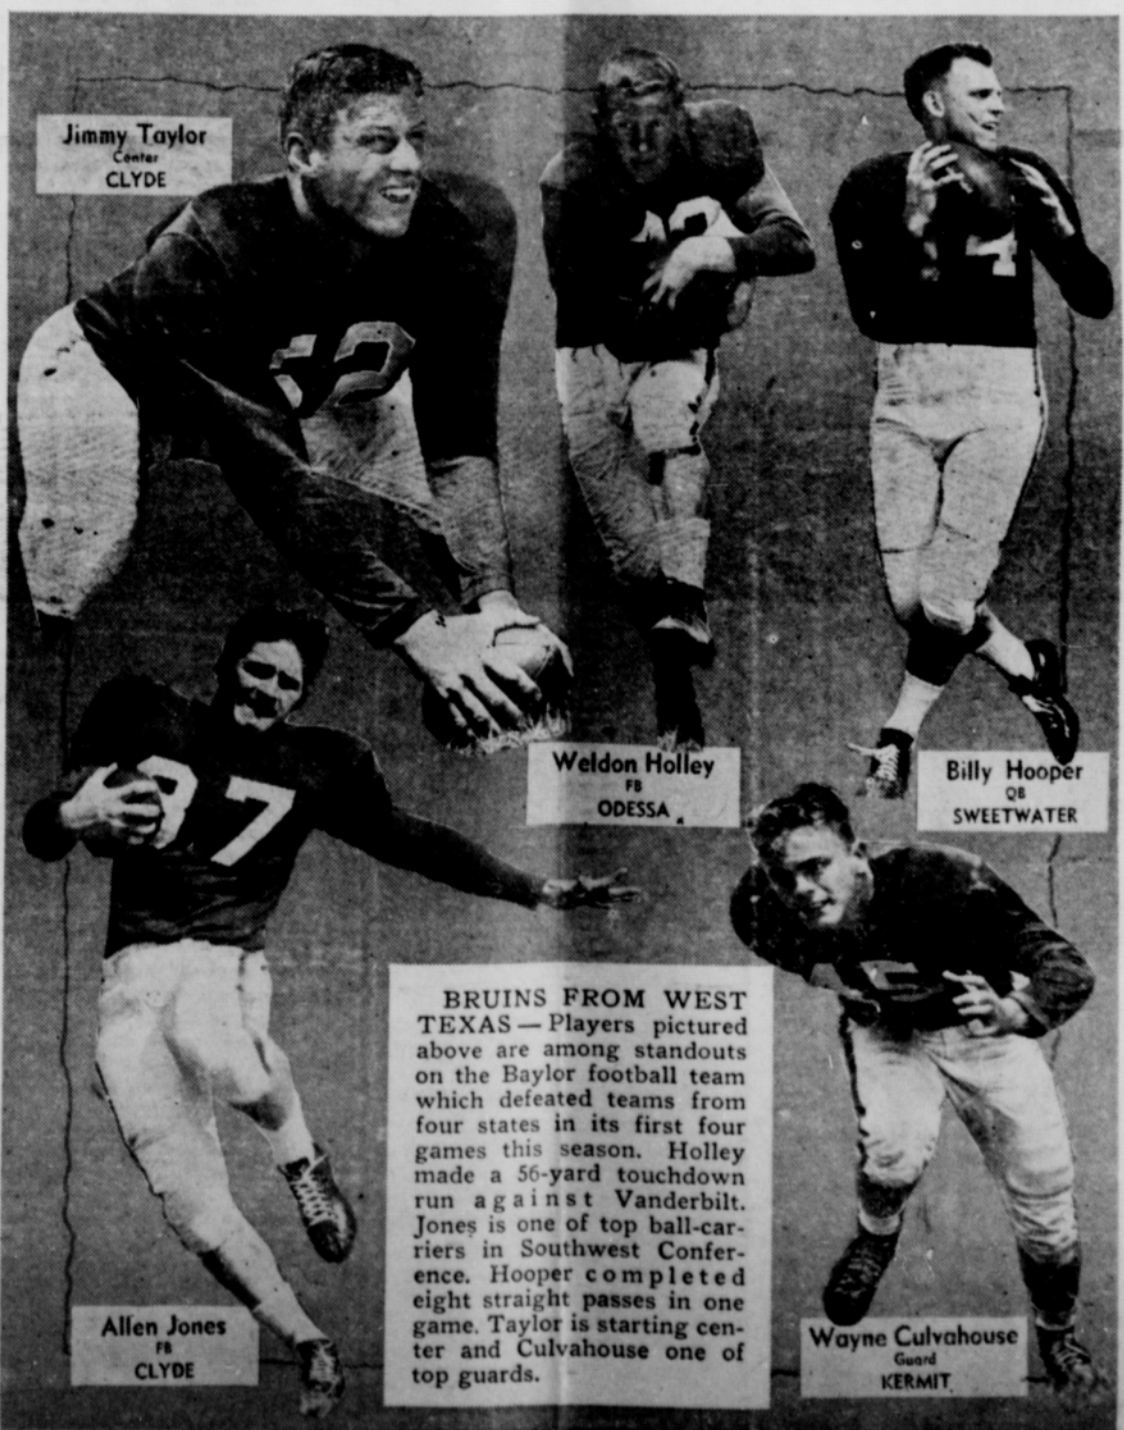

Mr. and Mrs. Walter Cypert were attendants at the double ring ceremony. The bride wore a two-piece off-white faille dress trimmed with pearls and rhinestones and accessories of brown.

The bridegroom is a graduate of Throckmorton High School and the bride is a graduate of Oplin High School and received her B. S. Degree from Hardin-Simmons University in June. While there she was one of the riders of the six white horses with the band, belonged to several clubs and was social chairman of her dormitory.

After a wedding trip to points of interest in Texas the couple are at home in Throckmorton.

Mrs. John McClendon is visiting her daughter and family, Mr. and Mrs. Bates Baugh in Coleman this week.

WEST TEXANS ★ IN KEY ROLES ★ FOR BAYLOR BEARS

BRUINS FROM WEST TEXAS — Players pictured above are among standouts on the Baylor football team which defeated teams from four states in its first four games this season. Holley made a 56-yard touchdown run against Vanderbilt. Jones is one of top ball-carriers in Southwest Conference. Hooper completed eight straight passes in one game. Taylor is starting center and Culvahouse one of top guards.

Oplin Observations

By Mrs. Daphne Floyd
Odds and Ends Opportunity Offered in Open Order

We are still having moist, cool weather, and did you see a faint track of Jack Frost last Tuesday morning.

School festivities have been at their highest the past week. The children were a week early with their Halloween Carnival at Novice. Oplin was well represented too as Kathleen Beaver was crowned queen and her younger sister, Maurine was chosen FFA Sweetheart.

Last weekend Novice High School held its annual Homecoming. The homecoming got in full swing last Friday night with a football game. Again we saw Kathleen Beaver in the spotlight when she was chosen Sweetheart of the football team.

It may be a little early but Tommie Windham did his Fall branding last week.

Have you noticed that antenna at Red Pierce's? Guess that must be my cue to stop and see what brand of TV they have selected.

Mrs. Tommie Windham attended the Homecoming at Novice last Saturday.

Visiting Mr. and Mrs. John Jordan last Friday was his brother, Bill Jordan of Lampasas.

Mr. and Mrs. Rob Roberson and daughter, Vi Doris of Baird, visited Mr. and Mrs. Selmon Correll.

Mrs. Ida Lee Johnson was a visitor at the Baptist Church last Sunday.

Jeanelle and Deanna Wilkerson of Coleman were also visitors at the Baptist Church.

Mr. and Mrs. Alvin Harris and family of South Carolina stopped by last weekend for a short visit with Mr. and Mrs. A. D. McWhorter. The Harris couple were former residents of Oplin and were enroute to Washington, trailer house and all.

Mother Straley has gone back to Scott and White Clinic for further treatment. She is now visiting in the home of her daughter, Myrtle Davis of Lampasas, who is reported to be ill with typhoid fever.

Mr. and Mrs. Ernest Hill of Baird and Mrs. E. J. Wasson and Judy of Coleman spent Sunday with Mr. and Mrs. Andrew Johnson to help him celebrate his birthday. Ray and Leslie Reed of Abilene came by late in the afternoon.

Mr. and Mrs. Martin Leonard of San Francisco, Calif. recently visited with Mr. and Mrs. Andrew Johnson and they also visited in Coleman, Baird and Abilene. They were enroute home from a trip to Florida.

Reminiscing With Sidney Harville

In my life I have reached the summit, and now I am going down the hill. But life has really been a pleasure because it has been a good Lord's will. Our children all have Christian homes for they never knew no other for they were cared for in their childhood by a loving Christian mother. I have made a lot of friends through all these many years. I have shared their fun and laughter, their sorrow and their tears. And now in meditation sometimes I wonder what there are in my future life, after I have finished what we call the job in this world of toil and strife. What little wealth I may have gained will mine no longer be. The only thing I will have left is the life I have lived. It will still belong to me.

Hello. Here it is Monday again. Such a pretty day guess cotton pulling will get started again. Didn't get much done last week in the way of cotton pulling, was rainy and bad so much of the past week. We had five hands pulling today besides Jim.

We had company for lunch yesterday. Bro. Chandler and wife and little daughter, Karen. Also Emmitt and Fay Wood from Cisco. Fay, Emmitt and myself went to Abilene yesterday to see Mrs. Mary Ramsey. She hasn't been feeling so well the past week, but glad to say she is feeling better now. Maybe won't be too long till she can come home.

Ollie and Retha Burnam went to Abilene yesterday afternoon to see Mrs. Ramsey.

Had a letter from Roma and John today. She said it was dry in St. Louis. They will be coming down in about six weeks. Think they are getting anxious to come and we are getting anxious for them to come too.

Jim went to auction sales three days last week. He bought two cows. Guess his time wasn't completely wasted. Anyway, guess he enjoyed going. Sales seem to be the past-time for most of the men now days.

We are sorry to hear Mr. Marvin Weed was in the hospital and supposed to have surgery today or Tuesday. Mr. Weed, we wish you the best of luck and a speedy recovery and that you are soon up and about again.

Jim and I went to the Halloween Carnival and play in Putnam last Thursday night. Play was real good. We left soon after the play. I know the youngsters had a good time, at least seems like they were from the noise they were having a good time.

Mr. and Mrs. Leonard Alvey are redecorating their house throughout. They have a lovely white brick ranch home. Am sure it will be real pretty when they get it all done inside again.

Mrs. Fred Cook won a big coconut cake at the Carnival for guessing the closest to how many peas were in a jar. Think she guessed within a very few peas to the right number. Anyway I know the cake was a lovely cake for Mrs. Dovie Pruet baked it and she is noted for her good cakes.

No news this week, so guess it is time to say so long till another time. Hope to have a lot of news next time.

HALLOWEEN PARTY GIVEN FOR HIGH SCHOOL

Misses Nettie Lu Donaway, Vernetta Davis and Jo Veri Everett, were hostesses for a Halloween party given on Saturday, Halloween night, at the home of Mr. and Mrs. Vernon Donaway. Games were played and then refreshments were served to sixteen high school students and nine grown people.

The Halloween theme was carried out with black and orange decorations.

After refreshments were served the party soon broke up, with all the young people leaving to go to the midnight show.

The boys and girls in the first and second grade room want to thank all who helped our room during the Halloween Carnival.

Billy Wagley's aunt who is visiting here from Calif. won the parakeet. She gave it to Billy. He named it Lucky Pat.

The second grade children have just finished a unit on health. We made health booklets.

Mrs. Glen Burnam, Mrs. Faulkner and Mrs. Donaway surprised our class by giving a nice Halloween party to the group Friday afternoon. We thank them for the favors and lovely refreshments.

Scout News

The scouts are fortunate to have as their leader, Mr. P. L. Butler.

Mr. Butler has considered the leadership carefully and has decided he will again be able to continue in scout work.

Those attending regular meeting Monday night were Billy Hedrick, Bill Boatman, Jack Francisco, John Doyle and James Isenhower, Dan Reed, Carol Taylor and Scout Master, P. L. Butler.

Mr. and Mrs. Will Morrison visited with Mrs. Lulu Dixon, Monday morning. They were returning to their home in Munster, after vacationing in West Texas.

Mr. and Mrs. Will Everett drove to Abilene to visit Mrs. Mary Ramsey, Sunday. They also visited Mr. and Mrs. Crayton Sandlin while there. Guests of Mr. and Mrs. Everett, Sunday, were Mr. and Mrs. Bill Everett, Mr. and Mrs. Jack Everett and daughters, Alice and Dianne.

Mr. and Mrs. Robert Young of Moran visited Sunday evening in the home of his sister, Mrs. Earlie Hurst. Mrs. Hurst was a business visitor in Baird this week.

Hobby Show

Everyone usually has a hobby. What is yours? Why not bring it to the school building, Monday November 9. Perhaps by showing your hobby, you may start someone else collecting something useful, at the same time, bringing a new interest into his or her life.

Mrs. McElroy is to speak and will bring you an interesting talk concerning hobbies.

The Woman's Study Club and the Lone Star Club are making the hobby show of arts and crafts possible.

The public is invited to attend, and the time is 3:00 o'clock.

CHURCH NEWS

The Putnam Baptist Church will hold a Stewardship Study beginning November 9, Monday night, 7:15 to 8:30 continuing every evening through Friday. The usual Wednesday night prayer service will be combined with the Stewardship Study. An endeavor is being made to enlist every church member and any visitors who wish to attend will be welcome. There will be a place for every age group with the following books being taught:

Found Faithful for the adults; Partners With God for the young people and The Talking Penny for children under twelve years of age.

Forgive! A judging, condemning, unforgiving spirit is not merely a fault - it is a sin.

Forgive! How many of us have even a desire to forget an unkindness?

Forgive! Unforgiveness and revenge are the weak pleasures of little and narrow minds.

Forgive! An unforgiving person is little more than a row of hooks upon which to hang grudges.

Forgiveness is Christianity in Action.

Putnam School News

The spooks and witches were out Thursday and Saturday nights here. If you'd looked close you would have seen a few skeletons dancing in the dark. The Halloween Carnival was a great success. Mr. Perkins reports over \$175 was made Thursday night. Thanks a lot folks.

It seemed some little goblins were loose in town with a bar or two of soap. There were very few car and store windows to escape the work of the true Halloween artist. These pranks were taken good naturedly by everyone - but it is quite a bit of work involved in getting some of the soap off of the windows.

Mr. Perkins was lucky enough to catch a few pranksters in the act of painting his windows. They returned the next day to remove the soap swirls. Others who were not so lucky laughingly did the removing job themselves.

Say kids, sort-of between us goblins, why not get a soap that is easier to remove - and - as a deed of courtesy, don't put on quite as much. Remember that some soaps have a detergent formula that eats certain materials as car paint and will leave a permanent ugly mark, whereas it is destructive to say the least of it being a constant reminder that a few minutes of forethought could have prevented.

Several boys volunteered to remove the soap from the windows and were having as much fun removing it as the ones had putting it on.

Certain girls here hope Baird wins their football game.

The Junior Class of Putnam and the Lone Star Study Club takes pleasure in thanking those who helped make the sale of the picture a success.

We especially appreciate the cooperation of the Baird and Cisco people for their part in this sale.

Mrs. Roland Nichols, teacher in the Putnam School won the picture.

PRESERVING FREEDOM From Phoenix (Ariz.) Cattlelog

A young man who was feeding cattle in Arizona when World War Two broke out, sold his cattle and went into the army. About five years ago he was released and started feeding cattle again, on a small scale since cattle then were considerably higher than when he sold out.

However, cattle kept going up so, like many another, when prices started dropping this ex-soldier was caught with the largest bunch of cattle he'd ever had the nerve to borrow money on. Cattle kept going down—he finally sold them all but the proceeds fell far short of paying what he owed the bank, so he wound up with a long I O U on his hands.

He found a day-time job but the pay isn't sufficient to keep his family, cover current bills and pay something each month on his debt at the bank, so from 6 P.M. to 3 P.M., five nights a week, he fries hamburgers at one of the new and modern hamburger places about town. One Sunday night he told us they'd fried and sold 5,000 hamburgers between 6 and 8:30 that evening. We asked if he thought the government should step in and put a support price under cattle.

He said, "That wasn't what we fought for in World War Two. We fought to preserve freedom, and freedom means my right to make money, or my right to lose money when conditions and circumstances prove my judgment faulty. The Government has no money with which to help us, or to spend for any purpose except it take it first from the pockets of the American people. Raising and feeding cattle is a business and there is no more reason to support us than to support all other businesses.

There are just two ways for this country to go. One is the freedom road and sometimes it gets a little rocky, like right now in the cattle business. The other road leads to socialism, and it's an easy road to follow, until you run into the dead end. Once you get there, there is no returning.

Government help—any kind of help—is easy to take when you are hard pressed, but there'll always be a day of reckoning. If the government places supports under cattle prices, it won't be long until it will have to place controls over cattle production, and that's where we'll find the dead end. That's the day we'll wake up to find our country—not a democracy but a dictatorship—fascism, communism, whatever its name! We may not have to worry about losing money after that—we won't have any to lose since our freedom to make money will be gone.

Every war this nation has fought since 1772 was fought to preserve freedom for the American people. Millions of American boys lie in unmarked graves—in America, in Europe, in Asia; they gave their lives fighting for freedom.

Do we want to give away that freedom now for "a mess of pottage"?

To Speak At Breckenridge Meet

Dr. R. D. Radeleff, Veterinarian-in-Charge, Pathological Division, Bureau of Animal Industry, Kerrville Experiment Station, will speak at the Texas Livestock Pest Control Clinic in Breckenridge November 9 at the American Legion Hall, Dr. R. L. Rogers, program chairman announced.

Dr. Radeleff will discuss toxicity of the new livestock insecticides. Early in his career, Dr. Radeleff, began experimenting with the usage of lead arsenate as a tapeworm remedy for sheep and goats. Soon his experiment included cattle. Since joining the Kerrville Experiment Station, his work has been devoted to the investigation of safety and proper dosage of newer insecticides.

Children who are visiting Mrs. J. C. Matson, who is seriously ill in the Callahan County Hospital, are Mr. and Mrs. Charlie Matson of Pampa; Mr. and Mrs. Bill Matson of Magnolia, Ark; and Eddie Matson of Smackover, Ark.

Top photo shows the automatic chlorinator which mixes chlorine with the water as it is pumped into the settling tanks. Bottom photo shows automatic lime and alum feeders. These machines come on and cut off with water flow, assuring the right amount of each chemical in the water.

City Filter Plant Is Among Best

Have any of you readers ever been through the new filter plant that the City of Baird constructed last summer? The plant, one of the most modern in the country, furnishes the nice clean, purified water that is so essential to the good health that the people of our town enjoy today.

A large number of the citizens of Baird have never been through this modern plant or even know how the water is handled as it goes through it and into our city mains. The following is a report on what takes place from the time that the water is pumped from the Lake until you get it at your home.

The pumps and motors that run the plant are all run automatically. When the water is taken from the city main for use by the public the pump at the lake automatically turn on. The water is pumped directly to the filter plant in the East end of Baird, the plant it is put into a large settling basin. This basin is made up of three parts. It is about 20 feet deep. The tank in the center of the basin is where the water is deposited first. The large rotary dasher in the center tank mixes the chemicals, that are piped from inside the plant, with the water that is brought from the Lake. The alum that is mixed with the water catches most of the mud and other trash that is brought in with the water. All this trash falls to the bottom of the tank. From the center tank the water flows into each of the other compartments

of the basin. In each of these compartments more of the mud and trash is taken from the water.

From the last compartment the water is taken inside the building and deposited in two smaller settling basins. The bottom of each of these basins is covered with 6 feet of sand and gravel. The water is filtered through the sand and gravel and is taken to a deep well in front of the building. The well is covered with sod and looks just like the prettiest lawn in town.

The building is composed of two parts—the top floor and the basement. The top floor is where the feeders for the chlorine and the alum are stationed. The feeders are on scales for the purpose of keeping accurate records of the amount of chemicals that are mixed with the water. The purpose of the chlorine is mainly to keep the fungus growth off the settling basins and to keep the water pure.

The charts on the amount of water that is pumped every 24 hours are kept on the top floor also. These charts are changed each morning at 8 o'clock. Along with the water charts there is the valve controls and the water pressure gauges.

In the basement are located the pumps that control the water

in the mains and the pump for refilling the reservoir in the West end of town. There is a special pump that is for cleaning out the two basins upstairs.

The way the basins are cleaned out is very interesting. The water is drained out of these basins and put into the deep well in front of the building. Then when the water is all out of the basins the pump down-stars is turned on and water is forced up through the sand and gravel and forces the wastes out the drains. From there the wastes are deposited into the sewer system and taken to the sewer down behind to old T&P Lake.

The settling basins inside the building are cleaned every 36 hours to prevent the pollution of the water. The large basin outside is cleaned regularly also by draining the water from it and cleaning it by hand.

All the water that is run through the plant is put into the city mains except that that is used as a reserve and to clean the settling basins. 50,000 gallons of clean water was deposited into the mains Saturday morning. At times last summer there was 500,000 gallons of water filtered through the Baird plant in one day. Do you realize how much water that is? That much water would fill 50 railroad tank cars.

When all the city mains, the deep well, and the reservoir are full there would be over 100,000 gallons of nice clean water for the city's use. The reservoir will hold 60,000 gallons and the deep well will hold 49,000 gallons.

The city has in its employment 11 men who are all Baird-ites. They all work together, devoting their talent and services to the betterment of the City owned Municipal Light and Power Plant and Filter Plant and services. Each man is a member of one of the five churches here in Baird. Each man who has been employed as many as five years owns his own home or property and owns at least one car. Some are members of different clubs or organizations which represent the backbone of our fair city.

Every citizen can be very proud of the fine filter plant and the men who keep it going. Through it we are guarded against disease and illness that might cause death.

The thing that impressed your reporter the most was the cleanliness of the plant. The floors were spick and span. This is a very important matter. As the old saying goes, "Cleanliness is next to Godliness," don't you agree?

Ralph Buckingham and son Glen of Gainesville and daughter, Ann of Dallas, visited Mrs. Buckingham, and Mr. and Mrs. J. T. Lawrence here last weekend. Mrs. Buckingham has an infected finger and has been here with her sister and brother-in-law for several weeks, however, she is much better at present, and returned home with her family.

Mrs. Don Clark has returned to her home in Abilene after spending two weeks in the home of her daughter and family, Dr. and Mrs. M. C. McGowen and Carol Lynn.

Mr. and Mrs. Jim B. Denney and children, Jimmy and Susan, of Oklahoma City, Okla. visited his parents, Mr. and Mrs. Roy Denney and Linda Sue last weekend. Other guests were: Mr. and Mrs. Grover Maxwell and children, Mary Lynn and Buddy, of Ft. Worth and Mr. and Mrs. Dub Fisher of Delmita.

Mrs. R. C. Merriman and sons, of Cross Plains, visited her parents, Mr. and Mrs. J. O. Warren, last weekend.

Patsy Betcher Named Carnival Queen

Amid all the pomp and glory that has become traditional with the Baird School's annual Carnival festival, Patsy Betcher, pretty Senior candidate was crowned queen.

Coronation program, held in the Baird Gym, was the signal for the 1953 carnival to begin. Stunts and games as well as booth activities followed immediately.

The school gym, scene of the coronation, was beautifully decorated in the Halloween theme and the pageant which is climaxed by the crowning of Queen was preceded by an excellent program. Mrs. Glenn Green's Nursery school children, Mrs. John Bowls's first-second grade students, a coronet quartet from Mrs. Benton Pruett's Baird Bear Band, and a group of eighth grade girls contributed to the program. Bobby Poe and Sonny Barnhill acted as Masters of Ceremony.

Coronation services began with the presentation of Royal representatives from the twelve grades of the school. Aleta White and Tommy Barton were the Prince and Princess from the first grade, Lois Weed and Richie Crow represented the first-second grades, Vicki Finley and Freddie Foy were second-third grade prince and princess, Judy Morgan and Tommy Higgins were prince and princess from the third grade, Alberta Turner and David Walls were fourth grade royalty, Jerry Lou Barnhill and Larry Gardner represented the fifth grade, sixth grade representatives were Patricia Joy and Wayne Boyd, seventh grade was represented by Anne Dennis and Billy Cummings, and the eighth grade prince and princess, Charlene Collins and Roger Corn. Soil Conservation District News

C. E. Hicks, a cooperater with the Middle Clear Fork Soil Conservation District, has planted about thirty acres of cover crops on his farm near Clyde.

E. J. Thomas has planted twelve acres of cover crops, J. A. Jennings, twelve acres; W. E. Box, twenty acres; W. B. Splawn, twelve acres; and eighteen acres of cover crops have been planted on the Harris Estate. Seventy-one acres have been seeded to cover crops on the W. B. Varner Estate. All of the above mentioned are cooperaters with the Central Colorado Soil Conservation District.

The Lower Clear Fork Soil Conservation District cooperaters planting cover crops this fall include R. L. Clinton, ten acres; E. R. Kozczak, sixty-five acres; and W. H. Lovvorn, eighteen acres.

Numerous other farmers have indicated their intentions to plant cover crops immediately after harvesting peanuts and feed.

The Central Colorado Soil Conservation District has placed W. E. Box of the Belle Plains Community in charge of some of the district equipment.

E. H. Barron, Vocational Agriculture teacher, at Clyde also has charge of some of the Central Colorado Soil Conservation District equipment.

C. M. Garrett of Cross Plains has some district equipment which can be rented for a small charge by those interested in using this equipment on their respective farms.

N. M. George of Baird has charge of the Lower Clear Fork Soil Conservation District equipment.

Ladies from Baird who attended the W.S.C.S. District meeting in Sweetwater last Thursday were: Mmes. Hugh Ross, W. A. Fetterley, M. D. Bell and Tee Baulch.

Donnie and Johnnie West, who are attending the University of Houston, visited their parents, Mr. and Mrs. Tom West, last weekend.

Waterfowl Rules Cut To Measure

Only two changes from last year mark the new waterfowl regulations, according to the Executive Secretary of the Game and Fish Commission.

The daily shooting period was extended until sunset and baiting was forbidden altogether.

Here are the major rules for shooting ducks and geese:

Season - From noon on Nov. 6 through January 4.

Hours - From one half hour before sunset to sunset.

Bag limit (DUCKS) - Five per day or ten in possession.

Bag Limit (Geese) - Five per day or five in possession, including in such limit not more than either two Canada geese (or its subspecies, Hutchins or lesser

Canada) or two white-fronted geese, or one of each.

Weapons - Use of rifles to kill waterfowl is forbidden; guns must not be larger than ten gauge; all repeaters or automatics must be plugged to a limit of three shell capacity.

Boats - Ducks or geese may be taken from outboard motor boat provided motor is removed from boat and placed inside the boat, or boat is secured to a shooting blind.

Federal duck stamp costing \$2.00 is required.

Alton Hornsby of Cross Plains was a business visitor in Baird on Tuesday of this week.

Alex Shockley, student in John Tarleton College at Stephenville, visited friends and relatives here last weekend.
