RACE RIOT RESULT.

Two White Men Fatally Wounded and Some Negroes Thought Shot.

Hattiesburg, Miss., Nov. 6.—As a result of a race riot at Wiggins, Miss., thirty-five miles south of this city, Sunday afternoon and night, two white men were fatally wounded and several negroes are believed to have been shot.

The trouble originated when, in the existing arrest, William Smith, a negro, shot and fatally wounded Deputy Marshal Mitchell. Smith was later captured after he had barricaded himself in his house and defied capture. He surrendered only a mob had threatened to burn the building. He was lodged in the village jail, and Sunday night a mob dynamited the jail, fired into Smith's cell, badly wounding the negro. A crowd of negroes gathered while the jail was being stoned and fired in the mob. Over 500 shots were exchanged. During the exchange of shots D. M. Clark, a white man, was fatally wounded, and several negroes are believed to have been shot.

Late Monday afternoon 200 armed white men patrolled the streets.

"WHITE MAN'S CASE."

Supreme Court Affirms the Decision of the Court of Claims.

Washington, Nov. 5.—The supreme court of the United States has affirmed the decision of the court of claims in the case of Daniel Redbird, the Cherokee nation and others vs. the United States, known as "the white man's case." The case involved long-pending claims of between 2,000 and 3,000 white persons to participate in distribution of lands and funds of the Cherokee nation because of marriage with members of the tribe.

SUIT TO BE FILED.

Five Thousand Negroes and Many White Men Affected.

Tulsa, I. T., Nov. 6.—Suits will be filed in the United States court to deprive the freedmen in the Cherokee nation of their right to allotment. This announcement was made by local representatives of the attorneys in the intermarried white cases of the Cherokees, which was decided adversely to the whites by the supreme court of the United States Monday.

The suit will affect 5,000 in the Cherokee nation, also many whites who have purchased freedmen's lands.

SLEEPING CAR FARE.

Texas Railroad Commission Proposes to Bring About Reduction.

Austin, Nov. 6.—The Texas railroad commission proposes to regulate and reduce sleeping car fares, but first proposes to assume jurisdiction over sleeping car service.

It has issued notice of a hearing for Nov. 27 to require railroads to continue their present sleeping car service in Texas, unless authorized to discontinue same by the commission, and add such other service as the commission may direct; also to reduce the present charges 20 per cent, which would make the rate \$1.60, where \$2 is now charged.

SLAIN AND BURNED.

Remains of Wash Anderson, a Negro, Horribly Mutilated.

Seguin, Tex., Nov. 6.—A horrible tragedy occurred about twelve miles east of Seguin, on Nash's creek, when Wash Anderson, a young negro, was burned to death and his house destroyed. The young negro was supposed to have been killed or desperately wounded before the house was set on fire. His bowels were lying by his side, and he was literally cut to pieces. The murderers are supposed to have set the house on fire to cover up their deed.

SMITH CONVICTED.

Charged With Killing Deputy Sheriff Grubbs and Sent Up For Life.

Waco, Nov. 3.—The jury in the case of T. E. Smith, charged with the murder of Deputy Sheriff Ike Grubbs of Bell county in 1903, returned a verdict of guilty and fixed the penalty at a life sentence. The case is a famous one. Deputy Grubbs was serving papers dispossessing Smith of his home on account of a mortgage when a melee resulted, the Smith family participating. In addition to Smith, a son is now serving a twenty-five years' sentence. Mrs. Katharine Smith, wife of T. E. Smith, was recently found not guilty. The cases have been tried over and over, though this is the first time T. E. Smith has been tried.

Pant Leg Cut Off and Shoes and Shirt Stolen.

Sherman, Tex., Nov. 2.—Robert Smith, aged eighteen years, son of Colonel R. E. Smith, was found in an unconscious condition on the sidewalk near his father's home in West Sherman Thursday night. His coat and top shirt were gone, as were his shoes. His hands were tied behind him with a strong cord. One pant leg was cut off about the knee.

The young man, after nearly an hour's efforts in his behalf, in a measure came out of the stupor in which he was found, and stated that on his way to school Thursday morning he was compelled by two men to accompany them into a woodland, where they took a watch and a small amount of money from him and also his clothing and left him tied. Before completing the story he was attacked with nausea, and the explanation of how he got home is disconnected, but the inference is that he succeeded in liberating himself sufficiently to drag himself home and fainted from exhaustion where he was found.

HAD YELL COMING.

Deputy Found Something in Man's Pocket He Was Not Seeking.

San Antonio, Nov. 2.—While searching John Brooks, alias King, charged with horse theft, Deputy Sheriff Goforth put his hand in a pocket of the man. With a yell he jerked out his hand, to which was fastened a bull-snake. The man was then ordered to take all the reptiles out of his pockets and bosom and produced four bull-snakes and a pilot snake and in his buggy were found two armadillos, one iguana, one green lizard and three black lizards. The entire collection was taken to the jail with the prisoner. It appears that he follows snake charming for a living and it is charged that he used another man's horse and buggy in which to travel around the country and give exhibitions.

BOLDLY ENTER BANK

Two Masked Men Hire Livery Rig and Driving to Another Town Hold Up Official and Return Vehicle.

La Salle, Ill., Nov. 6.—The Farmers and Miners' bank of Ladd, a mining town, was held up and robbed Monday afternoon. The assistant cashier, J. J. Hurley, was alone in the bank when two men entered and asked for some pennies. The next moment, covering Mr. Hurley with revolvers, they ordered him to throw up his hands, and marched him to a back room, where they bound him hand and foot. After taking a quantity of money the men escaped. The amount of their booty is about \$7,000.

Ladd was thrown into a state of excitement by the daring holdup. One of the two masked robbers guarded the street door while the other scooped up the cash. Some reports say that the amount stolen is \$20,000. It was mostly in currency. The robbers had been gone an hour before the robbery was discovered and the imprisoned bank officers released. The robbers hired a livery rig at Peru to drive to Ladd. In about three hours they came back and returned the rig to the liveryman, who, having heard of the holdup, tried to procure the assistance of citizens to surround the robbers in the livery barn, but the robbers drew revolvers and shot at every man who appeared near the stable, and kept up a running fight for an hour, finally escaping in the direction of La Salle after eluding the Peru police.

They tell a good joke on John Asbury, but we can't vouch for the truth of it. A night or two ago so the story goes, John spied a wolf prowling around his premises in north Baird; he got his gun and killed the prowler, skinned him and hung his hide on the fence. Next day a man living north of town coming to town recognized the hide as that of his dog that was missing.

The fair is without exaggeration the best in the writers knowledge, while there have been more side show attractions in the past those of this year are of a higher order, and there is no comparison when it comes to farm, garden, and orchard exhibits. Besides the many creditable individual exhibits in this line, Midland, Taylor and Callahan counties have exhibits. Callahan makes a fine showing, Capt. W. J. Maltby's individual exhibit added to the fine county exhibit. The fine stock, horses, jacks, mules and cattle makes an imposing array far greater than heretofore, while the swine and poultry departments are up to the high standard in other lines.—Taylor Co. News.

Dr. E. W. Tisdale, who bought out Dr. E. R. Sartor has moved to Baird and has an office at Terrell's Drug Store. Dr. Tisdale comes highly recommended both as a physician and a gentleman. The following taken from Dr. Tisdale's home paper shows how he was appreciated where he lived and practiced his profession for a number of years.

Dr. E. W. Tisdale left Tuesday for Baird, Texas, followed by his family Wednesday, to locate. Ferris parts with these excellent people very reluctantly. The doctor has practiced medicine here very successfully for a number of years. He is a well-read and progressive man and keeps abreast of the times in his profession. In changing his location for the benefit of his family's health, the doctor sacrifices a good practice here and his family the association of a host of friends, who recommend them in the highest terms to the people among whom they have so recently cast their lot. Dr. Tisdale and family enjoyed the esteem and confidence of the people of Ferris in a vicinity and their removal is a regrettable loss to our community. May health and prosperity attend them in their new home.—Ferris Wheel.

Deadly Duel.

New York, Nov. 6.—Salvator Volaz was shot and killed in a pistol duel on the East Side Sunday.

A big crowd watched the fight, but the Italian with whom Volaz exchanged shots escaped.

G. B. Burhans testifies after four years.

G. B. Burhans, of Carlisle Center N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure."

It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of these symptoms during four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to any one suffering from kidney or bladder trouble.

Pirating Foley's Honey and Tar

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many worthless imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. Powell & Powell.

No Case of Pneumonia on Record.

We do not know of a single instance where a cough or cold resulted in pneumonia or consumption when Foleys Honey and Tar had been taken. It cures coughs and colds perfectly, so do not take chances with same unknown preparation which may contain opiates, which cause constipation, a condition which retards recovery from a cold. Ask for Foley's Honey and Tar and refuse any substitute offered. Powell & Powell.

HERRING IS AT REST

Assisted Salvation Army in Colony Scheme, Maintained Soup Kitchen and Haven of Rest and Did Many Other Acts.

London, Nov. 2.—George Herring, the noted English philanthropist, who, in the course of his life, contributed large sums of money to hospitals and charitable enterprises, died Friday after an operation for appendicitis. He made his first money on race courses and subsequently became identified with a number of large business enterprises. George Herring was chairman of the City of London, Electric Lighting company, the Electric and General Investment company, Municipal Trust company and several mining companies. In December last he donated \$500,000 to the Salvation Army for use in its home colonization scheme, the Army engaging to repay this sum in twenty-five annual installments to the king's hospital fund. The plan was to purchase tracts in England, giving five acres or thereabouts to each settler, building cottages, providing seed and implements and supporting settlers until the lands became productive. Each settler was to repay in annual installments. In this manner the Salvation Army hoped to provide for those who for various reasons were unable to leave England under the emigration schemes of the Army.

Mr. Herring conducted a soup kitchen in Camdentown, London, built and endowed an institution known as the Haven of Rest for Gentle Folk, brought to poverty through genuine misfortune, and furnished a number of Salvation Army shelters for the homeless.

There are no people in the world who have been so universally made the theme of story and song, as the people of Dixie Land. The steady march of commercialism is fast driving romance from us, but the Southland will be slow to yield to the invader. For it is the home of chivalry, the home of fair women and brave men, the place where the sun shines brightest and the moonlight is clearest; where the women speak softest, the men love strongest and fight quickest; that's Dixie Land.

Letter to T. E. Thornton.
 Baird, Texas.

Dear Sir: Here's a tale with three or four tails to it.

Professor Irvine has an Academy Mercersburg, Penn. He paint the floors in summer vacation. It used to take 90 gallons of paint. There were two paint-stores there, and he used to buy (one year of one, next year of the other) 90 gallons year after year.

Now he paints Devco; 60 gallons; and the difference is a saving of \$1.50 a year.

H. C. Fallon was one of these dealers, good man, but he wouldn't take-up Devco; so we turned to the other, J. A. Boyd. But Fallon has found it necessary to get a good paint to compete with Devco. He got one of the eight honest paints. He has a big hardware store and is doing an excellent hardware business but Boyd, of course has the run on paint—he's a little hardware man.

We dont care how little or big a man is, if he wants good paint and is active and sound.

CALLAHAN COUNTY

the State in Farm Exhibit at The Dallas Fair.

Woods Says Callahan Leads in Cheap Lands.

After spending almost the entire summer in looking over the Western country for cheap lands and visiting at least twenty counties I returned to Callahan County more fully convinced that we have cheaper lands, and good as any I have seen.

The tide of immigration has been further west. Our lands have not advanced so rapidly. If you will invest here now you can not fail to get a handsome return on your investment. There is more money to make in lands now than ever before.

I have any kind of land you want from a truck patch to a large farm or ranch. I have connection with eastern and western buyers and sellers and can sell your property to a better advantage than any one else, so list your land with me.

I have four particularly cheap farms on easy terms, (just like paying rent) that must go at once.

I have some very desirable town property to trade for country property. How does \$10. to 15. strike you for good improved farming land? You can't buy unimproved land for that in nearly any part of the west. If you want to buy, sell or trade land come to see me. Nicely written abstracts are furnished on short notice.

TO THE PUBLIC

We have ever tried to pursue our
business to the best interests of the
public, as well as our own.

We have always sold lumber as
cheap as surrounding town handled
it, of similar grade, and many arti-
cles we have sold cheaper, especially
shingles. We now have selling lists
of surrounding towns and will cheer-
fully show them to anyone desiring
to see them. Lumber, like every-
thing else, has advanced. We have
never advanced as fast nor as much
as the mills have. We are now sell-
ing for a while practically at cost.
Come and get it while you may.

In Time of Peace.

In the first months of the Russia-
Japan war we had a striking example
of the necessity for preparation and
the early advantage of those who, so
to speak, "have shingled their roofs
in dry weather." The virtue of pre-
paration has made history and given
to us our greatest men. The individ-
ual as well as the nation should be
prepared for any emergency. Are
you prepared to successfully combat
the first cold you take? A cold can
be cured much more quickly when
treated as soon as it has been con-
tracted and before settled in the
system. Chamberlain's Cough Rem-
edy is famous for its cures of colds
and it should be kept at hand ready
for instant use. For sale by all
druggists.

Mr. Thos. George, a merchant at
Mt. Elgin, Ontario, says: "I have
had the local agency for Chamber-
lain's Cough Remedy ever since it
was introduced into Canada, and I
sell as much of it as I do of all other
lines I have on my shelves put to-
gether. Of the many dozen under
guarantee, I have not had one bottle
returned. I can personally recom-
mend this medicine as I have used it
myself and given it to my children
and always with best results." For
sale by all druggists.

There must be plenty of work for
carpenters in Baird as it seems im-
possible to find one with time to do
repairing. THE STAR office needs
one or two days work and if there is
an idle carpenter in town we would
like to find him.

A Year of Blood.

The year of 1903 will long be re-
membered in the home of F. N. Tackett
of Alliance, Ky., as a year of blood;
which flowed so copiously from Mr.
Tackett's lungs that death seemed
very near. He writes: "Severe
bleeding from the lungs and a fright-
ful cough had brought me at death's
door, when I began taking Dr. King's
New Discovery for Consumption,
with astonishing results that after
taking four bottles I was completely
restored and as time has proven per-
manently cured." Guaranteed for
Sore Lungs, Coughs and Colds at
Powell & Powell's drug store. Price
50c. and \$1.00. Trial bottle free.

Capt. Jones sold a carload of
cows to local buyers Monday.

Made Happy for Life.

Great happiness came into the
home of S. C. Barr, school superin-
tendent, at St. Albans, W. Va.,
when his little daughter was restor-
ed from the dreadful complaint he
names. He says: "My little daugh-
ter had St. Vitus' Dance, which yield-
ed to no treatment but grew steady-
ly worse until as a last resort we
tried Electric Bitters; and I rejoice
to say, three bottles effected a com-
plete cure." Quick, sure cure for
nervous complaints, general debility,
female weakness, impoverished
blood and malaria. Guaranteed by
Powell & Powell. Price 50c.

Don't forget about the big show
Monday night, Nov. 12th.
