Disability Act subject of city council meeting

Two portions of Monday night's meeting of the city council pertained to a new federal program entitled Americans with Disabilities Act (ADA).

They tabled action on a request to participate in a project at the Wichita County Annex building where the County Appraisal District is located.

Later, they heard an in depth report from City Attorney Jay Cantrell regarding a seminar recently held on the ADA, and how it can effect the local municipal government.

Proposed as a project to comply with ADA are changes to be made at the County Annex, which would include, besides remodeling an old freight elevator for use by the handicapped, providing handicapped parking and entrance ramps.

The changes, according to a letter written by Commissioner Woodie Gossom, are estimated to cost \$150,000. The commissioner proposes the cost be shared "equally" by the four agencies who occupy the building.

If approved, all taxing entities in the council would share the appraisal district's expense.

Those agencies include the appraisal district, Department of Human Services, county tax accessor/collector and attorney general personnel.

"It is imperative that each agency bring back favorable support of this proposal as we are all facing very definite requirements as public entities under the American Disabilities Act. In addition, it behooves our support of the public interest to make these facilities accessible to all," Gossom wrote.

Former alderman Bud Mercer, now serving as the city's and school district's representative on the county appraisal board, attended Monday's meeting, as did County Judge Nick Gipson.

Mercer explained he was there to receive the city's response, and that he already had contacted the school.

Judge Gipson told the council he was not there concerning that project, but rather wanted to hear Cantrell's re-

port on the seminar which he was unable to attend.

Mayor Wayne House expressed frustration that any funding sought from the city would be asked two months after the city budget had been put in place for the year.

Neither Mercer nor Gipson could answer questions on what the city's prorata share would be, and aldermen voted to table the subject until definite information was available.

As he explained information he had learned from the ADA seminar, Cantrell said, "This (ADA) could be as far reaching as the Civil Rights Act." He added that the document was "extremely broad" and open to interpretations.

The act does not affect only political entities, he said, but all employers of 15 or more.

His explanation covered employment, public services, accommodations and communications.

Because many of the physical facilities are already in place, details such as written job descriptions, department heads acquainting themselves with the details of the act, and naming a person responsible for compliance were the major recommendations the attorney noted should be done.

The council accepted bids for water department materials, as well as valley gutter construction, all going to the low bidders.

Low bid for water department materials was submitted by O&R Utilities of Arlington, for \$26,289.80.

Swan Construction's bid of \$13,172 for concrete valley gutters was the lowest of two bids received.

Administrator Gary Jones told the council a decision on whether to continue using the city's sanitary landfill would have to be made by May, 1992.

His comment was made while he was discussing a meeting concerning a proposed regional landfill.

Should the local landfill continue to be used after the 1992 date, Jones said costs built into the federal and state requirements would double and even

Junior High Choir concert Tuesday

The Iowa Park Junior High Honor Choir will perform Charles Dickens' "A Christmas Carol" at 7:30 p.m. Tuesday at the high school auditorium.

The concert will be free of charge and is open to the public.

Christmas lights go on Dec. 5

The annual Christmas lighting ceremony will be held the evening of Thursday, Dec. 5, at the Tom Burnett Memorial Library, according to Mrs. Phil Welch, coordinator.

As part of the program, which each year features the appearance of Santa

Claus, will be music provided by the Hawk Band and entertainment by the Rockin' Hawkettes.

After the city's decoration lights are turned on, Santa will visit with the children.

School's out until next Monday

Students, faculty and support personnel of Iowa Park schools will have an extended holiday this Thanksgiving.

Classes were to be dismissed early Tuesday afternoon, and they are not to

resume until Monday morning. The next holidays will be Christmas and New Years. Classes will be let out early on Dec. 20, and not resume until Jan. 2, according to the school calendar.

Paper prints early for Thanksgiving

Though this issue of the *Leader* carries a Thursday, Nov. 28 dateline, it was actually printed Tuesday evening for distribution on Wednesday.

"We always want our subscribers to have their papers before, rather than

after, a Thursday holiday," said Publisher Bob Hamilton

The majority of the paper's circulation is distributed through the Postal Service.

CED trustees to meet Tuesday

Trustees of the County Education District at their meeting Tuesday will consider accepting the resignation of Roy Sparkman, board president, and

elect new officers. Also at the 12-noon meeting, trustees are expected to consider CED written policies.

Commercial driving test is offered

Wichita County Young Farmers will offer a "DOT" class and test that is required for obtaining a commercial motor vehicle drivers license.

To be held in the Vocational Agriculture building on the Iowa Park High

campus, it will be from 6:30 to 10 p.m. Tuesday, Dec. 3.

No fee will be charged, according to David Phillips, who can be contacted by calling 592-5995.

Drug prevention essay, poster winners named

Winners in Iowa Park school system's drug prevention poster and essay contest were announced Tuesday morning.

Students in grades Kindergarten through Fifth drew posters reflecting the theme, "Proud to be Drug Free." The older students submitted essays on the same topic.

Winners received \$50 savings bonds, donated by Iowa Park businesses.

Winners in the poster contest included: Kindergarten, Mandy Collins; First Grade, Taler Boland; Second Grade, Andy Thompson; Third Grade, Stephen Gray; Fourth Grade, Rebecca

PARK AVENUE BEAUTIFICATION UNDERWAY - City workers this week began planting trees as part of the city's effort to improve the looks of the major thoroughfare. The rock covering has been removed and new soil filled in the median area of the 200 block. Work also commenced in the 300 block, and soon will start in the 100 block. Besides trees, ground covering grasses will be used, as well as garden areas, according to Sue Hatcher, who is coordinating the effort.

Lady Hawks, Hawks enter Fantasy tourney Thursday

Both the Lady Hawks and Hawks will see action in the first round Friday of the two-day Fantasy of Lights Tournament in Wichita Falls.

The Lady Hawks have drawn Boyd. That game is to be played at the Hirschi gymnasium, starting at 10 a.m.

The Hawks will take on Canyon at 4:30 p.m. in the Kirby Junior High gymnasium.

Tournament teams are divided into

three sections, depending on the enrollment of their schools.

Iowa Park will be competing in the Silver Division, which is composed of schools with enrollments ranging from 225 to 679.

Diamond Division is for 225 and less enrollment, while the Gold Division is 680 students and larger.

Finals in the Silver Division will be at 6:30 p.m. Saturday for the girls, and 9:30 p.m. for the boys. Both will be in the Midwestern State Univ. coliseum.

A victory in their first game would send the Lady Hawks against the winner of the Clyde-Bowie game at 4:30 Friday afternoon in the Wichita Falls High gym. Losers will play at 4:30 Friday at Notre Dame.

A win over Canyon by the Hawks would have them playing at 1:30 p.m. in the coliseum. Should they lose, they will play at 11:30 a.m. Saturday in the Kirby facility.

Six teams are in the Hawks' side of the bracket, including Henrietta, Gainesville, Vernon and Charleston, Ark. In the top of the boys' bracket are Bowie, Boyd, Clyde and Decatur.

Consolation finals in the boys' tournament will be at 4:30 p.m. Saturday at Wichita Falls High; third place is 6:30 p.m. at the same gym.

Other schools in the girls' Silver Division are Decatur, Graham, Henrietta and Charleston.

Consolation final will be at 3 p.m. Saturday at Wichita Falls High. Teams playing for third place will meet at 4:30 p.m. Saturday in the Hirschi gymnasium.

All teams are guaranteed the opportunity to play three games during the meet.

Ticket prices per day are \$5 for adults and \$2 for school-age children.

The tickets are good at all locations during the day purchased.

Both the Hawks and Lady Hawks were to play Archer City Tuesday evening, after this issue's presstime.

The Lady Hawks extended their young season's record to 2-0 Friday with a 43-27 win over Electra, while the Hawks racked up their first win by defeating Henrietta 62-55.

Both had been scheduled to play Holliday clubs, but conflicts mandated searches for different opponents. Holliday's football team was still in the playoffs, while the school's girls' volleyball team was competing in the state tournament.

After a tight first half, the Lady Hawks put on a 17-6 run to insure their win. They had trailed 11-8 after the first period, but rallied to a 19-17 lead by halftime.

Marcy McCarthy led scoring with 11, and Rachael Kimbro racked up 10.

The Freshman girls had no problem in their game, rolling to a 45-10 victory.

Jeremy Carroll and Todd Pulley led the Hawks to their first win of the season.

Carroll sank six of 13 three-point attempts to rack up 24 points, while Pulley contributed 16. Jon Hankins also finished in double digits, scoring 10.

Hartman, Presgrove repeat vows

Former Iowa Park resident, Lonna Janeen Hartman of Comanche, Okla. and Clay R. Presgrove of Velma, Okla. exchanged wedding vows in a ceremony Oct. 26, in the Velma Baptist Church.

Parents of the couple are Lonnie and Sharla Hartman of Comanche and Jim and Linda Presgrove of Velma.

Professor Glenn F. Rockwell of Enid, Okla., great-uncle of the bride, officiated the double-ring ceremony.

Seven-point brass candelabras intertwined with greenery and navy bows, and the unity candle provided the decorations for the altar area. The pews, marked with navy bows interspersed with baby's breath, and an assortment of potted plants from the groom's grandmother's garden completed the setting.

Wedding music was provided by vocalist Diana Eason of Oklahoma City, and Mrs. Bob Chapman of Velma, organist.

The bride was escorted to the altar by her father, who presented her in marriage for both parents.

She wore a formal gown of white bridal satin and Venice lace. The bodice was fashioned with Gibson sleeves sprinkled with pearls and sequins, a wedding band collar and basque waistline. The floor-length skirt flowed into a chapel-length train, edged with Venice lace.

Shanon LeNorman of Duncan, Okla. served as matron of honor and Jennifer Bacon of Comanche was a bridesmaid. They wore matching tea-length gowns of apricot satin, styled with a fitted bodice and low back accented with a large bow at the waistline.

Kelby LeNorman of Duncan was the flower girl and Adam Pogus of Velma served as ringbearer.

Randy Wright and Donnie Dulworth, both of Velma, served as best men.

Eric Hartman of Comanche, brother of the bride, and Mark Ely of Velma were ushers and candlelighters.

Following the ceremony, a reception was held at the church. Tonya McDaniel, Penny Smith, Jo Ann Cowan and Cori Presgrove were members of the houseparty, and Kristi Rockwell of Duncan, aunt of the bride,

Mrs. Clay R. Presgrove
(Lonna Janeen Hartman)

secured the names of the wedding guests.

Following a wedding trip to eastern Oklahoma, Arkansas and Missouri, the couple will make their home east of Velma.

The bride is a 1987 graduate of Comanche High School and attended East Central University in Ada, Okla. She has been active as high school and college captain of the cheerleading squads, FFA, FCA, high school and college yearbook staffs, and student council.

The groom is a 1983 graduate of Velma-Alma High School and attended East Central Univ. and Oklahoma State Univ. He has been active in FFA,

football, basketball, track, baseball and student council. He is currently employed with the Sugarloaf Ranch of Velma and is involved with his own cattle ranching as well.

Mr. and Mrs. James Francis Keller

Armstrong, Keller vows exchanged here Friday

Bobbi Jo Armstrong and James Francis Keller exchanged wedding vows in a double-ring ceremony Friday evening at Pleasant Valley Baptist Church. Rev. Carl Kent, pastor, officiated.

Parents of the bride are Thomas Harrison Sr. and Mary McCleney of Wichita Falls, and the bridegroom's parents are Mr. and Mrs. Raymond Wikel of Iowa Park.

The bride's chosen colors of peach and white were used extensively in the altar and church decorations. An arched candelabra interlaced with greenery, illuminated the altar area, and arrangements of peach and white flowers and the unity candle completed the setting. Family seating was marked with peach pew bows.

The bride, presented in marriage by her father and her son, Christopher Armstrong, was attired in a full-length gown of white satin, handmade by her sister, Michelle Harrison. The bodice featured Gibson sleeves accented with tiny white satin bows and embroidered pearls. The full skirt, edged at the bottom with a ruffle of illusion, swept into a four-foot train in the back. A pouf of net attached to a satin band embroidered with pearls, formed the headpiece.

She chose a cascade bouquet of peach and white silk flowers surrounded by white lace, and accented with peach and white ribbon streamers and pearls to complete her ensemble.

Sisters of the bride, Tami Harrison and Michelle Harrison, both of Wichita

Falls, served as maid of honor and bride's maid respectively. They were attired in peach colored tea-length dresses and carried smaller versions of the bride's bouquet.

Lacy Schroeder of Wichita Falls served as the flower girl. She wore a peach floor-length dress with a matching headpiece, and carried a white basket intertwined with peach lace and filled with peach and white silk rosebuds.

Serving the groom as best man was his father, Raymond Wikel. Phillip Armstrong of Burkburnett and Joseph Wikel of Iowa Park and brother of the groom, were the groomsmen and ushers.

A reception followed the ceremony at Tom Burnett Memorial Library.

The serving table, covered with a white cloth, was centered with a peach and white floral arrangement. The wedding cake was composed of one rectangle layer with miniature stairs leading to two round layers. The confection had white icing with peach scrollwork, and was topped with a bride and groom standing before a heart edged in lace and flowers.

Cathy Wikel, sister of the groom, presided at the refreshment table.

The bride is a graduate of Wichita Falls High School and is attending Avalon Vocational Technical Institute.

The groom attended Wichita Falls High School and is employed by Lydick Roofing in Wichita Falls.

The couple are at home in Wichita Falls.

Honor society inducts Brown

Toby Brown, son of Mr. and Mrs. Charlie Brown of Iowa Park, was recently inducted into the A Club, a men's honor society at Abilene Christian Univ.

Membership in the club is based on a 3.0 grade point average, teacher nominations and good character. Dr. G.C. Morlan, former chairman of ACU's English department, organized the club in 1918.

Brown, a 1988 graduate of Iowa Park High School, is a senior biology major.

As I See It

By Bob Hamilton

Would it come as a shock to you that there is no such thing as a 400 block of West Park?

Know where I mean? The 400 block of West Park is where Park West Shopping Center, B&R Thriftway, Golden Fried Chicken and, in the future, Pizza Hut, are located.

The fact of the matter is, that street was never officially opened by the city. So, the paved area between Colorado and Pacific is, in fact, a parking lot.

The block, as well as the land directly west of it, formerly was the site of

the old Texas-Oklahoma Fair. And that annual event, I'm told, was the largest country fair in the entire world.

Well, after the fair buildings burned, and residents were equally burned out with all the work it took to put on the yearly event, it was decided to let the fair die a gentle but permanent death.

But, Park Avenue use to dead end at Colorado, directly facing the old fair grounds entrance gate.

Title of the land eventually wound up in the hands of the Iowa Park Industrial Development Corporation, a wing of the Chamber of Commerce

with a goal of attracting industry as well as jobs to the community.

Sale of the property went into the IDC's bank account, and that was the seed money which purchased much of the land offered to Cryovac to locate here.

While raising those funds, sale of the block also increased the job count here, because the purchaser build the city's first, and thus far only, shopping center: Park West Shopping Center.

Parcels of property not part of the shopping center were later sold, which is why there are four property owners on that block now.

But the bulk of the parking lot -- actually from the row of buildings on the north side to the south light standards -- are owned by the same person.

And maintenance of that parking lot has been the responsibility of that person, since he owns it.

The problem is, the owner has not for several years maintained the parking lot in a desirable condition.

When chug holes developed, a part of maintenance lacking, the owner got hold of some discarded asphalt, and had it dumped into the holes. It was never smoothed, and just sat there and hardened like a speed bump.

The major bump areas are in the area between the two rows of light standards. And it is that stretch of pavement that the public believes to be the city's roadway.

Well, it's not. Not yet, anyway. There are studies and considerations by the city and aldermen to accept the street, and make improvements.

I doubt that will happen during the city's current fiscal year, which will not end until Sept. 31, 1992. But, a study is underway.

All these years, drivers have unknowingly maneuvered through that parking lot without knowing it was not a city-maintained roadway.

Any accident on that block cannot be worked by the police department, because it is not public property.

I'm afraid our post office contributed to the public's confusion. Each of the buildings was given a street number, like "410 West Park," but that was just for the purpose of delivering mail. It was not a fact, because, like I said, the 400 block of West Park has never in fact existed.

West Park Avenue has always ended at Colorado, the street on the east side of the block.

triple current garbage service costs to residents.

A second and final public hearing concerning the annexation of a nine-acre tract on the south side of town was held, without public comment.

Final action on the annexation will be on the Dec. 9 meeting agenda, the mayor said.

During a discussion period, Judge Gipson invited council members to attend a meeting at the court house on Dec. 4, where a discussion will be held on a proposal that the county be given the responsibility of collecting taxes for all entities, including Iowa Park city and school district.

A similar meeting was held some two years ago, out of which no changes were made on local tax collections.

Employees of the Month were recognized by the mayor. They were Troy Thaman for November, and Lester Kasparek for December.

Police have special equipment to communicate with the deaf

The Iowa Park Police Department is now equipped with a special device to communicate over telephone with the hearing impaired.

Residents who are deaf are equipped with a similar device, and messages produced by a keyboard are printed on the receiving device.

Provided by the Texas Commission for the Deaf, the area 911 Emergency Telephone District installed the device, along with a manual for its use.

When a call is received by the police dispatcher, and only a clicking sound is heard, the dispatcher places the receiver in a special cradle. Information from the sender is printed on a roll of paper, as well as the dispatcher's communications with the sender.

Both were released at 3:15 p.m. Sunday after posting \$69 cash bonds.

An officer on patrol at 2:13 a.m. Friday found the soft drink machine at Catlin Car Wash in the 400 block of West Bank had been forced open.

No information was available about how much money was taken.

A tail gate was reportedly taken sometime Wednesday night from a 1989 Ford pickup parked in the 1000 block of East Highway.

Juveniles reportedly vandalized a slide in the park on West Highway Sunday. Details of the extent of damage were not available.

Mandated by the Americans with Disabilities Act, all emergency facilities are to have similar equipment by next January.

Letters to the Editor

Concerned about freedoms

Dear Bob:
There are few things as important to our democracy as freedom of speech and freedom of the press. A healthy democracy is dependent on a well educated populace with many sources of information and differing opinions.

Technology has advanced, however, to the point where it is now feasible for people to receive the information traditionally provided by newspapers directly into their homes on a computer screen or television set. Until a recent federal court decision, the regional Bell operating companies (RBOCs) were prohibited from providing information services. The court decision, however, opened the field of information services to the RBOCs with little regulation.

Without a doubt, the Bell companies possess a virtual monopoly over regional communications service areas. If freely allowed into information services, the Bells could quickly force all competition out of business. It is important to remember that the type of businesses that will be closed are the ones that provide the news and information crucial to a democratic society. When faced with the pressure of modernizing society's technology, it is important to protect and preserve those elements of society that are the foundations of our democracy -- newspapers are part of that foundation.

Balance must be struck between the demand of technology and the need of society. That's why I have become cosponsor of H.R. 3515, the Telecommunications Act of 1991. This bill allows the Bell companies to get into the information business, but only when there is effective competition to prevent them from abusing their technological power to gain monopoly in the information services business.

H.R. 3515 prevents the Bells from providing information services in their own service area, until they meet the "bottleneck test." The "bottleneck test" states that a RBOC may not provide information services in its service area until the Federal Communications Commission (FCC) determines that the

RBOC is subject to effective competition in its entire service area. The bill further defines effective competition. This legislation is designed to protect existing information providers from being unfairly forced out of the market by a technologically dominant competitor.

This bill balances the need of society for diverse information and the need for the modernization of America's technological infrastructure. By ensuring competition in the information service area, the legislation will prevent the RBOCs from monopolizing the consumer's access to information. In this manner, technology and the information so vital to a democracy can be effectively balanced.

The newspapers are crucial to the American way of life. While we don't want to stifle competition, we need to be able to provide newspapers with the ability to effectively compete with the already dominant Bell companies. H.R. 3515 is an important step in achieving balance in our society, and I intend to work vigorously for its passage.

If there is ever any question I can answer, or help I can give, please do not hesitate to let me know.

Sincerely,
Bill Sarpalius

**Mrs. Mike Gallant,
Jessica, Rachel & Julie**

Kathy (Mrs. Mike) Gallant and her family moved to Iowa Park a year and a half ago when her husband became Minister of Youth and Music at Faith Baptist Church.

The couple has three daughters, Jessica, four; Rachel, two and a half, and seven-month-old Julie.

Kathy and Mike are both natives of Oklahoma. She is from Edmond and he grew up in Midwest City. They met in the Baptist Student Union at Central State Univ.

Kathy earned a degree in Early Childhood Education and taught kindergarten three years before having children.

Mike graduated with a degree in Music Education. He plans to continue his education by attending Southwestern Theological Baptist Seminary.

Kathy likes to sing, and sings solos, duets with her husband, in trios, and in the adult choir at church. She also works with the children's choirs at church and helps her husband work with the youth. She likes to sew, but said she doesn't do much now because of the time required to care for three small daughters.

When asked what her family's favorite recipes are, Kathy said that her husband's favorite is "Beefy Enchiladas," and the children like the "Chalupas."

Chalupas

1 lb. bag pinto beans
3-4 lb. pork loin or rump roast
2 pkgs. taco seasoning mix
1 or 2 tsp. salt

Soak beans overnight. Next morning put beans, roast, seasoning mix and salt in a crock pot and fill to top with water. Cook on low 8-12 hours. Stir and remove any bones and excess fat. Spoon meat and bean mixture over tortilla chips and top with cheese, picante sauce, sour cream, lettuce, tomatoes, onions, black olives and/or jalapenos. Each person can add the toppings he/she desires.

Chicken Coating Mix

Chicken pieces
1 pkg. dry Ranch Dressing Mix
2 or 3 slices of bread, crumbled
1/2 to 1 cup Parmesan cheese

1/4 cup melted butter or margarine
Mix Ranch Dressing Mix, bread crumbs and cheese. Dip chicken pieces in milk, roll in coating mix and place in baking dish. Drizzle melted butter over each piece. Bake one hour in 350 degree oven.

Saturday Noodle Bake

1 1/2 lb. ground beef
2/3 cup finely chopped onion
2 cans tomato soup
1 - 3 oz. pkg. cream cheese, diced
2 Tbsps. sugar
4 1/2 tsp. Worcestershire sauce
2 tsps. salt
6 oz. noodles
1 cup crushed corn flakes
1/4 cup melted butter or margarine
Brown beef and drain. Add onion and cook until tender. Add soup, cheese, sugar, salt and Worcestershire

sauce. Cover and simmer 15 minutes. Meanwhile, cook noodles, drain and place in baking dish. Pour meat sauce over noodles. Top with blended crumbs and butter. Bake 15 minutes at 350 deg. ees.

Beefy Enchiladas

1 lb. ground beef, cooked and drained
1 1/2 cups grated cheese, divided
1/2 cup onion
1 can cream of mushroom soup
1 can tomato soup
1 - 10 oz. can mild enchilada sauce
12 corn tortillas

Combine beef, 1/2 cup cheese and onion; set aside. Combine soups and enchilada sauce. Dip tortillas in hot oil to soften, a few seconds on each side. Top each tortilla with one heaping tablespoonful of meat mixture and roll up. Place seam side down in 9x13" baking dish. Pour sauce over and top with remaining cheese. Bake in 350 degree oven 25 to 30 minutes.

Orange Whole Wheat Pancakes

2 eggs, room temperature
1 tsp. vanilla
1/2 tsp. almond extract
1 1/2 cups orange juice
1/4 cup vegetable oil
2 cups whole wheat flour
1/2 tsp. baking soda
1/2 tsp. salt

Helpful Facts

Letters concerning weeds, junk, and inoperable cars are sent out only after a citizen's complaint has been received at the city's Public Works office.

Beat eggs with vanilla and almond extract. Mix in orange juice and oil; set aside. In a separate bowl, mix whole wheat flour, baking soda and salt. Add liquid to dry ingredients, stirring just enough to mix. Cook on grill or griddle over medium heat.

Chicken Casserole

1 whole chicken cooked and cut in small pieces
1 - 4 oz. can sliced mushrooms
1 can cream of mushroom soup

1 can cream of chicken soup
1 can water chestnuts, sliced
1 cup half and half
1 cup grated cheese
1/2 cup chopped onion
1 pkg. Romanoff noodles - cook as directed on package

Mix all ingredients together and pour into 13x9 casserole dish. Top with buttered bread crumbs. Bake 1 hour at 350 degrees.

BROWN-CAVETT BACK & NECK CHIROPRACTIC

Dr. Daniel Broom

STIFF NECK!

A stiff, painful neck is a common problem, but one that puzzles most people as to what caused it. Most people just wake up with it. The search for the injury that causes it usually reveals no answers, as it is a "slow injury" that occurs during sleep.

A large study at the Pain Clinic, Alexandria Hospital in Australia in 1986 brought several points to light concerning this type of neck pain. Stiff neck is commonly caused by pinching of facet joints, small pain sensitive spinal joints that can trigger pain in the neck, back of the shoulder, muscle spasm and headache. These researchers found that 71% of the patients evaluated at their clinic proved to have a pinching facet joint in the neck.

In a related study, these researchers found that the simplest and most effective way to diagnose this disorder is by palpation of the joints of the neck. This is the procedure used by chiropractors to detect joint tenderness and movement restriction by feeling the spine with the hands. As stiff neck from facet syndrome is caused by pinching of these small joints, chiropractic manipulation can be very effective in freeing the problem, relieving neck pain, resulting muscle spasm and headache. Exercises are often then used in addition to treatment to improve neck joint flexibility and to improve muscle tone. This treatment program is often effective for both acute and chronic stiff neck.

While position of the head and neck during sleep can allow these facet joints to pinch and cause stiff neck, chiropractic treatment can effectively resolve the pain. Prompt treatment can prevent prolonged suffering.

Iowa Park well-represented at ATPE regional convention

The Iowa Park Association of Texas Professional Educators was well represented at the Regional Convention Monday night at Midwestern State Univ.

A special guest, Superintendent Glen Mitchell, and members Pat Cravens, principal at Bradford Elementary, Jean Johnson, Johnna Adams, Jo Ann Hale and Willa Mitchell were in attendance.

The four voting delegates to the ATPE House of Delegates meeting were Cravens, Tamara Horton, Dorothy Palmer and Diana Collins.

State Representative John Hirschi and Bill Hudson, State Board of Edu-

cation representative for District 14, were also present to hear about recent developments in Austin on the equity of state funding, reorganization of TEA, decentralization and accountability. Also discussed were site base management with its basic components, career ladder, parental-home-work programs and the role of the Legislative Education Board. Mike McLamore, Director of Programs at the state ATPE office, gave the program.

The meal was prepared by the Kiowa Kooks, and dinner music was provided by the "String Sensations" from Wichita Falls High School.

Discover The Joy

THANKSGIVING
Looking back to the early 1600's when the Plymouth Pilgrims first arrived in America and their thanksgiving celebration. Their only food was their catch from the ocean, animals killed in the forest, and the sparse crops they raised. With just a few hoes, they dug approximately 10,000 holes to produce their first crops. The Pilgrims fertilized the soil with fish, putting fish into the holes with the seed that was planted. They stood guard through the night to protect their crops from animals.
The Pilgrims possessed few clothes. The few they had came from shearing the sheep, spinning, and weaving the wool. Most of the clothes they wore resembled threadbare rags. These early pioneers had no factories to produce commodities nor did they have the financial resources to buy them. No doctors, no medicine, not even a hospital. 102 arrived and one year later only 51 were alive. These folks hid the graves to prevent the enemy from seeing how many had died.
The Pilgrims used the first few months building a common house. The harsh winter weather caused much sickness. The seriously ill were cared for aboard the Mayflower. Early one morning the sick on board saw the common house burn to the ground. All those who were very ill came ashore to find out how many had perished in the fire. Upon discovery all had escaped, everyone kneeled in the snow to thank God for sparing their lives.
What an example for us today these early pioneers set. In the midst of dire circumstances, they gave thanks to God. The Scriptures tell us "whatever you do in word or deed, do all in the name of the Lord Jesus, giving thanks through Him to God the Father." (Colossians 3:17) May each of us every day in gratitude give God thanks for the bounty He has provided.

SECOND GENERATION - The former Alisa Hicks, now the wife of 2nd Lt. Chuck Devenport, sent this picture of their five month old daughter, Lauren, to her former high school principal, Bob Dawson. The shirt, a good-natured mock of the popular administrator, was sold in 1982 to students, whom he often referred to as 'Alley Rats.' The Devenports are currently in Germany, where he is stationed in the U.S. Army.

Holiday safety promoted

One of the most heavily travelled periods we encounter is during the Thanksgiving holiday. This increased traffic has area and statewide law enforcement officials pondering what can be done to raise traffic safety awareness during this critical driving period.

Major V.J. Cawthon, Regional Commander for the Texas Department of Public Safety stated, "We know that the potential for injury and loss of life is greater during holiday periods, especially a high volume holiday like Thanksgiving. We are asking people to drive defensively."

Many motorists have heard the term "defensive driving," however, it seems few know what it involves. "Most of the art of defensive driving comes from common sense and your own instinct. Training and knowledge of the proper procedures make these senses more effective," Cawthon explained.

Defensive driving can and should become a way of life for all drivers regardless of age or experience according to safety experts. Don't assume the other driver will make the right move. Be prepared for anything.

Girls sweep City View

Iowa Park Junior High girls swept a doubleheader Monday with City View. The Seventh Grade won 28-12, with Shannon Gafford scoring eight points. Geri Merrick, Jodi Henderson and Randi Tigrett each contributed four.

The Eighth Grade rolled to a 38-15 margin behind Julea Ricks' 11 counters. Four teammates each had four points: Lindie Fudge, Amanda Thompson, Melissa Collins and Ashli Thomas.

Defensive drivers are in tune with their minds and bodies as well as the road. They are ready for any situation the road might hand them.

But, some drivers are out of tune. They give in to distractions; day-dreams, fatigue, anger, stress, frustration or perhaps alcohol. They are not prepared to react when a dangerous situation arises.

Defensive drivers also make fewer mistakes. Drivers on the average make one error for every two miles they travel. While not every mistake leads to an accident, about 85 percent of all collisions are the result of driver error. "The most common mistake is speeding. Most people don't match an appropriate speed with driving conditions," Major Cawthon added.

Jr. Hawks drop pair

City View won both their boys' junior high basketball games Monday against Iowa Park.

The Seventh Grade's inability to sink charity shots led to their 39-30 loss, as they made only 10 of 27 attempts.

Scoring eight points each were Jake Dillard, Casey McShan and Shawn Campbell.

Despite Tony Gallitan's 12 points, the Eighth Grade lost 38-23.

SCHOOL SCENE

Information prepared by
Iowa Park School Counselors

We are well into the third six weeks of school already, and everyone seems to be getting excited about getting a holiday from school. Students need to be reminded that school work will go on this month - in spite of all the other activities and impending vacation. Below are some strategies parents may want to teach their children to help them in learning and remembering information in their various school subjects.

The Office of Educational Research and Improvement of the U.S. Department of Education has done some thorough research in the area of children's success in school. Research has shown that a child's success in school is determined not just by intelligence but by the strategies he or she uses to master many facts and ideas.

Understanding a subject doesn't just happen. It takes work. It requires taking an interest in the subject, and relating new information to familiar information.

Parents can help their children use various strategies to remember. Particular strategies can be adapted to fit specific children's needs. Here are some helpful strategies:

MAKING INFERENCES. Encourage your children to try to draw conclusions from the material they are studying. When they are reading about an invention - perhaps the telephone - they could consider what people would do without the telephones.

BUILDING BRIDGES. It helps children to build a bridge between the new and the old - between new information and things they already know. They should look for similarities between the new and the familiar. For example, a child studying our court system could relate the judge's role in settling disputes to his or her own experience with arguments and disagreements.

FINDING THE MAIN IDEAS. As students listen or read, they must frequently ask themselves, "What's the point being made here?" By constantly looking for the main idea, they concentrate on learning the important

material. This also helps to keep them actively engaged in studying.

CATEGORIZING INFORMATION. Many school activities involve learning and remembering large amounts of information. Sometimes there are long lists of names and dates. When there are many items of information to learn, students should group them in categories. Students in beginning music classes don't try to remember the names and characteristics of every musical instrument, but group them: percussion, woodwinds, strings, and brass. Your children should try this technique in subjects ranging from geography to English to math.

With all the other activities and "busyness" of this month, parents are encouraged to arrange time in busy schedules for children's studying. Students feel much more adequate and secure when they show up to each class well prepared.

Booster Club to make plans

Plans for the annual football banquet will be formulated during next week's meeting of the Athletic Booster Club.

The meeting, to begin at 7 p.m., will be held Monday in the high school gymnasium. Entry is in the door between the two gymnasiums.

"We need volunteers to work towards a successful banquet," said Jim Bob Merrick, president.

Committees will be for food, decorations, advertising, ticket sales and cleanup, Merrick said. He urged parents of all high school football players to take part.

Breckenridge defense too much for Bobcats

The Breckenridge Buckaroos advanced to the regional level by defeating Childress 20-7 Friday night in Hawk Stadium.

So, the Buckaroos, who lost 10-6 to the Hawks, earned another rung in the state playoffs by beating the Bobcats, a club that handed the Hawks a 28-13 non-conference loss.

The Buckaroos will take on Marble Falls, 38-8 winner over Reagan County, Saturday afternoon in Brownwood.

The other regional semifinal game will be between the Dist. 4-AAA and defending state champions, Vernon, which knocked off Littlefield 26-22. The Lions will take on Burnett Friday evening at Shotwell Field in Abilene.

Breckenridge and Childress fans apparently knew the outcome even before the opening kickoff, as indicated by their respective turnouts.

The Breckenridge side was almost filled with green and white supporters, while the Childress side was only about one-quarter filled.

Possibly the early arrival of a cold front, accompanied by bone-chilling wind, had an effect on the crowd size.

The Bobcats, who were knocked out of the playoffs last year, 42-6 by Vernon in the quarter-finals, won everything except on the scoreboard.

In fact, Breckenridge failed to muster a single first down the entire second half.

Childress amassed 283 yards total offense to Breckenridge's 165.

But the main difference in yardage was during the final 24 minutes, as the Bucks dominated everything in the first half.

The Buckaroos scored a touchdown

in the first quarter on a 13-yard run by Darby Brockway. Caleb Myers kicked the extra point.

The Bobcats came back to tie the score with 1:28 remaining in the half, on a 38-yard pass from Ryan Gerber to Todd Morgan, and a Josh White kick.

But the Bucks got their lead back quickly -- 57 seconds, in fact.

The kickoff following the Bobcat touchdown was downed on the Bucks' 40 yard line.

Two completed passes, for 18 and 26 yards, and a 12-yard run advanced the ball to the 'Cats' four. Romney Carey plowed over on the final play of the 60-yard drive, and Myers again kicked the extra point.

So, how did the Buckaroos manage to score again during the second half, without even mustering a single first down?

A blocked punt.

Childress was unable to complete all three pass attempts after receiving a punt at the 'Cats' 46. The Bucks' Billy Bob Swan broke through the blockers, blocked the punt, and Chad Anderson picked the bouncing ball up on the 35, and raced into the end zone.

Myers missed his third extra point attempt, as the scoreboard clock indicated there was still 1:04 remaining in the third period of play.

The Bucks intercepted a Bobcat pass early in the final quarter to stop one Childress drive. That was on the 'Cat 47 yard line. Three plays later, they punted to the Bobcat 20.

On their next drive, the Bobcats advanced the ball all the way to the Bucks' 19, where they turned over

possession lacking a foot for a first down.

It was an unusual contest, in that only three penalties were walked off. And all those were against the Bucks, for 25 yards. Childress wasn't assessed a penalty the entire 48 minutes.

The victory advanced the Buckaroos to the regional level for the first time since 1982. That year, they were eliminated from the playoffs by Littlefield.

CHAMPIONSHIP TROPHY PRESENTED TO BRECKENRIDGE COACH JERRY TAYLOR ... by Chamber president Joe Hughes and provided by State National Bank.

JVees earn trophies

Both the Lady Hawk and Hawk Junior Varsities returned Saturday from Seymour with third-place tournament trophies.

The Lady Hawks actually had two teams in the tournament, with the "B" team replacing one of the no-show clubs.

The "A" team easily defeated the Seymour "B" team 76-12 in the first round, with Mandy Threet racking up 18 points.

In their first game, the "B" team was edged by Seymour's "A" 27-12. Michelle Neves was high for Iowa Park with four.

The "B" club was eliminated by a narrow, 28-24, margin by Electra. Neves again led with six points, and Francie Myers had four.

Haskell knocked the "A" club into the losers bracket Friday, 41-39. Gina Inman led with 13.

The club rebounded Saturday with a 36-25 victory over Stamford, to earn their trophy. Inman and Threet each scored six points, followed closely by Christal Fisch and Nikki Williams, with five apiece.

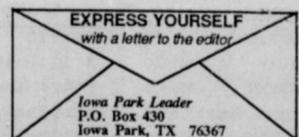

The Hawk JV rallied from a 16-4 first-quarter deficit to beat Seymour's Freshmen 49-43. They had cut the halftime score to 24-20, and tied it up, 32-32, at the end of the third quarter.

Ken Cooper and Mark de la Rosa led with 11 points.

Archer City handed the Hawks a 44-24 loss in Friday's action. Cooper and Lane Holloway each had six.

Iowa Park defeated the host Panther JV 40-29 for their trophy. A close game through the first half, Seymour led 10-9 at the end of the first period, but Iowa Park led 21-17 at the half, and increased that to 27-19 as they went into the final frame.

Randy Schmidt led scoring with 14 points, and Holloway had eight.

Thanks for the good that is, and always has been ours...

Our Thanksgiving stems from a harvest festival held by the Pilgrims to give thanks for God's bounty. They invited their Indian friends who arrived, 90 strong, carrying five deer. The food was welcome, the feast lasted for three days. That sense of sharing and of giving, continues to this day. It is called Thanksgiving.

We remember the courage, bravery and determination of our forefathers who settled on the rockbound coast of the Atlantic and pushed across the new country, regardless of dangers. We honor their memory at Thanksgiving time.

We have been blessed far beyond any dreams our forebearers may have had. For us, Thanksgiving Day is an expression of an ultimate attainment - the giving of thanks for the good that is and always has been ours.

A Happy and Blessed Thanksgiving to all.

STATE CAPITAL HIGHLIGHTS

By Lyndell Williams
TEXAS PRESS ASSOCIATION

AUSTIN - A Texas House opposition leader who polled legislators said members overwhelmingly want to limit terms for future speakers and enact several rule changes.

However, most House members would allow current Speaker Gib Lewis to complete his record fifth term before adopting limits of two or three terms, said state Rep. Dan Kubiak, D-Rockdale, who conducted the confidential poll last month.

"Generally, most members like Speaker Lewis," said Kubiak. "Members clearly did not see this poll as a referendum on his effectiveness as speaker."

In fact, most members rejected the notion of a secret ballot election of future speakers.

But 80 percent want to abolish one or more procedural committees, including the much-maligned Calendars Committee which schedules bills for floor debate.

Minority Rights Pre-cleared
The U.S. Justice Department approved, with a warning, new Texas districts for Congress, the state senate and the state school board. The House plan was rejected.

While pre-clearing new districts as fair to minorities, the department warned that it was not saying they were constitutional, particularly because of "extraordinary" gerrymandering.

Still to be resolved is a separate federal lawsuit on the redistricting issue filed by the Texas Republican Party.

Meanwhile, Speaker Lewis told the House Redistricting Committee to hold a public hearing to alter the House plan. He told the panel to change only the areas cited as objectionable in the ruling.

Budget Process Overhaul
A legislative panel last week approved a plan to overhaul the state budget process.

Under reforms adopted by the Legislative Budget Board, the state government will use long-range planning in deciding how to spend its money.

"It is the single most significant policy change in modern Texas history," said a member of the board, state Rep. Ric Williamson, D-Weatherford.

"Lt. Gov. Bob Bullock has taken the state to a different plane in terms of decision making and accountability," Williamson said. It was Bullock who proposed the plan, which will be developed in the coming year.

State officials said the focus of budget preparations will shift. The focus now is on how much money a state agency requests; under the plan, it will be on what the Legislature sets as the agency's goals and how much the Legislature is willing to spend toward those goals.

Richards for Veep?
Former Gov. Bill Clements predicts Gov. Ann Richards will join New York Gov. Mario Cuomo on the 1992 Democratic presidential ticket.

Clements, a Republican who served two terms as governor, told the Fort Worth Star-Telegram that Cuomo would win the Democratic nomination and make Richards his running mate.

"Ann Richards is going to make a strong, strong run at vice president," Clements said. "She's doing everything she can to get on the ticket."

Richards' spokesman Chuck McDonald rejected the speculation. He said the governor repeatedly has denied any interest in national office, despite her high profile outside Texas.

Other Highlights

■ Mike Millsap, the House speaker's chief of staff and a former House member from Fort Worth, resigned to become a lobbyist for the University of Texas System.

■ Comptroller John Sharp named one of his top aides, Nora Linares of San Antonio, as lottery director. Linares is a former director of Mexican-American Democrats of Texas.
