1 Year

Bill Gilmore Welding is one year old this month, and fate seems to be responsible.

Bill, son of the late Jim Gilmore and Mrs. Mae Gilmore, was born and raised here. Upon graduation from IPHS he entered the pipeline construction profession, which carried him over nearly all the states as well as Canada, South America and Europe.

His wife, the former Maryanne Chambers and their sons Cecil, Jimmy, Kenny and Billy followed him whenever possible, but looked forward to settling down at home.

When Bill came home last February neither he nor Maryanne had any idea it was to be for good. But local welders seemed to have far too much work to do, and after helping them awhile, it became apparent to Bill that he should be kind to them and relieve them of some of their work permanently.

As yet they haven't run him out of town, and a friendly relationship exists between the competitors.

Bill claims to be able to weld anything except a broken heart, and J. V. has promised to teach him that!

The family resides at 514 W. Washington and attend First Baptist church.

When Gary Vance of Bryan times bird dog field trials he uses a wrist watch that has a special meaning. He received it as an award for placing first in Texas in the 4-H dog care and training program.

Vance

Vance, 16, is one of two Bryan 4-Hers winning top awards in 1962. The other is Dick Britten, 18, who took an all-expense trip to Chicago awarded by E. I. du Pont de Nemours & Co.

Britten attended the National 4-H Club Congress in Chicago, held the week after Thanksgiving and considered the top 4-H event of the year. He was

following in the footsteps of his father, Col. Walter Britten, who attended the congress many years ago.

The youth, treasurer of the Texas Junior Hereford Association, was awarded the trip after being named best in the Texas 4-H beef program. He plans to become a rancher.

Britten began his beef project nine years ago with two calves and has built a herd of 35 prize-winning animals. One of his Shorthorn steers was named breed champion at the San Antonio Show and sold for \$1,000.

Vance was enrolled in the dog care project three of his five years as a 4-H'er, training two pointers, Mike and Tony. He is a member of the Brazos County 4-H rifle team, an activity that fits in well with the training of bird dogs.

The wrist watch was a gift of Ralston Purina Company, sponsor of the relatively new dog care program for 4-H'ers.

Mrs. Harrel Sullivan and Mrs. Ralph Beall were in Dallas Sunday and Monday attending a gift show for Parkway Furniture. Also Harrel and Mr. and Mrs. Mike Crumpton were in Dallas Sunday for a furniture show, returning home that evening.

Mrs. James D. Boucher was elected treasurer of Philia Study club at a recent meeting of the club.

Heart Fund Drive in Iowa Park will be conducted next Monday. The following organizations are furnishing workers: Jaycee-Ettes, Horizon club, Philia club, 23 Study club, Park Area Home Demonstration club, Lioness club.

Mr. and Mrs. Dale Holloway, Joe Dale and Donna Renee will move this weekend to make their home in Amarillo.

Enjoy CUSTOMIZED COMFORT

with CLEAN FLAMELESS ELECTRIC HEAT!

One of the nicest features of built-in electric heating is temperature control. With built-in electric wall insert or baseboard units, any room can have its own thermostat and the temperature can be raised or lowered without overheating or underheating the rest of the house. The bathroom can be kept at 80° while bathing, then turned down afterward. The living area can be kept at a pleasant 72°, a bedroom at 65° for sleeping comfort. You use only the amount of heat you want, when and where you want it, without waste or discomfort. You'll find electric heat is sunshine clean, too. See your electrical contractor soon about modern electric heating in your home. Or call us for information.
