If the competition had Impala's high resale value maybe they'd be No.1. Maybe.

The makers of Impala generously offer these tips to competitors to help improve their resale value. They could try adding our side guard door beam struc-

ture, heavy steel rails inside the doors.

They could do something about the rocker panel problem, as we have done with flush-and-dry rocker panels, instead of being content to let rust accumulate.

They could put inner fenders in every model, just like I ala. Who knows? Come resale time their outer fenders m ght look almost as good as Impala's.

They could hush up the sounds of old age with something like Impala's long life exhaust system, aluminized at critical points for greater durability.

Impala's cargo-guard luggage compartment is a good bet, too. A steel bulkhead separates luggage from passenger compartment. Beats paper or plywood all hollow.

We suggest an acrylic lacquer finish, so their cars will keep their shine longer.

But if competition doesn't take these tips, you certainly Buy an Impala.

Greetings to the People of Iowa Park:

Encyclopedias and reference works unite in telling those who consult them that Jesus Christ was not born on December twenty-fifth. Christmas was not celebrated by Christians for two or three hundred years after the birth of Christ.

Because we love Christ and the Bible more than the traditions of men, we believe we cannot "put Christ in Christmas" but must take His Holy Name out of this unholy and pagan X-mas. We seek, not to celebrate His birth, but to demonstrate the fact of His death conquering-life to a pleasure mad world of dving souls.

For these reasons, we cannot wish you a "Merry Christmas" but beseech you instead to turn your eyes away from "Christmas trees" to the "accursed tree" (Gal. 3:13) and see by faith the one who died there for your sins. If you already know Him, then we beseech you to "Set your affection on things above and not on things on the earth." (Col. 3:2)

We wish you, then, not Merry Christmas, but a joyous
