

ANTELOPE HUNT DETAILS ANNOUNCED

AUSTIN — The Executive Secretary of the Game, Fish and Oyster Commission announced details of the special antelope hunt west of the Pecos, October 2 to 10, inclusive. First priority will be given permit holders for the 1948 hunt who withdrew their names in time for assignment of an alternate. The alternates were those whose names were not selected in the drawing which was required when more than 702 applications for permits were made.

Regulations for the hunt provide that persons who did not apply for an antelope shooting permit in 1948 shall have number two priority. The 1948 permit holders have number three priority.

The number of permits for this fall will not be set until the results of the 1950 antelope census is completed. The Executive Secretary indicated that the total permits allowed may be less than during the last open season in 1948.

Texans with a first priority rating are being notified and are being sent application blanks. Other hunters may receive the blanks by writing the Game Department. Their names will be placed on the eligible list when they return the filled-out blank along with the \$5.00 special license fee.

The official regulation follows: "Prong-horned Antelope—Open season shall be from October 2 to October 10, both days inclusive, in the following counties: Brewster, Jeff Davis, Pecos, Reeves, Presidio, Hedgespeth, and Culberson. There shall be three separate hunts; the first to be October 2, 3, and 4; the second to be October 5, 6, and 7; and the third to be October 8, 9, and 10. Said open season shall be available only to those persons who hold a Prong-horned Antelope Hunting Permit. These permits will be issued by the Game, Fish and Oyster Commission on and after September 1, 1950, and shall cost \$5.00 each. Permits shall not be transferable or refundable. Each landowner shall be permitted to charge each person not more than \$40.00 for the privilege of hunting on his premises. Applications for permits may be post-marked not later than midnight August 31, 1950. The Game, Fish and Oyster Commission will designate on which ranch each permit holder may hunt, and he may not hunt elsewhere. Successful applicants will be notified within a few days after September 1. All hunting of antelope shall be under direction and supervision of representatives of the Game, Fish and Oyster Commission. Camping shall not be permitted except on remote ranches and only then in cases where a game warden can be

assigned to camp with hunter groups. Hunting shall not be allowed before sunrise or after sunset. Antelope may be stalked from, but not chased by an automobile. Hunters shall not shoot from an automobile or fire into moving herds of antelope. No hunter shall be permitted to carry a gun afield after he has killed an antelope. Every effort must be made to kill any antelope wounded. Hunters shall not be permitted on the hunting range before sunrise of the opening day. Shooting of game, other than antelope, shall not be permitted during the antelope season, on ranches to which antelope hunters are assigned. Before starting to hunt, each hunter shall report to the State Game and Fish Warden on the ranch where he is assigned. He shall also have his permit signed by the warden in charge, before leaving the ranch with an antelope. Each hunter shall contact the landowner or the landowner's representative and make any required payment, not to exceed \$40.00, prior to any hunting. Any hunter who fails to check in on a designated ranch by noon of the second day of hunting there, or to make suitable arrangements with the landowner or landowner's representative, shall forfeit his place, such place to be filled by another applicant. No antelope hunting permit will be issued to non-residents of this State, or to resi-

dents of this State under eighteen years of age, until all resident applicants over eighteen years of age, who filed for same, have obtained a permit. If surplus applications are received and a drawing is necessary, preference will be given applicants who were not issued licenses for the 1948 hunt, or who withdrew early enough to permit the assignment of an approved alternate applicant."

Denton Doings
Jerry Whitley

Mr. I. R. Keel of Brownwood, who wasn't expected to live is now able to be up and around again.

Violet Davis spent a week with Pat Whitley of Abilene.

Mr. and Mrs. Jute Whitley and family of Brooksmith spent the weekend with their parents, Mr. and Mrs. J. M. Whitley of Denton and Mr. and Mrs. Neal Tedford of Clyde.

Mr. and Mrs. J. M. Whitley spent Sunday with Mr. and Mrs. Allen S. Hodges.

Mr. and Mrs. George Scott have moved into their new home at 1117 Park Street, Abilene, Texas.

Harlene Davis, who has formerly been working for Mr. and Mrs. Walter Preston, his quit work and gone home.

A&P TO RESIST ANY UNWARRANTED INCREASES

NEW YORK — The Great Atlantic & Pacific Tea Company, largest leading food distributor, moved against inflation today by pledging to "resist all unwarranted price rises with all our might."

The pledge was contained in one of the rare public statements issued by John A. Hartford, Chairman of the 91-year-old food chain, who said that A&P "will cooperate unhesitatingly with our National Government in the present crises."

"We will make every effort to hold our inventories at the lowest point consistent with good service to our customers," he said, "because hoarding, whether by wholesalers, retailers or consumers, will cause higher prices."

"We will continue to maintain the lowest profit rate generally prevailing in the entire industry. Our net profit now is less than one cent on each dollar of sales." The current profit rate cited by Mr. Hartford was even lower than the profit of 1.15 per cent of consolidated net sales reported by the company for the fiscal year ended Feb. 28, 1950.

Mr. Hartford said a full statement of the company's policy in the current National Emergency will appear over his signature in Nation-Wide newspaper advertisements later this week.

In today's statement, Mr. Hartford pledged A&P to continue to strive for more efficient distribution and to fight any waste of food, time or money so as to narrow the spread between wholesale and retail prices.

"With our boys fighting in Korea," he said, "we believe that all citizens and all businesses, big and little, should devote themselves wholeheartedly to the public interest."

Mr. Hartford said he was mindful that the company's policy of low cost and low profit in the mass distribution of quality food currently was under attack in a suit brought by the Anti-Trust Lawyers to destroy A&P. But, he emphasized, the "Greater conflict in which our country is now engaged takes precedence over all else."

"We will strive always to do what is honest, fair, sincere and in the best interest of our country and our customers," he said. "And we promise that we will continue to do everything in our power to put more buying power in the consumer's food dollar, and more good food on the family dinner table."

Mrs. Roy D. Williams of Baird, and her sister, Mrs. C. C. Peek of Houston, have returned from Los Angeles, Calif., where they have been visiting in the home of their sister, Mrs. Ada Shelton and family.

HEALTH FACTS

AUSTIN — "Now is an excellent time for school children of all ages to make a trip to their dentists' offices," Dr. Geo. W. Cox, State Health Officer reminds Texas parents. Since school progress in influenced by the pupil's health, which is in turn affected by mouth conditions, it is wise to visit the dentist during the summer vacation and obtain any needed treatment before school starts.

"It is dangerous to assume that there is no need for dental attention simply because a child does not complain of a tooth ache or the parent does not notice any cavities. Only careful examination by a dentist can justify such a conclusion."

"Children entering school for the first time are particularly in need of dental attention. Usually they are at the age when the first four permanent teeth, the sixth year molars, appear. Because these erupt before the shedding of any baby teeth, they are often mistaken for baby teeth. Since these are important teeth they should receive early and regular attention by the family dentist."

"Postponement of a visit to the dentist may result in pain and discomfort for the child later on. To avoid such suffering and to prevent the development of conditions that may require more extensive dental services at a later date, parents are strongly urged to take their children to the dentist for an examination now. Prompt action will allow time to complete any needed corrections before school opens."

Mr. and Mrs. R. L. Alexander left Saturday for Hot Springs, Arkansas, for a ten days trip.

AREA STUDENTS ENROLLED AT A. C. C.

ABILENE — Three students from Baird or the immediate surrounding territory have enrolled in the second semester of summer school at Abilene Christian college, Abilene.

They are James R. Ashlock, son of Mrs. Ralph Ashlock, Baird; Sam Gorman, son of Mr. and Mrs. W. F. Gorman, Baird; and Hinds A. McGowen, Jr., son of Mr. and Mrs. H. A. McGowen, Ira.

J. B. Crutchfield of Breckenridge visited his mother, Mrs. G. W. Crutchfield the past weekend.

CITIZEN AND TAXPAYER... in 123 towns

IN YOUR community... and in 122 other towns and communities in Texas, Louisiana, New Mexico and Arkansas... The Texas and Pacific Railway and its subsidiaries is a citizen and a taxpayer. It helps support and maintain schools and roads, police and fire protection, streets and parks and all the other functions performed by the federal, state, county and municipal governments in these 123 communities. In 1949 it helped to the extent of paying a tax bill of \$5,892,975.01!

No other form of transportation contributes so much to the cities and towns it serves.

The railroad is the only form of transportation that pays its own way all the way—that uses its own money to build and maintain its roadway, and then pays local and state taxes on its roadway. The Texas and Pacific Railway means more than efficient, dependable transportation. It is a good neighbor... a taxpaying neighbor... interested in the communities it serves and in helping the communities build, develop and prosper.

Here are the taxes paid by the Texas and Pacific Railway and its subsidiaries in 1949:

Federal	\$4,245,670.67
State	527,312.27
County or Parish	209,766.20
Road (highway)	142,501.09
School	458,393.19
Drainage-Levee, etc.	82,838.10
City	226,493.49
Total	\$5,892,975.01

TEXAS AND PACIFIC RY.

What a stepper!
V-8 or "Six" she steps out like no other low-priced car. Yet you can own a V-8 for hundreds less than most "Sixes"—a Ford "Six" for even less.

What a stopper!
Ford's 35% easier-acting King-Size Brakes use car momentum to help you stop. Like Ford's extra-rugged "Life-guard" Body, they give you the kind of protection you'd expect only of costliest cars. And for added safety and comfort, there's the low and level "Mid Ship" Ride—you're cradled between the wheels.

What a looker!
Ford's "Fashion Car of the Year." And Fords stay good looking with baked-on finish "made to live outdoors." That means high resale value which, with Ford's low running costs, spells real savings.

And what a saver—all the way!

NEIGHBORLY ATMOSPHERE BOON TO BAIRD

Visiting on the streets seems to rank high on everyone's list when they come to Baird to trade. We like to see the folks meet and chat and enjoy each other like they do. The neighborly atmosphere that prevails is a feeling that breeds friendship and happiness . . . a feeling that is good for the whole community. Surely there is no other town in the country that displays so great a measure of friendliness.

This is one of the by-products of trading at home. Everybody knows everybody else, and they get the most for their money when they meet on friendly ground and trade in friendly ways. This idea of trading at home is something that is good for the whole community. The merchants of Baird are progressive minded business men intent upon serving the folks in this area with the things they need for every-day good living.

The Home Town Trade Dollar does double duty. It not only provides you with the things you need, but also helps to pay for so many other good things, like the ball teams, support of our churches, schools, library, and otherwise builds a better community. The dollars you spend in Baird further the well-being and prosperity of the town as a whole. Your dollars provide employment for local people; and pay taxes which are used to make the community a more desirable place in which to live.

Yes, it's smart to trade at home. That's why most folks in our community make it a regular practice. They find it a real pleasure to do business with merchants who are able to handle their every need . . . merchants who are friendly and whose every effort is toward serving them better. Trading at home is one way in which everyone can help make Baird an even better place in which to live, work, and raise our families.

One farmer we met recently made the remark "If you kill the cow, she won't give any more milk." In other words, if you want a good grocery store, patronize it. If you want a good town, trade at home.

THE MOST VALUABLE POSSESSION

Many people are looking for the gold that glitters in the hand . . . WEALTH. Those who haven't found it believe it is life's most wonderful possession. Those who have found it have often learned otherwise.

Some wiser people are looking for the gold that glitters in the heart . . . HAPPINESS. Those who haven't found it believe it the most perfect treasure in life. Those who have found it tell us that the glitter of happiness is never free of the tarnish of sorrow.

The gold we need most is the gold that doesn't glitter. Christ called it TREASURE IN HEAVEN. It is the everlasting richness in life that comes with unselfishness, sacrifice, love, devotion to others, faith in God.

The Church is a gold-mine of spiritual opportunity . . . a treasure-house of sacred truth. Its worship and its teaching enrich human life. The Church will lead you to God! And God will lead you to the unfailing Gold!

County Agent's Column Oliver F. Werst

44 Callahan 4-H Boys Attend Camp

Forty-four Callahan County 4-H club boys attended the annual six County camp at Lake Cisco on July 18 and 19. While at the camp the boys took part in swimming, baseball, track, pole pillow fighting, washers, horseshoes, and boxing.

Keelon Hays, Clyde 4-H boy, took first place ribbons in the pole pillow fighting and the 90 pound weight division of the boxing.

Ray Green, Putnam 4-H boy, took second place in the swimming races.

In the track meet, Gene Bush, Cross Plains 4-H boy, took third place in the 50 yard dash, and was anchor man on the relay team that took third place. Other boys on the relay team were Norman Bales and Jimmy Hicks of Clyde and Kenneth Beeler of Cross Plains.

Johnny Kniffin of the Clyde 4-H club took second place in the washer pitching contest.

The Callahan County Baseball team took second place at the camp. The County team beat Shackelford County by the score of 20 to 6 and then in the semifinals beat Eastland County 11 to 8. In the finals Palo Pinto County beat our Callahan nine by the score of 13 to 6. Hubert Donaway of the Putnam 4-H club did most of the pitching for the Callahan boys.

Jimmy Hicks of Clyde and Floyd Wood of Baird were elected by the boys as delegates from this county on the camp council. They served with two boys from each of the other five counties

in directing the affairs of the camp. There were 220 boys from all six counties and about 25 adult leaders who came along with the boys to help the county agents. Counties at the camp were Jones, Eastland, Stephens, Palo Pinto, Schakelford and Callahan.

Mr. L. G. Kerby of Baird spent the complete time at the camp with the Callahan County boys. Others who helped in making the camp a great success by transporting boys to and from the camp were Ralph Short of Baird, Mrs. George Lambert of Baird, R. L. Hicks and Mr. and Mrs. Marion Hays of Clyde, Mr. and Mrs. Claude Beeler of Cross Plains, Mr. and Mrs. John D. Isenhower of Putnam and M. M. Caldwell of Baird who loaned the agent his pickup to help carry the boys to the camp.

Boys who attended the camp were: Stanley Lawler, James Lawler, Terry Cearley, Gene Bush, Kenneth Beeler, and Harold Dale Gary, all of the Cross Plains 4-H club. From the Baird 4-H club were Lynn and Glenn Beasley, Joe Waggoner, R. D. Robbins, Jack Hendricks, Coy Williams, Alvin Williams, D. Young, Floyd Lee Wood, Glen Kerby, Jack Corn, Lynn Cook, George Lambert, and Robert Bryant. From the Clyde 4-H club were Bobby Rurrh, Joe Frazier, Johnny Kniffin, Jerry Dale Griffin, Jimmy Hicks, Keelon and Robert Hays and Norman Bales. Putnam 4-H boys were John Doyle Isenhower, Hubert Donaway, Tom Ames, Dan Reed, Ray and Hall Green. Other boys were Leroy and O. J. English from Rowden, George and Albert Meissner and Bobby Crawford from Denton; Winifred Gardner, Jack McFee, and David McClure from the Sula 4-H club; and Hulon Crawford of the Opalin 4-H club.

ing in cotton fields of the county at this time. If you haven't looked at your cotton closely, it would be a good idea to walk out in the middle of the field and look for the leafworms. Every part of the county has reported leafworms doing damage to the cotton. Boll weevils are also thick this year and really doing the damage.

Both the leafworms and boll weevils can be controlled with the same dusting or spraying material. If you have spraying equipment, use the Toxaphene or the 2-1 Toxaphene and DDT mixture at the rate of 2 to 3 pounds per acre at 5 day intervals. This will also get the flea-hopper, bollworm, lygus and rapid plant bugs, stink bugs and grasshoppers. Spraying can be done any time of the day when the winds do not exceed 15 to 20 miles per hour. When the cotton is not too tall, one nozzle per row is enough. Nozzles can be increased to a maximum of three. Sprays should be applied at approximately 60 pounds pressure and total volume of 2 to 8 gallons per acre.

If you have dusting equipment there are three things that you can use to get the leafworms and boll weevils. 20% toxaphene-40% Sulphur mixture can be dusted at the rate of 10 to 15 pounds per acre. Then too the 3-5-40 mixture can be used at the same rate per acre. 3-5-40 means 3% gamma benzene hexachloride-5% DDT-40% Sulphur. These two dusts are also good for bollworms, flea-hoppers, lygus and rapid plant bugs, stink bugs and grasshoppers.

If you cannot secure either of the two dusts mentioned, then Calcium arsenate can be dusted on at the rate of 7 to 10 lbs. per acre for the control of leafworms and boll weevils.

Cotton Insects
Cotton leafworms are appear-

The presence of new insects is not indicated in this column. Applications of insecticide must be re-

peated if washed off within 24 hours.

The county agent will be glad to help anyone in trying to secure a supply of insecticides or with any of your insect control problems.

Spray Those Peaches

For those who have peach trees with a few peaches left this year, it would be a good idea to give them a sulphur spray now. Recent showers add importance to continuing the sulphur spraying on the late varieties of peaches that will ripen in the next thirty days. Use 5 pounds of wettable sulphur to 50 gallons of water to prevent brown rot and scab. If rain comes, repeat in 24 to 48 hours.

Aphids on Canteloupes and Watermelons

A 1% lindane dust will give excellent control of the aphids on canteloupes and watermelons. Lindane is the pure gamma isomer of BHC and dust used on vine crops must be from the pure isomer or the material will burn.

FARMERS URGED TO FILL OUT APPLICATIONS

Nearly all organized cotton improvement groups of farmers in this area have filed their applications for cotton classing and market news service they will receive under the Smith-Doxey Act, according to H. J. Matejowsky, who is in charge of the Abilene cotton office of the U. S. Department of Agriculture's Production and Marketing Administration.

"Farmers should see to it that the applications for their group is filled at once so they will not miss any of the advantages of this program," Matejowsky said.

Deadline for filing applications necessary for dusting. Application of insecticide must be re-

GEN. MARSHALL SAYS RED CROSS ALREADY AT WORK

WASHINGTON — General George C. Marshall, American Red Cross President, today announced that 11 American Red Cross workers, including three women, are now on active duty with American troops in Korea. Two more field directors are en route to the battle zone with combat outfits and three others are awaiting transportation from the west coast, he said.

The eight Red Cross men in Korea are field directors attached to combat units. The three women are hospital workers.

General Marshall announced also that a quarter of a million trained Red Cross volunteers already are in service in this country and that reserves can be mobilized for duty immediately.

"The American people, and particularly the families of men in the armed forces, can be assured that the Red Cross is on the job in Korea and that its volunteers are already at work here at home," General Marshall said. "With Red Cross men in the field the organization maintains its traditional role as the link between the serviceman, wherever he is, and his family at home."

He also gave assurances that he was immediately ready to provide trained Red Cross staff workers for all combat organizations which are established in the future.

General Marshall said Mrs. Joe Hume Gardner, national administrator of Red Cross Volunteer Services, was responsible for the state of readiness of a trained army of volunteers.

"Mrs. Gardner, herself a volunteer, has devoted three years of hard work to the development of a trained volunteer organization which is now in a state of readiness for almost any emergency," he said. "This organization is nationwide but extends also into Alaska, Hawaii, Puerto Rico and the Canal Zone."

According to Mrs. Gardner, additional volunteers are now needed in Red Cross chapters participating in the National Blood Program, in chapters adjacent to military camps and hospitals, and in port cities. Elsewhere volunteer reserves and inactive workers should maintain contact with their local chapters.

The Red Cross went into action as soon as the Korean conflict began, according to General Marshall.

As American evacuees from the war zone arrived in Japan,

To replace its supply of comfort articles now being to troops, the Red Cross headquarters in Tokyo cabled Washington for 100,000 tubes of toothpaste, 2,000 towels, and 25,000 cartons of cigarettes.

To provide whole blood for the wounded the American Red Cross headquarters in Tokyo assisted the military authorities to recruit over 2,000 donors to maintain an adequate reserve at all times. The blood was processed through the 40th Army Medical Laboratory.

THREE LIVESTOCK OFFICIALS RECEIVE DEGREES

Honorary Future Farmer Lone Star degrees were conferred on three San Antonio Livestock Exposition officials at the final meeting of the three day FFA state convention held in the Alamo City.

Perry Shankle, president of the San Antonio Stock Show was presented with his degree for his leadership in initiating the 1950 exposition. FFA officials lauded Shankle for the highly successful, educational and financial features enjoyed by Future Farmers.

In addition to his contribution through show channels, Shankle was cited for his work with the teachers of the area in promoting a better Future Farmer program of activities.

Perry Kallison, well known throughout South Texas as the "Old Trader," was presented with a degree for exceptional fine publicity contributed to the Future Farmer program. He was cited for his contribution of time, thought and money to the advancement of Future Farmer work in the San Antonio area.

Joe Freeman, chairman of the board of directors of the Alamo City stock show, was given his degree for his exceptional leadership and foresight in promoting livestock and agriculture activities for rural youth of South Texas.

Mr. and Mrs. R. E. Bounds had the pleasure of having all their children at home Sunday, July 16. They were Mr. and Mrs. Bland Bounds of Evansville, Ind., who spent their vacation here; Mr. and Mrs. J. C. Taylor and daughter of Olney; Mr. and Mrs. Pat Bounds of Abilene; Mr. and Mrs. Arnold Colcleasure and son, Arnold, Jr., and Mr. and Mrs. Connie Brown and Mickey all of Baird.

HEALTH FACTS

AUSTIN — When a state health authority says there is no such thing as a natural resistance to impetigo, parents of small children know exactly what he means. Those parents know, perhaps from bitter experience, that the same individual can suffer repeated attacks from what State Health Officer Geo. W. Cox calls an "offensive, annoying skin infection."

Although children are unusually susceptible, impetigo can be found in any age group, Dr. Cox said. It is most prevalent during the summer months, but has been known to occur at any month.

Impetigo, according to Dr. Cox's explanation, is a purulent skin infection. It isn't too serious, except in new born babies. An invasion of a hospital nursery ward calls for extreme attention to keep uninfected babies from getting it, for it spreads like fire in dry grass.

Impetigo is caused by a pus forming bacteria called staphylococcus—the same sort of germ found in boils and sores where pus is present. Usually it forms an unsightly crust over wide areas of the body. The pus underneath the crust is highly infectious if allowed to get on any other skin surface.

The infection is easily transmitted when a non-infected person uses the towel of someone infected, since the towel moisture permits the germ to survive.

Children living in the most hygienic homes frequently get impetigo, although it is perhaps more common among children living in homes where personal sanitation isn't considered too important.

Dr. Cox says soldiers are often infected, because they have small chance for keeping consistently clean. It may involve a whole arm, or a side of the face and neck.

The only way to minimize the ill effects of impetigo is to keep the infection localized, that is, keeping it from spreading. This can be done only by preventing the pus or serum from exuding onto "clean" skin surfaces.

The family physician is the infected child's best friend. He'll advise the mother how best to combat the ailment, and how to keep it from spreading to other members of the family.

FORT BLISS RECEIVES LETTER FROM GERMANY

FORT BLISS — World War II days when hundreds of German prisoners of war were stationed at Fort Bliss were recalled this week when the Post chaplain received a letter from an American chaplain at Birkenfeld, Germany.

The chaplain overseas, Capt. Frank W. Smith, asked that a photograph of the grave of a German prisoner of war, buried in the National Cemetery at Ft. Bliss, be forwarded to him for presentation to the soldier's parents who had requested a picture of their son's final resting place. Post officials are complying with the request.

The 22-year-old prisoner of war whose grave was photographed was Pvt. Ludwig Welsh. He died in William Beaumont General Hospital on March 13, 1946, of injuries received in the explosion of a "dud."

Mr. and Mrs. Billy Hall Walls, Mr. and Mrs. W. V. Walls, Mrs. Bob Beck and George Fred Walls spent Monday at Lake Brownwood.

WESTON CITIES TREND AGAINST GAME HOGS

AUSTIN — The Hill Country of Texas, through increased conservation sentiment and better cooperation by the courts, is pointing the way to better wildlife protection, according to an article in the current "Texas Game and Fish" magazine.

The author, Fred Weston of San Antonio, Vice-President of the Texas Wildlife Federation, writes that universal adoption of the Hill Country movement "will mark the beginning of a downward trend in game law violations in Texas."

Weston emphasizes that "convictions for game law violations must not be considered the ultimate goal of game and fish conservation." "Rather," he goes on, "it is the prevention of violations with which we should be primarily concerned. Prevention is brought about by two conditions. Sincerity of conservation beliefs is one, and sure punishment of violators is another."

"Both conditions exist in much of the Texas Hill Country. More and more individuals are becoming conservation-minded and certainly the knowledge of the great number of convictions obtained in this area prevents many violations because of the fear of getting caught."

Weston stresses that while reports of game law violations disturb sportsmen, that citizens are not alarmed in sufficient force. This, he explains is "because of the philosophy that warps the minds of otherwise law-abiding citizens and lets them violate a game law with no strain on their conscience."

He pleads for application of the same reaction to ordinary crime to game law violations since "killing deer out of season is just as much a violation of the law as is burglary, for all laws are adopted in the interest of protecting the rights of all citizens." He recommends wider use of citizen-warden teams, so successfully used in the San Antonio area.

STATE FAIR OF TEXAS

Numerous cities throughout the Southwest will toot their own horns by active participation in the 1950 State Fair of Texas Mid-Century Exposition, October 7-22. James H. Stewart, executive vice president and general manager, has announced.

The list of cities requesting special days and facilities for programs is growing daily, Stewart said. Chambers of Commerce and businessmen's groups have become increasingly aware of the promotional possibilities for communities at the greatest state fair on earth with an annual attendance of more than 2,000,000, he said.

High school bands will provide a musical boost for the old home town by playing concerts on the fairgrounds and marching in the great "Parade of the Decades," which will be a nightly feature of the 1950 State Fair.

Typical of plans being made by cities are those of San Angelo. The West Texas city has asked that Wednesday, October 11, be designated as San Angelo Day, to coincide with Texas Sheep and Goat Raisers Day. San Angelo, of course, is the hub of the sheep and goat ranching country.

City and Chamber of Commerce officials expect a large

delegation from visit the Fair, special Sant Fe t tickets to two m attractions—"Sou "Ice Cycles"—hav ed by the group.

COMPANY GRADE OFFICERS MAY REQUEST RECALL

AUSTIN — Colonel Oscar B. Abbott, Chief of the Texas Military District, announced here today that Company grade officers (through the rank of Captain) of the Active, Inactive or Honorary Reserve may request recall to active duty in the following services: Medical Corps, Dental Corps, Medical Service Corps, Chaplains, Corps of Engineers, Ordnance, Signal Corps, Staff (Branch Immaterial), Finance, Chemical, Infantry, Armored, Field Artillery, Coast Artillery, Army Nurse Corps and Women's Medical Specialist Corps.

Officers recalled must agree to serve for one, two or three years. Officers must be able to complete signed category prior to reaching the following ages: Combat Arms — Lieutenant, thirty-five and Captain, forty-one; Services—Lieutenant, 41 and Captain, 45.

Texas active Reserve officers desiring recall will apply to the Chief, Texas Military District through their unit Instructor. Members of the Inactive and Honorary Reserve should submit applications directly to Headquarters, Texas Military District. Officers of the National Guard of the United States will forward application through National Guard channels to the State Adjutant General. Arrangements for complete final type physical examination of eligible applicants will be made by the Chief, Texas Military District. The final selection of applicants rests with Department of the Army. Officers being recalled will be required to report for duty within one month after issuance of orders.

Colonel Abbott desires that all eligible officers expedite processing of applications for active duty and follow application procedure indicated and to take no other action. Officers not now eligible under this program are advised to keep in contact with Unit Instructors for official information on any changes in requirements and refrain from submitting applications until there is a requirement for their services.

EL PASO LAKE IS RENOVATED

AUSTIN — The largest lake renovation project in Texas history promises to improve the fishing sport for residents of El Paso in the extreme southwestern area of the state.

Under the supervision of the Game, Fish and Oyster Commission, Ascarrate Lake which comprises about 60 acres, has been rid of all fish life so that a new and balanced stock of game fish may be placed in the waters.

The Chief Aquatic Biologist who handled the undertaking recommended that the lake be closed to fishing until next May. That will allow ample time for the new supply of fish which will be distributed about August 1, to get a good start.

The old fish population which had deteriorated so that carp and shad predominated, was cleared out by spraying the waters with a chemical substance which causes fishes' gills to swell. They are forced to the surface where, in the case of the El Paso project, they were seized by thousands of persons attracted by the rare handout. There were a very few game fish.

A new stock of game fish will comprise bass, catfish and crappie. A filter system will be installed at the inlets to the lake to keep out the undesirable species.

The El Paso county fish restoration project was financed by funds raised through a former local license law. Under that statute, now replaced by the statewide fishing statute, El Paso

County retained at least 90 per cent of money obtained through sale of licenses to fish in that county.

Cottonwood Chips

Mrs. Bill Cross Community Chatter Carefully Collected For Your Consideration.

We are wishing Miss Hazel a speedy recovery from a nervous shock due to the fact when she entered her post office Monday morning to find the post office safe had been blown open by someone who felt they wanted that money.

The M. E. revival is under way at the Methodist church with the pastor doing the preaching again. We ask your prayers in behalf of this meeting.

Ralph Fulton of Weslaco, Tex. is visiting his grandparents, Mr. and Mrs. V. L. Fulton.

J. R. Lawler of Llano is visiting his son and family, J. W. Lawler.

Mrs. Bill Cross and Mrs. Emma Hargrove spent the night with Aunt Fannie Price of Admiral last Friday. Her friends will be glad to know she is moving to Baird soon.

The farmers are really busy in this section trying to keep down that grass that just loves to grow up with peanuts.

Ask and it shall be given you; seek and ye shall find; knock and it shall be opened unto you.—Matt. 7:7.

Mrs. T. M. Allen and Mrs. Ross Farmer, with their mother, Mrs. J. J. Gibson, visited at The Star office Saturday.

Mrs. Callie Marshall of El Paso, and Mrs. R. M. Pyeatt of Clyde were guests of Mrs. Roy D. Williams and Mrs. C. C. Peek Wednesday.

Eula Episodes Mrs. R. G. Edwards Elevating Elucidations for the Enjoyable Enlightenment of Everybody Everywhere.

Mr. and Mrs. B. J. Edwards and daughter Jonel of Hamlin and Mrs. Hilton Yates of Midland were week-end guests in the home of Mr. and Mrs. J. E. Edwards.

Mr. and Mrs. J. B. Edwards and children of Sweetwater were visitors Sunday in the home of his brother R. G. and family.

Mrs. Britt McCarver of Ecu, Mississippi is visiting in the home of her daughter, Mrs. Cole Warren.

Misses Robbie Alice and Bobbye Joyce Farmer have been visiting in the home of their aunt and uncle, Mr. and Mrs. Bill Morrow, of Abilene.

Misses Nita and Anne Black are guests of their aunt and uncle, Mr. and Mrs. David Gamble of Merkel, on a fishing trip near Menard this week. Next week they plan to go to Dallas where they will visit their grandmother through the month of August.

There is a building spree in the community. Mr. and Mrs. Newt Trotter are giving their house a real face lifting. Mr. and Mrs. Aaron McKee have the ground cleared about 250 yards from their present location for a new house. Mr. and Mrs. Earl Millorn are constructing two new garages. They will start soon on a lovely new house. Mr. and Mrs. Lester Harris are in the process of re-modeling their home. Others here and there have plans for improvements in

like that when the temperature is hovering around 100 in the shade.

Brother Walter Dever of Clyde is conducting the Revival for the Baptist people and thus far, there have been good crowds and much interest. Everyone is invited to make plans to attend the remaining services.

The Methodist are going strong yet in their building and improvement program. Several months ago they completed five new Sunday School rooms. Now they are concentrating their efforts on the main sanctuary. Last week seats were installed and as soon as the busy season is over they plan to refinish the floors and walls. They will really be in style and up townish. More power to them and may they prosper in the Lord's work. The condition of a community church speaks well of the people.

Mr. and Mrs. Fred Hart and grandsons, Don and Lynn, went to Lubbock Sunday. Don and Lynn remained in Lubbock with their parents, Mr. and Mrs. R. H. Garner, after spending a week with their grandparents here.

Mrs. B. F. Andrews and daughter, Gloria Jean, of Abilene, and Mrs. Stafford Alexander of Houston were Baird visitors Tuesday.

LET US BUY A BOTTLE OF V-T FOR YOU

FAMOUS PRODUCT MAKES AMAZING OFFER TO SUFFERERS

NO PEP WEAKNESS INDIGESTION HIGH AND LOW BLOOD PRESSURE ARTHRITIS RHEUMATISM HEADACHES

We will buy you a bottle of famous V. T. That is right. If you suffer from a rundown, weakened condition. If you have indigestion, arthritis, rheumatism. If you have high or low blood pressure. If you feel tired and have no pep, or vitality and are nervous and can't sleep all from the deficiency of the essential vitamins and minerals in V. T., here is an astounding offer to such sufferers. V. T. is a scientific formula Balanced, yes balanced, between vitamins B1, B2, P-P and the minerals copper, manganese, calcium, phosphorous, iron and liver extract. If your weakened painful condition is due to a deficiency of these minerals and vitamins of V. T., get a bottle of V. T. today. If V. T. does not in every way live up to your expectations, we will buy the empty bottle back from you at full retail price and V. T. costs you nothing. You owe it to yourself and family to try V. T.

WARNING TO PEOPLE TAKING TONICS

Some so-called tonics depend on alcoholic content to give you a "false" pick-up. Use of such a tonic may create a dependence, a craving such as whiskey creates. V-T contains no habit forming alcohol. Its merit is scientifically and honestly based on its body beneficial proved vitamin and mineral ingredients. Be on guard. Look at the label of any tonic before you buy.

TAKE A TIP FROM ME TAKE V-T

SATISFACTION OR MONEY BACK

V. T. is a balanced formula containing essential vitamins and minerals. You owe it to yourself to try V. T.—thousands use V. T.

MRS. D. A. ROBERSON "In 1938 I suffered untold misery in my left leg. After taking 5 bottles of V-T I got all right. In 1940 I was taken bad with my right leg this time and took 5 more bottles of V-T. I haven't suffered since this date. I think V-T is wonderful."

LAWRENCE ALBRIGHT "I suffered from low blood pressure and was so run down I was unable to do my work. I would run out of breath and had lots of gas on my stomach. Nothing seemed to help me until a friend told me about V-T. I shall always be grateful."

RY

The administration unit in an effort to solve problems in a manner. I shall keep a record of records so that authorities can have information they need for the operation of their county superintendence. I will keep in the Legislature in all I can to promote laws that will be to the county. I will ask the county with whom I have as to my ability to do a good job. Sincerely, L. C. Cash.

MEMBERS OF PRECINCT, CALLAHAN COUNTY:

Express my thanks to all who supported my campaign for Commissioner of Callahan County. I am deeply grateful to those who went to the polls for me. I received 13 votes and I feel that my friends have assured me that I do all that I can for our precinct, wherever they are or have voted. I have been slightly disappointed in the past but I have tried to distribute my money into consideration of people served and the money I received. The rest of the money will follow along these lines in the next term if elected. I will make an extensive canvass in my family and neighborhood which contract in August of rains toward every effort to be made between now and then and earnestly solicit your influence, solely for the benefit of the people of Callahan County.

G. Mobley. 1tp.

Living, 609 Delaware Street, Indianapolis, Indiana, who has been cured from deficiencies of Iron, B12, and B6. Iron, and she pours her heart into coffee. Mrs. Mobley is like it is ago. "that is, I've been taking HADACOL and she can't get over her HADACOL has a look on life. She says: "Three months ago mine told me HADACOL—she knew each distress I have had of food that was affected in it just it affected my condition. When I went to I felt miserable I didn't eat these had a proper diet. Then, when I had HADACOL, I immediately. I've got my house now—and I keep HADACOL. I have told many HADACOL—and they for telling them. They all have had full results from me I have. Now I want and get a rep. I can't praise enough."

Help You, Too! HADACOL has helped thousands of systems lacking Iron and Niacin. Hundreds of doctors recommend HADACOL. The HADACOL is effective for stomach nervousness, indigestion, aches and pains, and a general condition caused by deficiency. Always insist on HADACOL. No risk in a bottle of HADACOL—trial size, \$1.25. If family or hospital use, HADACOL does your money will be well spent.

FOLKS

In Our Home Town

By Atrelle Dill

Bob Estes, Baird's young rodeo producer, has a reputation as being a stockman, bringing in the toughest horses, the wildest steers, and just whatever is needed to keep his outfit tops in bucking stock—but Bob proved last week that he never fails to "bring in the beef" whether on hoof or otherwise. Returning from the Olney show to home headquarters, Bob had the problem of a calf with a broken leg. Usually, such an accident is chalked up to hard luck, but not with Bob—he stuffed the critter into a deep freeze box and came home, literally "rounding up" the sirlain. Congratulations to those two Bairdites, Mr. and Mrs. Mulligan, who visited in California this summer and won places on the "Queen for a Day" radio broadcast there. Both received lovely gifts of Gruen watches, besides giving the home town and our people a plug on a national radio hook-up. Also bidding to win Baird recognition is the Morgan-Long pickle factory, manufacturing a choice product of high quality right here in the home town. George Morgan, with his A-plus personality and his get-up-n-

do-it attitude toward anything he undertakes, is just the fellow to do it, too.

Still more congratulations to Baird folks who are doing things — to Mr. Barnard, Jr., who won himself a crown in the Abilene baby contest. No effort on his part, either, he won it by just being himself and smiling in that cute way he has — then walking off with the honors.

Best wishes to Tommy Sue Pruitt, who is five years old this week and celebrated the event with a party.

Hello to Emmajean Bunkley and children of Pasadena, who are visiting Mrs. Bunkley's aunt, Mrs. Lizzie Estes.

NAVAL ACTIVITIES NAMED BY EIGHTH NAVAL DISTRICT

NEW ORLEANS — Four naval activities have been named by the Eighth Naval District to pro-

cess and give medical examinations to enlisted Wave reservists who volunteer for active duty.

They are the naval station here, naval air stations at Dallas and Corpus Christi and the naval station at Orange, Texas.

Waves belonging to organized or volunteer units were asked to apply for active duty through their commanding officers. Others should apply by letter directly to the district commandant, district headquarters announced.

Volunteers must have at least one year's obligated service remaining in their enlistments. Accepted volunteers will be ordered to one of the three Texas examining activities or to the naval station here.

Qualified applicants will then be sent to Corpus Christi for outfitting and to await permanent assignment by the Bureau of Naval Personnel.
