Heavy Rainfall Floods Famous Department Store

Last Saturday some Iowa Park people thought that new song "The Water Is Getting Higher, Mama," was written for them!

Around 3:00 p.m. dark clouds rolled in and let the bottom open up — 4 1/2 inches of rain fell.

Several streets looked like rivers, and especially Cash street. The Famous Department Store took the brunt of it. Water backed up from Cash and Yosemite streets into the store four inches deep.

Firemen with two trucks pumping, customers and friends helping with brooms and putting merchandise up on higher places, soon had the critical situation well under control.

As we have said many times before—we might disagree on political and other things in Our Town, but when a fellow needs help where can you find better people to pitch in and do the job than in Iowa Park?

Some thought S. B. Keeter, owner of the Famous, ran and hid (and we wouldn't blame him), but you know that man was in Big D buying new merchandise to be sold to us. He and his clerks just about have the store dried out now.

The Famous wasn't the only location having water trouble. A great flood of water invaded the Thompson Tool company offices. Several homes leaked, and many yards were flooded. Many sewers had to be unplugged as an aftermath of the surplus of water.

Our state had the highest accident rate in the nation during the Independence Day weekend.

There were 16 present for the meeting. After adjournment the members made a surprise visit to one of their members who was recently married, Robert Wilcox. Coffee and cake were enjoyed by all.

Chapmans Buy Roling Cafe

City Cafe, formerly Rolings Cafe, at the corner of Cash and Walls streets, is now under new ownership and management.

A. E. (Chet) Chapman and Ross Chapman are co-owners of this popular cafe.

Chet Chapman comes to Iowa Park from Unionville, Mo., with 30 years of cafe experience.

Ross Chapman is the local chief of police.

City Cafe will be open on Sundays at 7:00 a.m. and will have special Sunday dinners for \$1.25. Short orders, homemade pies and cakes will be on the menu.

Week days the cafe will be open from 5:00 a.m. to 8:00 p.m. The specialty each day will be homemade pastries.

They will also offer children's plates, plate lunches and dinners.

Chet and Ross invite the people of the area to come in and enjoy good food, friendly atmosphere, and courteous service.

Mrs. A. E. Chapman plans to move to Iowa Park soon. She and Chet attend the Baptist church. The Ross Chapmans attend the Methodist church.

Service Guild

Members of Wesleyan Service Guild enjoyed a covered dish dinner at the Methodist fellowship hall at 7:00 p.m., Monday, July 13. Addison Cutter gave the invocation. He and Mrs. Cutter were special guests.

Mrs. C. J. Thurber, who is coordinator for the WSCS and the Guild, assisted in completion of the yearbooks.

Thelma Gay, incoming president, was given a life membership and a pin for distinguished service.

Jaycees met last Thursday night at 8:00 in the Jaycee room at the Youth Center with J. D. Rowntree in charge.

Ronnie Deloy reported 37 persons have contributed 37 pints to the Jaycee Blood Drive, bringing the total down to 54 delinquent pints for Iowa Park. In other words, area folk lack 54 pints replacing blood that has been used for them from the Red Cross blood bank.

Jaycees are trying to build a reserve supply for Iowa Park and anyone wishing to help with this worthy cause should get in touch with Deloy or any other Jaycee.

A committee was set-up for Labor Day weekend, when free coffee and lemonade will be offered to highway travelers from 9:00 p.m. to sunrise Sept. 4, 5, 6 and 7. Signs will be placed along the highways leading into Our Town inviting travelers to stop for a coffee break. This is to help in the Safe Driving campaign in Texas.

Our state had the highest accident rate in the nation during the Independence Day weekend.

There were 16 present for the meeting. After adjournment the members made a surprise visit to one of their members who was recently married, Robert Wilcox. Coffee and cake were enjoyed by all.

DIRECTORS MEETING Thursday at 8:00 p.m., Northwest Materials company will be hosts to directors and show the film "Quality Ready-Mix Cement," at the vocational agriculture building. All interested are invited.

CITY BEAUTIFICATION Mrs. L. E. Brooks reminds us that the committee will make a tour next week to decide on the home, business and church winners for July. With the rains we are having, many yards are at a beautiful stage this month, and it will be hard to determine which home merits the award. The City has been moving vacant lots, which work cannot be over-estimated because mowed lots are an asset to the area surrounding and mowed lots do not harbour and breed insects which carry disease.

BUSINESS DISTRICT R. W. Hill Insurance Agency Congratulations and wishes for added success to Richard in his new building and location at 208 North Yosemite.

City Cafe Best wishes for location to Ross Chapman and A. E. (Chet) Chapman, new owners of City Cafe, formerly Roling Cafe.

Moffett Writes

The Herald has received the following statement from Sen. George Moffett, who represents the 23rd Senatorial district in the state senate at Austin, of which Wichita county is a part:

"I frequently receive inquiries concerning my attitude on the various proposals to raise revenue to wipe out the state's deficit and provide necessary funds to operate the state government for the next two years.

"I have voted five times for a complete bill which would provide the revenue to meet the state's obligations which are authorized. Among other things, I have voted for an increase in the taxation on cigarettes, whiskey, wine and beer. I have voted five times for an increase in the tax on natural gas, including the so-called 'severance beneficiary' natural gas tax.

"Those persons who have served on school boards, church boards, city councils and other public agencies can realize full well how difficult it would be to get a much larger group, such as the 181 members of the legislature, to agree on a public question, and particularly a tax bill. I have voted for every reasonable proposal that has been placed before us. I hope an agreement can be reached soon. I want to get back home."

County Agents Suggest

Sales of farmland financed by land contract, a device which bypasses credit institutions as a party to the sale, have about doubled since 1946, says B. T. Haws, county agent.

The buyer deals directly with the seller in land contract transactions. No mortgage is written, and the buyer does not take title to the property until installment payments add up to a substantial portion of the selling price, Haws says.

A land contract has attractions for both buyers and sellers, says the county agent. The buyer is able to get control of a farm for a small down payment, leaving him free to invest in farm stock and equipment. The seller gains a tax advantage by selling through a land contract as the total income tax on his capital gain when spread over a number of years, may be considerably less than the tax on a large sum received in a single year. To qualify for this advantage, Haws said, the seller must limit the down payment to 30 per cent or less of the selling price.

Some sellers prefer land contracts because they furnish steady income. Otherwise they would be faced with the problem of investing a lump sum profitably.

And finally, in case of payment default, repossession under a land contract is much simpler and faster than under mortgage, Haws said.

Buyers assume a risk when buying with a land contract because their equity may be jeopardized if the contract is inflexible. In some states a buyer can lose his total equity for default of a single payment. The risk has not been important, up to now, because land values have continued to rise and farm income has been stable enough for most buyers to meet their installment obligations, adds Haws.

Wichita County 4-H Dress Revue will be held at 2:00 p.m. on Friday, July 31, in the YWCA Auditorium, announced Miss Elizabeth Thweatt, assistant home demonstration agent.

The revue is an annual event which climaxes clothing workshops held during June for all 4-H members interested in clothing construction.

Winners will receive county-wide recognition of their achievements in both junior and senior divisions. First place winner of the senior division will be eligible to enter the District 4-S Dress Revue to be held in August.

An interesting program is being planned and the public is invited.

Park Area club met in the home of Mrs. J. W. Farmer on Wednesday, July 15. In the absence of the president and vice-president, Mrs. James Todd, treasurer, presided.

Mrs. Pfugot of City View club was guest speaker, her subject being "Civil Defense."

Mrs. James Milling had charge of recreation. The hostess served refreshments to James Ray Low, Brooks, Munden, Leers, Lynn, and Smith in addition to the above mentioned. Mrs. M. T. Mugh was also a guest.

Camp Day for all clubs in the county will be August 11 at Valley Farms community clubhouse. The craft project, basket weaving, will be taught by the Mey Makers club.

Next meeting of Park Area club will be Sept. 2 with Ms. H. B. Jones and Mrs. James Milling as co-hostesses.

Up a steep mud-choked wash—Positraction pays off!

Through a mountain stream—deep in Avintaquin Canyon.

NO MOUNTAIN CAT, MISTER...

That's a Chevy with Positraction!

That 3134 Fleetside has the sure-footed ways of a big western bobcat. Roams through high brush country that would buck the life of most trucks. Crosses streams without benefit of a bridge. Climbs talus grades the pifon won't even grow. But all routine for this Chevy. Positraction rear axle makes it hard at it every day for Fish and Game commission. Figure about 60,000 of them being maintained before they're traded. And yet the

district officer who drives it would bet his badge the tie rods won't even need replacing!

Out in that wild, climbing Utah country, Chevy's suspension and frame and brakes, its Positraction rear axle and Thriftmaster 6 power are proving themselves under rougher conditions than most test engineers could dream up. They're proving that Chevrolet's advanced engineering and design ideas pay off—in spades—when the going gets especially mean and dirty.

Positraction, of course, is a big plus on this job, providing the sure grip needed to dig through mud, snow, loose sand, whatever comes along. Could be that a Positraction-equipped 1/2-ton pickup is the answer for your area of operation. Or maybe a 4-wheel drive Chevy. We've got trucks that specialize in getting in and out of any kind of country. Talk to your dealer about your needs. He'll show you what tough trucks are made of.
