**BURN CANCELLED BONDS**—Sale of the Burk Burnett municipal power plant and system to Texas Electric Service company enabled city officials to purchase and burn bonds that had represented a debt of \$676,000 on the municipal light and water systems. Sale of the plant was approved by a vote of almost 2 to 1 in a special election in April. The city now plans a program to provide city-wide sewer service and a modern sewage disposal plant. The company will remove unnecessary duplicating lines and poles and install modern street lights.

## Soil Conservation Service Held for John A. Wright

Funeral services were conducted Saturday morning, July 25, for Mr. John Allie Wright, 83, in the Tanner Funeral Home Chapel.

Rev. Homer Thompson of the First Baptist church, officiated.

Burial was in Highland cemetery under direction of Tanner Funeral Home. Pallbearers were grandsons of Mr. Wright.

He died unexpectedly Thursday morning in the Taylor rest home of Vernon.

Mr. Wright was born Jan. 31, 1876, in Arkansas and came to Texas as a small boy with his parents. They settled near Sherman in Grayson county.

The Wright family moved north of Iowa Park in 1917, and in 1923 moved to Grayback in Wilbarger county. He resided in Wichita Falls two years before entering the rest home in Vernon.

Surviving are two sons: Earl of Eunice, N.M., and Cecil B. of Wichita Falls; three daughters: Mrs. Joe Hale of Wichita Falls, Mrs. R. B. Kidd of Corpus Christi, Mrs. Christine Lucas of Garden Grove, Calif.; four sisters and four brothers; 13 grand- and 30 great-grandchildren.

## More Rain

Iowa Park received more hard rain and wind Tuesday afternoon. Two inches fell the first hard rain at 3:00. A few minutes after 4:00 another downpour came and dumped almost two inches.

Cash street was like a river and traffic was stopped to keep the water from being sloshed into the buildings on the south side.

The fire department came to the rescue of Famous Department Store and pumped water from the street just as it reached the doors of the store.

The heavy rain only extended to Lowrance Hill, two miles east of town. David Dodge reports a 4 inch rain at Country Hills Estate, northwest of town.

Mrs. Barbara Belle Oldendick and small daughter Frances Ann returned to their home in Newport, Ky., after visiting several weeks here with her parents Mr. and Mrs. Earl Griffith and other relatives.

## Water Dist. 7

County commissioners Tuesday established Wichita County Water Control and Improvement district 7, a \$315,000 project to provide water for the Valley Farms area.

Action of the commissioners was immediately appealed by attorneys representing the opposition group.

Commissioners now will appoint a five-member board of directors. This temporary board then will call an election to confirm action by the commissioners Tuesday.

Eligible voters in the district can nullify Tuesday's action at the polls. An estimated 80 eligible voters reside in the area.

If the district is confirmed, the directors then will call a bond election to finance construction of the district. The district would be financed by taxation and supported by revenue from sale of water.

Ann and Cynthia Gay of Dallas have been visiting their grandparents Mr. and Mrs. Dave Gay and other relatives the past two weeks.

## The Tourney

Pony Baseball League of Iowa Park will be host to the First T-O Invitation tournament next Wednesday through Saturday, Aug. 5, 6, 7, 8.

It is hoped 15 teams from the area will take part. Teams already assured are Holiday, Burk Burnett, Valley View, Electra, Chillicothe and Iowa Park.

Veterans of Foreign Wars are sponsoring the event and beautiful trophies will be given. They are on display at Berry's Drug. These trophies will be presented Saturday night to the first three place winners in the single elimination tournament.

Teams with players in the 13-15 year age bracket will compose the entries. Any player 16 before Jan. 1 is ineligible. There will be a 17-player limit for each team, and a boy must reside in his school district.

Dan Barnes is manager of the Iowa Park Farmers and the players are Mike Davenport, Gary Compton, Jim Gillispie, David Shropshire, Henry Collins, Mac Mills, Richard Rauscher, Herman Beavers, Bobby Tatom, Benny Brot, Gilbert Stogsdill, Ralph Klinkerman, Doug Beavers, Bill Beavers, Norman Jackson, Butch Vestal, Scottie May (unable to play because of injuries).

The Farmers played two practice games this week: Monday at Electra, winning 18-2; Wednesday at Holiday, winning 14-13.

Mrs. O. D. Davenport is scorekeeper for the Pony League.

## All-Stars Lose

## Best Player

Robert Dawson, son of Mr. and Mrs. Bob Dawson, and member of the Giant team, was presented last week a trophy for the Best All-Round Baseball Player in the I.P. Little League.

Robert was selected by Will Burnett, Iowa Park's "Mr. Baseball," and given the trophy furnished by Mr. Burnett.

Jimmy Stewart, president of the Little League, presented the trophy to Robert on behalf of Mr. Burnett.

## GENE PHILLIPS INJURED IN COLLISION WITH TRUCK

Richard Eugene Phillips, son of Mr. and Mrs. Dick Phillips, is in a serious condition at Clay County Memorial hospital in Henrietta after being in a car wreck west of here Sunday night about 8:00.

Two Wichita Falls persons were also injured in the accident.

The car the three injured were riding in was in a sideswipe collision with a truck, the driver of which was not injured.

Gene and his companions had been to Amon Carter lake skiing and were returning home.

Mr. and Mrs. O. D. Crites and daughter and son of Houston are here for a few days with his sisters Miss Hazel Crites and Mrs. Tirmah Portis.

## District Officer

Drew Sawyer, son of Mr. and Mrs. W. D. Sawyer, was recently elected vice-president of the district Chi Rho Fellowship, a youth organization of the Christian church which includes junior high school girls and boys. The election was held during a camp held at Lake Brownwood.

Kenny White of Wichita Falls was named president.

Drew is past president of the local Chi Rho group and is a member of the intermediate department of Sunday School.

He is an 8th grade student and has been a member of the school band the past four years, playing the French horn.

He is a Star scout and is working toward the Life and Eagle ranks. This summer at Camp Perkins he was an honor scout.

Last year Drew played end on the All-Star team of the Boys club in Wichita Falls.

Drew hasn't missed Sunday School in almost five years.

Miss Hazel Crites, co-sponsor of the local Chi Rho, says, "Drew is a good worker in Chi Rho, Sunday School and church. He has given a lot of time this year in helping to mow the church lawn to make his church a beautiful place to worship."

## Your C of C

**CITY BEAUTIFICATION**  
Tour was made Tuesday morning by Mmes. L. E. Brooks, Lottie Lochridge, C. J. Thurber, Gilbert Steele, Buck Voyles and Miss Ethyle Kidwell.

**Church Division**  
Christian church merited the award for July because of the quick growth and constant care of the lawn almost immediately after the beautiful building was finished last year.

**Home Division**  
Dan Sunday, 201 W. Lafayette, received the Home of the Month marker for July because of the improvement made in a short time during the past year. Shade trees in the front yard, smoothly cut lawn, colorful pot plants, colla and foliage, surround the base of one huge shade tree and take up one whole flower box on the front west side of the house. A lovely little semi-circle flower bed with well-arranged blooming flowers and shrubs, backed by a producing vegetable garden, more green lawn and flower beds in the back yard brings the whole back and front to a beautiful all-around background for the white frame house.

**Business District**  
The MDM building (old State National Bank), because of its attractive appearance on the outside, inspired the women to recognize it as an outstanding improvement this month. It has been renovated and made into four comfortable, well-equipped offices; Herman Mitchell Oil company moved into its office first, Earle Denny moved in next, O. N. Newman and John Murphee were already located in about the same space, but are completely renovating their offices and have not yet finished.

Other improvements this month are: City Cafe, which has had a sparkling coat of paint inside; Hoge Auto Supply, which has a new coat of paint outside; Iowa Park Florists are still painting and renovating; R. W. Hill Insurance Agency building, which is not quite complete.

## DIRECTORS MEETING

L. E. Brooks, Leslie Clapp, C. C. Morgan, F. F. Rauscher, Curtis Sewell, Harrel Sullivan, F. M. Wilson; Mrs. Esther Thornberry, secretary; Rollins Woodall, finance chairman; Allen Bennett, Carl Sullivan, building contractors; Jimmy Shelton, Norris Lee Richardson, employees of Northwest Materials company, met at the school cafeteria.

In co-operation with the Jaycees, Iowa Park Herald, State National Bank, the public relations committee is planning to have the Business and Social Life brochure printed.

Leslie Clapp, chairman of the building committee, reported time, thought and effort are being put forth for an improvement in the Chamber of Commerce office.

## T-O FAIR PARADE

T-O Fair parade float project was turned over to F. M. Wilson, public relations chairman. All civic and social organizations and clubs are invited and urged to start thinking about a float for the parade, Sept. 28.

Agri-Business banquet meeting in September is being planned in co-operation with the Lions clubs.

### IKARD reports

In 1956 the program to build an interstate highway system was initiated. It was the program's original concept that it would provide a system to connect the principal defense centers in the country with limited access highways and also provide a system of expressway type roads whereby motorists could drive from the East to the West Coast or from the Canadian Border to Mexico without encountering a traffic light or having to drive through city traffic.

The legislation creating this system provided that these purposes should be accomplished by a system of not more than 40,000 miles of highway. It was estimated that the cost would be approximately \$25 billion.

Currently this program is bogged down because of a shortage of money, and the president has several times this year asked congress to increase the gasoline tax to provide the funds that he thinks necessary.

Committee on ways and means has been holding hearings to determine the reasons the highway trust fund is inadequate. It developed that after actually locating the highway it was determined by the bureau of public roads that the system could have been built with 1452 miles less than originally estimated, but instead of "saving" this 1452 miles, the bureau proceeded to add that many miles to the system, which increased the cost \$1,500,000,000.

As the program was conceived, it was thought of as a highway system that would connect urban areas; however the bureau has changed this so that now 42 percent of the funds are spent to provide expressways within cities.

These two things along with an acceleration of the program are largely responsible for the current deficit.

It would seem that rather than increase the gasoline tax, it would be better to stretch this program out for a few more years.

Mrs. Jimmy Seay and daughter Linda have arrived in Guam where they expect to reside three years. Jimmy is stationed there with the navy.

### State Tax Bill

The Herald has received a further statement about taxation from Sen. George Moffett, as follows:

"The proposed severance beneficiary tax on natural gas pipelines has attracted widespread interest. I am often asked about my attitude concerning it.

"When the tax bill first came before the senate, it contained an increase in the present production tax on gas at the mouth of the well, for which I voted. An amendment was offered to add a pipeline severance beneficiary tax to the bill. I voted for the amendment. It failed of adoption by a vote of 11 for and 19 against.

"This same severance beneficiary gas pipeline tax will be before the senate again and I fully expect to vote for it. I believe enough votes will be added to the 11 of us so that it will become a part of the tax bill. I hope so."

Mrs. Emma Gaunt is back at work in the post office after a vacation in Canada and other interesting places.

The bride is daughter of Mr. and Mrs. Troyet Burris of Sunset. Parents of the bridegroom are Mr. and Mrs. J. M. Whitaker of Iowa Park. For her wedding the bride chose a blue sheath cotton tweed street length dress with an empire waistline. She wore black accessories.

Mr. and Mrs. Jerry Whitaker, brother and sister-in-law of the groom, were attendants. Mrs. Whitaker was attired in street length Polish cotton with gold accessories.

The bride attended school in Bowie. James attended Iowa Park schools and was a member of the basketball team.

The young couple have established residence at 706 S. Jackson. James is presently employed by W. H. Hammon.

### Yarborough says:

This nation has just started to learn about the hazards of radioactivity that accompany its vast new resources of nuclear power.

It is because of these hazards and the fact that even our scientists do not know too much yet about the dangers of radio-activity, that I have been against the proposed dumping of radio-active wastes in the shallow waters inshore in the Gulf of Mexico.

The problem should be studied. More information is needed before we fill our waters with materials which may prove harmful to our children and their children for 100 to 200 years. Recent news articles have told how some of our streams have been dangerously polluted by radio-active waste.

I am supporting a proposal to make the US Public Health Service responsible for safeguarding our people against the hazards of all types of radiation. The measure calls for setting up standards of radiation protection.

We are dealing with a power which, if not kept within bounds, could destroy or horribly change human life. We must be certain the public and future generations are protected.

Sheppard Air Force Base will be hosts to members of the North Texas and Southern Oklahoma Area Development association on Aug. 17, according to announcements made this week.

Beginning at 10:00 a.m., the session will include committee reports, talks by information service officers from Altus, Fort Sill and SAFB, and a film "Peace and Quiet."

After the lunch and program, members and guests will be conducted on a tour of the base.

Each person will be expected to pay for his own lunch. All interested in the area development program are cordially invited.

Harris-Jinkins

Miss Marjorie Ann Harris, daughter of Mrs. Paskel Harris and the late Mr. Harris of Marietta, Okla., and Jimmie Ray Jinkins of Iowa Park were united in marriage in a candlelight service Saturday evening, July 11, in the First Baptist church of Marietta.

Pastor Charles D. Butler officiated in the double-ring ceremony. Parents of the bridegroom are Mr. and Mrs. Wayland Jinkins of Iowa Park.

The wedding party stood before an arch of huckleberry and majestic daisies flanked by floor candelabra holding white tapers and entwined with greenery.

W. S. Mayo, grandfather of the bride, pronounced the benediction. Mrs. Price owned played a traditional marches and accompanied Miss Dana Lee Porter, who sang "Because" and "The Lord's Prayer."

Entering on the arm of John Brinson, her cousin, the bride was given in marriage by her mother. Miss Rae Daugherty of Dallas was maid of honor. Bridesmaids were Mrs. Glenn King and Miss Nan Webster of Dallas. Candelighters were Miss Judy Rhoades and Billy Kent Brewster of Petrolia.

Kathy Brinson of Abilene was flower girl. Delbert Todd of Iowa Park and Lubbock served the groom as best man. Ushers were Wayne Mayo of Dallas, Harold Brinson of Abilene, Mike Rhoades and John Brinson, both of Marietta.

A reception was held immediately following the ceremony in the educational building of the church. Assisting in serving the three-tier cake topped with bride and groom figurines were Mrs. H. E. Copeland and Mrs. L. W. Mayo, both of Dallas; Mrs. Gladys Brewster of Petrolia; and Mrs. Clyde Rhoades.

Miss Patsy Driver of Killeen registered the guests and Miss Jane Wendt of Dallas poured.

The bride is a graduate of Southeastern State college of Durant, Okla., and is physical education instructor in Iowa Park school.

Mr. Jinkins attended Midwestern university before served in the armed forces. The couple have established a home in Wichita Falls, where he is employed.

Mrs. Pearl Jinkins, Mr. and Mrs. Wayland Jinkins and Junior Jinkins, all of Iowa Park, attended the wedding and reception. Sgt. Luther Shelton was dismissed from S.A.F.B. hospital Monday after receiving surgery and treatment. He had been a patient since June 16 and had lung surgery July 6 and 9. Luther said "It sure is nice to be home" and we say "We are certainly happy you are home and can visit with your friends."

LIONS CLUB

Capt. C. M. Fossen, information services officer at S.A.F.B., assisted by M-Sgt. Feeney of Sheppard, presented an interesting film titled "Peace and Quiet" to members and guests of the Lions club Tuesday noon.

Claude C. McDonald offered the invocation. Members were reminded of the ice cream supper to be held by Boy Scout Troop 37 in the City Park from 5:00 to 8:00 p.m. Friday, Aug. 1. Members were urged to buy tickets from the boys. The Lions club sponsors Troop 37.

Ben Hildebrand, program chairman, introduced Feeney and Fossen. This was the 61st time for the film to be shown in the Wichita area in the past four months. Setting for the story was in a civilian home near an airbase.

The Lions were enlightened concerning the noise problems that will come when SAC moves into S.A.F.B. in full strength the first part of next year. Fossen said Iowa Park is out of the direct path of landing and take-off, but we will receive some of the noise.

Government research teams are working each day trying to reduce the sound on aircraft, but until this is perfected we will have to live with it like we do other everyday sounds, such as radios, lawn mowers and the like. When we hear the sound from aircraft we know it means our country is being protected.

Fossen urged people of this area to visit Sheppard and learn more about the aircraft and it will help to know why we should learn to live with its sound. Guests at the meeting were Lion Frank Kelly of Burkburnett, Lion Branch of Kenedy, Jack Owens and Larry Albritton, both of Gainesville, and Taylor George of Iowa Park.

Next week Rollins Woodall will present a program on "Railroading." He will give interesting facts and stories gathered through the years. Mrs. Esther Thornberry, a club sweetheart, presented Frankie Copeland, a special guest, a gift from the club members.

Bill Sawyer invited all club members to go to Camp Letoli this Friday, Saturday and Sunday. The Blue Birds and Camp Fire girls and their parents and families of Iowa Park will have a three-day camp. Only Iowa Park folk will be there. Evening Lions sponsor Camp Fire activities in Iowa Park.

Pres. George R. Huckaby announced a directors meeting had been held Monday night during which he appointed committees for the year's work:

Evening Lions had as guest speaker Tuesday, Dr. James B. O'Hern of Wichita, who spoke on "Worry."

Pres. Arch Hughes listed the club year's activity as follows: August 25—Picnic. H. B. Jones and Ray Low, chairmen. September—Fair booth. Officers. Oct. 27—Social, ladies night. Program committee.

November—Broom sale. Wayne House, chairman.

Dec. 22—Christmas family night. James Todd, chairman.

January—Basketball. Frank Rauschuber, chairman.

February—Social, box supper. Allan Bennett, Addison Cutter.

Mrs. Esther Thornberry, a club sweetheart, presented Frankie Copeland, a special guest, a gift from the club members. Bill Sawyer invited all club members to go to Camp Letoli this Friday, Saturday and Sunday. The Blue Birds and Camp Fire girls and their parents and families of Iowa Park will have a three-day camp. Only Iowa Park folk will be there. Evening Lions sponsor Camp Fire activities in Iowa Park.

Sawyer introduced O'Hern, who said, "America's favorite pastime is worry. Hospital beds are full of patients because of worry."

The speaker's solution for this problem is contained in the following pithy statements: Live from day to day. Just say, "I am not going to worry today." All people have trouble with a big T. If you have a problem, prepare yourself for the worst and accept it calmly.

Accept the situation but refuse to worry. We win victory and faith. Keep busy! Our life is what we make it. Worry is a sin—laughter is the answer to worry.

BEST ENGINES!
One of 7 Big Bests Chevy gives you over any car in its field
BEST ECONOMY No doubt about this: a pair of Chevy sixes with Powerglide came in first and second in their class in this year's Mobilgas Economy Run—getting the best mileage of any full-size car, 22.38 miles per gallon.
BEST BRAKES Not only bigger, but built with bonded linings for up to 66% longer life. Just to prove what's what, Chevy out-stopped both of the "other two" in a NASCAR\*-conducted test of repeated stops from highway speeds.
BEST RIDE A few minutes behind the wheel will leave no doubt about this. MOTOR TREND magazine sums it up this way: "... the smoothest, most quiet, softest riding car in its price class."
BEST TRADE-IN Check the figures in any N.A.D.A.\* Guide Book. You'll find that Chevy used car prices last year averaged up to \$128 higher than comparable models of the "other two."
BEST ROOM Official dimensions reported to the Automobile Manufacturers Association make it clear. Chevy's front seat hip room, for example, is up to 5.9 inches wider than comparable cars.
BEST STYLE It's the only car of the leading low-price 3 that's unmistakably modern in every line. "In its price class," says POPULAR SCIENCE magazine, "a new high in daring styling."
NO WONDER MORE PEOPLE ARE BUYING CHEVROLETS IN '59 THAN ANY OTHER CAR!
