calling out of town?

Here's the fastest and easiest way

FIRST, give the operator the name of the city you are calling and the Area Code for that city.

NEXT, tell her the telephone number you're calling.

LAST, when the operator asks, give her the number you're calling from.

It's easy and fast. For example, just say, "Dallas, Area Code 214, RI 2-1432," and then when the operator asks your number, say, "KL 5-2368." You'll not only save time yourself, but help speed along your call as well.
