Camp Fire Play Night Enjoyed by Parents, Girls at Fair Grounds

Forty-four girls and parents enjoyed Play Night, Friday, April 15 at the Fair Park auditorium. Mrs. Harry Wheat of Wichita Falls conducted the games.

During the refreshment period the Leaders association presented Mrs. Wheat a beautiful bracelet in appreciation of her work with the Camp Fire girls.

Next Play Night will be the second Friday of May. All girls are invited to help make these nights a success.

In May, the Bright Eye Blue Birds will have their "Fly Up."

Park Girl Is Spelling Champion of Laredo

Marion Sue Spruelli, daughter of Dr. and Mrs. Lowell Spruelli of Laredo, was named grand champion speller of Laredo in a contest held there recently.

FFA REPORTS

In our chapter we now have a border machine with three discs on each side. The machine will fit any tractor with a 2 1/4 inch tool bar. It belongs to the soil conservation district, the chapter takes care of it, and the machine is available for rent.

A new concrete walk is being built in front of the elementary school building in order to keep the children off the grass. The walk will soon be completed as one of our many chapter services to help each member acquire some useful and practical experience.

In class we learned the correct amount of materials to make good concrete and have to calculate the proportions of cement, sand and gravel.

On Tuesday the third year agriculture class went to the dairy show at the 4-H club barn. They were served a barbecue luncheon and the dairy team participated in the afternoon judging. This was an educational trip, interesting to everyone.

Charlie Lemond, 58, Dies April 19 After Extended Illness

Funeral rites were held for Mr. Charlie Lemond, 58, Wednesday afternoon in the Presbyterian church with Rev. M. C. Yeagan of Sulphur, Okla., former pastor here, officiating. Rev. H. M. Riek of the Baptist church assisted with the service.

Burial was in Highland cemetery under direction of Tanner Funeral Home. Pallbearers were Kenneth Scott of Iowa Park, Alvin Lemond of Fort Worth, Thurman and Forest Lemond of Wichita Falls, Kenneth Lemond of Graham and Howard Lemond of Jacksboro.

Mr. Lemond died at his home early Tuesday morning after a short illness.

Born in Jack county June 15, 1896, he was the son of the late Mr. and Mrs. J. C. Lemond. He was married to Miss Edna Marsh on Sept. 4, 1926, in Jacksboro.

The family moved to Iowa Park in 1943. He had been employed with the irrigation district and Lone Star Gas company during his residence here.

Survivors include the widow, four daughters: Mrs. Pat Kingcade, Mrs. Wayne Williams, Mrs. Freddie Glover, Mrs. Jimmy Kasperek, all of Iowa Park; three brothers: Clark of Bowie, Wylie of Weatherford and Dodd of Fort Worth; two sisters: Miss Betty and Mrs. W. H. Beadle, both of Newport; and five grandchildren.

FW&D Sponsors Trip To Ft. Worth for Area School Children

Fort Worth will be a mammoth classroom Saturday, April 30, when children and teachers swarm into the city for a one-day tour. This trip, sponsored by the FW&D railway, is one of the largest movements of its kind ever made in Fort Worth.

A special train will be required to handle this mass pilgrimage. The big day will begin early for the youngsters, who will be coming from Childress (221 miles) and all the intermediate towns.

In addition to teachers and parents traveling with the children, there will be representatives of the railroad accompanying the children.

At 7:00 a.m. the train will roll into Fort Worth's T&P station. After breakfast at Carvey's restaurant the invasion will be underway. A fleet of city buses will take the trippers for a 60 mile tour of the city. Lunch will be served cafeteria style in Forrest Park. After a full day of sightseeing the group will return to Carvey's for dinner, and at 7:00 p.m. the special train will depart for Childress, carrying the visitors homeward.

CARD OF THANKS

We wish to thank our many friends for all the kind thoughts, prayers, flowers, cards and other expressions of love during the illness and loss of our loved one.

Mrs. Charlie Lemond and family

Rev. and Mrs. J. N. Easterwood and children Jimmy, Gary and Peggy and his mother Nannie Easterwood of Anson visited in Iowa Park recently and were honored with a covered dish luncheon at the Baptist church.

Mrs. Ruben Parish has returned from the ranch near Clayton, Ok., for a stay in Iowa Park.

Doyle Johnson Opens Station on Highway With APCO Products

Doyle Johnson has re-opened the Benton service station on East Highway. He ran the station for quite a while before turning it over to Jimmy Miller. Mr. Miller closed the station a few months past.

Mr. Johnson is featuring APCO gasoline, a product of Anderson-Prichard Oil company, but also has oils from all the major producers.

In connection with the service station, Mr. Johnson operates an ice station where ice can be held either crushed or in blocks.

Old Time 'Souping' Enjoyed by Farmers

An old fashioned "soupin'" was held at the Valley Farms community house Tuesday night, April 19, as the social night for Farmers Union members and guests.

L. J. Lane, Clark Robinson and about 35 women did a wonderful job of mixing the ingredients of the soup and serving homemade pies for approximately 100 persons.

Games of 42 followed the meal, with Ed Hennig and Connie Nolan claiming to be the championship players.

The regular monthly meeting on May 2 at 8:00 p.m. should be of particular interest to farmers. Dr. Carl Gray, soil scientist with Midwestern university, will be principal speaker. John Sibley, vocational agriculture teacher at Iowa Park, will present a program on safety on the farm.

Padgett's Sister Wages Continual Fight Against Cancer

Since April is Cancer Crusade Month, an article appeared in the Fort Worth Star Telegram this week telling what cancer treatments are doing for Mrs. O. G. Heins of Fort Worth, sister of J. D. Padgett of Iowa Park.

Mrs. Heins' doctors explain her cancer treatment is "like weeding a garden." The malignancy will crop up one place and they start treatments to "weed it out" with needles and radium. They also use radio-active gold.

Mrs. Heins never stays in bed if at all possible to get up. She says she always manages to get up some each day. Mrs. Heins believes someday researchers will find a cure for cancer. The important part now is to trust the doctor and not worry.

The Padgetts visit Mr. and Mrs. Heins often and report she is always in a cheerful mood, with a strong faith in God and her doctors.

The cancer fund drive continues all this month here, with T. M. Clark as chairman. Those who will be asked to call 2861 or 3131 and arrange for contributions to this important, costly crusade against one of the worst killers of human beings.

SCHOOL NEWS

At the latest meeting of the Iowa Park school board, officers were re-elected. The board has the same make-up as before the recent election since the incumbents were re-elected.

C. E. Birk, Miles Thompson and Albert May jr. are president, vice-president and secretary respectively. Other board members are Joe Cope, Jim Miller, Elvy Sargent and James Sewell.

Bob Abernathy Dies In Waco Wednesday

Mrs. R. F. (Bob) Abernathy of Waco died Wednesday afternoon at the home of her sister Mrs. Bruce Kendrick where she had resided for the past few years.

Funeral services and burial will be Friday in Waco.

Mrs. Abernathy is a former resident of Iowa Park and member of the Presbyterian church.

She is survived by her sister and two brothers: Fred Cornforth of Waco and Wallace Cornforth of Iowa Park.

Mr. Cornforth and his daughter Mrs. Tom Covington and two granddaughters left early Thursday for Waco. Several Iowa Park relatives plan to attend the services Friday.

Mrs. Kate Emanuel returned this week after visiting relatives and friends in Fort Worth.

CONTRACT LET FOR POST OFFICE

Postmaster Pete May was notified Thursday of this week that final arrangements have been made for construction of a new post office building in Iowa Park.

R. H. Carraway jr., assistant to the regional operations manager of the Post Office department, at Dallas, told Mr. May that Mrs. Laura Cooley of Fort Worth will construct the building at the corner of Wall and Park avenue, to be leased to the department for 10 years with one five-year option for renewal.

He went on to say the new post office will be an all-masonry structure built to POD specifications and will be about 50 per cent larger than the present office. It will be equipped with evaporative air conditioning and thermostat controlled heating. It will have 2,243 square feet of floor space with a loading platform of 180 square feet and will be a building Iowa Park can be proud of.

Mr. May has had no information on when the building will be started or when the local post office can be moved into its new quarters.

The Herald has information leading us to believe the builder of the prospective post office building is in some way connected with the Cooley Lumber company of Fort Worth.

Service Family Here Five Years, Leaves For Duty in Germany

Iowa Park lost a service family last week, but they have promised to return as soon as possible and make their home again.

M-Sgt. and Mrs. C. K. Williams and their four children left April 15 for duty in Furstenfeldbruck, Germany and expect to be gone 2 1/2 years. Mr. Williams went to Germany in February and secured living accommodations; then came back to help with the moving. He explained this is standard procedure when the serviceman has five dependents.

An aircraft engine mechanic, Mr. Williams has been stationed at Sheppard AFB about 4 years. He has been on active duty 16 years. Mr. Williams was a flying officer in Europe during World War II and holds the reserve rank of major in the air force.

Mr. and Mrs. Williams are native Texans, being raised at Eastland and Olden respectively. Their children are Charles 9, Larry 7, Elizabeth 4, and James 1.

The family has been active in work of the Presbyterian church here.

Rauschuber Brothers Keep Busy Making, Installing Pipe

Park Concrete Works, owned and operated by three brothers Frank and Raymond Rauschuber of Iowa Park and John Rauschuber of West, is located at 201 South Park street, between Hughes Construction company and the Sisk Bullett Factory.

The brothers have built a new building and have purchased a concrete packer-head pipe machine.

They are making concrete pipe—which includes culvert, stock tanks, irrigation headwalls for turn outs.

This new machine is the only one in this area, the closest being at Fort Worth. It has proved it can turn out work faster and stronger than by hand pouring.

The Rauschubers have been in the concrete business here about two years and have had the new machine one month.

Sales and installations take all the Rauschubers can produce, but they hope in the near future to have full production and build up a supply of material for sale out of stock.

Jim Miller was seriously injured last Friday while working with cattle on his farm. He was hit in the face with an iron pipe when a cow kicked a chute down. He was given emergency treatment at Wichita General hospital.

Ten Years Old

CHARTER OF THE UNITED NATIONS

WE THE PEOPLES OF THE UNITED NATIONS DETERMINED

to save succeeding generations from the scourge of war, which twice in our lifetime has brought untold sorrow to mankind, and to reaffirm faith in fundamental human rights, in the dignity and worth of the human person, in the equal rights of men and women and of nations large and small, and

to establish conditions under which justice and respect for the obligations arising from treaties and other sources of international law can be maintained, and to promote social progress and better standards of life in larger freedom.

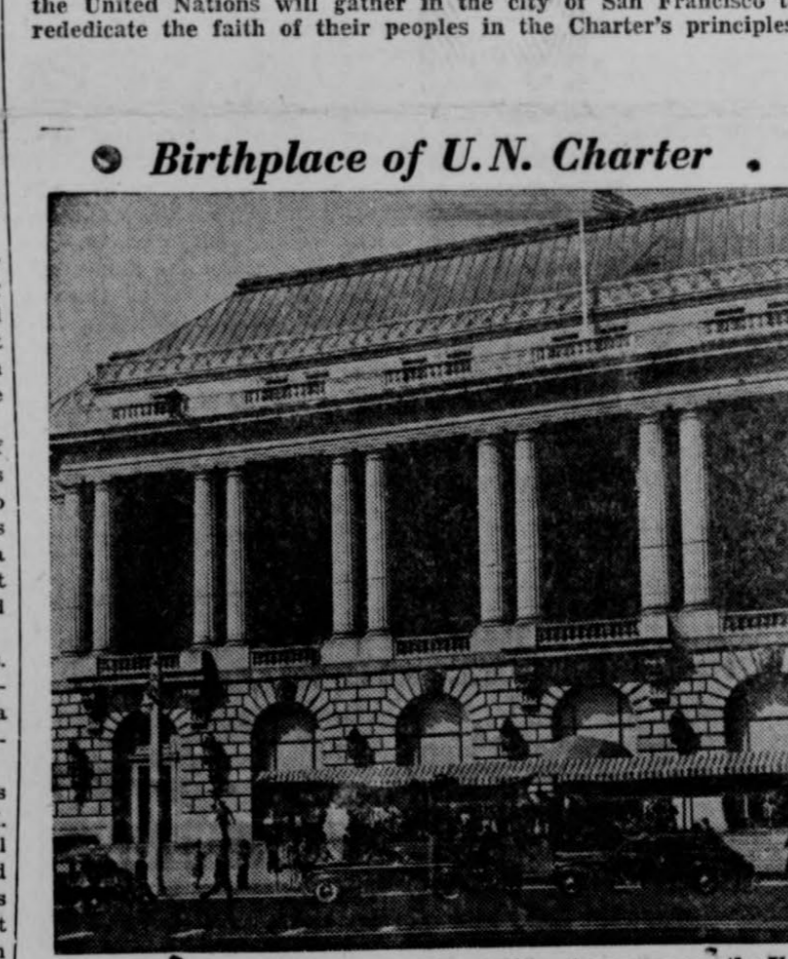

AND FOR THESE ENDS to practice tolerance and live together in peace with one another as good neighbors, and to unite our strength to maintain international peace and security, and to ensure, by the acceptance of principles and the institution of methods, that armed force shall not be used, save in the common interest, and to employ international machinery for the promotion of the economic and social advancement of all peoples.

HAVE RESOLVED TO COMBINE OUR EFFORTS TO ACCOMPLISH THESE AIMS.

Accordingly, our respective Governments, through representatives assembled in the city of San Francisco, who have exhibited their full powers found to be in good and due form, have agreed to the present Charter of the United Nations and do hereby establish an international organization to be known as the United Nations.

Ten years ago this coming June, "We the peoples of the United Nations" determined to save succeeding generations from the scourge of war, set forth in the United Nations Charter their hopes for a permanent world peace. This June, between the 26th and the 28th, representatives of the 60 Member States of the United Nations will gather in the city of San Francisco to rededicate the faith of their peoples in the Charter's principles.

Birthplace of U.N. Charter

This is the San Francisco Opera House where ten years ago the U.N. Charter was born. This coming June, delegates from the 60 Member States of the United Nations, including the 51 original members, will meet once again in the Opera House to rededicate the pledge of the peoples they represent to the principles embodied in the Charter.

One Pint of Life

The blood you give is as vital in the operating room as it is on the battlefield to combat deadly shock and replace blood loss in surgery patients. Forty per cent of the total quantity of blood used in U. S. hospitals is furnished by the American Red Cross for patients like the one shown above.

SALK VACCINE TO BE USED HERE NEXT WEEK

Iowa Park first, second and fourth grade students and those third graders who failed to receive it in the field trials last year, will get their first Salk polio vaccine Thursday and Friday, April 28 and 29, starting at 1:00.

The inoculations will be given at the elementary school building by Dr. Gordon G. Clark. He will be assisted by several Wichita county public health nurses, Miss Ethyle Kidwell, school principal, Mrs. R. E. Waters, local PTA health chairman, and other committee members.

Iowa Park has requested vaccine for about 260 persons. Request forms signed by the parents have been returned and the cards have been filled out by Miss Kidwell and members of the health committee in readiness for the big fight on polio.

Date for the second shots will be announced later.

Mrs. Hooten's Father Is Shooting Victim

Funeral services were conducted Saturday in Wichita Falls for Cecil J. Byrd, 57, father of Mrs. A. C. Hooten of route one, Iowa Park, with Rev. James N. Easterwood of Anson, formerly pastor of the Baptist church here, officiating. Bro. George Shropshire, assistant pastor of the Iowa Park church, assisted.

Burial was in Highland cemetery. Mr. Byrd was shot to death last Thursday afternoon in the Playland Firing Range in Wichita Falls and two Sheppard airmen have been charged with his death. Mr. Byrd's body was discovered at 5:40 p.m. by two customers.

Mr. Byrd had lived in Wichita Falls about 30 years. He was born in Brown county April 27, 1897, son of the late Mr. and Mrs. W. M. Byrd. He was married to Miss Ruby Inez Brown in 1916.

Mr. and Mrs. Byrd were frequent visitors in Iowa Park.

Mr. Byrd is survived by the widow; one son O. C. of Wichita Falls; three daughters: Mrs. Hooten, Mrs. W. P. Jenkins of Wichita Falls and Mrs. R. A. Bradford of Corpus Christi; two brothers: O. C. of Wichita Falls and G. W. of Lubbock; four sisters: Mrs. Ervin Hughes of Munday, Mrs. Hayde Condon of Spur, Mrs. John Wyatt of Munday and Mrs. Roy Holly of Post; and 10 grandchildren.

950 head were handled Wednesday of this week.

Grade School Pupils Visit Sheppard AFB

The second grade of Iowa Park elementary school visited Sheppard AFB, Monday, April 18. About 92 students and mothers spent an exciting afternoon learning about different kinds of airplanes.

After visiting the orientation exhibit, they saw the inside of a Flying Boxcar, the Globemaster.

Then each boy and girl was given opportunity to sit in a jet airplane and learn to fly it. After seeing the B-36 the group boarded the school buses for the trip home.

CARD OF THANKS

We wish to express our appreciation for all the kind deeds, flowers and cards during our hour of sorrow and the loss of our loved one.

Mrs. Cecil Byrd
Mr. and Mrs. A. C. Hooten
Mr. and Mrs. W. P. Jenkins

Chillicothe Wins District Track Meet

Chillicothe raced to the District 15-A track and field title at Quannah last Saturday, scoring 39½ points. Seymour was second with 33½ points.

Burkburnett finished third in the meet with 29 points; Holliday was fourth with 15; Archer City had 12½; Electra 12; Iowa Park 4; Crowell 4; Olney 2½; and Quannah 2.

Participants who placed first and second in each event will go to the regional meet at Dallas, Friday and Saturday.

Gerald Combs, all-district football player from Iowa Park, made the Hawks' only points when he scored third in the 100 yard dash and fourth in pole vault.

THE STATE OF TEXAS

To: Bell Smith, J. Fleming, James Ralston and Kate Ralston, and their unknown heirs, devisees, legatees and/or assigns, Defendants, Greeting:

You are hereby commanded to appear before the Honorable 78th District Court of Wichita County at the Court House thereof, in Wichita Falls, Texas, at or before 10 o'clock a.m. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 23rd day of May A.D. 1955, then and there to answer Plaintiff's Petition filed in said Court, on the 7th day of April A.D. 1955, in this cause, numbered 55496-B on the docket of said court, and styled Alton Crawford, Plaintiff, vs. Bell Smith et al. Defendants.

A brief statement of the nature of this suit is as follows, to-wit: This suit is in trespass to try title covering lots 5 and 6 in block "M," original townsite of Iowa Park, Wichita County, Texas, and for damages. Plaintiff claims said property under both the five and ten year statutes of limitations, and asks for judgment for title and possession of the premises, for damages and costs of suit.

If this citation is not served within ninety days after the date of issuance, it shall be returned unserved.

The Officer executing this process shall promptly execute the same according to law and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Wichita Falls, Texas, this 7th day of April, A.D. 1955.

Attest: (SEAL)

Masons and Families Dinner Guests of OES

Iowa Park Eastern Star Chapter 42 was host to members of the Masonic lodge and their wives for a dinner Friday night in the Fellowship hall of the Presbyterian church.

Mrs. Bernice Compton, worthy matron, was master of ceremonies. Taylor George, worthy patron, offered the invocation.

Mrs. O. R. Owens led the group in a singsong with Mrs. Gene Steele accompanying at the piano.

A chautauk "In the Garden" was given by Mrs. Mildred Metz. Mrs. Sue Wright and Mrs. Steele provided the musical background.

Bud Mitchell, worshipful master, expressed appreciation of the lodge. Mrs. Kathrine Crumpton, chaplain, offered the benediction.

Banquet tables were centered with arrangements of spring flowers and tall tapers in wrought-iron holders.

STUDENTS' ONE-DAY ALL-EXPENSE Educational Trip to FORT WORTH

Saturday, April 30, 1955

Lv. Iowa Park 3:36 am Lv. Fort Worth 7:00 pm
Ar. Fort Worth 7:00 am Ar. Iowa Park 10:25 pm

HERE'S WHAT YOU WILL SEE IN FORT WORTH

Travel through heart of downtown Fort Worth business district, thence via Riverside residential district to Purina Hills, Premier and Gulf Oil Refineries, stockyards, then on to Sapinaw, Texas, for a look at large new grain elevators and "nesting of grain", also view of Hensham Field Airport.

Scenic ride via Jackboro Highway to Inspiration Point at Lake Tawakoni for short rest stop and breathtaking panoramic view of surrounding lake territory and B-36 bombers parked at Convair (bomber plant).

Leave Inspiration Point for travel through Carswell Air Force Base and tour of Convair field, then to Western Hills Hotel for short tour and view of helicopter landing at Helipar.

Thence by Colonial Country Club, Texas Christian University and Campus, and on to Forest Park at 12:00 Noon for lunch, and two hours for inspecting Zoo, Aquarium, Duck Pond and amusement rides.

Travel via beautiful Botanic Gardens for short stop and view of beautiful collection of flowers; also large white swans on inland lake, then on to the Children's Museum, Art Gallery and Will Rogers Memorial Coliseum.

Short side-trips will be provided by shuttle bus service for those who wish to visit Lancaster Railroad yards and/or City Water Works, then return to Museum.

Trip back to T&P Depot to board train for homeward journey takes you down busy Lancaster Boulevard past Masonic Temple, Cook Memorial Hospital Center for Children and Central U. S. Postoffice.

All Expense Cost Includes:

- ROUND TRIP COACH-CLASS RAIL TICKET TO FORT WORTH. (Federal Transportation Tax of 10% not included)
- BREAKFAST AND SUPPER AT CARVEY'S.
- LUNCHEON, FOREST PARK (JETTON'S FINE FOODS).
- ALL-DAY LECTURE SIGHTSEEING TOUR OF FORT WORTH.

ESCORTS: Railroad representatives will accompany party to supervise handling of all arrangements.

Pioneer Resident Dies In Dalmorhea at 88

Funeral services were conducted for A. W. (Gus) Wigley, 88, of Dalmorhea, Monday in the Methodist church there. Burial was also at Dalmorhea.

Mr. Wigley died Sunday morning at 9:00.

Mr. Wigley was an early day resident of Iowa Park, son of the late H. A. Wigley and brother of the late Selmer Wigley, all of Iowa Park.

Relatives attending the services were: half brothers Dr. V. R. Wigley of Iowa Park and Grady Wigley of Ennis; a half sister Mrs. Maude Greer of Amarillo; a niece Mrs. Ruth Robertson; and nephews Eugene and R. D. Wigley.

TALL TALES from East Texas

My dear reader, I ask you in all sincerity, what can be more devastating to a man's morale than not being able to draw upon his vast store of yarns or delve into the classic literature woven around Uncle Sam's exciting exploits?

This is my plight and I sit here trying to gather my wits and write about a sane and sensible subject—namely some of Uncle Sam's accomplishments in Sulphur Valley. Oh, I tell you, it is simply driving me wild!

I know it's a terrible thing to ask your forgiveness for not being able to give you a powerful good story this time, but it looks as though no solution is available.

Then what in the world shall I do? All too often this question, like a deep dark shadow of gloom, falls upon us as we search to unravel the perplexing problems of our day.

Then suddenly for some unexplained reason, the doors of wisdom and serenity open to us by a kind word our neighbor may utter or the melodious voice of a child—or maybe yet, a friend may send a few lines of his prose or verse our way. Things like these really happen.

Just the other day, a friend, A3c E. L. Tynin, handed me one of his compositions, and I'd like to share with you his conception of "The Gentle People":

CARD OF THANKS

We wish to express our sincere thanks and appreciation for the many acts of kindness and expressions of sympathy, during the illness and death of our beloved wife and mother.

We are especially grateful for the abundance of food which was prepared and served, and for the beautiful floral offerings.

May God richly bless each of you.

The P. G. Campbell family.

Project Show Set for April 30 in Iowa Park

Wichita County 4-H, FFA and FHA Project Show has been set for Saturday, April 30, at the T-O Fair Grounds in Iowa Park, according to Ed Foster, president of the county Farm Bureau, sponsors of the show.

General chairman will be Willie Morton of Friberg. He will be assisted by D. H. Ford of Iowa Park and Ralph Swinford of Friberg.

The one-day show plans were completed at a recent meeting. All members of the FFA and FHA chapters and 4-H clubs in Wichita county will have opportunity to share the \$500 in prize money.

Entries are expected in rabbits, poultry, swine, beef cattle, dairy cattle, field crops and gardens, sewing, sheep, baking, crafts, electric, furniture refinishing and centerpieces.

Last year there were 227 projects on display the highest number on record for the show. There have been no changes in divisions from last year's show, Mr. Foster says.

Committees appointed include Ellwood Haynes, D. O. James, Hill Spruelli, Ralph Swinford and J. C. Hinkle, finance; Earl Sargent, Marye Eckelkamp, Elvy Sargent, Wade Bailey, Miss Catherine Sands, Mrs. D. H. Ford, Mrs. Loys Barbour, Mrs. George Lewis and Mrs. Elvy Sargent, awards; E. E. Voyles, grounds; Foster, Willie Campbell, June James, Ralph Swinford and Joe Bill Belue, information.

J. F. Quick was taken to Wichita General hospital Thursday.

Former Park Girl Is Noted Press Agent

Mr. and Mrs. Jim Chadwick, Hollywood press agents for the Ralph Edwards productions, visited in Iowa Park this week. Mrs. Chadwick is the former Miss Dorothy Sue Clark, daughter of Dr. Joe Frank Clark of Abilene and formerly of Iowa Park.

While in Our Town the Chadwicks visited two of her uncles: T. M. Clark and Dr. Gordon G. Clark and families. They also visited relatives in Wichita Falls.

Dorothy Sue lived here as a young girl.

Soil Conservation

Would you like to produce up to 40 per cent more beef from your ranges this year? Experiments at Texas A & M experiment station at Spur have obtained those results from pastures cleared of mesquite. Since chemical control of mesquite may begin 40 days after leafing in the spring, Fenton Dale, chairman of the Wilbarger-Wichita SCD board, suggests you make plans to control as much mesquite as possible. Leafing of mesquite usually is in the first 10 days of April. This year the extreme cold weather has delayed leafing to the extent that leafing will likely be 10 to 15 days late.

Commercial companies are available for contracting aerial application of the proper chemical. Financial assistance may be requested from the county ASC office.

Mesquite uses larger amounts of water to produce a pound of dry matter than does grass. Mesquite requires about 1725 pounds of water to produce a pound of dry material while buffalograss requires only about 450 pounds. Remember that in Texas more than a third of all rainfall is used by brush and weeds exclusive of commercial timber.

Should your farm or ranch be located where aerial spraying is hazardous to other plants, then technicians recommend ground application of the proper chemical mixture.

Dr. Paul Collins, district co-operator farming southeast of Iowa Park, is preparing land for sprigging of coastal bermudagrass. The SCS ran contour borders for the field to be sprigged and reduction of sidefall is being done with farm equipment.

DISCIPLES

Christian Women's Fellowship met at the church Monday afternoon for Bible study taught by Dr. LeRoy F. Carter.

After the opening prayer the subject "Stewardship and the Great Commission" was discussed and much inspiration was added to the church through this lesson.

Attending were Meses. Rollins Woodall, Forest Bates, Chester Miller, May Turner, A. L. Reed, S. T. Buzzard, Johnny Cole, C. H. Bowman, Burk Scott, Ted St. Clair, I. W. Corder, Rollin Roberts, Gilbert Steele.

Hawk Band

Everyone is busy getting ready for the contest at Wichita Falls on April 30. Mr. Vaughn recently held auditions to pick the best solos and ensembles to go to Wichita Falls.

The band is allowed only a certain per cent of total membership and the ones who passed the auditions were as follows:

Oboe: Nancy Smith
Clarinet: Joan Archer, Peggy Koonce, Kara Smith
Trombone: David Sewell
Baritone: Bruce Hughes
Tuba: Glen Wester
Drums: Sue Bedford, Judy Pyle, Mary Shook.

Solo twirling contest is scheduled for May 7 at Wichita Falls. Qualifiers are Sue Croft, Sue Bedford, Kay eolt, Judy Pyle, Joan Archer, Peggy Koonce, Delpha Keiningham, Glenna Archer.

Our new band jackets are so pretty some of us are wearing them in 90 degree weather.

Last week we got in some new music. Such pieces as Colonel Bogey
The Thing
Beer Barrel Polka
Tiger Rag

We thank everyone who patronized the bake sale. We really do appreciate you.

That's all.—Janice.

H. O. Lochridge of Lubbock has been admitted to Wichita General hospital for treatment. He and his family were visiting in Iowa Park and Burkburnett when he took ill.

Mrs. Lula Morgan of Dallas is visiting relatives here this week.

Everybody Is Invited To Visit Cemetery, See Improvements

The Highland Cemetery association held a regular meeting recently in the Christian church.

Reports revealed many improvements have been made in the burial park which add to its appearance.

Have you seen the streets that have been improved? Have you seen the new tool shed? If not, drive out and see them.

The grounds have been given good care. For this the sexton was highly complimented.

Many more improvements can be made if members pay their dues regularly. Time passes swiftly. Just how many months have passed since you remembered to pay your share of the upkeep?

If you own a burial space, have you met your payments, or have you forgotten to make the final payment?

These two sources are the means for financing any expenditures necessary to maintain Highland cemetery.

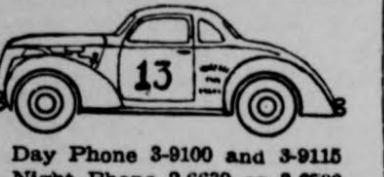

The local Epsilon Sigma Alpha chapter has been generous in contributing funds to beautify and repair the entrances. Arrangements are near completion for this work to be started soon.

Next meeting date will be July 10. Your attendance will be appreciated. Our burial park belongs to the community—you are the community.

Mr. and Mrs. M. O. Cheves visited in Wichita Falls and had Sunday dinner with the C. W. Cheves family.

Mrs. J. W. Dalrymple visited her son O. P. Dalrymple and family in Stanford last week. She also visited her sister Mrs. Lula Smith in Brownfield before returning home Monday.

Jan and Judy Woodruff, twins of Mr. and Mrs. Jack Woodruff of Valley Farms are members of the newly organized Valley Farms 4-H club for girls. Both are junior high students in our high school and are engaged in several 4-H projects, especially raising chickens. Their father is a painter and both girls have learned some of the tricks of his trade. They prepare food for the family home-freezer, and many of the chickens they raise will make their way to the family table.

Judy is president of the 4-H club which was formed recently by Eva Cook, who now serves as sponsor. Mrs. Cook is a former 4-H club member herself.

Members of the club serve the food when the Valley Farms Home Demonstration club prepares it for various organization holding dinner meetings at the Community House. They made \$9.05 from a recent cookie sale. Judy plans to take nurses training. Jan expects to become a housewife.

Jimmy McDonald Named Senior Clerk By Magnolia Co.

Jimmy McDonald, son of Mr. and Mrs. E. L. McDonald of Valley Farms, has been promoted to senior clerk for the Magnolia Petroleum company in the producing department of the district office at Natchez, Miss.

Jimmy is the youngest man who has ever held such a position in that district. He is a 1949 graduate of Iowa Park High School and attended SMU in Dallas one year. He later entered NTSC at Denton and received the BA degree in business administration in 1952.

After his graduation Jimmy was employed by Magnolia in their Shreveport office for three years before going to Mississippi.

Jimmy married the former Miss Carolyn Baxter, daughter of Joe Baxter of Iowa Park. They have three daughters: Susan, Diana and Joy Lynn.

Keith Keeter and Michael Sewell, freshmen from Iowa Park, have been chosen to pledge Sigma Phi Epsilon social fraternity at NTSC. Keeter is the son of Mr. and Mrs. S. E. Keeter, and Sewell is a son of Mr. and Mrs. James A. Sewell.

Mr. and Mrs. Ed C. Holder are announcing the birth of a son on Monday, April 4, at Wichita General hospital. The young man has been named Randall Lewis Holder.

Marilyn Jo Bell, daughter of Mr. and Mrs. Joe Bell, and Jamie Lou Berry, daughter of Mr. and Mrs. T. C. Berry, appeared on a program at Sheppard AFB hospital Wednesday evening. They did the "Shoemaker Dance." These young performers are students of Holcomb school of fine arts.

THE CHILD'S APPEAL

by Mamie Gene Cole.

I am the child.
All the world waits for my coming.
All the earth watches with interest
to see what I shall become.
Civilization hangs in the balance,
For what I am, the world of tomorrow will be.

I am the child.
I have come into your world, about
which I know nothing.
Why I came, I know not;
How I came, I know not.
I am curious; I am interested.

I am the child.
You hold in your hand my destiny.
You determine, largely, whether I
shall succeed or fail.
Give me, I pray you, those things
that make for happiness.
Train me, I beg you, that I may be
a blessing to the world.

Mr. and Mrs. Loyd Bell of Bridgeport visited in the Joe Bell home last week. Their hostess and daughter Marilyn Jo returned to Bridgeport with them to spend a few days.

Mr. and Mrs. Miles Hines of Lubbock visited relatives in Iowa Park last weekend.

Mr. and Mrs. M. L. (Boss) Smith of Jacksboro were in Iowa Park visiting with friends and relatives Wednesday.

Mrs. Louella Williams of Ardmore, Okla., is visiting Mrs. Kate Emanuel. Mrs. Williams lived here in the early days and is enjoying seeing her oldtime friends.

T-Sgt. and Mrs. Don Davis and children of El Paso recently visited in the Joe Bell home.

MAGGIE McKENZIE, popular radio star of KGNC says, "Every woman knows light Karo is best for cooking . . . and on the table . . ."

it's Karo for me, the best-tasting
waffle syrup of 'em all"

Yes, indeed . . . biscuits go like hot cakes when you pour on plenty of delicious Karo waffle syrup. There's nothing like it for good eating. Satisfyin' flavor. So rich it stands right up on top of biscuits (keeps 'em light and fluffy). Keep Karo on your table morning, noon and night . . . it tops anything!

Ask your grocer for Karo waffle syrup, in pints and quarts

WSCS

During the program arranged by Mrs. T. R. Horine for the Methodist Woman's Society of Christian Service, April 19, articles of interest from The Methodist Woman, and from World Outlook were presented by Mes. Fenton Dale, Roy Anderson and T. R. Horine.

Mrs. Fred Widmoyer gave the meditation and Mrs. W. E. Stockton the opening prayer.

The business session was conducted by Mrs. C. J. Thurber, who asked Mrs. Andy Capehart for a report on the annual conference in Dallas she attended as a delegate March 29. Arrangements were made for a group of members to attend the district meeting in Archer City on April 28.

Officers elected for 1955-56 are:

- Mrs. Hiles Thompson, president
- Mrs. Horine, vice-president
- Mrs. Stockton, recording secretary
- Mrs. Widmoyer, treasurer
- Mrs. Richey Abernathy, secretary of promotion
- Mrs. Travis H. Smith, missionary education
- Mrs. W. M. Owens, CSR and LCA
- Mrs. M. J. McDonald, student work
- Mrs. Jay Laible, youth work
- Mrs. Harry Hadley, children's work
- Mrs. Anderson, spiritual life
- Mrs. C. J. Simpson, literature and publications
- Mrs. Gene Owens, supplies
- Mrs. Gordon G. Clark, status of women

Other members present included Mes. Scott Morris, E. B. Taylor, C. C. Robinson, S. L. Denny, Wanda Vaughan, Dave Harbour, W. C. Albright, John Sibley, Herman Mahler, R. J. Covington.

Mr. and Mrs. Theron Baber of Houston are visiting this week with her parents Mr. and Mrs. R. R. Brubaker.

Mr. and Mrs. W. S. Morgan and children Donald and Shirley recently visited her parents Mr. and Mrs. G. T. Timberlake and other relatives in Durant, Okla.

Pat Pastusek was in Iowa Park, Tuesday morning on business for Texas Electric Service company.

Mr. and Mrs. E. L. Bradford recently visited in Norman with their son Mr. and Mrs. Jim Bradford and daughter Susan.

T-Sgt. and Mrs. G. B. Nichols and daughter Kathi of El Paso visited her parents Mr. and Mrs. C. C. Robinson and other relatives here recently.

JUNIOR NEWS ..

Well, the Srs left on their trip Wednesday and the Jrs are taking over control of the school for a week. We have already planned a party for Thursday night. Girls who are going steady with Sr boys will have a chance to step out with Jr boys for a change.

It seems the Indians at Crater-ville Park attracted some of our Jr girls. How about it, Barbra and Sue?

The Hawks won a baseball game Monday, 10-12. Let's get out to the games and support our boys.

We girls who go with Sr boys have been saving our pennies and will have to do so for quite awhile. The Sr invitations came in this week and all we have heard is, "I want this" and, "I want that."

Won't they feel funny when they don't get anything!

Jerry, what were you and Bobby doing walking up to a strange car on Saturday night? Don't you know the Holiday boys are supposed to have some champion boxers in their crowd? You better watch your step.

Wanda Hall is getting married. Good luck to you, Wanda. See you next week.—Sandy.

Electric Cooking is CLEAN

.....helps keep kitchen curtains and walls color-fresh and new looking

It's so easy to keep your kitchen color-fresh and new looking when you cook electrically. Electric range surface units provide heat as clean as electric light and transfer it into the bottoms of utensils by direct contact. This helps keep kitchen walls and curtains, woodwork and venetian blinds clean longer. Clean electric heat helps assure that outer surfaces of utensils will stay bright and shiny without scouring. This saves time and effort.

Cleanliness is only one advantage of electric cooking. It's also cool, fast, automatic and dependable . . . with accurately measured heat that helps assure uniformly good cooking results.

Your favorite appliance store has the electric range that fits your needs and budget. Select yours soon and enjoy CLEAN cooking the modern electric way.

SOIL IS NATURE'S HANDIWORK

Soil, the source of life, is the result of natural processes. Under nature's control it is usually a wonderful productive medium. When Wichita Indians roamed the valley it grew waist high grass. When white men began to ride the buffalo trails the grass was "stirrup high." Other areas were similarly productive.

Advent of the plow, overgrazing, frequent burn-off and other abuses soon changed the soil. In some cases the basic materials were allowed to erode to bedrock. In others, nutrients were exhausted by continuous cropping, overgrazing or leaching. Man's abuses of the land threw nature's process out of balance and the soil is not so productive as it once was.

To note the profile (see river bank, creek bank or drainage ditch) is to observe that Wichita Valley soils are deep and potentially productive. In some areas the basic soil materials reach a depth of 20 feet or more. Productivity depends primarily on conditions of the top six inches. Thus, there is a great reserve of basic soil. If one six-inch layer is lost by erosion, there is another layer ready for conditioning. Basic soil materials will not soon be exhausted.

Nature is constantly at the job of conditioning the soil surface for production of plant life, and in turn, all life. Too much of the time man is working against nature in the matter of soil improvement. This should not be. Man should be co-operating with nature. Man and

nature can work most efficiently together in maintaining the soil and increasing its productivity.

Nature in mighty force crushed the native rocks into small particles; added to these the remains of some of the marine life that existed in the water she used as a grinding force; leavened with organic matter from plants as they grew and died, and then set to work millions of tiny organisms to condition the whole. In the presence of sunlight and water this becomes living soil that is productive of plants as well as of all life upon the earth.

It is man's responsibility to permit and aid nature in this continuous creative process. In the beginning man was commanded to have dominion over things of the earth. He was put into the garden to keep it. He became the steward of the soil. He holds in trust that portion of land he controls either through rental agreement or in fee.

The Valley is not approaching its potential of production. In too many cases plant nutrients have become exhausted because of poor management. In too many cases there are obnoxious materials such as salt from natural sources and from oilfield pollution. In too many cases these have accumulated due to mismanagement of tillage, cropping practices and irrigation water.

We use the land but a short time and it passes on to those who follow us. According to statistics they are more than we. We should do a better job of managing the soil that they may have a better chance of being well-fed. What of your stewardship?

Little Wichita SCD

E. L. Pechacek stated "I increased my yield of wheat a third by using Austrian winter peas."

A co-operator with the Little Wichita SCD since 1946, Pechacek lives near Megargel. All his cultivated land has been rotated with Austrian peas within the last few years. The peas have been used mostly as soil builders and as erosion control winter cover crops. In addition the peas proved profitable for grazing this year.

Forty-eight yearling calves were carried on 82 acres of peas this year from Dec. 10 last until March 10, 1955. The yearlings averaged about 100 pounds of gain per calf in three months. Supplemental feeding was practiced most of this period, but Pechacek said most of the animals did not eat the range cubes unless it was too cold or too wet to graze.

"Wheat and oats following peas were preferred by cattle during the grazing season," Pechacek said.

About 30 pounds of inoculated seed were planted per acre. Along with the seed about 200 pounds of superphosphate fertilizer were applied per acre. Peas were planted last fall.

Pechacek has also planted peas on two other farms. Your local Soil Conservation Service work unit will assist you with other needed information.

DEFER YOUR RANGE FOR IMPROVEMENT

Mr. Hyer, a co-operator with the Little Wichita Soil Conservation District, lives in Archer City. He gave his pasture a complete deferment during 1954. The pasture consists of about 60 acres. Even though it was a dry year, much vigor and growth were obtained by the plants when given a rest from grazing.

Hyer remarked, "I didn't know I had that many native grasses in my pasture." Not only did the better grasses show vigor and growth, but an abundance of litter and organic matter has been produced. This makes Hyer's pasture capable of holding and storing more water when in rains.

Several different moisture checks were made on water penetration in Hyer's pasture and it showed that during an average rain of 1 to 1½ inches the moisture had penetrated twice as far and sometimes greater than in pastures with little cover. Lack of litter on pastures and ranges usually means that much of the rainfall is lost as runoff. With the water loss a considerable loss of soil occurs at the same time. A good cover of litter will reduce the force of raindrops and will serve as tiny little check dams. This enables more water to go into the ground.

Deferred grazing is the practice of removing livestock from a pasture for a certain number of

months within the year. Usually two seasons of deferment can be recognized. The spring deferment which is from about April 1 until June 15, produces vigor and growth for the plants. The fall deferment includes July and August which gives the grass a chance to reseed. Resting the grasses until after seed matures will also aid in natural reseeding of open areas and those portions of the range occupied by the inferior grasses.

Pastures and ranges in good condition produce more pounds of forage for more pounds of beef. Poor pastures mean less pounds of forage and less pounds of beef.

Other district co-operators who practice deferment of pastures in this area include Charlie Williams and sons David and Kenneth, Bob Andrews, Carlton McKinney, Jack O'Doohoe and Charlie Jackson. Results of deferment have been satisfactory for these and other co-operators.

Several co-operators have recently planted Madrid sweet clover. Among them are Sylvester Wolf, Clarence Wolf, Frank Pastusek, W. M. Easterling, Howard Farmer, Albert Finkler.

Most of the clover has been planted broadcast. Combination drills recently purchased by the SCD have been used to good advantage in helping more farmers and ranchers seed their clover and fertilize at the right time.

Madrid sweet clover is helping eliminate some of the run-together soils in this area by adding organic matter to our land. Madrid is a deep rooted legume which aids in destroying and breaking up the plow plan which is present in most of the cultivated fields. When planted in the spring, Madrid clover is a biennial crop which seeds only the second year. Not only is this legume a soil builder, but it has proved to be a good cash crop when used for seed production.

Your local SCS personnel will assist you with your soil and water conservation practices.

District Legionnaires To Convene in Archer City April 23-24

Plenty of good old fashioned American Legion politics will be mixed in with an outstanding program and series of entertainment features at the annual spring convention for Legionnaires and Auxiliary members to be held at Archer City, Saturday and Sunday, April 23 and 24.

Two candidates are in the field to succeed Jimmy P. Horany of Archer City as commander of the 13th district for the next two years. These are Jeff Henderson of Nodona, now serving as district vice-commander; and Bernie Arnold of Wichita Falls, district adjutant.

Tickets Being Sold For Band Concert

Iowa Park High School band presents its annual spring concert on Thursday, April 28, according to C. L. Vaughn, director. It will be given in the high school auditorium and will start at 8:00 p.m. Tickets will sell for 50c and may be purchased from any band member.

The program will be as follows: Manhattan Beach, Sousa
Prelude in C minor, Rachmaninoff
Thendara, Whitney
Autumn Silhouette, Walters
Blue Danube, Strauss-Vaughn
Intermission

Earnum and Baileys Favorite, King
The Thing, Hal Leonard
Trombone Quartet, Philip Clapp
German Band
Horizon, Buys

Directed by Mr. Vaughn, the program promises to be an interesting evening.

IT'S THE LAW . . . in Texas

HANDWRITTEN CORRECTION OF WILLS NOT RECOGNIZED IN PROBATE COURTS

Changing and revoking wills has involved many an estate in litigation because the proper methods were not used and the statutes were not followed.

Sometime ago Mr. S went into his lawyer's office and laid in front of his attorney a will which had been prepared for him about a year previously. He said he had made a few changes in it and wanted to know whether his attorney thought the changes were all right.

Mr. S was attempting to change two items of his will by drawing lines through certain words in the items and interlining, in his own handwriting, the changes he wanted. He was not attempting to revoke his entire will but merely

trying to change these two items.

If he were to die with his will in that condition, the probate court would not recognize the changes he had made, but would probably probate the will as it was originally written. Mr. S was surprised to learn this and immediately requested that a new will be prepared.

After the will has been executed, changes cannot be made legally by crossing out parts of it and interlining corrections or additions. To change a new will, an entirely new will must be written and properly executed, or an addition by way of a codicil should be executed.

Since a will does not take effect until the death of the person making it, the provisions of the will should be reviewed by the maker at least once a year to be sure that changing conditions have not been such as to require a modification of the will. It is easy to postpone doing a thing of this kind but failure to do so may result in the intentions of the maker of the will being thwarted to a certain extent.

Deaths among the legatees or devisees named in the will, births, marriages or divorces, accidents or sickness among close relatives, substantial increase or decrease in the value of the estate of the person making the will, death of all witnesses to the will, and many other factors may cause a person to want to execute a new will or add a codicil to his old one.

A free pamphlet containing useful information on wills and related matters may be obtained by sending your name and address on a post card to State Bar of Texas, Colorado at Fifteenth, Austin 1.

Mr. and Mrs. George R. Huckaby attended funeral services in Oklahoma City, Monday, for his stepbrother M. B. Gans, who had died unexpectedly Saturday of a heart attack. Mr. Gans, 50, was a son of Mrs. Wilson Huckaby of Hobart, Okla., formerly a resident of Iowa Park. He and Mrs. Gans have visited in Iowa Park many times.

Here's why Chevrolet out-V8's everybody!

These features and advantages are the measure of a truly modern V8 engine . . . and only Chevrolet has them in the low-price field. Most aren't even found in high-priced cars. That's why Chevrolet is stealing everybody's thunder with the most modern V8 on the road!

Modern 12-volt electrical system!
The only car in the low-price field with the extra energy of 12 volts . . . twice the electrical punch!

Faster, stronger cranking for cold-weather starts and a "fatter" spark for faultless high-speed operation.

Highest standard compression ratio in its field!
Chevrolet's compression ratio is 8 to 1, to wring every possible ounce of power and extra miles out of every gallon of gas.

Requires only four quarts of oil!
Chevrolet's V8 engines are so efficient they need only four quarts of oil . . . so you save on every change!

Highest horsepower per pound!
These great V8's weigh far less than any similar engine in America, top the low-cost field in power per pound!

Shortest piston stroke in the industry!
Three-inch stroke reduces cylinder-wall friction, generates less heat, permits more compact design.

The pistons do far less traveling per mile . . . that means less engine wear, lighter loads on bearings.

It's the valve-in-head V8 as only the valve-in-head leader can build it!

The "Two-Ten" 4-Door Sedan with Body by Fisher.

DONT BUY ANY V8 UNTIL YOU'VE TRIED CHEVROLET'S RECORD-SMASHING "TURBO-FIRE V8"!

Most Modern in Design — Lowest in Price
