Supt. Keith D. Swim was elected president of the county Schoolmasters club during the final meeting for the school year. The club will open its new year with a meeting in Iowa Park sometime in October.

## Seniors Will Leave Wednesday on Trip

The 1955 seniors will leave on their annual trip next Wednesday morning at 10:30 by special bus. Accompanied by their teacher and mother sponsors, plus Mr. and Mrs. James Elms, they will tour South Texas.

They will spend Wednesday night in Austin at the Driskill hotel.

Early Thursday they will visit the Capitol and then go on to San Antonio, where headquarters will be the Alamo Courts.

In San Antonio the group will visit Government Palace Mission of San Jose, Erackridge Park, the Alamo and other places of interest.

Friday will find them in Houston and Galveston. Headquarters will be the Jack Tar hotel, Galveston, Friday and Saturday nights.

They will return home late Sunday, April 24.

Accompanying the class will be Mrs. M. J. McDonald and Mr. Tim Hughes as teacher sponsors; Messdames W. M. Owens, Chester McManus, D. O. James, Joe Cope, H. B. Klinkerman as room mothers.

## Park Girl Elected to Theater Club at NTSC

Miss Beverly Barker, 1955 graduate of Iowa Park High School, now a drama student at NTSC, Denton, has been admitted as an apprentice of Supper Theater at the college.

Beverly, daughter of Mrs. Elma Barker, both former Parkans now residing in Wichita Falls, has already appeared in two plays produced by the College Players.

Organized in 1947, the Supper Theater is open to students only upon invitation and limited largely to upperclassmen. It is student controlled.

On production nights, supper is served at the college cafeteria to all who have tickets for the play. Members of the organization serve as waiters. Then the play is presented "in the round." The hall accommodates about 115, and each play is repeated as many times as may be demanded.

Miss Barker has gained a statewide following through her personal appearances and television performances as a pantomime artist.

Lloyd Lewis of Texas Tech visited his parents Mr. and Mrs. Geo. Lewis during the Easter holidays.

## Lewis-Simpson Rites Said in Pleasant Valley Church April 7

Miss Anna Louise Lewis and Charles William Simpson exchanged marriage vows Thursday, April 7, in the Pleasant Valley Baptist church with Rev. L. H. Hood, pastor, officiating.

The bride is daughter of Mr. and Mrs. Roy L. Lewis of Huntington road. The groom's parents are Mr. and Mrs. W. Oscar Simpson of Wichita Falls and formerly of Iowa Park.

Miss Carolyn Whittenburg and Miss Sue Anne Lowder provided the traditional music.

The wedding party stood before an arrangement of calla lilies and white stock. On either side and above the central arrangement were candelabra holding cathedral tapered decorated in ferns.

The bride, given in marriage by her father, was attired in a dress of white organdy over taffeta, the yoke inset with lace and short scalloped sleeves. The skirt was ballerina length. Her headpiece of tulle and pearls held a veil made of tulle. She carried white roses and a white Bible.

Miss Ruth Ann Lively of Wichita Falls was maid of honor. James P. Booher was best man, and ushers were Loyd Lewis and Eddie Whittenburg of Iowa Park and Dale Terry of Wichita Falls.

The bride's parents were hosts at a reception in their home. The young couple left immediately for a trip to Oklahoma. They will reside in Wichita Falls where both are attending Midwestern.

The bride is a graduate of Wichita Falls high school where she was a member of the National Honor society, the cappella choir and the Girls' Club council. She is a member of the Baptist Student union at MU. She plans to attend Texas Tech at Lubbock next fall.

The groom, also a graduate of WFHS, is a member of the BSU and is president of his class. In high school he was president of the National Honor society, and a member of the National Athletic Scholarship society, the football team and Senior Council.

Relatives from Iowa Park who attended the wedding included Messrs. and Mmes. Geo. Lewis, W. E. McKinney, Raymond Williams, Walter Scott, Truman Manes and children.

Refreshments were served to Messdames Stanley Williamson, W. M. Owens, Gibbons Brubaker, Jim Cowden, D. O. James, John Williamson, M. J. McDonald, Gilbert Steele, Cecil Marquart, Fred Hays and Miss Ethyle Kidwell.

T. M. Clark presented the program when the PTA met Wednesday afternoon in the school cafeteria. Assisted by his daughter Mrs. Rollin Roberts, he showed colored slides taken during an European tour he made last year. Countries visited were England, France, Germany, Belgium, Switzerland and Holland.

PTA prayer was read by Mrs. D. O. James.

Dr. Jack Russel gave a report on the foot examinations made recently in the local schools.

Mrs. Stanley Williamson read an amendment to the by-laws in regard to electing the historian and parliamentary rather than having them appointed by the executive committee. The amendment was approved as read.

Mrs. R. E. Waters and Mrs. D. O. James were elected historian and parliamentary, respectively when their names were submitted by Miss Ethyle Kidwell, member of the nominating committee.

Attendance cups were won by Mrs. Haddock's special education class and the 12th grade, with Tim Hughes and Mrs. M. J. McDonald as sponsors.

Mr. and Mrs. Harold Lewis and Debbie of Ardmore, Okla., spent Easter with his parents Mr. and Mrs. Geo. Lewis.

Dr. and Mrs. Lowell Spruelli and children of Laredo spent the holidays here with his parents Mr. and Mrs. Will Spruelli and her parents Mr. and Mrs. O. M. Jones.

Funeral services were held Monday, April 11, for Mrs. Louella Sadler, 79, in the Baptist church of Burk Burnett with Rev. Lynn Stewart, pastor, in charge.

Burial was in Burk Burnett cemetery under direction of Tanner Funeral Home of Iowa Park.

## Heart Attack Takes Mrs. Louella Sadler

Funeral services were held Monday, April 11, for Mrs. Louella Sadler, 79, in the Baptist church of Burk Burnett with Rev. Lynn Stewart, pastor, in charge.

Burial was in Burk Burnett cemetery under direction of Tanner Funeral Home of Iowa Park.

Palbearers were grandsons: Leonard Sadler, Monty Britt, Buck Milstead, Charles Ainsworth, Tony Sadler, Gordon Griffith.

Mrs. Sadler died Friday night of a heart attack and was found at her home Saturday morning.

She was born Dec. 7, 1876 near Galveston, daughter of Mr. and Mrs. F. Crowder. She was married to James Leon Sadler, Sept. 20, 1900 in Hearne. He died in 1943.

The Sadler family moved to this area from Garland City, Ark., about 35 years ago and settled on a farm near Dead-man's bridge southeast of Iowa Park. Later they moved to the Overbey farm near Kamay.

Mrs. Sadler had lived in Burk Burnett about 22 years.

Survivors are four sons: Jack of Randlett, Okla., Joe of Kamay, Ray of Shawnee, Okla., and Zell of Tulsa, Okla.; seven daughters: Mmes. J. W. Ainsworth of Burk Burnett, H. E. Britt and Earl Griffith of Iowa Park, Joe Crawford of Galena Park, Ben Bonham of Harrisburg, Ark., Bud Graham of Krum and Guy Cain of Hull; 47 grandchildren and 40 great grandchildren.

## PTA ITEMS

PTA executive board met Monday night in the home of Mrs. R. E. Waters with Mmes. Melvin Hambrick and Clair Warren as co-hostesses.

Refreshments were served to Messdames Stanley Williamson, W. M. Owens, Gibbons Brubaker, Jim Cowden, D. O. James, John Williamson, M. J. McDonald, Gilbert Steele, Cecil Marquart, Fred Hays and Miss Ethyle Kidwell.

T. M. Clark presented the program when the PTA met Wednesday afternoon in the school cafeteria. Assisted by his daughter Mrs. Rollin Roberts, he showed colored slides taken during an European tour he made last year. Countries visited were England, France, Germany, Belgium, Switzerland and Holland.

PTA prayer was read by Mrs. D. O. James.

Dr. Jack Russel gave a report on the foot examinations made recently in the local schools.

Mrs. Stanley Williamson read an amendment to the by-laws in regard to electing the historian and parliamentary rather than having them appointed by the executive committee. The amendment was approved as read.

Mrs. R. E. Waters and Mrs. D. O. James were elected historian and parliamentary, respectively when their names were submitted by Miss Ethyle Kidwell, member of the nominating committee.

Attendance cups were won by Mrs. Haddock's special education class and the 12th grade, with Tim Hughes and Mrs. M. J. McDonald as sponsors.

Mr. and Mrs. Harold Lewis and Debbie of Ardmore, Okla., spent Easter with his parents Mr. and Mrs. Geo. Lewis.

Dr. and Mrs. Lowell Spruelli and children of Laredo spent the holidays here with his parents Mr. and Mrs. Will Spruelli and her parents Mr. and Mrs. O. M. Jones.

## Former Teacher's Kin in Fatal Plane Crash

Miss Mary Ruth Carney, 28, niece of Miss Ruth Carney, a former member of the local school faculty, was killed Saturday in northern Brazil in a plane crash.

Miss Carney, a Baptist missionary, was one of four persons killed in the crash. They were two other missionaries and the pilot.

## Gospel Services Start Here Sunday

A week of gospel services will be conducted at the Church of Christ beginning Sunday April 17, according to Cleo Jones, local minister. Services will be held at 10:00 a.m. and 7:30 p.m.

Owen Miller of Seminole will bring the evangelistic messages. He will arrive Monday, but the meetings start Sunday with Mr. Jones in the pulpit.

The public is invited to attend each session.

## GARDEN CHATTER

Oh, what a wonderful day was yesterday!

A most interesting meeting of the city beautification committee of the Chamber of Commerce was held Tuesday morning at the chamber office, with five of the six members present.

City officials had been contacted, so had Commissioner Voyles, in regard to the Clean-up, Paint-up, Fix-up Week. May 2-7 has been set for the project.

Chairmen for the sections of Our Town are being appointed. With co-workers they will make a drive to rid the city of every can, bottle, box or other rubbish.

All trash should be placed in boxes, barrels or sacks and put out where it can be loaded on trucks, at the alley or out in front where it can be seen.

The Plant Exchange is getting started and interest is increasing as the weather turns to spring. Call 2431 and tell Mrs. Livingston what you have to give or what you would like to have.

Trees and shrubs are still being set out, and lots of St. Augustine grass is going to show on the lawns this summer, judging by the activity over town.

Results of the freeze are now noticeable, and Lester Brooks says all dead plants and those severely damaged should be replaced as soon as possible. Plants damaged by the freeze have suffered a great shock and should be treated with care.

Watch for your circular, it will be placed on your door next Monday. It will tell you which day the trucks will come down your street or alley. Remember, the pick-up will be free to you.

## —SHUCKS—

Reports on Salk vaccinations for polio give rise to the hope that cancer too can be controlled and eventually eradicated.

This hope encourages such public spirited men as T. M. Clark, who is putting much time and work into his job as local chairman of the cancer fund drive.

Volunteer workers in this campaign have already turned in \$750 for the fight against cancer. With a few more special gifts this fund could be jumped to \$1000.

The names of Mrs. H. M. Mulkey, Mrs. H. Pierce and Mrs. C. F. Hill were omitted from the Herald's cancer fund story last week. They too have been of great assistance to Dr. Clark and his staff of volunteers.

Mrs. L. Lovelace and Mr. and Mrs. W. F. Hyder of Wichita Falls visited T. A. Ulrich, father of Mrs. Hyder, at the MKT hospital in Denison, Tuesday.

Lee Roy Weiss, student at Austin college, Sherman, spent the Easter vacation with his parents Mr. and Mrs. A. C. Weiss.

Mr. and Mrs. Noel McKinney of Abilene visited friends and relatives here last week.

## Honesty Pays Off For Iowa Park Girl Who Found Billfold

An Iowa Park sixth grade student, Shirley Morgan, showed last Saturday morning she is really a good citizen and an honest girl.

Shirley is the 12 year old daughter of Mr. and Mrs. W. S. Morgan and attends the local Assembly of God.

Mrs. Morgan and Shirley were driving down Indiana street in Wichita Falls when Shirley saw a billfold lying by a car. She asked her mother to let her get out and retrieve it for fear someone would get it and not return the billfold to its owner.

While her mother shopped, the girl waited patiently for someone to come and claim the lost wallet. Finally Shirley and her mother took the billfold to the police station, where it was found to contain \$22, some small change and important papers.

Within an hour Mrs. Pauline Griffith, the owner, came to the police station to see if anyone had found it.

Because Wichita Falls' efficient guardians of law and order had failed to get Shirley's name, an article was run in the Sunday Times asking her to come back. Shirley and her parents went there Sunday and met Mr. and Mrs. Griffith.

They offered Shirley a \$25 bond, or cash, or to buy her something. Shirley chose the \$25 bond, to be used when she is a high school senior.

## Don Owens Wins Honor as Musician

Don Owens, son of Mr. and Mrs. W. M. Owens and senior at Iowa Park High School, won the annual Young Artists Award of the North Texas chapter, American Guild of Organists, in auditions conducted last Saturday afternoon in the Floral Heights Methodist church.

More than 12 years ago this contest was started for Wichita Falls high school seniors. For the first time, this year the contest was extended to include seniors in the Wichita Falls area. High standards have been maintained. One requirement is that the contestant be capable of giving a solo recital.

Don will receive \$100 award and will appear in a recital Sunday, May 1 in First Methodist church of Wichita Falls with the high school cappella choir there assisting.

Don is organist for the Methodist church here and plays piano for the Melody Mads of the high school. He started in music when he was a sixth grade student, taking piano from a cousin Mrs. John Mixon.

As a sophomore, Don began organ study with Dr. Nita Akin of Wichita Falls. Last summer he studied theory of music at Midwestern university and in the fall he attended a carrillon short course in Oklahoma City.

Don has an organ at home and can play or practice whenever he desires.

Rev. W. R. Holly of Wichita Falls stops two or three times each week in Iowa Park to buy Flight Fuel at the Floyd Busby Phillips Service Station and Grocery. He claims it's because he likes the gasoline, but we strongly suspect the friendliness of the Busbys has something to do with his visits.

Mr. and Mrs. Noel McKinney of Abilene visited friends and relatives here last week.

## RAYMOND RAUSCHUBER JOINS BROTHER FRANK IN PARK CONCRETE WORKS

Mr. and Mrs. Raymond Rauschuber have established residence in the Monty Britt apartment, moving here from West.

Raymond is a brother of Frank Rauschuber and is associated with him in the Park Concrete Works.

The Rauschuber family attends Sacred Heart Catholic church in Wichita Falls.

## Mrs. Yeargan Takes C of C Job at Sulphur

Mrs. Ruth Hill Yeargan, former secretary of the Iowa Park Chamber of Commerce, has been employed as secretary-manager of the Sulphur, Okla., chamber of commerce.

Wife of Rev. M. C. Yeargan, pastor of Central Presbyterian church there and formerly pastor in Iowa Park, she replaces H. A. Bass, who accepted a similar position at Madill, Okla.

Arthur Roller, president of the Sulphur chamber, considers the organization fortunate to have Mrs. Yeargan step into the position. "Ordinarily a change in management at the beginning of the new administration would mean a setback in C of C work. I do not believe this will happen here," he said.

"Mrs. Yeargan is one of the most efficient workers I have ever dealt with in C of C activities," said Alan W. Berry this week. He was president of the Iowa Park chamber during part of her service here. "No matter what you need to find out about C of C activities, Mrs. Yeargan could always go to her files and pull out accurate records on the project," he said.

Mr. and Mrs. Jim Bradford and daughter Susan visited in Iowa Park with his parents Mr. and Mrs. E. L. Bradford during the Easter Holidays.

Mr. and Mrs. Doyle Tate of Abilene visited her parents Mr. and Mrs. Charles Metz here and his parents in Wichita Falls last weekend.

Jim Busby of Amarillo, who had surgery in Wichita Falls about three weeks ago, is recuperating in the home of his brother Floyd in Iowa Park.

### CROP CONTROLS WE DIDN'T VOTE FOR

Farmers voted to let the government control crop acreages. Reduce them, that is. Then, about the time we realized it was impossible to make a living on the reduced acreage, prices and costs being what they are, the Master Controller steps in and takes a hand. First (not counting 3 years of drought), there was a freeze that wiped out South Texas' cotton crop—a million dollar seed bill for replanting—and damaged small grain all over the state. It killed vegetables in South Texas and fruit in East Texas. It set back old alfalfa and destroyed many new plantings of alfalfa and clover, and delayed haying and grazing for at least 30 days.

And now hailstorms and tornadoes are taking their toll. Who knows but that a rainy year with disastrous floods is just ahead? Weather cycles which still operate according to natural laws, in spite of man's attempt to take over the rain making part of it, often goes from one extreme to the other.

Floods follow drought as winter follows summer or calm follows the storm.

Pessimistic? No! Just facing the facts. God's natural laws are facts. They are forces not alterable by referendum.

Some bigshot politicians seem to think that "freedom of speech" is a license to say ugly things about others.

### LOSING OUR PROPS

The trouble with science is that it keeps folks always changing their props. Just when thousands get used to blaming worry and the stress of fast living for their stomach ulcers, some scientist pops up and finds that pigs have as many stomach ulcers as humans. Kabbalistic goes the worry prop for ulcers. Everybody knows a pig doesn't worry, that is, so long as he has sunshine and slop.

Ulcers are not without props, however. In fact, there are many to choose from if you have ulcers and need a prop to hang 'em on. "Refined foods" is one that is popular with certain people today. If Pa still likes his white sugar and white flour biscuits however, he can blame his ulcers on the insecticides that didn't kill the bugs on his summer squash. If he didn't spray the squash, he can blame them on the detergents that Ma uses in the dishwasher.

If none of these is acceptable as cause for his ulcers, he can still fall back on "family tensions." I realize there is strong argument against family tensions as a cause of ulcers these days for the reason that many children from one to five years old are known to have gastric ulcers.

I don't go along with this idea, for the delinquent parent situation in some families is enough to cause hypertension in the youngest of brood.

### Dairy Industry Offers \$1000 Scholarships

Scholarships amounting to \$1000 each for the study of dairy manufacturing at Texas A & M and Texas Tech were approved recently by the Dairy Products Institute of Texas.

High school seniors interested in making the dairy industry their career may obtain application forms from their county agent, high school principal, vocational agriculture teacher or the registrar at either A & M or Tech.

Applications must be sent to the registrar of one of the two colleges before June 1 along with a 300-word essay on "The Importance of the Dairy Industry to Texas," and a 100-word statement on "My Reasons for Choosing the Dairy Industry as a Career."

The two winners will receive \$250 a year for four years of college study.

College trained men are needed to handle such jobs as dairy plant executives, buyers, milk production specialists, sanitarians, pasteurizer operators, cheese makers, ice cream and frozen specialty artists, condensed and powdered milk plant operators, inspectors and graders, control consultants, food special-

ists, customer solicitors, food demonstration experts, retail and wholesale salesmen, public relation, advertising and merchandising specialists, specialists to handle milk, ice cream, butter and cheese trade association work, research chemists, bacteriologists, engineers, county agents, extension specialists, and specialists of dairy sciences and business such as sales engineers, supply sales and distribution men and equipment design and sales experts.

THE STATE OF TEXAS

To: Bell Smith, J. Fleming, James Ralston and Kate Ralston, and their unknown heirs, devisees, legatees and/or assigns, Defendants, Greeting:

You are hereby commanded to appear before the Honorable 78th District Court of Wichita County at the Court House thereof, in Wichita Falls, Texas, at or before 10 o'clock a.m. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 23rd day of May A.D. 1955, then and there to answer Plaintiff's Petition filed in said Court, on the 7th day of April A.D. 1955, in this cause, numbered 55496-B, on the docket of said court and styled Allen Crawford, Plaintiff, vs. Bell Smith et al. Defendants.

A brief statement of the nature of this suit is as follows, to-wit: This suit is in trespass to try title covering lots 5 and 6 in block "M," original townsite of Iowa Park, Wichita County, Texas, and for damages. Plaintiff claims said property under both the five and ten year statutes of limitations, and asks for judgment for title and possession of the premises, for damages and costs of suit.

If this citation is not served within ninety days after the date of issuance, it shall be returned unserved.

The Officer executing this process shall promptly execute the same according to law and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Wichita Falls, Texas, this 7th day of April, A.D. 1955.

Attest: (SEAL)

**From where I sit... by Joe Marsh**

**Learn How to Pull Together**

Saw a kid go by the Clarion office on a brand-new coaster wagon yesterday—and it reminded me of when my brother and I were about forty years younger. Our folks weren't poor, but there wasn't enough to buy two wagons for Christmas. We got one between us. Dad made a rule that we each could have it for a week—but the boy with the wagon was responsible for keeping the kitchen wood-box filled. Seemed a bargain to Bud and me—at first. But soon we discovered it was no more fun playing

alone than working alone. It wasn't long before we were sharing the wagon in return for sharing the chores. From where I sit, you can't enjoy a privilege yourself if you're going to deny it to others. There are some folks who want the right to enjoy their favorite beverage—but would deny me my right to an occasional glass of beer. I doubt if such people get their full "share" of happiness, though.

**Electric Cooking is CLEAN**

..... your utensils will REFLECT the cleanliness of your modern Electric Range

Clean electric cooking makes it possible for you to have bright and shiny cooking utensils after years of use... without the messy job of scouring and polishing outer surfaces. It also helps keep your kitchen curtains and walls fresh and color-bright with less cleaning.

Why? Because electric surface units transmit heat by direct contact with cooking utensils for maximum efficiency and cleanliness. Electric ovens, too, are designed to help keep your kitchen clean.

Find out for yourself about clean electric cooking, and learn about its other advantages... coolness, accuracy and economy.

**Parkan in Army Tells Folks About Germany**

Mr. and Mrs. Cecil Marquart had big smiles on their faces this week. They had received two letters from their army son Cecil Jr., who is now stationed in Germany. The first was written aboard ship and the other after he got to his destination.

We are reproducing excerpts from the later communication.

"The first thing I would like to say is that Germany has very unpredictable weather. Yesterday it snowed a little and today it is so warm this O.D. uniform feels very uncomfortable.

"Tell Dad I am mad at him for not letting me bring his camera as I can buy film for \$2.20 a roll. The country is very beautiful. Things are beginning to turn green and we are in a valley with a beautiful mountain on one side.

"I will be able to take passes every other day starting Monday. I am planning on going out and looking over some of the beautiful churches they have here.

"I don't remember whether or not I told you, but starting Monday night I am going to take a two hour class twice a week to learn spoken German. This will help me out quite considerably as I go from town to town.

"Do you have a new pastor yet? I sure hope you get a swell one. I talked to the chaplain and he said he didn't know of any vacancies right away but he would ask about it at the monthly chaplains meeting April 26. He did say that in 6 or 7 months he would need one himself. I will be helping him out what I can until then, but at least I know that I am doing a little good.

"Tell Billy Wayne that I miss him and that he had better be good to his Grandma and Grandpa if he wants this nice present I have already picked out for his 4th birthday in October.

"We are stationed about 20 miles from the Russian Zone so they treat us better than we have ever been treated. In case anything breaks out it is up to us stationed here to slow up the enemy until our main groups get ready deeper south in Germany.

"I guess my Soph brother is about ready to leave that wonderful

**CHEERY BLUE BIRDS**

Mrs. Boyt Smith took the Cheery Blue Birds on a tour of the Herald office Thursday, where the girls learned just how the news is published.

To top it all off, they made a stop in a local drug store for refreshments and then found that one of the member's mother also had refreshments for the group.

The triple treat was enjoyed by Mabel Clapp, Jans S. Combs, Linda Hanson, Caroline Lowrey, Sue Merriam, Chesta Faye Miller, Judy Mixon, Sandra Reid, Larie Leatherman, Glenda Bee Smith and Pat Blackburn.

Mr. and Mrs. James E. Doyle of Vernon were dinner guests in the Ted Overbey home Friday.

Mr. and Mrs. Ford Stuart of Whittier, Calif., are visiting relatives and friends in Iowa Park and Wichita Falls. They are en route to Washington, D.C., for a visit with Mr. and Mrs. J. F. Bernbaum and son Stevie.

Bob Robinson, teacher at Shady Grove, spent the holidays here with his parents Mr. and Mrs. R. C. Robinson, Valley Farms.

**SOUTHWESTERN BELL INSTALLS**

**TWO MILLIONTH TELEPHONE IN TEXAS**

SOUTHWESTERN BELL'S two millionth telephone in Texas was placed in service early this month . . . just 77 years after the first telephone installation in the state.

This two millionth telephone is a far cry from the two telephones installed in 1878 connecting Col. A. H. Belo's office at the Galveston News with his nearby home.

Not quite eight years ago — in August, 1947 — Southwestern Bell installed its one millionth telephone in Texas. Thus, we have added as many telephones in the past eight years as during the previous 69.

Yet, the big story is not in the number of telephones — but what the telephone means to the state and nation. As telephones are added, miles shrink and the range of the human voice overcomes time and distance.

Two million Southwestern Bell telephones in Texas form a bridge of understanding that strengthens the social and economic ties between all the people within and beyond the boundaries of the Lone Star State.

The growth of a telephone system within a state is a good indication of the state's progress and prosperity. For instance, in 1925

The two millionth Southwestern Bell telephone in Texas — installed in the office of the Governor in Austin, April, 1955.

**TEXAS TELEPHONE MILESTONES**

- 1878 — First telephones connect Col. A. H. Belo's office in the Galveston News with his home.
- 1879 — First telephone exchange in Texas opened in Galveston.
- 1883 — First long distance telephone line connects Galveston and Houston.
- 1899 — First lift-the-receiver switchboard installed in Dallas.
- 1927 — Telephone calls to Europe possible for Texas.
- 1929 — Ship-to-shore telephone service started.
- 1938 — Southwestern Bell's 500,000th telephone installed.
- 1946 — First telephones in moving vehicles.
- 1947 — Southwestern Bell installs one millionth telephone in Houston home of Mr. and Mrs. Gunter W. Koetter.
- 1952 — Operator long distance dialing introduced.
- 1955 — Customer long distance dialing possible from Hartigan to 12 Valley cities.
- 1955 — Two millionth Southwestern Bell telephone installed.

Southwestern Bell served Texans with \$58 million in telephone property; by 1940 this had grown to \$139 million; and by 1955, the company served Texans with \$650 million in telephone plant. Because telephone growth is made possible by money invested by citizens in all walks of life, the two millionth Southwestern Bell telephone in Texas is a symbol of trust and confidence in the future of the state.

We are still growing and expanding with Texas — building more and better telephone equipment throughout the state . . . planning to meet the telephone needs of the future — whatever they may be.

Yes, we're proud of our two million telephones in Texas. But to a greater degree, we are grateful for the friendship of the people of Texas through the years.
