IOWA PARK, TEXAS

Search for Bobby Johnson continues into 2nd week

As the search for Robert "Bobby" Johnson stretched into the second week following his disappearance, family of the Iowa Park grain dealer and businessman prepared itself for memorial services scheduled Friday afternoon.

Meanwhile, further investigations into Johnson's business activities seemed caught Wednesday in a stalemate with possession of the business and stocks owned by Johnson in any corporation suspended in legal limbo.

Law enforcement officials visibly are operating under the assumption that Johnson, 41, drowned Jan. 3 in the coastal waters of Port Aransas when he reportedly fell off his fishing boat 300 yards from shore.

However, out-of-town investigators who wished to remain anonymous still are operating under the assumption that Johnson is alive.

Heading up the Gulf of Mexico search for Johnson are Port Aransas constables Charles Titus and Ben Cash. Titus was in Iowa Park most of last week.

Both Titus and Cash were unavailable for comment Wednesday, but a spokesman at the Port Aransas constable's office said "routine patrol" checks for Johnson's body along the beach were continuing.

Port Aransas police also are utilizing low-flying airplanes in the search, the spokesman said, adding that the unpredictable coastal waters make the search more difficult.

While the search for Johnson's body continues along the Gulf coast, the probe into his business dealings continues in Iowa Park and Wichita Falls.

Focus of the investigation found its way into Wichita County courthouse this week, although nothing had solidified by Wednesday afternoon.

Johnson's wife, Anita, filed an application in Wichita County Court

to be named temporary administrator of her husband's business.

Mrs. Johnson failed to appear Tuesday or Wednesday. During Tuesday's vigil newsmen were told the hearing before County Judge Hank Anderson would be postponed until the arrival of Fort Worth attorney Dustin Fillmore.

A check with Anderson's office Wednesday afternoon indicated Mrs. Johnson had requested the hearing be postponed until her attorneys are more fully prepared to enter the courtroom. Also working with Mrs. Johnson is Wichita Falls attorney Robert Stuart.

The State of Texas may file a petition asking a district court to appoint a receiver to take control of Johnson's assets, according to Asst. Atty. Gen. Anthony Sadberry.

A meeting was held Tuesday afternoon to discuss the next step in the proceedings. The meeting included Stuart, Sadberry and Ed

Whitesides of the Texas Department of Agriculture.

Sadberry said he would not challenge Mrs. Johnson's efforts to be named temporary administrator, but he would seek her help in determining the actual condition of the company.

After Tuesday's meeting Sadberry said if the state takes any action it would file a petition to name a receiver.

Final determination of what to do will be made after he and Whitesides contact their offices to discuss alternatives.

Sadberry and Whitesides left for Austin Wednesday.

While the offices of Sadberry and Whitesides are investigating the company and a 500,000 bushel shortage of wheat in open storage in Geronimo Elevator, Sadberry indicated the Federal Bureau of Investigation is taking a "distant"

look into the case.

Sadberry said the FBI may be interested in investigating the possibility of fraud in interstate grain dealings.

Sadberry said he did not know if the Central Intelligence Agency is involved in other countries operating under the assumption that Johnson is alive.

"Sooner or later I assume the IRS will surface," Sadberry added.

Sadberry said the audit of Robert Johnson Grain Company's books is continuing.

The possible shortage of 500,000 bushels of grain belonging to Iowa Park area farmers, Sadberry said, is "pretty solid."

"If we can maximize the return to the farmers, we want to do that," Sadberry said. "Every depositor will receive something, whether the total or a pro-rata portion, and he will receive it as soon as possible."

BOBBY JOHNSON, local agribusinessman, remains missing following a reported boating mishap Jan. 13 near Port Aransas. This photograph was made by the Iowa Park Leader in spring of 1971 when Johnson ran unsuccessfully for the city council.

Voters to polls this Saturday

Iowa Park citizens are being asked to vote Saturday on whether a proposed new city charter should be drafted.

This is the third time in a period of about five years such an election has been called. Each of the two previous times the issue has passed, but the charters drafted by the charter commissions were turned down.

At issue is whether Iowa Park should remain under a "General Laws" charter or adopt a "Home Rule" charter.

Absentee voting closed at midnight Tuesday.

Polls will be open from 7 a.m. to 7 p.m. at two locations. Precinct 32 voters will cast their ballots at Kidwell Elementary, and Precinct 33 voters at Bradford Elementary.

All residents of the city of Iowa Park who have been registered 30 or more days are eligible to vote in the referendum.

According to City Administrator, eligible voters include those residents of newly annexed areas, if they have been registered in their respective voting precincts the required time.

Voters will be asked to vote for or against the issue "Shall a commission be chosen to frame a new charter".

A second portion of the ballot will include a list of 15 candidates for the charter commission. Write-in blanks are provided by each of the names of candidates.

Provided a majority of qualified voters approve drafting a new charter, the commission will then be

empowered to commence drafting a new document.

Candidates for the commission include, in order of appearance on the ballot, Jeanette Brown, Tom Neely, Patricia L. Hubbard, Dr. Erwin F. Soell, Mrs. O.E. Lochridge, Bob Hamilton, Bud Mercer, Roy K. Boutwell, Layman W. Cady, Mrs. Sam Hill, Lisa Watson, Connie Rowell, James D. Barge, Patricia Griffin and Faye E. McAllister.

All of the candidates have been working for several weeks as a charter study committee, studying the present charter and making recommendations for changes on the proposed charter which was defeated last year.

Dr. Soell has been chairman of the committee and "Red" Cady the vice chairman.

It was pointed out during an early meeting of the committee that each member represented the wide scope of the community, including age, time of residence, vocation and involvement in the community.

Each of the two times the proposed charters have been defeated, the margin of defeat has been extremely narrow. Major issues appear to have been city manager and the city's power of annexation.

Friday deadline for nominations

Friday is the deadline for nominations for the annual Chamber of Commerce Citizen of the Year and Senior Citizen of the Year awards.

Nominations should be information such as the nominee's name, age, address, length of time in the community, and information of service to the community, listing the services and approximate times of acts.

Standards for the awards include: A Senior Citizen must be 65 years old or older and must have resided in the community 20 or more years.

The Outstanding Senior Citizen may also be Iowa Park's Outstanding Citizen of the Year and may be awarded both awards.

Outstanding Citizen awards will not be given because of business or professional ability.

Awards will not be given for one or two minor services to the community. Nominees must be of high morals, honest and of good character.

If recommendations are based upon the person's religious activity or social clubs the person belongs to, the name will be removed from consideration.

Should names be submitted of persons not meeting the qualifications, no awards will be presented for the year.

Cryovac announces expansion

Three years after Cryovac announced its decision to locate a plant here in Iowa Park, the company has made public its plans to almost double its facilities.

Guns, tapes are stolen

Firearms and musical tapes estimated to be worth a total of \$400 were reported stolen from a parked pickup truck here Friday.

Kevin Wright, 1000 Mary Drive, filed the complaint with the Iowa Park Police Department which is investigating the incident.

According to police reports, Wright's vehicle was parked on a parking lot at 400 W. Park.

Police said a wing window of the vehicle had been pried open. Items stolen included a high powered rifle with scope, a shotgun and several eight-track stereo tapes valued at a total of \$400.

Police also are investigating a case of criminal mischief reported by John Medlin of Bowie, a truck driver.

Police reports said the left windshield of the truck Medlin was driving was broken by an ice ball in the 1000 block of U.S. 287.

Charlie Lee, manager of the Iowa Park plant, announced at a news conference yesterday that Cryovac's parent firm, W.R. Grace and Company, has approved a 67,720 square foot expansion with construction beginning this month.

The conference, attended by a large delegation of Iowa Park city and community leaders, was held in the Wichita Club in Wichita Falls.

Architect and general contractor are the same as on the initial construction, Lockwood Green Engineers, Inc. of Spartanburg, S.C. and Miller and Holmes of Wichita Falls, respectively.

Lee said the expansion will increase employment from 250 to 400 or 425, and manufacturing output will be doubled. Expanded will be manufacturing space, warehousing, office and canteen facilities, railroad siding capacity and parking.

Target date for building completion is July and equipment installation between September and the second quarter of 1978.

Lee said the plant is being enlarged to meet increased demand for the company's "Barrier Bag" that is used primarily by beef fabrication firms for the vacuum packaging of sub-primal portions of beef.

Increased manufacturing capacity due to the expansion will be fully utilized in 1979.

Lee said the exterior design of the building additions and landscaping will be compatible with present facilities.

City meeting is postponed

Monday night's regularly scheduled meeting of the city council was postponed until next Monday, according to Gene Britton, city administrator.

Britton credited weather and poor driving conditions for the postponement.

He pointed out the council would have needed a called meeting next week anyway, to canvass the results of Saturday's vote on the drafting of a new city charter.

Cryovac announced its decision to build here in January of 1974, and ground was broken in March of that year. The plant was fully operational in 1975.

Lee said Cryovac originally selected the Iowa Park area for its newest manufacturing plant because it was close to the company's markets and provided an excellent "business climate" which is measured on such factors as work force, government, transportation, utilities and medical, educational and cultural facilities.

He lauded the Iowa Park Industrial Development Corporation, and the Wichita Falls Board of Commerce and Industry for their help in selecting the original plant site and for their continued cooperation.

Lee was highly complimentary of the personnel from the area who have been employed. Crediting education they'd received, he said the employees "all have good heads on their shoulders, they can think, which

all makes it very good for the company."

During his talk, Lee injected a bit of his dry humor, mentioning the weather and natural gas supply. He said he had reported to his home office that last weekend's snow storm was "snow flurries", and that the rest of the nation thinks it a big joke whenever gas is curtailed at Texas industries.

The Cryovac Division manufactures a variety of shrinkable plastic bags and films, laminate packaging materials and packaging equipment. Its products are primarily used by food processors and manufacturers to preserve and protect their products during shipping, storage and display in the market place.

The Division's headquarters and research facility is in Duncan, S.C. Other manufacturing locations are in Simpsonville, S.C.; Cedar Rapids, Iowa; Woburn, Mass.; Mississauga, Ontario, Canada; and Reading, Pa.

CRYOVAC EXPANSION areas are outlined by lines on all four sides, plus darkened parking area expansion in this aerial view of the plant site on West Magnolia. At left is new manufacturing space; at right is new warehouse space. The small addition in the front is for expanded canteen and office space. At the rear, to the left of the silos, is a new ink room. Black lines in front indicate expanded parking and driveway pavement.

Snow storm story, photos on page 6 this issue

Catlin-Frazier wedding is held in Wichita Falls

Wearing an exquisite gown of white silk organza and peau d'ange lace over white crepe, a creation by her mother, Miss Debra Renee Catlin became the bride of Gregory Duane Frazier Saturday evening.

Father Richard Judge directed the marriage vows of solemnity and dignity performed at the Sacred Heart Catholic Church in Wichita Falls in the presence of a large number of relatives and friends to unite the daughter of Mr. and Mrs. Delbert Catlin and the son of Mr. and Mrs. James W. Frazier.

The pre-nuptial musical presentations were offered by Mrs. Jerry Gholson, organist, Miss Kellie Hamilton, flautist, and Mike O'Donnell, vocalist. Mrs. Gholson played longtime favorites selected by the bride and groom for their wedding. These included "Ode to Joy" from the 9th Symphony by Beethoven, "More", "A Time for Us", "We've Only Just Begun" and "Because."

The three musicians gave an impressive presentation of "Colour My World". The organist accompanied the vocalist who gave a special offering of "The Wedding Song". The processional by Lohengrin and recessional by Mendelssohn were additional contributions by Mrs. Gholson.

The nuptial scene featured two sunburst arrangements of white mums and carnations in the main altar and white spiral candelabra holding votive lights in the lower altar, the white providing contrast for the

light blue and royal blue costumes worn by the feminine attendants.

The bride was escorted to the altar by her father who presented her in marriage. Her beautiful white sheer organza and French lace gown was accentuated by the high-waisted bodice designed with a ruffled lace yoke adorned with scattered seed pearls and full lace sleeves that terminated in wide cuffs closed with pearl buttons and self-fabric loops at the wrists. A wide design of the lace on the front of the A-line skirt extended in a border on either side of the skirt and cathedral train to form another wide lace design at the back of the skirt. The effective use of the lace and pearl buttons and loops below the neckline produced the same effect of beauty in both front and back of the gown.

The bride's tiered imported illusion veil bordered with French lace appliques was caught to a white satin Juliet cap overlaid with lace appliques and seed pearls. She carried a colonial bouquet of white pixie carnations, baby's breath and English ivy, further complementing her costume by carrying for "something old" her late grandmother's linen handkerchief. She also observed the "something new, borrowed and blue" bridal traditions.

A charming quartet of attendants preceded the bride to the altar. They wore identical floor length gowns of light blue crepe accented with royal blue velvet collars and jackets. They

carried colonial nosegays consisting of blue apple blossoms, net puffs, baby's breath and silk leaves fashioned with peek-a-boo bows at the top. White lace and cascading streamers tied in love knots provided the background.

Mrs. Paul Tigrett, sister of the bride, was matron of honor. Miss Susie Dennis of Burkburnett was maid of honor and the bridesmaids were Miss Jo Ann Brown of Wichita Falls and Miss Michelle Skelton of Iowa Park.

Stephen Lee Catlin, the bride's nephew, carried the rings on a white satin and lace pillow made by Mrs. Carl Moer, grandmother of the bride. He was attired in a light blue suit with matching vest and bow tie.

The groom chose an all-white tuxedo for his wedding attire. His attendants wore light blue tuxedos and pale blue shirts trimmed in dark blue. The attendants were Dan Irons of Lubbock, best man, Mark Julian of Grand Prairie, Tommy Dunivan of McLean and Gary Frazier of Iowa Park the groom's brother, groomsmen. Guests were ushered and seated by brothers of the bride and groom who were Steve Catlin, Daryl Frazier and Brian Catlin.

Mrs. Catlin selected a light blue two-piece Qiana gown styled with a pleated skirt for her daughter's wedding and Mrs. Frazier, mother of the groom, wore a pink crepe dress defined with sheer sleeves and a white crepe inset on the bodice. Each wore a corsage of white carnations inter-

spered with white lace and satin ribbons.

Following the wedding, a reception honoring the newlyweds and hosted by the bride's parents was held in the Parish Hall.

Outstanding in the room decorations was the bride's table covered with a floor length white satin cloth accented with garlands of smilax, a silver tray holding the bride's bouquet, handsome silver candelabra holding blue poms, baby's breath and glowing tapers centering the table, silver and crystal appointments and the bride's cake.

The four-tiered white cake resting on a base of light blue satin and white sheer was cut by the bride and groom with daintily-decorated silver knives. The confection featured blue forget me nots and clusters of white roses on each tier supplemented with clusters of roses on top of the layers raised by Italian filigree dividers covered with blue forget me nots. Completing the lovely cake decorations were blue satin wedding bells encircled with lilies of the valley chosen to ornament the top.

The groom's table was laid with blue satin with a self-fabric heading and marked with blue candles burning in silver candelabra and the chocolate layer cake decorated with marzipan fruit on a blue satin-covered base.

Miss Tericia Loran of Lubbock directed signatures of wedding guests in the attractive bride's book at a white satin-covered table.

Reception assistants were Mmes. G.R. Rusk, Steve Catlin, Jerry Morgan, Michael Ehler, Jon Brotherton, Monte Marley; Miss Alyce Bondurant and Miss Judy Rusk. Miss Jamie Ridlehu-

ber and Miss Rusk distributed rice rose bags.

The groom's parents hosted the rehearsal dinner Friday evening at Underwood's.

The reception preceded the departure of Mr. and Mrs. Gregory Duane Frazier for a short wedding trip, the bride wearing a light blue suede cloth pant suit with matching vest and jacket made by her mother.

The bride and groom are well known and popular members of the younger set. Their wedding culminated a romance that began when they were freshmen at Iowa Park High School where both were graduated in 1973.

In high school, the new Mrs. Frazier was cheerleader two years, member of the varsity, tennis and volleyball teams, A Cappella Choir and Tempos. During her senior year, she was class officer, secretary of Student Council, Who's Who Among American High School Students, recipient of the 23 Study Club's Outstanding Teenage Girl of 1973. She was Best All-Around Girl, named to Who's Who in typing, participated in U.I.L. typing and shorthand, placing third in State in shorthand and went to State in U.I.L. in vocal solo. She was valedictorian of the graduating class and named Miss Iowa Park High School.

She was graduated cum laude from Midwestern State University with a B.B.A. degree in December, 1976, where she was a member of Cap and Gown, class officer, nominee for outstanding woman, past treasurer and president of Chi Omega National Sorority, president of MSU Secretarial Association. In Lubbock where the couple live, she will work for

MRS. GREGORY DUANE FRAZIER

McWhorter, Cobb and Johnson Law Firm as a legal secretary. She worked for City National Bank for three and a half years while attending MSU. She studied piano under Mrs. James A. Sewell for 11 years.

The groom lettered in varsity football four years at Iowa Park High School, guiding the Hawks to state championship in 1969 and 1970. He played tennis, winning the district title in 1973. He was a member of the track team and golf team, class favorite, Who's Who in athletics, president of the Student Council, class officer, Mr. Iowa Park High School, Best All-Around Boy, recipient of the 23 Study Club's Outstanding Teenage Boy of the Year award, recipient of the

Bobby Gilbreath memorial athlete award at graduation.

He accepted a football scholarship at Texas Tech University in Lubbock where he is presently classified as a senior majoring in architecture. He is a member of Fellowship of Christian Athletes at Tech and member of First Presbyterian Church. He was named to the All-Southwest Conference first team defense this year at Tech.

Out-of-town wedding guests were Leigh McEntire and Mike Heath from Fort Worth, Miss Diane Callaway of Lubbock, Keith Burkhardt of Dallas, Miss Teresa Krueger of Grand Prairie, Mr. and Mrs. Jerry Burkhardt of Irving, Miss Tanya Watkins of Andrews and Craig Harris of De Soto.

HD officers are named

New officers of Park Area Home Demonstration assumed their duties at the Wednesday morning meeting held in the home of Mrs. Joe R. Cope.

The slate of officers includes Mmes. W.E. Karstetter, president; Grady Henderson, vice-president; O.B. Nolen Jr., secretary; James Todd, treasurer; Aletha Penn, council delegate; Cope, finance chairman; Bertha McDonald, education; Henderson, program; Roy Fortner, recreation; J.C. Roby 4-H chairman; and Floyd Stermer, parliamentarian.

Mrs. Alice La Marre and Mrs. Elinor Bogan were welcomed as new members.

Others present were Mrs. Grace Chastain and James Oliver. The next meeting will be held in the home of Mrs. Penn.

Lane-Snyder vows exchanged in rites held Saturday

Miss Lana Lane, daughter of Mr. and Mrs. L.J. Lane, became the bride of Wayne Snyder, son of Mrs. Doris Snyder of Wichita Falls, and Mark Snyder of Dumas, Ark., Saturday evening at Faith Baptist Church. The Rev. Bill Campbell, pastor,

officiated the ceremony in the presence of relatives and close friends.

Given in marriage by her father, the bride wore a formal dress featuring a candlelight skirt topped with a candlelight lace

bodice with high collar and long sleeves. She carried a pastel bouquet consisting of daffodils, baby's breath, carnations, statice and rosebuds with matching streamers.

Complementing her costume with bridal traditions, she wore her late great-grandmother's wedding band borrowed from her aunt, Miss Jewel Lawhon, for "something old and borrowed", the blue garter and a new penny in her shoe.

The bride was attended by Mrs. Mark Harbison of Oklahoma City who wore a rust velvet dress with a beige shell and a white carnation corsage.

Jimmy Latham of Wichita Falls attended the groom.

The bride's parents hosted the wedding reception at their home in Wichita Valley Farms. The refreshment table was laid with white lace and appointed with white candles in silver

holders. The two-tiered cake was divided with lace stands. The first layer was topped with a cluster of four

wedding bells accented with white doves and the top tier held a miniature bride and groom standing beneath an arch of yellow and white daisies.

Reception assistants were Mrs. Robert Grove of Arlington, Mrs. Roy Farr of Iowa Park and Mrs. Mark Harbison.

The bride was graduated from Iowa Park High School

and attended Midwestern State University. She is presently employed at Cryovac.

A graduate of Dumas, Ark. High School, the groom works for Daniel Construction Co.

Out-of-town guests were Messrs. and Mmes. Robert Grove of Arlington, Johnny W. Brooks, of Fort Worth, Mark Harbison of Oklahoma City, R.C. Lawhon of Wichita Falls; and Misses Jewel and Jessie Lawhon of Fort Worth.

MRS. WAYNE SNYDER

Cook of the Week

A good teacher gains high stature in the community and a good cook gains the same stature among families and friends. Betty (Mrs. James) Dyer, a teacher of Life Science at Iowa Park Junior High School, has gained the reputation of being highly proficient in many ways and of seeing whatever task that she commits herself to a successful finish.

The peanut, the nutlike seed pod of the pea family, has been very much in the news since Jimmy Carter announced his candidacy for president of the U.S. and has increased its prestige since he was elected. On the eve of his inauguration, it seems likely that the peanut will be very much in the limelight for the next four years. Two of Mrs. Dyer's recipes using peanut butter are especially apropos at this time.

Peanuts were among the important early commercial crops in the South. They were originally grown in Virginia and N.C., but the writings of Thomas Jefferson imply that they were not of much commercial importance at first. Later, when the cotton crops were menaced, farmers turned to the harder peanuts. During the Civil War, when other foods were scarce peanuts provided sustenance for Confederate soldiers.

Mrs. Dyer received a B.S. degree from the University of Oklahoma and has taken graduate courses at the University of Texas and Midwestern State University. She has taught at Burkburnett, Windhorst, Valley View and has been a teacher in the Iowa Park School System six years. She is a member of First United Methodist Church, Eastern Star Lodge where she is presently associate matron, Epsilon Sigma Alpha sorority. She has served as president of Epsilon Eta chapter and is the treasurer this year. She is also past president of District VI ESA.

Mrs. James Dyer

Mr. Dyer is consultant for Phillips Petroleum of Stavanger, Norway and has recently moved to London from Brussels. They have two sons, Keith and Chuck, both of Iowa Park, and a granddaughter.

PEANUT BUTTER BROWNIES

2 eggs
1 cup sugar
1/2 cup brown sugar
1/4 cup peanut butter
2 T oleo, melted
1 t vanilla
1 1/2 cups sifted flour
1 T baking powder
1/2 t salt
Mix ingredients in order given and bake at 350°F. for 30 minutes. Cool before cutting into squares.

ICE CREAM CRUNCHIES

(Yield 12)
1/2 cup white Karo
3 cups Rice Krispies
1/2 cup peanut butter (creamy or chunky)
1 pint ice cream

Blend syrup and peanut butter before adding Krispies. Stir until well coated. Press evenly in greased 13x9 pan. Place in freezer or refrigerator until firm. Cut into 12 3" squares and place ice cream between each two squares, pressing gently together. Cut each sandwich into two bars. Serve at once, or wrap individually in aluminum foil and store in freezer until needed.

CHERRY DESSERT

(Serves 18)
3 cups vanilla wafer crumbs
6 T butter or oleo, melted
2 cans sweetened condensed milk
5-6 T lemon juice (2 lemons)
2 cans sour pitted cherries, drained
2 cups pecans
2 cups cream whipped
Line 9x13 baking dish with buttered crumbs prepared by mixing the melted butter with the vanilla wafer crumbs. Use 1/2 of the crumb

mixture. Whip cream. Mix sweetened condensed milk and lemon juice; beat well. Add cherries, pecans and whipped cream; fold in gently. Pour into crumb-lined pan and top with remaining crumbs.

Chill before cutting into squares for serving. This dessert can be frozen, if desired.

PECAN PIE

[9 inch]

3 eggs
1/2 cup sugar
1 cup corn syrup (white)
1/8 t salt
3/4 t vanilla
4 1/2 T butter, melted
1 cup pecans
Unbaked pie shell
Beat eggs slightly with fork; stir in sugar, syrup, salt, vanilla, butter and pecans. Pour filling into unbaked pie shell and bake in moderate oven, 350° F for 45 to 60 minutes. The nuts will rise to the top to form a crust.

WATERGATE SALAD

1 large can crushed pineapple
1 box Pistachio Instant Pudding
Place pineapple (with juice) in bowl and sprinkle with pudding. Stir together until thoroughly mixed. Add:
1 cup miniature marshmallows
1 cup chopped pecans
1 large carton Cool Whip, thawed
Blend thoroughly and chill.

ENCHILADA CASEROLE

(Serves 6)

2 lbs. ground meat, browned
1 small onion, chopped
Salt and pepper
Stir in 1 can each of Enchilada sauce, cream of mushroom soup, cream of chicken soup, chopped jalapeno peppers (small can) or green chilies.
Layer in baking dish: raw tortillas, meat mixture, grated cheese. Repeat layers and place in 350° F oven for 30 minutes.

Cardiac technique progress reported

The progress in cardiac techniques was brought out through topics given by Mrs. Glen Miller and Mrs. Sam Hill and in introductory remarks by Mrs. W.G. Steele, leader, for the meeting of 23 Study Club Thursday.

Miss Titia Belle Blanks and Mrs. C.E. Birk were hostesses for the meeting held in the home of Miss Blanks.

Using material from the February, 1976 issue of General Federation Clubwoman supplemented by other articles, the speakers presented present symptoms of onset of heart attack, new methods of treatment and descriptions of how family members can help during convalescence.

Mrs. Miller stated that 28,000,000 Americans are afflicted with some kind of heart trouble and that 1,000,000 die from it every year. She mentioned that the risk factors were greater among older people, the males and in families that have heart histories. She stated that cholesterol, high blood pressure and smoking were the main factors associated with heart trouble.

Mrs. Miller pointed out eight different areas of the body where pain might indicate a heart condition and discussed the role of homemakers in eliminating procrastination about family members getting medical attention, preparing the proper food and carrying out the doctor's orders.

Her topic was "Early Warnings of a Heart Attack."

Mrs. Hill discussed "New Help for Ailing Hearts". In introducing her talk she stated "Recent advances in drugs and methods of treatment are increasing the chances of survival for thousands of patients each year".

Two of the advances discussed were dobutamine, a new heart stimulant administered intravenously and dopamine, the only known drug that stimulates the heart and selectively increases blood flow to the kidneys.

"Not all 'new' heart drugs are recent discoveries", Mrs. Hill stated in

reference to lidocaine, approved in the late 40's, given to President Dwight Eisenhower 20 years ago and approved by the FDA in 1973. She described myocardial infarction as the knottiest and largest unsolved problem in heart disease and said that doctors now have new instruments and techniques to study what goes on in ailing hearts.

In closing, she told about the "Beta Blockers" a new class of drugs in Europe focusing attention upon alprenolol which has been

used successfully in Sweden with heart patients.

Mrs. O.E. Lochridge chose "Happiness Adds and Multiplies As We Divide It with Others" for the theme of a New Year's devotion. Mrs. Earle Denny read a poem "An Old Sweetheart of Mine" by Riley for the arts number.

Mrs. Chauncey Weiler discussed briefly a GFWC project for the federation counselor's report.

Mrs. Joe Singer was in charge of the period devoted to business. Reports of

officers and chairmen were given, and the club selected nominees for the Outstanding Citizen and Outstanding Senior Citizen of Iowa Park for 1977.

Refreshments carried out a red, white and blue theme. Mrs. Singer presided at the punch service.

Also attending were Miss Ethyle Kidwell, Mmes. Fred Widmoyer, T.M. Thaxton, L.E. Brooks, C.L. Metz, Rollins Woodall, Earl Watson, E.F. Soell, D.O. James, James A. Sewell and Homer Blalock.

Telephone count marks growth

As the telephone celebrated its centennial in 1976, Iowa Park experienced one of its greatest telephone growth periods.

Iowa Park's phone gain correlates with a national increase in phone, indicating a return to a healthy economy, according to Gary Cook, Southwestern Bell's local manager.

By the end of 1976, Iowa Park had more than 4,200 telephones in service, a gain of more than 170 for the year, Cook said. Furthermore, as the telephone begins its second 100 years, Iowa Park is expected to gain about 330 telephones in 1977.

On an average business day in 1976, Iowa Park customers placed more than 24,400 local phone calls, an increase of about 50 per day compared to 1975. Likewise, long distance calls increased about 10 percent last year to more than 800 daily.

"Telephone gain and increased calling volumes have been long-time indicators of a city's growth," Cook said.

In an effort to guarantee continued and better service in the Iowa Park area, Southwestern Bell invested more than \$173,000 in new construction and service improvements in 1976.

"Only by constantly upgrading and improving the existing telephone network can the company provide efficient service to Iowa Park customers now and in the future," Cook said.

Municipal court clerk is named

Mrs. Esmeralda Koenig has been appointed deputy corporation court clerk for maintenance of the municipal court docket in Iowa Park.

Mrs. Wanda Williams was appointed assistant deputy corporation court clerk. Mrs. Koenig and Mrs.

THERESE SARGENT

Announce engagement

Mr. and Mrs. Marlin Sargent announce the engagement of their daughter, Therese Lorraine, to Speedy Dickerson, son of Mrs. Juanita Dickerson.

Miss Sargent was graduated from Iowa Park High School where she was a member of V.O.E., serving as secretary and social chairman. She was also a member of Girls Choir. While in V.O.E., she was employed by the Iowa Park School Administration and is presently employed by Western Christian Foundation.

The groom-elect was graduated from Iowa Park High School where he was secretary and treasurer of Vo-Ag and a member of Auto Body. He is employed by the City of Iowa Park. The couple will be united in marriage July 1st.

The ceremonial procedure used in affairs of diplomacy is known as protocol from the Greek words *proto-kolon* for the first rough draft or original copy of a dispatch which is to form the basis of a treaty.

"Silence is a fence around wisdom." Proverb

 CARL G. HECKER PREACHER

If you want to save on your heating costs this winter, start right here.

A lower thermostat setting will result in less energy use. A setting of 68° or lower is recommended. If you're going to be away, turn the thermostat to a lower setting or turn it off unless freezing weather could damage plumbing and appliances.

Insulation is very important and can pay for itself by lowering your heating costs. A home with six to eight inches of insulation in the attic uses about 45% less energy than one with no insulation.

Keep the filters clean. Check them at least once each month. Dirty filters cause equipment to work harder and use more electricity.

Windows and doors are big energy losers, so consider installing storm doors and windows — at least on the north side of your house. And weatherstrip around all doors and windows.

Make sure your fireplace damper is tightly closed when the fireplace is not in use.

All forms of energy cost more these days. If you're serious about saving electricity, call or write for the booklet on our E-OK Energy Efficiency program.

Electricity. You count on it today.
 We're working to keep it that way.

W. N. HOUSE, Manager, Phone 592-4149

Great News FOR THE World

WHERE DO WE GO WHEN WE DIE?

If you accept the religious beliefs held by nearly everyone until recent years, you would answer this question by saying, "It all depends; if we have done the right thing while we live, we shall go to heaven, of course; and if not, then to ———". Here, perhaps, you falter. You are not sure, but you think, "to hell".

Will it surprise you to be told that the answer is entirely untrue; that, in point of fact, when we die, we are DEAD, and go not anywhere, except to the grave, there to remain until the hour of resurrection arrives with the coming of Christ? It may even make you angry. But if you are of a reasonable mind, you will cool down, and ask, "Is it so?" You will enquire after the evidence, and if you search long enough, and thoroughly enough, and earnestly enough, you will find it. You will discover

1.—That the body of man is man.

"God formed man of the dust of the ground" (Gen. 2:7). "The first man is of the earth, earthy" (1 Cor. 15:47). "I (Abraham) am but dust and ashes" (Gen. 18:27). "He knoweth our frame: he remembereth that we are dust" (Psa. 103:14). "Dust thou art, and unto dust shalt thou return" (Gen. 3:19).

If the body of man is man, then it follows that when the body dies, man dies, and that, consequently, it is impossible for a man at death to go to heaven or to hell.

2.—That the life of man or the spirit of man is not man, but the invisible yet real energy or power of God by which all creatures live.

"God giveth to all life, and breath, and all things" (Acts 17:25). "In his hand is the soul of every living thing, and the breath of all mankind" (Job 12:10). "If he gather unto himself his spirit and his breath, all flesh shall perish together, and man shall turn again unto dust" (Job 34:14-15). "That which befalleth the sons of men befalleth beasts...Yea, they have all one breath" (Ecl. 3:19). "The spirit (at death) shall return to God who gave it" (Ecl. 12:7).

If the life and spirit of man are not the man, but the power of God, by which the bodily man is enabled to live, it follows that the return of that life to God when death happens, is not the going back of the man, but the going back of the life which existed before the man was made.

3.—That the Scriptures testify that no man has ever gone to heaven.

"No man hath ascended up to heaven" (John 3:13). "David is not ascended into the heavens" (Acts 2:34). "The heaven, even the heavens, are the Lord's, but the earth hath he given to the children of men" (Psa. 115:16).

If David has not ascended to heaven, how can we hope to do so?

4.—That according to the Scriptures, the dead have not yet entered into a state of reward.

"These all died in faith, not having received the promises, but having seen them afar off, and were persuaded of them,

and embraced them" (Heb. 11:13). When the seventh angel sounds, "Thy wrath is come, and the time of the dead that they should be judged, and that thou shouldst give reward unto thy servants the prophets" (Rev. 11:15-18).

If the dead are not in a state of reward, how can the popular doctrine be true which sends a man to his reward when he dies?

5.—That according to the Scriptures, the dead are in a state of complete unconsciousness.

"The dead know not anything...Their love, their hatred, and their envy is now perished" (Ecl. 9:5). "In death there is no remembrance of thee; in the grave, who shall give thee thanks?" (Psa. 6:5). "The dead praise not the Lord, neither any that go down into silence" (Psa. 115:17). "The grave cannot praise thee; death cannot celebrate thee" (Isa. 38:18).

If the dead are unconscious, and have not even a remembrance of God, they cannot be enjoying heaven, or suffering in hell, as popular theology teaches.

6.—That according to the Scriptures, the time for the dead to be judged and rewarded is at the resurrection, when Christ comes again to the earth.

"Thou shalt be recompensed at the resurrection of the just" (Luke 14:14). "The Son of Man shall come in the glory of his Father with his angels; and then shall he reward every man according to his works" (Matt. 16:27). The Lord Jesus Christ "shall judge the living and the dead at his appearing and his kingdom" (2 Tim. 4:1). Jesus says the hour is coming when those that are in the graves "shall come forth; they that have done good, unto the resurrection of life; and they that have done evil, unto the resurrection of condemnation" (John 5:29; Dan. 12:2).

If the dead are not to be judged till Christ comes, what room is there for a doctrine that sends them straight away to be rewarded as soon as they die?

7.—That the reward of the righteous, besides immortality of nature, is inheritance of the earth.

"Blessed are the meek, for they shall inherit the earth" (Matt. 5:5). "Such as be blessed of him shall inherit the earth" (Psa. 37:22). "Those that wait upon the Lord shall inherit the earth" (verse 9). "The righteous shall be recompensed in the earth" (Prov. 11:31). "I shall give thee (that is, the Son of God, see v. 7)...the uttermost parts of the earth for thy possession" (Psa. 2:8). "We shall reign upon the earth" (Rev. 5:10).

If the reward of the righteous is the inheritance of the earth, clearly that system must be wrong which teaches that their reward is to go to "mansions above the skies". Look into the matter, and deliver yourself from tradition, and embrace the glorious truths contained in the Scriptures.

Letter to the Public

CITIZENS OF IOWA PARK
 Today, January 15, 1977, you have the opportunity to exercise the most sacred rights of your citizenship. The right to participate in determining the type and form of government you desire for your city. A special election is to answer the question "Shall A Commission be appointed to frame a new charter". I think at this point you are not voting for a charter but only to have your own which you may consider at a future election. The charter will also include candidates for election on the Charter Commission. Your vote is affirmative on the question.
 Give every citizen to exercise his right to vote. I, personally, favor a rule charter for the City of Iowa and will have more to say on the subject in the future. At this time I only urge you to vote "For" a proposition so we, the Citizens of Iowa Park, will be given an opportunity to choose between having a General Law City or having our own charter at a future election.
 /s/ Johnny Crawford

Vehicle parking must be legal

Iowa Park Police Department will begin Feb. 1 enforcing laws that restrict the parking of vehicles along curbs of city streets and open highways, said Charles Beaver, police chief.

Drivers violating the laws can be fined from \$1 to \$200, Beaver said.

The law to be enforced here states vehicles must be parked with the right-hand wheels next to the curb in the line of travel for that particular lane.

The right-hand wheels of the vehicle must be within

18 inches of the curb line, Beaver said.

Primarily concerned with parking habits in residential areas, Beaver said drivers in the past have left their vehicles parked in any direction.

Citing the Texas Motor Vehicle Uniform Traffic Act, Beaver said it also is illegal to park along a curb within 30 feet of a traffic sign unless otherwise posted.

It is illegal to park within 20 feet of a crosswalk or within 15 feet of a fire hydrant.

REMEMBERING...

By BILL D. BROOKS

VICTROLAS
 Our Victrola had belonged to my grandparents and was handed down to them. We called it our record player but Victrolas actually were "talking machines" when they first came out. The maker proclaimed, with pride, that the Victrola was "The most versatile and so the most satisfying musical instrument in the world, ... made to entertain, to console, and to inspire."

It was a source of daily entertainment for us kids and we were allowed to work it "all by ourselves" once we had been properly instructed as to the do's and don'ts. The rules were listed in a manual that came with the Victrola entitled "How To Get The Most Out Of Your Victrola" (Copyright 1918 by the Victor Talking Machine Company, Camden, N.J.). The following is quoted from it:

"In starting a record, release the brake and allow the turntable to make several revolutions to attain its full maximum speed. Then take the circumference of the soundbox between the thumb and two first fingers of the right hand and lower gently until the reproducing point comes, gently, into contact with the smooth, shiny rim at the circumference of the record. That is the right way and the only right way to start a

record." Mom saw to it that we were thoroughly knowledgeable of this and all other rules in the book before we were allowed to use the machine.

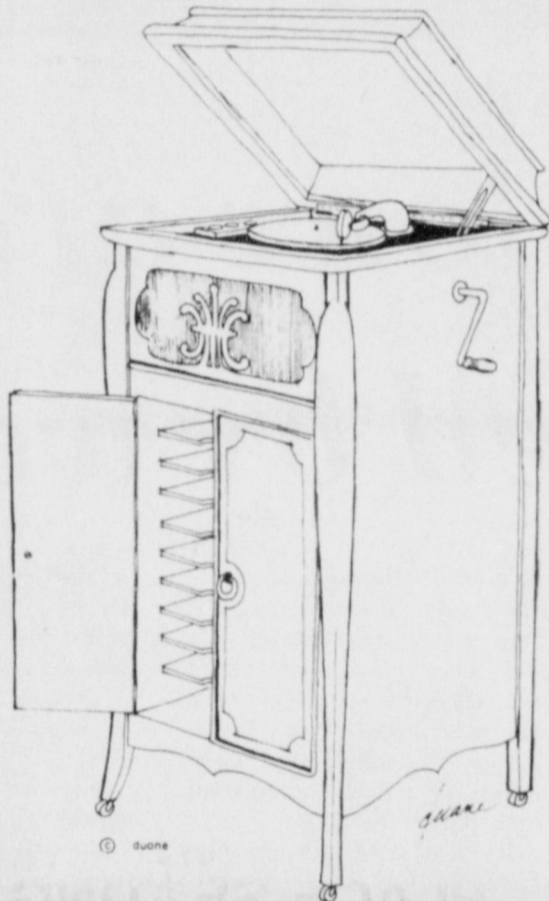

I remember I had to stand on a stool to be able to see in the top where the records went. When the lid was raised you could see the turntable and the playing arm in the top part. Three small metal cups held the needles, two of which held new ones. Some needles were for loud sound reproduction, some for soft sound. The other cup (this one had a lid with a small hole in it) was for worn out needles. There were some knobs and things that we were supposed to leave alone that had to do with adjusting the speed and tone of the machine.

In the front was a place that had grill work and cloth over it where the sound came out. Underneath that were two doors with shelves inside where records were stored. The shelves were full of records, most of which were classical and not too much fun to listen to but we had others that I especially liked. "Take That Night Train to Memphis" was my favorite but "The Arkansas Traveler" and "Blue Yodel No. 2" got played a lot also.

Playing the Victrola really took three of us. I turned the

wind-up crank, before each record was played. My sister placed the needle on the records because that task could be trusted only to someone with a "most sensitive" touch. My brother, since he understood machines, changed the needle after each record and saw to it that the machine was kept in good working

order. We finally sold the machine to a junk dealer for practically nothing because we got tired of it and it took up too much room. Sometimes I sorta wish we still had it though, because music from it had a special sound, an earnest kind of sound you just don't hear anymore.

VICTROLA

As I See It....

by BOB HAMILTON

I hope you will all make an effort to vote Saturday in the city referendum about changing the charter.

This election only asks your permission to draft a charter, which you will have the opportunity to vote for or against once it is written.

Certainly, it's not too much to ask

someone for the opportunity to try to improve.

The charter study committee members have devoted several hundred total hours studying and very possibly will come up with a charter which will appeal to most of our citizens. If they don't, you still have the right to turn it down.

But let's give it a chance. Let the commission do its work. Don't make up your minds before you know what will be written. That's a bit early.

That blizzard we had last weekend reminded me of the biggest storm I ever went through.

In March of 1957 we were living at Dumas when a blizzard started on a Saturday night and didn't let up until Monday morning.

So much snow fell and so much wind blew, that snow was packed between houses in the north part of town so tightly one could walk from one roof to another on a level plain.

People were stranded in their cars for hours and days, like three men on

the east side of town remained in their car more than 36 hours, and when they were dug out by rescuers, they were less than 200 yards from a housing addition.

And then there was the Marine who was stranded in that same storm near Vega, on Highway 66.

When they dug him out of his convertible he was nearly frozen. Wearing a light uniform, the only thing that had saved him was dozens of baby diapers and blankets, because he had no coat and had long since run out of gas to heat the car.

His wife and month-old baby had chosen to fly when he was transferred from the east coast to California, or they would have been stalled with him.

There are always worst storms than we experienced, but what we had was enough for me.

Heck of it is, the weather forecast at presstime doesn't sound too great. By the time you get this edition, the mailmen may be on ice skates making their deliveries.

Letters to the Editor

Mr. Hamilton,
 I would like to publicly express appreciation to the Iowa Park Volunteer Fire Dept. for their fish services to our community. Many times when we hear the siren we are made aware of the fact that they voluntarily leave their homes or places of business to come to the aid of their friends and neighbors, often than not (as was in our case) they leave a warm bed and go out in a cold night to help protect our lives and our possessions.
 Although we do not live in the city, we do own property in town and just a few days ago these men bravely averted what could have been a serious fire on our property by responding in a very efficient manner.
 Thank you for allowing us to express in our deepest appreciation for their many times a tiresome and thankless task.
 Clyde & Movelda Patterson

107 WEST PARK

NOTHING LIKE A ROLL IN THE SNOW
...Snowy expressway embankment too much to resist.

Winter storm slows area; school damaged by water

A winter blizzard over the weekend slowed Iowa Park and the area down to a snail's pace, and forced Lone Star Gas Company to curtail its supply to schools and industry.

Snow started falling Saturday evening, and was officially measured at eight inches at the Texas Experiment Station southeast of town. It was a dry snow, however, melting to only .10 of an inch.

Extremely cold temperatures accompanied the blizzard, with the thermometer dropping to a frigid minus four degrees early Monday morning. The cold prohibited any appreciable thawing until Tuesday.

It was the first snow for Iowa Park since Nov. 14. But that storm did not have the lasting effects.

All Iowa Park schools were closed due to gas curtailment, and certain departments at Cryovac were also shut down.

But even before the curtailment, school officials had announced no classes would be held here Monday. Heavy winds which had accompanied the snowfall had built snow drifts across roads and streets, making many of them almost impassable, and all were said to be dangerous for driving.

City police reported only two traffic accidents during the icy conditions, neither serious.

Police were concerned, however, with the number of youths sliding down the banks of the expressway and being pulled on various types of sleds behind cars on city streets. They termed both forms of entertainment "extremely dangerous".

City crews worked from sunrise to dark Sunday, Monday and Tuesday to clear streets and parking areas of drifts and ice. Large piles of snow were deposited all over the business district from their efforts.

Sanitation department employees were unable to function Monday, and were able to pick up from in front of homes in residential areas Tuesday and Wednesday. They were able to work in the business district both those days, however.

DAMAGE TO SCHOOLS

Frozen water lines caused damage at Kidwell Elementary, the blue building at Junior High, but mostly at the high school.

A one-inch copper line, encased in two inches of insulation, burst in numerous places when thawing started Monday night or Tuesday,

flooding much of the school.

The hard and cold wind was able to reach the water line through the ceiling of the garbage room of the cafeteria, where the exterior wall is of screen which allows ventilation. Wind pushed the ceiling tiles aside, and entered the attic of the building, where the pipe is located.

All school building temperatures were set at 55 degrees, in order to keep pipes from freezing. However, the ceiling is insulated at the high school, and no warmth could reach the pipe to protect it.

When the pipe started thawing, water spewed with such force it knocked the ceiling tiles to the floor, and drenched everything below it, and even the walls.

The floor of the auditorium, near the stage, was standing in about 10 inches of water when the break was discovered. Water flowed from the ceiling of the back-stage area of the auditorium, in the band hall, and in the cafeteria kitchen.

Portions of the tile clogged the drains of the kitchen, and the water from there and the band hall flooded much of the building, including the wooden gymnasium floor.

School maintenance crews and the

kitchen crew were called in to help clean up the debris, and plumbers were still working Wednesday to replace the broken pipe.

Insurance investigators were to make estimates of damage Wednesday.

Both the girls' and boys' varsity basketball teams were forced to play their scheduled games with Vernon in the unheated junior high gymnasium, because there was no water turned on at the high school.

GAS RESUMED

Lone Star Gas representatives notified Cryovac and the school administration about 10 a.m. Wednesday that the curtailment had been lifted on some of its customers.

Supt. Faris Nowell said classes would be held today, but campus principals were to meet to decide whether their schedules would require testing today and Friday, as had been planned before classes were dismissed.

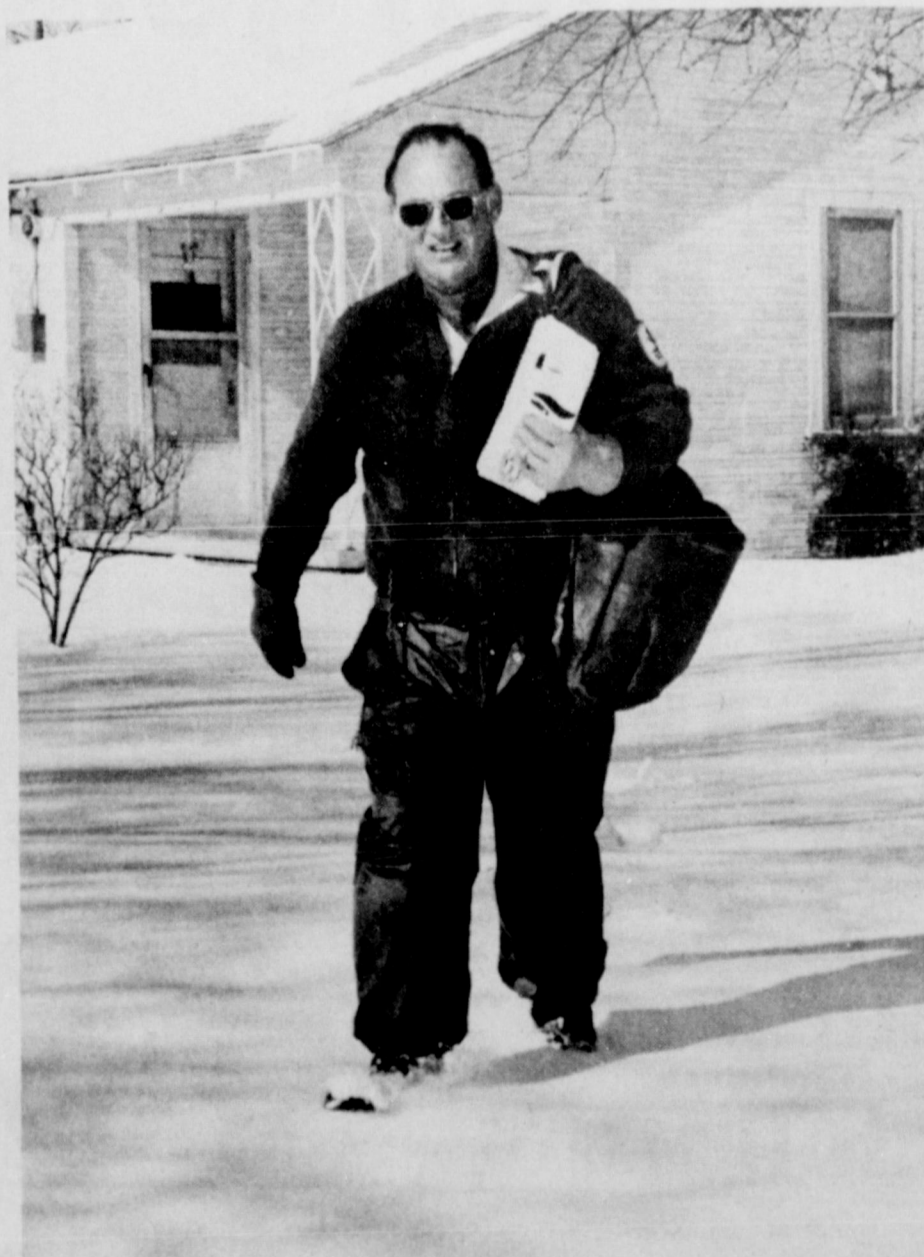

The curtailment to Cryovac will allow that firm's printing department to return to work for the first time since the weekend. However the plant will have to continue using its alternate heating source, oil, for its boilers until the curtailment is completely lifted.

PILING UP THE DRIFTS
...city crews clear streets of snow.

BURST WATER PIPE
...high school damage inflicted.

POSTMAN BRAVES ICY COLD
...Leonard Davis trudges through snow.

Obituaries

Clyde Hutchinson

Services for Clyde Hutchinson, 77, a retired grocer, were Friday morning in Tanner-Aulds Funeral Home. The Rev. Jim Connatser, pastor of First United Methodist Church, officiated.

Burial was in the Eldorado, Okla. Cemetery that afternoon.

Pallbearers were Oscar Jackson, Barry Jackson, Charlie Mathis, Bill Spruiell, Gerald Combs, S.B. Keeter and M.G. Moore.

He was born May 17, 1899 in Oklahoma Territory.

He is survived by his wife, Edith; a daughter, Mrs. Hayes Williams of Arlington; two sons, Luther Wakefield of Iowa Park and Jerry Wakefield of Friendswood; two sisters, Nina Hutchinson and Lucille Hutchinson of Eldorado; a brother, Bill of Eldorado, and seven grandchildren.

Robert Johnson

Memorial services for Robert Johnson, 41, who was reported missing in the Gulf of Mexico Jan. 3, will be at 2 p.m. Friday at First United Methodist Church.

The Rev. Jim Connatser, pastor, will officiate.

A resident of Iowa Park 16 years, he owned a grain company here, and was born Jan. 11, 1935 in Magic City, Texas.

Survivors include his wife, Anita; a daughter, Kim; a son, Greg of the home; three brothers, H.C. and Douglas, both of Iowa Park, and Darrell of Portland; a sister, Mrs. Laduana Vanek of Iowa Park; his parents, Mr. and Mrs. Henry Johnson of Iowa Park.

The family asks that memorial donations be given to the First United Methodist Building Fund or to the Heart Fund.

C.H. Davenport

Celia H. Davenport, 80, a former resident of Iowa Park, died last Thursday at his home in Canadian.

Services were held Saturday at the Church of Christ in Canadian. Raymond Duncan conducted the services. Burial was in the Canadian Cemetery under direction of Stickley Hill Funeral Home.

He was born Jan. 8, 1897 at Norborn, Mo. and married Florence Bettis Aug. 20, 1920.

Survivors are his wife; seven daughters, Mrs. Maxine Henson, Iowa Park, Mrs. Cleve Hudson, Borger, Mrs. Raymond Cook, Clinton, Okla., Mrs. Ray Fritch, Mrs. Alvin Stinele, Mrs. Robert Tesson and Mrs. Homer Thomas, all of Canadian; three sons, Eddie Ray of Chickasha, Okla., Wayne of Houma, La. and Jimmy of Canadian; 47 grandchildren and 60 great-grandchildren.

Melvin Leroy Belcher

Services will be at 10 a.m. Friday in Owens & Brumley Funeral Home in Wichita Falls for Melvin Leroy Belcher, 62, of Holliday, who died Tuesday in a Wichita Falls hospital.

Rev. Lloyd Riddles, pastor of Holliday Baptist Church, will officiate. Graveside services will be at 2:30 p.m. Friday in Mt. Olivet Cemetery in Fort Worth.

Belcher was born Jan. 13, 1914, in Cleburne. He was a salesman for Ben E. Keith Co. and was a member of Holliday Baptist Church.

Survivors include his wife, Quata; a son, Melvin Jr. of Holliday; a daughter, Mrs. Bennie Baxter of Wichita Falls; and four sisters, Mrs. Georgia Moore of Arlington, Mrs. Reece McDonald of Midland, Mrs. Cansada Jones and Mrs. LaBerta Dowdy, both of Fort Worth.

Floyd Merriman

Services for Floyd Willis Merriman, 52, were held Saturday in Faith Baptist Church.

The Rev. Bill Campbell officiated and burial was in Highland Cemetery under direction of Tanner-Aulds Funeral Home. Pallbearers were Welson Jetton, Richard York, Lonnie Heffner, Jim Uselton, Jesse Joyner, Harry Price, Sammy Sanders and Forester Robertson.

Born April 20, 1924 in Springtown, Okla., he married Betty Soles on Dec. 21, 1945 at Wichita Falls. He was a retired plumber at Sheppard AFB. He had lived in Iowa Park 24 years and was a member of Faith Baptist Church, DAV and American Ex-POWS.

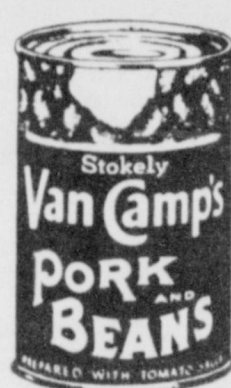

He is survived by his wife; a daughter, Mrs. Sue Lozupone of Iowa Park; two sons, Ricky and Kenny of Iowa Park; two brothers, Roy and Ernest, both of Iowa Park; and five grandchildren.

Hawk awards banquet slated Saturday

Presentation of awards to three outstanding players of the 1976 Hawk football team will highlight Saturday's annual banquet.

The event is slated to begin at 7 p.m. in the high school auditorium.

Permanent trophies in the school's display case will be inscribed with recipients of the awards, which include the Outstanding Hawk, Hustling Hawk and Ball Hawker.

The Outstanding Hawk award is in recognition of

the player who, in the judgement of the coaching staff, contributed the most to the team during the season. Ball Hawker is recognition for the player who accounts for the most opponent turnovers, such as covering fumbles and intercepting passes. Hustling Hawk goes to the non-starter who is often a specialty team member who contributes the most to the team.

Keynote speaker for

the banquet is to be Texas Tech University defensive end coach Jess Stiles. He reportedly will have with him former Hawk Greg Frazier, who was named All South-west Conference defensive secondary player. Stiles was the principal factor in recruiting Frazier to the Lubbock school.

A 1954 graduate of Midwestern State University, Stiles joined the Tech staff from Borger

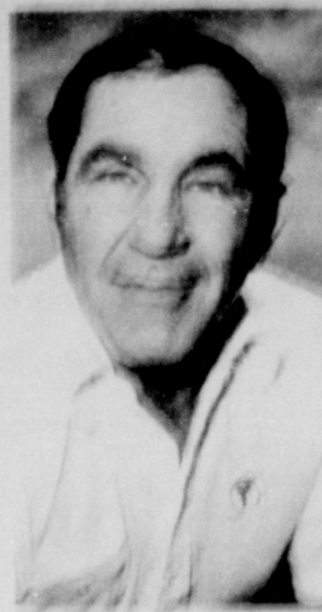

High School where he was head coach. Before going there, he rolled up an impressive 39-23-2 record at Wichita Falls Hirschi, winning the district title in 1963 and was the state semi-finalist in 1964.

Stiles also won a district championship at Bowie High and had the regional finalist in 1959 with an 11-1 mark. A native of Clarksville, he enjoys golf, fishing and gardening.

Stiles moved up to the varsity under Coach Steve Sloan in January of 1975, after leading Tech's freshman teams to four unbeaten seasons in five years.

His high school coaching record was 56-38-3.

Tickets to the banquet are available at the high school, State National Bank and Iowa Park Leader, at \$9 per person. Varsity, junior varsity and freshman teams will be honored at the event.

Hawks shiver past Vernon

It's been a long, long time, the Iowa Park Hawks have defeated Vernon in a football game. In fact, it's so long, no body around can remember when they've ever lost to the Hawks in the sport.

But it happened here Saturday night, 54-49.

In the game, and one between the girls' teams, to be played in the heated junior high gymnasium because water was off at the high school.

As sat in the stands, draped in their heavy coats and blankets, like a football game.

The first half was close, with the Lions holding a slim 11 lead at the end of the quarter, and a narrow, 10-point lead, 28-27, at

half-time.

Coach Mike Billingsley's charges took over in the third period, jumping to a seven-point lead with about three minutes remaining and holding it with hot shooting, good passing and a full court press.

But the hot hand cooled during the third official rest period, and the Lions took advantage of numerous turnovers by the Hawks. Iowa Park led 45-38 going into the final quarter, and didn't score another point until 2:56 remained in the game.

Vernon tied the score at 45-45 with 3:38 remaining, and took a two-point lead before the Hawks could ever make a point.

Oddly, Iowa Park never

sank a field goal in the entire final quarter. All scores came on penalty shots for the Mean Green.

Doug Rogers broke a 49-49 tie with 1:22 remaining on the scoreboard clock, and Rusty Price, Tom Pappas and Paul Hubner added more during the final minute

of play to provide the point difference. The Hawks held the visitors scoreless for the final 1:27 of the game.

For the evening, Iowa Park sank 20 of 29 shots from the charity line. Jim Rowell finished high with 18 points. Anthony York, who sat out much of

the last half with four fouls, was the only other Hawk in double digits, 10.

Vernon won the girls' game, 63-32. Kim Baca had 14 and Connie Shreiber had 12 for Iowa Park.

The Hawkettes are scheduled to play at Notre Dame today, with both the junior varsity and varsity seeing action, starting at 6 p.m.

Friday the Hawks will travel to Brownwood for a double header, with the first game at 6 p.m. and the second at 8.

Monday the Hawks travel to Bowie for a non-conference game, and then host Mineral Wells Tuesday in district play. Mineral Wells will also bring their girls' team.

Predators good sport for hunting

Sport hunting for predators has been on the increase the past few years but was given renewed interest with the present price of animal pelts, according to Texas Parks and Wildlife Department officials.

Recent reports from North Texas fur buyers reveal that prime bobcat hides bring up to \$80 while coyote pelts are selling up to \$22.

Raccoons that will measure 30 inches (head and body length) are bringing up to \$20 and that seems to be tops for the season.

Other furbearers such as fox, badger, ringtail opossum and skunk are also at a premium.

A trapper's license is required of any person taking the pelt of a fur-bearing animal for the purpose of sale and this \$5 license has been selling at a record pace according to TP&W reports.

Dad-Daughter banquet

Plans for the Dad-Daughter banquet to be held in April were discussed during the meeting of Camp Fire Girls Leaders Thursday morning and it was noted that leaders will be working with the girls on an outdoor theme.

Mrs. Billy Beavers conducted the meeting. Mrs. Tom Neely, candy sale chairman, led the discussion of final plans for the candy sale which will begin Jan. 28. This year the girls will be selling peanut delights, assorted and minis made by Russell Stover at \$1.50 per box.

It was announced that Mrs. E.F. Soell had resigned from the board of directors. Mrs. Max Solomon and Mrs. Kaspar were recognized as new board members.

Featherston is elected tennis club president

Ray Featherston was elected president of the Iowa Park Tennis Association when the organization held its first meeting of the year Monday night.

Other officers named include: Phil Corless, vice president; Laura Thames, secretary; Mark Stanekwitz, treasurer; Dr. Erwin Soell, tournament committee chairman; Miles Thompson, project and finance committee chairman; Corless Wallace, telephone committee chairman; Dean Smith, publicity and yearbook committee chairman; and Pansy Bowerman, nomination committee chairman.

Projects, tournaments and activities were topics of discussion during the meeting.

The first project is to provide lighting for the Iowa Park Junior High tennis courts. Several fund raising projects are being planned.

Three tournaments are in the planning stages. Tentatively scheduled are a spring and fall tournament for club members only, and an open tourney in the summer.

Meetings of the organization are scheduled for 7:30 p.m. the second Monday of each month, at the Texas Electric Reddy Room.

A clinic by Jon Brotherton of Wichita Falls is scheduled for one of the meetings. February's program will be a movie film of John Newcombe.

Wichita Falls Scouter heads Order of Arrow

Robert W. Michaels of Wichita Falls was elected Chief of Wichita Lodge 35, Order of the Arrow, Northwest Texas Council, Boy Scouts of America, during the Lodge's Annual Winter Fellowship at Perkins Scout Reservation, Sunday, according to Dr. R.D. Riddle, lodge advisor.

Michaels is a member of Troop 15 sponsored by the Highland Heights Christian Church. He has received his Eagle rank and has worked as a member of the council's

summer camp staff for the past four years.

"The Order of the Arrow is an Honor Camper's Brotherhood and is composed of some 300 members from throughout the 13 county Northwest Texas Council," Riddle said.

Other officers elected during the weekend fellowship were: Vice Chief, Bill Jentach, Troop 13, sponsored by Knights of Columbus, Wichita Falls; Membership Secretary, Jim Lindsey, Troop 48, sponsored by the First Baptist Church, Vernon; Corresponding Secretary, Tony Hartin, Troop 48, sponsored by the First Baptist Church, Vernon; Feathermaster, Don Miller, Troop 200, sponsored by the North Texas Field and Stream Association, Wichita Falls; and Quartermaster, Rex Mott, Troop 210, sponsored by the Trinity Presbyterian Church, Wichita Falls.

Scouters Riley Cook and Ray Mooney were elected as Honor's Master and assistant respectfully.

Municipal Court Records

Results of municipal court held here last Thursday and Wednesday were: William "Bill" Leroy Scout, failure to stop and exchange information, \$27.50; Iowa Park Independent School District, illegally parked vehicle, \$4.50; Darlene Johnson Pavlovic, negligent collision, \$27.50; Pauline Bellah Thompson, speeding, \$40.50; Jackie Darwayne Wilson, speeding, \$27.50; Richard Alan Hamilton, speeding, \$27.50.

SOCCER LEAGUE

For IOWA PARK

Meeting will be held at 7:30 p.m., January 25, at Lowell Elementary to discuss forming soccer leagues for boys and girls, through junior high level.

Plans and slides will be shown and various rates will be discussed. Your presence is invited.

Stray dog problem heats city meeting

Holliday's continuing problem of stray dogs roaming the city came to a head Tuesday night when citizens confronted the Holliday City Council concerning the alleged unauthorized execution of several dogs Tuesday afternoon.

The group of citizens headed by Charles Parker was not so concerned by the elimination of stray dogs as it was by the manner in which the dogs were killed.

Bullets fired from a .22 rifle used to kill the dogs, Parker said, just as easily could have ricocheted, striking children who were out of school and playing in the vicinity where the incident occurred.

According to testimony at Tuesday night's council meeting, Red Slack reportedly requested the city do something about a female dog in heat that was attracting a large following of male dogs.

The city has no equipment for catching dogs and one of the city workers reportedly

carried out an unauthorized order to shoot the female dog.

It was not known if the female dog had been killed, but several dogs were shot including Parker's dog which had been wounded but had not died by Tuesday night.

The shooting reportedly took place in the Archer County equipment yard in Holliday.

Parker opened discussion on the subject, maintaining he was concerned for the welfare of Holliday's residents.

Parker said he realized there was a stray dog problem, "but I don't want it to happen again." The city employee "could have killed a kid as easily as he did a dog," Parker said.

"He (the city employee) shouldn't have been sent with a gun in the first place...he could have done more damage than a wild pack of dogs," Parker continued.

Later in the meeting

Water Supt. Hershel Johnson was called to the meeting by Mayor Leo Chappell.

Johnson said Slack requested something be done about the female dog, even if she had to be shot.

McDaniel said he was not present during the shooting, but he added, "Something has to be done about the dog situation."

"That still does not justify wholesale killing of dogs," Chappell said.

McDaniel's voice hinged on the edge of anger when he explained residents constantly complain about stray dogs, but that city employees are reprimanded when action is taken.

"If he had missed and a bullet had bounced it could have killed a kid just as easily," Parker continued.

It was asked why the city's policeman, Lomax Campbell, had not been dispatched to handle the situation.

"I haven't asked him (Campbell) to do anything yet that he didn't say, 'It's out of my jurisdiction,'" McDaniel said.

McDaniel said the city does not have any equipment to catch dogs.

Chappell said it was against the law to shoot dogs and a violation of city ordinances to discharge firearms within the city limits.

"It's seldom I go to the post office in the morning that someone doesn't hit me up to do something about these dogs," Chappell said.

"I'll go on record right now that I'm opposed to shooting dogs and have been ever since I assumed this office...unless it's an emergency," the mayor added.

Parker said, "I agree that something should have been done, but it should have been handled in a different manner."

Parker said he was not out to have anyone "hung," or

reprimanded through job termination over the incident.

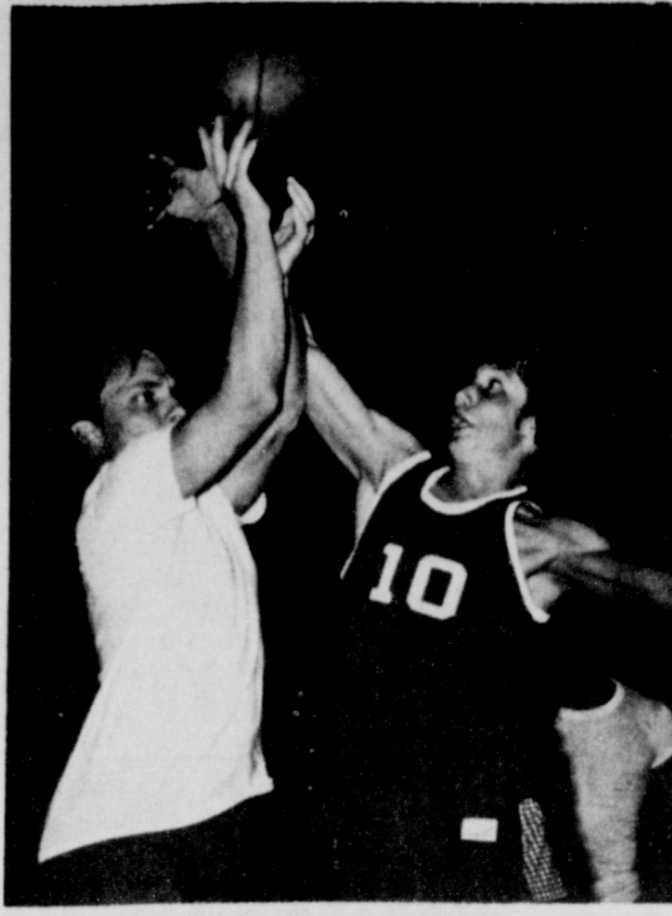

"I don't think anybody should be fired over shooting a dog," the mayor said.

It was not known to whom the rifle was registered or where it had been obtained.

McDaniel said the council had failed to take action on a previous request that the city purchase a tranquilizer gun.

The issue was put to rest when the council passed a motion to check into the purchase of a tranquilizer gun.

In other action Tuesday night, Garland Ray appeared to discuss installation of water lines to service a new residential development north of Holliday.

HOT SHOT—Dobie Romines (10) defends against Dwade Reinsch in the Faculty Flunkers-Eagle Varsity game. The Flunkers flunked 47-38 with Reinsch scoring two points, while Romines scored the number on his jersey.

Water Supply meeting set

Wichita Valley Water Supply Corp. will hold its annual membership meeting at 7:30 p.m. Tuesday at Holliday High School cafeteria.

All members are urged to

attend since there will be an election of directors and bylaw changes will be presented for approval, said Joe Wells, president.

PERSONALS

CARD OF THANKS

My sincere gratitude is given to all my friends, family and minister for your thoughts, prayers, flowers, cards and visits during my recent illness.

Walter Spruiell

CARD OF THANKS

We would like to express our appreciation for your wonderful response to our need for baked goods and for workers, the band fathers who gave of their time to patrol the halls and run errands, all of this was invaluable. Because of your excellent cooperation our school as host for the North Zone all district contest tryouts was most successful, in being able to meet the needs of the students, which was held at High School, December 8, Sat.

Band Boosters.

CARD OF THANKS

To all our wonderful friends and neighbors: we thank you from the depth of our hearts for the love and kindness shown us during the death of our loved one. You will never know how you have endeared yourselves to us and we desire to be the kind of friends to you that you have been to us. Our special thanks go to the United Methodist Ladies and Order of Eastern Star for the delicious food furnished and served us.

The Family of Clyde Hutchinson

CARD OF THANKS

Permit us to express our deep gratitude for the many expressions of sympathy and concern shown us when our loved one, Mrs. Bertha Garner, passed away. The flowers, cards, food, prayers and visits were some of the ways that you showed your love and interest. For these, and everything else that was done, we sincerely thank you.

Mr. and Mrs. Alvin McCluskey and Family
Mr. and Mrs. J.L. Ladd and Family
Mrs. Clifford Roberts and Family
Mr. and Mrs. Coral Garner and Family

Contracts extended for administrators

Chief administrators of Holliday schools were given extended contracts during Monday night's regular meeting of school trustees here.

Contracts of Supt. Ray Coe; Bill Crabbs, high school principal; and Dan Owen, elementary school principal, were extended through the 1978-79 school year.

Trustees also voted to give auxiliary employees at 10 cents per hour pay raise.

With the regular election scheduled for the first Saturday in April, trustees voted to have the same number of ballot boxes this year as during the last election.

Trustees whose posts are up for election are Bob McDaniel and board president T.D. Whitehead.

The monthly tax statement submitted by Louis Hodge, tax assessor/collector, was approved by board members.

CUT YOUR TAXES, SHELTER YOUR INCOME, AND RETIRE IN STYLE.

"Tax deferred" retirement accounts. At Parker Square Savings, we offer tax sheltered programs for people who want to save for retirement—whether self-employed, or employed but not covered by a qualified retirement plan.

Tax deferred accounts are a great way you can save money every year and not pay taxes on it until you retire. (By then, you'll likely be in a lower tax bracket.)

Team records even in conference play

Holliday's varsity girls and varsity boys basketball teams each will be sporting a .500 district batting average when they invade Petrolia for Friday night's third conference outing.

Both the varsity girls and varsity boys dropped season openers to Callisburg, but came back to claim a couple of loop victories Tuesday night on the home court.

VARSIY GIRLS
Clay Carver sizzled the net for 30 points to pace the Eagles in a 66-52 loop win over Lindsay Tuesday night in Eagle Fieldhouse.

Coach Walter Lemons' birds jumped out to claim an early lead in the contest having Lindsay down 18-3 at the end of the first period.

Lindsay rallied within five points of the Eagles when the half-time buzzer sounded, and later in the third period tied the contest.

The Eagles opened up their shooting game for the remainder of the contest,

maneuvering through Lindsay's full-court press, for the win.

Holliday's scoring game also was aided by three technical penalties against Lindsay. Two of the technicals were called on the Lindsay coach.

Other individual efforts by Eagles included 15 points by Bob Gilmore and 11 by Jay Miller.

The Eagles opened loop competition on a sour note when they were handed a 56-53 loss by Callisburg.

The Eagles maintained the lead throughout most of the first half, but Callisburg pulled away in the final period for the narrow decision.

Gilmore was highpoint with 16, trailed by Carver with 16. Bob Berry and Mark Mankins each had eight.

The Eagles will travel to Petrolia for Friday night's contest, and then Archer City will come to town for

Tuesday night's county clash.

VARSIY GIRLS
Nancy Sanders paced the varsity girls with 31 points in Holliday's 48-44 win over Lindsay Tuesday night.

The loop tilt was tied 25-25 at the half, but the female Eagles churned out 13 points in the third quarter to pull away from Lindsay.

Lindsay staged a rally in the fading minutes of the contest, but Coach Scotta Schroeder's girls held on to their narrow margin.

Cami Potter scored 12 points in the Lindsay contest.

The varsity girls also received a dose of misfortune in their conference opener in Callisburg when they were handed a 55-34 defeat.

Cami Potter highpointed with 16 while Mindy Lowder and Nancy Sanders each scored eight.

The girls will open

doubleheaders at 7 p.m. Friday in Petrolia and at 7 p.m. Tuesday in Eagle Fieldhouse against Archer City.

Varsity Eagles will play the second half of the doubleheaders.

JR. HIGH & JUNIOR VARSITY

Holliday's junior high boys and girls and junior varsity boys and girls will go on the road today for contests in Archer City. The first game is scheduled to tipoff at 5 p.m.

WANTED

Information on people, places and things in Holliday. Information may be submitted for publication by calling 592-4431 or by writing to The Leader, P.O. Box 430, Iowa Park, 76367. Messages and news tips also may be left for our reporter at Holliday City Hall.

Bookkeeping course open

A 15-week adult bookkeeping course will be offered in Holliday beginning Monday.

First session of the course, offered here by Vernon Regional Junior College, will meet at 6:30

p.m. Monday in Room 33 at Holliday High School.

The classes will meet from 6:30-9:30 p.m. one night each week for 15 weeks.

Pat Holt said 23 persons

had pre-enrolled for the course.

Anyone interested in taking the bookkeeping course who has not registered may do so at Monday night's initial meeting.

Reserve Life is pleased to announce the appointment of...

Fay Crowell

Fay Crowell is agent for the company in the fields of life and health insurance. Mrs. Crowell has lived in Iowa Park since September of 1959, moving here with her husband, the late Bobby Crowell. She worked for many years as a dental assistant, until December 1975. She is a member of Faith Baptist Church, and the mother of three children: Fred, a senior at Iowa Park High; Mrs. Robert Beggs, of Iowa Park; and Mrs. John Landrum of California; and the grandmother of Rowdy and Rusty Beggs.

ABOUT THE COMPANY
 Reserve Life Insurance Company, incorporated in 1938, has its home office in Dallas, Texas. The company has over a billion dollars of life insurance in force. It operates in forty-six states, the District of Columbia, Puerto Rico and several European countries. Assets of the company exceed \$187,000,000. The A.M. Best Company, recognized insurance analysts, in recommending the company, commented, "Since its founding the company has achieved remarkable results and it has built up an unusually strong financial position. In addition to its life insurance business it has developed a very substantial volume of accident and health and hospitalization coverages and it now ranks among the leading companies in the disability field." Reserve Life is a wholly-owned subsidiary of Sammons Enterprises, Inc. of Dallas.
