CLYDE FARMERS SELLING COTTON FEARING SLUMP

Clyde, 9 29-22.

We have had no rain since a light one about the 18th of this month, which did some good to sweet potatoes and late feed crops.

Cotton is being gathered rapidly and is seemingly all being sold as fast as gotten out. While everything points to higher prices later on, farmers seem afraid to hold when they can get around twenty cents.

Some of our sweet potato growers are digging and marketing some of their earliest yield, which are bringing rather a low price for this time of year.

Well, this scribe is somewhat like the editor of The Star about politics—about in the notion to take out and quit.

J. H. Brooks, who ran a barber shop here for a long time, but now of Lockney, has been here this week on a visit with his family.

Chester Slater and wife, of Big Spring, are visiting relatives here and at Denton.

Miss Maudie Mills, who is taking a business course at Draughon's College, in Abilene, spent Sunday with her parents here.

Mrs. Katie Boser, of Cisco, was here Sunday. She is having some carpenter work done on her house here, which she rents out.

Earl Slater returned home from Buffalo, New York, Sunday night, where he had been attending the National Convention of Rural Mail Carriers.

M. Y. Anderson, T. & P. depot agent here, has returned home from Minnesota. He went to Mayo Bros Rochester Sanitarium for a very serious operation, which he stood well and is about ready to resume his work again.

T. T. Haney, of this place, has accepted a position with B. L. Boydston, at Putnam, and will remove his family thither in the near future.

Miss Thelma Walker left Monday night for Denton, where she will attend school the coming term.

Mr. Austin Bouchette and Miss Belle Bryant, both of Clyde, were married last Sunday night.

Mrs. J. N. Pyeatt, Mrs. Callie Marshall, Mrs. W. E. McCollum, her son, Acton and her daughter, Velma, attended a protracted meeting Sunday at Putnam, which is being conducted by Jas. M. Rice, of Merkel.

M. L. Hays and his twin sons, Earl and Leslie, shipped a mixed car of hogs and cattle to Fort Worth Tuesday. XXX

PLANT TREES

The Clyde Nursery will handle a full line of fruit, shade and ornamental trees the coming season, which will begin about the middle of November. Also have a fine line of paper shell pecan trees. Write to or see W. W. Slater, who is the manager.

Fruit tree planting has been neglected for the past few years and just now nothing promises better returns on the investment than a few acres planted to well selected trees.

W. W. Slater,
Manager Clyde Nurseries,
43-47 Clyde, Texas.

The Baird Municipal Band will give a concert in Clyde next Thursday night, for the benefit of the Clyde Football Team.

FOOTBALL FEATURED

This Session By Baird School Athletes And Strong Team Organized And Training

The Baird Public School, particularly the High School pupils, are stressing athletics as never before in its history. Even the girls have organized an Athletic Club, over 60 strong and will specialize in basketball and tennis, and the boys going strong on that greatest of all he-games, football.

The school team is strong and the members are getting ready for the games. A football team puts life and encouragement into the school, pep and self confidence into the players, strengthening and developing both brain and muscle. These young votaries of the gridiron are going to give the people of Baird something worth watching.

The Baird players believe in fair, clean games. They will enter a game as friends of their opponents, and when the game is finished they will still be friends.

The team's coach, Mr. Newell C. Berry, is doing all he can to develop the players. He has forbidden members the use of tobacco or drinks containing carbonated water. He believes in clean and wholesome sport and he is what the high school boys have been needing and honing for for a long time.

The members of the team want the people to stay with them, and they thank those who contributed so liberally toward providing them with the sinews of war. Here is the team's lineup.

Roy Cutbirth, captain; Freddie Farmer, Alvin Kavanaugh, Burnace Andrews, Grant Bowlus, Joe McFarlane, Woodfin Ray, Randal Forrest, Price McFarlane, Fabian Bear-den, Harry Cochran, "Mexican Joe."

They have another man or two to select to bring the team up to its full quota. They want the goodwill and support of the people of Baird, and they are determined to merit it by their future course of action. "Now," they all declare, "watch us go!"

TO MEET REAL AMERICANS COME TO WEST TEXAS

Ninety-eight-and-nine-tenths per cent of West Texas people are native born whites. West Texas and the Panhandle have long had the reputation of being a "white man's country," but the exact extent to which this is true has not been definitely known until Roscoe Ady, Industrial Commissioner of the West Texas Chamber of Commerce, made a close study of the most recent census reports of the Government and announced that 98.9 per cent of that section are native born whites.

In making this study Industrial Commissioner Ady blocked off a section of the State containing 80 counties, having an area of 88,724 square miles, which is greater than the combined areas of Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut, New Jersey and Maryland. It is equal in area to the combined areas of England, Scotland and Wales.

In some of these counties no foreign born people are found, and a number of others are free of negroes. In many cases the combined negro and foreign born population is less than one per cent of the total.

The following counties are included in the statistics compiled by Mr. Ady: Dallam, Sherman, Hansford, Ochiltree, Hartley, Hutchinson, Moore, Roberts, Hemphill, Oldham, Potter, Carson, Gray Wheeler, Deaf Smith, Randall, Armstrong, Donley, Collingsworth, Farmer, Castro, Briscoe, Swisher, Hall, Childress, Bailey, Lamb, Floyd, Motley, Cottle, Hardeman, Foard, Cochran, Hockley, Lubbock, Crosby, Dickens, King, Knox, Yoakum, Terry, Lynn, Garza, Kent, Stonewall, Haskell, Gaines, Dawson, Borden, Scurry, Fisher, Jones, Andrews, Martin, Howard, Mitchell, Nolan, Taylor, Wilbarger, Wichita, Clay, Montague, Baylor, Archer, Throckmorton, Jack, Shackelford, Stephens, Palo Pinto, Parker, Tarrant, Callahan, Eastland, Erath, Hood, Somervell, and Johnson.

The combined population of these counties is 963,568.

In Cochran and Andrews counties, the census report shows, there is not a single foreign born resident. Twenty-five of the counties have no negro population. Twenty-one of the counties where there are negroes, show a population among them of less than one per cent of the total. The highest percentage of negroes is found in Tarrant County, where 12.3 of the total is of this race. The highest percentage of foreign born is reported from Howard County, where it is 6.2 per cent of the total.

Andrews County has a population 100 per cent native born white, and the following counties have records of more than 99 per cent in this class:

Somervell, Jack, Throckmorton, Montague, Borden, Andrews, Lynn, Gaines, Terry, Floyd, Hall, Briscoe, Collingsworth and Hutchinson.—Fort Worth Star-Telegram.

I. H. Parker, formerly of Abilene, now an inmate of the Confederate Veterans' Home, in Austin, is visiting relatives in Baird. He is a first cousin of Mrs. W. L. Henry. Mr. Parker was a citizen of Missouri when he entered the Confederate Army in 1861.

CALLAHAN'S FAIR EXHIBITS

This County Well Represented At The West Texas Fair Jones' Famous Exhibit

Callahan County is well represented at the West Texas Fair, which opened at Abilene Monday morning last and will close tomorrow night. The fair has drawn many visitors from this county. Wednesday was "Cross Plains Day" at the fair, and a big flock of autos, crowded to capacity with people from our sister city to the South, passed The Star office that morning, bedecked with banners and placards advertising that section.

The Baird Public School entered an exhibit of school work and there are agricultural exhibits in generous quantity, both of livestock and of farm, garden and orchard products, from all parts of Callahan County.

Wednesday's Abilene Reporter says of the Callahan County display that it is one of the largest exhibits of the fair, having on display practically every product that can be grown on the average West Texas farm. Feeds, truck, home canned fruits and vegetables. Cotton, flax, rice and watermelons are the principal features of the large display. A golden yellow watermelon, known as the Klondike, because of its golden color, is stressed by its exhibitor. It is said that this melon turns yellow when it is ripe and that there can be no doubt as to when it should be pulled.

Among the individual exhibits, that of R. G. Jones, of Cottonwood, attracted the most attention. The display includes more than 200 farm and truck products, all of which are produced by Mr. and Mrs. Jones. The exhibit includes broom corn, all kinds of melons, truck products, cotton, feeds, a large variety of grains, garlic and practically everything that can be grown in Texas or any other State. Canned goods are likewise given a prominent place.

ANTI-LYNCHING BILL FILIBUSTER HALTED

Both Branches of Congress Have Measure, Appropriating \$2,800,000 at Once, to Adopt.

Washington.—The Senate is two jumps and a filibuster behind the House in the race for adjournment.

But, having quashed the filibuster for the time being, it hopes to come in neck-and-neck with the House, Friday afternoon.

Those two jumps are the Liberator loan and the Dyer anti-lynching bills.

Both branches are due to adopt the deficiency measure Friday, and this bill is the last important item on the House calendar.

The filibuster is of Democratic engineering, and was launched Thursday by Senator Pat Harrison of Mississippi against the Republican attempt to force immediate consideration of the anti-lynching bill.

Of particular interest in the deficiency bill, which provides approximately \$2,800,000 for immediate use, are the appropriations of \$170,000 for thirty-five additional Federal locomotive inspectors, of \$200,000 for the Coal Fact Finding Commission; \$150,000 for the Federal Fuel Distribution Agency; of \$180,000 for the German Claims Commission and \$200,000 for relief of American refugees in the attack of Smyrna. This deficiency appropriation is at least \$1,500,000 more than the amount provided by the House. The increase was due to inclusion of several claims against the Government which the Senate wrote into the measure. Conferees have been appointed and are expected to have their report ready for final action early Friday.

HALDS CHANAK TO KEEP OUT OF WAR

British Premier Makes An Explanation to Labor Leaders.

London.—Great Britain is holding Chanak—which commands the entrance to the Dardanelles—to prevent war with Turkey. Premier Lloyd George told the delegation of labor party leaders who called on him to protest against British military preparations in the Near East.

He views the measure as defensive.

The Premier assured the laborites that the Government does not want war any more than they do and that is the very reason British troops were sent to Chanak.

It is learned that the Premier gave the labor delegation information disclosing a situation more critical than they had suspected. In view of these revelations, the delegation retired to discuss the situation without making a public statement regarding the interview.

In face of the semi-official suggestions from Paris that France wants the British to withdraw from Chanak, Downing street announced that it considered this a defensive measure and that British troops will continue to occupy the stronghold.

Reinforcements are still arriving, it was stated.

The warning to Kemal Pasha that any attempt of the Turks to invade the neutral zone would be viewed as an act of war, dispatched by General Harrington in command of the British Near East forces, attracted considerable attention here.

But Downing street explained that an identical proclamation was issued a month ago regarding the threat to occupy Constantinople, thus proving entire impartiality on the part of Great Britain.

British officials declare the situation is satisfactory, both at Paris and in the Near East.

Premier Lloyd George left for his country estate late in the afternoon but will keep in continuous touch with developments by telephone.

U. S. Not Planning Any Participation.

Washington.—Suggestious in press dispatches that Great Britain would welcome the presence of the United States in the fourth coming conference on the problems of the Dardanelles, brought the statement from administration officials that possible American participation is being given no consideration in Washington.

League of Nations Council Increased.

Geneva.—The Council of the League of Nations has decided to increase the nonpermanent membership of the council from four to six. This will make the council membership ten, with the nonpermanent members in the majority.

Fruit Crop Profitable.

Paris, Texas.—There is money in the fruit business. So thinks W. L. Reese, living near Caviness. During the past season Mr. Reese cleared \$500, in addition to the fruit, berries, etc., for his own use, from his four-acre tract.

Nervous Break-Down

MRS. ANNIE LANGE, of R. F. D. 1, Burlington, Tex., writes as follows regarding her experience with Cardui: "Some time ago I had a nervous breakdown of some kind. . . I was very weak and so nervous. I had fainting spells and suffered a great deal, but more from the weak, trembly, no-account feeling than anything else. I knew I needed a tonic, and needed it badly. I began the use of Cardui to see if I couldn't get some strength, as I knew of other cases that had been helped by its

use. I soon saw a great improvement, so I kept it up. I used seven bottles of Cardui, and can say the money was well spent, for I grew well and strong. Am now able to do all my housework and a great deal of work besides."

If you are weak, run-down, nervous and suffer from the ailments peculiar to women, it is very likely that Cardui will help you, in the way it helped Mrs. Lange and has helped thousands of others, during the past 40 years. Ask for, and insist on, Cardui.

August imports, totaling \$271,000,000, were the highest recorded in any month this year, and exceeded the July figures by \$21,000,000. Exports totaled \$302,000,000, an excess of \$688,000 over the July shipments.

The Interstate Commerce Commission has issued a new service order covering preferential shipments eastward from the Mississippi and adding mine supplies, medicines, fertilizers, seeds, news print paper and petroleum to the list of commodities to be given priority shipment. The order, effective at midnight Sept. 20, also permits use of open-top cars after the discharge of coal carried in them, for transportation of road and building construction material, ore and mine supplies.

The Interstate Commerce Commission has fixed for hearing at Houston on Oct. 26, before Examiner Money, I. & S. Docket 1641, dealing with the rates on cotton and cotton linters from Louisiana, Arkansas and Texas to the Gulf for export. The Southwestern lines propose a base rate of 84 1/2c a hundred pounds from Shreveport to Houston and New Orleans, other Texas ports taking a differential over or under Houston. The rates were suspended by the commission last week.

DOMESTIC—

Grass is dead and cattle are shrinking some in Memphis, Texas, and feeding will have to be done earlier this season than usual due to dry weather and excessive heat extending over a period of more than two months. Good rains would benefit both grass and late feedstuffs.

War on the ant pest in Texarkana will begin in earnest at once. George C. Becker of the Arkansas State Plant Board, Little Rock, and Luther Brown of the Barber Entomologist Laboratories, New Orleans, arrived here and are making plans for the campaign. Both are said to be experts in the work of ant extermination.

The odor of good liquor from the seagoing tug Jessica L. M. Keho penetrating the noses of the crew of the United States revenue cutter Newberry led to the seizure of the tug, the arrest of its crew of thirteen and the confiscation of high-grade whisky with a bootleg value said to be of almost \$200,000.

G. C. Steph, a farmer residing near Byers, Texas, recently missed a favorite turkey gobbler. This week he was astonished to see the gobbler coming in from an adjacent field with a covey of young guineas trailing at his heels. The gobbler had evidently driven the guinea hen from her nest and hatched the eggs himself.

WARM CAMPAIGNS ARE IN PROSPECT

MEMBERS NOW GO BACK HOME TO DEFEND RECORD OF 18 MONTHS' SESSION.

SIX VERY IMPORTANT LAWS

Issues in Coming Elections Are Confused and Localized in Many Instances.

Washington—Congress has adjourned after continuous sessions for more than eighteen months—the duration of the Harding administration. The political "open season" has arrived. Congressmen and Senators, struggling reluctantly through a routine calendar during the last few weeks, except for the tariff and bonus flurries, and the administration strike bills, are at last free to defend their record personally before the home folks as an argument for re-election.

Between now and the first Monday in December when Congress returns for the regular short session, those issues will have been fought over and the score tallied. If the primaries are a guide, the score is likely to reveal much new blood, but also several old faces in the Sixty-Eighth Congress, which convenes next March.

The variety and confusion of issues takes its origin from the record of this Sixty-Eighth Congress to date. That record, as revealed in the more important legislative activities during the long session, is briefly as follows: Ratification of the seven arms conference treaties.

Enactment of the emergency tariff and the Fordney-McCumber permanent protective tariff.

Enactment of the executive budget system, whereby the administration claims a saving of more than \$300,000,000 in expenditures for the fiscal year ending June 30, 1923.

Establishment of the allied debt funding commission to fund and fix the time of payment of the \$11,000,000,000 allied debt incurred during the World War.

Passage of the new revenue act, completely revising the war revenue acts.

The soldier bonus bill, "interesting" now merely as inspiring a record of sympathies of individual Congressmen and Senators by World War veterans.

REPUBLICANS ARE BLAMED BY BLANTON

He Says They Should Defend Attorney General Daugherty From Criticism.

Washington.—Attempts to impeach Attorney General Daugherty for seeking an injunction against striking railway employes and lack of defense of Mr. Daugherty by House Republicans were criticized in the House by Representative Blanton (Dem.) of Texas.

"When the Attorney General has performed his duty—has taken action to have the law enforced in behalf of the people," said Mr. Blanton, "there comes to this House a resolution to impeach him, to discredit his efforts before the country, and the administration with its big majority has not placed a single member on the floor to defend him."

"With railroads tied up, bridges dynamited and the people of the United States appealing to the administration to enforce the law, the Attorney General seeks to act and then there is a cry to impeach. Not a member of his party has dared get up here and defend him."

Mr. Blanton said people might talk all they pleased about Turkish atrocities, but that he could think of no "atrocities" greater than that at Herrin, Ill.

Gather Peanut Crop. Paris, Texas.—Local peanut growers have begun to gather and thresh the crop, of which there is a fair yield. Some have sold for 85c.

Como Live Stock Show Held. Como, Texas.—The Como Live Stock and Poultry Show opened with an illustrated lecture on dairy cattle on the public square Tuesday with a good attendance. Farmers and their families numbering several thousand are attending the community fair. This section of Hopkins County is fast developing the dairy industry, as well as the growing of pure-bred hogs and poultry on a larger scale than heretofore.

W. R. McCLELLAN DIES

The editor was made sad yesterday morning by a news item from Coleman in the morning paper that W. R. McClellan, a pioneer citizen of Coleman, was dead. W. R. McClellan was my mother's youngest brother and we were raised boys together by his father, W. B. McClellan, a country merchant, three miles north of Burton, Washington county Texas, where we were both born; he on May 2, 1846, and I on November 28, 1848. He is survived by his wife, three daughters and one son. Later I will prepare a suitable memorial of one whom I always regarded as a brother. To his widow and children I extend sincere sympathy. I know how you feel for I have passed through the same fiery ordeal and more, because I lost not only my own parents, but later my grand parents, who were all that a parent could be to an orphan boy, his two younger sisters and brothers. "For my boyhood's friend hath fallen the pillar of my trust. The true, the wise, the noble is sleeping in the dust."—Billard.

W. E. G.

The West Texas Fair at Abilene, is running full blast this week.

Senator Tom Watson, the stormy petrel of Georgia politics died suddenly at Washington, D. C., Tuesday night.

Georgia Peddy, Independent Democrat, endorsed by the Republicans for the United States Senate, opened his campaign at Fort Worth, Monday. A crowd estimated at between 4000 and 5000 people heard the speech. Newspaper reports say he made a favorable impression.

When you think about it, the Ku Kluxers only got one nominee out of five state candidates in the run off primary. Had the Klan not run rough shod over everything at the State Convention Mayfield would probably have had no opposition for the senate. If the Klan continues to force the issue in the Democratic primary in Texas one of two things is bound to happen. Either the Democrats will smash the Klan or the Democratic party will split wide open. Old time Democrats will not submit to Klan bossism in the primaries.

DEMOCRATIC PLATFORM OF 1856

Referring to the American or Know Nothing Party in 1856, the Democratic Party declared its determined opposition to all secret political societies. No party can justly be deemed national, constitutional or in accordance with American principles which bases its exclusive organization upon religious opinions and accidental birthplace.

Grand old John H. Reagan, in a

speech the same year: "The introduction of secret societies into free communities for the attainment of political ends, is the first symptom of the decay of free institutions and the chief instrument in their disruption and overthrow."

How did the Democrats in State Convention meet a like issue this year? They met it by voting down every resolution in harmony with the National Platform of the Democratic Party in 1856. No one will deny that John H. Reagan, the Grandest Old Roman of Them All, was a Democrat of Democrats and unlike the compromising straddling Democratic leaders at San Antonio, was not afraid to defend the time-honored principles of his party.

BAIRD GAS RATE TOO HIGH

A news item says that Amarillo is prepared to offer natural gas at seven cents per thousand cubic feet. That reminds us that several hundred gas users in Baird are paying an exorbitant price for gas, and the people should protest.

The price originally was fifty cents per thousand feet, but two years ago it was raised to sixty-two-and-a-half cents net, if paid by the 10th of each month; seventy-five cents if not.

Now, is not this too much to pay for gas? With gas fields near us, on the northeast and south, our people ought to demand a reduction in the rate. Most everything has come down in price, wages have declined and we doubt if a single business man in Baird is making anything like average profits this year. Winter is coming on and people will be less able to meet the enormous gas bills this winter than ever before.

The people should demand a reduction in gas rates. Other things are too high and we will name them later: but we are more interested in the gas rate just now. For one, if the price of gas is not reduced, we will use coal this winter, mostly for heating purposes.

Gas is a great convenience and Mac Brundage, our friend, is a splendid man, popular and all that, but we are paying too high a price for gas. Perhaps no other public service corporation doing business in Baird receives anything like the income the Texas Gas Company receives from Baird people, and returns as small an amount in cost of operation.

We are not kicking about that, but we are kicking about the price we have to pay for gas; but if we cannot get a reduction in price this winter, we shall do our best to use something else for heating purposes beside gas.

We may be unable to get coal, but if the people unite in making a demand for it, we can get coal and use that to some extent to reduce our gas bills. For one, we are no longer able to pay the rate we have had to pay in the past two winters for gas. Coal at \$13 per ton is cheaper than gas at the present rate we are forced to pay for gas.

So long as we could afford to pay twice as much for gas as we ever had to pay for coal or wood we did not mind it, but we can no longer afford to pay one-third more for gas in four months, during the winter of 1920-21 than we ever paid before in twelve months for coal or wood.

We may be forced to continue to pay the inflated boom rates put on us by the Texas Gas Company in 1920, but if we do, it will be because we cannot buy coal at any price we can afford to pay.

Sunday's Fort Worth Star-Telegram printed a very lifelike picture of little Miss Una Lee Stanley, only daughter of Mr. and Mrs. Frank E. Stanley, of the T-P Cafe, with her pet crane, "Billie," clasped in her arms. The photograph from which the newspaper cut was made, was taken by J. D. Dallas.

BILL OF RIGHTS REPUDIATED BY DEMOCRATIC CONVENTION

Repudiation of the Bill of Rights, declares Ferguson's Forum, was voiced by the so called Democratic State Convention, assembled at San Antonio, when it refused even to consider a resolution offered to the Committee on Resolutions by Dr. J. C. Granberry, a Methodist preacher, member of the staff of the Southwestern University, at Georgetown.

Because the convention was wholly and unqualifiedly dominated by the Ku Klux Klan and was determined that no sort of a question of the rule of the hooded and shrouded organization was to be permitted, this resolution by Dr. Granberry, which is neither more nor less than a plain reaffirmation of the faith of the fathers in framing the Constitution of the United States, was voted down in the committee by a vote of eight to one.

Other resolutions, in which mention was made definitely of the Klan, went the same route, as was to have been expected; but there was something of a shock to old-time Democrats when they were treated to the spectacle of a convention pretending to faithfully represent the Democracy of Texas, refusing to reaffirm its allegiance to this declaration, which assures protection to the citizen in his religion, his home, his person and his property.

It is a startling departure for men who call themselves Democrats and marks a new political era in Texas, when a State Convention of that party refuses its approval to the Bill of Rights.

The resolution prepared and urged by Dr. Granberry is as follows:

"The Democratic Party stands for Democracy, which means equality of opportunity for all. The Democrats of Texas will remain faithful to the Federal principles upon which our Republic was founded, as these are set forth in the Declaration of Independence and the Constitution of the United States.

"The Bill of Rights of the Constitution of the State of Texas guarantees, in Section 10, to the accused, a public trial, the right to demand the nature and cause of the accusation against him, the right of being heard by himself or counsel, or both, and of being confronted with the witnesses against him, while Section 15 states: 'The right of trial by jury shall remain inviolate.' We reassert our adherence to government according to law. As citizens, we have but one loyalty and that is: To our common country, and among us there is no place for divided allegiance.

"The Constitution of the United States reads, in Article 6: 'No religious test shall ever be required as a qualification to any office of public trust under the United States,' and the Bill of Rights of the Constitution of the State of Texas adds: 'All men have a natural and inalienable right to worship God according to the dictates of their own conscience; no human authority ought, in any case whatever, to control or interfere with the rights of conscience in matters of religion, and no preference shall ever be given by law to any religious society or mode of worship.' Thus religious intolerance is foreign to our genius, law and history, and we deplore and condemn every effort to stir up sectarian strife.

"Those who fan the flames of religious bigotry and race prejudice are endangering our hard won liberties.

"While we believe in the wise regulation and restriction of immigration and demand that all who elect America as their home be loyal to her laws and ideals, yet we have no sympathy with that undemocratic and narrow interpretation of Americanism that seeks to create a prejudice against the foreign born and their children.

"Nothing can be more fundamental in our national life than these principles and require that all of those who seek office under the name of Democracy, stand and conduct their campaigns upon a Democratic platform."

We found it work—not play.

The teachers were all contrary
And the old friends looked blue;
They wouldn't give you the smile
Again.

As once they used to do.

We went on through Grammar School,
And toiled o'er studies hard;

And before we reached the Eighth Grade,
Our happiness was marred.

Now we are Sophomores,

And our teachers are galore;

But I'll say in conclusion,
That we don't want any more.

PRESBYTERIAN SERVICES.

We were well pleased with the crowds which greeted us at both services last Sunday and especially Sunday night. We hope this will continue. We have cause for gratification in the increased number in attendance at Sunday School. We are glad to see it so thriving. If you were not there last Sunday we missed you and hope to greet you next Sunday. We are glad to note the goodly number who were in attendance at the Senior Christian Endeavor last Sunday night. They are to be commended for their zeal and interest. We hope to see still more out next time.

We will have service Sunday morning but will have none at night on account of the Sacred Concert at the Tabernacle. At the morning hour we will hold our regular quarterly communion service. The theme will be, "The Meaning and Significance of the Sacrament of the Lord's Supper." The doors of the church will be opened for the reception of members by examination or certificate. Come and be with us. A cordial welcome always awaits you. Sincerely

AS THE MODE DICTATES

Scattered among many new acquaintances in spring suits we meet with pleasure some tried, old friends in suits of navy poret twill, trimmed with braid and buttons. Here is one of them, living up to the dictates of the mode as to silhouette, length of coat and skirt and gaining new interest by virtue of a novel trimming of loose straps made of the material. Bands of silk braid about the waist, pass under these straps and six ball buttons serve to fasten and adorn the coats.

**HAMID BEY IS SURE
TURKS WILL FIGHT**

British Headquarters Orders Wives
and Families of Soldiers to
Embark at Once.

Constantinople—Hamid Bey, the
Turkish Nationalist representative
here, informed the Associated Press
correspondent this evening that it
was certain the Turkish army would
declare war on the British if the
British attempted to interfere with
the movement of the Turkish troops
across the straits of Thrace.

Hamid Bey expressed the hope that
the British would see the fairness of
granting the Kemalists the privilege
already accorded to the Greeks,
namely, freedom, in the use of the
straits without molestation. He en-
tertained scant hope of the success
of the conference at Smyrna between
Kemal Pasha and General Pelle, the
French High Commissioner, declaring
that the Angora Government's deter-
mination to occupy Thrace was al-
ready fixed, and nothing would deter
it except recognition of its claims.

Nationalist troops are already
massed at the edge of the neutral
lines at Ismid and Chanak, and
skirmishes are reported between ad-
vance patrols and British outposts
near Chanak.

The British are mobilizing every
available warship, man, horse, auto-
mobile, cannon and rifle within reach
of the troubled zone. They are pre-
paring to deal a tremendous blow by
land, sea and air if provoked by the
Kemalist army, which, according to
the latest reports, is concentrating
feverishly around Ismid and Chanak.

All the British barracks in Con-
stantinople had been evacuated and
troops are marching in the streets
of the capital, which is having a
sobering effect on the exuberant
Turks. The British soldiers are
headed for strategic points on the
straits.

**MINERS MISTREATED
UNION MAN CHARGES**

Will Investigate Alleged Intimidation
By Ranger Force Members in
Thurber District.

Fort Worth, Texas.—Charges by
John Wilkinson, district president of
the United Mine Workers, that State
Rangers are being used to coerce
and intimidate striking miners in the
Thurber and Mingus districts will be
investigated by Adjutant General T.
D. Barton.

Ranger Captain R. W. Aldrich is on
his way to Mingus to investigate con-
ditions there.

Wilkinson sent additional com-
plaints to Senator Morris Sheppard
and to United States Attorney Gen-
eral Daugherty charging that State
Rangers were "using tyrannical
methods of aiding the mine operators
at Mingus."

Wilkinson charged that State
Rangers have invaded tent camps of

the strikers, threatening them with
arrest on vagrancy charges.

"Fifteen have been arrested and
brought to Fort Worth for question-
ing by Federal officers and were re-
leased here without means of getting
back to their homes, 100 miles dis-
tant. Some of them walked back,"
Wilkinson charged.

In addition, three men brought
here Sunday claimed to have been
held twenty-four hours in jail with-
out food, it was charged, and when
released by Federal authorities walk-
ed back to Mingus.

Men at Paris Back at Work.
Paris, Texas.—The Texas Midland
shopmen who were on strike at Paris
have returned to work and five of the
guards at the Frisco roundhouse and
yards were released.

Cottonseed Up \$3 a Ton.
Corsicana, Texas.—The price of
cottonseed in Corsicana made an ad-
vance of \$3 a ton and is now selling
for \$29. Nearly 9,000 bales of cotton
have been received in Corsicana to
date and up to Sept. 1, 1922, 14,110
bales of the 1922 crop had been gin-
ned in Navarro County.

Senate Upholds Bonus Veto.
Washington.—The soldiers' bonus
bill failed of enactment, the Senate
sustaining President Harding's veto.
Previously the House had over-ridden
the veto by a large majority. The
Senate roll call showed 44 yeas and
28 nays, or four less than the two-
thirds majority necessary to enact
the measure without the President's
approval.

Strike Judge Bars Affidavits.
Chicago.—Nearly one-half of the
600 affidavits produced by the Gov-
ernment in support of Attorney Gen-
eral Daugherty's bill for an injunc-
tion against the rail strikers will not

be considered in deciding the case,
Judge James Wilkerson announced in
upholding the defense in an attack
on their probity.

President Expected To Sign Tariff.
Washington.—The tariff act of 1922
will be taken to the White House by
Chairman McCumber of the Senate
Finance Committee and Chairman
Fordney of the House Ways and
Means Committee, co-authors of it.
Mr. Fordney said he expected the
President to sign the measure imme-
diately after it was presented to
him.

**SOUTHERN SHOPMEN
WILL RETAIN RIGHTS**

Strike Agreement Signed By Officials
Monday Ending Long Walkout.

Washington—Officials of the South-
ern Railway and representatives of
the union shop crafts of that system
signed the Warfield-Willard-Jewell
agreement.

The strike among the workers of
the Mobile & Ohio Railroad, which is
controlled by the Southern, also was
settled on the same basis. The
workers of the two roads and those
employed on all other lines control-
led by the Southern who went on
strike are to return immediately to
work with seniority rights unimpaired.

Orders were telegraphed by the
shop leaders to divisional chairmen
of the various labor unions through-
out the South to instruct their men
to return to work at once. Similar
orders were sent out by the South-
ern's officials to their superinten-

dents to put all the former workmen
back at their old jobs as soon as
they applied.

"Go to Cotton Field or Jail."
Fort Worth, Texas.—As a means of
relieving the shortage of cotton pick-
ers in West Texas, Police and Flies
Commissioner John Alderman Satur-
day started a "drive" against vagrants
of Fort Worth, which, he asserted,
would land every person without
visible means of support in jail or in
the cotton field. Raids began early
Saturday morning.

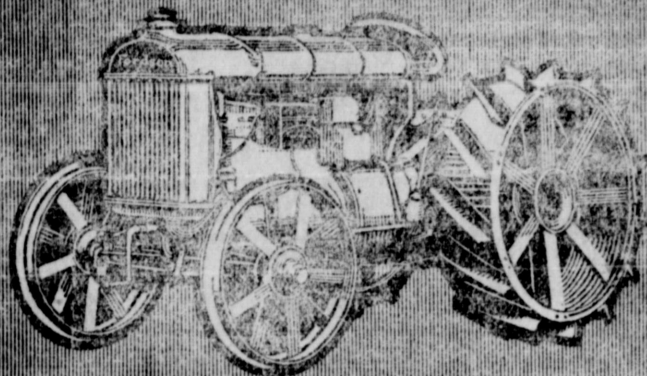

Bee Men to Organize.
Fort Worth, Texas.—Bee men of
Tarrant County will form an organi-
zation at 2 o'clock Wednesday after-
noon in the office of County Agricul-
tural Agent H. M. Means at the
Chamber of Commerce. All interest-
ed in the bee industry have been
urged to attend the meeting.

Editor Given Six Months Sentence.
Memphis, Tenn.—J. Cohen, editor
of a labor newspaper here, was sen-
tenced to serve six months in the
county jail and pay a fine of \$1,000
by Judge J. W. Ross in the United
States District Court here on a
charge of contempt, based on the
publication of an editorial in which
Cohen referred to men who took the
places of strikers as "scabs and
scavengers." Cohen was released on
\$5,000 bond pending an appeal.

Wage Agreement Signed.
Scranton, Pa.—The contract that
sent 155,000 anthracite mine workers
back to work at their old wages after
being idle more than five months, has
been formally signed by representa-
tives of the miners and the operators.

IF YOU'VE lost your patience while trying to turn over
tough soil of any kind, you'll appreciate knowing that there
is a combination of tools that will make this work easy. The
Fordson tractor will supply plenty of power, and an Oliver
D-72 disc plow will turn over the soil.

We've made a specialty of getting the right tools to do the
best work behind Fordson tractors, and our recommendation
for the difficult plowing in this section is the Oliver D-72. This
plow is made specially to go with the Fordson tractor. It is
light, yet so rugged that you don't need to worry about hard
plowing. It is made to do the hardest plowing on your farm.

With this outfit, you may be able to crop some land that
you have never been able to use before.
