## Enrollment slightly up

School enrollment showed a slight gain following the Labor Day weekend, according to the school administration office.

Second-day enrollment reported last week was 1,968. This figure did not include two special classes, however, of 14 more pupils. There are 11 students in Early Childhood and three in Special Education, which would have made the total enrollment in Iowa Park schools 1,982.

Enrollment as of Wednesday morning was 1,989, including those 14 not reported last week.

First, second, fourth and ninth grades showed a decline from the second day of school, while increases were reported in kindergarten, fifth, seventh,

eight, tenth and twelfth grades. The others remained the same.

Enrollment as of yesterday, by grades, was: Early Childhood, 11; Special Education, 3; kindergarten, 60; first grade, 136; second grade, 147; third grade, 118; fourth grade, 125; fifth grade, 146; sixth grade, 133; seventh grade, 169; eighth grade, 180; ninth grade, 208; tenth grade, 201; eleventh grade, 176; and twelfth grade, 176.

Even with those students not reported last week and the net gain of seven students in the other grades, the enrollment is still lower than any first-week report for Iowa Park schools since 1968.

## UW drive kicks off today

The annual United Way campaign will kickoff today with a noon barbecue at the Wichita Falls Texas Electric Service Company covered parking lot.

"Iowa Park citizens are really ready for this drive," Charles Lee, local chairman, said. "Last year our first agency, the Friendly Door, was started, and very soon we'll be able to benefit from our second agency, the

Rec Center."

The 1976 drive was Iowa Park's first year to join with Burk Burnett and Wichita Falls in the annual campaign to fund 32 existing agencies in the three-city area. This year's goal for the campaign is \$1,112,806.

The barbecue will be prepared by the Boy Scouts, a United Way Funded Agency, and will cost \$1.50 per person.

"In fact, all luncheons are paid for by the individuals attending and not the United Way," Tom Crane, vice-chairman for Wichita Falls and head of Campaign Support Activities, stressed.

"We want all community citizens to be assured that money collected for the United Way is going for the 32 service agencies, and not for luncheons," he said.

Two areas of the annual drive have been underway for the past week.

The Advanced Gifts division headed locally by Keith Auld has been contacting individual donors," Lee said. "In addition, seven businesses serving as Pacesetter firms have been conducting their employee campaigns. The results of these campaigns will be announced at the kickoff luncheon."

Another division of the local effort, the Combined Federal Campaign, was kicked off yesterday with a rally at the Sheppard AFB NCO Club.

For the third year Maj. Gen. Cecil Fox is in charge of the division that takes on national health agencies, United Way and international service agencies. Overall goal for the division is \$255,000.

Fox and Crane gave talks at yesterday's rally for the division which will conduct its drive from Sept. 12 until Oct. 21.

## Mobile homes boost permits

Moving in of mobile homes bolstered the city's building permits during August, according to a report by the city hall.

The major portion of August's \$95,400 in permits were from five move-ins.

Permits through August raised the city's building permit total for the year to \$678,151, slightly above the same period for 1976, when the total was \$637,549. Through the same seven-month span in 1975, however, the total was \$779,319.

Permits issued during August were:

Cecil Chesser, 722 E. Cash, new residence mobile home, \$23,500;  
Swan & Kizer, 201 E. Garden, new residence, \$22,500;

## Police activity up

Police activity in Iowa Park perked up this week with several incidents of theft and criminal mischief.

The police log also included a report of an automobile fire during Friday night's game between the Hawks and Lawton, Okla.

Police said a Lawton fan evidently tossed out a lit cigarette which blew back into the car. The visitor found his vehicle's interior on fire when he returned to the stadium parking lot during halftime.

Police said the man was able to drive the car back to Lawton.

On Monday police here recovered a stolen car that had been abandoned in a mesquite field east of a nursing home on North Second.

The stolen auto turned out to be owned by Tim Fails, band director at Clyde.

Police received a report Tuesday from Sue Janzen that a bicycle had been stolen from in front of the TG&Y store in Park West Shopping Center.

Police received two theft reports on Sunday. Richard L. Lathrop reported the theft of a magnetic sign, and Cathy Baston reported the theft of stereo tapes from an automobile

parked at Cabe's Food Store on West Highway.

C.W. Ferrell reported the theft of a hydraulic jack from the back of a pickup truck last Thursday.

Also last Thursday Pat Massingill told police a hood ornament had been broken off an auto parked at the Jiffy Store on Johnson Road.

On an update to a criminal mischief incident reported earlier, damages to Peppy's located at 1321 North Fourth have been set at \$750.

Last week vandals broke two windows and a glass door at the closed grocery with BB or pellet guns, police said.

## HERE TOMORROW

# Hawk-Husky clash: never dull moment

When Iowa Park and Hirschi hook up for a varsity football game, it's kinda like a circus: there's never a dull moment.

They meet in Hawk Stadium at 8 p.m. tomorrow.

Through the years, the Hawk-Husky annual battle has provided some of the more exciting contests of the season. They're always close.

Take last year, for instance. Eventhough Hirschi had out-gained Iowa Park 18-7 in first downs and 229-84 in yards rushing, the outcome was decided by a field goal. It would up 3-0, in favor of the Wichita Falls squad.

In 1975, Hirschi's first year to be moved up to AAAA classification, the Huskies managed only a 14-7 decision.

And in those two years, the Hawks went 1-19.

Field goals have decided other games between the two clubs. A

last-minute field goal in 1974 produced the last win by the Hawks over Hirschi, 3-0.

And back in 1968, it was another 3-0 decision in favor of the Mean Green.

Hirschi has won the last four outings against Iowa Park. The Huskies won by a narrow 21-20 margin in 1973, and then went 12-6 in 1971.

The last time Iowa Park defeated the blue and red Huskies was in 1972, a 28-19 outcome. In 1970 it was 20-7 margin, widest point spread of a Hawk-Husky clash in the past nine seasons.

In 1969, the year Iowa Park defeated the Huskies 21-14, the Hawks went on to win the state Class AA championship. That same season, Hirschi beat Wichita Falls High, which captured the state Class AAAA crown.

## Council, board meetings are scheduled next week

Unless something comes up before Friday afternoon, both the regular

city and school meetings next week will be on "basically regular items".

The city is the meet at 7 p.m. Monday in the Texas Electric Service Reddy Room.

City Administrator Gene Britton listed four possible topics which will be covered then, including: Traffic Safety Council report and recommendation; permission to send Bobby Griffin to water school; and Recommendation for replacement of Charlie Lee on the electrical board.

Britton said he had intended to have employe insurance on the agenda, since the company has raised rates on the policy some 70 per cent. However, more information is needed before he will be ready to make a presentation, he said.

Supt. Faris Nowell said Tuesday's school board meeting agenda, other than regular reports, will possibly include board's approval of the West Wichita County Coop agreement; enrollment report; and review of the first three chapters of the proposed new policy book.

The trustee meeting is to begin at 7:30 p.m. in the administration building.

## Lucky Number promo in Iowa Park next week

Either Sept. 15, 16 or 17 may be the luckiest day of your life. That's when the Iowa Park Retail Merchants will hold their first Lucky Number promotion.

Participating merchants will have a special number or numbers in their stores. Shoppers will have a special number in their issue of the Iowa Park Leader. And if the two numbers match, you've got a real deal!

That Lucky Number might be worth a savings bond, a free prize, or a major discount on a purchase. Each store will have a different prize for the Lucky Number.

Many merchants are planning to have more than one Lucky Number, and their number can be located anyplace in the store, so it will take some looking.

In addition to the Lucky Number in each copy of the Iowa Park Leader, there will also be Lucky Numbers printed for those who do not subscribe to or purchase the Leader, available at the Leader office.

However, rules of the promotion are that no one is allowed more than one Lucky Number. Therefore, no person can win more than one Lucky Number prize.

Full details of the Lucky Number promotion, plus a listing of all the participating merchants will be published in next week's edition of the Iowa Park Leader, along with gobs of special purchases shoppers will be sure to want.

## Paper reaches out for its advertisers

"Just pull that classified ad of mine," quipped Louis Sefcik to Leader Publisher Bob Hamilton, "you don't have enough circulation or readership."

Sefcik ran a classified two weeks, offering 10 acres on the outskirts of town for sale.

"I only had about 20 phone calls, and a guy is having to come all the way from Washington, D.C. to buy it. Said he's going to retire from the Air Force, and has been taking the paper to keep up on what's happening around here until he does."

The Leader goes a long way to help an advertiser.

### Correction

In the Wacky Cake recipe shared by Mrs. Glenn Meadows in the Sept. 1 Cook of the Week feature, an important ingredient, vinegar, was omitted from the list of ingredients. The recipe must have attracted unusual attention because both Mrs. Meadows and the Leader received several calls from women who were in the process of making the cake and were confused when they noticed "put in vinegar" in the method. The recipe as she gave it to us is:

#### WACKY CAKE

1½ cups flour  
1 t soda  
1 cup sugar  
½ t sugar  
3 t cocoa  
1 t vanilla  
1 T vinegar  
5 T butter  
1 cup cold water

Mix in pan which you plan to bake the cake in. Combine dry ingredients and make three holes. In the first, put in vinegar, in the second, put in vanilla, and in the third, put in butter. Pour water over all and mix. Bake at 350° for 25-30 minutes.

# Cook of the Week

Mrs. Steve Perry

Apples have been a part of North American cookery since the 17th century when the first colonists brought them to our shores, and Apple Pie is an old American favorite. The recipe was probably included in the first cookbooks compiled in America. There have been a variety of recipes for the pie and this week Mrs. Steve Perry has the "Perfect Apple Pie" recipe.

What constitutes a perfect apple pie? Most epicures agree that it should be chock-full of natural apple flavor and that a fine apple pie does not need embellishment. However, some people believe that cheese, whipped cream or ice cream enhance its flavor.

Mrs. Perry realizes the place of basic foods in feeding her husband, who works for Anzell Ranch and three boys, attesting to this

are her Old Time Beans and Sourdough biscuits recipes. She also has a recipe for Kool Punch which she uses to encourage her children to drink orange juice not only for breakfast but for other meals.

The Perrys and their sons live at Kadane Corner. They are members of the Electra Church of Christ and Riding Club. She was graduated from Electra High School and her hobbies include cooking, macrame and fabric painting.

The couple's sons are Charles Joseph 11, Timothy DaWayne, 7 and William Shane 2 1/2 years old.

**SOURDOUGH BISCUITS**

To make sourdough starter dissolve 1 pkg. dry yeast in 1/2 cup water. Stir in 2 cups lukewarm water, 2 cups sifted flour and 1 T sugar. Beat until smooth, cover with cheesecloth and let stand at room temperature 5 to 10 days, stirring 2 or 3 times a day with a metal spoon (starter should have yeasty, not sour smell). Cover and refrigerate till ready to make biscuits. 3 cups sourdough starter  
 1/2 cup shortening or butter  
 3/4 T salt  
 3 T sugar  
 Pinch of soda or 1/2 to 3/4 T baking powder  
 2 1/2 to 3 cups flour

Mix 2 1/2 cups flour with remaining ingredients and mix with sourdough and melted butter. Use remaining flour if needed to make dough not sticky but do not make it too dry. Turn out on lightly floured surface and knead 3 or 4 times. Roll out and cut with biscuit cutter or medium size glass. Place in greased pan; cover and let rise for 30 minutes in a warm place. Bake at 400° until golden brown.

To keep starter: Add 1/4 cup of water, 1/4 cup flour and 1 t sugar. Let stand until well fermented, at least 1 day. Store in refrigerator. If not used within 10 days, add 1 t sugar.

## Great News FOR THE World

### WHY DID CHRIST DIE?

Many difficulties concerning the death of Christ have been due to the idea that he died instead of the sinner, like an innocent man going to the gallows, and letting the murderer go free. This is obviously unjust, and raises the question how God can be shown to be righteous by such a means. Further, if the penalty due to men has been paid, why do men still suffer it by dying? A more modern view has seen in Christ's death the supreme act of love which wins men's hearts by its example. While this is less repugnant to one's sense of justice, it is by no means the whole truth set forth in the Bible. What that truth is we may begin to discover by asking a few questions, and answering them in the words of the Scripture.

- 1. -- Why did Christ die?  
ANSWER: "Christ died for us" (Rom. 5:8; 1 Thess. 5:10); "Christ died for the ungodly" (Rom. 5:6); "One died for all" (2 Cor. 5:14).
- 2. -- But what does this mean? Does "die for" mean "die instead of" or "die on account of"? This is answered by the following citations, in which the original word translated "for" is the same.  
ANSWER: "Christ died for our sins" (1 Cor. 15:3); "He gave himself for our sins" (Gal. 1:4); "He offered one sacrifice for sins for ever" (Heb. 10:12); "He ever liveth to make intercession for us" (Heb. 7:25). Does the word "for", as used above, mean "instead of" or "on account of"? Now go back to proposition #1 and place "on account of" where the word "for" appears.
- 3. -- But then comes the question, Why was it necessary that Christ should die on account of our sins?  
ANSWER: "To declare his righteousness for the remission of sins that are past, through the forbearance of God ... that he might be just, and the justifier of him which believeth in Jesus" (Rom. 3:25). Sin is "remitted" or forgiven through the "forbearance" of God, and God exercises this forbearance because His righteousness has been "declared" by means of Christ's death: He can therefore forgive erring men while His own righteousness is upheld, and He does not appear to condone the sin.
- 4. -- Why should God require the declaration of His righteousness before He will exercise His kindness in pardoning our offences with a view to granting eternal life?  
ANSWER: "I will be sanctified in them that come nigh me, and before all the people I will be glorified" (Lev. 10:3). "I am a great King, saith the Lord of hosts; and my name is dreadful" (Mal. 1:14). He is "the high and lofty One that inhabiteth eternity, whose name is Holy" (Isa. 57:15); He is "clothed with honour and majesty" (Psa. 104:1); "Holy and reverend is his name" (Psa. 111:9); "Let all the earth keep silence before him" (Hab. 2:20).
- 5. -- In what way was the righteousness of God, in His dealings with mankind, declared in the sacrifice of Jesus?  
ANSWER: Death came upon all men through Adam (Rom. 5:12; 1 Cor. 15:21). Sentence of death was passed on Adam because of his disobedience (Gen. 3:19). All who came from him suffered the consequence, although they had not taken part in the original offence (Rom. 5:14). This is not unjust: it is as inevitable as that a blackbird will breed blackbirds. A clean thing cannot be brought out of an unclean (Job 14:4); and Adam's nature being

corrupted as the result of sin, those who are propagated from him necessarily share in the corruption. So babes are mortal, though they never sinned. Yet God cannot accept the "unclean thing", and give such a being eternal life. Jesus, though Son of God, was also son of man, sharing in human nature in all points. (Read carefully Heb. 2:9-18; 4:15; Rom. 8:3; 1:3; 1 Tim. 2:3-6; Matt. 1:1).

Being one of the human race, Jesus could represent all men. He could submit to death on their behalf in order to declare publicly that death is due to them all.

6. -- But why could not the same declaration of righteousness have taken place in the death of any other son of Adam?  
ANSWER: Because, in the case of any other son of Adam, the result would have been abortive. The righteousness of God is declared in the death of every sinner, but stops short at the grave. The object in the case of Christ was to go beyond the grave-- to abolish death, through or by means of death, and this could only be done in one who was without sin, for only such a one could rise from the dead to immortality.

"He hath abolished death" (2 Tim. 1:10). He took part in flesh and blood "that through death he might destroy him that hath the power of death, that is the devil", that is sin; for he "put away sin by the sacrifice of himself" (Heb. 2:14; 9:26). "He died unto sin once" (Rom. 6:10). "Death hath no more dominion over him" (verse 9).

7. -- Would the sacrificial declaration of the righteousness of God in the death of Christ have availed anything if Christ had not risen from the dead?  
ANSWER: "If Christ be not raised, your faith is vain; ye are yet in your sins" (1 Cor. 15:14). "Then they also that are fallen asleep in Christ are perished" (verse 18). "It is Christ that died, yea, rather, that is risen again" (Rom. 8:34).

If Christ died merely as a substitute for men, and so paid the price due from them, it would not be necessary for their salvation that he should rise from the dead. Nor would it be if the only object of his death was to influence them by a sublime example of love.

8. -- Why was the resurrection of Christ necessary in order that his sacrifice might bring life?  
ANSWER: Because the plan was to make one perfect, and give him power as head, captain, and judge over all who come unto God by him" (Heb. 2:10; 5:7-9; 7:25; John 5:22-27; 17:2).

9. -- Have we to be brought into contact with the sacrificial declaration of the righteousness of God in the death of Christ before we can approach God acceptably?  
ANSWER: Yes, in baptism. God has appointed baptism as a taking part in the death of Christ on the part of those who are baptized.

"We are baptized into his death" (Rom. 6:3). "Buried with him in baptism" (Col. 2:12).

Remission of sins is offered through the risen and glorified Christ to all who believe the gospel, and associate themselves with his death through baptism (Acts 2:38; 13:38; Rom. 6:4-5). Such put on the name of Christ in the act of baptism (Gal. 3:27) and stand covered by him to whom God has given power to forgive us, and to bestow immortal life when he returns from heaven.

## "Texas Electric must spend \$243 million for new construction this year alone.

### We really have no choice if we're going to continue supplying the electricity you'll need."

"By far the biggest percentage of electricity you use today is made in plants that use natural gas for fuel.

Most of this is gas we contracted for many years ago when it was very cheap. But these contracts will expire soon.

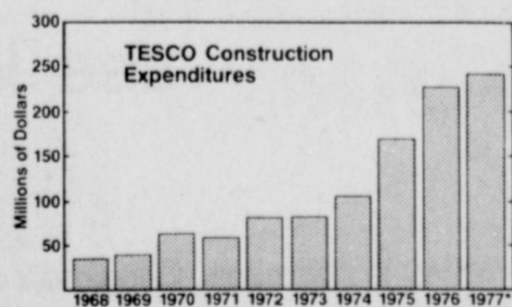

Against just such a day, Texas Electric and the other companies in the Texas Utilities system have purchased large supplies of lignite coal over a period of many years.

Two lignite coal-fired units are already generating electricity at the Monticello plant near Mt. Pleasant. A third unit is also under construction there.

These same companies have also contracted for supplies of nuclear fuel.

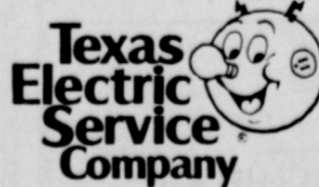

And we're building plants to use these fuels. We have five lignite coal-fired units already generating electricity, with five more under construction. The nuclear fueled plant near Glen Rose is progressing well.

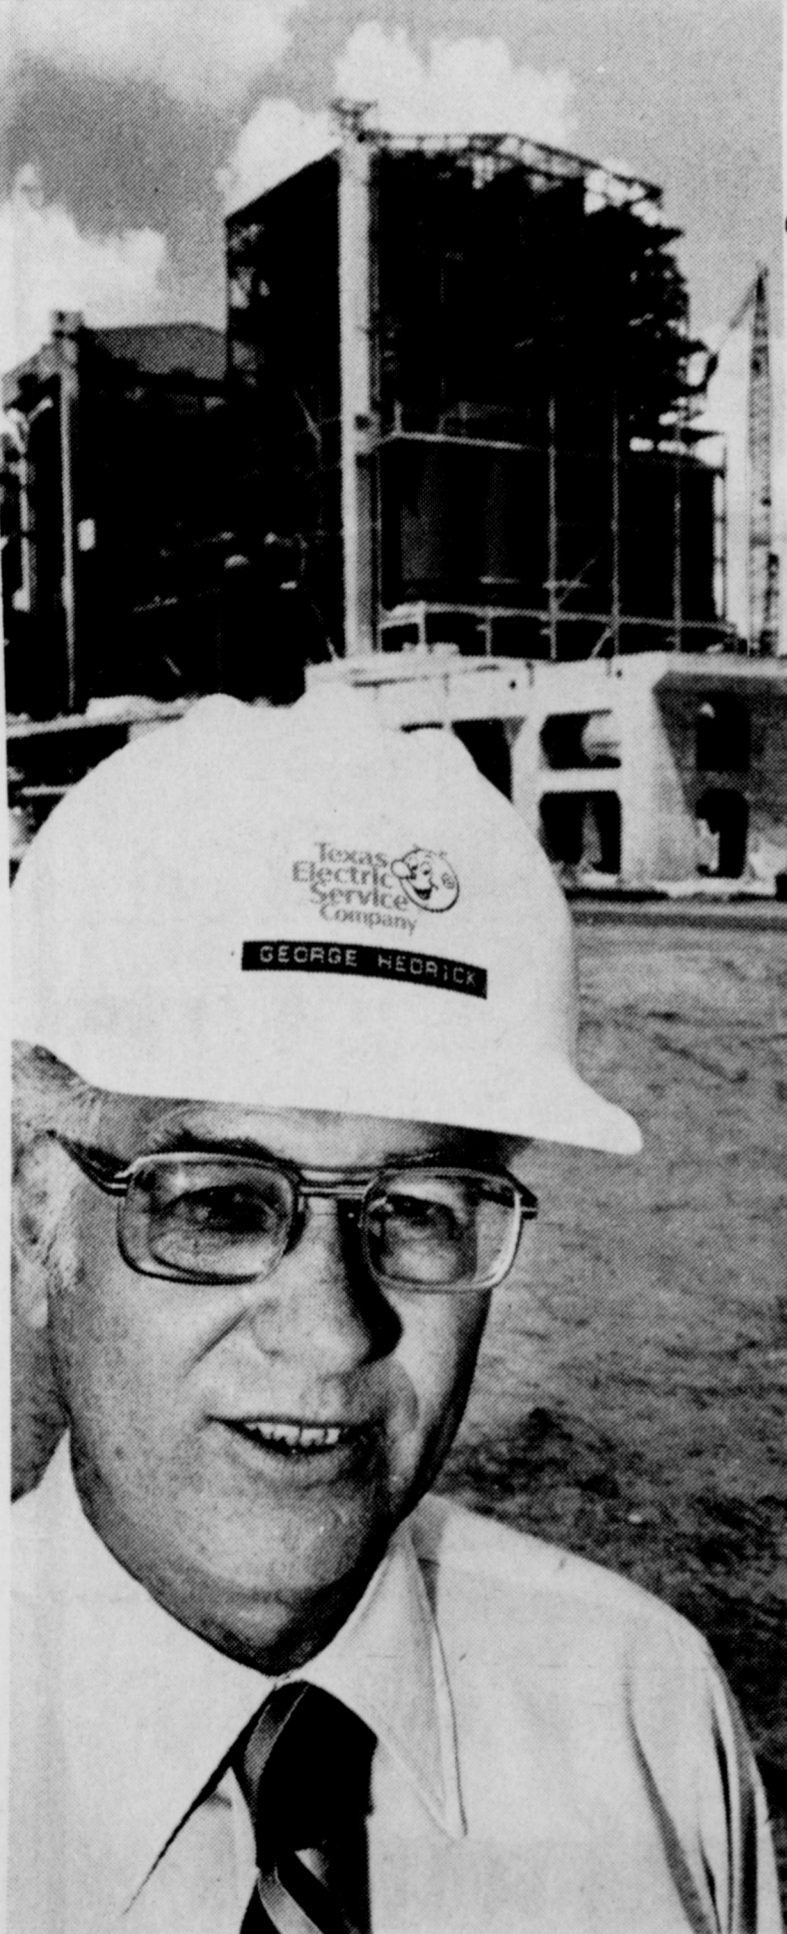

In just ten years, Texas Electric's required construction spending has gone from less than \$30 million to nearly a quarter of a billion dollars per year.

While these new plants are very expensive, we must build them if we are to continue supplying the electricity you'll need."

# Recreation Center UW funded

Iowa Park's second United Way funded agency, a Recreational Activities Center, will soon be in operation. The project has been the concern of an 11-member committee headed by Johnny Coker for the past three months.

"The constitution for the new center has been written in consultation with local attorney Mike Hubbard and approved, and the charter for non-profit organizations entered," Coker said. "As soon as we receive word from the State on our charter, our 'Rec' Club will become a reality."

Coker explained that United Way

funding will be granted at that time pointing out that "all preparations have already been approved by United Way Budgeting and Executive Boards."

According to Coker, the initial interest in the agency potential began when the Iowa Park Parks Board appointed a committee at the beginning of the summer to work with youth activities. "It soon became apparent that the city wanted, needed and could obtain a more complete program than our existing youth center was providing."

"The school officials as well as city administrators have made available

facilities for all types of activities so that our program can be far reaching and inclusive of adults as well as teen-agers," Coker explained.

As plans now stand, the Rec Center will have a central location (still undetermined), with a paid director, but will be able to sponsor events throughout the city including sports tournaments.

Working with Coker throughout the summer on the project were Jerry Hutchins, Mrs. Earl Watson, Mrs. Tom Neely, Barbara Sampley, Faris Nowell, Mrs. Vern Mikkelsen, Patricia Hubbard, Dean Miller, and Mrs. David York.

# As I See It....

By BOB HAMILTON

Not many people ever notice the volume and issue number on the front page mast head of a newspaper. They're really not very important.

But the Leader's staff is paying attention to the numbers on this week's edition.

It's our eighth birthday.

Yessir, it was exactly eight years ago this week we got out our first edition of the Iowa Park Leader. Sure doesn't seem that long, and then again it seems a lot longer than it really is.

Details of getting out that first edition remain vivid in my memory. There were a lot of long, hard hours that went into it. We really needed another week to be better prepared. But it had to go that week, because, you see, we wanted to report the season football opener!

## Iris Society meeting set

Mrs. Don Caldwell, president, will be in charge of the business meeting when new officers will be installed.

The iris auction sale will give all interested persons an opportunity to buy rhizomes at a bargain and to have new varieties in their iris gardens.

An invitation is extended to the public to attend the meeting and to become members of the society.

Sgt. and Mrs. John Landrum have returned to San Clemente, Calif. after a three-weeks visit here with their parents, Mr. and Mrs. Sterling Browning and Mrs. Faye Crowell. He is stationed with the U.S. Marines in San Diego.

beauty contest?

Is that discrimination, or double standard?

And how about men marching in Washington for men's rights?

I may get investigated for saying this, but it seems like the only way to have a bright future is to be born a black female Jew who is nominated president of a labor union.

Just to head off any misconceptions, I'm not leaving out any Hawk football action pictures this week because the team lost Friday night to Lawton.

It's just that not one of the 17 shots I took came out!

This happened to me two or three years ago, and it's no easier to explain this time than the last.

What happened was, a camera setting that provides for an electronic flash was changed, unnoticed. It's not a setting you check on often.

But somehow it got switched, and my face is red. Sorry, fellas.

# Wolverines cruise 31-0 over Hawks in opener

Inexperience and momentum. They are what did the Hawks in Friday night when Iowa Park opened the 1977 football season against Lawton High's Wolverines.

Lawton won 31-0. Time and again, Iowa Park made mistakes a more experienced team might not have made, or would have been able to recover once having made them.

And that inexperience gave the visiting Wolverines the momentum they apparently needed to shut the Hawks out of the scoring column, while racing across the goal line five times.

After holding Lawton to only a pair of first downs in the first series, the Hawks were forced to punt after three plays and eight yards. Junior punter Jeff Nolen lofted the ball 30 yards downfield, from where the receiver took the ball on the

Hawk 47, cut to the wide side of the field, and was hauled down at the one-yard line by Nolen, the last man with a chance to reach him.

From there Lawton scored on the next play and, after missing the extra point, led 6-0 with 6:43 remaining in the quarter.

The Hawks got the first of two scoring opportunities offered them in the initial period, when Lawton's kicker almost completely missed the ball on the following kickoff.

Iowa Park, starting from the Wolverine 47, marched to the Lawton 21 yard line in only four plays, thanks to a 20-yard scamper by sophomore tailback Troy Thompson. Then on the fifth play, Thompson picked up 10 more, to Lawton's 11, but Iowa Park was charged with clipping, the play nullified, and the ball set back on the

36. Three consecutive passes were missed, which was another problem the Hawks had in their opener, and the ball was turned over to the visitors.

Receivers Eddie Cannedy and Gary Blackerby had been quarterback David Wright's favorite targets in the two pre-season scrimmages, and they had an unusually high percentage of completions. But Friday night just wasn't their night, with only three of 22 attempts completed.

Lawton couldn't pick up a first down and attempted to punt from the Wolverine 44. A hard rush on a nervous punter sent the ball sailing high and short, four yards short, and Iowa Park had its second scoring opportunity.

A miscue on the handoff on the first play caused a fumble, and Lawton covered on the Hawk 46 yard line. Seven plays later Lawton led 12-0.

After each team had the ball for a couple of series early in the second period, the Wolverines apparently caught the Hawk defense on its heels. They reeled off four plays of 17, 16, 15 and 14 yards, respectively, to set up their third touchdown, a one-yarder.

Unable to pick up a first down following the kickoff,

Nolen again punted, with the receiver attempting to catch the ball on the Hawk 46. It bounced off his chest, and Mark Puder covered at that point.

The Mean Green looked like it was touchdown-bound then, picking up a first down on the Wolverine 37 yard line, and 43 seconds remaining in the half. But on third down, and in an obvious passing situation, Lawton intercepted a Wright aerial, returning it to the Hawk 28.

On the next play, Lawton threw for its fourth score, and the extra point was kicked, giving the visitors a 25-0 lead with four seconds remaining on the scoreboard clock.

Fired up and rested after spending the halftime in the locker room, Iowa Park came roaring back with the kickoff and sustained a march downfield, with Kip Fuller and Thompson doing most of the legwork.

But a fumble by sophomore Scott Hutson was covered by Lawton on the Wolverine 13. Six plays later, Lawton scored on a 47-yard scamper, longest run from scrimmage of the evening.

From that point on through the rest of the game, both teams punted, fumbled or displayed good defensive stands, but there

was no scoring. Lawton, covered a fumble by Andy Sitgraves on the following kickoff, on the Hawk 27, but turned it back to the Hawks on the 28 after four plays.

The Hawks looked like they might yet score late in the game, when Lawton attempted to punt from the two yard line, setting up the Iowa Park offense on the Wolverine 33.

But another fumble turned the ball over.

Then, with 14 seconds left on the scoreboard clock, Sonny Cook covered another Lawton fumble, this time on the visitors' 42. But a couple of incomplete passes ran out the clock.

Fuller was the leading Hawk ground gainer, carrying 14 times for 59 yards, and not playing in the fourth quarter. Thompson was handed the ball 16 times,

and gained 52 yards. Hutson, another sophomore, bulled his way for 25 yards the four times he kept hold of the ball, but he lost it on fumbles twice.

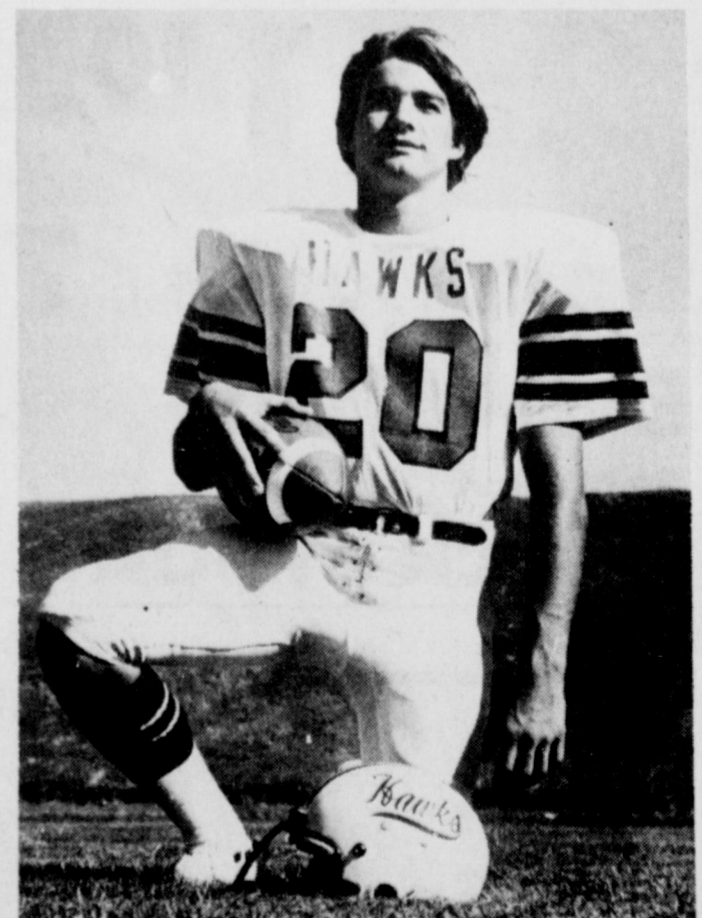

Sophomore Linebacker Billy Maupin covered a Wolverine fumble and intercepted a pass. Randy Gibson covered one of four Lawton fumbles.

Punter Nolen averaged 29 yards on his seven punts, including one that was blocked. His longest was a 51-yarder that carried all the way, in the fourth period.

## JV takes 13-6 win

The Hawk Junior Varsity ended a long drouth in the winner's column, believed to cover more than two years, Thursday by defeating Quanah 13-6.

The team, as well as the Freshmen, hosts Vernon in Hawk Stadium this afternoon, with the Frosh starting at 5:30.

Both Iowa Park scores were on passes. The first

was from Mike Smith to Mike Phillips, and the second from Smith to Joe Stevens.

Quanah's only score came from the Indian defense, a blocked punt.

Defensively, Mike King, Bob Blair and Greg McLaughlin intercepted Indian passes, while Stevens, Smith and McLaughlin were credited with covering Quanah fumbles.

# Eagles sparkle in opener

Like an uncut diamond the Holliday Eagles showed a few rough edges but sparkled well enough to blank the Nocona Indians 20-0 in Friday night's season opener.

It marked the seventh consecutive year that Holliday held the Indians scoreless in the annual gridiron debut.

The Eagles displayed

exciting variety in making each of their three touchdowns.

Holliday's capacity crowd that ventured to Nocona were brought to their feet early in the first period when Jay Wright, the gnat of the varsity, hauled in a Nocona punt a zig-zagged 75 yards for Holliday's first TD. Mark Wells' PAT failed.

Minutes later Holliday

linebacker Benny Ezzell, a co-captain of the varsity unit, snagged a stray Indian aerial try and delivered it 37 yards into redskin territory.

A 15-yard holding penalty on Holliday thwarted the Eagles' efforts to capitalize on the turnover.

Just seconds into the second period Holliday had the Indians with their back against the wall and forced a

fumble that bounced out of the end zone before Ezzell could cover it.

When the ball was given to the Eagles on their own 20, the Big Red Machine once again began rolling. Larry Ayres, who rushed for a total of 81 yards, sprinted 44 yards up the middle on the first call from quarterback Steve Lucy.

Good gains by Wright and Lynn Ayres coupled with ten yards in flags against Nocona left the Eagles on Nocona's 18 where Wright hit Bimbo Stone on a pass for Holliday's second TD.

With 10:10 remaining in the first half, Wells again failed to split the uprights on a PAT.

A confusing exchange of fumbles near the end of the first half peaked when Mark Mankins fell on an Indian fumble, giving Holliday possession on Nocona's 13.

With time running short head mentor Don Lucy called for a field goal try, but Wells' effort was blocked.

Nocona's first offensive possession of the second half was iced on an interception by Larry Ayres, and shortly afterward Nocona was caught in the end zone for a safety blinking two more points on Holliday's side of the scoreboard.

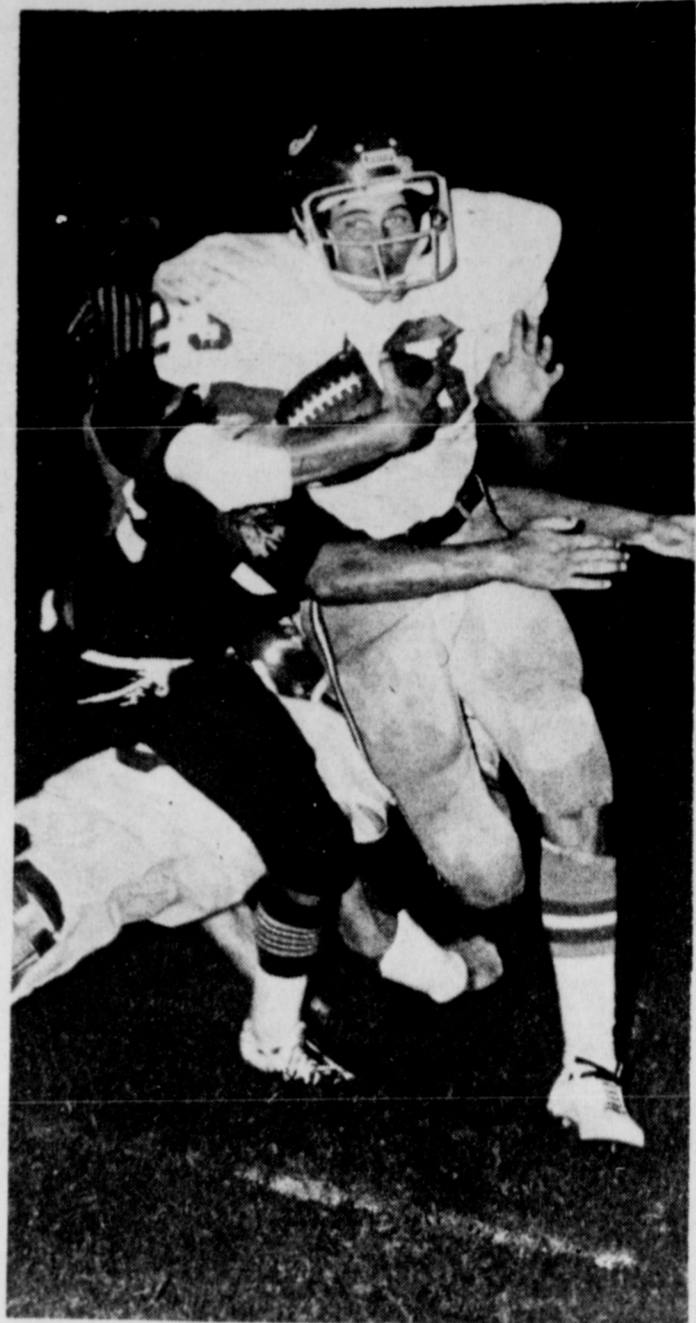

Rusty McDaniel led a Holliday charge that blocked a Nocona point to begin third quarter action that gave the Eagles possession on Nocona's 10.

With the aid of Lynn Ayres' plunges up the middle, Larry Ayres squirted 1 1/2 yards up the middle to give Holliday its final TD, and Wells' PAT was blocked.

Ezzell recovered a Nocona fumble to end the host's remaining serious threat at the scoreboard.

# New bleachers for fans for home opener Friday

The hometown crowd will have a chance to nestle down into brand new football stadium bleachers when the Eagles take on Electra at 8 a.m. tomorrow in Eagle Stadium.

The tilt with Electra marks the beginning of a four game stretch that might cause confusion whether the Eagles compete in District 2-AA or District 3-A.

Of course, the Eagles compete in the latter district, but someone unfamiliar with the Lone Star State's gridiron set-up might think otherwise.

The reason why? Holliday will have played five of the District 2-AA schools before its own loop competition begins in mid-October.

The contest with Electra will be trailed with outings against Quanah, Seymour and Henrietta, all members of District 2-AA. Earlier the Eagles scrimmaged Olney, also a District 2-AA entry.

Although Electra is picked to finish third in its district, the Tigers from

northern Wichita County will be looking to revenge the 19-15 loss handed down by Holliday a year ago.

There is little doubt size of the Tigers will be a major menace to be faced by coach Don Lucy's birds.

The Tigers have seven starters among a dozen lettermen back on the roster.

Casting a big shadow on the Eagles will be Electra's 215-pound senior fullback Lynn Duren.

The Eagles will come into their first hometown game of the year with a victory behind them, last week's 20-0 win over Nocona.

Electra also won its first game by defeating Archer City 32-0.

## Two issues Tuesday affect pocketbooks

Two issues affecting the pocketbooks of Holliday residents will be aired during public hearings Tuesday night.

The public hearings will be part of the Holliday City Council's regular meeting scheduled for 7 p.m. Tuesday at city hall.

During one segment of the meeting the council will act as board of equalization and field any questions from persons concerning ad valorem or personal property taxes.

The city will be making a

change in its property tax structure by taxing 50 per cent of the full market value. In the past the city levied its taxes on a third of the property's full market value.

Municipal ad valorem tax rate is expected to remain at \$1.50 per \$100 valuation.

**TRASH ORDINANCE**  
The council also is slated to hold a public hearing on its proposed new trash ordinance.

Persons with specific questions or protests should appear at the council meeting to voice their views

during the public hearing. Although the ban on trash burning here went into effect last Thursday, it will be later this month -- after the council has adopted an ordinance -- before violators can be fined.

The ordinance is expected to set rates for weekly trash collection at residences at \$2.50 per month.

The ordinance also is expected to limit households to 120 gallons of trash per week with no container to exceed 30 gallons.

## Holliday News

### Scoreboard: 7 dogs, 2 cats

Holliday animal control officer Junior Akers picked up seven stray dogs and two cats during his first few days on the job.

Akers began the new duties last Thursday, and was instructed by the city council to nab stray dogs and cats and deliver them to the

Wichita County Humane Society located between Iowa Park and Wichita Falls

on the Old Iowa Park Road. The shelter is required to hold animals 72 hours.

The facility is open from 10 a.m.-5:30 p.m. Monday, Tuesday, Thursday and Friday. On Wednesdays and Saturdays the shelter is open from 10 a.m. until 3 p.m.

Emergency telephone number at the shelter is 855-1805.

### Steve Parnell heads juniors

Steve Parnell has been elected president of the junior class at Holliday High School for the coming year.

Karen Richeson was selected vice president, and secretary-treasurer will be Dennis Holt.

Judy Horner will be reporter.

Student Council representatives from the junior class will be Stanley Craddock and Tracy Park.

The class' room mothers will be Mmes. Terry Parnell, Sam Lawson, A.D. Horner and James Stevens.

## Citizens of Tomorrow

Tina Marie Morrison, 11, is the daughter of Joy Morrison of Holliday.

Kelly Coats, 10, is the son of Mr. and Mrs. Royce Coats of Holliday.

Patti Hewitt, 12, and Mike, 14, are the children of Mr. and Mrs. Jim Hewitt of Holliday.

# Three local residents in Backdoor production

Three Iowa Park residents, Audrey Bushfield, Patsy Todd, and Rob Robinson, have been cast in the first non-professional production of Dallas play-

wright Preston Jones' "A Texas Trilogy", at the Backdoor Theatre in Wichita Falls. The three are part of the North Texas production of the internationally famous Trilogy which will prove to be one of the most significant artistic events in the region.

The production has already drawn the attention of theatre people and critics from Dallas, Houston, Austin, New York and Los Angeles. The plays are, of course, the set of three modern dramas that make up "A Texas Trilogy". The opening date is only one week away now, and it was confirmed that the playwright, Preston Jones, will be in attendance for the Sept. 17 opening.

Miss Bushfield, daughter of Mr. and Mrs. Louis Sefcik, is starring in the leading role of "Lu Ann" in the show "Lu Ann Hampton Laverty Oberlander". The show centers around Lu Ann. It opens in 1953 when she is on the verge of graduating from high school and upon the occasion of meeting her first husband. The second act is 10 years later when she meets her second

IOWA PARK'S AUDREY BUSHFIELD ...has leading role in major production.

husband, and the final act is 10 years later still when her daughter reaches high school. In this twenty year span, we see her move from adolescence to full womanhood with all the humanity of a West Texas life in between. Audrey Bushfield plays perhaps the most difficult and challenging role in any of the three shows of the Trilogy. The scope of the role of "Lu Ann" is tremendous because it covers two decades.

Miss Bushfield is a student at Midwestern State University, due to graduate in December of 1978. After her graduation she plans to follow a theatrical career. Her father is owner of Louis' Jewelry at Iowa Park. Her interest at theatre began while she was a student at Iowa Park High school. She has participated in many of the productions at Midwestern State University and had leading roles in their productions of "The Effect of Gamma Rays on Man in the Moon Marigolds", "House of Blue Leaves" and "Midsummer Night's Dream". She was also wardrobe mistress for the national award winning production of "Who's Happy Now", that was performed at the Kennedy Center in Washington, D.C.

Audrey was first seen on stage at Backdoor in the production of "And Miss Reardon Drinks a Little" this past Spring. She played the part of Fleur Stein and for her performance won the Best Actress In a Supporting Role award at Backdoor.

Also cast in Backdoor's production of "The Texas Trilogy" is Iowa Park teacher, Patsy Todd. Patsy resides at 508 W. Clara with her husband, Delbert, and their two children Glenn and Dee Ann. Patsy is cast as Claudine Hampton, Lu Ann's mother in the show "Lu Ann Hampton Laverty Oberlander". She also appears in the show "The Oldest Living Graduate". Several of the roles in the three plays are repeated from play to play. Mrs. Todd, who's interest in drama started in high school and college, first acted at the Backdoor Theatre in the Christmas production of "Bumble Elf and the Search for Santa". Glenn and Dee Ann were also cast in the show. She then acted in the production of "Luther" in the Spring and is now cast in the Trilogy.

Rob Robinson has been cast in a lead role in the show "The Oldest Living Graduate". Rob and his wife Connie reside at 1304 Emma in Iowa Park. Rob is a Civil Service instructor at Sheppard Air Force Base. His interest in drama also started in high school where he was a contestant in One Act play contests and actor in many productions. Rob first came to Backdoor to appear in their side splitting, record breaking
