Carver, Barry Jackson exchanged Saturday

The bridesmaids, wearing gowns identical to the matron of honor, were Miss Jodi Carver, Miss Sandra Skinner, Miss Janice Carver, sister of the bride.

The memory candle table cloth was identical to the one on the bride's table and held a large white candle with a wedding ring of flowers.

B.W. Koonce, left, chairman of the ways and means project of Epsilon Eta chapter, is in charge of the preview showing of the Christmas Bazaar in the home of Mrs. Newman today from 3:00 to 7:30 p.m.

IOWA PARK LEADER

VOL. 1 NO. 49 THURSDAY, AUGUST 20, 1970 IOWA PARK, WICHITA COUNTY, TEXAS, 76367 10 CENTS

Stadium about ready for football games

Donors to the new Iowa Park High football stadium fund will start selecting their seats next week, according to Booster Club president Hoyt Watson.

Hawks hot and eager

Extremely high temperatures have hampered workout progress for the Iowa Park Hawk football team, but not their spirits.

According to head coach Tommy Watkins, temperatures ranging to 105 degrees have held down the activity and strength of his charges, however, they are willing and eager to get the season underway.

The squad of 48 was suited up and running at 7 a.m. Monday, and back again at 5 that afternoon. And that's their schedule until school starts.

One of the new players gained in the annexation of Valley View High, Jackie Gholson, was held out of workouts Monday afternoon and all day Tuesday.

Then, the week before the season opener, the Mean Green will really test its strength by squaring off in an unofficial round against Rider.

they are to go to the high school office and make their seat selection. The order in which persons will be contacted, and select their seats, is in accordance to the size of the donation and date made.

The field is 90 per cent ready to play ball, Watson said yesterday afternoon. This does not mean the stadium is 90 per cent complete, but they can play ball with only 10 per cent more work.

The scoreboard was installed this week. Workmen from its manufacturing company are to come in the near future and completely service it.

Water lines were laid yesterday to the concession stands and rest rooms, and the pump installed for the water supply.

Yet to be completed are the installing of the fence around the stadium; berm covering against washing; sidewalks; ticket booth to be moved from Midwestern; paving an area where visiting team and school buses will park; plus completing the south concession stand and raising the press box atop it.

"We're real pleased with the stadium's progress," Watson said. "We need a big group of volunteers out there Saturday. There's just a whole lot of work that can be done, and it isn't all technical type labor."

FIRST CASUALTY of the football season was running back Steve Webb, who received a broken nose. Webb is shown here in 102 degree heat receiving a special concoction drink, along with other members of the squad. Workouts are being held twice daily.

ALL YOU CAN EAT FOR \$1

"All the pancakes you can eat, for only \$1." That's the selling pitch members of the Iowa Park Booster Club are using for Saturday night's big event at the high school cafeteria.

A highlight of the supper will be when the club gives away a mini Model T car. Tickets are being sold now on the car by all Booster members, and at the Iowa Park Leader office, where the car is on exhibit.

CofC supports bond issues

Members of the Iowa Park Chamber of Commerce board of directors voted unanimously Tuesday night to endorse the city commission and its efforts to have next month.

Three directors were nominated as candidates for the Industrial Development Committee board. Two will be elected at the next meeting, Sept. 15.

Hershel Nipper, one of the IDC members who has been in contact with a prospective industry interested in locating in Texas, said the firm is delaying choice of site. He hopes the delay will be long enough to await the water improvement vote results next month, explaining it is an important factor in the firm's decision.

Nipper pointed out that Iowa Park is in the running with Wichita Falls and Abilene as the industry's choice of locations in the state. Water is an important issue to the

Newman ts dinner

O.N. Newman entertained Miss Deanne Carver and her attendants at a Wednesday evening. Striking decorations were done exclusively in white and added solemnity to the affair.

Newman and Staci also dined with a silver plate and butter dish. Richard Carver, the bride's mother, and Mrs. Jackson, mother of Barry, were other guests.

High school students will go to their company, he said, because it needs pressure for emergency fire-fighting use as required by insurance coverage.

Two new memberships have been secured in the Chamber, president Norman Mayes disclosed. Both are from Wichita Falls. They are radio station KLUR and Modern TV and Appliance.

EDITOR'S NOTE: This is the first in a series of three articles in which the Leader will attempt to fully explain each of the six capital improvements bond issues to be voted on Sept. 12.

Both can continue to serve the public as they now are, but the city aldermen want to find out if that is the wish of the general public.

As is lettered on the front of the city hall, the initial structure was constructed in 1924. Additions have been made in two different programs, but little working space was included in either.

The original structure now contains the city offices, secretary office and police department. Where the secretary's office and police department are now, was originally the one-truck fire station.

When built, Iowa Park had a population of somewhere between 2,000 and 2,100. By 1960, when the city had grown to 3,295, the overcrowded conditions of the city hall were relieved by the addition of the fire station and hall, both with more footage than the original building.

The space which had housed the fire truck those 36 years was divided. The front portion became the police station and the back part, the offices of the city secretary.

That same year the Chamber of Commerce, through an agreement with the city fathers, added its office building to the west of the fire hall. It is not owned by the city.

Three years ago, in 1967, a 10 x 18 walk-in vault was added to the back of the city hall. It is used for storage of the multitude of records, charts, supplies and all other items needed by the

Schools offer kindergarten

A kindergarten program will be made available for the 1970-71 school year for children who have reached the age of five years, and 5 months, if a sufficient number of students qualify.

CITY HALL and LIBRARY Bond issues explained for residents

office, which has no other place to put them. Now, with the population almost doubled that of 1960, Iowa Park still has the same space in which all its administrative work must be carried out.

At some meetings of the council, persons wishing to appear have had to either stand along the wall or sit in the employees' working area. The room is also used as a waiting area for persons who are to appear in the weekly corporation court hearing.

Corporation court is one of the minor functions of the tiny room in which the police department is required to function. When in session and filled with the police radio dispatcher, judge, his secretary, the arresting officer, the defendant, his attorney, and more than two witnesses, someone must take turns standing in the restroom and viewing through the open door.

The rest room, by the way, must serve city hall and police department employees, both men and women. Policemen have no place they can talk in private with either a troubled person, or a person in trouble. They neither have a place where they can hold a suspect in detention, other than a concrete structure at the water treatment plant.

In all, 14 people work in the two departments during a 24-hour day. And they say it gets crowded.

A bond issue was defeated 3 to 1 back in the 1950's. Because of lower costs of construction, the issue was for only \$75,000, and that was for an entirely new and beautiful building to house all departments, including the fire department.

Costs are continuing to rise, and now the city residents are asked to pass a \$150,000 bond issue to house just the city hall. Architect's estimates are for \$30 per square foot, with the structure having 5,000 square feet of floor space.

Dr. Erwin Soell, Iowa Park mayor, said the \$30 per foot figure was considerably higher than the city had in mind for building the new city hall, but conceded the engineer probably had more accurate cost projections in hand than he had.

Following the recommendations of Planning Associates Inc., which completed an extensive study of the city's needs and projections, the city hall, if funded by bonds, is proposed to be built in the block bordered by Bond, Wall, Bank and Washington.

The new structure would house administrative offices, meeting room, bookkeeping, taxing offices, city utilities and record storage.

In the projection, the present city hall would be used by the police department. The vault that was completed three years ago could be converted to accommodate two detention cells.

But this is looking four or five years from now, according to Mayor Soell. Property where the proposed city hall would be built now contains some residences, and no construction would be started until these people were ready to move of their own will.

Until then, Mayor Soell says the fire hall will probably be pressed into service to accommodate the needs of the police department and corporation court. It will serve dual purpose, but mainly will continue to fill the needs of the firemen and be used only when necessary by the other.

Converting the present city hall and retaining the fire department where it is deviates from the designs laid out by Planning Associates. That group suggests that the entire block be used for the city government center and fire station, with the balance made into parking space and lawn.

But Mayor Soell said the city could save considerable money through the conversion route and utilizing its existing structure for the next several years.

Also proposed to be 5,000 square feet of floor space and a cost of \$30 per foot is the proposed city library building.

Currently housed in the former high school home economics house through a five-year lease from the schools, at \$1 per year, the library has been in its new home only since June.

The library, like the city hall, is another future construction program proposed by the city and asking the public's opinion through the Sept. 12 balloting. Organization of the library was a project of the Evening Lions Club. The Wichita County commissioners agreed to sponsor it, exclusive of financial assistance, so that the library could receive the benefit of state books. It was first called the Wichita County Free Library.

day rites

The couple will live in Iowa Park.

The bridegroom's parents were hosts for the rehearsal dinner in the Bounty Room of Trade Winds Motor Hotel.

with has program

concluded session book northeast," by a meeting of the First Monday. Mrs. was hostess for and she was as Miss Sandra

sylvania was the north state spotlighted in the session. The Southern Bap work which was begun there 1958 was discussed with particular emphasis given to the work among college students and military personnel. The opportunities for witnessing and plans for expansion of the work were other facets of the lesson for the evening.

Mrs. J. Louis Quick directed the business. Mrs. V.I. Woodfin conducted the prayer period dedicated to missionaries on the Birthday Calendar for the day. These were serving or had served among the Eskimos, Indians, Spanish or Cubans. Letters of thanks were read from the American National Red Cross and from a ward at Sheppard AFB hospital for the cakes the society sends to the hospital each month.

HARRY ALBERT MOORE JR.

on-Pappan rites are read in Faith Baptist Church

Morrison, Mrs. J.D. the bride Pappan, son Jimmy L. ills Friday ist Church.

Miss Helen Richardson was maid of honor. She was attired in a medium blue bridal satin gown designed with a bodice covered with embroidered nylon and sleeves of the same material. She wore a headpiece of pastel summer flowers and carried a bouquet of mixed carnations.

Bridesmaids were Mrs. Ed Lemond of Midland and Miss Teresa Fryer, and they wore costumes identical to the maid of honor.

Miss Sandra Skinner and Sam Morrison lighted the candles, and Tracy Lee was flower girl.

Steve Pappan served his brother as best man. Groomsmen were Allen Whitehead, and Eddie Haven. Ushers were Mike Skinner, Kevin Jarrett and Ricky Appling.

The bride's tulle veil was attached to a cluster of lace petals ornamented with seed pearls. She carried white gardenias and feathered carnations on top of a white Bible.

Reception assistants were Mmes. Luther Skinner, V.R. King, Chester Morrison, Clyde Skinner and David Hensley; Misses Cynthia Chesser, Linda Batty and Susan King.

Miss Connie Morrison registered the guests. The bride is a graduate of Iowa Park High School and Carter's School of Beauty in Wichita Falls.

Pappan is a graduate of Rider High School and he is a junior at Southwestern State College of Pharmacy in Weatherford, Okla. where the couple will live following a wedding trip to points in Colorado.

Mr. and Mrs. Jimmy L. Pappan gave the rehearsal dinner in the Bounty Room of Trade Winds Motor Hotel.

Senior Citizens join library

During the business meeting of the Senior Citizens meeting Monday afternoon, it was voted to purchase a membership in the Friends of the Library organization. Mrs. M.L. Hines was in charge of the business meeting.

Others present were Messrs. and Mmes. J.A. Berg, Raymond Good, Ed Hayes, L.P. Lambert, Herman Evans, Hill Spruiell; Mmes. Gladys

Thompson, Amma Cheshier, Myrtle Travis, E.A. Pettus, Lydia Hudson, O.M. Jones, J.C. Roby; T.M. Clark, R.F. Pruitt; and one guest, Mrs. Nannie Hicks of San Antonio.

Mrs. Jones and Mrs. Good were hostesses.

Debbie Bradley, Compositor

The IOWA PARK LEADER is published each Thursday. Offices are located at 112 W. Cash, Iowa Park, Texas, 76367. Telephone: 592-4431. Entered as second class matter in the U.S. Post Office, Iowa Park, Texas, 76367, under the acts of March 3, 1879. Subscription rates are \$4 per year in the world, all payable in advance, \$6 elsewhere in the world, 6 cents per word first insertion, 3 cents per word thereafter. Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of this newspaper will be corrected upon being brought to the attention of the publisher.

Bloodmobile here Sept. 3

Iowa Park residents are urged by the American Red Cross to set aside time enough the afternoon of Sept. 3 to donate blood.

The bloodmobile will be stationed at the First Christian Church from 1 to 6:30 p.m. to accommodate donors.

All bloodmobile collections

have dropped sharply, partly because of hot weather, vacations and apathy, say Red Cross workers. Because of this, blood administrator George Cleveinger says the Wichita Falls area is in "big trouble" for supplies.

Dance Saturday

A "Back to School" dance will be held Saturday night at the Youth Center.

Featuring the Rapid Transit, students will be admitted between 8:30 and 11:30 p.m. for \$1.25 per person.

MRS. CHARLES MICHAEL PAPPAN

YOUR BIBLE QUESTIONS AND ANSWERS

Viggo Ulrich, Minister, church of Christ, Iowa Park.

QUESTION: What is scriptural baptism? N.K.F. of Iowa Park.

ANSWER: Baptism that is in effect today is for one purpose, that of remission of sins. (Acts 2:38; Acts 22:16). When one is baptized, he receives forgiveness of sin, and the Lord adds him to the church (Acts 2:47). Throughout the years, pouring, sprinkling and immersion have been practiced. According to the Bible, only one of these is acceptable, that being immersion. Romans 6:3,4, tells us what baptism is like. We are buried, as Christ was and raised to walk a new life. To bury something, you don't just sprinkle dirt on it or pour dirt on it—you completely cover it. So baptism is to be a burial to our old life, and a raising out of that burial to our new life.

If you would like to have a question answered please write to "Bible Questions and Answers", P. O. Box 520, Iowa Park, Texas, 76367.

Deanne Carver, Barry Jackson vows are exchanged Saturday

MRS. BARRY LEE JACKSON

The wedding of Miss Deanne Carver and Barry Lee Jackson was solemnized Saturday evening in the First Christian Church. The Rev. Claude McDonald was the officiating minister.

The bride is the daughter of Dr. and Mrs. Richard C. Carver, and the bride-groom's parents are Mr. and Mrs. Oscar Jackson, Jr.

For the ceremony, the main altar of the church was centered with a white chrysanthemum arch flanked by bouquets of sunburst gladioli and chrysanthemums. Gold spiral candelabra stood in the background with gold oval candelabra burned over the white arch.

The outer altar area was appointed with gold candle trees and large bouquets of gladioli and chrysanthemums. An unusual feature of the setting were the two large globes of white roses, forget-me-nots and daisies which swagged from the rafters. A gold prayer bench was used.

Gold pew markers holding crystal globes and white satin roping marked the aisles of the church, and a white carpet was laid for the bride to walk to the altar.

The wedding musicians were Mrs. Jim Medlinger, organist, and Miss Martha Kirkpatrick, of Tula, soloist.

Dr. Carver presented his daughter in marriage. She wore a stunning A-line nylon organza and Chantilly lace silhouette gown styled with a lace-covered bodice, high neckline and Camelot sleeves featuring wide lace cuffs. Attached to the gown at the shoulders, the chapel train was accented with a detailed design of lace sprinkled with sequins and seed pearls, and two rows of scalloped lace extending the length of the train.

The bride's illusion veil was held by an organza rose nestled on tulle petals enhanced with pearl trim. She carried an ethereal cascade of stephanotis, gardenias, and fleur d' muer.

Mrs. Chuck Bradley, sister of the bride, served as matron of honor. She was attired in a full skirted gown of powder blue nylon accented with Royal blue velvet at the waistline and on the Camelot sleeves. She wore a powder blue veil hat of tulle petals, and she carried a pendant cascade bouquet of blue gladioli.

The bridesmaids, wearing gowns identical to the matron of honor, were Miss Jodi Guthrie, Miss Sandra Skinner, and Miss Janice Carver, sister of the bride.

Miss Jaye Nipper and Miss Susie Settle were candle-lighters. Rosemarie Soell was flower girl and Ernie Soell was ring bearer. Chuck Bradley served as best man, Grooms-men were Billy Ted Jackson of Quanah and Buddy Jackson of Millington, Tenn., brothers of the groom, and David King of Jacksboro.

Ushers were Wendall House, John Sullivan, Bing Miller, Bill Clapp and Ricky Cope.

Guests attending the wedding registered in the church foyer. Mrs. Billy Ted Jackson secured their signatures at a table appointed with Royal blue and powder blue flowers in a cupid container holding a framed invitation to the couple's wedding. The table was covered with Royal blue dacron chiffon overlaid with powder blue net.

The bride's parents were hosts for the reception held in the Fellowship Hall of the church.

The bride's table was draped with a powder blue net cloth, featuring swags of smilax caught up with nosegays of agapantha and chrysanthemums, over Royal blue chiffon.

A white bridal candelabrum entwined with smilax holding frosted blue candles and an arrangement of blue agapantha, chrysanthemums, carnations, gardenias, and baby's breath highlighted the table decorations. Presiding at the bride's table were Mrs. G.R. Rusk, Mrs. B.W. Koonce, Miss Marsha Roberts and Miss Brenda Fox.

The groom's table was covered with avocado green and centered with a silver candelabrum holding green grapes. Refreshments were served from this table by Mrs. Buddy Jackson and Mrs. N.E. Guthrie, Jr.

The memory candle table cloth was identical to the one on the bride's table and held a large white candle with a wedding ring of flowers.

Other reception assistants were Mesdames H.M. Nipper, O.N. Newman, Bill Steger, A.K. Settle, Bobby Griffith and E.F. Soell.

Rice bags were distributed by Jill Koonce, Staci Newman, and Judy Rusk.

The groom's parents hosted the rehearsal dinner at Downtown Holiday Inn in Wichita Falls.

The bride was valedictorian of the 1970 graduating class of Iowa Park High School. She was twirler of the Hawk band for three years. During her senior year, she was named Outstanding Teenager of America, Miss Iowa Park High School, Best-All-Around Girl. She was secretary of the National Honor Society and received the Phillip Sousa award. She has been working as a dental assistant in the office of her father this summer. She will attend the University of Texas School of Dental Hygiene of Houston during the current school year.

The bridegroom was an honor graduate of W.F. George High School in Iowa Park. During his senior year, he was named the Outstanding Teenager of Iowa Park and Best-All-Around Boy. He was president of the National Honor Society and Spanish Club. He served as class president three years and was class favorite two years during his high school career.

He was active in track and football and made the All-District football team when he was a senior. He has attended Midwestern University for two years and belonged to TKE. He has been employed by J & B Construction Co. He will enter the University of Texas Dental Branch at Houston this fall.

The newlyweds are honeymooning in Red River, N.M.

Mrs. B.W. Koonce, left, chairman of the ways and means project of Epsilon Eta chapter, will be in charge of the preview showing of the Christmas Bazaar in the home of Mrs. O.N. Newman today from 3:00 to 7:30 p.m.

Miss Taylor honored at bridal shower

One of the loveliest social functions of the week has been the bridal shower given Tuesday evening as a compliment to Miss Pamela Taylor, bride-elect of David Steele.

The Fellowship Hall of the First Presbyterian Church where the event took place was beautified with striking purple, lavender and white floral arrangements, in keeping with the honoree's chosen colors.

The center of interest was the refreshment table which was laid with a floor-length white flocked voile cloth trimmed with dainty lace. A tall arrangement of purple carnations, lavender and white mums accented with miniature white lace wedding bells in a footed bowl centered the table. On either side, tall purple candles flickered in silver holders. Nosegays of the chosen flowers combined with lemon leaves and tied with lavender satin streamers on each corner added further distinction to the table.

The table where guests registered and those where gifts were displayed repeated the chosen colors and symbols.

Miss Marsha Taylor, sister of the bride-elect, registered the guests, and Miss Sandra Thomas and Miss Linda Thomas, cousins of Miss Taylor, presided at the refreshment table during the evening.

Mrs. Milton Taylor and Mrs. Pauline Steele, mothers of the engaged couple, and the bride-elect were presented with corsages in the shades of purple and lavender.

Party honors

Stephanie Jones

Stephanie Jones, daughter of Mr. and Mrs. Marion D. Jones, celebrated her fifth birthday August 11.

Guests at her party were Cathy and Joe Acheves, Karrie and Michael Culipher, Rourk and Karen Hauge, Billy and Mary Munroe, Rexa Reusch and Dana Tarbet.

The children enjoyed games and refreshments. Stephanie has recently returned from a seven week's visit to Germany.

Hostesses were Mmes. L. Shelton, E.E. Ayers, Gale Lowrance, Edna Lemon, John Clapp, C.E. Birk, Kenneth McNeely, George R. Huckaby Jr., John Clapp, Jr., Cecil Holloway, E.F. Watson, R.H. King, Ralph Sisk, Fenton Dale, W.J. Hall, George R. Huckaby, T.M. Clark, Rollin Roberts, Kenneth Young, B.G. House, Bill Carnes, John B. Barbour, W.G. Steele and Miss Frances Park.

Young pianist gaining recognition through music

Miss Roma Roberts, 17-year-old daughter of Mr. and Mrs. Quentin Roberts of Lander, Wyo., and the granddaughter of Mrs. J.C. Roby of Iowa Park, has shown special skill for the piano since she was very young. She has won honors and recognition in the field of music consistently since she began piano study with her mother at the age of six.

The most recent honor Miss Roberts received was that of being selected one of four \$500 winners in the Spencer Penrose Scholarship competition which

was held in Central City, Colo. in July.

The Penrose Foundation has designated \$2000 to be awarded each year to promising young musicians of Colorado and Wyoming. Judges of this year's contest said that the musician-ship was of the highest calibre since the contest's beginning.

Miss Roberts played the Bach Prelude and Fugue in D Minor from the Well-Tempered Clavier Book Two, Beethoven's Sonata Op. 22, and Chopin's Ballade in A Flat. Each musician was allowed 20 minutes of playing time with selections from at least three periods of music.

The accomplished pianist has participated in the National Piano Guild Auditions since she was eight with a 10-20 piece memorized program, receiving superior and superior-plus ratings.

She won both the local and divisional "Stars of To-

morrow" contests, at the age of 14, and at the age of 16 won the Casper Symphony contest and performed Beethoven's First Concert with the orchestra.

Miss Roberts gave her first recital at the age of eight, and she has presented four subsequent recitals which have been open to the public. For the past year and a half, she has studied piano as a major subject at Interlochen Arts Academy, Interlochen Michigan, under Donald Moore, along with her high school subjects.

She was awarded a piano scholarship from the Van Cliburn Scholarship Foundation while at Interlochen. She will study at the University of Idaho at Moscow next year.

During the summer, she has a class of guitar students and has been employed at the NuWay Cafe.

ROMA ROBERTS

Mrs. Newman hosts dinner

Mrs. O.N. Newman entertained Miss Deanne Carver and her bridal attendants at a dinner Wednesday evening.

The striking decorations which were done exclusively in silver and white added solemnity to the affair.

The dinner and buffet tables were laid with white brocade cloths and appointed with bouquets of white gladioli in crystal bowls with silver bases. White candles glowed in silver candelabra, and the place cards were also done in silver and white.

During the evening, Miss Carver presented Mrs. Chuck Bradley, the matron of honor, Miss Sandra Skinner and Miss Jodi Guthrie, bridesmaids, with boudoir clocks, and she gave Miss Janice Carver a jewelry box.

Mrs. Newman and Staci also presented her with a silver bread plate and butter dish.

Mrs. Richard Carver, the bride-elect's mother, and Mrs. Oscar Jackson, mother of Barry groom, were other guests.

Vann graduates chopper course

Spec. 4 Michael Ray Vann, son of Mr. and Mrs. Harry Lee Vann, was graduated recently from the Army Aviation School's Single-Rotor Turbine Utility Helicopter Maintenance Course in Ft. Rucker, Alabama.

In this course, Vann received eight weeks of training in helicopter maintenance, including training in tactical subjects, such as familiarization with helicopter gunnery systems, aviation operations in the field, survival, escape and evasion.

The helicopter mechanics will be assigned to a U.S. Army evasion unit. Spec. 4 Vann's training included basic aircraft maintenance, records, and reports, as well as the more specialized instruction in the maintenance of the specific aircraft.

The course, presented by the U.S. Army Aviation School,

provides a ready pool of trained aircraft mechanics necessary for support of U.S. Army throughout the world.

Spec. 4 Vann is presently stationed in Viet Nam and is a crew chief on a helicopter.

PICNIC SATURDAY

The annual Community Club picnic for residents of the Valley View, Kadane Corner and Kanay communities will be held Saturday at 7:30 p.m. at Week's Park, next to Funland in Wichita Falls.

In case of rain, the event will be moved to the Valley View cafeteria. Residents are asked to bring picnic lunches and homemade ice cream, if possible.

Mrs. Newman hosts dinner

Mrs. O.N. Newman entertained Miss Deanne Carver and her bridal attendants at a dinner Wednesday evening.

The striking decorations which were done exclusively in silver and white added solemnity to the affair.

The dinner and buffet tables were laid with white brocade cloths and appointed with bouquets of white gladioli in crystal bowls with silver bases. White candles glowed in silver candelabra, and the place cards were also done in silver and white.

During the evening, Miss Carver presented Mrs. Chuck Bradley, the matron of honor, Miss Sandra Skinner and Miss Jodi Guthrie, bridesmaids, with boudoir clocks, and she gave Miss Janice Carver a jewelry box.

Mrs. Newman and Staci also presented her with a silver bread plate and butter dish.

Mrs. Richard Carver, the bride-elect's mother, and Mrs. Oscar Jackson, mother of Barry groom, were other guests.

To paint signs

The general public has been invited by the Iowa Park High cheerleaders to attend a sign-making party tonight between 7 and 10.

Boosting "Hawk Spirit," the signs will be used through the coming football season. Participants are urged to bring their own paints. Paper will be provided.

Alpha Epsilon Omicron chapter slates full year of activities

Alpha Epsilon Omicron chapter of Beta Sigma Phi sorority has shown steady growth and accomplished worthwhile projects since it was organized in the spring of 1969. It now has 23 members. Programs and projects for the 1970-71 year have been completed and the members are anticipating a successful year.

Mrs. Jack Kerr is the president of the organization. Other officers are Mmes. Bob Riley, first vice president; Sammy Henderson, second vice president; Richard Decker, recording secretary; Bill Todd, corresponding secretary; Bill Painter, treasurer; Bill Vanek and Jerry Brumbalow, council representatives. Garland Gandy, parliamentarian.

The standing committee chairmen are Mmes. George Bludnick, social; Louis Sawyer, ways and means; Arlen Shook, service; Richard Decker, publicity and scrapbook; Jim Reecer, Rosebud Girl, Thomas Huffman, program.

"Beauty" will be the theme of the cultural programs and "Light Many Lamps" will be

the theme of decorations, invitations and other artistic objects for the year.

The summer project of the chapter has been saving Lone Star Pepsi Cola bottle caps.

For the current year, the projects will include Medical ID bracelets, Christmas Bazaar and four bake sales. At the state level, the chapter will participate in the hematology research program of the University of Texas.

The first of the rush parties will be a salad supper Sept. 8. Other rush activities scheduled for the year will be a Halloween party for members and husbands, a model meeting in October.

During 1971, the rush activities will include a salad supper, couples' party and another model meeting.

The socials planned for the club year are a New Year's Eve party, installation banquet and revealing salad supper.

During the 1969-70 club year, the chapter contributed to the Iowa Park Library each month and helped with book

sales, distributed Thanksgiving and Christmas baskets to the needy, contributed to the landscaping fund of the new high school.

Also helped with collections for the Red Cross drive; contributed to the Children's Center; and assumed full responsibility for the Cancer Drive in Iowa Park where members collected over \$670.

The chapter also contributed to the hematology research program, a state project.

The Body Beautiful will be the theme of the program for Sept. 1, the first meeting of the year. Mrs. Richard Decker and Mrs. Arlen Shook will discuss the Greek, Italian Renaissance, and Modern Ideals and "Beauty More Than Skin Deep."

For the Sept. 15 meeting, Mrs. Bob Riley and Mrs. Jerry Brumbalow will present a program on "Painting the Person." They will explain the painting of primitive people, theatrical make-up and modern make-up.

Mrs. H.E. Chard and Mrs. Bill Vanek will be responsible

for the Oct. 6 program on "Her Crowning Glory." The topical discussions will focus attention on "Aboriginal Hair-dress and Headdress," "Historic Modes, and "Individual Coiffure."

"Jewelry", depicting primitive, and historic adornment and that worn by modern women will be the program for Oct. 20 provided by Mrs. Richard Dunn and Mrs. John Williamson.

Mrs. George Bludnick and Mrs. Arlen Shook will be responsible for the Nov. 3 program on "The History of Dress." They will introduce the program by giving reasons for raiment, and the origin of items of wearing apparel and accessories. Continuing, they will discuss costumes of the Classic, Middle Ages, Renaissance, Louis IV, and present era.

The ensemble and psychology of dress will be discussed by Mrs. John Selman and Mrs. Jim Reecer when they present a program on "The Art of Dress" for the Nov. 17 meeting.

Mrs. Louis Sawyer and Mrs. Sammy Henderson will furnish the "Our Own Home" program Dec. 1. They will discuss composing pictures with furniture, the use of color, chiaroscuro, and they will supplement the comments with art examples of interior and period decorations.

The collector will be spotlighted in the Dec. 15 program on "Pleasure of Possession." Mrs. Jack Kerr and Mrs. Hurschal Gullatt will give pertinent facts about the psychological instinct of acquiring things, famous collections and collectors, and what to collect.

The programs for 1971 will be introduced Jan. 5 with a program on "The Connoisseur." Responsible for the presentation will be Mrs. Bill Todd and Mrs. Richard Dunn. They will stress the fascination of collecting the old and the beautiful, minor rarities, and modern masterpieces. Chapter members will participate in the open discussion of "My Prize Possession."

"The Garden" will be the theme of the Jan. 19 program contributed by Mrs. Garland Gandy and Mrs. H.E. Chard. They will discuss formal, informal, and private gardens, and gardens of other lands. They will also encourage an appreciation of the beauty in gardens through paintings, poetry and music.

Each member will take part in the Feb. 2 program built around the theme of "Nature's Landscape" when she describes the loveliest spot she knows. The program will be directed by Mrs. Bob Riley and Thomas Hoffman who will speak on "Elements of Natural Beauty" and "Objects of Natural Beauty."

"The Artist's Landscape" will furnish inspiration for the Feb. 16 program given by Mrs. George Bludnick and Mrs. Henry Beach. Representations, interpretations, and impressions of nature will be emphasized through "Landscape Painting".

"Nature's Theme in Music" will be based on works of

Beethoven, Mendelssohn and Liszt.

The theme of the first program in a series of three on "Tools for the Art of Life" March 2 will be "Speech." Mrs. Garland Gandy and Mrs. Jerry Brumbalow, who will give the program, will stress the good, truth, oral and written forms of words.

The second program in a series on "Action" will be given at the March 16 meeting. Mrs. Jack Kerr and Mrs. Bill Todd will speak on the value of physical activity, the truth and beauty of action.

The series will be concluded April 6 with a program on "Thought" presented by Mrs. Garland Gandy and Mrs. Jim Reecer. They will talk on how thought arises and proceeds and its purpose. They will also contrast empirical and scientific abstract thought. The climax of the program will be the topic "The Beauty of Thought."

"The Substance for the Art of Life" will be presented in the last three programs of the year. The first of these will be given April 20 on the theme "The Good." Mrs. Louis Sawyer and Mrs. Earnie Reusch will tell how words, action and thought serve mankind. They will cite examples and contributions of humanitarian explorers, inventors, leaders, philosophers, poetry and prose to intensify interest.

"The True" will be the program topic for May 4, and Mrs. Thomas Hoffman and Mrs. John Williamson will explain words, action, and thought in the service of truth. They will refer to some of the great thinkers and their truths and to great teachers of abstract truths.

The programs for the year will be consummated May 18 with a program on "The Beautiful" given by Mrs. Bill Painter and Mrs. Richard Decker. The beauty in words, action, and thought, and beauty as an experience will be emphasized during the presentation.

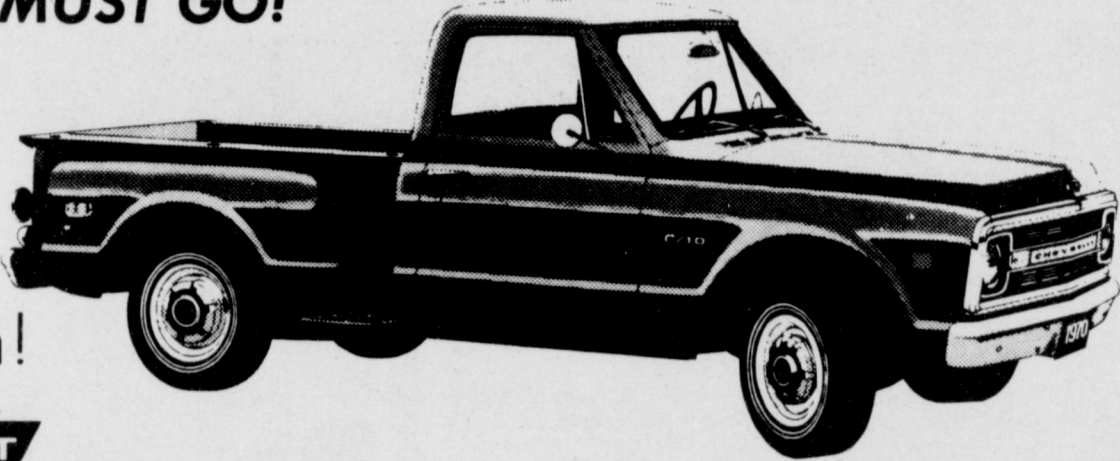

The chapter meets each first and third Tuesday evening, September through May.

TERESA REID, representing Iowa Park in the Oil Bowl queen competition Friday night, is shown standing before 18,500 fans in the stands. She is accompanied by one of the Shrine members, sponsors of the benefit ball game.

Group charters bus to view performance

A group from Iowa Park and the surrounding area, composed of 33 women, four men and a child, made a bus trip to Canyon Tuesday where they saw "Texas," the historical play in Palo Duro Canyon that has attracted so many visitors during the past five summers.

John King, son of Mrs. R.H. King of Iowa Park, has a leading role in the play. Mrs. King joined the group at Canyon.

The trip was sponsored by the Modern Music Study Club with Mrs. M.J. McDonald, president, in charge of arrangements.

Delbert Todd was driver of the bus and Riley Thompson added zest to the trip through his impromptu and humorous announcements and observations over the loud speaker.

The day was characterized by good humor, congeniality, high caliber entertainment, and many things which registered the perfect ending of a beautiful fairy tale.

One of the highlights of the day was visiting the Panhandle Plains Historical Museum which contains relics and implements that date back to the 1600's and household furniture popular in the 1800's. They also saw the layout of a whole town of that era with a tontorial parlor, jail, bank, printing press and hotel.

Preceding the play, the Iowa Park people were given a private tour of the dressing room where they saw the actors applying their makeup by Raymond Raillard, executive vice-president of Texas. He gave them the history of the play recalling some of the disappointments and discouragements in the

beginning and how the name of the production had been changed three times.

He also explained the sound and lighting system observing that they were the "best this side of the Mississippi," and took them through the tunnel which the actors use to get from the dressing rooms to the stage.

During the play, the people from Iowa Park were given special recognition by Mr. Raillard.

Those who made the trip were Mmes. L.E. Brooks, Lydia Hudson, J.C. Roby, D.O. James, Jim Hatten, Swan Reaves, James A. Sewell, M.J. McDonald, Carl McKinnon R.A. Williams, Jim Miller, Lavender Farr, Joe West, Charlie Winfrey, Georgia Flanagan, James Dyer, Ruth Gard, Allie Girard, V.I. Munden, Joe Cope, Roy Fortner, L.S. Swanson, Etta Bennett, Elizabeth Blackman, John Clapp, Sr., L.V. Gulley, Jack Jacquart, O.B. Nolen; Mr. and Mrs. F.M. Wilson, Mr. and Mrs. George Trammel, Mr. and Mrs. Riley Thompson, Mr. and Mrs. Delbert Todd; Misses Lucy Black, Carol Smith and Cindy Flanagan.

4-H leaders to meet here

The Wichita County 4-H Leaders Association will have a meeting at the Iowa Park ASCS Building beginning at 7:30 p.m. D. Lancy Bullard, State 4-H Leader from the State Extension Service, Texas A & M University, will present the program.

We'd like you to meet

SHOE SALON - SECOND FLOOR

HIGHLIGHTS AND SIDELIGHTS From Your State Capital

BY VERN SANFORD

TEXAS PRESS ASSOCIATION

More than 2.7 million Texas students soon will be heading back to public schools again.

There will be a lot of changes in store for them, although most probably will fast adjust or barely recognize the differences.

- Teachers will begin work a little earlier, and classes in some areas will start earlier.
- School year will stretch out from 175 classroom days to 180.
- Teachers will be on duty 10 more days of non-teaching work for in-service training and to help with school opening and closing.
- For 224,500 little ones, the school experience will be brand new. They are the first graders and (80,000) five-year-olds in a new state-supported kindergarten program.
- A drug education program also will be initiated, seeking an effective two-way communication between youth and adults. Utilized in the effort will be modern techniques and teaching methods which encourage students to express themselves rather than relying on lectures, preaching or moralizing. Training of local teaching teams in 1,206 school districts is slated to start in September and October.
- Twenty-two school districts in major population and geographic areas will be pilot testing three key facets of the state's emerging plan for special education. These districts will serve as a proving ground for efforts in comprehensive special education, early childhood programs for exceptional children and teaching tailored for children with language and/or learning disabilities.

Even broader changes may be in store for pupils of 16 school districts sued in federal courts at Austin and Tyler for racial segregation. Districts held conferences at Texas Education Agency last week to prepare plans for conversion to non-discriminatory systems. Plans are due to go to courts by Friday (Aug. 21). Hearings may begin Monday.

EAGLE MAY BE OUT--A Railroad Commission examiner has prepared a report recommending Missouri Pacific Railway Company be permitted to discontinue its St. Louis Eagle passenger train.

Finding came after extensive hearings in several cities. Opponents of shutting down the train have 30 days to reply and restate their case.

Eagle was one of the last three passenger trains on a regular run across the state from Texarkana to Laredo and back once a day.

MP claimed a revenue loss and asked permission to cut it off its routes.

DRAFT CALL UP--September draft call for Texas is 704--a considerable increase from 600 in August. But no man will be ordered for induction with a random sequence number higher than 195.

Col. Charles M. Duncan, deputy state Selective Service director, said it appears unlikely the ceiling will go higher than 195 for the rest of the year. Duncan said new manpower, mainly from

formerly-deferred students, helped hold the level on sequence numbers.

September quota for pre-induction physical and mental examinations is 7,171, an increase from 1,490 in August. Texas' induction quota of 704 is the state's share of a national call of 12,000 men, all for the Army.

PARKS ADVANCED--Outstanding new Lyndon B. Johnson State Park near Stonewall, and across Ranch Road 1 from the famed LBJ Ranch, will be officially dedicated on August 29 at 2 p.m.

Former president will attend the festivities which include a reception and luncheon in Stonewall.

Parks and Wildlife Department also announced approval of a \$355,050 federal grant for a development project in Abilene State Park.

Funds will be matched by the state on a 50-50 basis in the \$710,000 project which includes building of a headquarters, visitors' center, campsites, a group shelter, wading pool, playground equipment, roads, and parking.

INSPECTION TIME AGAIN--Another auto inspection deadline is approaching for vehicles with red stickers and the large number "9."

These cars, warned Col. Wilson E. Speir, director of the Texas Department of Public Safety, must be reinspected before midnight September 30.

Texas now has a 12-month inspection system. Sticker in the lower left-hand corner of each automobile windshield contains a large numeral showing the month of inspection and expiration.

Speir said cars with red stickers and a number "10" must be reinspected before midnight on the last day of October, those with an "11" by the end of November and those with a "12" by December 31. Fee remains at \$2, with adjustments or repairs extra if required.

LAND RECOVERY SOUGHT--Land Commissioner Jerry Sadler has called on Atty. Gen. Crawford C. Martin to take whatever legal steps are necessary to recover lands of Calhoun County Navigation District not being used for navigation purposes.

Sadler noted that 47,000 acres were purchased by the district from the state in 1956 for \$1 an acre. In 1961, Sadler said, he refused to approve the district's application to buy additional lands, after officials admitted 20,000 acres of the original purchase were considered surplus acreage not needed for navigation purposes. Some of this land was sold, and has gone into private real estate development.

Commissioner said he urged the attorney general's office as far back as December 28, 1961, to take steps to recover the 20,000 acres for the permanent school fund but got no action. School Land Board, he related, has now requested that the land be recovered.

GRANTS APPROVED--Gov. Preston Smith has approved a federal grant for \$114,489 for operation of a family planning program for migrant farm workers in 26 Texas counties and six other states where they migrate.

Counties benefitting are Val Verde, Kinney, Uvalde, Bexar, Jim Wells, Maverick, Zavala, Dimmit, Frio, LaSalle, McMullen, Duval, Webb, Live Oak, Bee, Refugio, San Patricio, Nueces, Kleberg, Zapata, Jim Hogg, Brooks, Starr, Willacy, Hidalgo and Cameron. Smith also announced approval of a demonstration grant of \$72,344 to Las

Colonias Del Valle Inc. in San Juan, Hidalgo County, for youth development program.

A state regional planning assistance grant of \$14,930 went to the South Plains Association of Governments (SPAG) serving 33 cities, eight special purpose governments and 11 counties.

AG OPINIONS--An off-duty policeman may not conduct a private enterprise, employing other off-duty policemen or officers, to perform guard duty or patrol without securing a license, says Attorney General Martin.

In other opinions, Martin ruled that: • An alarm agency, approved by the State Board of Insurance, may perform certain activities--send their representative to answer the alarm, furnish a key to police officers for entrance to the premises, assist the police as they may request in their check of the premises, and reset the alarm after the police have finished their work--without its personnel having obtained a license.

• Commission on Fire Protection Personnel Standards and Education has authority to hire an executive director, provided that his duties are solely administrative or ministerial, and do not call upon him to exercise discretion or judgment concerning the powers and duties required to be performed by the members of the Commission.

SHORT SNORTS
Judge Joe Frazier Brown of San Antonio, executive director of the Texas Criminal Justice Council, has been named to the national executive committee and chairman of the committee on discretionary grants for heads of state criminal justice planning agencies.

Drug use among children committed to Texas Youth Council has increased from five to 70 per cent during last three years, according to new report of State Program on Drug Abuse.

BONDS Continued from Page 1

of Economic Opportunity program.

In 1969, the name of the library was changed to the Iowa Park Public Library, and it was adopted by the city during the first part of 1970.

Until the city-school pact was completed for the present location, at 331 E. Park, the library was crammed in the back room of the Chamber of Commerce building. Indicating the growth and demand on the books, records indicate 866 books were checked out the first year, as compared with 10,635 in 1969. Readership of the books has shown a determined incline each year since the library's formation.

The city, at this time, has no site in mind for the library's location.

As I See It

By BOB HAMILTON, Publisher

The ability of Americans to find humor amid catastrophe is a phenomena few can explain, but all welcome.

That's the case of the people of Portland, one of the communities ravished by Hurricane Celia recently.

An article written by publisher Fred Barbee of the El Campo Leader-News, on his tour of several stricken communities, points out the attitude of those residents who, having lost much or all of their property and homes, put out humorous signs for view of those who drove by.

Most of the homes hardest hit by 160-mile-plus winds in Portland were in the neighborhood of \$20,000 to \$40,000 values. "God Blessed Our Home" expressed the sentiments of one family that returned from a vacation after the storm and found only minor damage in the middle of almost total destruction of their neighbors' homes.

One family had a back yard swimming pool that was literally full of roofs, doors, windows and other parts of their house. The sign there invited "For A Cool Swim, . . . Form Line Here."

Other signs included: "Raindrops Keep Fallin' In My House" "Celia Slept Here--WOW!" "Gone But Not Forgotten" "Gone With The Wind" "Celia Was Here" "Happiness Is Living Through A Hurricane"

Another sign simply said "Keep Gate Closed." That's all there was left, just a gate standing in its frame, no fence anymore.

"Watch For Grand Opening" stood in front of homes with huge holes ripped in the sides and roofs.

"Open House" told the story of just four walls standing where once had been an expensive Spanish style home. "Split Level" was the owner's description for what had once been a beautiful two-story home now reduced to barely one floor, and that was sagging.

Another abbreviated two-story dwelling bore the emblem, "Watch for Low Flying Aircraft," and still another, "Curse You, Red Baron."

The hurricane's sex came into play in some of the signs, such as "Hell Has No Fury Like A Woman When She's Mad" and "This Home Hand Crafted by Celia."

Another perhaps summed up the heritage of coastal dwellers, as it simply said "Smile! Here Comes Debbie."

ADVERTISEMENTS WITH WHITE SPACE GET GOOD READERSHIP...

MESQUITE MUSINGS

By Ruby L. Robertson

For some time we of North Texas have ignored the problem of air pollution, hoping that it would go away. We could afford to do so as Texas and Oklahoma have the cleanest air in the nation. But last week we were reminded of the problem by the presence of a smog type haze which hovered over the area as far west as the panhandle.

It is hard to comprehend the fact that our way of life, with its many conveniences and throw-away containers can be the cause of the pollution problem, but conservationists tell us that it is rapidly becoming worse.

Pollution has many forms but the control of solid waste seems to be the one easiest for the average person to do something about. Tin cans, old tires, worn-out appliances, old papers etc. can be disposed of or recycled if we will.

A large aluminum company is promoting a plan to buy back aluminum cans at the price of 1/2¢ each and melt them for reuse in industry. This plan works in the coastal areas and will here if collection stations are set up. Part-time workers take heed, someone could make a business out of this. It is estimated that it costs 30¢ in tax money to pick up every bottle and can that is thrown by the highway and that every mile of highway, on the average, holds 590 cans and 360 bottles.

A small glass factory in Snyder, Okla. uses discarded soft drink bottles in the manufacture of many glass objects. A foundry at Electra is using some rerun aluminum in the manufacture of pulleys. On the East Coast a man crushes tin cans and makes panels for building purposes. Old papers are often burned, but every 118 pounds of them can be recycled for use again and will save the cutting down of one tree for pulp wood. Many charitable organizations, including the Women's Society of Christian Service at Holliday, are collecting old papers as money raising projects and as a service to the community.

The danger is upon us when we consider that even one plastic bag thrown carelessly into a pasture can cause the death of a cow, a fire cut by broken glass can cause a serious accident or a cigarette butt can cause the loss of many acres of grass land.

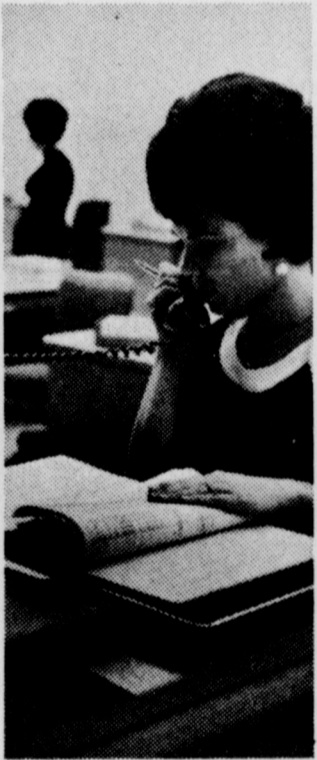

So let us tackle the pollution problem with good cheer, it is a challenge to us all. Who knows but what it could bring us all closer together as we work to beautify this America we love.

Dependable service . . .

listening to customers . . .

finding answers . . .

helpful suggestions.

What People Power is, what it does for you.

People Power is all of us at Texas Electric working together to make good things happen electrically when you turn a dial or flip a switch.

People Power sees to it that electricity is generated and ready when you want it.

But People Power is more:

It includes a full-time staff of specialists who can advise you on wiring, lighting and electric heating and cooling for your home, store or offices.

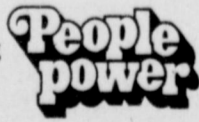

Our home economists, who are available to help you with suggestions on ways to get the best use from your electric appliances.

And agricultural specialists who can help farmers and ranchers find ways to do their chores faster and easier with electricity.

And area development representatives who work with local groups to help attract new industry, new payrolls and new residents to the areas we serve.

And people who try to make things right when you call in with

a complaint about something we've done or haven't done.

People Power makes good electric service possible. And helps you find more efficient ways to use electricity, so that you get the most benefits for the lowest cost.

The way we see People Power--the way we hope you see it--is helping people live just a little bit better. Texas Electrically.

SCRIMMAGE HERE THURSDAY

Eagles face Diamond Head

"We've got 36 boys out with a lot of desire and heart, but they are a long way from being in shape," commented head football coach Milford Groves about the Holliday Eagles first day of work outs Monday.

The Eagles have been working out twice a day this week, hitting the field at 7:30 a.m. and again at 6:30 p.m. At present time a workout schedule for next week had not been set up as the coaching staff will be attending in-service training classes, along with Holliday's other teachers.

"I'm very pleased with the way these boys are putting out and it's just a matter of time until they are top physical form," added Coach Groves.

He added that he was giving the boys a chance at the position they wanted, but he wouldn't hesitate to put a man in another position if he and the other members of the coaching staff thought it would strengthen the team.

The Eagles have 15 lettermen back including six starters. Two boys from Valley View are out for the team and a transfer student from Notre Dame is trying out.

Ronny and Rodney Hodgkins, both seniors, have received approval from Iowa Park School District to play football. The twins played on the Valley View squad for the past three years.

Although ineligible this year, Doug Hodges from Kentucky is working out. The 6'2" junior will play on Holliday's B team according to Coach Groves.

Returning starters are Mike King, Coy Sanders, Rickey Allgood, Johnny Debler, Mike Harper, and Buzz Miller.

The Eagles have two scrimmage games before their opening game against Nocona Sept. 11. Next Thursday, at 7:30 p.m., Holliday will face 3-A Diamond Hill Eagles here. Their next scrimmage will be against Knox City Greyhounds Sept. 4, at 7:30 p.m. in Knox City.

Two teams have been dropped from Holliday's 1970 schedule as a result of being placed into a new district. The Eagles are now in District 8-A which includes Crowell, Paducah, Chillicothe, Munday and Archer City. Knox City and Nocona are in another district this year.

According to Texas high school coaches Archer City, will claim district honors this year with Chillicothe second and Holliday third. Munday went undefeated in district play for the crown last year.

Winner of District 8-A will go west to play the winner of 7-A for bi-district honors. Included in 7-A is Albany which was picked number one in state among Class A schools.

Assisting North Texas State graduate Groves in the coaching department are Bob Gray (Adam State-Colo.), Dwight McNew (Southeastern State-Okla.), and Cody West (West Texas State).

Trying out for the 1970 Eagle squad are as follows:

SENIORS

Mike King	150	5-9
Larry Holt	120	5-7

COACH MILFORD GROVES PUTS EAGLES THROUGH WORKOUTS

Committee chairmen chosen by Holliday Parent Club

Officers of Holliday's Band Parent Club met recently to select committee chairmen for the club's various activities. Named were chairmen of the workers committee, food committee, chaperone committee, uniform committee, hospitality committee and the flowers and cards committee.

Lavina Miller was chosen chairman of the workers committee. This committee is in charge of electing those to work at the concession stand during football and basketball season. Shirley Stone will head the food committee. Her job, along with members of the committee, is to arrange for food and drinks in the concession stand. This includes baked items by members of the parent club.

Selected as chairman of the chaperone committee was Peggy Debler. Peggy will arrange for chaperones on all band trips. Four chaperones accompany the band on local trips and eight are assigned on longer trips.

In charge of the uniforms committee will be Frances Brackeen. Her job will be to issue uniforms and arrange for getting them fitted. Heading the hospitality committee is Norma Ferguson. She will arrange for refreshments at all band club meetings.

Corine Williams was chosen to head the flowers and cards

committee.

Holliday's Band parent club raised \$3,139.29 from special projects and concession sales last year. It spent \$4,383.68 in support of the Eagle band. The club is starting the 1970-71 school year with a \$374.62 balance.

Last year's support of the band included \$300 toward the purchase of a Stola Conntuner; eight new uniforms costing \$125 each; \$200 for band members meal at TMEA Convention in Dallas; \$150 toward purchase of State Honor Band patches; \$10 on each of the 22 members attending summer band camp at Midwestern University, and it paid half of the cost of 11 members taking private lessons.

Other projects included the purchase of a band wagon for \$285.50 to haul uniforms; more

than \$300 toward the cost of clinicians for the band and a \$100 scholarship awarded to Kenn Murrar.

Aside from their concession sales, which is clear profit as everything sold is donated by members of the parent club, they sold magazines, bumper stickers and sweat shirts.

Serving as officers of this year's parent club are Mrs. Jess Lynch, president; Mrs. Johnny Carver, vice-president; Mrs. Paul Sorenson, secretary; Mrs. Jim Davis, treasurer; and Mrs. Donald Brackeen, reporter.

Parents of members of the Holliday band are invited to join the parent club. First meeting will be held Monday at 7:30 p.m. in the school cafeteria. All band parents and band enthusiasts are invited to attend.

Reunion held in Holliday

Twenty five persons attended a reunion held at the home of Harvey and Ruby Green in Holliday recently. A steak dinner was served outside.

Attending were Dr. and Mrs. James Kim and sons from New Orleans; Mr. and Mrs. Tony Perez of Wichita Falls; Mr. and Mrs. Roy Perry of Iowa Park; Mr. and Mrs. Robert Alan and sons of Wichita Falls; Mr. and Mrs. Claude Morrow of Holliday; Mr. and Mrs. Dwayne Morrow of Holliday; Ricky Walker of Holliday and Oleida Green and family from Monahans.

Morrow on leave after boot camp

Gary Dean Morrow is home on leave after completing Navel basic training in San Diego, Calif. The 19-year-old Holliday High School graduate will return to San Diego to attend an advance electronics school which will last eight weeks.

Gary is the son of Mr. and Mrs. and Mrs. Claude Morrow of Holliday. The Morrrows have another son, Claude Dwayne, who recently completed a four-year tour in the Navy.

GARY DEAN MORROW

Telephone rates up Oct 1

Telephone rates will be increased effective Oct. 1, 1970, for citizens of Holliday and the immediate area. For the second time, members of Holliday's city council agreed to half of the rate increases proposed by General Telephone.

At a recent council meeting John D. Allen, assistant revenue requirements and tax director of General Telephone, stated that the company was disappointed, but would accept the city's offer.

The new rates to become effective Oct. 1 are business: individual line service \$17.75, extension \$1.75; Residence: individual line service \$7.65; two-party line service \$6.55, extension \$1.25.

The increase was brought about so that General Telephone

could realize a fair profit from that the one owned by the city services offered in Holliday has been broken down since according to company officials. April and they were having trouble in obtaining parts needed for repairs. Since April, Holliday has been paying for back hoe services.

NTSU names

Jim Clapp top recruit

Jim Clapp, Hawk all-stater and Jacksboro's Mickey Fry were recently named North Texas State University's top recruits for the Eagles' freshmen team.

Announcements of the selections was made at Denton at a pre-college conference, when 211 of the 2,000 students who will enroll as NTSU freshmen visited the campus.

The group, which was housed in Clark Hall during the conference, represented 38 different Texas counties, as well as Kansas, Louisiana and Oklahoma.

Both Clapp and Fry will attend NTSU on football scholarships. They are to report for workouts next Tuesday.

Clapp was outstanding both as quarterback and defensive back on last year's state championship Hawk club. Fry was also all-state for the Tigers, who lost in the semi-finals to the Hawks.

Shoot slated

With bird hunting season less than two weeks off, the Big 6 Gun Club is sponsoring a "Dove Hunter's Special" shoot Sunday.

Shooters, squaded according to ability, will be firing for bacon slabs.

The club's range is located south on Highway 367, turning east at the Kamay intersection about two miles, then south at the club's sign.

OBITUARIES

John M. Smith

Funeral service for John M. Smith, 80, who died Tuesday morning at Park Manor Nursing Home following a long illness, will be at 10:30 a.m. today in Tanner Funeral Home chapel.

Rev. W.F. Williams, pastor of the Iowa Park Church of God, will officiate. Burial will be in Highland Cemetery. Nephews will be pallbearers.

A resident of Iowa Park since 1934, he was born Feb. 22, 1890 in Wood County, Tex. He was married to Lola Hestand at Knox City April 15, 1917. He was a retired auto mechanic.

Survivors are his wife; four sons, Floyd M. of Wichita Falls, J.C. of Lexington, Ky., Virgil W. of Knoxville, Tenn., and Leroy of Nashville, Tenn.; two daughters, Mrs. Floyd L. Watson of Lexington, Ky. and Mrs. Thomas M. Hall of Iowa Park; one brother, Ivan W. of Wichita Falls; one sister, Mrs. Fannie Halcomb of California; 18 grandchildren and 17 great-grandchildren.

Porter Howze

Services were held Monday afternoon in Tanner Funeral Home chapel for Porter Howze, 60, who died Saturday morning at his home. Elder J.R. Knight, pastor of the Primitive Baptist Church at Roby, officiated. Burial was in Highland Cemetery. Pallbearers were nephews.

He had lived in Iowa Park for two years after moving here from Jacksboro where he had been employed as tool pusher for Shanafelt Well Service. He was last employed by Boaz Well Service.

Born Dec. 23, 1909 in East Texas, he was married to Effie Mae Moore Sept. 2, 1952 at Carlsbad, N.M. He was a member of the Primitive Baptist Church.

Survivors include his wife; one son, J.L. of Austin; four brothers, Dick of Houston, Tom of Waco, Ben of Big Spring and Ira of Lott, and a host of nieces and nephews.

UNSCCHEDULED STOP--Billy James is hooking onto this car to pull it out of a pond on Bell Road, after it made an unscheduled stop.

Officers of Holliday's Band

Parent Club met recently to select committee chairmen for the club's various activities. Named were chairmen of the workers committee, food committee, chaperone committee, uniform committee, hospitality committee and the flowers and cards committee.

Lavina Miller was chosen chairman of the workers committee. This committee is in charge of electing those to work at the concession stand during football and basketball season.

Shirley Stone will head the food committee. Her job, along with members of the committee, is to arrange for food and drinks in the concession stand.

This includes baked items by members of the parent club.

Selected as chairman of the

At Austin College, Mike is a part of the Austin Scholars program which, according to his evaluation, enables a student to get a more varied educational background and to become more on his own.

"I like the program because it is more personal," he stated. He recalled that during the last semester he took a course "Critical Thinking" which gave insight into the workings behind mass media, and he was the only student who was taking the course.

The number of students who are eligible to become a part of Austin Scholars is limited to ten per cent of the students. Mike is a member of the Honor Council which advises the student body how the honor system will be defined and enforced. The organization tries cases of honor violations and tries to work out a working definition of the organization.

During this year, he will serve as chairman of the Campus Cooperative Ministry which will conduct religious services on the campus. At the present time, seven of the churches in Sherman are cooperating with the program and Mike plans to seek the cooperation of more churches during the current year.

The ministry also has a part in the STEP program, which is a tutoring service for junior high and high school students, and also sponsors dialogues between community leaders and pastors and students.

During the 1969-70 term of school, Mike coached the basketball team for the Progressive Baptist Church, a Negro church.

He was valedictorian of the graduating class of 1968 of the Iowa Park High School. He was president of the Student Council and a member of the National Honor Society. He ranked among the top ten in the nation on the United Nations test. He was a member of the Hawk football and basketball teams.

During the summer of 1967, he was selected to attend the Farm Bureau Citizenship Seminar at Waco.

Mike is active in the work of the First Baptist Church when he is home on vacation. During this summer, he helped to reorganize the Royal Ambassadors chapter and he participated in the River Ministry project of the church.

Now is a good time to take soil samples for crops to be planted this fall. Soil sample boxes and information sheets may be picked up at the county agent's office.

Farmers are urged to make weekly cotton insect checks in their cotton fields. Boll weevils, boll worms, and fleahoppers are a problem in some of our cotton fields.

Most farmers and ranchers who produce livestock have to live and work with the facilities they construct, including buildings. Therefore, buildings should be planned to save time and labor, and to provide the type of environment needed by livestock.

Good planning can eliminate many of the headaches which usually show up in buildings after they are put to use. It might be a good idea to visit with other livestock producers for ideas. Also discussions with building supply dealers. Every idea may not be acceptable, but at least some sound ones will be picked up.

Be sure plans include the flow for livestock and materials. Make sure you know where feed is going into the building, and where livestock and manure are going out. Then ask: "Is there an easier, more economical way of doing this?"

Pricklypear has become a

Scott, the engineer, has been at Sheppard since 1959. Before that he worked as an engineer at a Naval ammunition depot. Sgt. Thomas Moeti is presently serving as brakeman for the base train.

"Anytime the railroad is determined the best and most economical means of transporting freight, the base train goes into operation. It carries the goods to their storage area for distribution to the base. Without the train, much time and money would be lost using other modes of transportation," Mr. Scott explained.

Missouri, Kansas and Texas (MK&T) Railroad and cars are transferred to the base locomotive which is the property of the Air Force.

Freight carried by the train ranges from food items for the commissary to a 50,000-pound crane which arrived recently. According to Scott, ten to 15 cars, carrying about 50 tons each are received by the Transportation Freight Section each month.

The train also carries freight off the base so it can be picked up by the civilian railroad company for transport elsewhere.

Student grooming, dress rules set

Regulations concerning student grooming and dress have been set down in written form this year by the school board of trustees.

In the past, the rules concerning student appearance have been verbal instructions to each school principal. However, the board felt that this year the principals should have the written backing of the board. There were some complaints registered last year, causing the board's action.

The board, after long and careful study of the regulations, felt the rules were fair, and well in line when compared with similar restrictions imposed by most of the schools in the surrounding area.

The regulations are as follows:

There is a strong relationship between how one is dressed and how one acts. Good grooming and proper dress are encouraged at Iowa Park Public Schools. In this day, many institutions of education have lost prestige and respect of those who once held them in high esteem. It is intended that reasonable line of regulation is held at Iowa Park Public Schools. Iowa Park school is a responsible educational institution, and for the good of all concerned, some definite guidelines are

skirts and blouses to school. No culotte, wrap-around skirts, mini skirts, or extremely low-cut necklines are to be worn. Boys will wear full length slacks or jeans at all times. Boys will wear shirt tailed tucked in, with the exception of sport shirts that are cut straight around the bottom. Shirts must be buttoned up to the top button below the collar. No slogan sweatshirts or T-shirts are permitted. Neck medallions or ornament medals should not be worn by boys. Use your good taste. A school classroom is a formal situation. Dress regulations apply at any school activity unless otherwise advised. Violation of the policy concerning dress is grounds for dismissal.

JEFF McDONALD, Hawk all-state runningback, gets his knicks early in the season. He is shown during workouts that started here Monday.

Mrs. Frank Harlin, left, and Mrs. Luther Shaw, right, have worked enthusiastically making unique items which will be on display and for sale at the preview showing of Epsilon Eta Christmas Bazaar at Mrs. O.N. Newman's today.

ACCUSTOMED POSITION--Former Hawk star Gary Frazier is in a familiar position of blocking on a wide end run. He played all the offensive downs at guard, and much of the defensive end action, during Friday's victorious challenge by Texas against Oklahoma in the Oil Bowl. In addition, the future Texas Longhorn kicked two of three extra point attempts, making him the only interior lineman to score points in both the Oil Bowl and Coaches Clinic All-Star game this year.

Elementary supplies listed

Supply and fee requirements for elementary students who will be reporting for classes Aug. 31 have been listed by school principals. There are a few differences between the schools in Iowa Park and Valley View, therefore both schools will be listed.

IOWA PARK FIRST GRADE
School box
Scissors, blunt point
Paste
Crayons, box of 8
Facial tissue, 1 box
Primary pencil, large
Tablet, Aladdin 1251 or High Tone 48-1070
Fees, \$2 per semester
Note: Please be sure child's name is on all supplies.

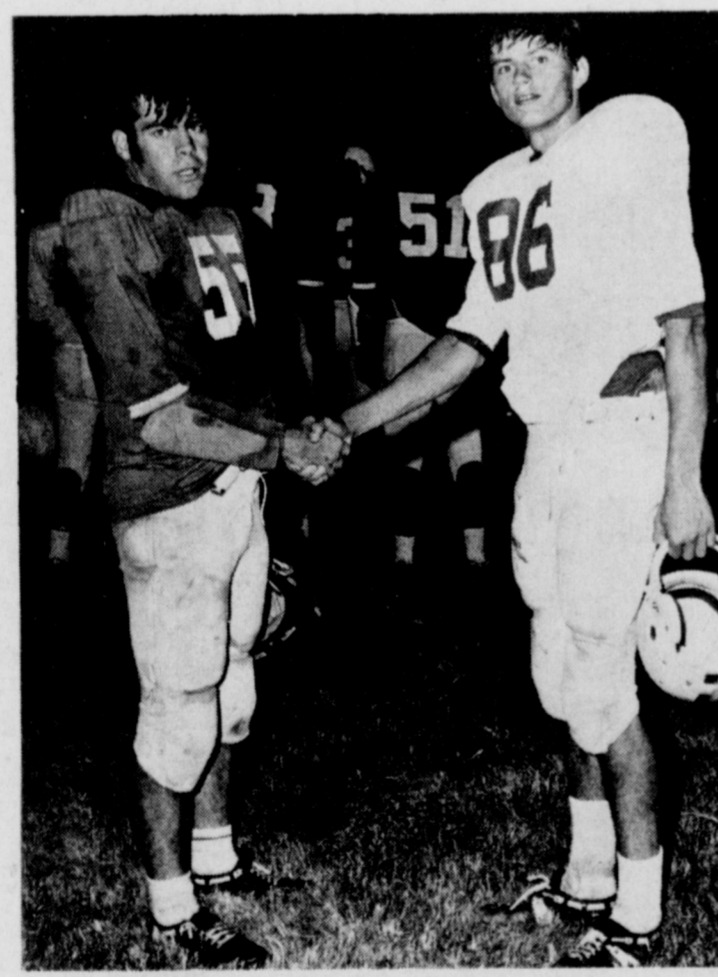

SECOND GRADE
Pencils, 2 each, No. 2
Writing tablet, No. 1252
Crayolas, box of 24
Scissors, sharp point
Supply box
Glue, Elmer's
Facial tissue, 1 box
Fees, \$2 per semester

THIRD GRADE
Pencils, 3 each, No. 2
Ruler, 12 inch
Crayolas, box of 16
Scissors, pointed
Spiral notebook, 5 subject, 200 sheet
Writing tablet, 2nd grade, Aladdin No. 2225
Clip board
Notebook paper, 1 package
Facial tissue, 1 box
Eraser, large
Glue, Elmer's
Water colors
Fees, \$2 per semester

FOURTH GRADE
Scissors, sharp point
Eraser
Crayons, box of 16
Glue, Elmer's
Ruler, 12-inch
Notebook paper
Notebook, loose leaf
Pencils, 2 each, No. 2
Map colors, box of 8
Fees, \$2 per semester

FIFTH GRADE
Notebook, 2 ring
Notebook paper
Pencils, 3 each, No. 2
Pen or pencil, red
Crayolas
Scissors, sharp point
Glue, Elmer's
Ruler
Folders, paperback with pockets, 4 each
Spiral notebook, 49¢ size
Fees, \$2 per semester

VALLEY VIEW FIRST GRADE
Pencil
Crayolas, large box
Color book
Facial tissue, large size
Scissors
Paste
Tablet

STILL FRIENDLY--Even though Iowa Park's all-stater Jerry Pittman, left, and Holliday's Yogi Gore played on opposite teams Saturday night at the Greenbelt Bowl in Childress, they still had a friendly handshake for each other after the final whistle. Gore's team won, by the way, after Pittman's backs fumbled on the one-yard line, trailing by five points in the last minute of play.

Sheppard AFB operates own railroad

SHEPPARD AFB--Why does an organization such as the U.S. Air Force, with its large inventory of cargo planes, need a railroad?

Most U.S. Air Force bases have their own railroads. Sheppard's is composed of almost five miles of government owned tracks, a 44-ton locomotive, and two authorized crewman. The five miles of track service 26 warehouses, several outside storage areas, and the jet fuel storage tanks on base, according to Melvin C. Scott, locomotive engineer.

The base is serviced by the

Missouri, Kansas and Texas (MK&T) Railroad and cars are transferred to the base locomotive which is the property of the Air Force.

Freight carried by the train ranges from food items for the commissary to a 50,000-pound crane which arrived recently. According to Scott, ten to 15 cars, carrying about 50 tons each are received by the Transportation Freight Section each month.

The train also carries freight off the base so it can be picked up by the civilian railroad company for transport elsewhere.

Scott, the engineer, has been at Sheppard since 1959. Before that he worked as an engineer at a Naval ammunition depot. Sgt. Thomas Moeti is presently serving as brakeman for the base train.

"Anytime the railroad is determined the best and most economical means of transporting freight, the base train goes into operation. It carries the goods to their storage area for distribution to the base. Without the train, much time and money would be lost using other modes of transportation," Mr. Scott explained.

Community improvement entry deadline Sept. 1

By B.T. HAWS
I would like to remind the folks in our organized communities that September 1 is the new deadline for enrolling in the Texas Community Improvement program. Record books will be mailed to community secretary shortly after September 1.

There is a revised record book for the program this year. It is a simplified record book to correspond to the new agricultural and non-agricultural community. Entry cards should be mailed to Reagan Brown, Extension Service, Texas A & M University, College Station, Texas.

I hope we will have 100 per cent of the organized communities in Wichita County to enter this program.

Now is a good time to take soil samples for crops to be planted this fall. Soil sample boxes and information sheets may be picked up at the county agent's office.

Farmers are urged to make weekly cotton insect checks in their cotton fields. Boll weevils, boll worms, and fleahoppers are a problem in some of our cotton fields.

Most farmers and ranchers who produce livestock have to live and work with the facilities they construct, including buildings. Therefore, buildings should be planned to save time and labor, and to provide the type of environment needed by livestock.

Good planning can eliminate many of the headaches which usually show up in buildings after they are put to use. It might be a good idea to visit with other livestock producers for ideas. Also discussions with building supply dealers. Every idea may not be acceptable, but at least some sound ones will be picked up.

Be sure plans include the flow for livestock and materials. Make sure you know where feed is going into the building, and where livestock and manure are going out. Then ask: "Is there an easier, more economical way of doing this?"

Philia Study Club schedules impressive year's programs

The Philia Study Club has chosen "Informed Women for Community Improvement" for a theme, and "Attaining Environmental Excellence" for the course of study for the 1970-71 club year.

Through the series of programs, the club members will strive to become better informed for community improvement. To do this, they have set a goal for each area of study, and by achieving the aims they hope to become better informed and to apply the knowledge to building a better community.

A Get-Acquainted Tea September 12 will be the first meeting of the year. New and prospective members will be honored guests. Yearbooks will be distributed and a preview of the programs will be given.

Mrs. Elena Steed, head of adult training at the Occupational Workshop in Wichita Falls will be guest speaker for the Oct. 12 meeting. She will discuss occupational therapy and its role in preparing handicapped persons for productive lives through proper training.

The Nov. 16 meeting will be a joint meeting with the 23 Study Club at which time Mrs. Philip Carpenter, President of Texas Federation of Women's Clubs, will be the featured speaker. Her subject will be "Federation in the Decade of Challenge."

For the Christmas program Dec. 18, Mrs. China B. Smith, head of the speech and drama department of Iowa Park High School, will review "Beyond Ourselves" by Catherine Marshall.

The first meeting of 1971

The Texas Heritage Day program will be given by Mrs. John Maples. She will exhibit bottles unearthed in this area which show some of the local history.

Mrs. Leroy Stanekwitz will discuss Purple Martins and the City Bird Sanctuary for the April 12 meeting.

The final meeting of the year will be the Installation Dinner at Underwood's Cafeteria in Wichita Falls May 10.

Mrs. Buddy Henderson is serving as president of the club this year.

The Feb. 8 program has been planned around the theme "Youth Power in Our Community" and the program will be devoted to the presentation of themes written during the year by high school students on "This I Believe." Mrs. J.P. Miller, English teacher, will be in charge of the writing of the essays.
