G. E. PRINTZ FOR TAX ASSESSOR

George E. Printz, at present Justice of the Peace of Precinct No. 1, announces this week for the office of Tax Assessor of Callahan County, which position he is very anxious to fill, both for personal reasons and for the public good, and his preeminent qualifications for the position to which he aspires, leads him to hope that the voters will so decide in the primaries.

Mr. Printz is probably more familiar with the land values of the county than any of his competitors for the Assessorship, having been in the abstract business for the past four years. He is a minister of the Methodist Episcopal Church, South, a man of education, adept at figures and thoroughly at home in all sorts of clerical and tabulated work.

During the late war he proved himself a loyal American, making great sacrifices to help the Government financially and sending three sons overseas, one of whom volunteered one was wounded in the

Champagne objective.

Mr. Printz came to Callahan county in 1898 and lived till 1902 in the Clyde section. For fifteen years he was away from Callahan, but the lure finally drew him back in December, 1917, and he is here this time for keeps.

Candidate Printz will not make an active canvass just at present, but later will make the grand tour of the county and shake hands with all the voters.

With an anonymous letter, addressed to County Attorney L. W. Green, as a guide, he, accompanied by Sheriff George Houston Corn and City Marshal W. L. Ashton visited a house on the old McManis truck farm, about a quarter of a mile east of the water tank, last Friday night, where they captured an artfully concealed copper still, complete in all its essential parts, and 100 gallons of mash. The mash was destroyed and the still brought back to the city. As the officers approached the house a man sprinted away from the place and escaped. No arrests were made.

A BAIRD EARLY RESIDENT DEAD

Old residents of Baird will regret to learn of the death of Mrs. Minnie Wiecks, aged 68, which occurred at her home in El Paso, 3100 Madera Street, Tuesday of last week. The funeral services were held the following afternoon, in the Peak-Hagedon Chapel, the Rev. E. L. Johnson, pastor of the Bethany Presbyterian Church, officiating. Interment was made in Evergreen Cemetery.

Mrs. Wiecks had been ill only one week. She suffered a hemorrhage, which resulted in her death. Surviving are three daughters, two sons: Mrs. Claude Yonge, 2400 Bassett Ave., El Paso, Mrs. Fred Gardner, Clyde, Texas, Mrs. J. H. Weyler, San Bernardino, California, daughters; Otto Wiecks, 3100 Madera Street, El Paso and Ed H. Wiecks, Indianapolis, Indiana, sons and thirteen grandchildren, of whom three were present at the funeral; all the children were also present.

Mrs. Wiecks was the widow of August Wiecks, who came to Baird with the Texas & Pacific Railway, and he built, with his own hands—the being an expert carpenter—the first real house ever erected here. This modest mansion is now a part of the house just north of where M. M. Terry lives.

The Wiecks moved to El Paso seventeen years ago, where Mr. Wiecks was employed by the Santa Fe Railroad Company. He died in that city about five years ago. Several of the Wiecks children, who died while the family lived here, are buried in the Ross Cemetery.

PRESBYTERIAN PASTOR INSTALLED

The Pastor was installed last Sunday evening in a very impressive service. Rev. R. B. Twitty, of Abilene, preached a splendid, forceful, appealing sermon on "Chosen to Serve." He spoke of Paul's preparation for his ministry and applied it to the people of today.

Rev. Fred S. Rogers, of Merkel, read the constitutional questions to the Pastor first and then to the congregation, all of which were answered in the affirmative by both. The pastoral relation was thus affected and became binding, a dissolution being possible only by action of Presbytery.

Rev. J. A. Owens delivered the charge to the congregation in a few fittingly chosen words. Rev. Fred S. Rogers delivered a powerfully impressive and helpful charge to the Pastor, one beautiful in its climax.

The service was one long to be remembered, and the Pastor rejoices as he enters upon his duties as pastor of this splendid congregation of lovable people and hopes and prays for rich returns in our labor of love together.

Services will be held next Sunday as usual, except the evening service. Morning theme: "Heavenly Treasures versus Earthly Treasures." You are cordially invited to attend. Where are your treasures? Come and hear about them.

Cordially,
Gerald Fitzgerald, Pastor.

"Corn Is King"—Headline. It certainly is when it goes through a moonshine still.

PROTRACTED MEETING GOING ON

The protracted meeting at the Methodist Episcopal Church, South, is going right ahead. Evangelist Freeman does not stop for bad weather or any ordinary hindrances.

Notwithstanding the cold, inclement, disagreeable weather we have been having, the attendance at the daily services has been fine.

Mr. McIntosh, the first singer, left Sunday night, and Mr. Alfred R. Wells, of Dallas, has charge of the choir now and he seems to understand his business.

The meeting will go on through next week and maybe longer.

Evangelist Freeman is delivering some splendid sermons and, if you are not attending the meeting, you are missing something worth while.

Every one cordially invited to attend the services at 10 a. m. and at 7 p. m. daily. Come out, it will do you good.

M. W. Armistead, of Putnam, the enterprising and public spirited president of the Callahan County Purebred Livestock Association, is working industriously to organize a Callahan County Fair Association. He is backed by far-sighted business men, stock raisers and farmers in the Putnam section, and his scheme has the hearty endorsement of the Putnam Chamber of Commerce. Baird is the logical location for a county fair, and livewire citizens in all parts of Callahan county—particularly in Baird—should kick in, give Mr. Armistead and his coworkers on the fair proposition their loyal support, inspired by the Baird Progressive Club's ringing slogan: "All For One and One For All!"

Cheap Money on Farms

Callahan County farmers having loans past due or maturing within 60 days can avail themselves of 6 per cent, 33 year loans through the Citizens Farm Loan Association of Clyde, Texas. \$1,000. to \$10,000. amounts. Prefer hard land, 50 per cent in cultivation.

ALLEGED EXTORTION IN LOANS ON FARMS

PLANTERS IN DISTRESS MUST
PAY ABNORMAL RATES
IT IS DECLARED.

Washington.—Farm financing came forward prominently Friday when Secretary Wallace announced he would lay before the National Agricultural Conference charges that certain companies loaning money on farm mortgages were taking advantage of the present crisis to charge "extortionate" interest rates.

Meanwhile the Agricultural Department made public information that United States banks had outstanding approximately \$3,869,891,415 personal and collateral loans to farms and \$1,447,482,926 in farm mortgage loans at the end of 1920.

"In all lines of business," the Secretary declared, "we find predatory individuals who seek opportunities to take advantage of the misfortunes of others. We expect that from men of a certain type but it is a real shock to note that the same sort of thing is now being done by some insurance companies and farm mortgage loan companies of whom we have a right to expect a higher code of ethics."

These charges, he added, did not apply to all these companies, for some, he said, were doing right by and helping farmers in the present situation. Others, however Mr. Wallace asserted, "are taking advantage of the farmers' distress to heartlessly extort a rate of interest and terms of loan which can not be justified."

Charles S. Barrett, president of the National Farmers' Union, issued a statement in which he declared the Government had "ditched" the farmers "because, through the Federal Reserve Board and other agencies, it allowed a ruinous artificial deflation to bring agriculture to its present deplorable straits."

The only way to avert ruin throughout the world, he continued, was to have this year an abundant crop for which two things were necessary, credits and a fair price.

RAILWAY WAGE CUTS CAN BE EXPECTED

Chicago, Ill.—Railroad wage conferences on forty roads affecting all railway shop workers, who constitute one-fourth of the rail men of the country, and other negotiations looking to a general 10 per cent reduction of railroad wages are expected to be completed by Feb. 1.

All are expected to result in disagreements, which will bring the proposed wage reductions to the Railroad Labor Board.

Negotiations over reductions for the train service employes, constituting the five big brotherhoods, are tentatively set for Feb. 15, on a regional basis. The Association of Railway Executives will meet here to act upon the regional plan, following conferences with the brotherhood chiefs and Secretary of Commerce Hoover in Washington last week.

Since the meeting of the executives here last October, plans have been going steadily ahead for an approximate 10 per cent wage reduction for all railroad employes.

AMERICA IS UNDECIDED ON THE GENOA MEETING

This Government Awaits The Clearing of European Political Fog.

Washington.—Rapid changes in the European situation, particularly the sudden collapse of the Briand Government have led the American Government to pause in its intended acceptance of the Genoa conference invitation.

According to usually reliable sources here, the proposed conference was first informally broached to the administration, strongly supported by financial interests who saw it as a practical way of stabilizing Europe, administration leaders gave informal sanction to the plan.

According to program, Premier Lloyd George presented the prearranged proposal at Cannes as the first step. Everything went awry immediately thereafter when the French Government blew up. Raymond Poincare, with a militaristic program opposed by the United States, came into power and the whole situation was thrown into confusion.

GOVERNOR APPEALS TO PEOPLE FOR AID

DECLARES CRIME WAVE IS LASHING
THE SHIP OF STATE ON
THE BREAKERS

ASKS CITIZENS TO STAND BY

Calls on Speakers of This State and
Others to Make Law Enforcement
Addresses

Austin, Texas.—On every side we hear the underground rumblings of revolt against law and order," declared Governor Neff in an appeal addressed "To the People of Texas," for a vigorous campaign in behalf of law and order and to which document he subscribes himself "Yours for law."

The Governor's appeal, in part, is as follows:

"To the People of Texas: The law is the foundation of civilization. It is the cement that holds together the bricks of established government. Obedience to the law is the first and highest obligation of the citizen. Loss of respect for the law marks the beginning of the breakdown of civilization. When people scoff at the law or those attempting to enforce it, they are aiding the cause of anarchy. On every side we hear the underground rumblings of revolt against law and order. The crime wave is lashing the ship of State and tearing it from the moorings. Life and property are unsafe. Every day callers mate, and every mail brings appeals from every section of Texas asking for aid to suppress lawlessness, claiming that local authorities can not or will not enforce the law. We have an unprecedented growth of crime. The law is the great channel through which flows the sovereign power of the people. They are in the last analysis the servants of peace and the conservators of civilization.

"Therefore, as your Governor, I call upon all patriotic law-abiding men and women to unite with me in a definite campaign for the education and development of public sentiment in favor of the maintenance of law."

A clean-up of the Texas prohibition enforcement situation was completed last week with the appointment of four new prohibition agents, as announced by Commissioner Haynes last week. They are W. H. Meyers of Galveston, J. M. Floyd of Madisonville, Fred Wilson of Houston and T. M. Gonzallias of Austin.

The bearing-down pains were actually so severe I could not stand the pressure of my hands on the lower part of my stomach . . . I simply felt as if life was for but a short time. My husband was worried . . . One evening, while reading the Birthday Almanac, he came across a case similar to mine, and went straight for some Cardui for me to try.

"I took it faithfully and the results were immediate," adds Mrs. Gregory. "I continued to get better, all my ills left me, and I went through . . . with no further trouble. My baby was fat and strong, and myself—thank God—am once more hale and hearty, can walk miles, do my work, though 44 years old, feel like a new person. All I owe to Cardui." LEE AND STONEWALL JACKSON

Robert Edward Lee was born January 19, 1807.

Thomas Jonathon (Stonewall) Jackson was born January 21, 1824.

Both these illustrious soldiers were graduates of West Point, and we of the old South believe they are justly entitled to rank with the greatest generals of all time. Even the people of the North, especially those who opposed them on the battlefields in the Civil War, long ago acknowledged the splendid manhood and generalship of these two men.

No matter what one may think of Secession, if not steeped in prejudice, one will admit that the Civil War never produced greater specimens of true American manhood than Robert E. Lee and Thomas J. Jackson. Both were devout Christians and were not ashamed of it, at any time or at any place. Both were just as firmly convinced of the righteousness of the Southern Cause as they were of the Christian religion, and lived up to that belief through to the end.

Because they failed before overwhelming odds, is no proof that they were wrong. Had Washington failed he and his leading officers would have been executed as traitors by the English Government. Why were not President Davis, Lee, Beauregard and others executed, as some fire eaters of the North demanded? We will tell you why. There were two reasons: In the first place the better element of the North realized that the South had some justification for their belief in the right of peaceful secession. Don't you know the doctrine of Secession originated in the New England States during the war of 1812? These States threatened to withdraw from the Union and, perhaps only the sudden cessation of the war prevented at least some of the States from attempting to test the right of Secession.

However, we have no time nor desire to discuss the right of Secession. As a son of a Confederate soldier, who lost his life in the Civil War and only missed enlistment as a soldier in the Confederate Army by some ten days, at the close of the war, we years ago came to the conclusion that perhaps, after all, it was best that Secession did not succeed, mainly, because if carried out to its logical conclusion, Secession would eventually have caused the disintegration of the Southern Confederacy by secession of States, and the effect upon the Northern States would doubtless have proven disastrous also—but we have digressed again.

Will say, personally, that I am as firmly convinced as I was sixty years ago, that the South had a right to

secede from the Union when they believed their rights as Sovereign States were endangered by the Federal Government. Practically all the leading men in the South and many in the North, believed in the right of Secession, but many in the South and most of those that so believed in the North, while acknowledging the right of Secession, contended it was inexpedient.

We will cite only the statements of two: Daniel Webster, justly regarded as the greatest constitutional lawyer the country has produced, acknowledged the right of secession, but contended that it was inexpedient and would prove ruinous if put into practice. The other, Sam Houston, a Southern man, born and reared in the old South and thoroughly imbued with its glorious traditions, we believe, never denied the right of secession, but opposed it for the same reason Webster opposed it.

The second reason why the leaders in the Southern Confederacy were not executed was the farsighted statesmanship and magnanimity of the leading statesmen of the North. Time has proven their wisdom in their treatment of the Southern leaders, because, had they been executed, as some of the hot heads, most of whom never heard a gun fired in battle during the war, reconciliation between the North and South would have been impossible for a century and perhaps for all time, and, as a result of the right course pursued by the best element of the North, most of the scars caused by the Civil War have long since healed, and in two foreign wars since 1865, the soldiers of the South fought shoulder to shoulder with the soldiers of the North.

Oh! there are a few irreconcilables, both North and South, but their number is growing smaller as the years roll by. We have the greatest Government on earth—not without its faults, to be sure. Nothing was ever perfectly organized by man. As a boy, only five years of age, the editor saw the first large United States Flag floating from a tall flagpole, probably fifty feet high. That was at a barbecue, about 1854, in Washington County, Texas.

As that glorious old flag—an army post size flag—floated in the breeze of Southern Texas, long before the Civil War, I thought then and think yet, that it is the most beautiful flag on earth, and we have seen flags since of all leading nations.

I remember asking my grandfather in 1861—I was then in my thirteenth year—why did not the South fight under the old flag? He explained why this could not be, but I never lost my admiration for the glorious old Stars and Stripes. Of course, like all Southern youths, I became almost an idolatrous worshipper of the Stars and Bars, celebrated in song and story, but when the Fates decreed that

"It should be furled forever more, because its people's hopes were dead," as Father Ryan so pathetically portrays in his great poem "The Conquered Banner;

My love for the Old Flag revived and my only son crossed the sea in the late war, to help defend it against a foreign foe. We are one people, both North and South. The Civil War was a great calamity, but who knows but that God in His wisdom permitted this to make our Nation the greatest Nation on earth of all time?

Pope Benedict XV died in Rome Sunday morning at 6 o'clock, Rome time. The Pope was an ardent advocate of peace and did all he possibly could to stop the war, soon after Germany launched its great army against France, but to no avail. The last words reported from the dying Pontiff, when told that the assembled prelates were praying for peace were: "I would willingly offer my life for the peace of the world." The Cardinals will soon assemble at Rome to elect a successor to Pope Benedict.

PATSIE FAVORS EULA'S CANDIDATE

1 22-22.

Well, Uncle Billie, how are you and The Star force these cold days?

My! we have had a sure enough cold spell:

Today is looking good—a nice sprinkle is falling. Come on! We welcome you. You know a good rain won't hurt any one. We have a good county. All we need is a good rain. Plenty of time for oats, and you know a good crop of oats, with plenty of row crops we can get by, and when a fellow gets by this time, he is a flying, don't you think?

I have been living in Callahan county thirty-three years and I've seen wonderful changes—good times and hard times—and we have got by some way and some how. Where there is a will there is a way.

I was glad to see Mrs. Roy Jackson announce for County Treasurer. I don't know her, personally, but I was a good friend of Roy's. I hope to see her elected without opposition.

My! we will have quite a bunch of candidates to pick from. You know they all can't get there.

Mrs. Rosa Miller visited in Clyde Sunday.

D. J. Hurst, of Stamford, was in Eula one day this week, looking over his farms.

W. F. Gardner and wife were called to El Paso last week, because of the death of Mrs. Gardner's mother, Mrs. Minnie Wiecks, who lived in Baird a long time ago, and has lots of friends there.

B. S. Adams, of Abilene, was in Eula Wednesday.

Tuper Daniels, of the Harris Ranch, was in Abilene this week.

I am glad to report that John Gibson is some better. Mr. Gibson has been very low.

W. L. Harris made a business trip to Jones county last week.

Sheriff, was in Oplin one day last week, seeing the voters. Dee is the first candidate from Eula. Now I hope Eula can send one man to Callahan county's capital city. We have helped the other precincts for a long time. Now give us this man for Sheriff. We will furnish a man that we all will be proud of.

Will Longly was a visitor in Baird Saturday.

Here's hoping we will have a good rain.

Patsie.

The Callahan County Association of Baptist Young People's Unions will present an interesting program at the Clyde Baptist Church, Sunday evening at 2:30 o'clock, participated in by members of the Union from all parts of the county. Dudley Foy, who is president of the county organization, invites all friends of the B. Y. P. U., in all parts of the county—particularly Baird—to attend the Clyde meeting.

TO THE VOTERS OF CALLAHAN CO.

I am a candidate for the office of County Treasurer and in asking you for your support will say that I am aware of the fact that some are opposed to women holding office and my only reason for asking for the office is that the death of my husband makes it necessary that I seek some means of making a living for my children and myself. I feel that I am qualified to discharge the duties of the office and should the people of Callahan county favor me with this position, I assure you that I will faithfully attend to the duties of the office.

I do not know that it will be possible for me to make a thorough canvass of the county, but will see every voter possible.

Again assuring you of appreciation of your support and any influence you may have in my behalf, I am

Respectfully yours
Mrs. Roy Jackson.

PERSONALS

Mrs. J. H. Grimes is recovering from a severe attack of appendicitis.

Miss Lillie Maner has been quite ill for several weeks following an operation for appendicitis.

Mrs. R. L. Alexander who has been seriously ill, is reported much improved.

Trains were late yesterday on the T. & P.—aftermath of the blizzard weather—a wreck.

Mr. and Mrs. W. H. Berry took their little boy, who has been ill for sometime, to Abilene, Tuesday for medical treatment.

C. E. Hall and R. F. Mayfield returned Sunday from St. Louis, where they bought their spring and summer stock of merchandise.

Messrs. E. A. Ungren and Lawrence E. Brock, of the Ungren-Simons-Brock Company, oil producers in the Deep Creek Shallow Field and oil supplies dealers in Putnam, were pleasant visitors to The Star office yesterday afternoon.

We call attention to the announcement of W. L. Ashton, as a candidate for reelection to the office of City Marshal. Bill Ashton has been City Marshal for several years, and his friends cite, as proof that his services as Marshal have been satisfactory to a majority of the voters in the past, that he has been continuously reelected and some times in hotly contested elections. You all know him.

Baker O. Nitschki, stepped out of his door onto the icy sidewalk Tuesday morning, his feet slipped, and he fell with a thud on his back, striking his head such a violent blow that for a few minutes he lost consciousness. Happily the insensibility was of short duration, and he was able to resume his labors to which—as everyone knows he sticks with a constancy that could be emulated by the whole body politic.

Notices have been sent out by Cashier W. S. Hinds, of the Baird First National Bank that that institution has taken over the First State Bank of Oplin, and that depositors will be paid by the former bank, if they so desire, although it is believed that the most of them will transfer their accounts to the First National Bank. The Oplin bank was founded about two years ago, Tom Windham being its president and Ben Allen its cashier. It had a capital of \$10,000 and its last report showed that it had deposits of \$32,445.30 subject to check.

"The Fruit of His Folly" is the title of a five act comedy drama, to be presented here February 10th or 17th, by local thespians, for the benefit of the ladies of the Ross Cemetery Association, to enable them to keep that City of the Silent Ones in the trim, beautiful condition that the faithful labors of Caretaker Frank Wheat have made possible. There will be ten characters in the play and it is full of laughs from start to finish. There will be plenty of action, for the play is full of kick and punch. There will be incidental brass and string music, and red hot specialties between acts.

B. C. Chrisman, Callahan County's efficient Superintendent of Public Schools, announces elsewhere for reelection. Mr. Chrisman has made a most creditable guardian and promoter of Callahan's educational interests as County Superintendent, and the schools are in fine condition. This year the rural schools have received more State aid than ever before in their history and the terms have been lengthened, a great boon to country boys and girls, eager and anxious to get an education. Mr. Chrisman rests his case upon his administration so far, and asks, in the interests of the schools and the school children, that he be given two more years to carry out his program for their benefit.

ONE OF LIFE'S TRAGEDIES

Their meeting it was sudden,
Their meeting it was sad;
She gave her sweet young life,
The most precious thing she had.

The Secretary of the Baird Progressive Club has received in the past two weeks nearly a score of letters from all parts of the country, seeking information about Baird and Callahan County. He has answered them all, furnishing the data asked for.

Dr. R. L. Griggs, while out in the Admiral section Monday night, found his auto slipping backward as he essayed one of the steep hills, and it finally came to a stop with its wheels perilously close to the edge of a bank that fell sharply to a deep ravine. In making an examination of the situation along the side of his car, the doctor's feet slipped also and he shot into the ravine on his back, skidding under a barbed wire fence at the bottom without damage. Scrambling to his feet he brushed off his clothing, climbed the bank, started his car and this time was able to make the top of the hill without a slip.

Wires short circuiting on the high line Tuesday evening put the Baird electric light system out of commission. Manager Earl Morley at once got busy with a force of hands, put the local electric light plant in commission, and that night and Wednesday, Wednesday night and part of Thursday we had sporadic illumination, but last night the bright lights were on for keeps. The short circuiting burned out one of the American Public Service Company's big transformers at the Abilene plant, entailing a loss of \$2500. The high line is now in full commission.

Sam F. Black was born under a lucky star. Last Monday morning early, on his way to Cisco, driving a truck to get some materials for the Kirby Well, he had a close shave with death. When about four miles from Cisco, the truck, which was running at a speed of twenty-five miles an hour, suddenly turned turtle over a ten-foot embankment, pinning Sam against a barbed wire fence. Neither he nor the truck were injured, and when eight men had tugged and strained and put the truck back on its feet, Sam mounted the driver's seat and sped blithely on his way.

WILSON DISMISSES 19 LIQUOR CASES

SEARCH WARRANTS MUST BE
BASED ON DEFINITE INFOR-
MATION—NO HEARSAY.

Dallas.—United States District Judge James C. Wilson ruled in court at Dallas Thursday that no private home can be searched for liquor on hearsay testimony, and that this can be done only under search warrants based upon substantial evidence.

The Judge said that it is a matter of the Constitution and Congress that a man has a right to feel sure of the sanctity of his home and of the privacy of his home and of the security in his home against unlawful searches and seizures of all kinds.

According to Judge Wilson's ruling, search warrants in this district must be sworn out on definite evidence. Information must be backed by a sworn statement from the informer, or first-hand information upon the part of the Federal officer swearing out the search warrant.

As a result nineteen indictments returned last week by the Federal grand jury were dismissed, although four of these were old cases in which no search warrant had been issued, according to District Attorney Zweifel.

Judge Wilson stated that a man can not be arrested for the possession of a still unless it is proven that he actually intends to use the still for illicit purposes.

"The law requires that the facts be presented, and that they appear before the Commissioner personally making the complaint, and that they either in an affidavit or in a deposition, and all in writing, state the facts until they have stated sufficient facts for the Commissioner—not the officer seeking it—but for the Commissioner to then judicially reach the conclusion that the fact upon which the warrant is to issue has been established, or that probable cause for the issuance of it under some phase of the statute has been shown to his satisfaction.

"And then and not until then, and until all of those things are recorded, together with the names of the parties reporting these facts, is the Commissioner authorized to issue that search warrant."

Federal District Attorney Zweifel stated in open court that he agrees with Judge Wilson in his ruling.

Mr. Zweifel said Thursday night: "This does not mean that the lines will be loosened one bit in the matter of liquor arrests or prosecutions.

"It is merely a technical point of law that was construed. It gives the District Attorney a surer case to work upon, and means that a lot of irrelevant, hearsay cases will not clutter up the courts in the future.

"We are still warring on the bootleggers, and Judge Wilson's decision has only made our lines the tighter, for it has made the Federal prohibition agents get out of their offices and actually get first-hand evidence before they make their arrests. There is no more hearsay about this matter."

BERLIN MUST PAY ITS DEBT TO FRANCE IN FULL

Paris.—Raymond Poincare, President of the Republic during the war and now Premier of France, with the French Chamber practically unanimous behind him has served notice on Germany that so long as he held office in conducting the destinies of his country Germany must fulfill the obligations she entered upon at Versailles, and may expect no leniency.

"The Versailles treaty binds us to our allies," he said, "but it binds Germany to us all. It must be carried out."

Never since the Germans threatened Chateau-Thierry, when Clemenceau appeared before the Chamber of Deputies to tell France that the war was not yet lost, and there was still hope of victory, has a French Premier received such an ovation as greeted M. Poincare when he presented before the Deputies the ministerial declaration.

He pleaded for national union, and, except for the Socialists and Communists, the French Parliament was as solid behind its Government today as when the Germans crossed the frontier in 1914.

HOUGHTON IS SLATED FOR BERLIN POST

Washington.—The German Government has notified the American Government that Alanson B. Houghton, now member of the House from New York, will be acceptable as Ambassador and the name of Mr. Houghton will be sent to the Senate this week.

This information was given out at the White House. The name of Representative Houghton, who is a manu- facturer at Corning, N. Y., has been associated with the appointment to the Berlin post, now occupied by a chargé d'affaires.

The prospective new Ambassador is 60 years old and before the war was a frequent visitor to Germany, having been graduated from the Universities of Berlin and Göttingen.

FOUR MEN ARE KILLED AT GRADE CROSSING

Hannibal, Mo.—Four men in an automobile were killed Tuesday morning by a Burlington passenger train near Palmyra, twelve miles west of Hannibal.

The men were all farmers en route to Palmyra in a touring car. At noon only one had been identified, Steven Gupton, a prominent farmer living several miles from Palmyra.

According to the engine crew, the car appeared to be stopping as the train approached the crossing, and suddenly started again as though in an effort to cross ahead of the train. The automobile was dragged about 200 yards.

Baby Burned To Death.

Tyler, Texas.—The infant son of Mr. and Mrs. J. L. Kelly was burned to death Tuesday morning when the house in which the Kellys were living was destroyed by fire. Mrs. Kelly left the child asleep and had gone across the street to visit a neighbor. She had only been absent few minutes when her attention was called to the fire too late to rescue the child, who was only 14 months old.

Abolishes Time and a Half Overtime
Ruling Until After Nine Hours'
Work

Chicago, Ill.—What the railroads declare will amount to an annual saving of \$50,000,000 in normal traffic is lopped off the pay of 300,000 railroad clerks, freight handlers, express and station employes in a decision made public by the United States Railroad Board Sunday, in abrogating certain overtime working agreements and making important changes in others. The most important changes in the rules are abolition of time-and-a-half overtime until nine hours have been worked and the re-establishment of a pre-war time rule allowing railroads to employ men on "split trick" in small towns where work is intermittent.

The "split trick" rule will not only save railroads millions of dollars annually, it is stated; but it will also mean the reopening of many small railroad stations which have been closed because of excessive cost of maintaining them under the national war-time agreements. In other words, the decision puts the "milk station" back on the railroad schedule.

The board reached its decision only after lengthy deliberations and the document is featured by the most pronounced split in opinion of any decision yet given out. There is a dissenting opinion signed by Samuel Higgins, J. H. Elliott and Horace Baker, railroad members of the board, because the majority did not decide upon ten hours before over-time began instead of nine, and an answer to this dissenting opinion, in which the majority is charged with being

"obviously in error," is signed by Ben W. Hooper and G. W. W. Hangar, public members, and W. L. McMenimen, labor members. A. O. Wharton, labor member, while voting with the majority, did not sign with them, and filed a separate statement because he insisted on overtime after eight hours. Chairman Barton did not sign either statement and H. W. Phillips, labor member, did not take part in the deliberations because of illness.

POPE BENEDICT XV. DIES EARLY SUNDAY MORNING

Rome.—Arrayed in full canonicals, with golden miter, gloves and ring, the body of Benedict XV. lies in state in the throne room, on the floor immediately below the apartment in which he died.

For many hours Sunday to the room where the Pontiff had made his fight for life came a continuous stream of officials, representatives of foreign Nations, high prelates and others.

The sacred congregation convened when the cardinals were informed of the Pope's death. With the exception of Cardinal Gasparri, the papal Secretary of State, they gathered in Benedict's private apartments.

The official and semi-official Vatican organs give 6 o'clock as the time of the Pope's death, and the Rome newspapers do likewise.

One by one the bells in Rome's 400 churches joined in the halcyon symphony that marked the passing of the head of the Roman Catholic Church.

For the first time in the history of relations between the Italian Government and the Vatican, King Victor Emmanuel instructed that the flags be half-masted on all Government offices in observance of the death of the pontiff.

JAMES BRYCE, BRITISH PEER, DIES SUNDAY

London.—Viscount James Bryce, died at Sidmouth Sunday. The end

came peacefully, and somewhat suddenly. Viscount Bryce had been staying in Sidmouth for the last three weeks and was extremely energetic to the last.

As a man of letters and a publicist, Viscount Bryce was a world figure. Outside of his own country he was best known in the United States, where since the early '80s his interests had so largely centered that he was sometimes styled an "English Yankee."

One remarkable thing repeatedly said of him was that he knew America better than most Americans. His work entitled "The History of the American Commonwealth" has been a standard textbook in the schools of the United States for the last generation—providing the spectacle of a foreigner instructing Americans in the working structure of their own life and laws as De Toqueville had done to some extent years before in his "Democracy in America."

D. 1922, in a suit, numbered on the docket of said Court No. 2228, wherein The National Supply Company of Texas is Plaintiff and Burt Bros. & Seale, a firm, composed of F. S. Burt, H. Burt and C. C. Seale are Defendants, and said petition alleging:

The State of Texas,
County of Callahan.

In the District Court of Callahan County, Texas, February Term, A. D. 1922.

To the Honorable W. R. Ely, Judge of said Court, presiding:

Comes now the National Supply Company of Texas, a private corporation duly incorporated under the laws of the State of Texas and having its principal office at Fort Worth, in Tarrant County, Texas, hereinafter called Plaintiff, complaining of Burt Bros. & Seale, a firm, composed of F. 1. That the Plaintiff is a private corporation, duly incorporated under the laws of the State of Texas, with its principal office and domicile at Fort Worth, in Tarrant County, Texas. That the residences of F. S. Burt, H. Burt and C. C. Seale, Defendants, are unknown to the Plaintiff or his Attorneys.

2. That heretofore, to-wit on the 2nd day of August, 1920, the defendants made, executed and delivered to the plaintiff their certain promissory note for the sum of Four Thousand Seven Hundred and Thirty-six and 11/100 Dollars, bearing date on the day and year aforesaid payable to the order of the plaintiff, and due two months after date thereof, bearing interest at the rate of eight per cent per annum from date until paid, and ten per cent after maturity until paid, and providing for ten per cent additional on the amount then due as attorney's fees, if placed in the hands of an attorney for collection or suit is brought on same, whereby defendants became liable and promised to pay to plaintiff the sum of money in said note specified, together with all interest and attorney's fees due thereon, according to the tenor and effect thereof. That said account is past due and unpaid, and defendants, though often requested, have hitherto failed and refused, and still refuse to pay the same, or any part thereof, to plaintiff's damage in the sum of Two Hundred Dollars.

GIRLS OF WHOM TO BEWARE

Japanese "Widowed Physician" Hands Out Some Words of Caution to Susceptible Male Sex.

In "What to Tell Our Grown-Up Sons About Women," a pamphleteer who calls himself "The Widowed Physician," has made a list of the things he dislikes in girls. He admits that he deals with "objectionable characteristics," but disarms the criticism that he fails to indicate positive virtues by saying that "the nice youth needs no qualities of the opposite sex." "The Widowed Physician" sums up his ideas in a few brief warnings, as follows, the Japan Advertiser states:

Beware of the girls who manœuvre their nails to the shape of a claw. I do not know why, but beware of them.

Beware of girls who prefer to dress in purple or scarlet colors.

Beware of girls who are heavily scented.

Beware of the girl who is too obviously modest and demure. She doth protest too much.

Beware of the girl with low, sloping forehead and dry, straight, coarse, jute-like hair. Any experienced magistrate will tell you that this type of woman frequently summons her husband for assault and battery.

Beware of the intensely religious girl. She does not mean to be dangerous, but the fact that she is so devotional indicates that she possesses an unbalanced temperament.

Beware of the girl who sidles up to you, or lays hands on you; or comes so close to you as to lead you readily to lay hands on her.

Specially beware of "married women" of reputed responsibility, whom you have formerly had every reason to believe in and respect, when these same women, by acts obvious or guarded, show you that they would not object to your being more intimate with them than you know in your own con-

science you ought to be.

Beware of the mothers who are anxious as to the future of their daughters.

Beware of the girl who drinks wines freely; she will make a poor wife and a worse mother.

Beware of the girl who dresses in a slovenly, artistic manner.

The "Widowed Physician" recommends two types—the tomboy and the "pert, modern, self-sufficient learned young woman." He adds: "She would sharpen your wits every time."

Turn and Turn About.

Prof. Nicholas Roeflich, the Russian painter who refused the post of minister of fine arts in the Lenin government and who is now in the United States, tells an amusing story of the initiation of the soviet system in the imperial opera. The entire staff of the opera house in Moscow, directors, scene painters, singers, were instructed that thereafter all were to be treated on an equal basis, no one being considered better than another, and all to receive the same wage. It may be imagined that the temperamental stars did not receive this without emotion. On the night of the next performance the tenor in the leading role could not be found and a frantic search was made while the audience waited. Finally he was discovered by an amazed manager selling programs in the lobby.

"What madness, is this?" shouted the manager. "Don't you know we are holding the curtain for you?"

"Ah," answered the singer with ironic sweetness, "you see we are all equal now. Tonight I sell the programs. Let one of the ushers sing my role."

NOTICE OF ELECTION.

"AN ORDINANCE.

ordering that an election be held in the City of Baird, Texas, on Tuesday, the 28th day of February, 1922, for purpose of determining whether the City Council of the City of Baird will be authorized to issue the bonds of said city in the amount of Sixty Thousand (\$60,000.00) Dollars, to bear interest at the rate of Six per cent [6 per cent] per annum, payable March 1st, 1923, and semi-annually thereafter, and to mature serially \$1,000.00 on March 1st of each of the years 1923 to 1927, inclusive, \$2,000.00 on March 1st of each of the years 1928 to 1947, inclusive, and \$3,000.00 on March 1st of each of the years 1948 to 1952, inclusive, for the purpose of constructing Water Works Extensions to the present Water Works System in and for said City, and whether said City Council shall be authorized to levy a tax on each One Hundred Dollars' valuation of taxable property in said City sufficient to pay the interest on said bonds and to provide a Sinking Fund for their redemption at maturity; and declaring an emergency."

Whereas, because of the development of the City of Baird and the necessity of the construction of water works extensions in said City for the convenience of its citizens, and for the protection of health and property, and because of a lack of funds in the Treasury of said City to construct said improvements, the City Council of said City deems it advisable to order an election to determine whether the qualified property taxpaying voters of the City of Baird will authorize said City Council to issue the bonds of said City for said purpose.

Therefore, be it Ordained by the City Council of the City of Baird, Texas:

That an election be held within the limits of said City on Tuesday the 28th day of February, 1922, at which election there shall be submitted to the qualified voters the following proposition:

"Shall the City Council of the City of Baird be authorized to issue the bonds of said City in the amount of Sixty Thousand (\$60,000.00) Dollars, maturing serially \$1,000.00 on March 1st, of each of the years 1923 to 1927, inclusive,

\$2,000.00 on March 1st of each of the years 1928 to 1947, inclusive, and \$3,000.00 on March 1st of each of the years 1948 to 1952, inclusive bearing interest at the rate of Six per cent [6 per cent] per annum, payable on March 1st, 1923, and semi-annually thereafter, for the purpose of constructing water works extensions to the present water works system in and for said City, and to levy a tax on each one hundred dollars' valuation of taxable property in said City sufficient to pay the interest on said bonds and to create a sinking fund to redeem them at maturity."

Said election shall be held at City Hall in said City, and the following named persons are hereby appointed managers of said election, to-wit:

R. G. Powell, Presiding Judge.
W. A. Hinds, Judge.
B. M. Brundage, Clerk.
Earl Morley, Clerk.

Said election shall be held under and in accordance with the general election laws of the State of Texas governing City elections, and only qualified voters who are property taxpayers shall be allowed to vote, and all voters voting at said election shall have written or printed on their ballots the following words:

"FOR THE ISSUANCE OF BONDS in the amount of Sixty thousand [\$60,000.00] Dollars, maturing serially \$1,000.00 on March 1st, of each of the years 1923 to 1927, inclusive, \$2,000.00 on March 1st of each of the years 1928 to 1947, inclusive, and \$3,000.00 on March 1st, of each of the years 1948 to 1952, inclusive, to bear interest at the rate of Six per cent [6 per cent] per annum, payable March 1st, 1923 and semi-annually thereafter, for the purpose of constructing water works extensions to the present water works system in and for said City, and for the levy of a tax on each one hundred dollars' valuation of taxable property in said City to pay the interest on said bonds and to create a sinking fund to redeem them at maturity."

"AGAINST THE ISSUANCE OF BONDS in the amount of Sixty Thousand [\$60,000.00] Dollars, maturing serially, \$1,000.00 on March 1st of each of the years 1923 to 1927, inclusive, \$2,000.00 on March 1st of each of the years 1928 to 1947, inclusive, \$3,000.00 on March 1st of each of the years 1948 to 1952, inclusive, to bear interest at the rate of Six per cent [6 per cent] per annum, payable March 1st, 1923 and semi-annually thereafter, for the purpose of constructing water works extensions to the present water works system in and for said City, and against the levy of a tax on each one hundred dollars' valuation of taxable property in said City to pay the interest on said bonds and to create a sinking fund to redeem them at maturity."

so that all voters desiring to support the proposition to issue the bonds of said City for said purpose shall strike out the words "Against the issuance of bonds", etc., and those opposed to the issuance of bonds for said purpose shall strike out the words "For the issuance of bonds", etc.

A copy of this ordinance signed by the Mayor of said City and attested by the City Secretary, shall serve as a proper notice of said election, and the Mayor is directed to cause notice of said election to be published in the Baird Star, a newspaper of general circulation in Callahan County, Texas, for four consecutive weeks next preceding the date of said election, the first publication of which shall be more than thirty days preceding the date of said election, and in addition thereto, shall cause notices of said election to be posted at three public places in said City at least thirty days prior to the date of said election.

The development of the City of Baird and the necessity for the construction of water works extensions for the convenience of the citizens in said City and the preservation of the health and property in said City, creates an emergency requiring that the rule that ordinances be passed at more than one meeting of the City Council be suspended and said rule is suspended, and this ordinance shall take effect and be in force from and after its passage, and it is so ordained.

PASSED, this 20th day of January, A. D. 1922.

APPROVED, this 20th day of January, A. D., 1922.

R. Q. EVANS,
Mayor, City of Baird, Texas.
Attest:
C. E. WALKER,
City Secretary, City of Baird, Texas.

On account of the protracted meeting now in progress at the Methodist Church, the monthly (open) meeting of the Baird Progressive Club, which was to have been held at School Auditorium, has been postponed until further notice.
