And now the Homecoming Queen for 1986 is Dala Shapley.

Roses for our royalty and the queen's crown are provided and presented by the Gruver High School Varsity Cheerleaders.....Tracy Logsdon, Jodi Martin, and Quiney Tomlinson.

Lady Greyhounds Basketball and Track teams, qualifying for the Regional Track Meet as a member of the mile relay team her sophomore and junior years. She was a member of the G H S Choir her freshman year, and was a member of the cast in the musical "Snoopy", playing the role of Peppermint Patty. Dala Shapley

Queen Candidate Dala Shapley
Chauffered by Jerry Martin

Our third queen candidate, Dala Shapley, is riding on an M G Roadster donated by Don and Peggy Dillow, and chauffered by Senior Jerry Martin. Dala, the 17 year old daughter of Marian Shapley, and the late Rex Shapley, is a vivacious five feet seven inches tall beauty, with sparkling brown eyes and brown hair. She is a member of the United Methodist Church.

Dala, a lifetime resident of Gruver, has attended Gruver schools for twelve years. She has been a vital member of her class by serving as class president her sophomore year and vice-president her freshman and junior years. She has been active in Harmony Club for four years and has been elected to serve as secretary for this year. As a freshman Dala was a

member of the choir and acted as Woodstock in the musical presentation "Snoopy". In her sophomore and junior years she was chosen as Class Favorite, and she is presently serving as the Parliamentarian of the Future Homemakers of America. Dala served G H S as a very capable cheerleader for three years. A four year member of the Lady Hounds, Dala, in her junior year was bestowed all-district honors with the team winning the District Championship. Standing a petite five foot, three inches, Cami is the 17 year old daughter of Tony and LaNetta Shapley. She has blonde hair and captivating hazel eyes. Cami and her family attend the United Methodist Church where she is a member of the choir, and serves as president of the United Methodist Youth.

Cami has been a member of Harmony Club for four years, serving as treasurer two years and is now vice-president of that organization. Calico Country

Homemakers met

On September 22, 1986, the Calico Country Extension Homemakers met at the Methodist Fellowship Hall for a Fajita demonstration and dinner. The demonstration was given by Kristy Johnson who gave a brief history of the Fajitas and it was surprising to us that this food has been around for quite awhile, but has recently become popular in other areas of the United States. Even more surprising is the fact that Japan is one of the largest buyers of the type of meat used in Fajitas. Because "beef skirts" are classified as variety cuts, they do not fall under beef quotas set by Japan on American beef. Japan now buys 90% of Americas' beef skirts. Anyhow, "Long live Fajitas." Maybe the price of beef will get better.

Roll call was answered with each member telling about "a Favorite Recipe" and giving a copy to others present. After reading of the minutes from last meeting a treasurer's report was given.

Other business of this meeting included discussion and plans for re-grouping and forming a new club. The new club will not be an official part of the Hansford County Council or TEHA so if you are interested in being a part of the new group, please be present at the next meeting on October 13th at the Church of Christ Fellowship Hall with Beth Swink as hostess.

We need as many as possible to attend when we will make new program plans, by-laws, elect officers etc. Hopefully we will be able to build our membership and have programs that will be of interest to everybody. But we need everyones ideas.

Those attending this meeting were: Reba Miser, Nelle Evans, Debbie Deeds, Gyene Spivey, Thelma Sneed, D'Ann Thompson, Beth Swink, Mary Tim Shook, Sandi Foster, Kristy Johnson, Nancy Morris and Joy Henderson.

YOUR BOY CAN BE A TIGER CUB!

Tiger Cubs, BSA, is the exciting, family-oriented program of the Boy Scouts of America for the 6-year-old boy and an adult family member. Boys who are in the first grade may also join if they are at least 6 years old.

You and your boy can become partners in the Tiger Cubs, BSA, and have fun together as you search out new activities, discover new things, and share them with each other. You both will become part of a Tiger Cub group with other Tiger Cubs and their adult partners. You'll have an opportunity to explore one of the 17 Tiger Cub "Big Ideas" each month, both with your group and your own family.

One goal of Tiger Cubs is for you and your boy to have fun together. Another is to strengthen bonds within the family. Ideals such as personal fitness, reverence for God, love of country, and caring for others are also part of the program.

The two of you are invited to a special meeting to learn more about Tiger Cubs. You'll find out how the Tiger Cub program works and the exciting things that Tiger Cubs do. You'll also have a chance to join a group and receive all of the materials you'll need for your Tiger Cub year.

The time, date, and place for the meeting are on the bottom of this flier. We look forward to seeing you there!

Q Who can be a Tiger Cub?

Any boy in the 1st grade may join a Tiger Cub Group with his parent or guardian.

Q Who can be an adult partner?

A. Any adult 18 years of age or older can work with the boy in Tiger Cubs. This can be mom, dad, an aunt, uncle, or grandparent, an older brother or sister, or even a neighbor.

Q Does every Tiger Cub have an adult partner?

A. Yes. An important part of the Tiger Cub, BSA, is strengthening the bond between the boy and an adult who cares about him.

Q What does the adult partner do?

A. Adult partners participate with the Tiger Cub in all group activities. Each adult will host one or two of these activities during the year. This activity may not necessarily be held in the home; it may be at a park, fire station, airport, ball game, etc.

Q Are Tiger Cubs a part of Cub Scouting?

A. Tiger Cub groups are affiliated with Cub Scout packs, but meet separately. Your Tiger Cub group will be invited to participate in one or two special activities of the pack. At the end of the Tiger Cub program year, your family will be eligible to graduate into Cub Scouting.

Q How often do Tiger Cub groups meet?

A. Most groups meet once a month but the group decides its own schedule. Between meetings, Tiger Cubs and their adult partners are involved in family activities related to the "Big Idea."

Q How much does it cost to join?

A. The Tiger Cub registration fee is \$7.00 which includes the cost of the Tiger Cub Family Activity Packet you will receive. The packet contains all of the materials you and your boy will need for the Tiger Cub year, including the Family Activity Book with its 17 "Big Ideas."

Q I can't attend the meeting but would like to be a partner with my son in Tiger Cubs. What should I do?

A. You should contact the local Boy Scouts of America service center to find out where you can go to become involved in a Tiger Cub group.

SWBT supports program that addresses school dropout problem

Texas' most precious resource is not oil or gas, but rather the young men and women of the state. Unfortunately, a large proportion of these youths will never reach their fullest potential because of their decision to drop out of school. They end up cheating themselves, and society, out of the contributions that only they and their unique talents can make.

Recently published statistics reinforce the severity of this problem: The dropout rate in Texas hovers around 30 percent. Last spring alone, one out of every three potential high school seniors in the state — about 80,000 — failed to graduate.

This problem affects all of us, since young people with little education often turn to crime when they are unable to find a job. In 1985, more than 100,000 people under the age of 17 were arrested in Texas. And, this is not a new phenomenon — 85 percent of the 30,000 inmates in Texas prisons are high school dropouts.

Although these numbers paint a grim picture, a group of concerned citizens have approached this age-old problem with a new and promising solution — it's called Communities in Schools (CIS). We, at Southwestern Bell Telephone, feel that CIS will pay future dividends to the people of Texas because it addresses the individual needs of our state's troubled youths.

A highly focused program, CIS coordinates efforts of many social service organizations into a centralized, efficient, yet humanized, unit. It works closely with public education personnel to encourage students — who run a risk of dropping out — to complete their education.

CIS treats students as individuals

CIS counselors work one-on-one with these students to solve problems that often cause them to drop out. It takes a "whole child" approach, recognizing that many factors — including family, financial and psychological concerns — affect a youngster's decision to leave school.

Southwestern Bell Telephone has been an enthusiastic supporter of CIS since it began as a pilot program in 1979. Through the past seven years, we have provided direction, money, equipment and manpower to give floundering students in Texas another chance at a good education.

SWBT believes in the program because it works: Since its inception, CIS has helped more than 5,000 students. Even more impressive, over the last two years, 87 percent of the youngsters in the CIS summer program are still in public school, or have gone on to college, additional training or unsubsidized jobs.

We are happy to report that under the leadership of SWBT's Texas Division President Jim Adams, the program is spreading into additional school districts across the state.

Although CIS is not available in all Texas communities, SWBT is committed to building a better state, through its participation in organizations like CIS. We feel it's our obligation — and privilege — to enhance the quality of life for all Texans, through state-of-the-art telephone service, as well as worthwhile community programs.

Be sure to check your local television schedule for the airing of "Hispanic Dropouts: America's Time Bomb," a documentary that explores why so many Hispanics are leaving school and what can be done to prevent it. Written and produced by Southwestern Bell Telephone, it features Miami Vice's Edward James Olmos.

1987 National Spelling Bee

Students in all public and parochial schools are invited to participate in the 1987 National Spelling Bee, co-sponsored by the Amarillo Globe-News and West Texas State University.

The Scripps Howard Newspaper, national sponsors, set the rules and limit participation to a student who will not be older than 16 by the end of the current school year or in a grade higher than the eighth.

Directors in the 46 counties assigned the AGN and WTSU have been named and are responsible for eliminations in their respective counties.

Serving as director for Hansford County will be Roy Harris, superintendent, Pringle-Morse Consolidated Independent School District, Morse.

Each county champion must be named by Mar. 14 in order to take

part in the 1987 Regional Bee to be held on the WTSU campus on Apr. 11. Vying for the 1987 Regional title will be 46 young people from parts of the Texas Panhandle, Oklahoma, New Mexico and Kansas.

The 1987 district champion will go to Washington, D.C. in early June to compete in the National Spelling Bee. The trip, for two, will be provided by the Amarillo Globe-News.

There will be other awards for some of the top district finalists.

Bee coordinator is Gene Parker, director of placement, WTSU.

"Those of us at West Texas State who assist in this out-standing program praise the Amarillo Globe-News for making this program available to our young people. The benefits certainly are a plus and we commend the newspaper for their great support in education," Parker said.

Most schools use the booklet, "Words of the Champions", containing more than 3,000 total words (an increase of 500 new words). The 1987 issue of this book is priced at only 50-cents each and is available from Jeane Bartlett, Spelling Bee Editor, Amarillo Globe-News, Box 2091, Amarillo, Texas 79166.

Orders may be placed by individuals or schools.

Additional information about the Bee is available from the county director, Parker, or Mrs. Bartlett.

Most county directors hold a Junior Bee for the younger students in grades six and under. These Junior champs will also be guests at the regional competition, but will not spell unless he or she is named county winner.

Special recognition will be given the County Junior Champions.

LUNG ASSOCIATION

The American Lung Association of Texas is reminding people 65 years of age and older that it is time to get their 1986 immunizations against pneumonia and flu.

Safe vaccines exist, but are under utilized, particularly against pneumonia.

In the United States today, pneumonia is still the sixth leading cause of death. There are as many as half a million cases occurring annually with approximately 54,000 deaths a year.

Older persons and people with chronic diseases are less likely to fight off pneumonia and its complications. Studies show that the death rate due to bacterial pneumonia for people 64-74 years of age is two-and-a-half times higher than the population as a whole. For those 75-84 years old, the rate is ten times greater.

The centers for disease control recommend vaccination against pneumonia for adults 65 years and older; for adults with chronic illnesses like lung and heart diseases, Hodgkins

After a return to order, a motion was made by Alton Ellsworth, seconded by Dwight Hutchison, to award the contract to the lower bidder, Reid & Gary Strickland Co. It was discussed among the board members that taking the lesser number of construction days into consideration would actually result in the bid of Strickland being in the lesser amount than the bid of Reynosa Co. The awarding of the bid to Reid & Gary Strickland Co. was approved by a vote of 6-0.

The monthly bills were presented to the Board for their consideration. Motion was made by Jerry Hunt and seconded by Alton Ellsworth, to approve payment of these bills. Approved by all present.

Mr. Robertson requested an extension of the line of credit in the amount of \$75,000 to complete the physical year. Alton Ellsworth made a motion that the Administrator be authorized to negotiate an additional line of credit in the amount \$75,000 to finish the physical year. Jerry Hunt seconded the motion. Approved by all present.

Mr. Robertson advised the Board that George Odom had made a bid of \$4,000 for the 3 lots next to the Gruver Clinic. After considerable discussion, the motion was made by Alton Ellsworth, seconded by Dwight Hutchison, to table the sale at this time. Motion was approved by a vote of 4-0.

Mr. Robertson advised the Board that the termination notice on West Texas Auxillary Service would be final September 14. The physicians had requested that the Board reconsider terminating this service. Therefore, Dwight Hutchison made a motion to withdraw the termination notice, seconded by Alton Ellsworth, and approved by a vote of 4-0.

The Board heard from Ed Geurin and W.R. Spencer, of Geurin Construction & Spencer Paint Co., on the remodeling of the clinic at 720 S. Roland for Dr. Taylor. They said it would take 4 weeks to do the remodeling. The Board along with Mr. Geurin and Mr. Spencer went to the clinic to review all that was necessary to get the clinic ready for occupancy. After considerable discussion, the Board authorized Mr. Robertson to proceed on the remodeling of the clinic, on a motion made by Jerry Hunt, seconded by Alton Ellsworth, and approved by all present.

There being no further business, motion was made by Jerry Hunt, seconded by Alton Ellsworth, to adjourn the meeting. Approved by all present.

A Fall Calendar of Food Safety Tips

September - Go Back to School with lunches safely packed
 When school starts this month, send your child to school with a satisfying, nutritious and safe lunch:
 *Fix lunch the night before. Freeze sandwiches on coarse-textured breads that won't get soggy on thawing.
 *Include a cold or frozen item or commercial gel with the packet lunch. A thermos will keep beverages cold, or pack drinks packaged in wax-paper cartons that need no refrigeration.
 *Wash out lunch boxes or totes every night. Never use a bag that is wet or stained for packing a lunch; it could contain bacteria that might contaminate food.
October - Fight Food Poisoning at Tailgate Parties or Covered Dish Suppers

*Always thaw frozen poultry in the refrigerator. Change water frequently.
 *Turkeys should be stuffed just prior to cooking.
 *Cook turkeys to 180 degrees F. internal temperature; stuffing should reach 160 degrees F. always completely roast a turkey at one time at an oven temperature of at least 325 degrees. F.

*Refrigerate leftovers in small, shallow containers, and store stuffing and gravy separately from the meat.
December - Let Food Safety be the Centerpiece of your Holiday Buffet
 Buffet entertaining is great for the holidays when friends and relatives drop by. But be sure to follow these food safety tips:
 *Never allow perishable foods to stay out longer than 2 hours.
 *Keep buffet servings small and replenish the empty serving dishes as needed with food that is hot or cold.
 *Heated serving dishes should keep cooked food at least 140 degrees F.
 Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of Socio-Economic level, race, color, sex, religion, handicap, or national origin.

Cooler weather doesn't guarantee food safety.
 *Use a thermos to transport a hot supper. Check the seal to be sure it fits tightly. Rinse the thermos with boiling water right before use. Heat foods to boiling before filling the thermos.
 *A thoroughly cooked casserole will usually stay safe (and warm) in cool weather if well insulated. Try several layers of aluminum wrap, followed by newspapers, and a towel. Discard any leftovers.

Economics Briefs

HOUSEHOLD INVENTORY HELPS WITH INSURANCE CLAIMS- Having an inventory of household items can save the stressful and frustrating job of having to piece together what was stolen or destroyed in a natural disaster. "People tend to remember conspicuous items, such as a chair, television or videotape recorder," says family economic specialist Dr. Marjorie Marman. "But most homes also have dozens of small items whose value adds up to a considerable loss." After a fire or theft, it may also be difficult to think clearly enough to remember everything that was lost or stolen, adds the Texas Agricultural Extension Service home economist.

MAKING A HOUSEHOLD INVENTORY- Keeping a household inventory to use for insurance purposes in case of theft or natural disaster is not difficult. Texas Agricultural Extension Service family economics specialist Dr. Marjorie Marman offers these suggestions for setting up an inventory:

- oWalk through each room of the house and list every item. Be as descriptive as possible about the items.
- oTake pictures to supplement the descriptions.
- oKeep original receipts on all purchases and get appraisals on jewelry and silverware.
- oUpdate your inventory regularly to include new purchases.
- oStore the inventory, pictures and receipts in a safe-deposit box or some other location away from your home. If you keep your inventory on a home computer, make a copy of the disk to store in a separate location.

CALORIE COUNTING AND FROZEN FRUIT BARS- Frozen fruit bars have become the latest dieter's delight. But are they actually a "low-calorie" alternative to regular frozen fruit-flavored bars? According to a Texas A&M University Agricultural Extension Service nutritionist, the answer is "No." Dr. Alice Hunt points out that national brand frozen fruit bars contain from 50-80 calories per 2 1/2 ounce bar. The regular frozen fruit confections contain about 60 calories per 2 1/2 ounce bar.

Just Say No

Texas will take the lead in President Reagan's proposed "War on Drugs" by hosting the national "Just Say No" (To Drugs) march and rally kick-off to be held in Austin on Saturday, September 20.

The kick-off will begin at noon on the south steps of the State Capitol building when Governor Mark White becomes the first chief executive officer of a state to raise an official "Just Say No" flag bearing the special inscription, "Texas Says No To Drugs."

The flag-raising will be followed with a march down Congress Avenue by thousands of Texas youth to

Vietnam Vets To Be Honored

American military men, 11 years after the end of the Vietnam War, will be remembered here with a giant downtown parade and a special dinner on Saturday, September 27.

The event, sponsored jointly by American Legion Post 871 and Veterans of Foreign Wars Post 1789, is billed as Vietnam Veterans Appreciation Day.
 A parade is scheduled for 11 a.m., starting at 10th and heading south on Main Street to Wilson Street. Vietnam veterans and their families will be in the 500 block of N. Main Street to view the parade.

Panhandle area veterans and their families are also invited to a 12:30 p.m. steak dinner at the American Legion Post near the Aluminum Dome.

Additional entries are sought for the parade. Individuals or organizations should contact Bill Chowins, 273-9041, Hermann Jones at 274-5464, or Joe Watson at 878-2195.

The parade, believed to be the first of its kind in the Panhandle, is expected to draw entries from throughout the area.

Fall rains cause 3-foot lake rise

Heavy rains in early September have resulted in a rise of almost three feet on Lake Meredith which has a depth of 76.5 feet at its dam near Sanford.

The lake has continued to rise from runoff flowing down the Canadian River, following a series of heavy rainstorms which began over the Labor Day weekend two weeks ago.

On Aug. 31, the depth reading at the dam was down to 73.65 feet and falling.

"This has been a good rise on the lake," observes Red Marable of Stinnett, an employee of the Canadian River Municipal Water Authority. "It takes a lot of water to bring the lake up almost three feet."

The early September rains soaked a wide area of the Canadian River watershed in Moore, Hartley, Dallam and

Oldham counties of the Texas Panhandle and sections of eastern New Mexico.

From four to six inches of rain fell in the area, saturating farm and ranchlands.

Lake Meredith has a surface area at the 76.5-foot depth of 8,196 acres, according to CRMWA officials.

New Home Ownership Assistance program

The Texas Housing Agency announced Friday it will begin accepting applications for a new homeownership assistance program beginning September 29, 1986.

The new program will provide qualified families with a tax credit that will reduce their federal income taxes.

"The Mortgage Credit Certificate Program increases a family's disposable income by reducing its federal tax obligations. This tax savings provides a family with more available income to qualify for a mortgage," said Dan A. McNeil, Acting Executive Administrator of the Texas Housing Agency.

McNeil said the program offers first-time homebuyers an annual tax credit of up to \$2,000, based upon 20 percent of the annual interest paid on their mortgage loan.

"For example, a family that plans to purchase a home for \$56,000, and receive a loan of \$53,000, at 9.5 percent interest for 30 years will pay the lending institution \$5,020 in interest during the first year. Under the MCC Program, the family will be eligible for a tax credit of \$1,004 in the first year of that loan.

"In each succeeding year for the life of the mortgage loan, the family can claim an income tax credit for 20 percent of the mortgage interest paid to the lender, up to \$2,000," McNeil said.

The Agency has established a ceiling on homeowner incomes and home purchase price limits to direct the program to families of low and moderate income. In order to participate in the program, an individual may not earn more than \$33,000 a year; a family is limited to \$42,000 a year. The purchase price limits vary from area to area. For the first 30 days of the program, \$80,000 is the maximum purchase price limit.

The Texas Housing Agency will issue the certificates to eligible families through a network of participating lending institutions. Approval to participate in the program must be obtained prior to purchasing a home. Families may obtain a list of lenders and additional program information by contacting the Agency at (512) 472-7500.

The Extension Service is the parent organization of the 4-H program, an informal, out-of-school educational program for youth between the ages of 9 and 19 that is based around local clubs.

Wedding vows exchanged

Mr. and Mrs. Chris Dorman

In the softness of candlelight, Lisa Kay Turney and Chris William Dorman were united in marriage in a double ring ceremony, in the sanctuary of the First Baptist Church of Gruver, Texas. Their vows were exchanged on August 30, 1986, in a 7:00 p.m. service, officiated by the Rev. Larry Miller, pastor of the church. The bride is the daughter of Mr. and Mrs. Arthur Turney of Phoenix, Arizona, and the groom is the son of Mr. and Mrs. James Dorman of Gruver, Texas.

The altar area was highlighted by a 29 branch arched candelabra entwined with greenery and babies' breath. Pink and lavender bows served as accents on the arched candelabra, as well as for the side tree candelabras. Boston ferns, on either side of the arch, and potted violets, centered with a single white taper, and located in the background, completed the altar decorations. The altar rail was draped with greenery and babies' breath and was centered with the unity candle encircled by a ring of soft pink hibiscus and stephanotis. The church aisles were elegantly decorated with alternating pink and lavender bows touched with babies' breath. Adding to the soft light for the ceremony were arrangements of three white tapers, placed in each of the windows of the sanctuary.

Escorted to the altar by her father, the radiant bride wore her mother's wedding dress. Her princess gown of tissue taffeta featured a full dome skirt that emphasized the fitted bodice. A tiara of French wax blossoms held a full length veil of illusion, and she carried a cascade bouquet of lavender and pink carnations, creamy white stephanotis, babies' breath, and greenery.

Attending the bride as matron of honor was Mrs. Brian Whiting of Phoenix, Arizona. Bridesmaids were her sisters, Linda and Lorraine Turney, also of Phoenix. The attendants wore tea-length taffeta dresses, identical in design. Their dresses, rose, pastel pink, and light lavender, featured a v-neckline, puffed sleeves, and softly gathered skirts. They carried an arrangement of pink and lavender carnations, complemented with babies' breath, and centered with a lighted candle. White satin ribbon streamers accented the arrangement. Floral halo headpieces completed their attire.

Serving the bride as flower girls were Sarah and Rachel Steed, nieces of the groom. They wore identical tea-length dresses fashioned from deep purple taffeta, matching the design of the bridal attendants.

The groom was attired in a silver Dynasty tuxedo with white shirt and tie. Best man, Mike Crotegut, groomsmen Stefan Dorman, brother of the groom, and Gary Gilbreath of College Station, Texas, all wore silver Dynasty tuxedos with white shirts and silver ties. Serving as ushers were Kelly Mills, Gruver, Matt Turney, brother of the bride, Phoenix, Arizona, and Darin Winger, Keller, Texas. Guests were registered by Mrs. Mike

and Mrs. Beverly Bennett of Bowie, Texas, sisters of the groom, honored the bride by serving at her table.

German chocolate cake and coffee were served from the groom's table which was covered with a white over brown cloth. The cake, decorated by his mother, depicted an excavation site with a heart-shaped portion of the cake being maneuvered by a miniature bulldozer. Mrs. Glenda Steed of Canadian, Texas, served the guests, who also enjoyed an assortment of finger foods, fruit, and punch from the buffet table.

After a honeymoon in Las Vegas, Nevada, the couple will be at home in Herlong, California. The bride is completing work toward a master's degree in education, and the groom is employed as a Field Engineer for Hunt Building Corporation of El Paso, Texas.

On August 29, a rehearsal dinner honoring Chris and Lisa was hosted by the groom's parents at the activity building of the First Baptist Church.

A bridal luncheon was given by Dee Steed and Beverly Bennett in the home of Mrs. Les Barkley, while the men of the wedding party enjoyed a Saturday noon meal of lasagne at the home of the groom's parents.

Out of town wedding guests were: Jill Sammons, Carie Barstad, and Margy Mullen, Ganado, Arizona; Mr. and Mrs. Bob Banes, Mrs. Cindy Whiting, Mr. John Girton, Mr. and Mrs. Arthur Turney, Matt, Linda, and Lorraine Turney, Phoenix, Arizona, and Mr. Scott Huber attending from Denver, Colorado.

Other out of town guests were: Paul Hudspeth, El Paso; David Foster, Post; Ronnie Bilbo, Lubbock; Mrs. Dee Ann Chapman, Blythe and Kaitlin also of Lubbock; Mrs. Rona Jo Crable, Amarillo; Mrs. Glenda Steed, Canadian; Mrs. Melinda Cline, Texhoma, Oklahoma and Miss Susan Schultz, Garden City, Michigan.

Other guests attending from out of town were: Mr. and Mrs. Daren Martin, Arlington; Miss Shereen Schultz, Fort Worth; Mr. and Mrs. Gary Gilbreath, College Station; Mr. and Mrs. Daren Winger, Keller; Mr. Wayne Davis and Halee, Beaumont; Mr. and Mrs. Dennis Bennett and Carly, Bowie; Mr. and Mrs. Allen Steed, Sarah, Rachel, Bethany, and Cana, Sweetwater; Roy Dale Womack, Many, Louisiana; and Mrs. Ralph Mireless, Greeley, Colorado.
