Meeting At Memphis On Dam Project

At a meeting held in Memphis last Thursday of representatives of the Upper Red River Flood Control and Irrigation District, the Bureau of Reclamation and the Panhandle Water Conservation Authority, more action was taken on the proposed building of a dam on Red River in Hall or Briscoe county. Agreement was reached to initiate a water supply study for a multiple purpose dam project on the Prairie Dog Fork Creek of Red River, either in Hall or Briscoe County. The study will be made by the Bureau of Reclamation and the U. S. Geological survey.

Purpose of the dam project would be to provide a municipal water supply for Childress and Memphis, recreational facilities and limited irrigation. There are 5,000 square miles in the drainage area being considered; it is mostly in pasture.

Childress at the present time is faced with an acute municipal water shortage problem. Early Thursday morning Director H. E. Robbins of the Bureau of Reclamation, Amarillo, and John McCarty, president of the Panhandle Water Conservation authority, went to Quitaque and explored three possible dam sites in Hall and Briscoe counties. They were accompanied by Dr. Roy E. Barr, Childress, president of Upper Red River district, and Ott E. Beavers, Lakeview, vice-president.

They went again to Memphis and at 4 o'clock Thursday afternoon met with Tom J. Dunbar, Memphis, secretary-treasurer of the district; E. W. Scheid, Quitaque; State Representative A. J. Rogers, Childress, and Judge M. O. Goodpasture, a director of the Panhandle Water Conservation authority.

McCarty and Judge Goodpasture assured members of the Upper Red River district that a dam in the Childress-Memphis area was next on the agenda of the Panhandle Water Conservation authority after the Canadian river dam project.

Regional Director Robbins pledged the bureau's cooperation to the extent of federal funds available for investigation of the feasibility of a dam project.

Also at the conference was M. G. Barclay, area planning engineer, Bureau of Reclamation, Oklahoma City, and Keith C. Pinkerton, engineer from the bureau's Oklahoma City office.

These two men will remain in the area to make further preliminary investigations to test the quality and quantity of water available for municipal water supply and irrigation. They will set up streamgaging stations in the near future on Prairie Dog Fork.

BOB WILLS TO BE IN LUBBOCK AUGUST 11

Where there's a Wills, there's a way—to exceptional dancing entertainment. So says the Allen Brothers Post of the Lubbock American Legion, announcing the appearance of Bob Wills and his Texas Playboys under its auspices, at the South Plains Army Airfield, August 11, 1949. Ardent Bob Wills fans in this area will welcome the return of the Texas Playboys and their famous radio and movie star leader.

Bob Wills and his Texas Playboys have been making musical history and good music ever since 1928. That was the year Bob started his radio career in Fort Worth, with the now-famous Lighterust Doughboys.

The Lubbock American Legion is sponsoring Bob Wills and his Texas Playboys in behalf of their many outstanding community enterprises. Direction signs to the dance hanger on the east side of the South Plains Army Air Field will be placed on the Amarillo Highway, approximately five miles north of Lubbock.

Mr. and Mrs. Herbert McBride of Shafter, Cal., arrived this week for a visit with relatives and friends. They are guests in the Ray Persons home. They were accompanied from Fort Sumner, N.M., by his sister and family, Mr. and Mrs. Harvey Rucker and son, who are in Childress visiting their parents Mr. and Mrs. W. T. McBride. All of the McBride family plan to meet Sunday at the City Park in Childress for a family reunion.

Betty Rae Adkins And Lubbock Man Are Wed

Miss Betty Rae Adkins, daughter of Mrs. Lee Driver of Quitaque, and Lee J. Pharr, of Lubbock were married Saturday evening at 8:30 in the home of Rev. Golston, pastor of the First Christian Church of San Angelo, Rev. Golston officiating at the ceremony.

The bride wore a white crepe afternoon dress, with brown accessories and floral shoulder corsage. She is a graduate of the Quitaque schools and completed a course in beauty work at the Lubbock school. She is now employed at the Hilton Beauty shop in Lubbock.

The bridegroom is the son of Mr. and Mrs. Homer L. Pharr, early Lubbock settlers. The senior Mr. Pharr is a former county judge of Lubbock county and is now serving as assistant district attorney. The bridegroom is a graduate of the Lubbock schools and attended Texas Tech two years. He is now employed with the Santa Fe railway company with headquarters at Lubbock, where the couple will be at home.

BRISCOE CO. WHEAT ACREAGE ALLOTMENT SET

Briscoe County's wheat acreage allotment has been set at 69,886 acres, down 15,024 acres from the county average of the last four years, a reduction of about 19 percent. Confirmation of this acreage came to Jim Lumpkin, local Production and Marketing Administration Secretary, last Friday from John Gamble, District Field Officer for the PMA.

Although the nation wide average was only a 17 percent drop, Texas received a 22 percent cut. No explanation has been given for the reduction afforded this state.

However panhandle wheat counties whose actual wheat producing histories stretch back over this century, made out much better than comparatively new wheat areas in Texas, who in some cases received a 40% cut. Histories were based on acreage in 1941 to 1949. Many new developed wheat growing regions got a toe hold only as late as 1945 and in the years have not, of course, been able to establish the history of older counties.

Lumpkin pointed out, however that the number of acres which were necessarily allotted to new areas did influence the cut, which older areas had to take. Wheat allotments were slapped on for 1950 for the first time in ten years. They were removed in the early war years when the government encouraged all out production to feed civilians, service men and allies.

Since then the free for all nationwide planting spree, aided by government loans which assured a fair price for the wheat have piled up wheat surpluses in all terminals and storehouses. Even before the 1949 bumper crop started rolling in, a necessity for acreage allotments was propounded by government officials.

Lumpkin said his office had completed preliminary work on the individual allotments, and hoped to mail them out to the farmers some time during the first week in August. In accordance with regulations, all allotments will be mailed the same day.

August 15, 1949 is the final date for producers to apply for a new farm wheat allotment. It will be necessary for every producer who intends to seed wheat for the 1950 harvest, and did not have wheat in the years of 1947, 1948 and 1949, to apply for a new farm allotment.

HAS BROKEN ARM

Charlie Carpenter has a fractured left arm which he received when he misjudged his distance and stepped out of the back end of his truck.

He was in Turkey Monday afternoon for some material for the Farmers Co-op gin, and had finished loading and started to step back out of the truck, but lost his footing. He was given first aid by Dr. Achor at Turkey, and taken to the Plainview sanitarium for further treatment.

He was returned home Wednesday evening and is getting along nicely. Ben Chandler drove to Plainview and brought him home.

Mr. and Mrs. Lewis Kimbell left this week for a vacation in Hot Springs, N.M.

Former Flomot Man Dies In California

Word was received last Saturday that Truett Bourland, 37 years old, of Yuba City, Cal., had died very suddenly at 8:00 p.m., Friday. His parents Mr. and Mrs. F. S. Bourland of Flomot were advised that he suffered a brain hemorrhage Friday evening about 6 o'clock and died two hours later. He had been working in his vineyard, and as the weather was terribly hot, it is presumed that he became overheated.

Burial was in California. Two brothers Wilson Bourland and wife of Lubbock and John Bourland and wife of Bushland, and two sisters Mrs. P. A. Simpson, her husband and two sons of Northfield and Mrs. Belmont Watson of Hereford, went to California for the services. The parents and two sister, Mrs. Edna Ruth Green and Mrs. Irene Brown, were unable to make the trip.

Finis Truett Bourland was born May 21, 1912, at Flomot. He grew up in that community and attended the Flomot schools. In 1933, he went to Woodland, Ore., and spent 4 years, returning home on visits a number of times. In 1937 he moved to California and had made his home there since. He was married to Miss Argie Irwin, formerly of Flomot, and they had two children, a daughter Dora Faye, 8 years old, and a son, Finis Dale, 2 1/2 years old. He was converted and united with the Baptist church in 1923.

Besides the widow and children, the parents and the brothers and sisters named above, he is survived by another brother, William with whom he was closely associated in his farming and fruit growing operations. The brothers married sisters and lived on adjoining farms. Another brother, Dale E. Bourland died in the service of his country in World War II, killed in action in the Normandy invasion in October, 1944, serving as a paratrooper.

A fine young man, of the highest integrity, the deceased was greatly esteemed in the community where he was reared, and in his home in California. His untimely passing in the prime of his life is a great shock to his many friends, as well as his devoted family.

Mr. Bourland was a cousin of Mrs. Scott Bolton of Quitaque.

False Alarm

Mr. and Mrs. A. F. Van Meter, Jr., and daughters left last week end for a vacation trip in Colorado and New Mexico. They visited her mother, Mrs. Charlie Watters, who is working near Trinidad, Colo., and planned to return home by Hot Springs, N.M., to visit his brother and wife, Mr. and Mrs. Johnny Van Meter.

Their visit caused a flurry of excitement in town Monday night and Tuesday, and his parents Mr. and Mrs. Van Meter, Sr., experienced a night of great anxiety through someone's precipitate report that they were missing.

Mr. Miller, proprietor of the tourist court near Trinidad where Mrs. Watters is employed, notified relatives here and at Silverton that the whole family had disappeared and he feared that they had fallen in a canyon, or driven in a lake, or something terrible had happened to them. The message was received Monday night and the family here was greatly alarmed, a daughter from Silverton driving out to Colorado to investigate. However, mail postmarked Monday at Pueblo, Colo., was received here Tuesday morning, and quieted their fears somewhat.

And Wednesday the missing travelers were located near Durango. They'd been touring around after leaving Trinidad Sunday afternoon and had no idea that they were "missing". Wednesday they called from Hot Springs, N.M., and told the folks they were very, much alive and ok.

FALLING WEATHER

Of course "falling" weather doesn't please everybody—some are needing moisture, and some are not. But it has cooled things off mightily pleasantly, and it is shure good for late sleeping.

Slow drizzles continued to fall Thursday morning and earlier reports from the Quitaque government gauge showed .12 of an inch for Sunday night, and .32 in. for Tuesday night.

Quitaue Schools Getting Ready For Good Year

Supt. H. W. Cross and family returned home Tuesday night from a visit with relatives in East Texas, and a trip to the Gulf Coast. Supt. Cross says there is every indication of an excellent school year for Quitaque. He has the following message for patrons of the school:

It will not be long now until time for school to open again and every effort is being made to get our house in order for the occasion. For the past two weeks Mr. Cain has been cleaning up the buildings and doing some painting in the classrooms to try to make them a little more attractive.

New equipment will be purchased for the vocational departments and application has been made for a new bus.

Since Kent, Gasoline and Edgin have been consolidated with Quitaque the district is now larger and stronger than ever before. The people from the outlying districts have been coming to us by contract for the past several years so we feel that they will have no trouble in feeling at home with us now that we are all just one big family.

Some time back we expressed appreciation to the people of Edgin for coming in with Quitaque and now we want to extend a welcome to the patrons of Kent and Gasoline. By this consolidation we feel that every one concerned will be contributing to a bigger and better school program.

A good school program is one that can take care of the needs of the individual child and if this is done adequately then we can all feel justly proud. The stronger the unit set-up the greater the accomplishment should be so with this in mind we solicit your full support and cooperation for a better school.

MOTLEY COUNTY WHEAT ALLOTMENTS ANNOUNCED

A 1950 wheat allotment of 18,901 acres for Motley county was announced August 1, 1949 by the county Agricultural Conservation Committee. This represents Motley county's proportionate share of the national wheat acreage allotment of 68.9 million acres for the crop that will be harvested next year, Richard H. Alexander administrative officer explains. The national allotment is the acreage that at normal yields will produce an amount of wheat which together with the expected carryover next July 1 will supply contemplated domestic and export requirements and provide a safe reserve.

"Individual farm allotments, based on acreage and production data collected over the past several months, have been established," Alexander stated, "and notices of allotments of growers will be mailed from the county office about August 5, 1949."

Acreage allotments are not an enforced limitation on production data, but provide a limitation on Government expenditures for price support beyond the national interest, Alexander explains. Only those farmers who seed within their farm allotments their 1950 crop.

"Although adverse conditions during the growing season have resulted in a smaller 1949 wheat crop than expected earlier, this year's harvest will still be the third largest of record and the sixth consecutive wheat crop in excess of one billion bushels," Alexander points out. "The average yearly domestic consumption of wheat is only 700 million bushels, and only abnormally high exports consumption of wheat allotments and army purchases for occupied countries has prevented the accumulation of price-depressing surpluses."

Alexander emphasizes that if wheat growers comply with acreage allotments, thus adjusting production to expected requirements, it may be unnecessary to use marketing quotas for future crops.

Mr. and Mrs. Clayton Johnson and daughters of Brownsville, are here for a month's visit with his parents Mr. and Mrs. John A. Johnson, and her parents Mr. and Mrs. J. C. Rhoderick, and other relatives.

Inez Chandler Is Bride Of Brownfield Man

Inez Chandler, daughter of Mr. and Mrs. W. V. Chandler of Quitaque, and Weldon N. McBrayer were married Sunday, July 17, at Hereford in the home of the Methodist minister, the Rev. D. R. Davidson, who officiated.

The bride wore a pink Salina dress with white accessories and a white carnation corsage. After a short trip to Colorado Springs, Colo., the couple are at home in Brownfield.

A graduate of Quitaque high school and Draughon's business college in Lubbock, Mrs. McBrayer is employed with the Farmers Home Administration. She served during the war with the WAVES and was stationed for almost three years in the Navy personnel office at Washington, DC.

McBrayer is a graduate of Graham high school and North Texas State Teachers' college. He is employed at Collins Dry Goods, Brownfield.

QUITAQUE LIONS INSTALL OFFICERS FOR NEW YEAR

The Quitaque Lions installed new officers at the last regular meeting on July 28. Lion Carroll Edgar of Turkey installed our officers and made a brief, but good talk.

Lion M. L. Roberson went in as President for the coming year; Lion Clark as tail twister; Lion Burgess as Secretary; Lion Nook Bedwell, Lion Jake Merrell, and Lion Tubby Hamilton as Directors.

We had 22 members present and three guests, Mr. Edgar, J. M. Wilson of Floydada, and Mr. Pittman of Fort Worth.

Mr. Pittman made a talk on the Chamber of Commerce and urged the Quitaque Lions to become a member of the fine organization.

Mr. Wilson made a brief talk, and it was a good sales talk. No doubt about it.

Plenty of fried chicken was served and too much iced tea.

Last Rites At Canyon For G. B. Bourland

G. B. Bourland, Motley County pioneer, who moved with his family to Canyon in January, 1917, passed away there Sunday morning July 24th, at 7:00 a.m. at the Neblett Hospital at Canyon after a lingering illness of several months.

The Bourland family had lived in Randall county 32 years. Mr. Bourland was 82 years old on March 15. He was born in Itawamba County, Miss., and came to Texas in 1886 and to Motley County in 1891 together with his brothers, Orlando Bourland of Lorenzo and Matador; Finis Bourland of Flomot, and a sister, Mrs. Ada Fish of Matador.

Funeral services were held Monday afternoon at 3:00 o'clock at the First Baptist church of Canyon, of which he was a member, conducted by the pastor, Dr. Roy L. Johnson.

Survivors are the widow, Mrs. Maggie Bourland; five daughters, one son, ten grandchildren, two brothers, one sister, all of whom were present for the last rites. A nephew, Irwin Fish and family of Matador, was present, also a niece Mr. and Mrs. P. A. Simpson of Northfield, a niece, Mr. and Mrs. Bill Brown of Adrian; John Bourland of Bushland; a niece, Mr. and Mrs. Scott Bolton of Quitaque.

Mrs. Maggie Bourland was Maggie Taylor. Many people of the Flomot community will remember her. She has many friends to mourn her loss with her.

New Lion President

Walter Fisher, Queenston, Canada, is the new president of The International Association of Lions Clubs, (Lions International). He was elected by unanimous vote at the 32nd annual convention of the Association which closed here at Madison Square Garden July 21. Fisher succeeds Dr. Eugene S. Briggs, Enid, Oklahoma.

The convention concluded one of the most successful years in the history of Lions International, according to the report made by Melvin Jones, Chicago, Illinois, Secretary-General and founder of the Association. He reported the addition of 757 new Lions Clubs and 23,282 men to the roster of the Association during the twelve months period ended June 30, 1949, for a total of 7,427 clubs and 381,426 members.

He stated also that during the fiscal year Lions Clubs were established in four additional countries: France, Bolivia, Philippines and Norway. Lions International, he added, is the largest, strongest and most active service club organization in the world, with Lions Clubs in 26 countries on five continents.

CONSTITUTIONAL AMENDMENTS

HOUSE JOINT RESOLUTION No. 38 proposing an Amendment to the Constitution of Texas by adding to Article XVI thereof a new Section to be Numbered 63 and authorizing the Legislature to provide for a statewide system of retirement and disability pensions for appointive officers and employees of the several counties of this State; providing that participation there-in by counties shall be voluntary, and authorized by the qualified voters of such county, and provid-ing that administration of said system may be committed to the same body set up to administer the statewide municipal retirement system authorized under Section 51f of Article III.

Be It Resolved by the Legislature of the State of Texas:
Section 1. That Article XVI of the Constitution of the State of Texas be amended by adding thereto a new Section, to be num-bered Section 63, which shall read as follows:

"Section 63. The Legislature shall have the authority to provide for a statewide system of retirement and disability pensions for ap-pointive officers and employees of the counties of this State under such a plan and program as the Legislature shall authorize; pro-vided, that participation therein by counties shall be voluntary, and shall first be authorized by vote of qualified voters of such county. Administration of such system may be committed to the same body as may be set up to admin-ister the municipal retirement sys-tem provided for by Section 51f of Article III."

Sec. 2. The foregoing Constitu-tional Amendment shall be sub-mitted to the qualified electors for members of the Legislature at an election to be held throughout this State on the second Tuesday in November, 1949; and at said election the ballots shall have printed thereon the words "FOR the Constitutional Amendment author-izing a statewide system for re-tirement and disability pensions for appointive county officials and employees," and "AGAINST the Constitutional Amendment author-izing a statewide system for re-tirement and disability pensions for appointive county officials and employees. Each voter shall strike out one of said clauses on his bal-lot, leaving the one unmarked which expresses his vote upon the proposed amendment.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election, and shall have the foregoing proposed amendment published as required by the Constitution for proposed amendments thereto.

Sec. 4. If at said election, a ma-jority of the votes cast are "FOR the Constitutional Amendment authorizing a statewide system for retirement and disability pensions for appointive county officials and employees," the foregoing propos-ed amendment shall become Sec-tion 63 of Article XVI of the Con-stitution of Texas, and proclama-tion shall be made by the Govern-ment thereof.

Sec. 5. The sum of Five Thousand Dollars (\$5,000), or so much there-of as may be necessary, is hereby appropriated out of any funds in the Treasury of the State of Texas not otherwise appropriated, to pay the expenses of such proclamation, notice and election.

HOUSE JOINT RESOLUTION No. 19 proposing an amendment to the Constitution of the State of Texas authorizing the Legislature to pro-vide for Civil Service in certain counties upon a vote of the people therein.

Be It Resolved by the Legislature of the State of Texas:
Section 1. That Article XVI of the Constitution of the State of Texas be and the same is hereby amended by adding to said Article a new Section, to be known and designated as Section 62-c, reading as follows:

"Section 62-c. The Legislature is authorized to provide for the crea-tion of Civil Service Systems for county employees in the respective counties of this State, but any sys-tem so authorized and established shall be approved by a vote of the people in said county. Any Civil Service System established by vir-tue of this Section shall apply to appointive offices only, and the limitations on term of office here-tofore provided by Section 30 of this Article shall not apply, but the duration of such offices shall be governed by the provisions of such Civil Service System. This Section shall not apply to counties having a population less than sev-enty-five thousand (75,000) peo-ple."

Sec. 2. The foregoing Constitu-tional Amendment shall be sub-mitted to a vote of the qualified electorate of the State at an election to be held on the second Tues-day in November, 1949, at which election all ballots shall have printed or written thereon (or in counties using voting machines the said machines shall provide for) the following:

"FOR The Constitutional Amend-ment authorizing the Legislature to provide for Civil Service in counties upon a vote of the people therein"; and

"AGAINST the Constitutional Amendment authorizing the Leg-islature to provide for Civil Service in counties upon a vote of the people therein."

Each voter shall mark out one of said clauses on the ballot, leaving the one expressing his vote on the proposed Amendment, and if it shall appear from the returns of said election that a majority of the votes cast are in favor of said Amendment, the same shall be-come a part of the Constitution of the State of Texas.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State.

CAP ROCK SCS NEWS

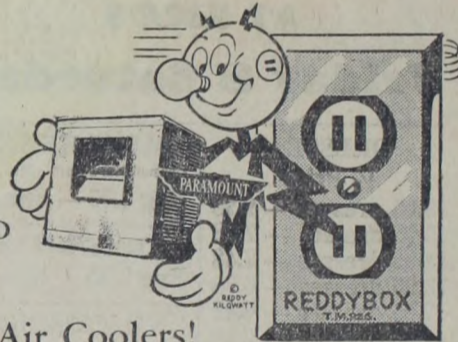

H. H. McPherson, a cooperor with the Cap Rock Soil Conserva-tion District, living 11 miles south of Rockcreek has about 20 acres of Hubam clover on his irrigated farm. Part of the clover was seed-ed in the spring over an earlier planting of barley and has been cut for hay. Exact tonnage of pro-duction is not known but the cut-

ting is reported to be rather heavy. The clover on the harvested por-tion of the field has made consid-erable regrowth since harvesting and is now in bloom.

Mr. McPherson expects to har-vest seed from the unharvested portion of this field and possible some late seed from the harvested portion.

Considerable soil building and conditioning benefits are expected from this legume crop. Mr. Mc-Pherson grew some clover two years ago and was well pleased with the soil conditioning results. He said that where adjacent irri-gated land ran together and be-came hard the land under clover remained mellow and plowed and absorbed irrigation water much better.

CONSTITUTIONAL AMENDMENTS

HOUSE JOINT RESOLUTION No. 32 proposing an Amendment to Article I of the Constitution of the State of Texas, by adding thereto another Section following Section 15, providing that the Legislature may provide for trials in lunacy cases without a jury; further providing for the submission of this Amendment to the voters of this State; prescribing the form of ballot; providing for the proclamation and publication thereof.

Be It Resolved by the Legislature of the State of Texas:

Section 1. That Article I of the Constitution of the State of Texas be and the same is hereby amended by adding another Section thereto following Section 15, to be designated Section 15-a, to read as follows:

"Section 15-a. The Legislature shall have the authority to enact all laws necessary to provide for the trial, adjudication of insanity and commitment of persons of unsound mind and to provide for a method of appeal from judgments rendered in such cases. Such laws may provide for waiver of trial by jury in cases where the person under inquiry has not been charged with the commission of a criminal offense, and shall provide for a method of service of notice of such trial upon the person under inquiry and of his right to demand a trial by jury."

Sec. 2. That the foregoing Constitutional Amendment be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the second Tuesday in November, A. D. 1949, at which election all ballots shall be printed thereon:

"FOR the Amendment to the Constitution of the State of Texas providing that the Legislature may provide for trials without a jury in lunacy cases" and

"AGAINST the Amendment to the Constitution of the State of Texas providing that the Legislature may provide for trials without a jury in lunacy cases". Each voter shall scratch out one (1) of said clauses on the ballot, leaving the one (1) expressing his vote on the proposed Amendment. In counties other subdivision using voting machines, (the above provision for voting for and against this Constitutional Amendment shall be placed on said machine in such a manner that each voter shall vote on such machine for or against the Constitutional Amendment.

Sec. 3. That the Governor of the State of Texas issue the necessary proclamation for said election and have the same published as required by the Constitution and Laws of this State.

HOUSE JOINT RESOLUTION No. 36 proposing an Amendment to Article III of the Constitution of the State of Texas authorizing the Legislature of the State of Texas to provide for the establishment and creation of hospital districts; providing for the Governor's proclamation and submission to the electorate.

ESCAPED FELON TAKEN ON FARM SOUTH OF TURKEY

Sheriff's officers from several Texas and Oklahoma counties closed in Monday about day-break on L. Taylor, escapee from a California penitentiary, whose arrest was effected on a farm south of Turkey in Motley county.

Deputy Sheriff Jim Arnold of Turkey, who assisted the other officers in the apprehension of the felon, said they caught Taylor "with his pants off" and he offered no resistance. He was in bed at

"THE STORE OF PERSONAL SERVICE"

the home of Hes Hobbs which the officers surrounded to make the catch.

Sheriff E. L. Lowell of Waurika, Okla., and the sheriffs from two adjoining counties in Oklahoma had trailed Taylor for four days back and forth across the border between Texas and Oklahoma, finally locating him on the farm in Motley county. The out-of-state officers followed the trail into Turkey Saturday night.

Assisted by Deputy Arnold of Turkey and Sheriff John Stotts of Matador, the Oklahoma officers

closed in on their quarry. He is wanted in Oklahoma for robbery and theft and was taken back to Waurika by Sheriff Lowell and his assistants from the state.

"Why is your truck painted blue on one side and red on the other?" "Oh, it's a fine idea. You should hear the witnesses contradicting each other."

Funny how a fellow never has any peace of mind, when the wife is always giving him a piece of hers.
