SWEET 'N' SOUR

By A. Dill

Shhh — don't anybody mention the season and when you look at the calendar from September to October, do it quietly and maybe it won't know — this wonderful West Texas would think its spring — lilacs are blooming in the yard and mocking birds sing as though its the dawn of the year.

Roll out the red carpet (the one with pile eighteen inches thick and tipped with solid gold) to welcome home our beloved Dr. Stubblefield — how very, very good it is to see him again and to know that he is recovering so rapidly!

Link and Jim Lawrence had a special guest this week end — that attractive little red headed daughter, Julia Lawrence Breckenridge has been visiting.

Kitsy Ross was a week end visitor in Baird — home from ACC to see Baird Bears roll up a victory Friday night — and wow! was it a good one!

Welcome to Baird to one of our dearest and cherished citizens — Mrs. Fulton. That wonderful lady has battled her way through a seige with a broken leg and is still the cheerful person we've always loved — that is what you call courage and determination and you just can't beat it.

Mrs. S. E. Settle was happy over her week end guest — daughter Christine was home for a short visit.

Alice Gilmore left Sunday for Lawton, Oklahoma and the reason was to welcome a brand new grandbaby — the little fellow, son of Mr. and Mrs. Felton Gilmore arrived last week.

Smokey and Liz Edwards have returned from an extensive tour of the old south, visiting scenic spots and historical places along the way. Son, Bill Edwards, joined the family in Memphis, Tenn and returned to Baird with them. It was a privilege and pleasure (as it always is) to talk to Smokey about his trip for with an eye to its beauty and a heart appreciative of the significance of what he saw he made the journey come alive for us and we shared with him the stirring drama that was Vicksburg in civil war days and other places so rich in this country's history.

They say that for every bad thing in the world there are nine good ones — and when the good is like the Carlie family of Clyde it is fine indeed — the grown-ups — the youngsters — they are just good neighbors and wonderful friends with that warm hearted brand of friendship that makes this a nice place to live in simply because they are here.

Is there anything prettier than Heavenly blue morning glories and did you ever see any finer ones than in the Collins on West 7th st? Like bits of sky they are, and simply lovely.

Happy September birthday to Ethel Sprouse who celebrated one on the 22 and to her mother, Mrs. S. P. Sprouse who had her special day on the 8th — Joe Hill Anderson had a birthday, Sept. 20th — greetings to the young man, Hubert Ross celebrated a birthday but he was in El Paso at the time so he'll have a second festival when he's home and the family can do it up right for him.

Mr. and Mrs. Grover Berry had pleasant guests this week — Mr. and Mrs. Nolan Duncan of Leon were here and also Mr. and Mrs. L. C. Duncan of Sundown.

O. K. October birthdays — front'n center and lets hear from you.

P. S. — Our Linda is doing nips-ups and tallspins over a little jewel of a song book — "Sing Along With Bullwinkle" from the Jay Ward studio in Hollywood — its full of real kookie ones like "I want a girl just like the girl who married JFK" and other equally zany numbers.

And our editor and family took a week end jaunt Saturday to Austin to visit their daughter, Pat and her husband who is a student at the University.

Sabin Oral Type Vaccine Polio To Be Given In Area Sunday

Plans are complete for the administration of the Sabin Oral type polio vaccine Sunday at the school cafeteria in Baird and in Cross Plains, Putnam, Clyde and Eula.

The original date set for the oral vaccination was changed because of a report from Canada that some cases of polio had been traced to Type Three of the drug. Originally it was scheduled to be administered on September 16.

E. Elton Ables who is in charge of local arrangements, said Wednesday that volunteer workers had been contacted and that the workers would be on hand Sunday for the handling of the administration of the oral type vaccine. Qualified doctors or nurses will be on hand to supervise the dosage and administration.

The Callahan County project is being held at the same time the Abilene-Jones County Medical Society is holding similar clinics in other area towns.

Time for the inoculation in Baird has been set at 2 p.m. to 5 p.m. Sunday. All Baird and the Baird area were urged to take advantage of the opportunity to protect their families, both old and young from the disease.

At Cross Plains the vaccine will be given at the school cafeteria. Byron Richardson is in charge of the Cross Plains project. Mrs. Grady Pruet is in charge of the Putnam project. The vaccine will be given at Putnam's school. The Lions Club Community Center in Clyde is the administering point. The club there is sponsoring the project. Eula people may go to the Eula school for their vaccine, it was reported. Qualified administering personnel will be on hand at all Callahan County locations, it was reported. Mrs. J. L. Ault, county school nurse, worked with various committees in helping set up locations and time.

No charge will be made, but donations will be accepted to help defray the expenses.

Lions to Sell Candy as Project

Members of the Baird Lions Club will begin a sale of Halloween candy on October 15, it was decided at a directors meeting Tuesday night following the regular meeting at the dining room at Bibb's Cafe.

Lions Howard Farmer, Hugh Ross and Elsworth Mayer are in charge of the committee heading the sale. Plans call for each member to have a part in the sale and for the placing of the candy in a downtown booth on two Saturdays prior to Halloween. Further details of the sale will be announced later.

At the regular meeting Tuesday night, Mrs. Roberta Ross, a Baird teacher, told Lions of a teaching aid project she, Mrs. Atrelle Dill and the Star Publishing Company are working on.

Mrs. Ross was introduced to the club by Lion Elsworth Mayer. She showed members the finished products the group now has on the market and demonstrated teaching methods using the material. Art work for the aids is done by Mrs. Dill. Planning and material writing is done by Mrs. Ross. The art work is reproduced in natural color and the finished product is widely distributed by the group to teachers in several states.

Mrs. Ross said that plans called for the addition of several posters and folders to the line, and that distribution would be on a full National scale in a short time.

At the conclusion of the program, Lion Mayer paid tribute to the author and the artist for their many years of unselfish service to the teaching profession and for their devotion to the job of instilling a desire for learning, and a love of their country in the hearts of the elementary students everywhere.

Bears Massacre Roscoe Plowboys Meet Potent Rule Bobcats Tonight

Coach Vernon Townsend's Baird Bears put on the steam Friday night at the Bear's Den and rolled up an impressive 50-12 score in downing the hapless Roscoe Plowboys in a non-conference grid game.

Using Cotton Barnes' sensational return of the opening kickoff as the springboard, the Bears piled up point after point to win with apparent ease.

But the road gets tougher this week. Friday night the Bears go to Rule where they challenge the Bobcats on their home field. The Bobcats were impressive in their first three games. Last week they downed a good Hermleigh team by about the same margin that the Bears outscored the Plowboys.

Scouting reports show that the two teams are about evenly matched in weight, experience and ability, and the game should be the hardest of the young season for the Baird eleven. A large delegation of Bear fans is expected to follow the team to Rule for the contest. The best route for fans to take to the contest is through Abilene, Anson and Stamford. At the Y north of Stamford, take Highway 380 for about 8 miles, then turn right on Highway 283. Rule is about 10 miles up the road from there.

In Friday nights game The Bears broke things open on the opening kickoff when Cotton Barnes took Roscoe's boot on his own 15 yard line and behind a wave of good blocking, lugged the ball 85 yards for a score. Blocks by Tommy Higgins, Tencil Scott and others at crucial points along the route to the goal opened the door for Barnes as he teedanced along the east sideline to paydirt. Tommy Higgins plunged over for the point conversion.

The spectacular scoring play demoralized the visitors and the Bears put across two more touchdowns in the initial quarter. The second score was set up when Jud Gilliland intercepted a Plowboy pass at his own 44 yard line. A pass from Barnes to Tencil Scott for 15 and a 17 yard jaunt by Higgins highlighted the drive which was climaxed when Barnes took the ball across from the six. Higgins was stopped in his pat attempt. The final score of the first period came on a 59 yard pass play from Barnes to End Johnny Higgins. Tommy Higgins plunged over for the points after. End Higgins took the ball at about the Plowboys' 40 and out ran the defenders to the double stripe.

Baird scored twice in the second period. The first tally came early in the quarter when Tommy Higgins plunged over the six. The score climaxed a 44 yard drive. Scott failed to carry the ball over for the point after touchdown. The second Baird score in the second quarter came on a beautiful pass play from Cotton Barnes to End Jud Gilliland which went for a total of 30 yards. The score was set up when Guard Danny Ross pounced on a Roscoe fumble at the visitors 40 yard line, Scott carried over for the two extra points to end the scoring in the first half for the Bears.

The first Roscoe tally came late in the first half when Tailback Clifford Jones passed to End Don Piper. The try for points failed and the half ended with Baird leading 36-6.

Reserve back Douglas Jaggars scored the first of two touchdowns the Bears made in the second half. With 6½ minutes gone in the third period, Jaggars took a hand off from Quarterback Tommy Barton at the Roscoe 27, broke through the line

and ran the distance to the goal. The point try failed and Baird led 42-6. The final Baird tally of the game came in the final quarter when Johnny Higgins stole a Roscoe pass at the Baird 40 and ran 60 yards for the tally. Freshman Back Steve Stanley carried the ball through the line for the two extra points. Roscoe's final six pointer came with 15 seconds left in the game when Jones carried over from the 10. The try for points failed and Baird won the game 50-12.

The entire Baird squad, both starters and reserves, deserve the praise of the fans for a fine effort. Tally Windham, Ed Ault, Tommy Vines, Danny Ross, Jud Gilliland, Johnny Higgins and Robert Martin played outstanding games in the line. Barnes, Higgins, Scott and Eddie Childers were backfield stalwarts. Childers was the games only casualty. He is in an Abilene hospital under observation for a neck injury. He will be out of action of the next two or three games.

NEWS ITEMS FROM PUTNAM

GOLD DUST III

Gold Dust III, another "rider-hitching" stick horse from Putnam, Texas, has not died or been corralled by some ornery rustler as his master had feared but is very much alive and on the job. His owner, Roddy Reynolds learned this from information received from a Putnamite who is now living in Alaska.

Hall Green, son of Mrs. Jewel Mobley of Putnam, who works for the U. S. Coast and Geodetic Observatory out of Fairbanks, Alaska, mailed Roddy a clipping taken from the front page of Thursday (Sept. 20) Evening DAILY NEWS-MINER (America's Farthest North Daily Newspaper) published at Fairbanks. The story revealed that Gold

Dust III had really been "making tracks".

Gold Dust I, now in retirement traveled to hundreds of places on five continents back in 1960, by "hitching" rides to help celebrate the 100th anniversary of the famous Pony Express.

Gold Dust II is on a jaunt now having just recently completed a 44,000 mile "run" in Australia. The last report from one of his "riders" indicated that he would be exhibited in Singapore, Bangkok, Bombay, Karachi and Rome on his way back to New York by Alitalia Italian Airlines.

Gold Dust II was put on the trail around the first of August. His assignment is that of a world ambassador of good will. Too, while he is on his travels, he hopes to gain an audience with Khrushchev and deliver a message from his master that makes a strong plea that he, "Work toward peace for the boys and girls of Russia and of all the world."

Gold Dust III was picked up in Juneau last week by Jim McGinnis first office of Pan American Airlines DC-6-B that flies to Alaska. He got to Juneau from Annette Island where he had been left by another Pan Am crew. He made the first leg of his trip by auto to San Diego. From there he went to Hawaii and then switched directions and came back, landing in Seattle. Leaving Fairbanks he was headed out to the Arctic.

One interesting paragraph of the newspaper states, "The first two Gold Dusts didn't collect any dust on their trips around the globe, but Gold Dust III did — real Gold dust. It was donated by a local old timer and was glued to the stick horse."

Roddy also received a complete newspaper from the City Hostess, Miss Eva McGown, who penned this note, "Thought you would enjoy this. Jim brought your horse to my office. I was thrilled." Also on the wrapper, "Congratulations, marvellous idea."

Where Gold Dust III will turn up next is unpredictable but Roddy is confident now, that if he does not step in a gopher hole, he will hear again either through some other old friend, but most likely, through some new trail this rugged little pony has blazed.

**LETTERS TO
THE EDITOR...**

It is with interest that I note
that there is a group in our
midst who apparently object to
the constitutional right to peti-
tion. They threaten those who
might petition with publicity,
ostensibly adverse. I would very
much like to see published in
your paper the names of those
who have hidden behind the
cloak of secrecy by calling them-
selves Callahan County Moral
and Civic League. It would be
interesting to see who these self
appointed protectors of our mor-
als are.

Sometimes people who profess
and call themselves Christians
forget the first miracle Christ
performed, as well as the Last
Supper. In both of these, wine
is involved.

It would be well for both sides
in this matter to "stand up and
be counted."

NOW-GO JET-SMOOTH CHEVROLET for '63

If it didn't say Chevrolet on the flanks of the
superb automobile you see here, you'd have a
hard time proving it's a low-priced car. It offers
luxurious styling, extremely comfortable, spacious
and silent interiors... plus a lot of invisible ways
to keep it looking and running like new when a lot

IT'S EXCITING!

of others have started to sag and sigh: new flush
and dry rocker panels under the doors to guard
against rusting... self-adjusting brakes...
Delcotron generator for longer battery life. If
you ever wondered why Chevrolet leads its field,
a drive in this '63 should answer all your questions.

GO CHEVY II for '63-IT'S EXCITING!

'63 CHEVY II NOVA SPORT COUPE

GO CORVAIR for '63-IT'S EXCITING!

'63 CORVAIR MONZA CONVERTIBLE

Hard as it may be to believe, this year's Chevy II is
better, better than last year's and better than any-
thing in its class. It combines all the new easy-care
features of the big Chevrolet with its own wonderful
attributes of parkable size, four- or six-cylinder fuel
economy and interiors that'd do justice to cars with
twice its price and half its charm.

Change it? Calm yourself, nobody's going to mess
with a winner like this one! We did add self-adjusting
brakes and a more fully aluminized muffler; interiors
and outside trim are refined a bit, but the rest is pure
Corvair with all the over-the-road goodness that
implies. Oh yes, we changed the taillights so all
those people you pass will know you're driving a '63.

Clyde Bulldogs Defeat Bangs Dragons 26-16 Friday Night

The surprising Clyde Bulldogs remained undefeated this week following their 26-16 win over a good Bangs Dragon 11 at Bangs Friday night.

The scrappy Bulldogs spotted the home team a touchdown and two extra points Friday night, then put on an offensive show that had them ahead 20-8 at halftime. They added another six points in the third quarter and coasted in for the 26-16 win. The Dragons scored early and late in the exciting contest. They scored eight points in the first and fourth periods. It was the first defeat for the classy Dragons this season.

Halfback Alton Brannan, a star from last years outstanding Bulldog team, scored all of Clyde's touchdowns. The first score in the opening stanza was the result of a 90 yard jaunt made possible by good team blocking.

Brannan scored two in the second quarter on runs of 42 and 20 yards. Edward Ramos ran one over for two points after touch-

down to bring the Clyde tally to 20 for the two periods. Bangs scored early in the game when Quarterback John Matthews hit left end Dikes Hunter with a beautiful pass and Hunter went in for the score. The play went for 35 yards. The try for points was good and Bangs was ahead 8-0. The final Dragon score came in the fourth quarter when Quarterback Matthews carried over on a keeper play from six yards out. He passed to Jimmy Rust for the two points.

The Bulldogs draw a hard one this week end when the good Santa Anna Mountaineers come to Bulldog Stadium for a non-conference tilt. After losing their opener to Baird the Mountaineers have been coming on nicely and are reaching the strength the dopesters said they had at the opening of the season. The Santa Anna attack has been gaining momentum weekly, and the team should be in top form when they come to Clyde Friday night.

FREEDOM FROM FEAR

"Freedom from fear" means many things to many people. To Americans, one of its meanings is the right to vote and hold elections without fear or intimidation. This country was founded on just such beliefs -- that men have the privilege of free elections. To exercise this right without pressure or threat is a Democratic principle.

In any controversy there will be opposing factions. It is the American way that the only fair and proper solution is an election where the people speak by vote. This vote should represent a decision reached by careful consideration of all sides of the issue, and never the result of a pressure group who would influence others by fear of reprisal on their jobs, their stations, their well-being. To speak "for" or "against" an issue is one thing -- to threaten is quite another.

You have been promised the names of persons who have signed a petition asking for an election in this city. They shall be made available. They will be a matter of public record and it is hoped that the reason for the signing is made just as clear. The names affixed to this petition are placed there for one purpose -- to secure a free and democratic election. The signers do not pledge their vote either for or against the issue involved. They neither endorse nor reject it. How they vote will be their own choice, but their names do signify their belief in the democratic principles on which this nation was founded, and a right to hold election is certainly one of them.

Union Usuals and Unusuals
By Mrs. Veda Yarbrough

Hi neighbor. How is everything over your way? Kinda warm over here, haven't had any rain in a week which is what the cot-

ton pullers want to see. Some farmers are sowing oats.

Mark, Ollie and Gayle Burnam, Bill and Retha Brown and Lynn Tatom went to Fort Worth Sunday to see Six Flags Over Texas. They said it was really good.

Fay Emmitt Wood and I went to Hamilton last Thursday to the funeral of Emitts brother, Roy Son, who was one of the men who was in the air plane that went down in Washington State two weeks ago today. There were forty four on the plane, no survivors, it was a great tragedy.

Saturday, Burette and Johnny May Ramsey and I went to Jacksboro to see Joan Collinsworth and family, really had a good time. They have a real pretty place to live.

Putnam won another ball game Friday night, I did not get to go. I stayed home, thought my son-in-law would come and spend the week end but he did not come, guess he was too tired after he got through working Friday.

Moran people, I missed seeing you last Wednesday, don't know if I will get to come this Wednesday as am spending tonight with the Mobley Girls and we will go to Baird tomorrow morning which is Tuesday.

Ollie Burnam and I visited a while this afternoon with Mrs. Mary Ramsey. She is doing pretty well, she went to the doctor Friday for a check-up.

D. A. Yarbrough visited Sunday in Baird with his sister, Mrs. Onie Abernathy.

Roma and John McIntyre visited with us awhile Sunday afternoon.

Well, guess I better get ready to go to Baird, so be good and I'll be seeln you next week.

For Decency's Sake...

LET'S KEEP BAIRD DRY

You can do your part by refusing to sign the Petition calling for an Election to legalize the sale of Alcoholic Beverages in Baird!

What Does The Petition Call For

The petition being circulated simply calls for an election to legalize the sale of alcoholic beverages in the city of Baird. It does not, we repeat, does not specify any particular type of alcoholic beverage, nor does it limit places of consumption as the backers would have you believe.

What Does It Mean

It means if an election is held, and if the proposal carries as the application reads, that all types of alcoholic beverages can be sold, including whiskey, beer and wine. It means that it will be sold for consumption anywhere. Beer joints, restaurants or honkey-tonks can sell beer by the bottle or by the glass, and it can be drunk there.

REMEMBER

The Last Time Baird Had Legalized Beer Sales

The backers of the petition will have you believe that the sale of beer and the opening of taverns will improve the economy of Baird - that it will bring people from neighboring towns into Baird to spend their money. Yes, that is true, it will bring in people from neighboring towns to spend their money. But, what will they spend it on? What element will it attract? Is it the element you want in our community? Many of you remember during World War II when the sale of beer in Baird was legal. Call to your minds the moral conditions as they existed then. Women of the community were afraid to walk down the street for fear of being insulted; the law enforcement officers were hard pressed to maintain order. It was a mess, and we do not believe that you want your children to live in that kind of environment.

BY REFUSING TO SIGN THE PETITION-

You Take Your Stand For Decency

IF YOU SIGN IT-

Your friends, your neighbors, and your children will know which side you are on. We promise you that!

We urge you to join us in our fight to keep our Community a Decent Place to Live and Raise Our Children!
