## Hall Commissioners Declare Disaster State

The Hall County Commissioners Court at Monday's regular monthly meeting continued discussions of erosion damages to the county roads from unusually heavy rains early this month resulting in a Commissioners Court Order declaring a local state of disaster for Hall County.

The proclamation states that a state of disaster for the County of Hall, resulting from thunderstorms with damaging hail, high winds, a tornado, unusually heavy rain and flooding, is declared.

This state of disaster proclaimed for the County of Hall by the County Judge on June 6, 1995, shall continue until terminated by order of the Commissioners Court and shall take effect immediately from and after its passage and publication the proclamation states.

Commissioners report county dirt roads are washed out in many places and are unpassable except with the use of four-wheel vehicles. Bridges have been washed out across some creeks, so county officials along with officials in neighboring counties, are seeking disaster assistance from state and federal sources.

This grant was given to the three cities based on the recommendation of a TNRC grant evaluation team with funding support up to \$23,000. Funding for this grant is made available through the "Don't Bag It" and on site composting programs that help recycle materials such as tree limbs to keep this material out of landfills.

This chipper will not only provide a means to dispose of limbs but will also turn it into a usable product that can be used in City Parks or in customers gardens or flowerbeds. The chipper to be purchased will handle limbs up to twelve inches in diameter.

## Professors Receive Emeritus Titles

Five WTAMU professors received Professor Emeritus titles approved by the Board of Regents. Dr. Derl L. Brooks, Dr. Duane F. Guy, Dr. Charles "Bud" R. Townsend, Dr. Leonard W. Wilson and Clark E. Woodridge. Dr. Townsend, professor of history was in service to West Texas from 1967 through 1994, having published several books, including *San Antonio Rose: The Life and Music of Bob Wills*. He received a Grammy award in 1975 from the National Academy of Recording Arts and Sciences and a Wrangler Award from the National Cowboy Hall of Fame. He also has received outstanding professor recognition from Mortar Board, the College of Education and Social Sciences, Leadership Board, Residence Hall Association and the Alumni Association and was the Faculty Excellence Award recipient in 1986.

West Texas A&M University initiated its Professors Emeriti program in 1992. Since then, Professor Emeritus titles have been conferred upon 41 former faculty members (not including the 1995 class).

"Conferring Professor Emeritus titles is a very solemn experience for me," WTAMU President Russell C. Long, who came to WTAMU in 1992, said. "There is such a sense of history, dedication and commitment. This year is particularly special because I had the privilege of working, if even for a short while, with these five outstanding gentlemen."

Retired faculty with at least 10 years of full-time service to West Texas A&M University are eligible for nomination by current WTAMU faculty and administrators with faculty rank. The prime selection criterion for awarding the title is "a significant contribution through long and distinguished service to the University in administration, teaching, research and professional service."

**LETTER TO EDITOR**

Dear Quitaque People,  
 When I subscribed for the Quitaque paper about a year ago, I just wanted to see how many names I remembered that I would see. Quite a few, but so many new ones. So many of the places have been renamed, like the Caprock Cafe. Isn't that what used to be Kitchen's Corner?

I have just received the paper dated June 1, 1995. That's the one that inspired me to speak.

"The story of the Doodlebug Train." I remember when the track between Quitaque and Turkey was being laid. We lived 1/2 mile north of the Kerr Hamilton place on part of the J.L. Bolton Ranch. In fact the RR was across part of the Bolton Ranch. That must have been in 1925 or '26. For we moved to Quitaque in early 1927.

My father worked on the tunnel shown on page 6. I remember that well. We went up there once at plum picking time, to pick up a check and pick plums.

Down in the river one of our horses got in quick-sand. I was in the wagon along with Mama, sister and brother. I can still see that horse going down. My dad unhitched the horse and cut the harness from the other one. I can't remember just how but he had the freed horse pull the other one out.

To this day anytime I'm in a car that's stuck in the mud, I can still see that horse in the quicksand.

Another story I remember while living in Quitaque: I learned to count early. So my dad thought I should go to school. He would start me and I'd be expelled, for two years before I was seven. One day I was going home early and saw my first football game. The grade school and high school was close together at that time. Lots of mountains and valleys and miles have been traveled but I'm still a fan of the Dallas Cowboys.

You can take the girl out of Texas (Quitaque) but not Texas or Quitaque out of this girl.

Regards,  
 Orlean Toler  
 P.S.

Yes, I rode that Doodlebug many times from Quitaque to Plainview.

## THINGS SEEN AND HEARD

by Ann Coker

Don and Sue Guest were in town last week-end. They completed their job of removing all of his mother's possessions from her home. Don reported that his mother would surely enjoy hearing from her friends. If you would like to write to Vera, her address is: Vera Guest, c/o Don Guest, 3330 Elkhart Court, Arlington, TX. 76016. Don reported that his mother is adjusting to her new home.

Don Guest has rented his mother's home to Jane Johnson's sister, Ginger. Ginger and her daughter will be moving in soon.

Tnk and Estelle Lane returned to their home last Tuesday after visiting with their son and family in Greeley, Colorado. Their daughter-in-law, Jan Lane, returned to Turkey with them.

Jan is visiting with her parents, Squint and Betty House. She and Betty drove to Junction after Jan's arrival to do a little fishing down on the Llano.

As the result of a car wreck, Janice Guest was taken to the Childress Hospital with a concussion last Saturday. She returned to the home of Rita Guest to recuperate. The wreck also involved Cody Yates, who was not injured.

Rita Guest became quite ill last Sunday afternoon and was taken to the Plainview Methodist Hospital. They were going to run some tests.

We drove to the Lubbock Airport last Thursday to meet our daughter, Brenda Coker. After her arrival we all drove to Floydada where Brenda bought a new pick-up which she had ordered by phone. She stayed in Turkey until Sunday evening. At that time she drove to Lamesa to visit an ex-roommate from Tech. Brenda returned to her home in Sabinal Monday.

Keith and Bettie Green spent Father's Day week-end in Wichita Falls with their son, James Royce Green. They also enjoyed watching their grandson, Justin, play golf. Justin is the son of the Jerry Greens of Little Rock, Arkansas.

Attending the wedding of Kirk Stephens of Childress last Saturday in Canadian was Lisa Price, Delores Price and Lacy Shannon. Kirk is the son of the Bobby Herbert Stephens.

Recent visitors in the home of Virginia Degan were her granddaughter and children, Lisa McKnight. They live in Amarillo.

Visiting in the home of Arville and Loreen Setliff last week were all their children and other relatives and friends. Those attending a back yard supper on Saturday night were: Alice and Bud Richardson, Tullia and their two daughters, Paula and Sonny Michaud of Ft. Fairfield, Maine and Karla and Jim Eakes of Amarillo; Alton Setliff of El Paso; Rod, Millie, Robyn and Taylor from Correnth; Kenny and Adam Setliff of Desota; Scott Setliff from Ft. Worth; Janice and Billy Wheeler, Dot Arnold, Rita and Tracy Guest all of Turkey and Karen McDougal of Amarillo.

I have received a clue as to who the driver was of the red Camarao convertible that the Shannon Cruses reported had pulled up along side them and asked if they were from Turkey. When they answered in the affirmative the driver shouted back "I am too" and sped off.

Johnny Peery has reported that his son, Pete Peery of Bowie has a step-son who drives a red Camarao convertible and has always called Turkey his home, even though he has never lived here. Perhaps we will hear more about this.

Mary Loury spent the week-end in Hamlin with her daughter and family, the Allen Bolts. When she returned home on Sunday, her granddaughter, Courtney Bolts returned home with her. Mary is having the inside of her house painted and new carpet laid, so Courtney is here to help her.

August Owens, the daughter of Mrs. Solon Owens arrived in town last week. She is spending some time with her mother.

Returning home last week after a ten day trip to Tennessee were Billie and Maurice Fuston. Billie and Maurice visited in Knoxville, Tennessee with their son Dan and his family.

While there they drove up to Middleboro, Kentucky to visit the library and did some research on the Fuston family tree. They did find some information and had copies made to bring home.

On the way home they stopped at the cemetery in Smithville, Tennessee to see if they could locate the grave of Billie's great grandfather. They were in the right cemetery, they found out later, but were unable to locate the grave. They hope to return soon to see if they can locate it.

John and Maebelle Francis of Silverton and Cara House of Levelland, visited with Louis and Oleta Randell Sunday.

Louis Randell has returned home from the Lockney Hospital after undergoing surgery. With Oleta during the surgery were H.E. and Lillian Mullin, Dona Browning, Maebelle Francis of Silverton and Jo Ann Blythe of Amarillo.

### It's A Small World

A Tour Bus from Fort Worth was in Turkey on Tuesday to visit the Bob Wills Museum and Hotel Turkey. Buddy Colvin had gone to the museum to see his wife Veta. As he entered the room a lady came up to him to ask if he knew who she was!

He replied, "Yes, just give me a minute to remember!"

It turned out that it was Kevida Neese with which Buddy had worked with at the Big Springs State Hospital before retirement.

As Buddy said, it is a small world.

### Turkey Methodist Bible School Ends

by Ann Coker

Despite the hot weather, the Methodist Bible School enjoyed a joyous week and ended last Friday. Following the usual morning session, the Bible School attendants presented a program for their parents and guests. Following the program, the students, parents and guests enjoyed a hot dog luncheon in the basement of the church. Approximately 90 people were served lunch.

An average of 40 students attended the school. All who attended did thoroughly enjoy it. They especially enjoyed hearing stories while sitting in the boat in front of the church. Rev. Les Hall has been requested to please remove the boat by several local farmers. They believe we have had enough rain for now.

Some of the teachers that were not included in the previous reports were Dana Hancock, Slater Simmons, who is the grandson of the Grady Tylers, and Linda Coker Hamilton.

Those working in the kitchen to provide refreshments for the group and who served the hot dog luncheon were Janice Russell, Marjorie Bell, Margureat Lane and Ann Coker.

All teachers and helpers were greatly appreciated. It was decided by all that Julie Ross deserved a medal. Miss Ross was in charge of the nursery and at times it was quite hectic in her room. Julie's efforts were certainly appreciated.

Special appreciation goes to the ladies of the church that provided the cookies and punch for refreshments. Also, special appreciation goes to CC's Grocery Store for providing refreshments for the group. Many contributed money so that Vacation Bible School could be held, these people, too, are greatly appreciated.

### Disaster Loans Available At SBA

The SBA's Economic Injury Disaster Loans are available for businesses dependent on farmers and ranchers sustaining crop losses from extensive rain and hail which occurred May 1 through May 31, 1994 and again on July 9, 1994. Farmers and ranchers are not eligible for these SBA loans.

Applications and further information can be obtained by calling the SBA toll-free at 1-800-366-6303 or TDD 817-267-4688 for the hearing impaired.

These loans are intended to assist businesses in offsetting working capital losses which they suffered as a result of the rain and hail reducing the crop income of the area farmers and ranchers. Small businesses claiming to have been physically injured by the weather are not eligible.

Kristi Morgan Writes  
Winning Essay

Recently in a contest sponsored by K-96 of Childress, Kristi Morgan won a book titled, "Mom You're Incredible." To receive the book, she wrote an essay telling why she loved being a Mom.

### Why I Love Being A Mom

I thank God everyday for giving me the opportunity to be a mom to my two sons. Being a mom allows me to love, nurture, and share my life with my sons. The bond between a mom and her children is life long and along the way you are able to watch your children grow and develop their own personalities, talents, and specialness. Being a mom lets me give that unconditional love and understanding that I received from my mom to my sons.

A strand of cultured pearls may be the most versatile piece of jewelry a woman can ever own. From the corporate boardroom to a relaxing Sunday brunch, cultured pearls have the ability to complement every outfit in a woman's wardrobe.

One of the most wonderful things about being a mom is to receive the love back from my sons and knowing that I am touching their lives every day and that they have security and strength in our relationship.

"Momhood" makes for many days of laughter. I get so much joy out of watching my sons learn things from the stumbling blocks to the successes. As a mom I hope to instill in my sons the pride I feel in being a parent that has had the wonderful opportunity to love, grow, and share with them through our journey of life.

About 5,000 years ago, pigeons became the first tamed birds, experts believe.
